# **HOUSE JOURNAL No. 1**

Wednesday, December 5, 2012

On the first Wednesday in December in the year of our Lord, two thousand twelve, it being the day designated by the Constitution for assembling for organizational purposes, the one hundred and sixty-third General Court of the State of New Hampshire convened at the Capitol in the City of Concord. The Representatives-elect were called to order by Karen O. Wadsworth, Clerk of the House for the preceding session.

Prayer was offered by the Reverend Canon Charles LaFond, Canon for Congregational Life of the Episcopal Diocese of New Hampshire.

In the holiness of the silent longings of our hearts and souls, we meet the One who is and call whatever name we call. We come together to lead this State of New Hampshire where our longings for compassion and justice rise. Enlarge them to right action. When we believe our own thoughts or our thoughts about others' thoughts, as if they are facts, soften our attachments. When warfare between us enters our conversation, inspire us to keep warfare on paper. Where our egos swell and posture, reduce them. Where faith's humility gives way to our prideful certainty, forgive us. Be our helper so that before we speak, we ask ourselves: Is it kind? Is it true? Does it improve on the silence? Amen.

Representative-elect Angeline Kopka of Nashua led the Pledge of Allegiance.

Representative-elect Neal Kurk of Weare led the singing of the National Anthem.

## **CALL OF THE ROLL**

### **BELKNAP COUNTY**

<b>Dist. No. 1 (1)</b>	Ruth P. Gulick, d

### OATH OF OFFICE

Governor John H. Lynch, having been informed that a quorum of the House was assembled, appeared, accompanied by the Honorable Councilors Raymond S. Burton, Daniel St. Hilaire, Christopher T. Sununu, Raymond J. Wieczorek and David K. Wheeler. The members-elect, having presented their

credentials, were duly qualified by the Governor as members of the House of Representatives by taking and subscribing the oath of office agreeable to the provisions of the Constitution of the State of New Hampshire.

The Governor and Executive Councilors retired.

### ELECTION OF HOUSE SPEAKER

The Chair declared that nominations for Speaker were in order.

Rep. Shurtleff placed the name of Rep. Norelli in nomination for Speaker and spoke to the nomination. Rep. Campbell seconded the nomination.

Rep. Chandler addressed the House. There being no further nominations, Rep. Chandler moved that nominations be closed and that one ballot be cast for Rep. Norelli.

Adopted.

The Chair declared Rep. Norelli the duly-elected Speaker of the House for the 2013-2014 biennium.

The Sergeant-at-Arms escorted Speaker Norelli to the rostrum. The Speaker addressed the House.

### REMARKS

**Speaker Norelli:** Thank you and good morning everyone. First, I want to welcome back those who served in the last House session and those members who served in a previous House session, but I want to give a particularly warm welcome to those who were sworn in for the very first time today. Congratulations on your election and welcome to the New Hampshire House! I remember being in your position back in 1996. As a freshman member of the House I did not know what to expect let alone where to find the bathrooms or the tunnel. The one thing I quickly learned is that this great legislative chamber works the best when we work together. As newly elected and re-elected members of the House, we have been honored by the voters in our districts. The citizens of the great State of New Hampshire sent us here with a message. They want a Legislature that puts partisan politics aside and works, in a respectful way, on the issues that matter to Granite Staters and that is exactly what we should all plan to do. Let me be clear. We will not always agree, but we must move beyond the partisan divide and begin to work together on behalf of all of our constituents. We must keep our promises by focusing on jobs and the economy and delivering a responsible budget that meets the needs of the citizens and businesses of our state and we certainly must end the harshness in the air that has so plagued the House these last two years. During my previous terms as Speaker, I tried to focus on ensuring that all members were heard and included in the process. Just because one political party holds a majority does not mean the other political party is irrelevant, in fact, each of our votes matter just as much. It is near impossible to work together on the issues that face our state if you do not meet with each other to talk. As Speaker, I will return to having weekly meetings with the Republican and Democratic caucus leaders. This is a small step, but it is a meaningful one. We have all been given a special trust by the voters who sent us here. We owe it to them and to each other to live up to that trust. We must have an open and transparent process that allows us to work on behalf of our state, not our parties or special interests. These next two years will be challenging ones and we will face no shortage of difficult decisions. The question before us is not whether we will face these challenges; but rather when we face them, will we work together to find common ground and compromise or will we resort to politics as usual? I hope we all choose common ground and compromise. I believe Granite Staters have grown wary of the lack of cooperation in government. Let us work together to show them we have heard their concerns and we have made them a priority as we do their business. I want to take a moment to thank my husband, Allen, who is here in the gallery and both of my children, who are unable to be here, for their unwavering support. And I want to thank all of your families for their willingness to take on a greater workload at home in order to allow us the time to work on behalf of the citizens of New Hampshire in the only truly volunteer legislature in the country. I know I say thank you from all of us. Lastly, in the spirit of starting off on the right foot in building relationships, I want to invite all House members and their guests to come by the Speaker's Office after session to share cookies and cider. Congratulations again, and thank you for the trust you have placed in me as your Speaker. I look forward to working with you as we move our great state forward.

### ELECTION OF HOUSE OFFICERS

The Speaker declared nominations were in order for Clerk of the House.

Rep. Sad placed in nomination the name of Karen O. Wadsworth for Clerk of the House.

Rep. Graham seconded the nomination.

Rep. Daniel Eaton moved that nominations be closed.

Adopted.

There being no further nominations, the Speaker cast one ballot for Karen O. Wadsworth and declared her the duly-elected Clerk of the House for the 2013-2014 biennium.

The Speaker declared nominations were in order for Sergeant-at-Arms.

Rep. Daniel Eaton placed in nomination the name of Walter Sword for Sergeant-at-Arms.

Rep. Packard seconded the nomination.

Rep. Kappler moved that nominations be closed.

Adopted.

There being no further nominations, the Speaker cast one ballot for Walter Sword and declared him the duly-elected Sergeant-at-Arms for the 2013-2014 biennium.

The Speaker administered the oath of office to Karen O. Wadsworth and Walter Sword.

### **RESOLUTION**

Reps. Shurtleff and Chandler offered the following: RESOLVED, that the House inform the Honorable Senate it has organized and is ready to meet with the Senate in Joint Convention for the purposes of electing a Secretary of State and a State Treasurer.

Adopted.

### **SENATE MESSAGES**

The Senate has organized and elected its officers: President of the Senate, Sen. Peter Bragdon and Clerk of the Senate, Tammy L. Wright.

The Senate, having organized, is ready to meet with the Honorable House of Representatives in Joint Convention for the purposes of electing a Secretary of State and a State Treasurer.

### **JOINT CONVENTION**

#### **(Speaker Norelli presiding)**

The Speaker called the Joint Convention to order.

The Chair declared that nominations were in order for Secretary of State.

Sen. D'Allesandro placed the name of William M. Gardner in nomination for Secretary of State.

Rep. Griffin seconded the nomination.

Rep. Daniel Eaton moved that nominations be closed.

Adopted.

There being no further nominations, the Chair instructed the Clerk to cast one ballot for William M. Gardner and declared him the duly-elected Secretary of State for the 2013-2014 biennium.

The Chair declared that nominations were in order for State Treasurer.

Rep. Bouchard placed the name of Catherine Provencher in nomination for State Treasurer.

Sen. Bradley seconded the nomination.

Rep. Daniel Eaton moved that nominations be closed.

Adopted.

There being no further nominations, the Chair instructed the Clerk to cast one ballot for Catherine Provencher and declared her the duly-elected State Treasurer for the 2013-2014 biennium.

The Chair administered the oath of office to William M. Gardner and Catherine Provencher. Catherine Provencher and William M. Gardner addressed the Joint Convention.

Sen. Bradley and Rep. Shurtleff moved that the Joint Convention arise.

Adopted.

The Joint Convention adjourned.

### **HOUSE SESSION**

The Speaker reconvened the House Session.

**RESOLUTION NO. 1**

Reps. Gary Richardson and Chandler offered the following: RESOLVED, that the House adopt the Rules of the 2012 session for the 2013-2014 biennium.  
Adopted.

**RESOLUTION NO. 2**

Reps. Shurtleff and Chandler offered the following: RESOLVED, that all action taken at all sessions of the House of Representatives be recorded through the public address system, and that the recording be used by the Clerk to confirm and correct the permanent journal. The permanent journal as prepared by the Clerk and as may be corrected by the House shall be the official record of the House.  
Adopted.

**RESOLUTION NO. 3**

Reps. Shurtleff and Chandler offered the following: RESOLVED, that the following policy be established for the distribution of House calendars and journals, bills and resolutions to members of the General Court and state departments:

1. Every citizen is entitled, free of charge, to one copy of any publication at the legislative counter or to have the publication mailed to that person upon individual request for one such copy.
2. Persons requesting copies for the entire session will be charged a fee sufficient to cover postage, envelopes and handling. Such fees may be prorated when service is received for portions of the session only. All fees are payable in advance. The subscriber list may be submitted for legislative accounting and auditing purposes, but is not for publication or sale.
3. All fees charged for publications in accordance with this resolution shall be fixed with the approval of the Speaker, paid into the state treasury and credited to the legislative appropriation.

Adopted.

**RESOLUTION NO. 4**

Reps. Shurtleff and Chandler offered the following: RESOLVED, that the Speaker may employ such personnel as she may deem necessary and, with the approval of the House subcommittee of the Committee on Legislative Facilities, may fix their compensation in accordance with RSA 17-E:5.  
Adopted.

**RESOLUTION NO. 5**

Reps. Shurtleff and Chandler offered the following: RESOLVED, that the members will be paid their legislative salary, as provided in the Constitution, in the month of January 2013, and that mileage of members of the House of Representatives be paid every two weeks during the session.  
Adopted.

**RESOLUTION**

Rep. Shurtleff offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of resolutions be by caption only and that all resolutions be read a third time and passed and when the House adjourns today it be to convene on Wednesday, January 2, 2013.  
Adopted.

**UNANIMOUS CONSENT**

Rep. Baldasaro addressed the House.

**APPOINTMENTS**

The Speaker made the following appointments:

Rep. Chandler, Republican Leader of the House.

Rep. Shurtleff, Majority Leader of the House.

Rep. Wallner, Chairman of the Committee on Finance.

**STANDING COMMITTEE APPOINTMENTS**

The Speaker appointed Standing Committees of the House as follows:

**ADJOURNMENT**

The Organizational session of the 2013-2014 House of Representatives adjourned at 12:15 p.m.

## HOUSE JOURNAL No. 2

Wednesday, January 2, 2013

The House assembled at 10:00 a.m. and was called to order by the Speaker.

His Excellency, Governor John H. Lynch, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

Good Morning and Happy New Year! It is an honor for me to be back with you here in this Hall and I bring you warm greetings from my congregation at South Congregational Church here in Concord. Although I come to this task as a person of Christian faith, I celebrate the fact that we are a people of diverse faiths. For that reason, my hope each time I stand here is that even if my prayers do not speak for you, they will speak to you.

O God, on this first day of our work together, we pause first to give thanks for the blessings we have known in our lives. Although many of us here in this room have known struggle and sadness, each of us have been blessed with things many in this world do not have. You have entrusted to many of us health, good fortune and material possessions beyond our need. Guide us that we may bestow on others at least as much blessing as we have received. And, as we sit today side by side, cell phone by cell phone, guide us and inspire us to lead to the very best of our ability; to call forth our deepest humanity and all the grace and justice it requires and to see that we all share flaws and strengths and that it is in being together and working together that we best honor those whom You call us to serve. Be with the people of Newtown, CT that this year may bring to them a small measure of hope and courage and be with the people of New Hampshire; the happy and the sad, the poor and the rich, the lost and the found and all of us somewhere in between. In Your Holy name we pray. Amen.

Representative Henry Parkhurst, member from Winchester, led the Pledge of Allegiance.

Representatives Sad and Weber, members from Walpole, led the singing of the National Anthem.

### LEAVES OF ABSENCE

Reps. Ronald Belanger, Bishop, Burke, LaPlante, Mary Nelson, Russell Ober and Amy Perkins, the day, illness.

Reps. Azarian, Dobson, Schuett, Jeffrey Shackett, Todd Smith and Daniel Sullivan, the day, important business.

Rep. Lawrence Perkins, the day, illness in the family.

### INTRODUCTION OF GUESTS

Joan and Reverend Andrew Nelson, wife and son of Rep. Bill Nelson. The Honorable David Welch, former member from Kingston, guest of Reps. Pantelakos and Shurtleff. Vincent Paul Migliore, guest of Rep. Suzanne Smith. Carol Drysdale, daughter of Rep. Higgins.

### COMMUNICATION

December 19, 2012

Ms. Karen Wadsworth  
Clerk of the House of Representatives  
State House  
Concord, NH 03301

Gary S. Hopper, r, Weare (107 Buxton School Road) 03281

Hillsborough District 13 (Manchester Ward 6)

William J. Infantine, r, Manchester (89 Winward Lane) 03104

Hillsborough District No. 22 (Amherst)

Peter T. Hansen, r, Amherst (82 Amherst Road) 03031

Hillsborough District No. 35 (Nashua Ward 8)

Roland H. LaPlante, d, Nashua (4 Midhurst Road) 03062

Hillsborough District No. 35 (Nashua Ward 8)

Mary S. Nelson, d, Nashua (18 Stanley Lane) 03062

Sincerely,

William M. Gardner, Secretary of State

### MOTION TO SUSPEND HOUSE RULES

Reps. Shurtleff and Chandler moved that all House Rules necessary be so far suspended to allow introduction and consideration at the present time of **HB 101**, relative to calculation of the local tax cap by the Newfound area school district, and if passed, allow for immediate third reading. Adopted by the necessary two-thirds vote.

### RESOLUTION

Reps. Shurtleff and Chandler offered the following: **RESOLVED**, that House Bill numbered 101 shall be by this resolution read a first and second time by the therein listed title. Adopted.

### INTRODUCTION OF HOUSE BILL

#### First, second reading

**HB 101**, relative to calculation of the local tax cap by the Newfound area school district.

### CONSIDERATION OF HB 101

**HB 101**, relative to calculation of the local tax cap by the Newfound area school district. **OUGHT TO PASS:**

Reps. Gary B. Richardson and Rep. Lynne Ober for the Special House Committee: This bill provides that the local tax cap calculated under RSA 32:5-b for the Newfound Area School District, which is comprised of seven towns in three counties, shall not include the previous fiscal year lapsed balances brought forward. This will apply only to the FY 2014 budget. The Newfound Area School District is the only district to adopt this tax cap, which became law in July, 2011. As the district prepared the FY 2014 budget, it became evident that an unintended consequence of the recently adopted cap would allow them to raise fewer tax dollars than the year before. The tax cap approved by the District requires that the recommended budget "shall not exceed the local taxes raised for the prior year" by more than 2%. At the heart of the matter was a \$700,000 surplus in FY 2013 which the district chose to use to offset the tax rate rather than encumber and spend the surplus dollars. Had they spent the surplus, there would be no need for this bill, but they did not. Because the tax cap applies to taxes "raised", the recommended budget would have to be \$700,000 less than what was actually spent the previous year. While the school district agreed that they adopted the cap to control budgetary growth, they did not adopt it to force additional mandatory cuts. The previous year's budget was cut ten percent with a reduction of 15.3 teachers. Then with a mild winter, bids on many commodities, including electricity, the district had a large surplus, but could not absorb the loss of additional tax revenue without significantly damaging student programming. The committee heard testimony that a bill to find a permanent change for this unintended consequence of the cap was filed for the upcoming session. As a result, this bill would be needed once for this one school district. Based on extensive testimony the committee felt an exemption for FY 2014 should be passed because no school district should be penalized by a recently discovered flaw in new legislation. Reps. Susanne Smith and Lynne Ober spoke in favor.

Rep. Ladd spoke in favor and yielded to questions.  
Committee report adopted and ordered to third reading.

### RESOLUTION

Rep. Shurtleff moved that **HB 101**, relative to calculation of the local tax cap by the Newfound area school district, be read a third time and passed at the present time.  
Adopted.

### THIRD READING AND FINAL PASSAGE

**HB 101**, relative to calculation of the local tax cap by the Newfound area school district.

### RESOLUTION

Reps. Shurtleff and Chandler offered the following: RESOLVED, that the House of Representatives inform the Honorable Senate it is ready to meet in Joint Convention for the purpose of canvassing the votes for Governor and Executive Council.  
Adopted.

### SENATE MESSAGE

The Senate is now ready to meet with the Honorable House of Representatives in Joint Convention for the purpose of canvassing the votes for Governor and Executive Council.

### JOINT CONVENTION

(Speaker Norelli presiding)

### RESOLUTION

Rep. Shurtleff and Sen. Bradley offered the following: RESOLVED, that the Honorable Secretary of State be requested to lay before the Joint Convention the return votes for Governor and Executive Council.  
Adopted.

In accordance with Article 42, Part 2 of the New Hampshire Constitution, David M. Scanlan, Deputy Secretary of State, appeared before the Joint Convention and presented the return votes for Governor and the Executive Council cast in the General Election held November 6, 2012 as follows:

### FOR GOVERNOR

	Maggie Hassan, d	Ovide Lamontagne, r	John J. Babiarez, lib
Belknap	16,756	15,702	821
Carroll	14,339	12,893	664
Cheshire	25,136	13,490	1,228
Coos	8,929	6,069	359
Grafton	29,412	16,476	1,587
Hillsborough	104,547	90,621	5,749
Merrimack	46,037	31,127	1,887
Rockingham	84,287	77,095	4,358
Strafford	37,120	23,387	1,831
Sullivan	<u>12,371</u>	<u>8,166</u>	<u>737</u>
TOTALS	378,934	295,026	19,251

Maggie Hassan, having a plurality of 83,908 votes, was elected.

### FOR EXECUTIVE COUNCILORS

#### First District

Raymond S. Burton, r	75,974
Beth Funicella, d	50,617
Howard L. Wilson, lib	<u>6,403</u>
Plurality for Burton	25,357

#### Second District

Colin Van Ostern, d	71,300
---------------------	--------

Michael J. Tierney, r	<u>51,590</u>
Plurality for Van Osten	19,710
<b>Third District</b>	
Christopher Sununu, r	75,856
Bill Duncan, d	55,432
Michael J. Baldassarre, lib	<u>6,182</u>
Plurality for Sununu	20,424
<b>Fourth District</b>	
Christopher Pappas, d	63,641
Robert Burns, r	50,907
Kenneth E. Blevens, lib	<u>5,705</u>
Plurality for Pappas	12,734
<b>Fifth District</b>	
Debora B. Pignatelli, d	67,216
David K. Wheeler, r	<u>60,896</u>
Plurality for Pignatelli	6,320

### RESOLUTION

Rep. Shurtleff and Sen. Bradley offered the following: **RESOLVED**, that the vote for Governor and Executive Council be referred to a committee consisting of two on the part of the Senate and three on the part of the House to compare and count the same and report thereon.  
Adopted.

The Chair appointed Reps. Kaen, Shurtleff and Chandler and Sens. Bradley and Larsen.

Rep. Shurtleff and Sen. Bradley moved that the Joint Convention arise.  
Adopted.

The Joint Convention adjourned.

### HOUSE SESSION

The Speaker reconvened the House Session.

Rep. Shurtleff moved the adoption of the amendment to House Rules, as proposed by the Rules Committee and as printed in the House Calendar.

### AMENDMENT TO HOUSE RULES

Proposed by the Rules Committee.

**Amend the first sentence of Rule 4** to read as follows:

The Speaker shall refer all bills, resolutions, memorials, accounts and other matters coming before the House to the appropriate committee.

**Amend Rule 18** to read as follows:

Before any petition is received and read, the substance of the petition shall be in concise form, the name of the member(s) presenting it shall be recorded on the petition, and a summary of the substance of the petition shall be printed in the House Calendar. The Clerk of the House shall state the substance of the petition in summary and a copy shall be placed on file with the House Clerk.

**Amend the first sentence of Rule 20 (b)** to read as follows:

A motion to lay on the table a Constitutional Amendment Concurrent Resolution shall require a majority vote.

**Amend Rule 30** as follows:

Delete reference to the committee on Constitutional Review and Statutory Recodification and the committee on Redress of Grievances from the introductory paragraph. Also delete 30(c) and 30(q), duties of those committees.

Delete 30(n) (1), 30(n) (2) and 30(n) (3), subcommittees of the Committee on Legislative Administration.

**Amend Rule 57(b) 3 & 4** to read as follows:

3. Personal privilege in accordance with Mason's Manual of Legislative Procedure, Sec. 220-226, 2010 edition.

4. Unanimous consent granted in accordance with Mason's Manual of Legislative Procedure, Sec. 537, 2010 edition.

**Amend the first sentence of Rule 63** to read as follows:

No person, including members of the House, except law enforcement officers while actively engaged in carrying out their duties as such, shall carry or have in possession any deadly weapon as defined in RSA 625:11, V, while in the House Chamber, anterooms, cloakrooms, or any portion of the State House adjacent to any of the above.

**Amend Rule 64** to read as follows:

The procedures of the New Hampshire House shall be derived from the following sources in the order of precedence listed:

Constitutional provisions.

Rules of the New Hampshire House.

Custom, usage and precedent.

Adopted parliamentary manual (Mason's Manual of Legislative Procedure, 2010 edition).

Statutory provisions.

**Amend Rule 66** to read as follows:

No subpoena shall issue except by majority vote of the entire House Membership and upon the signature of the Speaker. The Committee on Rules shall determine the form of subpoenas and subpoenas *duces tecum* and specify conditions, if any, with regard to the issuance and use of such subpoenas.

**Amend Rule 65** to read as follows:

Legislative action for the biennium shall be subject to the following deadlines:

#### **First Year Session Deadline Dates**

Friday, January 11, 2013	Last day to sign off all House Bills.
Friday, February 1, 2013	Last day to Introduce House Bills. Last day to amend rules by majority vote.
Thursday, February 21, 2013	Last day to report House Bills going to a second committee.
Thursday, February 28, 2013	Last day to act on House Bills going to a second committee.
Thursday, March 7, 2013	Last day to report House Bills not in a second committee, except budget bills.
Thursday, March 14, 2013	Last day to act on House Bills not in a second committee, except budget bills.
Thursday, March 21, 2013	Last day to report all House Bills, except budget bills. Last day to report list of retained House Bills.
Thursday, March 28, 2013	Last day to report budget bills. Last Day to act on all House Bills, except budget bills.
Thursday April 4, 2013	CROSSOVER - Last day to act on budget bills.
Thursday, May 2, 2013	Last day to report Senate Bills going to a second committee.
Thursday, May 9, 2013	Last day to act on Senate Bills going to a second committee.
Thursday, May 30, 2013	Last day to report all remaining Senate Bills. Last day to report list of retained Senate Bills.
Thursday, June 6, 2013	Last day to act on Senate Bills.
Thursday, June 13, 2013	Last day to form Committees of Conference.
Thursday, June 20, 2013	Last day to sign Committee of Conference reports (4:00 pm).
Thursday, June 27, 2013	Last day to act on Committee of Conference reports.
Thursday, June 27, 2013	Last day to act on Committee of Conference reports.

#### **MOTION TO DIVIDE**

Rep. Jasper moved that the amendment to House Rules 4, 18, 30, 63 and 64 be divided from the remainder of the amendments to House Rules.

Reps. Jasper and Shurtleff spoke in favor.

Adopted.

The question being adoption of the remaining amendments to House Rules.  
Rep. Gary Richardson spoke in favor and yielded to questions.  
Adopted.

The question now being adoption of the amendment to House Rule 4.  
Reps. Gary Richardson and Jasper spoke in favor and yielded to questions.  
Adopted.

The question now being adoption of the amendment to House Rule 18.  
Rep. Itse spoke against.  
Rep. Gary Richardson spoke in favor and yielded to questions.  
Rep. Baldasaro requested a roll call; sufficiently seconded.

### SULLIVAN

Grenier, James                      Rollins, Skip                      Smith, Steven  
 and the amendment to House Rule 30 was adopted.

The question now being adoption of the amendment to House Rule 63.

### MOTION TO LAY ON THE TABLE

Rep. Hoell moved that the amendment to House Rule 63 be laid on the table.

On a division vote, 161 members having voted in the affirmative and 205 in the negative, the motion failed.

Rep. Gary Richardson offered a floor amendment to House Rule 63.

### Floor Amendment to House Rule 63

**Amend the first sentence of Rule 63** to read as follows:

No person, including members of the House, except law enforcement officers shall actively engage in carrying out their duties as such, shall carry or have in possession any deadly weapon as defined in RSA 625:11, V while in the House Chamber, anterooms, cloakrooms, or **House gallery**.

Rep. Gary Richardson spoke in favor and yielded to questions.

Rep. Webb requested a roll call; sufficiently seconded.

and floor amendment to House Rule 63 failed.

Rep. Cloutier voted Yea and intended to vote Nay.

Rep. Kurk offered a floor amendment to House Rule 63.

**Floor Amendment to House Rules**

Amend the first sentence of Rule 63 to read as follows:

No person, including members of the House, except law enforcement officers while actively engaged in carrying out their duties as such, shall carry or have in possession any deadly weapon as defined in RSA 625:11, V, while in the House Chamber, anterooms, cloakrooms, or any portion of the State House adjacent to any of the above; *provided, however, that during any time while the House is in*

*session, the Speaker shall designate two individuals, one to remain on the floor of the Chamber and one to remain in the gallery, who may be members or other persons permitted in the House Chamber, anterooms, cloakrooms, or any portion of the State House adjacent to any of the above, to be armed with a firearm, except that for a particular occasion the Speaker may deem such a requirement unnecessary or inappropriate.*

Rep. Kurk spoke in favor and yielded to questions.

Rep. Daniel Eaton spoke against and yielded to questions.

On a division vote, 117 members having voted in the affirmative and 247 in the negative, the floor amendment to House Rule 63 failed.

## SENATE MESSAGE CONCURRENCE

**HB 101**, relative to calculation of the local tax cap by the Newfound area school district.

The House recessed at 1:15 p.m.

## RECESS

The House reconvened at 2:15 p.m.

### (Speaker Norelli in the Chair)

## AMENDMENT TO HOUSE RULES (CONT'D)

The question now being adoption of the amendment to House Rule 63.

Reps. Baldasaro and Dumaine spoke against and yielded to questions.

Reps. Hikel, Notter, James Belanger, Frederick Rice and Peterson spoke against.

Rep. Shurtleff spoke in favor.

Rep. Flanagan requested a roll call; sufficiently seconded.

and the amendment to House Rule 63 was adopted.

**PROTEST**

Whereas the Constitution of the State of New Hampshire, Part the Second, Article 24 provides that every member of the New Hampshire House of Representatives has the right to have their protest against any vote, with the reasons, entered into the Journal of the House;

Therefore, I hereby protest the change to the Rules of the New Hampshire House of Representatives adopted on Wednesday, January 2, 2013 for the following reason and request the recording of the same in the Journal of the House of Representatives of the State of New Hampshire:

The prohibition on carrying deadly weapons on the floor of the chamber of the New Hampshire House of Representatives, anteroom and gallery per Rule 63 deprives the members of the New

Hampshire House of Representatives and the general public of their natural rights recognized in the Constitution of the State of New Hampshire, Part the First, Article 2-a, "*All persons have the right to keep and bear arms in defense of themselves, their families, their property and the state.*"; thus depriving them of the means to protect their natural rights recognized under Article 2, "*All men have certain natural, essential, and inherent rights – among which are, the enjoying and **defending** life and liberty; acquiring, possessing, and **protecting**, property; and, in a word, of seeking and obtaining happiness.*"; without providing any substantive of effective protection of those rights in return; leaving the members of the House of Representatives, and the members of the general public who choose to attend our proceedings liable to the machinations and evil designs of wicked men. The deprivation of the right of self-defense without providing any reciprocal protection of life, liberty or property ought to render that deprivation null and void per The Constitution of the State of New Hampshire, Part the First, Article 3, "*When men enter into a state of society, they surrender up some of their natural rights to that society, in order to ensure the protection of others; and, **without such an equivalent, the surrender is void.***"

This change to the Rules of the New Hampshire House of Representatives is unconstitutional and unconscionable.

Reps. Allen, Baldasaro, Barry, Beaudoin, James Belanger, Bick, Boehm, Burt, Byron, Cebrowski, Charron, Coffey, Comerford, Comtois, Cordelli, Cormier, Danaïs, DeSimone, Devine, Duarte, Dumaine, Emerick, Ferrante, Fesh, Fink, Flanagan, Friel, Gagne, Bianca Garcia, Marilinda Garcia, Gionet, Gordon, Greemore, Groen, Hansen, Harris, Hayes, Hikel, Hinch, Hoell, Hoelzel, Gary Hopper, Introne, Itse, Jones, Kappler, Khan, Kolodziej, Lambert, LeBrun, McCarthy, Carol McGuire, Meaney, Mullen, Keith Murphy, Kelleigh Murphy, Notter, William O'Brien, O'Flaherty, Oligny, Palmer, Parison, Pellegrino, Peterson, Pitre, Pratt, Rappaport, Reed, Reilly, Renzullo, Frederick Rice, Rollins, Sandblade, Sanders, Schroader, Sedensky, Kathleen Souza, Shawn Sweeney, Sylvia, Tamburello, Tasker, Thompson, Tucker, Ulery, Vadney, Villeneuve, Warden, James Webb, Weyler, Willette, Worsman and #2 illegible signatures.

### AMENDMENT TO HOUSE RULES (CONT'D)

The question now being adoption of the amendment to House Rule 64.

Reps. Ulery and Tucker spoke against.

Rep. Jasper spoke against and yielded to questions.

Rep. Gary Richardson spoke in favor.

On a division vote, 193 members having voted in the affirmative and 145 in the negative, the amendment was adopted.

### ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly Enrolled House Bill numbered 101.

Rep. Shurtleff, Sen. Prescott for the Committee

### RESOLUTION

Rep. Shurtleff offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time and when the House adjourns today it be to meet Thursday, January 3, 2013 at 11:00 a.m.

Adopted.

### LATE SESSION

#### UNANIMOUS CONSENT

Reps. Itse and Frederick Rice addressed the House.

### RECESS MOTION

Rep. Shurtleff moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.

Adopted.

The House recessed at 4:10 p.m.

### RECESS

#### (Speaker Norelli in the Chair)

Rep. Pantelakos moved that the House adjourn.

Adopted.

## HOUSE JOURNAL No. 3

Thursday, January 3, 2013

The House assembled at 11:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

Good Morning. This morning's prayer is a slight adaptation of a prayer that was included in a collection of prayers for the new Millennium entitled *Prayers for a Thousand Years*. The author of the original prayer was Rabia Terri Harris. Let us pause from the smaller worries of today and open ourselves in silence to the grandeur of life and of God. Creator of the Universe, preserve us from our own presumptions. Do not let us close ourselves into ourselves, but open us continually into You and into the wider truth of Your world and Your peoples. Let us seek You more than our notions of You. Let us stop claiming to know everything so that we may understand something and something new. Increase in us kindness. Make us leaders who care and who take care, who venerate the truth and recognize You and honor one another. In Your Holy name we pray. Amen.

Representative Laura Pantelakos, member from Portsmouth, led the Pledge of Allegiance.

### LEAVES OF ABSENCE

Reps. Ronald Belanger, Bishop, Booras, Burke, Fesh, LaPlante, Lavender, Major, Mary Nelson, Russell Ober and Amy Perkins, the day, illness.

Reps. Allen, Arsenault, Bailey, Beaudoin, Beaulieu, James Belanger, Bickford, Birdsell, Briden, Bouchard, Burdwood, Burns, Burridge, Burt, Burtis, Butler, Byron, Charron, Chase, Chirichiello, Coffey, Cooney, Copeland, Crawford, DeSimone, Dobson, Donovan, Duarte, Richard Eaton, Emerick, Rebecca Emerson-Brown, Enman, Fink, Flanders, Friel, Larry Gagne, Bianca Garcia, Marilinda Garcia, Gardner, Ginsburg, Gottling, Grace, Grassie, Greemore, Groen, Grossman, Gulick, Hackel, Haefner, Hansen, Henle, Hess, Higgins, Hodgdon, Hoelzel, Holmes, Hubbard, Jane Hunt, John Hunt, Jane Johnson, Jones, Sally Kelly, Ketel, Kidder, Knowles, Lerandean, Richard LeVasseur, Ley, Lockwood, Lovett, Mariellen MacKay, John Mann, Maureen Mann, Merrow, McConkey, Carol McGuire, Dan McGuire, McKinney, McMahon, Meaney, Bill Nelson, Notter, O'Hearne, Oigny, Packard, Parison, Parkhurst, Parsons, Pastor, Patten, Peckham, Pelletier, Pitre, Rappaport, Reilly, Rhodes, Chip Rice, Rideout, Herbert Richardson, Rose Marie Rogers, Sad, Sanders, Janice Schmidt, Stephen Schmidt, Schroadter, Schuett, Steven Smith, Todd Smith, Spainhower, Spang, Daniel Sullivan, Sylvia, Sytek, Takesian, Tamburello, Thompson, Franklin Tilton, Vail, Verschueren, Villeneuve, Thomas Walsh, Gerald Ward, Warden, Waterhouse, Webb, Weyler, Carol Williams and Worsman, the day, important business.

Reps. Lynne Ober and Lawrence Perkins, the day, illness in the family.

### INTRODUCTION OF GUESTS

Tammy Siekmann, guest of Rep. Whittemore. Ellen Fineberg, guest of Speaker Norelli.

### RESOLUTION

Reps. Cote and Comerford offered the following: RESOLVED, that the House of Representatives notify the Honorable Senate that it is ready to meet in Joint Convention for the purposes of hearing the report of the Joint Committee appointed to compare and count the votes for Governor and Executive Council, for the Inauguration of the Governor and for the taking of the oath by the Executive Council. Adopted.

### SENATE MESSAGE

The Senate is now ready to meet with the Honorable House of Representatives in Joint Convention for the purpose of hearing the report of the Joint Committee appointed to compare and count the votes for Governor and Executive Council, for the Inauguration of the Governor, the Honorable Margaret Wood Hassan, and for the taking of the oath by the Executive Council.

### JOINT CONVENTION

(Speaker Norelli presiding)

## REPORT

Reps. Kaen, Shurtleff and Chandler and Sens. Bradley and Larsen offered the following report: The Joint Committee appointed to compare and count the votes for Governor and Executive Council reports that it has attended to its duties and the vote is correct.

### INTRODUCTION AND SEATING OF SPECIAL GUESTS

The Sergeant-at-Arms introduced the following special guests who were escorted to their seats by Aides-de-camp: Family and friends of Governor-Elect Hassan. Mayor of Concord, Hon. James Bouley. Commissioners and Department Heads. Assistant Administrative Judge of the New Hampshire Circuit Court, Hon. David D. King. Administrative Judge of the New Hampshire Circuit Court, Hon. Edwin Kelly. Chief Justice of the New Hampshire Superior Court, Hon. Tina Nadeau. Associate Justices of the New Hampshire Supreme Court, Hon. James P. Basset, Hon. Robert J. Lynn and the Hon. Carol Ann Conboy. Senior Associate Justice of the New Hampshire Supreme Court, Hon. Gary E. Hicks. Chief Justice of the New Hampshire Supreme Court, Hon. Linda S. Dalianis. United States District Court Judges for the District of New Hampshire, Hon. Landya McCafferty, Hon. Joseph N. Laplante and the Hon. Paul J. Barbadoro. Chief Judge of the United States District Court for the District of New Hampshire, Hon. Steven J. McAuliffe. New Hampshire Attorney General, Hon. Michael Delaney. Leadership of the New Hampshire House of Representatives. Former New Hampshire Congressman, Hon. Paul Hodes and his wife, Peggo Hodes. Hon. William H. Shaheen and his daughter, Stefany Shaheen. United States Senator, Hon. Kelly Ayotte. Mrs. Dorothy Peterson and her son, the Hon. Andrew Peterson. Governor John H. Sununu and his wife, Nancy Sununu. Governor Stephen E. Merrill. Governor Craig Benson and his wife, Denise Benson. New Hampshire State Treasurer, Hon. Catherine Provencher. New Hampshire Secretary of State, Hon. William Gardner. The Reverend Clergy. Retiring Executive Councilor representing District 2, Hon. Daniel St. Hilaire. Retiring Executive Councilor representing District 4, Hon. Raymond J. Wieczorek. Executive Councilor representing District 1, Hon. Raymond S. Burton. Executive Councilor-Elect representing District 2, Colin Van Ostern. Executive Councilor representing District 3, Hon. Christopher T. Sununu. Executive Councilor-Elect representing District 4, Hon. Christopher Pappas. Executive Councilor-Elect representing District 5, Hon. Debora Pignatelli. Governor John H. Lynch and his wife, Dr. Susan Lynch. Governor-Elect Hassan's mother, sister and brother, Margaret, Franny and Frank Wood. Governor-Elect Hassan's son and daughter, Benjamin and Margaret Hassan, accompanied by Joyce Averill and Elizabeth Halliday.

Governor-Elect Margaret Wood Hassan and her husband, Thomas E. Hassan were introduced and escorted to the rostrum by Major General William N. Reddel III, the Adjutant General of the State of New Hampshire.

### INVOCATION

Offered by the Reverend Canon Charles LaFond, Canon for Congregational Life of the Episcopal Diocese of New Hampshire.

Blessed are You, Lord God of the Cosmos, for You brood over us as a mother hen broods over her young. You make all things new and so we begin this new year and this new work together as leaders in New Hampshire. Lay Your warm, gentle, loving hand on us and most especially on Maggie Hassan, her family, her counselors and her staff; with blessings of strength in adversity, comfort in conflict, rest in accomplishment, wisdom in choice-making and courage in the face of manipulation. So enliven our hearts and invigorate our souls that we work as hard for the financially poor as for the financially powerful. Give to all those in power an ability to see the difference between what is important and what is simply urgent. Reduce our ego and increase our hope. And, so from The Connecticut River to the Salmon Falls River and from Franconia Notch to the Canterbury Shaker Village, bless this land; her farmers and her Senators, her workers and her Representatives, her Governor and her most recent new-born; and all for Your love's sake for You are gracious, oh, lover of souls, cradling us always in the arms of Your loving embrace. Amen.

### POSTING OF COLORS

Members of the Colonial Color Guard and the New Hampshire National Guard Honor Guard posted the Colors. They were assisted in the House Chamber by the Governor's Horse Guards, Mounted Ceremonial Unit.

## **PLEDGE OF ALLEGIANCE**

Chief Warrant Officer of the National Guard, Charlie Morgan of New Durham led the Pledge of Allegiance.

## **NATIONAL ANTHEM**

The National Anthem was sung by Briana Nadeau of Durham.

## **PRAYER FOR PEACE AND THANKSGIVING**

Offered by Rabbi Jonathan Spira-Savett of Temple Beth Abraham in Nashua.

Holy One, Life of the Universe who gives us life, Merciful One who weaves all of us together in love, we thank You for this gathering of freedom and peace. Each person in this state is a migrant from tyranny, whether four hundred years ago in family memory or just this year in person. Just to sit here, brothers and sisters together, citizens and those who govern us, is a miracle that so few like us have known in the whole history of humanity. Let us be thankful today, for two things unusual and one more obvious that may bless us, through those taking solemn oaths today. Let us be thankful for ambition. It is said in the Talmud that one day the people captured desire and envy and threw them into a cage, but that day no work was done, no egg was laid, no child conceived. Thank you, our leaders, for your powerful ambitions which have driven you to campaign and lead and push you to succeed. May you always tie those ambitions to your visions, and to our needs. Let us be thankful for opponents. In Hebrew, the word for gratitude is the same as the word for conceding to a better argument and it is said in the Jewish tradition that a wise person should be a lover of rebuke. May the fire of your opponents' passion not blind you in fury, but rather kindle your own. May those who vie with you, around meeting tables or in this chamber, sharpen you, as you find through your opponents sparks of truth that only others carry. I know you are thankful for the opportunity to serve our state and its people, as we are thankful to you. Though many in our state serve others, here, uniquely, it is your duty to serve us all at once. This is a large responsibility, but one that enlarges you, that gives you the chance to be more than you were before you took these oaths. May your service find in you hidden stores of wisdom and patience, of creativity against the complex problems we face. In the presence of our new governor, our leaders new and returning and in this gathering of peaceful community, I offer this blessing: Baruch Atah Adonai, Elohaynu Melech Ha-olam, Shehecheyanu V'kiy'manu V'higiyanu lazman hazeh. Praised are You, Adonai our God, weaver of all time and space, who gives us life and keeps us alive and brings us to this very moment. Amen.

## **OATHS OF OFFICE**

The Honorable Linda S. Dalianis, Chief Justice of the New Hampshire Supreme Court administered the oath of office to Governor-elect Margaret Wood Hassan. Thomas, Benjamin and Margaret Hassan, husband, son and daughter, joined the Governor on the rostrum.

Governor Hassan administered the oath of office to the Honorable Executive Councilors-elect Raymond S. Burton, Colin Van Ostern, Christopher T. Sununu, Christopher C. Pappas and Debora B. Pignatelli.

## **PRAYER FOR A SUCCESSFUL ADMINISTRATION**

Offered by Reverend Nancy Rockwell, former Senior Pastor of the Congregational Church of Exeter. O God, whose spirit hovers over our mountains, blesses our waters, gives us strength and ingenuity to rebuild our cities and shines in the devotion of those who cherish our towns, we ask You to bless this new administration, elected to lead us for the next two years. With Maggie Hassan, whom we have chosen to be our Governor, these Senators and Representatives can lead us, the good people of New Hampshire, into new hope and possibility, into the best that is in us and into our hopes for better days. May they work together productively and well. O God, You know we can be difficult people, but we can also shine with goodwill, amaze the world with our resourcefulness, work till the cows come home and imagine an answer for every problem. May the Legislature and the Governor, in their grace, wisdom and thoughtfulness, do wonderful things. We pray that the Governor and our Legislators may lead us into adventure, art and works of peace, creating a sustainable state, where our young will not have to leave to find work, nor our old have to leave to retire; where new immigrants will find welcome and good will, not a cold shoulder; where those with special needs will find dignity and all who love will find acceptance; where public university education will be

available to all. May our leaders rise to all the occasions they face with hope, energy, humor and faith. We pray that You bless the public voice of our leaders, that they may speak for the needs of people and the critical needs of our environment; the air around us, the soil beneath our feet, the water in our rivers and trees upon our mountains. Honoring our diversity of faiths, may they make room for our different understandings of righteousness. As leaders, may they all have our goodwill, respect and support, as we walk through these next two years. Our times are a gift, O God. May we rejoice in them. Amen.

### READING

Timothy Pratt of Concord recited a work by Charles Pratt.

#### *Into Place*

It's not so much a departure as an arrival,  
Or rather, a having arrived – as when, out driving,  
You pass an orchard on a southward hill,  
Old apple trees aslant in heaps of prunings.  
For Sale. What do you know of apples? Still,  
One morning you wake up under a different ceiling  
And feeling that you've not chosen but been chosen,  
Are something less than owner, more than guest.  
You fertilize and mow, attend the slow  
Growth of apples readying for harvest,  
And settle into place like leaves or snow,  
Unfold like a letter delivered as addressed.

### MUSICAL INTERLUDE

Introduced by Anna Prior of Exeter, "Give us Hope" was performed by The Cecilia Ensemble, directed by Maria Belva and accompanied by David Vernier.

### INAUGURAL ADDRESS

#### **By Governor Margaret Wood Hassan**

Madame Speaker, Mr. President, Madame Chief Justice, honorable members of the House and Senate and Executive Council, former Governors, our honorable United States Senator, my fellow citizens: Thank you for the trust you have placed in me, it humbles me and it will sustain me as I work to lead our remarkable state. Today, as I was sworn in as your governor, I pledged to follow the constitutions of New Hampshire and of the United States. Now, I will make one more promise: I will work as hard as I can to honor your trust. I will strive to do so in the tradition that has guided us throughout our history: the tradition of openness, bipartisanship, and collective problem solving. No one has exemplified that tradition more than the person I am succeeding, someone I want to thank on behalf of all of our citizens for his four terms in the Corner Office. Thank you, Governor John Lynch. I sought this office so that we could shape our own way forward, harnessing the promise of our great citizen democracy to preserve and strengthen our state's special qualities. I know that, together, we can build a stronger, more innovative New Hampshire, a New Hampshire where all of our citizens are included in our shared success and prosperity. To our very core, we value freedom, independence, hard work, fiscal responsibility, family and community. We live these values in our personal lives and in our workplaces and every citizen, regardless of circumstance, should have the opportunity to live them too, to hold a good job, work hard, raise a family and share in the high quality of life we enjoy in New Hampshire. When they do, they become empowered and our state grows stronger. Our ability to accomplish this goal lies in our willingness to innovate, not only to develop innovative new products and services, but to innovate in other areas as well; in the operation of our traditional industries, in the way we educate our citizens, in the way we deliver government's essential services and in providing the tools that support growing businesses and create good middle-class jobs. New Hampshire has many distinctions we can be proud of. We have the lowest poverty rate and lowest teen birth rate in the country. We are consistently rated as one of the safest states and one of the best places in the country to raise children. We are uniquely suited to seize the promise and opportunity that innovation presents, but adapting to the demands of an innovation economy presents immediate challenges, too. Our population is aging, yet we pursue policies that are driving our young people out of the state. We have the fourth highest in-state tuition for public

universities in the country and too many of our talented students pursue a college education elsewhere. When these New Hampshire natives complete school, they often choose not to return, depriving our economy of talented people with the energy and skills needed to drive innovation. We need to renew our tradition of attracting new citizens to our state and we need to help our young people stay here, raise their own families here and remain part of the future of New Hampshire. Cutting state support for public education in half while lowering the tobacco tax two years ago was short sighted. It hurt our young people and, if not quickly addressed, will impair our future economic prosperity. We must begin to reverse course. In exchange, the University System, working with us, needs to increase the number of New Hampshire students admitted to our state colleges and universities and freeze in-state tuition. We must also recognize that not every student chooses the same path and that our community college system has developed innovative, nimble and cutting edge programs to educate our citizens. We must continue to support their efforts to build the strong workforce that our citizens need. I have always believed strongly in the power and value of education. My parents were educators and I was fortunate that they worked to make sure that my sister, brother and I received the best educations possible. Mom and Dad created a home in which the value of learning, the obligations of citizenship and vigorous but respectful debate were emphasized. Our home was always warm and rarely dull. It is difficult for me to express how grateful I am to my parents and family. I am so glad that my mother, Peggy, my sister Franny and my brother Frank are here today. Given the importance of education in my life, it's probably not an accident that I chose to marry an educator. I am so proud of the work my husband Tom does as Principal of Phillips Exeter Academy and am so grateful for the support he has given me. Tom, you will bring insight, humor and skill to the role of First Gentleman. Thank you. I am also a very proud mother. My two children, Ben and Meg have inspired me, grounded me and supported me. I wouldn't be here without you. And, I can't talk about my family without acknowledging how much we have been helped and enriched by the team of caregivers who have provided superb care and support to Ben, allowing him to receive a full education and participate in his community. You have all become an integral part of our family and give proof to the idea that when we care for each other, we all get stronger. Thank you. I want the same for all of New Hampshire's young people as I want for my own children, the opportunity to learn, to grow and to lead. Recently, I had the privilege of visiting Girls, Inc. in Nashua, which helps teach important life skills to girls and young women. Dozens of energetic girls ranging from wriggling 5 and 6 years old to collected teenagers had waited patiently for us to arrive. They had researched the questions they wanted to ask and their knowledge was impressive, but it wasn't really the topics that were important. They were being encouraged to imagine and realize that they could be leaders too. That they could be anything they wanted to be. In order for the girls I met at Girls Inc. and all of our young people to realize their dreams, we must ensure that at each step along the way, their education is providing them with the skills, knowledge and innovative thinking needed in a 21st century economy. We must work with teachers, local schools, higher education and the business community to ensure a robust and rigorous education for all of our students, including in the STEM fields of science, technology, engineering and math. New Hampshire's public colleges and universities have set an ambitious goal of doubling the number of STEM students that graduate by 2025. We should embrace that goal and make achieving it a state priority. Businesses are ready and willing to hire people with these skills. Our task is to make sure New Hampshire's workforce is ready to fill these jobs. We have other opportunities and challenges as well. To compete in the 21st century, our businesses must find new markets for their innovative goods and services. Ninety-five percent of the world's consumers live outside of the United States. I want New Hampshire to be a leader in exports and in the next two years I'll work to help our businesses sell their products around the globe. To encourage innovation, we should also encourage the creation of new technologies here in New Hampshire by doubling the research and development tax credit. We want entrepreneurs with innovative ideas to come to New Hampshire and we want those who start businesses here to stay here and grow here. That means continuing to build strategic partnerships between our colleges and universities and our inventors and entrepreneurs. Take the example of Therma-HEXX in Portsmouth. Bob Barmore, Therma-HEXX's founder and CEO, had the idea of using low-cost, energy efficient components to build simple heating and cooling devices for homes and commercial buildings. Bob told me the idea came to him when he was sitting with his wife on a rooftop deck that was too cold in the winter and too warm in the summer. He thought, "There has to be a way to fix this." He did, and with support and guidance from the Green Launching Pad, a business incubator at UNH, Bob has developed his idea into a successful and growing business

right here in New Hampshire. To support these businesses, we must recognize that there are some tasks that can only be accomplished in partnership with government. Chief among those are ensuring access to education for all, protecting public safety and building and maintaining the infrastructure that businesses and citizens need. We must recognize that businesses, from established industries, such as manufacturing and tourism, to the industries of the future, cannot innovate and grow without the modern roads, bridges, broadband and reliable and clean power that they require. To address our challenges and seize the opportunity of innovation, we must summon our best traditions of cooperation and problem solving. The people of our state collaborate and make things work all the time and their elected leaders must be able to do the same. The people of New Hampshire have made it clear that they want to restore balance, that they want us to work together. Let us promise ourselves today that we will meet our challenges by focusing on commonsense solutions born of collaboration, that we will together end the era of hasty, reactive government. I understand the work of the House and the Senate. I was honored to be one of you. What you do matters and affects the lives of real people. To the best of my abilities I will work with you and foster an open dialogue. In return, I urge members of both parties to share your ideas and concerns with me. My door will be open and together we can find a way to solve problems and make New Hampshire a better place. Among the most challenging tasks ahead is the need to foster innovative economic growth while continuing to balance the state budget. While we are seeing signs of recovery and growth, we still face fiscal uncertainty. We will need to be prudent as we develop our budget and I am mindful that innovation is not confined to the private sector. We need to continue to find ways to innovate in state government so that we can honor our tradition of fiscal responsibility while serving the people of New Hampshire effectively and efficiently. Granite Staters are frugal and the history of our state government reflects that. To those of you who believe deeply in an income tax, I ask you to put that aside. I will veto an income or sales tax and as we build our next budget, though we have much to address, we must acknowledge that we will not be able to do everything all at once. To those on the other side, I ask you to recognize that there are some things that government must do not only to help our most vulnerable citizens but also to provide the platform for economic growth. Needs do not go away simply because we don't fund them and opportunities for innovation and growth can evaporate if we fail to make smart investments in a timely way, but if we work together, we can fund our priorities and balance the budget. As lawmakers, we must also recognize that our first and most important obligation is to protect the safety of New Hampshire families. I am so grateful to all those in our state who put their lives on the line to protect our communities, from the police officers, fire fighters, EMTs and other first responders, to corrections officers and security personnel, to state employees who maintain our health and safety and so many more. And, we are grateful and proud of our veterans and members of the armed forces and the New Hampshire National Guard, so many of whom have been deployed repeatedly overseas in the last several years to protect our state and our nation while we have been at war. I know we all remain shaken by the tragic shooting at Sandy Hook Elementary School. We can be comforted in the knowledge that our New Hampshire educators are as bravely and professionally devoted to their students as the heroes in Newtown were. We can be grateful that our first responders protect us by responding to grave and unknown dangers with calm, skill and intensity. But while our faith in those who provide for the safety of our communities should be stronger than ever, we will all need to honor the victims of the Newtown tragedy by coming together to find ways to make our schools and our towns safer and better. There is so much that I love about our state. Most mornings I walk in the woods along the Exeter River. The sound of pine needles crackling under foot, the muted alarm of mallards as my dog and I walk by, the beauty and the stillness of an ice-covered stream, bring clarity and cheer me as I begin my day. It reminds me that New Hampshire is a place of unmatched natural beauty. We see it in the mountains that tower over the North Country, in the lakes that freckle our state and in the rocky shores and sandy beaches of the Seacoast. We see it in every town and city. The awe-inspiring beauty of our natural resources is critical to our hunting, fishing and tourism industries. It attracts businesses and entrepreneurs to New Hampshire and it is critical to the quality of our daily lives. But what I love most about New Hampshire is the all-hands-on-deck ethos of our people. Whenever there is a challenge, our people are ready to help and pitch in. We are a state that combines independence and community as nowhere else. But that ethos requires that we fully include all people of talent and energy in the life of our State. Inclusiveness is part of our history. New Hampshire was at the forefront of the fight to save the union and end slavery. Over the decades we have welcomed waves of new citizens, from the Irish and French-Canadian immigrants of the 19th century

to the immigrants from Nepal, Bhutan and all around the world who are reinvigorating our state today. We are a model for including both men and women in our political process, exemplified today when a woman Supreme Court Chief Justice swore in a woman Governor. We led the effort to end discrimination against people who experience disabilities and we helped bring them out of institutions and into the community. Our recommitment now to that endeavor will strengthen our families, communities and economy and nearly four years ago, we led the way, without the force of a court order, toward marriage equality. Last year I was on a plane when the man next to me struck up a conversation and asked me about my work in public service, including Marriage Equality. It turns out he was a recruiter for one of the biggest employers in New Hampshire, and he said to me, "Marriage Equality is one of the best recruitment tools I have." He said it wasn't because he was necessarily recruiting gay or lesbian individuals. It was because passing Marriage Equality in New Hampshire signaled to everyone the kind of welcoming state we are. And, as has been true throughout our history, every time we bring more people in from the margins, into the heart and soul of our democracy, we get stronger. We believe in freedom and the value of every person. It is our duty and our destiny to extend the same freedoms we enjoy to all our people. The work of moving this special state forward cannot be done by office holders alone. The doors of this State House are open to all who want to engage, learn and contribute. It will take the ideas and spirit and energy of everyone. More so than any other place, New Hampshire is a government "by the people." Addressing our challenges will not be easy. But we are Granite Staters and Americans and we are supposed to do hard things. The question is whether we will live up to the grand vision that our founders had. Remember, the notion that we could operate as a true citizen democracy while also becoming an economic force in the world was, at the time, a revolutionary one. To some degree, our ability to prove our founders right will depend on how we approach our task. Scripture refers to something called, "gladness of heart," an appreciation of the opportunity and freedom to do difficult things. In this time and in this place, let's choose to move our state forward with the optimism and pragmatism that is our hallmark. With "gladness of heart," let's choose to remember what a gift it is to be citizens of the Granite State. Thank you.

### **BENEDICTION**

Offered by Father Robert Gorski, Pastor at St. Pius X Parish in Manchester.

Almighty God, father of Abraham, Isaac and Jacob, revealed to us in the Word made flesh, Jesus Christ, You have shown Your glory to all nations. God of power and might, wisdom and justice, through Your authority is rightly administered, laws enacted and judgment is decreed. Assist with Your spirit of counsel and fortitude the Governor of the State of New Hampshire, Maggie Hassan, that her administration may be conducted in righteousness and be eminently useful to Your people over whom she presides. May she encourage due respect for the quality of life, for virtue and religion. May she and other State leaders work together to pursue the common good and to give preference to the most vulnerable among us, especially the unborn, the poor, the disabled, the elderly and the immigrant. May she execute the laws of this State with justice and mercy. May she seek to restrain crime, vice and immorality. We pray for Maggie Hassan, the Governor of the state of New Hampshire, for the members of the legislature, for judges, elected civil officials and all others entrusted to guard our political welfare. May they be enabled, by Your powerful protection, to discharge their duties with honesty and ability. We likewise commend to your unbounded mercy, all citizens of this State, that we may be blessed in the knowledge and sanctified in the observance of Your Holy law. May we, on the occasion of this inauguration, work together for mercy, peace and justice for all of our citizens, and after enjoying the blessings of this life, be admitted to eternal life. We pray to You, who are Lord and God, forever and ever. Amen

Rep. Walz and Sen. Bradley moved that the Joint Convention arise.

Adopted.

The Joint Convention adjourned.

### **HOUSE SESSION** **(Speaker Norelli in the Chair)**

### **RESOLUTION**

Rep. Campbell offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time.

**HB 630-FN**, repealing the New Hampshire regional greenhouse gas initiative program. (Barry, Hills 21: Science, Technology and Energy)

**HCR 3**, affirming States' powers based on the Constitution for the United States and the Constitution of New Hampshire. (Itse, Rock 10; Comerford, Rock 33; Baldasaro, Rock 5; Kappler, Rock 3; Warden, Hills 39; Lambert, Hills 44; Jones, Straf 24; Hoell, Merr 23; Cataldo, Dist 6; Reagan, Dist 17: State-Federal Relations and Veterans Affairs)

**(Rep. Cushing in the Chair)****RESOLUTION**

Rep. Whittemore offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 631 through 634 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees. Adopted.

**INTRODUCTION OF HOUSE BILLS****First, second reading and referral**

**HB 631-FN-L**, requiring school boards to establish a policy allowing parents to send their children to an out-of-district school. (Hikel, Hills 6; Meaney, Hills 6: Education)

**HB 632-A**, establishing the position of state advisor of the FFA in the department of agriculture, markets, and food. (Sad, Ches 1; Jasper, Hills 37; Haefner, Hills 37: Environment and Agriculture)

**HB 633**, relative to prescription refills. (D. McGuire, Merr 21; Kotowski, Merr 24; Reagan, Dist 17: Health, Human Services and Elderly Affairs)

**HB 634**, relative to water resource management and protection plans in municipal master plans. (Spang, Straf 6; Beaulieu, Hills 45; Schlachman, Rock 18; Borden, Rock 24; Watters, Dist 4; Reagan, Dist 17; Fuller Clark, Dist 21: Municipal and County Government)

**RECESS****(Rep. Cloutier in the Chair)****RESOLUTION**

Rep. Gary Richardson offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 635 and 636 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees. Adopted.

**INTRODUCTION OF HOUSE BILLS****First, second reading and referral**

**HB 635**, establishing a committee to study state rest areas. (Patten, Merr 17; Burns, Merr 2: Public Works and Highways)

**HB 636**, relative to the waitlist for community mental health services. (Harding, Graf 13; S. Schmidt, Carr 6; Odell, Dist 8; Carson, Dist 14; Pierce, Dist 5: Health, Human Services and Elderly Affairs)

**RECESS****(Rep. Shurtleff in the Chair)****RESOLUTION**

Rep. James MacKay offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 637 through 640 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees. Adopted.

**INTRODUCTION OF HOUSE BILLS****First, second reading and referral**

**HB 637-FN-A**, transferring licensing for retail tobacco sales to the department of revenue administration from the liquor commission. (D. McGuire, Merr 21: Executive Departments and Administration)

**HB 638**, recognizing the original Thirteenth Amendment to the United States Constitution. (Tremblay, Rock 4; Baldasaro, Rock 5; Christiansen, Hills 37: State-Federal Relations and Veterans Affairs)

**HB 639**, relative to beverage container and packaging approval. (Schroadter, Rock 17; Peckham, Rock 22: Commerce and Consumer Affairs)

**HB 640**, relative to the standard valuation law. (Schlachman, Rock 18; John Hunt, Ches 11: Commerce and Consumer Affairs)

**RECESS**

**(Rep. Abrami in the Chair)****RESOLUTION**

Rep. Kaen offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 641 through 658 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees. Adopted.

**INTRODUCTION OF HOUSE BILLS****First, second reading and referral**

**HB 641-FN-L**, relative to penalties for failure to license dogs. (Cebrowski, Hills 7; Renzullo, Hills 37: Municipal and County Government)

**HB 642-FN**, establishing a scholarship program for certain New Hampshire residents interested in attending a postsecondary educational institution in the university system of New Hampshire. (Elliott, Rock 8; Azarian, Rock 8: Education)

**HB 643-FN**, establishing a science, technology, engineering, and mathematics scholars program. (Kurk, Hills 2: Education)

**HB 644-FN**, relative to parole procedures. (Shurtleff, Merr 11; Sytek, Rock 8; Charron, Rock 4; Carson, Dist 14: Criminal Justice and Public Safety)

**HB 645-FN**, relative to an extended term of imprisonment for persons with 2 prior convictions. (Robertson, Ches 6; Patten, Merr 17: Criminal Justice and Public Safety)

**HB 646-FN**, relative to New Hampshire correctional industries. (Groen, Straf 10; Pitre, Straf 2; Ulery, Hills 37: Executive Departments and Administration)

**HB 647-FN**, relative to appeals from the compensation appeals board. (G. Richardson, Merr 10: Labor, Industrial and Rehabilitative Services)

**HB 648-FN**, permitting current marital masters to remain in office until retirement, resignation, disability, or nonrenewal of appointment. (G. Richardson, Merr 10; Wallner, Merr 10; Walz, Merr 23: Judiciary)

**HB 649-FN**, relative to earned time credits for certain prisoners participating in educational and rehabilitative programming. (Gile, Merr 27; Charron, Rock 4; Shurtleff, Merr 11; Gargas, Hills 27; D'Allesandro, Dist 20; Stiles, Dist 24: Criminal Justice and Public Safety)

**HB 650-FN-A**, making an appropriation to start a bus service between Claremont and Lebanon. (Cloutier, Sull 10; Gagnon, Sull 5; O'Hearne, Sull 3; Donovan, Sull 4; A. Schmidt, Sull 1; Sykes, Graf 13; A. White, Graf 13; Harding, Graf 13; Almy, Graf 13; Pierce, Dist 5: Transportation)

**HB 651-FN-A**, restoring funding and payment of fees by the judicial council for indigent parties. (Horriggan, Straf 6; Coulombe, Coos 3: Children and Family Law)

**HB 652-FN**, relative to the judicial branch information technology fund. (Rowe, Hills 22: Judiciary)

**HB 653-FN-A**, relative to funding law enforcement prosecution of Internet crimes against children. (Pantelakos, Rock 25; Chandley, Hills 22: Criminal Justice and Public Safety)

**HB 654-FN**, relative to licensure and renewal fees. (C. McGuire, Merr 29; F. Rice, Rock 21; D. Sullivan, Hills 42; Roberts, Ches 4; Hansen, Hills 22; Cebrowski, Hills 7; Jones, Straf 24: Executive Departments and Administration)

**HB 655-FN**, relative to the collection of the amount of the property tax deferral for the elderly or disabled upon sale of the property. (Daniels, Hills 40: Municipal and County Government)

**HB 656-FN**, requiring state agencies to develop performance measures and to develop budgets for each biennium. (Umberger, Carr 2; L. Ober, Hills 37; Leishman, Hills 24; Bradley, Dist 3: Executive Departments and Administration)

**HB 657-FN**, requiring state agencies to submit efficiency expenditure requests as part of the biennial budget process. (Cebrowski, Hills 7; Weyler, Rock 13; D. McGuire, Merr 21: Finance)

**HB 658-FN**, relative to registration for medical technicians. (Copeland, Rock 19; Schlachman, Rock 18; Roberts, Ches 4; Sherman, Rock 24; Nigrello, Rock 16; P. Schmidt, Straf 19; Haefner, Hills 37; St. James, Rock 13; Coffey, Hills 25; D. Hooper, Straf 16; Fuller Clark, Dist 21; Stiles, Dist 24: Executive Departments and Administration)

RECESS

(Rep. Kaen in the Chair)

**RESOLUTION**

Rep. Carol Williams offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 659 through 680 and House Joint Resolution numbered 2 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.

Adopted.

**INTRODUCTION OF HOUSE BILLS AND HJR****First, second reading and referral**

**HB 659-FN-A**, increasing the tobacco tax. (Rosenwald, Hills 30; G. Richardson, Merr 10; Harding, Graf 13; Hammond, Hills 24; Emerson, Ches 11: Ways and Means)

**HB 660-FN**, requiring the labeling of genetically engineered foods and agricultural commodities. (M. Mann, Rock 32; Massimilla, Graf 1; Perry, Straf 3; Suzanne Smith, Graf 8; Raymond, Belk 4: Environment and Agriculture)

**HB 661-FN**, allocating a portion of proceeds from forfeiture of items used in connection with a drug offense to the cold case homicide unit. (Cushing, Rock 21; Chandley, Hills 22; C. Williams, Hills 14: Criminal Justice and Public Safety)

**HB 662-FN**, requiring the department of revenue administration to collect and make available data on the amount of meals and rooms tax revenue generated in each municipality. (Cushing, Rock 21; Ford, Graf 3; Muns, Rock 21; Stiles, Dist 24; Fuller Clark, Dist 21: Ways and Means)

**HB 663-FN**, relative to appeals within the department of environmental services. (Ahlgren, Carr 6; Renzullo, Hills 37; Spang, Straf 6; Bradley, Dist 3: Resources, Recreation and Development)

**HB 664-FN**, relative to the New Hampshire vaccine association. (Harding, Graf 13; Rosenwald, Hills 30; Schlachman, Rock 18; John Hunt, Ches 11; Odell, Dist 8; Gilmour, Dist 12; Forrester, Dist 2: Health, Human Services and Elderly Affairs)

**HB 665-FN-A-L**, relative to video lottery and table gaming. (Gionet, Graf 5; R. Walsh, Hills 11; Weyler, Rock 13; H. Richardson, Coos 4; Stiles, Dist 24: Ways and Means)

**HB 666-FN**, relative to penalties for speeding offenses. (Burridge, Ches 16: Criminal Justice and Public Safety)

**HB 667-FN-A**, establishing a temporary surcharge to the road toll to be dedicated to funding the state 10-year transportation improvement plan for rural and town roads. (Khan, Rock 20: Public Works and Highways)

**HB 668-FN**, relative to group and individual health insurance market rules. (Schlachman, Rock 18: Commerce and Consumer Affairs)

**HB 669-FN-L**, relative to nonpayment of property taxes on current use land. (Hansen, Hills 22: Municipal and County Government)

**HB 670-FN**, relative to marital masters. (Coulombe, Coos 3; G. Richardson, Merr 10; Horrigan, Straf 6; Kelleigh Murphy, Hills 7; Gale, Hills 28: Judiciary)

**HB 671-FN**, restoring state payment of fees for guardians ad litem and attorneys where the parents are indigent. (Coulombe, Coos 3; Horrigan, Straf 6; Gale, Hills 28: Children and Family Law)

**HB 672-FN**, relative to the property tax exemption for water and air pollution control facilities. (Walz, Merr 23; Cushing, Rock 21; Fuller Clark, Dist 21: Municipal and County Government)

**HB 673-FN**, requiring prosecution of a law enforcement officer for failure to enforce the crime of interference with custody. (Oigny, Rock 34; Burt, Hills 6; Lambert, Hills 44; Sapareto, Rock 6; Carson, Dist 14: Criminal Justice and Public Safety)

**HB 674-FN-L**, relative to state highway aid. (Campbell, Hills 33: Public Works and Highways)

**HB 675-FN**, authorizing and regulating the use of license plate scanning devices. (Shurtleff, Merr 11: Criminal Justice and Public Safety)

**HB 676-FN-A-L**, extending and expanding the Coos county job creation tax credit. (Butynski, Ches 1; Major, Rock 14; Theberge, Coos 3; Odell, Dist 8: Ways and Means)

**HB 677-FN**, relative to the certificate of need board. (Kurk, Hills 2; Rosenwald, Hills 30; Gilmour, Dist 12: Health, Human Services and Elderly Affairs)

**HB 678-FN-A-L**, relative to games of chance and establishing a gaming oversight authority and video lottery gaming. (Vaillancourt, Hills 15; Lambert, Hills 44: Executive Departments and Administration)

**HB 679**, relative to renovations to the vocational technical center at Alvirne high school. (Christiansen, Hills 37: Education)

**HB 680**, relative to attending a public school or public academy outside of the school district in which the pupil resides. (Roberts, Ches 4: Education)

**HJR 2-FN-A**, making restitution to Jeffrey Frost for inappropriate prosecution. (Itse, Rock 10: Judiciary)

#### RECESS

**(Rep. Lawrence Perkins in the Chair)**

#### RESOLUTION

Rep. Amy Perkins offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 681 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee. Adopted.

#### INTRODUCTION OF HOUSE BILL

##### **First, second reading and referral**

**HB 681**, relative to the membership, duties, and responsibilities of the guardian ad litem board and establishing the Court Appointed Advocates for Children in Divorce (CAACD) Corporation. (Itse, Rock 10; Kappler, Rock 3; Oligny, Rock 34: Children and Family Law)

#### RECESS

**(Speaker Norelli in the Chair)**

Rep. Kaen moved that the House adjourn.  
Adopted.

## HOUSE JOURNAL No. 4

Wednesday, January 30, 2013

The House assembled at 1:30 p.m. and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

Today's invocation is adapted from and based on a prayer from St. Teresa.

O Holy One, untamed by our names and unfazed by our agendas, we pray that Your Spirit would stir among us during our time here today. May there be today peace within us, and creativity among us. May we trust You that we are exactly who we are meant to be, and where we are meant to be, and that the work You have placed before us is the work we are meant to do. May we not forget the infinite possibilities that are born of faith, the glorious work that can be accomplished when we infuse our judgments with mercy, and when we allow ourselves to see our neighbors not as opponents, but as fully human partners whose concerns and dreams and fears are every bit as pressing and as real as our own.

May we be content knowing that each of us, and all of us, are Your children, and may we find occasion to tap into the inner youth within us, filled with hope and willing to work for a better day and a better way. We pray Your blessing upon each person in this hall, our families, and anyone we may know who is struggling with illness, with grief or with fear. We hold these, and all the people of New Hampshire in our thoughts, but especially those with far less than we. In Your Holy name we pray. Amen.

Representative Dudley Dumaine, member from Auburn, led the Pledge of Allegiance.

Her Excellency, Governor Margaret Wood Hassan along with the House Chaplain, Reverend Jared A. Rardin, led the singing of the National Anthem.

### LEAVES OF ABSENCE

Reps. Alicea, Booras, Cushing, Danais, Donovan, Hackel, Hatch, Helmstetter, John Kelley, Kopka, Milz, Phillips, Pratt and Joy Tilton, the day, illness.

Reps. Azarian, Richard Eaton, Friedrich, Gardner, Hinch, Hoell, Huot, Jane Johnson, Lerandean, Lundgren, Priestly, Rowe, Stephen Schmidt, Timothy Smith, Todd Smith, Spainhower, Takesian, Tamburello and Tanner, the day, important business.

### INTRODUCTION OF GUESTS

Girl Scouts from the Green and White Mountains, participating in the Girls Rock the Capitol program, accompanied by their advisors Nicole Nolan and Nancy Fraher, guests of the House. Hemma Gautam, guest of Rep. Ticehurst.

### COMMUNICATION

January 3, 2013

Ms. Karen Wadsworth  
Clerk of the House of Representatives  
State House  
Concord, NH 03301

Dear Karen:

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Sullivan District No. 1 (Cornish, Grantham, Plainfield, Springfield)

Benjamin P. Lefebvre, d, Grantham (PO Box 1131) 03753

Sincerely,  
William M. Gardner, Secretary of State

**MOTION TO VACATE**

Rep. Marjorie Smith moved that the House vacate the reference of **HB 128**, relative to recording public votes in public records, to the Committee on Judiciary.  
Adopted.

The Speaker referred **HB 128** to the Committee on Municipal and County Government.

**MOTION TO VACATE**

Rep. Butler moved that the House vacate the reference of **HB 228**, relative to insurance fraud, to the Committee on Commerce and Consumer Affairs.  
Adopted.

The Speaker referred **HB 228** to the Committee on Judiciary.

**PETITIONS**

**Petitioner Representative Daniel Itse on behalf of Ralph Holder.** This grievance against the State of New Hampshire, the circuit court family division and a guardian ad litem seeks introduction of legislation regarding attorneys and restraining orders.

**Petitioner Representative Daniel Itse on behalf of Timothy Sanborn.** This grievance against two marital masters and the judicial branch family court division seeks legislation regarding the Family Court Division and legislation seeking to overturn a court decision.

**Petitioner Representative Timothy Comerford on behalf of Dorothy Knightly of Nashua.** This grievance against the State of New Hampshire, Department of Health and Human Services, Division of Children, Youth and Families seeks consideration of a Bill of Address and legislation regarding grandparent custodial rights.

**Petitioner Representative Robert Luther on behalf of Ann Marie Moynihan.** This grievance against the 10<sup>th</sup> Circuit Court Family Division seeks review of court procedures in a particular case and disciplinary action against the presiding judge.

**Petitioner Representative Robert Luther on behalf of Carlo Basner Fioli.** This grievance against the State of New Hampshire, the Rockingham circuit court family division, a marital master and a guardian ad litem seeks legislation to bring about several changes in the guardian ad litem program and shared parenting arrangements and parental rights proceedings.

**Petitioner Representative Stella Tremblay on behalf of Wade Henry.** This grievance against the department of labor, some employees of the department and the members of the compensation appeals board, seeks redress in the form of a joint resolution requesting another hearing so that appropriate worker's compensation may be awarded.

Copies of petitions are on file in the Clerk's Office.

**CONSENT CALENDAR**

Rep. Shurtleff moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

**HB 103-FN**, reducing the penalty for violating a local vendor ordinance, removed by Rep. Jones.  
Consent Calendar adopted.

**HB 132-FN-L**, relative to responsibility for medical costs incurred by a person in custody. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert M. Fesh for Criminal Justice and Public Safety: The sponsor and co-sponsor of the legislation came in to the committee and asked that the bill be withdrawn. Accordingly, we voted to kill the bill. Vote 18-0.

**HB 133**, relative to the authority of the superintendent of a county correctional facility to release a prisoner. **INEXPEDIENT TO LEGISLATE.**

Rep. Larry G. Gagne for Criminal Justice and Public Safety: This bill would allow a superintendent to release any person sentenced to imprisonment in a county department of corrections facility for

such purposes as the superintendent may deem conducive to his or her rehabilitation. The prime sponsor, with the concurrence of the committee, recommended Inexpedient to Legislate as even the sponsors had some concerns with the bill, as written. Vote 18-0.

**HB 164**, establishing a legislative oversight committee on corrections issues. **INEXPEDIENT TO LEGISLATE.**

Rep. Steve Vaillancourt for Criminal Justice and Public Safety: The committee believes that the idea of studying specific issues may well have merit, but this bill to establish a commission to oversee the entire scope of the department of corrections is overly broad and also duplicative of other efforts at both the legislative and executive level. For example, one function of the oversight committee would be to look at finances, but the House Finance Committee spent three days on this topic last session and will most likely do so again this year. Also, without the recommendation of any committee or commission, any single member may file specific legislation. Vote 17-1.

**HB 165**, establishing a committee to study the use of the sex offender registry. **OUGHT TO PASS.**

Rep. Robert R. Cushing for Criminal Justice and Public Safety: This bill establishes a committee to study the use of the sex-offender registry. Over the past several years this committee has heard concerns about and problems with the sex offender registry. This committee will evaluate whether any changes should be made to the law. The bill was supported by the Crisis Center of New Hampshire, the Coalition Against Domestic and Sexual Violence and criminal defense lawyers. Vote 17-0.

**HB 167**, relative to notice and information provided to the victim of a person seeking parole or the victim's next of kin. **OUGHT TO PASS.**

Rep. Robert R. Cushing for Criminal Justice and Public Safety: This bill provides that a crime victim be notified by either the adult parole board or the department of corrections when the person who committed the crime against them has a parole hearing. Victims have a right under the Crime Victim's Bill of Rights to notice of any action or change of status of the prisoner. The bill previously passed in the House and Senate but died in a committee of conference because of disagreement over a different part of the bill. The department of corrections supports this bill. Vote 17-0.

**HB 160**, relative to a school district's transportation responsibility for pupils of divorced parents with joint decision making responsibility. **OUGHT TO PASS.**

Rep. Judith T. Spang for Education: Established bus routes for a school coincide with the designated attendance area of that school. When a child of divorced parents resides with each parent in turn, one home may be within the same school district, but outside the designated attendance area and bus service route of the child's assigned school. Current laws stipulate that the school district must transport the child to school if the child is residing within the district. However, the laws do not explicitly state whether the school has a responsibility to transport a child when residing in the school district, but outside the attendance area of the child's assigned school. This bill corrects this problem and clearly states that in such cases, the school district and school to which the child is assigned are not responsible for transporting the student to and from the alternate parent's residence in another school service area. Vote 19-0.

**HB 232**, relative to the membership of the governor's commission on alcohol and drug abuse prevention, intervention, and treatment. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Charles E. McMahon for Health, Human Services and Elderly Affairs: The governor's council on alcohol and drug abuse prevention, intervention and treatment has been undergoing extensive strategic planning. One of the recommendations is an expansion of the commission membership. This legislation, consistent with the strategic plan, adds the commissioner of insurance; a member of the Business and Industry Association of New Hampshire; the Chancellor of the Community College Systems of New Hampshire; a member of the New Hampshire Medical Society; the New Hampshire Nurses' Association and the Chairman of the N.H. Suicide Prevention Council. These new appointments will strengthen the ability of the commission to implement the commission's strategic plan. Vote 17-0.

**Amendment (0019h)**

Amend RSA 12-J:1, IV(a) as inserted by section 2 of the bill by inserting after subparagraph (4) the following new subparagraph:

(5) A representative of the New Hampshire Nurses' Association, appointed by the association.

## AMENDED ANALYSIS

This bill adds 6 members to the governor's commission on alcohol and drug abuse prevention, intervention, and treatment.

**HB 236**, relative to membership of the council on autism spectrum disorders. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Laurie Harding for Health, Human Services and Elderly Affairs: This bill amends the statute for the council on autism which was established in 2008. The bill allows several members to assign a designee in order to enhance the possibility of a quorum. The bill also amends the duties of the council so there is no longer an expectation that mediation is a council responsibility. Vote 17-0.

**Amendment (0047h)**

Amend RSA 171-A:32, I as inserted by section 2 of the bill by inserting after subparagraph (u) the following new subparagraphs:

(v) A representative of the New Hampshire Nurses' Association, appointed by the association.

(w) A licensed speech-language pathologist, appointed by the New Hampshire Speech-Language-Hearing Association, Inc.

**HB 102**, relative to custody and control of the remains of deceased persons by next of kin. **INEXPEDIENT TO LEGISLATE.**

Rep. Lenette M. Peterson for Judiciary: The committee voted Inexpedient to Legislate for two reasons: 1) The seven-day waiting period would be too much time for the funeral home directors to properly "preserve" the body for religious purposes and for an open casket wake/viewing; 2) No state has given stepchildren the same rights as natural children. Vote 19-0.

**HB 104**, amending certain requirements to obtain a local vendor license. **INEXPEDIENT TO LEGISLATE.**

Rep. Timothy D. Copeland for Municipal and County Government: This bill was defeated last year. Federal criminal record checks, also known as NCIC checks (National Crime Information Center) are critical in ascertaining the true identity of a person. Employment fingerprint checks are a regular way of doing business in today's society whether you are applying for a government or military position, child care, teacher, etc. A state name check is limited in accurately determining someone's criminal history, if any, and may be very misleading. If one is arrested in another state or jurisdiction under an assumed name and gives that name when fingerprinted, then later a state name check is performed on (without fingerprints) in New Hampshire under one's true birth/legal name the alias will not surface. The NH entity performing that name check will never uncover a criminal history under that different name because fingerprints are unique to people, not names. This legislation would eliminate the federal fingerprint check which currently is an accurate vetting process, putting the general public in possible danger by not knowing the true criminal record of a person arrested under an assumed name. This legislation is a big step backwards not only for our state but for the safety of our citizens who have an expectation that we have thoroughly vetted the individual to the best of our ability with the current available tools at hand. Vote 15-0.

**HB 108**, permitting manufactured housing parks and condominium associations to access dog registration records. **INEXPEDIENT TO LEGISLATE.**

Rep. Bruce L. Tatro for Municipal and County Government: This bill would allow manufactured housing and condo associations access to municipal dog registration records. The committee heard testimony from several people on both sides of the issue and concluded that access is not necessary. In the event a person is bitten, the authorities (police) must be notified and they access the vaccination records. Vote 15-0.

**HB 109-FN-L**, repealing group licenses for dog owners. **INEXPEDIENT TO LEGISLATE.**

Rep. Tom Lavender for Municipal and County Government: This bill would repeal group licenses for owners of more than five dogs. The issues raised were largely to do with fees and their unfair application, which is not addressed in this bill. No compelling reason was presented to necessitate repealing a program that works. Vote 16-0.

**HB 113**, relative to lot access for erection of buildings. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James P. Belanger for Municipal and County Government: Current statute allows for buildings with access other than by a town approved road under certain conditions. Some of those include

approval by planning board, governing body and zoning board. This bill makes no changes to those provisions but clarifies the necessary provisions in the event that access is a deeded right of way. This bill clarifies the difference between a private road and a right of way but imposes the same stipulations that absolve the municipality from liability. Vote 15-1.

#### **Amendment (0008h)**

Amend the bill by replacing section 1 with the following:

1 Erection of Buildings; Street Access. Amend RSA 674:41, III to read as follows:

III. This section shall supersede any less stringent local ordinance, code, or regulation, and no existing lot or tract of land shall be exempted from the provisions of this section except in accordance with the procedures expressly set forth in this section. For purposes of paragraph I, "the street giving access to the lot" means a street or way abutting the lot and upon which the lot has frontage. It does not include a street from which the sole access to the lot is via a private easement or right-of-way, unless:

(a) Such easement or right-of-way also meets the criteria set forth in subparagraphs I(a), (b), (c), (d), or (e); **or**

(b) *Such right-of-way provides access to a class VI or better highway, provided that:*

(1) *The municipality neither assumes responsibility for maintenance of said private right-of-way nor liability for any damages resulting from the use thereof; and*

(2) *Prior to the issuance of a building permit, the applicant shall produce evidence that notice of the limits of municipal responsibility and liability has been recorded in the county registry of deeds for the lot for which the building permit is sought.*

**HB 115**, relative to the procedure for filling a vacancy on a cooperative school district budget committee. **OUGHT TO PASS.**

Rep. James P. Belanger for Municipal and County Government: This bill makes changes to the statute concerning the filling of a vacancy on a cooperative school district budget committee and brings it into alignment with changes made last term to other sections of the statute concerning vacancies on cooperative school boards. Current law requires a vacancy to be filled within five days, but does not say when the five day count should begin. This bill addresses that issue. It also makes clear which town officials are responsible for making the appointment to fill the vacancy. Vote 16-0.

**HB 126-L**, relative to use of revolving funds by towns for maintaining recycling programs. **OUGHT TO PASS.**

Rep. Kathleen M. Stroud for Municipal and County Government: This bill allows a town, by vote of the legislative body, to establish a revolving fund to facilitate, maintain, or encourage recycling. Vote 16-0.

**HB 111**, relative to the acquisition of property at Akers pond dam in the town of Errol by the fish and game department. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Suzanne H. Gottling for Resources, Recreation and Development: Some state-owned dams have privately owned access areas and/or dikes adjacent to or abutting the dams. Access to these areas by the state is necessary for efficient repair, maintenance and operation of these dams and dikes. HB 111 allows the Fish and Game Department to expend \$1 to acquire an easement for these purposes at Akers pond dam in Errol. The amendment allows the Department of Environmental Services to acquire similar easements for the dikes at Northwood Lake in Epsom and Hermit Lake in Sanbornton. Vote 18-0.

#### **Amendment (0014h)**

Amend the title of the bill by replacing it with the following:

**AN ACT** relative to the acquisition of property rights at Akers Pond dam in the town of Errol by the fish and game department and the acquisition of property rights at Northwood Lake dam in the town of Epsom and Hermit Lake dam in the town of Sanbornton by the department of environmental services.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraphs; Acquisition by State of Certain Dams and Water Rights; Akers Pond Dam; Northwood Lake Dam; Hermit Lake Dam. Amend RSA 482:48 by inserting after paragraph VII the following new paragraphs:

VIII. For a consideration of \$1, the fish and game department may accept an easement from the property owners of all rights necessary to repair, maintain, and operate Akers Pond dam access and dike area in the town of Errol, adjacent to and abutting the state owned dam known as number 080.20 for the purpose of improving and controlling the water rights for the benefit of the state. The easement the fish and game department is authorized to acquire for the benefit of the state shall be exempt from taxation as long as the easement is held by the state. The fish and game department may transfer rights in these properties under RSA 482:51 to the department for purposes of repair and maintenance. With the exception of such \$1 consideration, nothing in this paragraph shall mandate or authorize the expenditure of any funds or capital relative to the provisions of this paragraph.

IX. For a consideration of \$1 each, the department of environmental services may accept an easement from the property owners of all rights necessary to access, repair, maintain, and operate the dike at Northwood Lake in the town of Epsom appurtenant to the state owned dam known as number 079.01 and the dike at Hermit Lake in the town of Sanbornton appurtenant to the state owned dam known as number 211.01, for the purpose of improving and controlling the water rights for the benefit of the state. The easements the department is authorized to acquire for the benefit of the state shall be exempt from taxation as long as the easements are held by the state. With the exception of such \$1 consideration for each, nothing in this paragraph shall mandate or authorize the expenditure of any funds or capital relative to the provisions of this paragraph.

2 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

The bill allows the fish and game department to acquire an easement at the Akers Pond dam in Errol for the purpose of improving and controlling the water rights for the benefit of the state. The bill also allows the department of environmental services to acquire easements at the Northwood Lake dam in the town of Epsom and the Hermit Lake dam in the town of Sanbornton for the purpose of improving and controlling the water rights for the benefit of the state.

#### **HB 105**, relative to the release of motor vehicle registration information. **INEXPEDIENT TO LEGISLATE.**

Rep. Michael B. O'Brien for Transportation: This bill would have allowed hospital security to request vehicle information such as name and address of the vehicle owner prior to the vehicle being towed. This information would come from the local municipal police who would get the information from the department of motor vehicle (DMV) database. The bill was brought forward due to the towing of the bill sponsor's vehicle which was posted as an emergency vehicle only parking area, when he was admitted to the emergency room. Although the towing of the vehicle was a rare and unfortunate incident, the committee felt private information may fall into the hands of private security unregulated by state law. The committee also felt if the admitting staff at the hospital asked further questions as part of their admitting procedure, (such as do you have a vehicle parked in the emergency parking area, that this incident may have been averted.) Vote 17-1.

#### **HB 112-FN**, relative to registration permit fees for special use vehicles. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Elizabeth B. Burtis for Transportation: The amendment removes the originally proposed changes to the existing fee structure and the fiscal note no longer applies. The amended bill further clarifies the language of the existing law and explicitly allows the use of reclamation funds for any solid waste recycling after the cost of recycling motor vehicle waste has been expended. The amendment also clarifies the language of two motor vehicle definitions and is supported by the department of safety. Vote 18-0.

#### **Amendment (0018h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to reclamation trust funds.

Amend the bill by replacing all after the enacting clause with the following:

1 Reclamation Trust Funds. Amend RSA 149-M:18 to read as follows:

149-M:18 Town Reclamation Trust Funds. A town which collects an additional fee under RSA 261:153, V shall create a town reclamation trust fund to receive the town share of such fee, to be used to pay the fees for the collection and disposal of the town's motor vehicle waste *and to pay for the recycling and reclamation of other types of solid waste*. For the purposes of this section,

“motor vehicle waste” means used residential motor oil, residential motor vehicle batteries, and tires from residential motorized vehicles. “Residential”, for the purposes of this paragraph, means any motor vehicle registered in a municipality which collects the fee assessed under RSA 261:153, V. ~~[Towns may use any moneys in the fund in excess of such fees for the recycling and reclamation of other types of solid waste.]~~

2 Reclamation Trust Funds. Amend the introductory paragraph of RSA 261:153, V to read as follows:

V. Beginning July 1, 1989, in addition to each registration fee collected under paragraph I, there may be collected an additional fee for the purposes of a town reclamation trust fund as established in RSA 149-M:18. Of this amount, \$.50 shall be retained by the city official designated by the city government or by the town clerk for administrative costs and the remaining amount shall be deposited into the reclamation trust fund established by the town for the purpose of paying collection and disposal fees for the town’s motor vehicle waste *and paying for the recycling and reclamation of other types of solid waste*. For the purposes of this paragraph, “motor vehicle waste” means “motor vehicle waste” as defined in RSA 149-M:18. A town which collects such additional fees shall not charge a disposal fee for motor vehicle waste at the town’s solid waste disposal facility. If a town finds the additional fee is not sufficient to cover fees for collection and disposal of town motor vehicle waste, it shall notify the office of energy and planning. The office shall study the fee in accordance with RSA 4-C:1 and make recommendations, if necessary, for increases in the fee. The additional fee schedule shall be graduated by class of vehicle as follows:

3 Fees for Registration Permits; Reclamation Trust Fund; Special Use Vehicles. Amend RSA 261:153, V(c) to read as follows:

(c) Unless otherwise provided, the fee for special use vehicles including all-terrain vehicles, agricultural and farm vehicles, and ~~[historic]~~ *antique* vehicles and for 2-wheeled vehicles including mopeds, motorcycles, and ~~[non-motorized car and boat]~~ *automobile utility* trailers, shall be \$2.

4 Effective Date. This act shall take effect July 1, 2013.

#### AMENDED ANALYSIS

This bill allows the use of funds from the optional additional motor vehicle permit fee deposited in reclamation trust funds to be used to pay for the recycling and reclamation of solid waste. This bill also clarifies references in the permit fee statute.

#### MOTION TO REFER PETITION TO COMMITTEE

Rep. Lambert moved to refer a Petition to a House Committee.

The Speaker ruled the motion out of order.

#### APPEAL OF THE RULING OF THE CHAIR

Rep. Lambert appealed the ruling of the Chair whereby the Chair, pursuant to House Rule 18, ruled the motion out of order.

The question being shall the ruling of the Chair be upheld?

Rep. Vaillancourt spoke in favor and requested a roll call; sufficiently seconded.

### REGULAR CALENDAR

**HB 131-FN-L**, relative to payment for medical services for county prisoners. **OUGHT TO PASS.** Rep. Gene P. Charron for Criminal Justice and Public Safety: This bill allows the superintendents of county correctional facilities the ability to negotiate costs by providing flexibility to negotiate better financial arrangements with hospitals. The bill addresses outpatient services. It also allows the superintendent to negotiate up to 125 percent for hospitals having a negative operating margin for the most recent year. Vote 15-3.  
Committee report adopted and referred to the Committee on Finance.

**HB 159**, requiring patriotic exercises in public schools on federal Constitution Day. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Glenn Cordelli for Education: This bill, as amended, adds federal Constitution Day to RSA 189:18 which calls on all public schools to hold patriotic exercises during the week of Memorial Day and Veterans Day. Exercises related to federal Constitution Day may also recognize the New Hampshire Constitution and our civic rights and responsibilities. The patriotic exercises are to be appropriate as determined by the local school. Vote 15-4.

**Amendment (0028h)**

Amend the bill by replacing section 1 with the following:

1 School Boards, Transportation, and Instruction of Pupils; Patriotic Exercises. Amend RSA 189:18 to read as follows:

189:18 Patriotic Exercises. In all public schools of the state one session, or a portion thereof, during the weeks in which Memorial Day, *federal Constitution Day*, and Veterans Day fall, shall be devoted to exercises of a patriotic nature *which may include speakers, instruction, presentations, and other events as appropriate. Federal Constitution Day exercises may include recognition of the New Hampshire constitution as well as exercises related to our rights and responsibilities as citizens.*

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.  
Rep. Cordelli yielded to questions.

Rep. Baldasaro requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

**HB 106**, relative to the demand for rent and other damages, and the repeal of the landlord-agent requirement. **INEXPEDIENT TO LEGISLATE.**

Rep. Paul S. Berch for Judiciary: Current law allows only for rent and not other charges to be demanded when in arrears or due. This bill would add late fees, utility costs and any other charges the landlord may feel is due. The bill would increase liquidated damage from \$15 to \$160 and further, remove the duty of landlords of certain residential properties from providing service of process information to the municipality where the property is located. The committee was concerned that the charges other than rent are not easily ascertained and subject to litigation, that there was no relationship between the proposed fee of \$160 and the actual amount of liquidated damages incurred. As to the requirement of providing service of process information, the committee felt this provision has materially assisted the ability to serve out-of-state landlords or landlords operating through agents and therefore should remain in place. Vote 15-5.

Rep. Groen spoke against.

Rep. Berch spoke in favor.

Rep. Jones requested a roll call; sufficiently seconded

Gagnon, Raymond  
and the committee report was adopted.

**HB 107**, relative to the losing party's payment of the prevailing party's costs in tort actions. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter M. Sullivan for Judiciary: This bill would require the losing party in a tort action to pay the legal expenses incurred by the prevailing party. This would constitute a radical and unnecessary change to New Hampshire's legal process. Under current law, a party that brings a frivolous lawsuit may be ordered to pay the other side's costs. By expanding this to include any losing litigant, even one who has acted in good faith and who has a legitimate cause of action, we are creating a disincentive for aggrieved parties to seek redress and justice. Access to the judicial process should be based on the merits of a case, not on financial considerations. Vote 20-0.

Committee report adopted.

**HB 116**, relative to the powers of an executor or administrator to take control of a decedent's social networking websites. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Timothy O. Horrigan for the Majority of Judiciary: The bill deals with a rapidly evolving area of state and federal law. Online service providers generally operate under contracts which stipulate that the law in the provider's jurisdiction prevails in the case of a dispute between the provider and the customer (or the customer's estate). Those contracts can (and usually do) specify what happens when the user dies. The majority of the committee believes that this bill is premature, as well as unenforceable. Vote 13-7.

Rep. Peter M. Sullivan for the Minority of Judiciary: The rise of social networking sites such as Facebook and Twitter have created a new set of legal challenges. Unfortunately, the law has not kept pace with advances in technology. The intent of this bill is to allow the survivors of a deceased individual to assume control of that person's social media and email sites. They would then be able to use the deceased's page as an online memorial, delete the account entirely and make changes to the page if they wish to do so. The minority recognizes that there are questions as to the potential conflict of laws between New Hampshire and other jurisdictions. By retaining the bill in committee, those concerns can be addressed, without a negative House action that could preclude action in the second year of the biennium.

**LAI D ON THE TABLE**

Rep. Peter Sullivan moved that **HB 116**, relative to the powers of an executor or administrator to take control of a decedent's social networking websites, be laid on the table.

On a division vote, 222 members having voted in the affirmative and 128 in the negative, the motion was adopted.

### REGULAR CALENDAR (CONT'D)

**HB 117**, relative to driveway permits issued by the department of transportation. **INEXPEDIENT TO LEGISLATE.**

Rep. John R. Cloutier for Public Works and Highways: This bill, as written, would significantly change how the department of transportation (DOT) issues driveway or curb cut permits onto state roads under existing state statutes. The two-fold effect of the bill would be to give municipal planning boards, rather than the department, the authority to determine the location of driveways. Also, it would remove the department's current exemption from the administrative procedure act for issuing driveway permits. The committee felt that the DOT is better equipped to impartially determine engineering, sight-line and traffic considerations when it comes to issuing curb cuts on state owned roads. There would be insufficient uniformity or expertise in over 100 planning boards having jurisdiction over curb cuts on state roads. The department of transportation testified in opposition to this bill. Department officials stated that existing statutes are working well. They cited evidence that during the four year period between 2008-2012, of the total driveway permit applications submitted (3,852); over 98% of them (3,782) were approved by the department. Furthermore, only 15 denied applications went to a hearing on appeal, out of those: 12 were upheld, two overturned and one is pending. Vote 16-1.

Reps. Dan McGuire and Carey spoke against.

Rep. Franklin Tilton spoke in favor and yielded to questions.

Rep. Campbell spoke in favor.

Rep. Dan McGuire requested a roll call; sufficiently seconded.

**BILL REMOVED FROM THE CONSENT CALENDAR**

**HB 103-FN**, reducing the penalty for violating a local vendor ordinance. **INEXPEDIENT TO LEGISLATE.**

Rep. Timothy D. Copeland for Municipal and County Government: This bill reduces the penalty phase from a class B misdemeanor to a violation offence. The original intent of the existing law was to allow local towns to help protect their residents from nefarious vendors who use door-to-door sales as a ploy to commit crimes. The protection lies in the ability of towns to develop a local

ordinance for vendors that requires a criminal record check. Presently, a vendor who has a class B misdemeanor conviction would be found out through this licensing process. If this same illegitimate vendor then attempted to ply his trade in another community and that community conducted a record check as part of the licensing process, that community would learn of his criminality and deny the license. By changing this law as proposed in this bill, violation level convictions would not be tracked and therefore, communities would not be able to learn of a criminal history by a vendor applicant. Further, this proposed change is contrary to the most recent change for RSA 31:102-a, effective Sept 11, 2010, that allows local communities to work with the state to conduct more stringent criminal record checks on vendors protecting its citizens from preying criminals. Vote 13-2.

Reps. Parison and Burt spoke against and yielded to questions.

Rep. Copeland spoke in favor and yielded to questions.

Rep. Jones requested a roll call; sufficiently seconded.

### RESOLUTION

Rep. Shurtleff offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, February 6, 2013 at 10:00 a.m.  
Adopted.

### LATE SESSION

#### Third reading and final passage

**HB 165**, establishing a committee to study the use of the sex offender registry.

**HB 167**, relative to notice and information provided to the victim of a person seeking parole or the victim's next of kin.

**HB 160**, relative to a school district's transportation responsibility for pupils of divorced parents with joint decision making responsibility.

**HB 232**, relative to the membership of the governor's commission on alcohol and drug abuse prevention, intervention, and treatment.

**HB 236**, relative to membership of the council on autism spectrum disorders.

**HB 113**, relative to lot access for erection of buildings.

**HB 115**, relative to the procedure for filling a vacancy on a cooperative school district budget committee.

**HB 126-L**, relative to use of revolving funds by towns for maintaining recycling programs.

**HB 111**, relative to the acquisition of property rights at Akers Pond dam in the town of Errol by the fish and game department and the acquisition of property rights at Northwood Lake dam in the town of Epsom and Hermit Lake dam in the town of Sanbornton by the department of environmental services.

**HB 112-FN**, relative to reclamation trust funds.

**HB 159**, requiring patriotic exercises in public schools on federal Constitution Day.

### UNANIMOUS CONSENT

Rep. Boehm addressed the House.

### MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Rep. Boehm be printed in the Permanent Journal. Adopted.

### REMARKS

**Rep. Boehm:** Thank you, Madam Speaker. Thank you, fellow Representatives. This past August, former State Representative Leon Calawa, Jr., died after an extended illness. Myself and his friends called him "Jimmy." He was born in Nashua on February 16, 1929, raised in Litchfield and he was also a veteran of the United States Navy. He was a well-known real estate developer in Litchfield and Londonderry, having extensive property holdings in those towns. He was a founding partner of the Passaconaway Country Club in Litchfield and from what I have heard, an avid golfer. One hears the term, "Town Father." Leon Calawa fits that description. For many years, Leon served on the Litchfield School Board. He was chairman of the committee for the relocation refurbishment of the Old Town Hall in Litchfield and now the Litchfield Historical Society Building. He also served for many years as the fire chief for the town. He was an instrumental force behind the construction of the Litchfield Fire Station in 1957, which by the way is still the town's only fire station. He generously donated his time, building materials and paid his construction crews to help erect the building. We don't see that happening too much anymore. The population of Litchfield then was about 500 and is now about 8500. I remember one time he remarked that when he was a young man, young child, while sitting on his front porch on a Sunday afternoon on 3A and when the occasion of a car went by, he knew who was a resident and who wasn't. You can't do that anymore. Leon Calawa served for many years as Litchfield's representative to the N. H. State Legislature. For many years he served as the Vice Chair of the Public Works Committee. He also played a leadership role in the rehabilitation of both state and county buildings, in particular the Walker Building in Concord and the state buildings on Pleasant Street. He was recognized by the New Hampshire Chapter of the American Institute of Architects and by the New Hampshire Preservation Alliance for his role in saving many historic New Hampshire buildings. I first met Jimmy when I was a selectman in the 1980's and he was always a gentleman. I never heard him raise his voice or show anger and this was attested by all who knew him. I campaigned with him three times running for State Rep in 2002, 2004 and 2006. The one time where I noticed he was upset was redistricting that did away with Litchfield's House seats in 2002. We lost in 2002 and 2006, but succeeded in 2004 as the bigger towns that were redistricted took all of our seats. At least before he passed away, we had received the representation back. So hopefully he took solace in that. If you are ever in Litchfield playing golf at Passaconaway or in the State House and things aren't going your way, remember to keep your cool like Jimmy Calawa always did. Thank you.

### MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former member from Litchfield, the Honorable Leon C. Calawa, Jr.

### RECESS MOTION

Rep. Shurtleff moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages. Adopted.

The House recessed at 3:50 p.m.

### RECESS

**(Rep. Bouchard in the Chair)**

**RESOLUTION**

Rep. Kaen offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 1 and 40 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees.  
Adopted.

**INTRODUCTION OF SENATE BILLS**

**First, second reading and referral**

***SB 1-FN-A***, increasing the research and development tax credit against the business profits tax.  
(Ways and Means)

***SB 40-FN-L***, relative to distribution of education funds for fiscal year 2013. (Finance)

**RECESS**

**(Speaker Norelli in the Chair)**

Rep. Kaen moved that the House adjourn.  
Adopted.

## HOUSE JOURNAL No. 5

Wednesday, February 6, 2013

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Canon Charles LaFond, Canon for Congregational Life of the Episcopal Diocese of New Hampshire.

Blessed are You Lord God of the Universe for You give us life and a calling to change the world. Give us the wisdom which comes from stillness so that when we speak, it is true, it is kind and it improves on the silence. Help us to see the underlying insecurities on those whose speech is mean, loud or sneaky. Give us grace to lead out of a mission for the wellness of New Hampshire and not the advancement of our person. And help us to see where You are showing up, be it as justice, kindness or mischievousness. Amen.

Representative Patrick Long, member from Manchester, led the Pledge of Allegiance.

Representative Mary Griffin, member from Windham, led the singing of the National Anthem.

### LEAVES OF ABSENCE

Reps. Bishop, Booras, Burke, Danais, Elliott, Michael Garcia, Grace, Hackel, Henle, Kopka, Pelletier, Amy Perkins, Pratt, Stroud, Joy Tilton and Carol Williams, the day, illness.

Reps. Azarian, Richard Eaton, Flanagan, Gidge, Hayes, Irwin, Nickolas Levasseur, McNamara, Priestley and Spainhower, the day, important business.

Rep. Lawrence Perkins, the day, illness in the family.

### INTRODUCTION OF GUESTS

Pat Davis, Jim Lottero and Mark Boisselier, wife, stepson and guest of Rep. Davis. Emerson Hayden Brown, Nancy Emerson, Betsy Pearl, Anna Guth and the Honorable Chris Serlin, former member from Portsmouth, son, mother and guests of Rep. Emerson-Brown. Fourth Graders at New Franklin Elementary School, guests of the Portsmouth delegation. Bernt Johansen, guest of Rep. Weed. Claire and Timothy Shurtleff, sister and brother of Rep. Shurtleff.

Morgan Drew and Jacob Miller, students at Victory High School in Jaffrey, Pages for the day.

### MOTION TO VACATE

Rep. Weber moved that the House vacate the reference of **HB 678-FN-A-L**, relative to games of chance and establishing a gaming oversight authority and video lottery gaming, to the Committee on Executive Departments and Administration.

Adopted.

The Speaker referred **HB 678-FN-A-L** to the Committee on Ways and Means.

### MOTION TO VACATE

Rep. Porter moved that the House vacate the reference of **HB 669-FN-L**, relative to nonpayment of property taxes on current use land, to the Committee on Municipal and County Government.

Adopted.

The Speaker referred **HB 669-FN-L** to the Committee on Environment and Agriculture.

### CONSENT CALENDAR

Rep. Shurtleff moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

**HB 140**, relative to the committee on legislator orientation, removed by Rep. Gary Richardson.

**HB 136-L**, relative to compensation for attendance at meetings of the county convention, removed by Rep. Winters.

**HB 191**, relative to conformity of governmental land uses to land use regulations, removed by Rep. Porter.

Consent Calendar adopted.

Rep. Moffett declared a conflict of interest on **HB 252** and did not participate in the vote on the Consent Calendar.

**HB 177**, relative to licensing requirements for homestead food. **OUGHT TO PASS.**

Rep. Guy Comtois for Environment and Agriculture: HB 177 makes a small correction to Chapter 163, Laws of 2012. It created an exempt status for certain small homestead food operations and also required labeling that read "This product is exempt from New Hampshire licensing and inspection." Unfortunately, because of the wording in the statute, the homestead kitchens that were licensed were also required to label their products as exempt. HB 177 simply says that a non-exempt homestead food operation's labeling must read "This product is made in a residential kitchen licensed by the NH department of health and human services." Vote 18-0.

**HB 155**, relative to the use of open source software by state agencies; including the department of information technology in the uniform electronic transactions act; and repealing the information practices act. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Dianne E. Schuett for Executive Departments and Administration: This bill has three parts. First, it amends definitions in RSA 21-R. Open data format is defined as, "the organization of digital data within a computer file in a manner that makes it accessible for all to implement and use in perpetuity." And, it makes minor changes to the definition of open source software. Second, since the department of information technology (DOIT) no longer falls under the department of administrative services (DAS) the bill amended RSA 294 to clarify that DOIT must consult with DAS and the secretary of state with regard to creation, retention, acceptance, distribution and interoperability of electronic records. The amendment to the bill makes the order of those consultations consistent. The bill also repeals RSA 7-A, relative to the information practices act, which is outdated. Vote 19-0.

#### Amendment (0065h)

Amend the bill by replacing sections 4 and 5 with the following:

4 Creation and Retention of Electronic Records and Conversion of Written Records by Governmental Agencies. Amend RSA 294-E:17 to read as follows:

294-E:17 Creation and Retention of Electronic Records and Conversion of Written Records by Governmental Agencies. The department of [~~administrative services~~] **information technology**, in cooperation with the secretary of state **and the department of administrative services**, shall determine whether, and the extent to which, a governmental agency will create and retain electronic records and convert written records to electronic records.

5 Acceptance and Distribution of Electronic Records by Governmental Agencies. Amend RSA 294-E:18, I and the introductory paragraph of RSA 294-E:18, II to read as follows:

I. Except as otherwise provided in RSA 294-E:12, VI, **the** department of [~~administrative services~~] **information technology**, in cooperation with the secretary of state **and the department of administrative services**, shall determine whether, and the extent to which, a governmental agency will send and accept electronic records and electronic signatures to and from other persons and otherwise create, generate, communicate, store, process, use, and rely upon electronic records and electronic signatures.

II. To the extent that a governmental agency uses electronic records and electronic signatures under paragraph I, the department of [~~administrative services~~] **information technology**, in cooperation with the secretary of state **and the department of administrative services**, giving due consideration to security, may specify:

Referred to the Committee on Finance.

**HB 186**, relative to the authority of the department of state. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jeffrey P. Goley for Executive Departments and Administration: This bill supports the secretary of state in the administration of his constitutional responsibilities by removing the constitutional responsibilities from the definition of "department" in RSA 9:1. This change limits the influence of another agency or executive order from interfering with the secretary of state in conducting constitutional duties. The constitutional duties are only the supervising of elections and the archiving of state records. Passage of the bill would allow the prompt hiring of election workers necessary to deal with recounts and other functions. This bill does not exempt the Secretary of State from the normal budgeting process. Vote 19-0.

**Amendment (0055h)**

Amend the bill by replacing section 1 with the following:

1 Definition of Department. Amend RSA 9:1 to read as follows:

9:1 Terms Used. In this chapter, the term “department” or “establishment” means any executive department, commission, board, institution, bureau, office, or other agency of the state government, by whatever name called, other than the legislature, *the department of state in the execution of the constitutional duties of the office of the secretary of state*, and the state judicial branch, that uses, expends or receives any state funds; the term “state funds” means any and all moneys appropriated by the legislature, or money collected by or for the state, or any agency thereof, pursuant to authority granted in any of its laws; the term “budget” means the budget document by this chapter required to be transmitted to the legislature; the term “stakeholder” means a person and/or group which can affect or is affected by the development, design, and/or development of information technology systems.

**HB 190**, relative to professional misconduct of dental hygienists. **OUGHT TO PASS.**

Rep. Mary S. Nelson for Executive Departments and Administration: This bill amends the statute on the professional misconduct section of dentist and dentistry. It adds the practice of dental hygiene and the Code of Ethics of the American Dental Hygienists’ Association. HB 190 was requested by the board of dentistry and supported by a representative of the dental hygienist association (NH). Vote 17-1.

**HB 216**, relative to the use of the title “fire marshal.” **OUGHT TO PASS.**

Rep. Daniel J. Sullivan for Executive Departments and Administration: This bill repeals a law set to take effect on July 1, 2013, which would have limited the title of “Fire Marshal” to the State Fire Marshal. Without repeal, many local communities currently using the title of Fire Marshall would have to incur costs to remove the title from their organization. Vote 19-0.

**HB 252**, consolidating the property appraisal division and the municipal services division of the department of revenue administration. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Carol M. McGuire for Executive Departments and Administration: This bill recognizes some of the efficiency improvements made in the department of revenue administration recently. They have re-engineered their processes, implemented new technology, cross-trained the people working in these divisions and thus improved service to municipalities and taxpayers while going from 43 to 28 positions. The committee amendment abolishes the vacant director’s position by position number, since the committee has learned that merely deleting the statutory authority for a position does not actually eliminate it. The assistant director and other positions were abolished in HB 2, Chapter 224, Laws of 2011. Vote 18-0.

**Amendment (0094h)**

Amend the bill by inserting after section 7 the following and renumbering the original section 8 to read as 9:

8 Position Abolished. Position number 41797, director of municipal services, is abolished. Referred to the Committee on Finance.

**HB 254-FN-A**, abolishing certain positions in the liquor commission. **OUGHT TO PASS.**

Rep. Carol M. McGuire for Executive Departments and Administration: This bill simply abolishes three duplicative positions in the state liquor commission. As part of the liquor modernization act (included in HB 2, 2009), the three main department heads were converted from classified “chief” to unclassified “director” positions. Due to turmoil in the commission, it was not until 2012 that the final establishment of the director positions was completed with SB 234 and the classified positions were maintained in parallel with the unclassified positions. This bill completes the process by abolishing the classified positions. Vote 19-0. Referred to the Committee on Finance.

**HB 285**, restoring the authorization of the division of emergency services and communications and the division of fire standards and training and emergency medical services to make transfers from their respective funds in cases of unanticipated contingencies. **INEXPEDIENT TO LEGISLATE.** Rep. Daniel A. Eaton for Finance: The issues raised in this bill may have repercussions in other parts of the department of safety budget. It would be better to look at these issues in the totality of the budget review at the Finance committee. The issues will not be forgotten, but should not be singled out in this way. They will be considered in the budget process. Therefore the bill is not needed. Vote 24-0.

**HB 205**, relative to the identification of dental prosthetic and orthodontic appliances. **INEXPEDIENT TO LEGISLATE.**

Rep. Thomas M. Sherman for Health, Human Services and Elderly Affairs: The bill would require dentists to mark all dental prosthetic and orthodontic appliances with the name of the patient. It was introduced to address concerns about identification of the wearers of dental appliances such as dentures and retainers for the purpose of recovery of lost appliances and forensic identification of the wearer of the devices. Experts in the field, including the NH Dental Society and several orthodontists and dentists agreed that orthodontic appliances could not be reasonably marked with the wearer's name. In terms of identification of dentures, concerns were raised that this was better addressed as a best practice within the profession. Other concerns about the bill included the reliance in the legislation on technology that could become obsolete, the cost of the program, the additional record keeping required and privacy issues. However, the committee agreed with the sponsors as to the utility of identification on dentures and will write a letter to the Dental Society urging them to promote this as a best practice. Vote 16-0.

**HB 261-FN**, relative to the assistance program for 2-parent families with dependent children. **DOUGHT TO PASS WITH AMENDMENT.**

Rep. Laurie Harding for Health, Human Services and Elderly Affairs: This bill proposes reinstating the Unemployed Parent Program in DHHS. This program was eliminated in 2011 impacting 562 children of parents who were unemployed or underemployed. The average length of stay on this program for a family was 4 months and the grants ranged from \$675/month for a family of two to \$798/month for a family of three. The funding made available through this program has been used to pay rent, utilities, learning a language, child care while a parent was in school or training for a new career. The cuts to this program have resulted in down shifting support for these families to the welfare departments in our cities and towns. The amended version of HB 261 states that DHHS "may" re-establish the program "subject to available public and, or private funds." The amendment also guides the department in accepting private monies. The committee sees significant value in this program and will make that case to the Finance committee. Vote 16-0.

**Amendment (0119h)**

Amend RSA 167:77-e as inserted by section 1 of the bill by replacing it with the following:

167:77-e Assistance Program for 2-Parent Families with Dependent Children.

**I. Subject to available public and/or private funds**, the department may establish a non-TANF[~~state-funded~~] financial assistance program for 2-parent needy families with dependent children in which one parent is underemployed or unemployed. With the exception of parental underemployment or unemployment, client eligibility and program requirements and administration shall be in accordance with this chapter and the rules adopted under this chapter.

**II. There is hereby established the non-TANF financial assistance program fund. The fund shall contain all private funds received by the department to be used to carry out the provisions of this section. The fund shall be nonlapsing and shall be continually appropriated to the commissioner for the purposes of this section.**

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 New Subparagraph; State Treasurer Accounts; Non-TANF Financial Assistance Program Fund.

Amend RSA 6:12, I(b) by inserting after subparagraph (310) the following new subparagraph:

(311) Moneys deposited in the non-TANF financial assistance program fund under RSA 167:77-e, II.

**AMENDED ANALYSIS**

This bill permits the department of health and human services to establish an assistance program for 2-parent families with dependent children, subject to available funding.

**HB 279**, establishing a pilot program for New Hampshire citizen emergency response teams. **INEXPEDIENT TO LEGISLATE.**

Rep. Donald L. LeBrun for Health, Human Services and Elderly Affairs: In the opinion of the committee, HB 279 does not establish a need for additional emergency response teams. Homeland Security already has programs in place to address this issue. This bill adds nothing to those programs. Therefore, HB 279 is deemed to be unnecessary. We also heard from various organizations as to how this issue of response teams is currently administered and we believe New Hampshire is addressing it in a more than efficient manor. Vote 16-0.

**HB 123**, relative to the limitation of liability for negligence regarding firefighters. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David Woodbury for Judiciary: The so-called “firemen’s rule” originated in common law and was codified by statute as RSA 507:8-h. The rule limited the right of public safety officers to recover civil damages for injuries received while responding to emergencies under the theory that those officers, in choosing those occupations, had assumed certain risks not assumed by others. A recent New Hampshire Supreme Court case interpreted RSA 507:8-h more to the benefit of an injured firefighter than the sponsors thought appropriate. The bill, as originally presented in the view of the committee, unduly restricted the right to sue. The amendment preserves the “firemen’s rule” as originally conceived and understood by preserving the right to sue for causes of action not directly sprung from the particular emergency encountered. This bill, as amended, is agreeable to the sponsors, the insurance industry and the public safety officer community. Vote 16-0.

**Amendment (0102h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to the limitation of liability for negligence regarding public safety officers.

Amend the bill by replacing section 1 with the following:

1 Fireman’s Rule. Amend RSA 507:8-h, I to read as follows:

I.(a) Firefighters, emergency medical technicians (E.M.T.’s), police officers and other public safety officers shall have no cause of action for injuries arising from negligent conduct ~~[which created the particular occasion for the officer’s official engagement. However;]~~ *of the person or persons requiring the officer’s services, which were incurred during the performance of duties incidental to and inherent in the officer’s official engagement.*

(b) This section does not affect such officer’s causes of action for unrelated negligent conduct occurring during the officer’s official engagement, or for other negligent conduct, or for reckless, wanton or willful acts of misconduct.

**AMENDED ANALYSIS**

This bill extends the limitation of liability for negligence to claims for injury caused by the negligent conduct of the person or persons requiring the services of a public safety officer, which were incurred during the performance of the officer’s official duties.

**HB 210**, relative to the procedure for eviction from a manufactured housing park. **INEXPEDIENT TO LEGISLATE.**

Rep. Rick H. Watrous for Judiciary: This bill shortens the notice required for eviction from a manufactured housing park. The bill also limits the number of times a tenant of the park can defeat an eviction action by paying the rent and other arrearages. The majority of the committee believes that reducing the current 18-month eviction notice for condemnation to 60-days notice is unreasonable. Many tenants own manufactured housing, sometimes referred to as mobile homes. It is time consuming and difficult to find a new location to which their home can be moved. Some of the homes can no longer be moved because of their age. It was also pointed out that sometimes the park is condemned through no fault of the tenants themselves. The majority believe that when people’s homes are at stake, they deserve the adequate notice of the existing law. Vote 16-1.

**HB 211**, relative to service of demand for rent and eviction notice. **OUGHT TO PASS.**

Rep. David Woodbury for Judiciary: This bill reduces the burden on a landlord of commercial premises of serving notices to quit or demands for rent on the Secretary of State as well as by certified mail. Under this bill, the process of serving notice is both simplified and made more expeditious without any detriment to the right of the tenant to receive proper and timely notice. Vote 16-0.

**HB 147-FN**, establishing a formula for reimbursing municipalities for assessment expenses. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David A. Bickford for Municipal and County Government: The amendment removes the duty of the assessing standards board to study and recommend to the legislature whether municipalities should be reimbursed for expenses incurred as a result of changes in assessment practices and to recommend a formula. It was discovered there is no formula that will work effectively. Vote 17-0.

**Amendment (0044h)**

Amend the title of the bill by replacing it with the following:

AN ACT repealing a duty of the assessing standards board concerning municipal reimbursement for the cost of assessments.

Amend the bill by replacing all after the enacting clause with the following:

1 Repeal. RSA 21-J:11-a, III, relative to the assessing standards board recommendation for municipal reimbursement of the cost of assessments, is repealed.

2 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill repeals a requirement that the assessing standards board recommend a formula for municipal reimbursement of assessing costs.

Referred to the Committee on Finance.

**HB 176**, allowing towns and cities to grant a part year veterans credit during the year of acquisition of property. **INEXPEDIENT TO LEGISLATE.**

Rep. David A. Bickford for Municipal and County Government: The bill, if enacted, would cause complications for towns to administer. Of special concern to the committee are people who already have a credit in one town and then move to another. The NH municipal association also said there would be software issues to deal with as well. Vote 16-0.

**HB 181**, repealing the equalization standards board. **OUGHT TO PASS.**

Rep. Kathleen M. Stroud for Municipal and County Government: This bill repeals a law that sets up a committee that no longer exists. This equalization standards board was merged with the assessing board per HB 2, Chapter 224, Laws of 2011. Vote 16-0.

**HB 203**, relative to workers' compensation coverage for contractors on state projects. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John A. Graham for Public Works and Highways: This bill, as amended, clarifies a provision of existing law on workers' compensation. Currently, owner-operator truck drivers are not required to have workers' compensation. In a conflict with this provision is the requirement that the same drivers have this coverage if working on, or delivering materials to, a state project. The bill would bring the two provisions into harmony. The amendment also extends this same clarification to owner-operators conducting work for the state forester on state-owned lands. Vote 19-0.

#### Amendment (0103h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to workers' compensation coverage for contractors on state projects and state land timber sales.

Amend the bill by replacing sections 1 and 2 with the following:

1 State Transportation Projects; Workers' Compensation. Amend the introductory paragraph of RSA 228:4-b, I to read as follows:

I. Prior to any work being done by an individual contractor on any state transportation project carried out under this subdivision, such contractor, including all subcontractors and independent contractors, working on a highway, bridge, or other construction, reconstruction, alteration, or maintenance project, excluding routine maintenance operations conducted utilizing the contract rental agreement process, and excluding **all owner-operator truck drivers and** deliveries to and removals from a project administered by the department shall provide to the commissioner of transportation:

2 Major Projects; Workers' Compensation. Amend the introductory paragraph of RSA 21-I:80, VI(a) to read as follows:

VI.(a) Prior to any work being done by an individual contractor on any major project under this section, such contractor, including all subcontractors and independent contractors, excluding **all owner-operator truck drivers and** deliveries to and removals from a project administered by the department, shall provide to the commissioner of administrative services:

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 New Section; State Land Timber Sales; Workers' Compensation. Amend RSA 227-J by inserting after section 15 the following new section:

227-J:16 State Land Timber Sales; Workers' Compensation. Prior to any work being done by an individual purchaser on a timber sale administered by the department of resources and economic development, such contractor, including all subcontractors and independent contractors, excluding

all owner-operator truck drivers and deliveries to and removals from a project administered by the department, shall provide to the director of the division of forests and lands, a certificate of insurance of his or her current workers' compensation coverage in New Hampshire for the classification of work to be completed on the project.

#### AMENDED ANALYSIS

This bill clarifies certain workers' compensation procedures relating to state projects and state land timber sales.

Referred to the Committee on Labor, Industrial and Rehabilitative Services.

**HB 221**, relative to the duty of the long range capital planning and utilization committee. **OUGHT TO PASS.**

Rep. John A. Graham for Public Works and Highways: RSA 17-M:2 lists the powers and duties of the long range capital planning and utilization committee. One of the duties currently listed in the statute is to oversee the implementation of the "Master Plan for the New Hampshire Hospital Campus" dated October 31, 1994. The General Court redid this redevelopment plan in 2004 and, therefore, any reference to a plan from the 1990s is no longer relevant. The bill simply deletes the section of RSA 17-M:2 that references the 1994 plan. Vote 19-0.

**HB 184-FN**, relative to the oil discharge cleanup fund. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Leigh A. Webb for Resources, Recreation and Development: This bill addresses two areas. First, it amends RSA 146-F:2, II to define "motor oil storage facility" to mean a location of storage tanks with a combined capacity not to exceed 45,000 gallons. This measure will insure that motor oil discharge cleanup funds will only be used to address releases from the smaller storage facilities and not those facilities with a potential for catastrophic release which, if still eligible for these funds, would literally deplete the cleanup fund. It is important to note that the larger companies normally carry insurance to cover spills and were agreeable to this change in the existing law. Secondly, as a housekeeping measure and to insure consistency in existing policy, the amendment corrects a typographical error to identify RSA 146-D:3 III as being amended thereby authorizing the Oil Fund Disbursement Board, when requests are brought before it, to waive penalties and interest if the Board deems circumstances warrant such action. It further makes RSA 146-D:5, I(f) consistent with the aforementioned. Vote 15-0.

#### Amendment (0074h)

Amend the bill by replacing all after section 1 with the following:

2 Fund Established; Collection. Amend RSA 146-D:3, III to read as follows:

III. The fee provided for in this section shall be collected by agents of the department of safety, in the same manner as provided for in RSA 260:38. Such funds shall be deposited in the oil discharge and disposal cleanup fund established under this chapter. Any person who fails to obtain a license, file a report, or pay the fees established in this chapter shall be subject to the penalties and interest described in RSA 146-A:11-b. The board, pursuant to rules adopted under RSA 146-D:5, may waive all or any portion of such penalties *or interest*, for good cause.

3 Waiver of Penalties and Interest. Amend RSA 146-F:3, II to read as follows:

II. A fee of \$.04 per gallon of motor oil shall be assessed at the time of importation into this state. Persons licensed under RSA 146-A:11-b, II shall be liable for payment of this additional fee which shall be collected and enforced by the department of safety in the manner described in RSA 146-A:11-b. *Pursuant to rules adopted under RSA 146-D:5*, the oil fund disbursement board may waive all or any portion of penalties or interest for good cause. All fee revenues shall be deposited in the motor oil discharge cleanup fund. If the fund's balance becomes greater than \$1,000,000, the assessment of fees shall be discontinued and only reestablished when the fund's balance is less than \$600,000.

4 Rulemaking. Amend RSA 146-D:5, I(f) to read as follows:

(f) Waiver of penalties *or interest* due or past due under RSA 146-D:3, III *and RSA 146-F:3, II*.

5 Effective Date. This act shall take effect July 1, 2013.

#### AMENDED ANALYSIS

This bill adds a motor oil discharge cleanup fund coverage limitation based on facility storage capacity.

This bill also allows for the waiver of interest by the oil fund disbursement board for good cause.

This bill is a request of the oil fund disbursement board.

Referred to the Committee on Ways and Means.

**HB 137**, relative to special number plates for members of the national guard. **OUGHT TO PASS.** Rep. John A. Hikel for Transportation: It is very common for a New Hampshire resident to belong to another state national guard and request to display a New Hampshire guard plate on their New Hampshire registered vehicle. The guardsmen would like to display a guard plate on their vehicle, but can't because the state they are affiliated with is outside of New Hampshire. This will allow every guard member to display a plate of the state in which they reside. The amendment allows retired members of the guard of any state to have a specialty plate. Vote 14-0.

**HB 145-FN**, authorizing multi-use number plates. **INEXPEDIENT TO LEGISLATE.** Rep. Thomas C. Walsh for Transportation: After lengthy discussion and recognizing the work and time put into this bill, the committee still had concerns. Only 501c-3 organizations were allowed to participate, and which ones, were undetermined. Also, none of the fee would go to the organization. Finally, with such a high bar set (1000 plates at \$50 each), participation was not guaranteed, despite a set-up cost of \$91,800 which would have been incurred regardless. Vote 13-1.

**HB 162**, relative to the scope of the New Hampshire rail transit authority. **INEXPEDIENT TO LEGISLATE.**

Rep. John A. Hikel for Transportation: The sponsor and the chair of the New Hampshire rail transit authority asked the committee to ITL this bill because it is premature at this time. Vote 14-0.

**HB 163**, relative to special number plates for disabled veterans. **OUGHT TO PASS.** Rep. Michael B. O'Brien for Transportation: This bill will allow a disabled veteran to choose a plate with the international handicap symbol or the traditional veteran plate. This allows our disabled veterans a choice and if they choose a regular veteran's plate they may use their handicap mirror placard to identify this disability. Vote 14-0.

**HB 174**, prohibiting the use of motor vehicle records for any federal identification database. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Michael B. O'Brien for Transportation: New Hampshire has a long tradition of protecting personal information, insuring the privacy of our residents. This bill further protects any personal identifiable information from the state DMV to the federal government or agency using that information enhancing a federal identification database. The amendment clarifies the language of the bill to allow law enforcement to continue to access the federal database for law enforcement purposes on a case-by-case basis. Vote 14-0.

#### **Amendment (0079h)**

Amend the title of the bill by replacing it with the following:

AN ACT prohibiting the department of safety from providing motor vehicle records for the purpose of creating or enhancing a federal identification database.

Amend the bill by replacing section 1 with the following:

1 New Section; Provision for Federal Identification Database Prohibited. Amend RSA 260 by inserting after section 14 the following new section:

260:14-a Provision for Federal Identification Database Prohibited. The department shall not provide a complete, or substantially complete or mirrored, extract of motor vehicle records that contain personally identifiable information from any file or database to the federal government or to any agent or agency of, or contractor engaged by, the federal government for the purpose of creating or enhancing a federal identification database.

#### **AMENDED ANALYSIS**

This bill prohibits the department of safety from providing motor vehicle records for the purpose of creating or enhancing a federal identification database.

**HB 194**, relative to collection of permit fees paid with insufficient fund checks. **OUGHT TO PASS.** Rep. Brian D. Rhodes for Transportation: RSA 261:156 is intended to help municipalities recover funds from citizens that draw checks on insufficient funds. To accomplish this goal, it allows DMV to suspend the specific registration that was paid for with the bad check. While this approach provides

some relief to municipalities, it has a major loophole. A citizen can switch cars and register the new vehicle, possibly bouncing a second check to the town. This bill offers a solution to this loophole by allowing the privilege to register vehicles to be suspended. With this change, an individual will not be able to register any vehicle until they have cleared up the bad check. Vote 18-1.

**HB 195**, relative to commercial driver learner permits. **OUGHT TO PASS.**

Rep. Brian D. Rhodes for Transportation: This bill will bring existing New Hampshire commercial driver license (CDL) requirements into compliance with federal CDL requirements. This bill will give New Hampshire residents additional opportunities (time) to train for their actual commercial driver's license. Vote 19-0.

**HB 196**, relative to weight of commercial vehicles with idle reduction devices. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Timothy A. Soucy for Transportation: This bill, as amended, mirrors the code of Federal Regulations Title 23 Part 658:17 to increase the weight of idle reduction units to be exempted from the vehicle weight on the National System of Interstate and Defense Highway to 550 lbs. This is both business and environmentally friendly and brings uniformity with other states and federal law. The amendment amends the bill from 850 lbs to the correct weight of 550 lbs. Vote 19-0.

#### **Amendment (0048h)**

Amend the bill by replacing section 1 with the following:

1 Weight of Commercial Vehicle with Idle Reduction Device. Amend RSA 266:18-c, VII to read as follows:

VII. Any vehicle subject to this subdivision that utilizes an auxiliary power or idle reduction technology unit in order to promote reduction of fuel use and emissions because of engine idling, may be allowed up to an additional [~~400~~] **550** pounds in gross, axle, tandem, or bridge formula weight limits. To be eligible for this exception the driver of the vehicle must be able to prove by written certification the weight of the auxiliary power unit and by demonstration or certification that the idle reduction technology is fully functional at all times. Certification of the weight of the auxiliary power unit must be available to law enforcement officers if the vehicle is found in violation of applicable weight laws. The additional weight allowed may not exceed [~~400~~] **550** pounds or the weight certified, whichever is less.

#### **REGULAR CALENDAR**

**HB 223**, relative to access to school-approved means of communication by recognized youth organizations. **INEXPEDIENT TO LEGISLATE.**

Rep. Mary J. Gorman for Education: This bill mandates that local school boards provide patriotic organizations access to schools for the purpose of advertising activities, recruitment, or other purposes. This bill came as a result of a local school board's recent policy of not allowing fliers of organizations to be distributed through the school. Though these organizations are well respected, the committee believes this is an issue of local control. Townspeople can lobby their local school board for a change in policy. This bill is a state mandate as the answer to a local issue. This bill is not necessary. Vote 13-5.

Committee report adopted.

**HB 251**, relative to the legislative members of the home education advisory council. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Anne C. Grassie for the Majority of Education: This bill allows the two legislators and one senator appointed to the home education advisory council to be voting members. The council is the creation of the General Court and the membership is designated by our law. The work of the council should be reflected by the voting records of all its members. Vote 10-9.

Rep. Ralph G. Boehm for the Minority of Education: The current law, only in effect for one year, states that the Representatives and Senator that are members of the home education advisory council (HEAC) are non-voting members. HEAC is currently comprised of 6 members representing the home education community and 6 members representing the school administration and department of education. This creates a balance; but with the 3 members of the general court being voting members, the council could become political. The house and senate members for the most part do not have the insight into the home education community and will either vote with the home education representatives, or, depending on their policies, vote with the administration. The current law should stay as it is, keeping an even balance.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Boehm spoke against.

Rep. Grassie spoke in favor.

On a division vote, 178 members having voted in the affirmative and 162 in the negative, the majority committee report was adopted and ordered to third reading.

### MOTION TO RECONSIDER

Rep. Baldasaro moved that the House reconsider its actions, whereby on a division vote of 178-162, it adopted the majority committee report of Ought to Pass on **HB 251**, relative to the legislative members of the home education advisory council.

Since Rep. Baldasaro had not voted on the prevailing side, the Speaker ruled the motion out of order.

### REGULAR CALENDAR (CONT'D)

**HB 225**, relative to the rulemaking authority of the liquor commission. **OUGHT TO PASS.**

Rep. John Sytek for Executive Departments and Administration: Many statutes give departments rulemaking authority to implement particular legislation. This authority should reflect the legislative intent as closely as possible. This bill is a timely codification of the rules of the liquor commission. The sponsor reviewed existing rules with the liquor commission and has incorporated its present, long standing rules into this bill. The committee recognized the need for the liquor commission to address changing situations, including new federal requirements. For that reason, the bill permits the liquor commission to make and promulgate rules, the only stipulation being that it provides a written report detailing the necessity and financial impact. Vote 14-4.

Committee report adopted and ordered to third reading.

**HB 270-FN-A**, making an appropriation to the department of education to fund career and technical student organizations. **INEXPEDIENT TO LEGISLATE.**

Rep. Susan M. Ford for Finance: This bill appropriates \$125,000 to the department of education to fund career and technical student organizations. The committee believes that all appropriations for the upcoming biennium should be addressed in HB 1, the appropriations bill. This will allow us to consider the request for appropriations within the proposed budget. Therefore, the committee recommends ITL for this stand-alone appropriations bill. Vote 24-0.

Rep. Wallner addressed the House for a correction to the "blurb."

Committee report adopted.

**HB 358-FN-A**, relative to the children in need of services program and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE.**

Rep. Cindy Rosenwald for Finance: This bill restores both the previous definition and full funding for the children in need of services program. The committee believes that all appropriations for the upcoming biennium should be addressed in HB 1, the appropriations bill. This will allow us to consider requests for appropriations within the context of the entire budget. Therefore, the committee recommends ITL for this stand-alone appropriations bill. Vote 24-0.

Committee report adopted.

**HB 218-FN**, prohibiting interference with access to medical services and health insurance of New Hampshire citizens. **INEXPEDIENT TO LEGISLATE.**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: This bill makes it a crime for any federal or state official to "prevent, attempt to prevent, or interfere with" medical services being delivered to a legal resident or inhabitant of NH. The committee recognizes that the current system, in which the patient and provider relationship exists, functions in a satisfactory way. There are quality assurance measures in place to deal with difficulties that may arise. There was no testimony that supported the need for this bill other than that of the prime sponsor. The committee believes that this legislation is not needed. Vote 16-0.

Committee report adopted.

**CACR 4**, relating to the supreme court. Providing that rules made by the chief justice of the supreme court governing the administration of the courts in the state and the practice and procedure to be followed in all such courts shall not have the force and effect of law. **INEXPEDIENT TO LEGISLATE.**

Rep. Lenette M. Peterson for Judiciary: The committee was asked by the bill sponsor to find this inexpedient to legislate due to the fact that he requested a bill and not a Constitutional Amendment Concurrent Resolution (CACR). Vote 13-1.  
Committee report adopted.

**HB 188**, decreasing the time required for eviction notice in cases where there is a material breach of the lease and requiring the tenant to meet financial obligations under the lease pending appeal. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Peter M. Sullivan for the Majority of Judiciary: New Hampshire's landlord-tenant law strikes a balance of interests between property owners and residents. This bill would disrupt this carefully crafted balance. The committee concluded that lowering the time frame for evictions from 30 days to 7 days would unduly burden low-income tenants, who would find it difficult to secure legal representation and gather supporting documents. In addition, allowing rapid evictions for any material breach would put tenants at risk for even the most minor of technical violations of the lease agreement. Finally, the bill improperly interjects the courts and landlord into disputes between tenants and utility companies. This would create tremendous difficulties for Circuit Court judges and staff. Vote 14-3.

Rep. Michael J. Sylvia for the Minority of Judiciary: The minority believes that this bill restores balance to the landlord-tenant relationship and respects the sanctity of contracts. Current statute requires that in a possessory (eviction) action under appeal, the defendant pays into court the current rent. This bill simply adds that the tenant also pays utility bills and other financial obligations pursuant to the lease. This bill honors property rights and is pro-business. Tenants who fail to pay their financial obligations raise rents for others who live up to their responsibilities. Further, this bill reduces the time to start the eviction process thereby reducing damage to property, stopping disruption to neighbors and limiting expenses for the landlord. Keeping expenses down for landlords will help to keep housing more affordable for the people of New Hampshire.

The question being adoption of the majority committee report of Inexpedient to Legislate. On a division vote, 242 members having voted in the affirmative and 106 in the negative, the majority committee report was adopted.

**HB 238**, relative to the disposition of estates valued at less than \$10,000. **INEXPEDIENT TO LEGISLATE.**

Rep. Frank H. Heffron for Judiciary: This bill would dispense with certain probate procedures in estates consisting entirely of personal property of a gross value not exceeding \$10,000. The committee acknowledges the problem, but concluded that the bill would not effectively simplify the administration of small estates. Vote 14-2.  
Committee report adopted.

**HB 281**, permitting retired judges over the age of 70 to serve the courts under certain circumstances. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary S. Hopper for Judiciary: This bill was introduced to help retain the knowledge and experience of some of our senior judges who are past seventy years of age. Although the majority appreciates the intent of the bill, the New Hampshire Constitution clearly states in Article 78 Part Second that "No person shall hold the office of judge of any court, or judge of probate, or sheriff of any county, after he has attained the age of seventy years." The proper vehicle to achieve what the sponsor is intending would be by amending the Constitution. Vote 10-6.  
Committee report adopted.

**HB 144**, prohibiting the state, counties, towns, and cities from implementing programs of, expending money for, receiving funding from, or contracting with the International Council for Local Environmental Initiatives. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Syndi G. White for the Majority of Municipal and County Government: The International Council for Local Initiatives (ICLEI) is a U.N. sponsored organization which helps promote sustainability, climate protection and clean energy initiatives for towns, cities and counties who choose to join. ICLEI supports local governments by providing technical assistance and training, events, software and networking opportunities. In NH, four municipalities (Wolfeboro, Nashua, Keene and Portsmouth) are members. Supporters of this bill testified that ICLEI (also known as Agenda 21) is

impacting property rights, ruining farms and forcing people to live in "smart zones." They inferred that ICLEI reaches further into areas of education, religion and mind-control. However, NH towns and cities that have membership in ICLEI have not experienced any of these perceived threats or negative impacts. Opponents of this bill cite the importance of keeping the decision whether or not to join ICLEI, or any such organization, at the local level. The issue for the committee in deciding to ITL was indeed one of local control. This bill would strip municipalities of their decision-making ability to join an organization which they feel provides services, advice and solutions to some of the 21st century challenges they are facing. Vote 14-3.

Rep. James E. Coffey for the Minority of Municipal and County Government: The constitution of the United States prohibits states from entering into any compact or agreement with a foreign power without prior approval by congress. The towns, cities and counties are political subdivisions of the state and therefore cannot enter into any compact or agreement with a foreign power. The international council of legislative environmental initiatives known as ICLEI, has 84 foreign states among its membership. The U.S. Congress has not authorized states, counties, or municipal government's permission to join ICLEI.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Notter, Murotake, Coffey and Peterson spoke against.

Reps. Hansen and Baldasaro spoke against and yielded to questions.

Rep. Syndi White spoke in favor.

Rep. Carol McGuire requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

**HB 185-FN**, relative to the fuel oil discharge cleanup fund. **OUGHT TO PASS.**

Rep. Leigh A. Webb for Resources, Recreation and Development: This bill reinstates a lapsed .25 cent fee increase over the original 1.0 cent fee per gallon of fuel oil imported into New Hampshire to help pay for cleanup of fuel oil spills and to fund the state's Safe Tank Program which helps to replace or bring into compliance residential fuel oil tanks in danger of release, for means-tested, lower income families. The fuel oil discharge fund, due to diminishing imports and decreased demand for fuel oil over other types of fuel, has suffered from revenue losses and was dropping to a level endangering the state's ability to effectively deal with these types of releases. Vote 14-0. Rep. Keith Murphy spoke against.

Rep. Leigh Webb spoke in favor and yielded to questions.

Rep. Tamburello requested a roll call; sufficiently seconded.

---------------	---------------	---------------

and the committee report was adopted and referred to the Committee on Ways and Means. Rep. Robertson declared a conflict of interest and did not participate. Rep. Campbell did not vote and notified the Clerk that he wished to be recorded in favor.

**HB 152**, establishing a committee to study the feasibility of personal rapid transit systems. **INEXPEDIENT TO LEGISLATE.**

Rep. Sherman A. Packard for Transportation: We are always looking to improve our ability to transport people in a cost effective way. This bill would create a study commission that advocates a new form of rapid transit. The committee felt that at this time a proper study could not be done without a sizeable amount of money for consultants to do a proper study. A majority of the committee felt that the department of transportation should keep track of any progress of these systems that may have future possibilities for New Hampshire. Vote 12-1.

Rep. Steven Smith spoke against.

Rep. Packard spoke in favor.

On a division vote, 303 members having voted in the affirmative and 47 in the negative, the committee report was adopted.

**HB 193**, relative to registration of vehicles by residents without a permanent street address. **OUGHT TO PASS.**

Rep. Brian D. Rhodes for Transportation: RSA 261:52c currently allows the homeless to re-register an automobile if they are engaged with an appropriate social service organization. This bill simply modifies the language of 261:52c to say "register or re-register" an automobile. This subtle but important change will allow homeless citizens to replace or upgrade vehicles, which can be an important step on their path to self-sufficiency. The bill does not change or expand the program; it simply allows homeless citizens to change vehicles. Vote 11-8.

Committee report adopted and ordered to third reading.

**CACR 1**, relating to taxation. Providing that a 3/5 vote is required to pass legislation imposing new or increased taxes or license fees, or to authorize the issuance of state bonds and providing that the general court shall appropriate funds for payment of interest and installments or principal of all state bonds. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.** Rep. Gilman Shattuck for the Majority of Ways and Means: The committee heard no testimony to support this resolution except from the prime sponsor. The committee heard testimony supporting a consensus of reasons as to why this resolution would sharply limit the ability of the general court to prepare useful and timely budgets in the future. This bill would allow a future house or senate

minority to stop any tax or fee increase that the majority of both houses and governor believed as necessary to provide proper services to citizens and business. It would undermine the democratic institutions and processes that have worked so well for us over so many years, in good times and in bad times. It would result in higher borrowing costs to the state. It would inhibit reconsideration of costly tax breaks and any tax reforms. It would encourage the use of one-time fixes and accounting gimmicks. It would encourage legislative stalemates such as we see at the federal level and in other states with supermajority rules. It would cause the eventual collapse of state government – imposing an unacceptable burden on our children and grandchildren. The resolution attempts to solve a problem does not exist. The bipartisan majority recommends its defeat. Vote 14-3.

Rep. Jordan Ulery for the Minority of Ways and Means: CACR 1 modifies our constitution to allow more transparency, more clarity and more consensus in the tax process. Currently, taxes are hidden in dead of night budget fixes. This bill would force this body to directly address the real need, seek an honest collegial consensus on the need of tax or license increases. This process would streamline budgeting, streamline tax policy and give the individual representatives back the power to actually represent his other district. The CACR does require we work together and it does require hard work to achieve consensus. That is good, for when we are taking our neighbors' money from their pockets, there should be a good reason accepted by a supermajority.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Tamburello spoke against.

Rep. Renzullo spoke against and yielded to questions.

Reps. Timothy Smith and Almy spoke in favor.

Rep. Ulery spoke against, yielded to questions and requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

The House recessed at 12:15 p.m.

**RECESS**

The House reconvened at 1:20 p.m.

**(Speaker Norelli in the Chair)**

**REGULAR CALENDAR (CONT'D)**

**CACR 2**, relating to taxation. Providing that taxes imposed by the state of New Hampshire or its subdivisions may be graduated. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Patricia Lovejoy for the Majority of Ways and Means: This bill proposes that voters decide whether to allow a graduated tax. Our constitution has always required all taxes be proportional and reasonable, though sometimes with major exemptions that serve the public good. The concept of a graduated tax could be applied to any tax of the State of NH or any subdivision thereof, including business taxes, property taxes, real estate transfer taxes, excise tax, etc. This concept would be applicable to any future taxes such as a broad-based sales or income tax. The sponsor was unclear how this concept would be explained to the voters in the absence of specific examples. The benefit was tied to reducing property taxes. The majority of the committee finds the linkage too vague for a measure that must go to the voters. Vote 14-2.

Rep. Gilman Shattuck for the Minority of Ways and Means: The sponsor made clear in his testimony that he had no specific changes or additions to tax law in mind with this bill. He feels strongly that future legislatures need full flexibility in order to craft legislation that might foster more equitable tax systems. Since this legislature cannot and should not predict or determine the future revenue needs of this state, this legislature should not limit the work of future legislatures. The bill in itself is simply enabling legislation; it does not require any change to existing law. It might provide useful flexibility to future legislatures.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Weed spoke against and yielded to questions.

Reps. Lovejoy and Abrami spoke in favor.

On a division vote, 302 members having voted in the affirmative and 38 in the negative, the majority committee report was adopted.

**HB 168-FN-A**, increasing the beer tax. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Thomas C. Schamberg for the Majority of Ways and Means: This bill would increase the beer tax from 30 cents to 40 cents a gallon and designate all additional proceeds to a dedicated alcohol abuse prevention and treatment fund. We already have a designated abuse prevention and treatment fund. New Hampshire would have the highest beer tax in New England and almost four (4) times the rate of Massachusetts which is 11 cents per gallon. The majority of the committee feels this would hurt the border communities' sales. Vote 14-2.

Rep. Richard Ames for the Minority of Ways and Means: This bill would increase the beer tax from 30 cents to 40 cents per gallon, an increase of slightly less than 1 cent per 12 ounce can or bottle. This would be the first increase in this tax since 1983. The increased tax is likely to generate about \$3.9 million in new revenue, with about \$1.9 million of the increased revenue expected to come from the sale of beer to out-of-state visitors. By the terms of the bill, all of this new revenue would go to the alcohol abuse prevention and treatment fund for alcohol and other drug abuse prevention, intervention and treatment services. The minority believes based on testimony received, that a penny per drink tax increase will not result in a significant adverse impact on beer sales in New Hampshire. State funding for alcohol fund supported services was reduced 55 percent by the FY 2012/2013 budget. The minority believes that the increased revenue that will be produced by this bill will enable a return in the FY 2014/2015 budget, through the regular budgeting process, to minimally adequate state funding for desperately needed alcohol fund supported services.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Weed spoke against and yielded to questions.

Rep. Schamberg spoke in favor.

Rep. Notter requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

**BILLS REMOVED FROM THE CONSENT CALENDAR**

**HB 140**, relative to the committee on legislator orientation. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Rebecca Emerson-Brown for Legislative Administration: This bill adds the director of house committee services or her/his designee to the committee on legislator orientation and provides for a member of the minority party of the house and senate to be appointed in consultation with the minority leaders. Vote 9-0.

**Amendment (0117h)**

Amend RSA 17-C:2 as inserted by section 1 of the bill by replacing it with the following:

17-C:2 Membership. The committee is composed of 3 members of the house of representatives, *including a member of the minority party appointed in consultation with the minority leader*, appointed by the speaker of the house, 2 members of the senate, *including a member of the minority party appointed in consultation with the minority leader*, appointed by the president of the senate, the clerks of both houses, the president of the senate, the speaker of the house [and], the director of legislative services or his *or her* designee, *and the director of house committee services*. A chairman shall be elected by the members of the committee.

**AMENDED ANALYSIS**

This bill adds the director of house committee services to the committee on legislator orientation. This bill also adds members representing the minority party to the committee on legislator orientation. Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Gary Richardson addressed the House for a correction to the "blurb." Committee report adopted and ordered to third reading.

**HB 136-L**, relative to compensation for attendance at meetings of the county convention. **OUGHT TO PASS.**

Rep. Dennis J. Malloy for Municipal and County Government: This bill increases the per diem rate paid for actual attendance at meetings of the county convention. This bill was requested to help insure a quorum at the county delegation meetings. The current attendance per diem rate is \$25.00 and hasn't changed since 2007. This bill allows the rate to increase to \$50.00 for attendance. The committee agreed that an increase in the per diem could encourage attendance at county delegation meetings especially among people who need to take time off from work and travel long distances. Vote 16-0. Rep. Itse spoke against and yielded to questions.

Rep. Porter spoke in favor.

Rep. Tucker requested a roll call; sufficiently seconded.

and the committee report failed.

Rep. Berube voted Yea and intended to vote Nay.

Rep. Winters moved Inexpedient to Legislate.

Adopted.

**HB 191**, relative to conformity of governmental land uses to land use regulations. **INEXPEDIENT TO LEGISLATE.**

Rep. James Verschuereen for Municipal and County Government: The bill addressed perceived inequalities between government and private sector land use. The bill would add zoning board of adjustment to the municipal entities that must be notified of substantial changes or new land uses. The bill further requires the zoning board to hold a public hearing and issues a binding resolution that would be nonbinding under certain circumstances. The committee voted ITL because most testimony was opposed, there were numerous instances of confusion in the language that needed clarifying amendments and there was potential for substantial harm to projects otherwise approved by voters. Vote 16-0.

Rep. Porter addressed the House for a correction to the "blurb" and spoke in favor. Committee report adopted.

### MOTION TO WITHDRAW

Rep. Cebrowski moved, pursuant to House Rule 38(e), that **HB 641-FN-L**, relative to penalties for failure to license dogs, be withdrawn.

Adopted.

### REFERRAL DECLINED

Rep. Wallner, Chairman of the Committee on Finance, under the provisions of House Rule 46 (f), declined the referral of **HB 147-FN**, repealing a duty of the assessing standards board concerning municipal reimbursement for the cost of assessments, and **HB 155**, relative to the use of open source software by state agencies; including the department of information technology in the uniform electronic transactions act; and repealing the information practices act.

### RESOLUTION

Rep. Shurtleff offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, February 13, 2013 at 10:00 a.m. Adopted.

### LATE SESSION

#### Third reading and final passage

**HB 177**, relative to licensing requirements for homestead food.

**HB 186**, relative to the authority of the department of state.  
**HB 190**, relative to professional misconduct of dental hygienists.  
**HB 216**, relative to the use of the title "fire marshal."  
**HB 261-FN**, relative to the assistance program for 2-parent families with dependent children.  
**HB 123**, relative to the limitation of liability for negligence regarding public safety officers.  
**HB 211**, relative to service of demand for rent and eviction notice.  
**HB 181**, repealing the equalization standards board.  
**HB 221**, relative to the duty of the long range capital planning and utilization committee.  
**HB 137**, relative to special number plates for members of the national guard.  
**HB 163**, relative to special number plates for disabled veterans.  
**HB 174**, prohibiting the department of safety from providing motor vehicle records for the purpose of creating or enhancing a federal identification database.  
**HB 194**, relative to collection of permit fees paid with insufficient fund checks.  
**HB 195**, relative to commercial driver learner permits.  
**HB 196**, relative to weight of commercial vehicles with idle reduction devices.  
**HB 251**, relative to the legislative members of the home education advisory council.  
**HB 225**, relative to the rulemaking authority of the liquor commission.  
**HB 193**, relative to registration of vehicles by residents without a permanent street address.  
**HB 140**, relative to the committee on legislator orientation.  
**HB 147-FN**, repealing a duty of the assessing standards board concerning municipal reimbursement for the cost of assessments.  
**HB 155**, relative to the use of open source software by state agencies; including the department of information technology in the uniform electronic transactions act; and repealing the information practices act.

### UNANIMOUS CONSENT

Reps. Flockhart, Hess, Dan McGuire, Itse and Burt addressed the House.

### MOTION TO PRINT REMARKS

Rep. Daniel Eaton moved that the remarks by Rep. Lockhart be printed in the Permanent Journal. Adopted.

### REMARKS

**Rep. Flockhart, accompanied by the Exeter delegation:** Thank you, Madam Speaker. James E. Kennedy, State Representative for District 13, Exeter, Stratham and North Hampton, who served on the Fish and Game committee from 2006-2008, passed away this past November while awaiting a heart transplant. James was born in Chelsea, MA in 1945 and worked professionally as an electrician. Always interested in things political, he decided to run for office in 2006. He served one term and his vision went well beyond fish and game issues. He supported a good living wage, teacher's rights and believed that the issue of an income tax should truly be explored in NH. He was both vocal and thoughtful with a caring heart. We are all often asked to visit students and James enjoyed visits with the students in Exeter's Adult Education program. He had the sensitivity to know that many of those students worked during the day and took night classes, so he always arrived with pizza for them. When he learned of a need, he did what he could in a quiet way, but these young people never forgot his kindness. That kind of generosity and good humor characterized his whole life. As he began his career as a representative, many here did not know that he was on a heart transplant waiting list at Tufts Medical Center. He wasn't hiding it, but would often say that he was feeling pretty darn good. His attitude about his health carried right through until his death. When he was finally admitted to Tufts indefinitely, he stayed active and engaged with friends, family and church members. He read and watched the History Channel and stayed connected through his laptop. As we sit here today, we will never know what sorts of challenges will be given to us, but the example of James Kennedy's endurance and good spirit should make us all proud of the efforts of everyone in this room. We send our thanks and good wishes to his wife Gail and all the members of his family for having shared James Kennedy with the NH House.

### MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former member from Exeter, the Honorable James E. Kennedy.

**MOTION TO PRINT REMARKS**

Rep. Gary Richardson moved that the remarks made by Rep. Hess be printed in the Permanent Journal.

Adopted.

**REMARKS**

**Rep. Hess:** Thank you very much, Madam Speaker. Rarely, very rarely, do we have a giant stride across the political stage here in New Hampshire. Only a handful of such people emerge in any given century. On November 19<sup>th</sup> of last year, we lost one of the greatest from the second-half of the 20<sup>th</sup> century. Warren Rudman was not born in New Hampshire, but he left a mark in this state and on the national scene unequalled by any other person in those same fifty years. Warren was the grandchild of Jewish immigrants from Germany, Poland and Russia. He was naturally pugnacious. He won a Golden Gloves victory as a boxer and in explaining where he acquired this talent, he said, "Thanks to schoolyard encounters with anti-Semitism, I was handy with my fists." Shortly after the North Korean's crossed the 39<sup>th</sup> Parallel, Warren enlisted in the United States Army. He served 15 months in combat, first as a Platoon Leader and later as Company Commander. He earned a Bronze Star for heroism under fire and he had some other choice comments to say about that experience. If you've known combat, he says, not much is left that will intimidate you. It was also the source of a saying that he used to tell many of us who were his aides when the rhetoric was rising and nerves were being frayed. He would say, "Relax, they're not shooting real bullets." Warren went to law school and graduated after going nights to BC in 1960. Eight years later he was appointed legal counsel by Walter Peterson and in 1970 he became the Attorney General of the State of New Hampshire. That's where I met him when I interviewed for a position in his office in 1972. As the Attorney General of the State of New Hampshire, Warren was essential in founding the Consumer Protection Division and the Environmental Protection Division. I served for three years with Warren. He may not have been the best legal mind in the office; that belonged undoubtedly to David Souter, but he was the best leader I have ever known or served under. With Warren, you served both with and under him. He made sure that everybody in the Attorney General's office at that time knew that they were part of the team, but we also knew, in no uncertain terms, that we were part of Warren's team. Warren was a man of action. He did not suffer fools easily or lightly and he did not waste any time. His leadership style was simple and straightforward. He told you what he expected of you and what he wanted you to do and out of fear, you did it. You didn't do it part-way, you didn't do it any way. One of the classic examples that I have is a case in which a 12 year-old newspaper boy was found murdered in the Fish and Game Club outside of Nashua, a boy by the name of Johnny Lindovski. Warren, of course, was from Nashua. I was assigned to the case and he said one thing, "Be sure you get the bastard that did this." After that, it was up to you to do anything you needed to do, however much you had to do, to accomplish the work and we did it. Warren ran for United States Senate in 1980. There were ten candidates for that position in the Republican Primary, including John H. Sununu. Warren won. He then beat John Durkin in the general election and began serving the first of his two terms in the Senate. Words like "blunt" and "outspoken" are not adequate to describe Warren and his personality. He had two nicknames in the US Senate. The first one was "sledgehammer." The second one, coined by George Mitchell, was that he was a "human flamethrower." Warren was a deficit hawk before that phrase was popular. He was one of the authors of the Gramm-Rudman-Hollings bill. A bill which sought to limit and eliminate deficits in federal government in the 1980's when our deficit was only \$200 billion. He served with distinction in a number of roles in the Senate and is famous for a number of quotable quotes. He was on the Iran-contra select committee as vice chairman investigating the questionable diversion of funds and supply to Iran with missiles. He had an encounter with Oliver North in that capacity and in facing down Oliver North he said, "The American people have a right to be wrong, and what Ronald Reagan thinks or what Oliver North thinks or what anybody else thinks matters not a whit." He was vice chair of the ethics committee when the Keating Five were censured and when Congress repealed, basically, Gramm-Rudman in the early 90's, he declined to run for a third term saying, "The glory of being a Senator doesn't mean much if we are bankrupting America." Integrity and principle were always more important to him than partisanship. He was the chair of the President's Foreign Intelligence Advisory Board. He co-founded the Concord Coalition with Senator Paul Tsongas of Massachusetts. You may not know this, he was asked to be Treasury Secretary by President Clinton to replace Lloyd Bentsen and he was also asked to be the Vice

Presidential candidate by Ross Perot. He declined both of those roles. He and Gary Hart chaired the committee to investigate foreign terrorism in the early part of this century and they issued a report on February 15, 2001 which concluded the foreign attacks against American citizens on American soil, possibly causing heavy casualties are likely over the next quarter century. Exactly seven months after that report was issued, we were hit by 9-11. Just as he was all through his life, Warren was ahead of the curve on this issue, principled, centrist, nonpartisan. We are all going to miss him, Democrats and Republicans alike. Thank you.

### **MOMENT OF SILENCE**

A moment of silence was observed in honor and in memory of former United States Senator, the Honorable Warren Rudman.

### **RECESS MOTION**

Rep. Shurtleff moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.

Adopted.

The House recessed at 2:45 p.m.

### **RECESS**

### **(Rep. Kaen in the Chair)**

### **RESOLUTION**

Rep. Lefebvre offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bill numbered 39 shall be by this resolution read a first and second time by the therein listed title and referred to the therein designated committee.

Adopted.

### **INTRODUCTION OF SENATE BILL**

### **First, second reading and referral**

**SB 39-FN-A**, relative to funding of capital projects of the division of ports and harbors, Pease development authority. (Public Works and Highways)

### **RECESS**

### **(Speaker Norelli in the Chair)**

Rep. Kaen moved that the House adjourn.

Adopted.

## HOUSE JOURNAL No. 6

Wednesday, February 13, 2013

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

O God of infinite newness, whether it comes on the spectacular heels of a wintry Nor'easter, or simply in a spontaneous moment of insight over a cup of coffee, we thank You for those occasions when You grant to us a vision of things as we've never quite seen them before. You have a way of transforming the ordinary into the extraordinary and dead-ends into possibilities. Grant, we pray, that during this legislative session today, that we might be particularly open to the insights, possibilities and resources You have set before us that perhaps we simply hadn't noticed before. On this day, when some of us turn to a season of repentance, remind us of the mobility of a humble heart. Remind us too, that when we ask forgiveness for our faults, deserts of emptiness often turn into oases of life. O God whose center is everywhere and whose periphery is nowhere, show us how, in this season of sunshine and slush, how we might draw into the center of communal opportunity those women, men and children in our state who find themselves at the periphery of our awareness or at the bottom of the economic or power ladders. Raise us above partisan allegiances and narrow agendas so that we may hear one another's wisdom and do what makes good sense for the many. We pray for each other today and for all whose benefit we are charged with. We pray with thanksgiving for the men and women in the armed services, both active and retired, who remind us of the virtue of selfless service. And we pray for those in our lives who find themselves in places of grief, injury, fear or loss. Bear them up in Your Holy care, we humbly pray. Amen.

Representative Glenn Cordelli, member from Tuftonboro, led the Pledge of Allegiance.

The National Anthem was sung by Emma Joanis, an 8<sup>th</sup> grade student at Windham Middle School.

### LEAVES OF ABSENCE

Reps. Ronald Belanger, Berch, Bishop, Booras, Chirichiello, Crawford, Danais, Bianca Garcia, Gargas, Grossman, Hackel, John Kelley, Kopka, Dan McGuire, Menear, Reilly, Rokas, Thompson, Joy Tilton and Carol Williams, the day, illness.

Reps. Azarian, Bailey, Beaudoin, Burtis, Richard Eaton, Friel, Gottling, Harriott-Gathright, Hayes, Hikel, McNamara, Pelletier, Priestley and Tamburello, the day, important business.

Reps. Lockwood, Jane Johnson and Martel, the day, illness in the family.

### INTRODUCTION OF GUESTS

The Honorable Ricia McMahon, former member from Sutton, guest of Reps. Harding and Gottling. Fourth Graders from Webster Elementary School in Manchester, guests of Reps. Goley, Long, Ramsey and Daniel Sullivan. Michael Joanis, father of the singer, guest of the House.

KC Cheng and Liane Holdowsky, students at Lebanon High School, Pages for the day.

### PETITION

**Petitioner Representative Mark Warden on behalf of Ian Freeman, Jason Talley, Kate Ager and Adam Mueller of Keene.** This grievance against county officials in Cheshire County seeks redress by passage of a House resolution asking that certain orders of county officials, relative to access to the Superior Court, be rescinded, introduction of legislation allowing the public to record actions within courtrooms and introduction of legislation prohibiting a judge from establishing rules of decorum in his/her courtroom.

The Speaker announced that copies of the Petition are on file in the Clerk's Office.

### MOTION TO REFER PETITION TO COMMITTEE

Rep. Warden moved that the Petition on behalf of Ian Freeman, Jason Talley, Kate Ager and Adam Mueller of Keene be referred to the Committee on Judiciary.

Rep. Warden spoke in favor.

Rep. Gary Richardson spoke against.

Rep. Baldasaro requested a roll call; sufficiently seconded.

and the motion failed.

Rep. Wall did not vote and notified the Clerk that she wished to be recorded against.

**MOTION TO VACATE**

Rep. James MacKay moved that the House vacate the reference of **HB 664-FN**, relative to the New Hampshire vaccine association, to the Committee on Health, Human Services and Elderly Affairs. Adopted.

The Speaker referred **HB 664-FN** to the Committee on Commerce and Consumer Affairs.

**CONSENT CALENDAR**

Rep. Shurtleff moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

**HB 269-L**, authorizing a city or town to conduct a special meeting necessitated by changes in adequate education funding, removed by Rep. Kurk.

**HB 239**, relative to online availability of certain county budget information and reports, removed by Rep. Jones.

Consent Calendar adopted.

**HB 154-FN**, establishing the New Hampshire condominium law review board. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura M. Jones for Commerce and Consumer Affairs: This bill would create a board without any power to issue rulings or resolve complaints. The board could only recommend future legislation. The committee agreed that condo owners, and others, could become frustrated dealing with a board that has no authority. In addition, this bill would repeal the current committee that studies condominium issues and recommends future legislation. The committee further agreed that the current study committee is doing good work, such as reviewing best practices of other states and that work needs to continue. The current study committee also has historical knowledge of complaints, problems and possible solutions. Vote 17-0.

**HB 229-FN**, relative to a financial examination supervisor. **OUGHT TO PASS.**

Rep. John B. Hunt for Commerce and Consumer Affairs: This bill is a request of the insurance department. The bill takes a currently existing unfilled classified position of financial examiner and makes it an unclassified position titled financial examinations supervisor. This change is necessitated

by the insurance department's recent restructure where this position has now become managerial in nature. There is no fiscal impact to the general fund by the passage of this bill as the insurance department is a self-funded agency that will absorb the anticipated impact of less than \$10,000. Vote 17-0.

**HB 230**, relative to administrative supervision of insurers. **OUGHT TO PASS.**

Rep. Donald H. Flanders for Commerce and Consumer Affairs: This bill is a request of the insurance department. It provides the insurance commissioner with a comprehensive law to administratively supervise an insurer under certain circumstances. Those circumstances include if the insurer's condition renders the continuance of its business hazardous to the public or to its insured; the insurer has exceeded its powers granted under its certificate of authority; the insurer has failed to comply with applicable provisions of the insurance code; the business of the insurer is being conducted fraudulently. Administrative supervision provides the commissioner and insurer the time to develop a course of action to alleviate the conditions giving rise to the supervision in the first instance. During the supervision period, the insurer may contest an action taken or proposed to be taken under administrative supervision. If the supervision fails to correct the condition, the commissioner has other statutory remedies that may be pursued. Vote 16-1.

**HB 231**, relative to reinsurance. **OUGHT TO PASS.**

Rep. Ralph J. Doolan for Commerce and Consumer Affairs: This bill is a request of the insurance department. The bill amends the existing credit for reinsurance law by strengthening the oversight provisions of the law regulating reinsurers that are providing reinsurance to insurers doing business in New Hampshire. House Bill 231 contains language that implements nationally uniform financial regulation standards developed by the National Association of Insurance Commissioners with input from the insurance industry. The law helps to protect New Hampshire's citizens by maintaining the financial solvency of insurers licensed to do business in New Hampshire. House Bill 231 is necessary for the insurance department to retain its accreditation with the National Association of Insurance Commissioners. Vote 16-1.

**HB 237**, relative to home production of liquor and wine for personal or family use. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John B. Hunt for Commerce: The bill, as introduced, allowed for individuals to produce wine and liquor for personal use. Since federal law prohibits home distillery, the amendment removes liquor from the bill. Beer is already permitted under current law, so it is not affected by this legislation. Vote 18-0.

**Amendment (0196h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to home production of wine for personal or family use.

Amend the bill by replacing section 1 with the following:

1 Alcoholic Beverages; Production for Personal or Family Use. Amend RSA 175:5-b to read as follows:

175:5-b Production of Beer *and Wine* for Personal or Family Use.

I. Except as provided in this section, this title shall not apply to the production of beer *or wine other than fortified wine* by persons over 21 years of age for personal or family use, when such beer *or wine* is not offered for sale or sold, when produced in the following aggregate amount per household:

(a) Not in excess of 200 gallons per calendar year if there are 2 or more persons producing beer *or wine* in such household.

(b) Not in excess of 100 gallons per calendar year if there is only one person producing beer *or wine* in such household.

II. It shall be unlawful for any person to produce beer *or wine* for personal or family use in excess of the amounts permitted in paragraph I or to offer for sale or sell such beer *or wine*.

III. Beer *or wine* produced under the provisions of paragraph I may be removed from the premises where made for personal or family use for use at organized home brewing meetings, exhibitions, or competitions, such as homebrewer's contests, tastings, or judgments, and for personal off-premises use. Beer *or wine* used under this paragraph shall not be sold or offered for sale.

## AMENDED ANALYSIS

This bill amends the statute authorizing and regulating home brewing to include the production of wine.

**HB 288-FN**, relative to the department of health and human services promoting awareness of the federal earned income credit. **INEXPEDIENT TO LEGISLATE.**

Rep. Donna L. Schlachman for Commerce and Consumer Affairs: After filing this bill, the sponsor gained new information regarding how best to ensure that taxpayers are informed of earned income credit and requested the committee vote this bill inexpedient to legislate. The committee also heard from the department of health and human services that it already educates all its clients about this tax credit. Vote 17-0.

**HB 301**, relative to notice of sale in foreclosure proceedings. **OUGHT TO PASS.**

Rep. Donna L. Schlachman for Commerce and Consumer Affairs: This bill concerns the rights of individuals whose property is in foreclosure. Currently, a foreclosure sale notice must inform the consumer in writing that they can petition the superior court to stop the sale. What many do not know is that failure on the part of a foreclosed party to institute such a petition for temporary enjoinder means the forfeiture of any future action or right of action against the mortgage holder. This bill adds specific language, already in statute, to the legal notice of sale. The committee heard testimony that without this change, individuals who feel they have been unfairly or illegally foreclosed upon will have no remedy through the courts. Vote 17-1.

**HB 213**, requiring college courses completed by a high school student to be counted in the student's grade point average. **INEXPEDIENT TO LEGISLATE.**

Rep. Anne C. Grassie for Education: The committee believes that school districts across New Hampshire can already offer their students this option through local policy created to serve their needs. A new state law is not required. Vote 17-1.

**HB 214**, relative to the eligibility of high school students enrolled in college courses to participate in high school extracurricular activities. **INEXPEDIENT TO LEGISLATE.**

Rep. Mel Myler for Education: After considering the merits of this bill, the committee felt this was a local issue and that current law (193:1) covers the intent of this proposal. The proposed legislation is not necessary. Vote 18-0.

**HB 371**, repealing the statute recognizing cohabitation as a basis for legal marriage. **INEXPEDIENT TO LEGISLATE.**

Rep. Charlene F. Takesian for Judiciary: This bill redefines a death benefit for a police officer or firefighter killed in the line of duty. In addition, this bill would repeal RSA 457:39, relative to cohabitation as a basis for legal marriage. The committee concluded that this would have an unintended impact on people's rights, property rights, children and heirs of those who rely on RSA 457:39 for those rights. This bill would have totally revised the rights of those couples who cohabitate as their basis for legal marriage. Vote 18-0.

**HB 171**, relative to the civil penalty for failure to make payment of workers' compensation. **OUGHT TO PASS.**

Rep. Christopher R. Andrews for Labor, Industrial and Rehabilitative Services: This legislation requires the commissioner of employment security to assess fines for insurance carriers or self-insurer who without cause fail to make workers compensation payments as required by law. Current statute provides the commissioner discretion to levy fines or not. The committee heard testimony that because the commissioner is not required to impose fines on those in violation there is no ability to gather data about the extent of the issue of non-payment. The commissioner retains the authority to fine from one cent to twenty five hundred dollars. The one word change to statute changes "may" to "shall" to support this endeavor. Vote 16-0.

**HB 172**, requiring the labor commissioner to maintain certain statistical information regarding payment of workers' compensation. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Gary L. Daniels for Labor, Industrial and Rehabilitative Services: This bill requires the labor commissioner to maintain statistical information on insurance carriers and self-insurers who are fined in violation of timely payments of workers' compensation. The bill, as amended, requires a report be sent to the Workers Compensation Advisory Council every six months. Vote 18-0.

**Amendment (0193h)**

Amend RSA 282-A: 61, III as inserted by section 1 of the bill by replacing it with the following:

III. The commissioner shall maintain statistical information relating to any insurance carrier or self-insurer who fails to make payment of compensation pursuant to RSA 281-A:28 and RSA 281-A:31. The commissioner shall maintain statistical information relating to the fines assessed and collected on all carriers or self-insurers. The commissioner shall also keep records of any reductions in fines, waivers, and extensions that are granted to all carriers or self-insurers related to industrial accidents for a period of 2 years. The commissioner shall make a report every 6 months relative to the information required to be maintained under this paragraph to the advisory council on workers' compensation, established in RSA 281-A:62.

**HB 187**, relative to deliberative sessions in towns that have adopted official ballot voting. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Linda L. Tanner for Labor, Industrial and Rehabilitative Services: This bill has proposed to address the confusion specifically in HB 2 towns, regarding the legislative body's ability to amend cost items agreed upon by the governing body and the labor groups. This bill, as amended, clarifies that the cost items must be accepted or rejected and may not be amended because a negotiated agreement is a result and balance of all components such as benefits, working conditions as well as cost items. Vote 18-0.

**Amendment (0060h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to cost items in negotiated agreements.

Amend the bill by replacing section 1 with the following:

1 Obligation to Bargain; Modification of Cost Items in Negotiated Agreements. Amend RSA 273-A:3, II(b) to read as follows:

(b) Only cost items shall be submitted to the legislative body of the public employer for approval at the next annual meeting of the legislative body, unless there is an emergency as defined in RSA 31:5 or RSA 197:3. If the legislative body rejects ~~any part of~~ the submission, or while accepting the submission takes any action which would result in a modification of the terms of the cost item submitted to it, either party may reopen negotiations on ~~all or part of~~ the entire agreement. *No cost item agreed to by the public employer and the employee organization shall be modified by the legislative body of such public employer.*

**HB 246**, relative to falsity by employer. **OUGHT TO PASS.**

Rep. Linda A. DiSilvestro for Labor, Industrial and Rehabilitative Services: This bill moves the penalty clause to the end of the list of violations for which the penalty is assessed. In current statute, the penalty "shall be guilty of an offense as provided in paragraph II" appears before the final item for which a penalty can be assessed. Passage of this bill would allow the words "shall be guilty of an offense as provided in paragraph II" to be moved to the bottom of the list of items for which a penalty can be assessed more clearly indicating the entire list is subject to the penalty. Vote 19-0. Referred to the Committee on Criminal Justice and Public Safety.

**HB 129**, relative to access to galleries in the general court. **INEXPEDIENT TO LEGISLATE.**

Rep. Joel F. Winters for Legislative Administration: The committee shared the sponsor's concern about open access to the galleries, but did not agree with the proposed legislative solution. This bill would require the house or senate to go into recess for any disruption, a decision which the committee thought was better left up to the presiding officer. In cases of abuse of the authority of the presiding officer, we heard testimony that judicial orders could be sought to reopen the gallery to the public, as required by part 2, article 8 of the New Hampshire Constitution. Vote 9-0.

**HB 310**, relative to application of laws on employment to the members of the house of representatives. **INEXPEDIENT TO LEGISLATE.**

Rep. George A. Lambert for Legislative Administration: The committee saw no compelling need to redefine employment to exclude members of the house of representatives from the term employment for matters of compensation and employment. The term "employment" already excludes services performed by an individual in the exercise of duties as a member of a state legislative body under current rules by the department of employment security. Vote 11-0.

**HB 138**, permitting a town that has adopted official ballot voting to use a topical description of the substance of a warrant article on the official ballot. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Bruce L. Tatro for Municipal and County Government: This bill permits towns that use an official ballot to print a shorter description of an article instead of the entire text of the article. If a person wishes to read the entire text, a copy will be available at the polls. The amendment enables, rather than requires the use of a topical description on official ballot warrant articles and clarifies that the topical descriptions apply only to ordinances and not to all warrant articles. Vote 16-0.

#### **Amendment (0059h)**

Amend the title of the bill by replacing it with the following:

AN ACT permitting a town that has adopted official ballot voting to use a topical description of the substance of a warrant article for the adoption of ordinances on the official ballot.

Amend the bill by replacing all after the enacting clause with the following:

1 Use of Official Ballot; Form of Warrant. Amend RSA 40:13, VI to read as follows:

VI. All warrant articles shall be placed on the official ballot for a final vote, including warrant articles as amended by the first session. All special warrant articles shall be accompanied on the ballot by recommendations as required by RSA 32:5, V, concerning any appropriation or appropriation as amended. ***A topical description of the substance of all warrant articles for the adoption of ordinances may be placed on the official ballot for a vote, including such articles as amended at the first session.***

2 New Paragraph; Use of Official Ballot; Official Copies Placed on File. Amend RSA 40:13 by inserting after paragraph VII the following new paragraph:

VII-a. Official copies of all ordinance warrant articles using topical descriptions, including topical descriptions of ordinance warrant articles as amended by the first session, shall be placed on file and made available to the public at the office of the clerk of the political subdivision not later than one week prior to the date of the second session of the annual meeting. An official copy of the warrant including the full text of all ordinance warrant articles using a topical description shall be on display for the voters at the meeting place on the date of the meeting.

3 Use of Official Ballot; Question Submitted. RSA 40:13, VIII is repealed and reenacted to read as follows:

VIII. The clerk of the local political subdivision shall prepare an official ballot, which may be separate from the official ballot used to elect officers, for all warrant articles. The issue shall be presented to the voters by including the following question on the official ballot as prepared by the clerk of the political subdivision:

“Are you in favor of the warrant as proposed by the selectmen?” In the event that there shall be more than a single proposed warrant to be submitted to the voters at any given meeting, the issue as to the several warrants shall be put in the following manner: “Are you in favor of the adoption of Warrant No. \_\_\_\_ as proposed by the selectmen as follows: (Here insert warrant or topical description pursuant to paragraph VI.)?” If such action is to be taken at a meeting other than the one at which officers are to be elected, the clerk shall prepare a special ballot containing the question or questions above stated, and the meeting shall open not later than noon and shall remain open at least 8 hours. If a majority of the voters present and voting on any question as herein provided shall vote in the affirmative, the warrant article shall be declared to have been adopted. When submitting any question to the voters under this section, there shall be 2 squares printed after the question, one with the word “yes” beside it and another with the word “no” beside it.

4 Effective Date. This act shall take effect 60 days after its passage.

#### **AMENDED ANALYSIS**

This bill permits any town that has adopted official ballot voting to use a topical description of the substance of a warrant article on the official ballot.

**HB 182**, relative to appointments to the assessing standards board. **OUGHT TO PASS.**

Rep. Bruce L. Tatro for Municipal and County Government: This bill will allow towns of less than 3000 to appoint an assessing official to the board. The only change is the population requirement from 5,000 to 3,000. Vote 16-0.

**HB 208**, relative to annual reports of county officers. **OUGHT TO PASS.**

Rep. Kathleen M. Stroud for Municipal and County Government: This bill allows the collected annual reports of county officers to be printed by the sixth month following the close of the county fiscal year. Current law requires printing by the third month, but changes in accounting rules require this change in the timeline. Vote 15-1.

**HB 235**, allowing counties to contract for professional real estate services for the sale or lease of county property. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James P. Belanger for Municipal and County Government: This bill allows any county to procure the services of a professional real estate agent to market county property for sale or lease without getting competitive bids. It is simply not practical to get multiple real estate agents to bid on marketing property and it is not practical to request competitive bids on the leasing of property. To expect multiple potential tenants for leasing space is unlikely. When a lease price is advertised, and a tenant accepts, the county should be able to lease at that amount without bids. The amendment adds a cross reference to the existing statute on competitive bidding on sales and leases of real property. Vote 16-0.

#### **Amendment (0051h)**

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Competitive Bidding on Sales and Leases. Amend RSA 28:8-c to read as follows:

28:8-c Competitive Bidding on Sales and Leases of Real Property. To transfer a valid interest, a sale or lease of real property owned by a county shall be made by the county commissioners by competitive bidding *or in accordance with RSA 28:6-a* and shall be ratified by a majority vote of the county convention and the executive committee of the county convention.

**HB 244-FN**, establishing the purple heart toll pass for qualifying veterans. **INEXPEDIENT TO LEGISLATE.**

Rep. Franklin T. Tilton for Public Works and Highways: The committee members are grateful for the service and recognize the sacrifice of purple heart veterans; however, the committee has been confronted with similar requests for other very deserving groups. To single out purple heart veterans would not be fair to others, such as gold star mothers and other veteran groups. The fragile status of the turnpike fund does not allow for granting exceptions. The committee and the House have consistently declined to approve these requests. Vote 14-0.

**HB 262**, establishing a committee to study the construction of a permanent memorial to Governor John Gilbert Winant on state property other than the state house grounds. **OUGHT TO PASS.**

Rep. Peter E. Ramsey for Public Works and Highways: This bill establishes a committee to study the construction of a memorial for the late statesman and Governor John Gilbert Winant on state land at no state expense. Governor Winant was a remarkable public servant. He was raised in Concord, NH, attended St. Paul's school and went onto Princeton University. He was elected to the NH House of Representatives in 1916, then joined the US Army Air Service where he became a pilot and Captain of 8th Aero Squadron in France during World War I. He returned from the war and was elected to the NH Senate in 1920, then as the youngest governor in America in 1925 and sworn in again later from 1931-1935, during the great depression. His national reputation as a progressive governor convinced President Franklin D. Roosevelt to appoint Winant to be the first head of the Social Security Board in 1935. In 1937, he was elected to head the International Labor Office in Geneva, Switzerland until 1939. He then was appointed Ambassador to Britain to replace Joseph P. Kennedy and went on to be revered by the people of England as a symbol of American support for their war efforts, especially during the dark days and long nights of the German bomb blitz. He was a progressive Republican and became loved by citizens on both sides of the Atlantic Ocean. President Truman appointed him US Representative to UNESCO in 1946 and a year later he became only the second American citizen, after General Dwight Eisenhower, to be made an honorary member of the Order of Merit by the King of England. He then returned to Concord after a love affair with Winston Churchill's daughter, Sarah, ended badly. He took his own life at 58 years old, worn out by his long war service, his wife's refusal of divorce and broken hearted by his love's dismissal and the end of his public service. He is buried at St. Paul's school. Vote 14-1.

**HB 340-FN-A**, relative to resurfacing a portion of East Conway Road and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE.**

Rep. David B. Campbell for Public Works and Highways: The committee voted against this bill which called for a 2.5 million dollar highway fund appropriation to fund the reconstruction of 3.8 miles of East Conway Road in Conway because it jumps this very poor stretch of road ahead of other projects in the 10-year transportation plan and on the betterment list for DOT District 3. The

committee, however, is very aware of and sympathetic to the condition of this road and the need to repair it. However, DOT testified that there are approximately 100 miles in each of the DOT districts in a similar very poor condition. There is not enough money to fix them. Of the 4500 miles of state roads, over 1600 (in excess of 1/3) are now in poor condition (requiring some major work). It costs approximately \$50,000 per mile to pave a road on an 8-10 year schedule and up to one million dollars per mile for roads that need to be totally reconstructed. The repair of the 3.8 miles of East Conway Road is estimated to cost over \$650,000 per mile. This bill underscores the consequences of underfunding our state roads. Under current funding levels, the state is on a 13-15 year repaving cycle, which results in more miles of roads requiring more expensive repairs each year. Vote 15-0.

**HB 130**, relative to upgrading the wiring of retail service stations to support generators or alternate power sources. **INEXPEDIENT TO LEGISLATE.**

Rep. Nickolas J. Levasseur for Science, Technology and Energy: This bill would have required that retail fuel stations install wiring which would allow them to continue operations in the event of a power outage. The committee heard testimony that these installations could cost the station owners \$12,000 to \$20,000 per station. The committee heard further testimony that this would be an unaffordable burden for many small, independent owners and may even force some to close. This would have the effect of reducing the overall availability of fuel in some areas. Ultimately, the committee felt that this was a business decision that should be made by individual station owners and not something that should be mandated by the state. Vote 18-0.

**HB 272-FN**, relative to registration of aircraft based in another state. **INEXPEDIENT TO LEGISLATE.**

Rep. Michael B. O'Brien for Transportation: This bill would have authorized a waiver of the aircraft registration and the aircraft operating fees for aircraft owned by New Hampshire residents but based in another state. The committee believed, if passed, some aircraft owners would move their aircraft to another state, depleting registration fees. These registration fees are critical to the operation of our airports from our largest to the smallest. The aeronautical fund assists these airports in funding upgrades to safety and airport equipment. Thus, the committee unanimously agrees with the current law and registration practices. Vote 17-0.

## REGULAR CALENDAR SPECIAL ORDERED

Without objection, the Speaker made **HB 220**, relative to the New Hampshire medal of honor, a special order as the next order of business.

### SPECIAL ORDER

**HB 220**, relative to the New Hampshire medal of honor. **OUGHT TO PASS.**

Rep. Leon H. Rideout for State-Federal Relations and Veterans Affairs: This bill amends RSA 110-B:81 by removing the wording that allows the awarding of the New Hampshire medal of honor for training deaths. While the committee feels that any death of a military member is tragic, the committee was unanimous in the decision that the New Hampshire medal of honor should be reserved for those that have given the ultimate sacrifice on a battlefield in the defense of our nation. All testimony during the hearing concurred with the committee's decision. Vote 12-0.

Rep. Rollins spoke in favor.

Committee report adopted and ordered to third reading.

### SPECIAL GUESTS

The Speaker introduced special guests, Rhonda Rollins and Brittney Murphy, mother and girlfriend of Specialist Justin Rollins, the son of Rep. Rollins.

### MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Rep. Rollins be printed in the Permanent Journal. Adopted.

### REMARKS

**Rep. Rollins:** Thank you, Madam Speaker. Madam Speaker, ladies and gentlemen of the House, I am honored to stand here before you today and say that I had a son who served his country. At a

young age he had all of the qualities that embody the American soldier. He was charismatic, he was intelligent, he was courageous and he was full of promises. Most promising was his future. He was a man of his word and me of mine. Before his deployment to Iraq we had an honest conversation with one another and it was then that I made promises to him that I had hoped I'd never have to honor, but on Monday, March 5<sup>th</sup>, 2007, my son, Specialist Justin Allan Rollins, was killed in action with six of his best friends in the City of Samarra by a roadside bomb. Those promises have been something I've never been able to forget. First, he asked that if he did not make it home to be laid to rest in Arlington. For, as he said, "There is no greater honor than to be buried in Arlington National Cemetery." Second, he made me promise to always take care of Brittney, his girlfriend and the love of his life. And third, he made me swear to take good care of his dog, Kayla Buddy. He then made me a promise. It was not a promise unique to my son, but a promise unique to all the men and women who serve this country. He said, "Dad, I promise you that while I'm in Iraq, I will leave no man behind, and if I don't make it home because of this I hope that you and mom can understand that this is my duty as a soldier and a promise that I have made to my men." Ladies and gentlemen, Justin's story is just one of many during a time of war. It's a story of a boy who put duty and country before his own life. Justin kept his promise to me, his men and his country and in return, on March 19<sup>th</sup>, 2007, the fourth anniversary of the invasion of Iraq, he was laid to rest with full military honors in Arlington National Cemetery. Brittney is still and will always be a member of our family. In fact, she's sitting here today and Kayla Buddy, well, she lived to the ripe old age of 14 and her ashes are spread out on Justin's site, where together they will rest for all eternity. Ladies and gentlemen, I ask that today you make a promise. I ask that you promise to safeguard the honor and the sacrifice of the men and women of New Hampshire who fight for our country by supporting House Bill 220. Let us promise future veterans, who may give their tomorrows for our todays in the only way that they should be remembered, with the same honor in which they serve, by allowing only those who are killed in action to be awarded the New Hampshire Medal of Honor. My son's legacy is his honor and today is your opportunity to help me in my life journey of protecting it. Please vote yes for House Bill 220.

### MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of those who serve and give the ultimate sacrifice for our country.

### REGULAR CALENDAR (CONT'D)

**HB 402**, relative to complaint investigation procedures of the guardian ad litem board. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Mary Beth E. Walz for the Majority of Children and Family Law: Presently, the guardian ad litem board reviews all complaints filed. However, the board may dismiss, without prejudice, any complaint that relates to a case that is pending in the courts. This bill would force the board to investigate all complaints against a guardian ad litem (GAL) regardless of a pending trial or judicial proceeding. The committee heard testimony that disgruntled parties file complaints to go GAL shopping when they are unhappy with the recommendation of their GAL. Presently, there are two backstops to ensure that a misbehaving GAL can be disciplined during the pendency of a court case. The GAL board conducts a full review of the complaint prior to dismissal. Also, a party may ask for relief from the judge in the ongoing case. Furthermore, after the conclusion of the court case, the complainant may re-file their complaint which will then be fully investigated by the GAL board. Because of all of these protections for the complainant, and because of the high likelihood of abuse of the complaint process, the committee overwhelmingly voted to maintain the current law. Vote 15-1.

Rep. Stella S. Tremblay for the Minority of Children and Family Law: At present a complaint investigation of alleged improprieties of a guardian ad litem must wait until the divorce case pending in court is concluded and often this is too late. A biased report of the guardian ad litem may affect the outcome of the case and harm the children. Currently, the board is required to dismiss complaints in "active cases," unless deemed deserving of investigation. This bill directs the guardian ad litem board to investigate a complaint during a divorce trial, ensuring accountability, transparency and serving as a deterrent to a guardian ad litem that may take sides in a divorce case. We do not believe this will encourage parties to "guardian" shop when they do not like the outcome, but will be a step in accountability.

The question being adoption of the majority committee report of Inexpedient to Legislate.  
Rep. Oligny requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

**HB 418**, establishing a committee to study a program to address children in need. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Mary Beth E. Walz for Children and Family Law: In 1979 the state created a program for children in need of services (CHINS). This gave the court jurisdiction over children under 18 to provide for the treatment, care, guidance, counseling, discipline, supervision and rehabilitation they need. This bill establishes a legislative study committee to look at best practices to see if there is a more effective way to provide these services in New Hampshire. The committee has a reporting date of November 1, 2013. There is broad support for this study. The amendment adds one House member and adds the Chief Justice of the Supreme Court as a recipient of the report. Vote 15-3.

### Amendment (0152h)

Amend subparagraph I(a) of section 2 of the bill by replacing it with the following:

(a) Five members of the house of representatives, appointed by the speaker of the house of representatives.

Amend the bill by replacing section 5 with the following:

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, the chief justice of the supreme court, and the state library on or before November 1, 2013.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.  
Rep. Walz requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

**HB 303**, establishing a committee to study the teaching of a second language beginning in kindergarten. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Rick M. Ladd for the Majority of Education: The committee majority recognizes benefits associated with teaching a second language in kindergarten and in subsequent grades. Current education rules as approved by the state board of education currently state that a local school board may provide instruction in one or more world languages in an elementary school and later years. The extent of this instruction and the students to whom it is offered shall be determined by local school board policy. This is a local district policy and funding decision. A committee study is therefore, not necessary. Vote 11-7.

Rep. June M. Frazer for the Minority of Education: This bill was a response to a recommendation by the legislative youth advisory council, 19 young people appointed by the governor, the president of the senate, the speaker of the house, or the secretary of state. The commissioner of education was enthusiastic when the youth council talked about it to her. The seven members initially supporting the bill argued that the great advantages of early world language learning, for example – promoting greater language ability in later grades and enriching brain development, would make the research of the proposed study committee a valuable resource to local school districts interested in such a program.

**MOTION TO SPECIAL ORDER**

Rep. Gile moved that **HB 303**, establishing a committee to study the teaching of a second language beginning in kindergarten, be made a Special Order to Wednesday, February 20, 2013 in its Regular Calendar order.

Rep. Gile spoke in favor.

Adopted.

**REGULAR CALENDAR (CONT'D)**

**HB 311**, establishing a statutory expectation of privacy in personal materials. **INEXPEDIENT TO LEGISLATE.**

Rep. David Woodbury for Judiciary: This bill establishes an expectation of privacy in certain “personal materials” such as fingerprints, saliva, hair and household papers unless a warrant is supported by probable cause issues. Breeches of this privacy right are punishable as a class B misdemeanor or class B felony for subsequent violations. The committee was unable to foresee and appreciate the ramifications of this bill and felt that too many unanswered questions remained to support passage. Vote 15-4.

On a division vote, 206 members having voted in the affirmative and 129 in the negative, the committee report was adopted.

**HB 387**, relative to immunity of guardians ad litem. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Paul S. Berch for the Majority of Judiciary: Current New Hampshire law, based upon New Hampshire Supreme Court decision, recognizes quasi-judicial immunity for guardians ad litem in the performance of their duties. This bill would reduce the immunity so as to allow suits against guardians for certain negligent, corrupt or malicious acts. This immunity, as it currently exists,

protects the guardian ad litem acts of investigating, meeting with children, making reports and testifying. In doing so, the guardians ad litem act as agents of the courts, and hired by the courts, not by the parties before the court. Further, the committee noted that there are other sanctions that can be imposed, including by the court. The committee was also concerned that fear of lawsuits might deter citizens from serving this important function. Vote 15-2.

Rep. Michael J. Sylvia for the Minority of Judiciary: This bill would protect guardians ad litem by providing judicial immunity. It also provides a measure of accountability by removing their judicial immunity in the event of grossly negligent, malicious, or corrupt acts.

The question being adoption of the majority committee report of Inexpedient to Legislate.  
Rep. Oligny requested a roll call; sufficiently seconded.

**SULLIVAN**

Gagnon, Raymond      Smith, Steven  
and the majority committee report was adopted.

**HB 323-FN**, establishing the Franklin Partin right-to-work act. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Sally H. Kelly for the Majority of Labor, Industrial and Rehabilitative Services: The bill seeks to prohibit unions from collecting "agency fees" from employees who choose not to belong to the union. Agency fees are not union dues. Agency fees include the cost to negotiate and administer contracts, defend grievances and cover legal expenses. Agency fees are not mandatory. Agency fees can only be collected from non-union employees if the employee group and the employer jointly agree to them. The majority of the committee was not convinced there was any economic benefit to the state and viewed credible evidence that wages were across the board lower in right to work states, poverty levels were higher and that every right to work state has a sales, income tax, or both. New Hampshire does not force anyone to join a union or force anyone to pay union dues. Non- members only have to pay a fee if there is agreement between the employer and the employee group on the fee. When asked why businesses might be leaving New Hampshire, a representative testifying for Americans for Prosperity testified the reasons were a lack of a properly educated work force and high costs of energy and interestingly, not the lack of a right to work law. The bipartisan majority of the committee understands that enacting a right to work law does not address the real problems facing our economy like our extremely high cost of energy - essential in the manufacturing sector - our crumbling infrastructure, and our lack of appropriately trained workers, all of which would address the real needs of businesses looking to expand or relocate here. Right to work is a false slogan and a concept that has been rejected for decades in New Hampshire. This bill, if passed, will drive down wages not only for union members but for everyone in New Hampshire, at the same time doing nothing for the real needs of our current businesses and those who would consider moving here. Vote 13-5.

Rep. Gary L. Daniels for the Minority of Labor, Industrial and Rehabilitative Services: The minority believes it is wrong to allow employers to bargain away the constitutional rights of its employees, forcing them, as a condition of employment, to financially support a third party organization with which the employee may not wish to associate. It is unfair to employees who wish not to have the benefits bargained for by the union to be forced to pay for benefits which they have no interest in receiving. The minority believes that unions who take care of their members should have no concerns should this bill pass. It would be a travesty if unions feel the only way they can be successful is to force unwilling employees to financially support them.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Baldasaro, Tucker and Cebrowski spoke against.

Rep. Daniels spoke against and yielded to questions.

Reps. Andrews, Copeland and Ley spoke in favor.

Rep. Andrew White requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

**MOTION TO RECONSIDER**

Having voted with the prevailing side, Rep. Daniel Eaton moved that the House reconsider its action whereby, on a roll call vote of 212-141, it adopted the majority committee report of Inexpedient to Legislate on **HB 323-FN**, establishing the Franklin Partin right-to-work act.

Rep. Daniel Eaton spoke against.

On a division vote, 133 members having voted in the affirmative and 218 in the negative, the motion failed.

**REGULAR CALENDAR (CONT'D)**

**HB 134**, relative to contingency funds in towns. **OUGHT TO PASS.**

Rep. Clyde J. Carson for Municipal and County Government: Under the current municipal budget law, towns are not permitted to set up contingency funds to cover unanticipated emergencies. This bill permits towns to establish contingency funds for unanticipated expenses as part of the annual warrant, and to make expenditures from such funds. Vote 11-4.

Committee report adopted and ordered to third reading.

**HB 198**, relative to town boundary perambulation. **OUGHT TO PASS WITH AMENDMENT.**  
Rep. David A. Bickford for Municipal and County Government: It has been unclear whether selectmen can incorporate GPS coordinates in their perambulations. This bill enables them to do so. The amendment changes the term "GPS" to "recreational GPS." and makes its use enabling and not required. Vote 12-5.

#### **Amendment (0073h)**

Amend RSA 51:4 as inserted by section 1 of the bill by replacing it with the following:

51:4 Return. A return of the perambulation shall be made, particularly describing the courses and distances and the marks and monuments of such line which shall be signed by the selectmen or persons making the same, recorded in the respective town books, and filed with the secretary of state. *The selectmen or persons making the perambulation may use the coordinates obtained using a recreational GPS devise to mark the town boundaries.*

#### **AMENDED ANALYSIS**

This bill allows GPS coordinates to be included during town boundary perambulations.  
Amendment adopted.  
Committee report adopted and ordered to third reading.

**HB 179**, repealing the law on weather modification experimentation. **INEXPEDIENT TO LEGISLATE.**

Rep. Nickolas J. Levasseur for Science, Technology and Energy: This bill sought to repeal a law that pertains to approval procedures for state participation and oversight of weather modification experiments. While the current law has not been used in recent memory, the committee felt that removing the ability of state agencies to participate and oversee any potential experimentation was unnecessary. This bill did not in any way seek to limit weather modification experiments, but simply to remove the state's ability to participate in and track them. The committee felt it was important for the state to be able to oversee and "keep tabs" on any future projects should they arise and did not see any value in removing the existing procedure. Vote 12-7.  
Committee report adopted.

**HB 307**, relative to the removal of certain wood stoves upon the sale of a home and notification of such removal to the department of environmental services. **INEXPEDIENT TO LEGISLATE.**  
Rep. Richard D. LeVasseur for Science, Technology and Energy: The purpose of the bill was relative to the removal and destruction of certain woodstoves not certified for sale as new after July 1, 1986 by the government protection agency. The reason given was to reduce excessive particulate discharge from certain inefficient wood burning stoves. The committee had questions about enforcement, and financial reimbursement of the owner's property, hence the ITL motion. Vote 13-6.  
Rep. Rideout spoke in favor.  
Rep. Jones requested a roll call; sufficiently seconded.

and the committee report was adopted.

**HB 368**, relative to the telecommunications planning and development initiative. **OUGHT TO PASS.** Rep. Jacqueline A. Cali-Pitts for Science, Technology and Energy: This bill reestablishes the telecommunications planning and development committee commonly known as the TAB. The committee felt there was more work to do especially as related to broadband communications. A new member was also added to the committee representing medical technology which is vitally important to our state. Vote 16-2.

Committee report adopted and ordered to third reading.

**HB 219**, limiting the authority of delegates to Article V convention. **WITHOUT RECOMMENDATION.**

**Statement in support of Ought to Pass:** The creation of restrictions on a delegate to a Constitutional Convention convened pursuant to Article V of the Constitution for the United States of America would enable the states to pursue the goal of a single issue Convention. This is necessary to seek amendments to the constitution which the congress will not present to the states because they return power to the states, or other otherwise limit the powers of the federal government. Without this tool it is unlikely that we will ever see meaningful economic reform at the federal level. Rep. Alfred P. Baldasaro.

**Statement in support of Inexpedient to Legislate:** This bill would seek to restrict the activities of New Hampshire delegates to a federal constitutional convention called under Article V, requiring that the NH legislature pass any potential amendments in advance before our delegates were allowed to even vote on them. Also, it would impose a criminal penalty if they did so, creating a dangerous precedent of punishing federal delegates for votes the state legislature does not like and prevent our delegates from voting in the best interests of the state. Rep. Timothy J. Smith.

Rep. Itse moved Ought to Pass, spoke in favor and yielded to questions.

Rep. Baldasaro spoke in favor.

Rep. Horrigan spoke against.

Rep. Timothy Smith spoke against and yielded to questions.

On a division vote, 128 members having voted in the affirmative and 223 in the negative, the motion failed.

Rep. Theberge moved Inexpedient to Legislate.

On a division vote, 231 members having voted in the affirmative and 119 in the negative, the motion was adopted.

**BILLS REMOVED FROM THE CONSENT CALENDAR**

**HB 269-L**, authorizing a city or town to conduct a special meeting necessitated by changes in adequate education funding. **OUGHT TO PASS.**

Rep. Ralph G. Boehm for Education: This bill puts into law a provision for cities or towns to hold a special meeting, without court approval, if the adequacy funding law is changed after the school district meeting. This law also has the budget committee, if there is one, involved in any budget changes. Parts of this provision have been put into the adequacy funding changes in the past. This bill takes care of this for the future. Vote 18-0.

Rep. Gile moved Recommit and spoke in favor.

Adopted.

Recommitted to the Committee on Education.

**HB 239**, relative to online availability of certain county budget information and reports. **INEXPEDIENT TO LEGISLATE.**

Rep. Dorothea D. Hooper for Municipal and County Government: This bill requires county commissioners to make available on the county website certain county reports and information on the county's budget. While many counties already do this, this bill was considered an unfunded mandate. The committee felt the information is already available, just not on line. This could also present an additional expense for counties. Vote 14-2.

Reps. Cordelli and Meaney spoke against.

Rep. Danielson spoke in favor.

On a division vote, 236 members having voted in the affirmative and 112 in the negative, the committee report was adopted.

### RESOLUTION

Rep. Shurtleff offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, February 14, 2013 at 10:00 a.m.

Adopted.

### LATE SESSION

#### Third reading and final passage

**HB 229-FN**, relative to a financial examination supervisor.

**HB 230**, relative to administrative supervision of insurers.

**HB 231**, relative to reinsurance.

**HB 237**, relative to home production of wine for personal or family use.

**HB 301**, relative to notice of sale in foreclosure proceedings.

**HB 171**, relative to the civil penalty for failure to make payment of workers' compensation.

**HB 172**, requiring the labor commissioner to maintain certain statistical information regarding payment of workers' compensation.

**HB 187**, relative to cost items in negotiated agreements.

**HB 138**, permitting a town that has adopted official ballot voting to use a topical description of the substance of a warrant article for the adoption of ordinances on the official ballot.

**HB 182**, relative to appointments to the assessing standards board.

**HB 208**, relative to annual reports of county officers.

**HB 235**, allowing counties to contract for professional real estate services for the sale or lease of county property.

**HB 262**, establishing a committee to study the construction of a permanent memorial to Governor John Gilbert Winant on state property other than the state house grounds.

**HB 220**, relative to the New Hampshire medal of honor.

**HB 418**, establishing a committee to study a program to address children in need.

**HB 134**, relative to contingency funds in towns.

**HB 198**, relative to town boundary perambulation.

**HB 368**, relative to the telecommunications planning and development initiative.

### RECESS MOTION

Rep. Shurtleff moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.

Adopted.

The House recessed at 12:40 p.m.

### RECESS

#### (Speaker Norelli in the Chair)

Rep. Nordgren moved that the House adjourn.

Adopted.

**HOUSE JOURNAL No. 7**

Thursday, February 14, 2013

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

Happy Valentine's Day. O God of new beginnings, thank You for this day and for the beginning of another opportunity to shape the future of our state. Help us remember that budgets are more than numbers and procedures; they are opportunities to bless the people we are honored to serve. May the budget we ultimately hammer out reflect Your priorities and not just ours. May it incorporate equal measures of good stewardship today, robust hope in tomorrow and may it be humane in its consideration of the poor. And in our work today and in the weeks to come, remind us that responsibility and generosity are partner virtues. Bless Governor Hassan and her family as they seek to balance private and public lives and juggle multiple demands. Bless our Speaker and her family, each and every representative here and the many staff members that sustain and support our work here. And when we leave today, grant to us the inner knowledge that we have worked well together on behalf of all the people of New Hampshire and, on this Valentine's Day, that we have acted in the spirit of love. In Your Holy name we pray. Amen.

Representative Shannon Chandley, member from Amherst, led the Pledge of Allegiance.

The National Anthem was sung by Michael Hayes of Pittsfield, a Doorkeeper for the New Hampshire House of Representatives.

**LEAVES OF ABSENCE**

Reps. Ronald Belanger, Berch, Bishop, Bradley, Chirichiello, Crawford, Emerick, Gargas, Grossman, Hackel, Kopka, Menear, Pitre, Reilly, Thompson, Joy Tilton and Carol Williams, the day, illness. Reps. Bailey, Beaudoin, Beaulieu, Birdsell, Burt, Cahill, Cali-Pitts, Carey, DeSimone, Richard Eaton, Gorman, Gottling, Hoell, Kaen, Ketel, Lovett, McNamara, Merrow, Nigrello, Notter, O'Hearne, Oligny, Patten, Pellegrino, Priestley, Rhodes, Steven Smith, Tatro, Vail and Andrew White, the day, important business.

Reps. Jane Johnson and Lockwood, the day, illness in the family.

**INTRODUCTION OF GUESTS**

4<sup>th</sup> graders from Broken Ground Elementary School, guests of the Concord delegation.

**RESOLUTION**

Reps. Shurtleff and Chandler moved that the House notify the Honorable Senate that it is ready to meet in Joint Convention for the purpose of hearing the Budget Address by her Excellency, Governor Margaret Wood Hassan.

Adopted.

**SENATE MESSAGE**

The Senate is ready to meet with the Honorable House of Representatives in Joint Convention for the purpose of hearing the budget address by her Excellency, the Governor Margaret Wood Hassan.

**INTRODUCTION OF SENATE**

The Sergeant-at-Arms introduced the Honorable Senate and Senate President, Peter Bragdon of Milford.

**JOINT CONVENTION****(Speaker Norelli presiding)**

The Sergeant-at-Arms introduced the following special guests: Executive Councilor for District 2, the Honorable Colin Van Ostern; Executive Councilor for District 4, the Honorable Christopher C. Pappas; Chief Justice of the New Hampshire Supreme Court, the Honorable Linda S. Dalianis. The Sergeant-at-Arms introduced the Governor, her Excellency, Margaret Wood Hassan.

### BUDGET ADDRESS

Her Excellency, Governor Margaret Wood Hassan, addressed the Joint Convention.

Madam Speaker, Mr. Senate President, Madam Chief Justice, honorable members of the House, Senate and Executive Council, my fellow citizens. New Hampshire stands at the threshold of a bright new future. We are as well positioned as any state to lead the country in innovative economic growth that will lift all of our people and define the 21st century. In recent years, our people and our state have faced immense challenges. The recession has left no family, no business, and no community unaffected and though there are still challenges to address, today we can say confidently that New Hampshire has emerged in a better position than most other states, but we cannot sit back and wait for the innovation economy to develop. We must lead the way. Now is the time for New Hampshire to choose our own path forward, to build the foundation for a stronger, more innovative economic future that harnesses the greatness of our people and allows all of our citizens to succeed. Today I present to you a balanced budget with no income or sales tax that is fiscally responsible and focused on innovation, economic growth and creating good jobs to support a strong middle class. A budget that begins rebuilding based on the priorities that are critical for an innovative future, ensuring that all of our people can receive an education and develop skills for good jobs, attracting and growing cutting-edge businesses and sustaining our high quality of life by keeping our communities and people safe and healthy. It is a budget that reflects what I have heard from communities, families and businesses across New Hampshire and from so many of you here in this room, but it is also a budget that recognizes that we cannot address all of our challenges all at once in these uncertain economic times. We must still make difficult choices to protect our priorities while living within our means. Let me take a moment to thank our dedicated department heads and all of our state employees, who have worked so hard to serve our citizens well in difficult times. In preparing this budget, we cut agency budget requests by more than 500 million general fund dollars, keeping general fund spending seven percent below fiscal year 2008 for fiscal year 2014. At the same time, our budget includes only two percent baseline revenue growth in the first year of the biennium and 1.9 percent in the second. These conservative projections were made with the guidance of our Consensus Revenue Estimating Panel, a nonpartisan group of experts who have volunteered their time to help ensure that our revenue estimates are as accurate and reliable as possible. To members of the panel, thank for your service. Revenues are also reduced moving forward as we begin to reverse the significant tax increase made in the last biennium on our hospitals. In addition to slow revenue growth, we were forced to address a deficit for fiscal year 2013, caused by shortfalls in Medicaid Enhancement Tax revenues, as well as unrealistic saving estimates for the implementation of Medicaid Managed Care and the changes to the retirement system. This budget balances 2013 through the use of surplus dedicated fund revenue and by working with agencies to continue to delay spending and increase their lapses. Slow revenue growth made the task of balancing the budget more difficult, but by making tough, fiscally responsible choices and by encouraging new innovations to make government more efficient, we have been able to balance the budget while making critical investments in public safety, higher education, economic development and health care. The budget I present to you today puts New Hampshire back on the path to a strong and innovative economic future. First and foremost, to attract the innovative businesses and good jobs that will drive our economy forward, we must ensure that our workforce is the strongest in the nation by making higher education more affordable and more accessible for all of our people. Nearly every business I have visited has told me that a skilled workforce is critical to their ability to grow. Many are ready to hire right now but are having trouble identifying the workers they need. Others have partnered with our colleges and universities to build a workforce pipeline themselves, with numerous innovative programs across our state. The Energy Services and Technology program at Lakes Region Community College is giving students hands-on training for jobs in a rapidly expanding field. The partnership between Great Bay Community College and Albany/Safran in Rochester helped attract these high-tech manufacturers to our state, where they will create 400 or more good jobs. The dynamic Regional Center for Advanced Manufacturing at Keene State is giving students experience with some of the most innovative technologies available today, such as three-dimensional printing and high-precision cutting devices and I have visited businesses throughout the state, like Hypertherm in Lebanon, Globe Manufacturing in Pittsfield, and Nanocomp in Merrimack, that need workers with the right skills. New Hampshire will not be able to help these businesses grow or attract new companies if we do not demonstrate that we are serious about building the skilled, educated workforce that businesses need to compete. The drastic cuts made to higher education in

the last budget have hurt our ability to train a highly skilled workforce and to give our people the bright future they deserve. Our students and families face one of the highest in-state tuition rates for public universities in the country. The price for classes at our community colleges is also prohibitively expensive for many working students and I have too often heard stories like the one told to me by a woman in Londonderry, whose daughter went to UMass Lowell because Massachusetts' out-of-state tuition is lower than New Hampshire's in-state tuition. That is unacceptable. We need to make it possible for our middle-class families to compete and share in the American dream. Ever-rising tuition rates can force many families to avoid even considering New Hampshire's public colleges and universities, hurting our competitiveness. If we hope to encourage job creation and innovative economic growth, we cannot keep losing our young people or fail to develop our workforce. That's why our budget substantially restores the cuts made to our community college and university systems. The University System will receive an increase of \$20 million in fiscal year 14 with an additional increase of \$15 million in fiscal year 15, bringing the system back to 90 percent of where it was before the cuts and we have not only fully restored funding for the Community College System in the first year, but added \$3 million in the second. In exchange, the leadership of both the community college and university systems have assured me they will go to their boards with a plan to freeze tuition for the next two years. We also recognize the important role our private colleges play in attracting and keeping new workers. This budget includes \$4 million in UNIQUE funds to support need-based scholarships that can be used at both public and private colleges, but ensuring that our workforce is ready for the jobs of today and tomorrow also means that at each step along the way, New Hampshire's young people must be developing the skills, knowledge and innovative thinking needed in a 21st century economy. This budget protects our state's commitment to our public K-12 education system by fully funding the existing Adequacy formula and in the second year of the biennium, this budget fully funds the building aid formula and increases catastrophic aid and tuition and transportation assistance to local schools. In addition, this budget will help encourage innovation by providing funding to allow new charter schools to open and to allow existing charter schools to accept new enrollees. At the same time, these charter schools have a responsibility to live within their budget and so this budget sets new parameters and provides authority for the Department of Education to prioritize new charter school approval to underserved communities. To help pay for these investments, this budget repeals the voucher tax credit that would have diverted millions of dollars in taxpayer money to private and religious schools with no accountability. Our budget also seeks to bring together teachers, local schools, higher education and the business community to ensure a robust and rigorous education for all of our students, especially in the STEM fields of Science, Technology, Engineering and Math. In an innovation economy, building skills in these fields is more important than ever and can lead to higher paying and more stable careers. We need to support engaging programs and curricula to help students understand how far they can go and how much they can accomplish if they stick with STEM education. New Hampshire is the birthplace of one such inspiring program, FIRST Robotics, which has awakened in thousands of students an interest in science, math and technology while teaching them the valuable life skills of teamwork, collaboration and innovative thinking. This budget includes \$200,000 in incentive grants for communities to launch robotics teams, because FIRST should be an opportunity available to every New Hampshire student. Just as we need to prepare our workforce for 21st century jobs, we need to lay the groundwork and provide the support innovative businesses need to create those jobs. Our economy is changing rapidly with growing sectors like clean energy, biotech and IT. There are many businesses looking to expand or move to New Hampshire; existing businesses who could use targeted tax credits to develop new products; entrepreneurs who, with just a little guidance, are ready to turn a creative idea into a burgeoning business. I have seen these stories throughout New Hampshire and I know that our business community is ready to lead the way to a more innovative economic future if their elected officials are ready to stand by them. This budget doubles funding for our Research and Development tax credit to help businesses invest in new technologies that can lead to growth and job creation. The Senate has already taken action on this important measure, unanimously passing a bill that will double the R&D tax credit and make it permanent, creating more predictability for businesses. I encourage my friends in the House to do the same and make this measure one of the first bills I sign into law as Governor. This budget also funds business incubators, like the Innovation Research Center and the Green Launching Pad at UNH, which have helped numerous entrepreneurs get their businesses off the ground. Incubators can provide needed early funding and infrastructure, but most importantly, they offer basic support

and advice to guide new businesses through the most treacherous early stages leading to stronger companies and more jobs here in New Hampshire. This budget also recognizes that investing in travel and tourism promotion pays dividends for workers, businesses and our economy and so it provides for an increase in travel and tourism funding over the next two years. Our budget also begins rebuilding our stagnating economic development efforts and revitalizing our International Trade Office to provide businesses with the technical support they need to compete. Let's help our businesses, both new and established, enter new markets. Let's make New Hampshire a leader in selling our services and goods around the world. With these measures, and your ideas, together we can make New Hampshire an innovative economic leader. Our economic success, however, will depend on our efforts to maintain our high quality of life as one of the safest states, healthiest states and most livable states in the nation. We cannot walk away from our responsibility to provide the basic services that are critical to the overall well-being of our families, our businesses and our communities. This includes ensuring that all of our citizens are able to live healthy, productive lives with access to quality, affordable health care. Our state continues to experience some of the most expensive health insurance rates in the entire nation. Too many of our citizens are unable to access basic, preventive care, forcing them to wait for an emergency before seeking help, but with the federal Affordable Care Act now the law of the land, we will have new tools to help reduce costs and improve the health of our citizens, while adding \$2.5 billion to our economy. An independent study by The Lewin Group concludes that these funds will help thousands of individuals and families access health coverage, create an estimated 700 jobs and save Granite Staters more than \$92 million. Uncompensated care at our hospitals' emergency rooms increases costs for everyone. By moving forward with Medicaid expansion, we can reduce that uncompensated care and save the average New Hampshire household an estimated \$145 per year. The federal government will provide 100 percent of the funding for the first three years and no less than 90 percent thereafter and the federal government has historically fulfilled its commitments to the Medicaid program. Our budget includes Medicaid expansion. It is the right thing to do for our economy, for our state's finances and for our families. As both Democratic and Republican governors around the nation have said, it's a good deal, one that will, among other things, allow us to save money in existing state programs, while increasing state revenues. Under federal law, people insured through Medicaid expansion will receive coverage parity for mental health and substance abuse treatment. This parity is smart and it is right and so this budget provides for mental health and substance abuse treatment coverage for our existing Medicaid population as well. As we implement the Affordable Care Act, which guarantees coverage to all of our people, regardless of preexisting conditions, we must also re-examine some of our existing efforts and programs. As part of that effort, this budget includes a commission to consider what type of Retirees Health Program we should offer to new employees in the future and as we undertake Medicaid expansion, we should use this as an opportunity to work together with hospitals, providers, insurers, state government and patients to find new, innovative ways to improve our health care system and health care outcomes for all of our patients, but to maximize the potential of expansion and our health care dollars, this budget continues the implementation of Medicaid Managed Care. In order for New Hampshire to move forward, providers must continue to innovate and assist the state with managing care for our residents. Our providers must take a leadership role in Medicaid care management. Now, more than ever we need their cooperation. I also recognize the concerns inherent with such a big change and in the next several weeks, I will establish a commission to advise me on implementation to make sure we are protecting patients and providers and we need to reexamine the massive tax increase imposed by the last budget on New Hampshire's hospitals. This has understandably put a strain on their ability to maintain their operations and has caused a delay in implementation of Medicaid Managed Care and it has led, in part, to the deficit we face in 2013. Our budget begins to restore those funds by reducing Medicaid Enhancement Tax revenues to the general fund and provider payments, making more funding available for uncompensated care payments. We must also meet our commitments to our most vulnerable citizens to ensure that they can live independently and contribute to our economy and civic life. That is why this budget fully funds the waitlists for services for people with acquired brain disorders and developmental disabilities and this budget begins to shore up our public health infrastructure by restoring some funding to community health centers along with vital family planning dollars. We must also honor our responsibilities to care for and serve those who have bravely sacrificed for us, our veterans. This budget attempts to fully and honestly fund our state Veterans Home and it adds an additional Veterans Services Officer to the State Veterans Council to help meet the needs of our growing

number of new veterans and to ensure that they have the support they deserve, but as we work to improve the health of all of our citizens, we must address one of our most pressing public health challenges, the need to restore our mental health system. This budget helps us move forward with implementing the state's 10-year mental health plan. That is critical for the safety of the public and the health and well-being of individual citizens. Each of us knows of someone, a friend, a family member, a neighbor who has suffered from mental illness. Right now, many children who are suicidal are stuck for days in emergency rooms because there is nowhere else for them to go. Dozens of people are waiting on a daily basis for critical mental health care. Without proper facilities or treatment, many have been restrained or even sedated. Some leave without care at all, often putting themselves and those around them at risk of harm. That's not the kind of state we are. We can all agree that our mental health system is deeply strained and though we won't fix all of our challenges at once, it is time to resume our efforts to repair our mental health system. We must phase in changes with a systematic approach that will strengthen all aspects of mental health care in our state and move us toward more community-based care and that is what this budget does. Over the next two years, it will add a new designated receiving facility to take the pressure off local emergency rooms and provide more appropriate critical treatment environments. It will add new acute psychiatric residential treatment beds, in addition to the beds at the state hospital and it will focus on treating people in their communities, with 75 new community residence beds, housing and support services for 100 additional people, more peer support services and assistance to older adults and ten new Assertive Community Treatment teams to help adults and children in crisis. While this won't solve all of the challenges facing our mental health system, it is beyond time that we make real and meaningful investments in helping those in desperate need of care. Supporting the health and well-being of all of our citizens also means ensuring that they can work, live and raise their families in the safest possible communities, but like our health care system, our public safety infrastructure took too many hits in the last two years. We need to reverse course and we need to do it now if we want to keep New Hampshire the safest state in the nation. From mental health professionals, from parents, from educators and from law enforcement, I have heard over and over again that the loss of the Children in Need of Services program was devastating to the hopes and dreams we have for our young people and for public safety. I appreciate the work being done by the legislature to study the program and improve these services and this budget includes some reforms, but we cannot neglect our duty to help those at risk and keep our communities safe and so this budget begins to restore funding for the Children in Need of Services program. Public safety is truly our most important responsibility, so we need to make sure we maintain the basic public safety infrastructure that allows local officials to keep us safe. Over the last few years, we have taken 30 state troopers off of our roads and out of our communities. People in our most rural areas should not have to wait more than an hour for the nearest state trooper to arrive. To improve the safety of our people, this budget puts 15 more troopers on the road. Our drug task force teams are also critical, supporting the efforts of small police departments to combat the growing problem of drug crimes, particularly those involving prescription drugs, but because of federal funding cuts, we were going to be forced to drop to just one drug task force team. This budget provides \$500,000 per year in general funds to allow us to continue operating three drug task force teams. Ensuring public safety also means adequately recognizing that search-and-rescue is an integral state responsibility. That's why this budget provides \$200,000 a year in general funds to pay for search-and-rescue operations at the Department of Fish and Game. As we discuss public safety, we must also acknowledge the importance of our judicial system. Let me take a moment to recognize the hard work of Chief Justice Dalianis and the New Hampshire courts. The courts have led the way in working to become more efficient and modern. Their new state-of-the-art call center has reduced costs and improved customer service. Our courts are moving toward a paperless system and the capital budget will allow them to continue these efforts, but at the end of the day, we still need judges for trials and for justice. That is why this budget restores funding for two Superior Court judges. Public safety goes beyond the dedicated work of our police, firefighters and EMTs and beyond our judicial system. We must ensure that our corrections system is as effective as possible, with modern facilities to keep dangerous criminals off of our streets and programs to prevent those who serve their punishment from returning to a life of crime. For too long, our corrections system has woefully neglected women. Like our men's prison, our women's prison must offer facilities that can provide the programs that help individuals safely move back into society when they have served their sentences. To ensure justice and to improve our public safety, this capital budget includes the funds necessary to build a new women's prison.

It is time. We cannot delay this any longer and as we strengthen and protect our communities and grow our economy, we must always preserve what has made New Hampshire such a special place to live, work and raise a family, our beautiful natural resources. The Land and Community Heritage Investment Program has been so important for protecting our natural, historical and cultural resources, a responsibility that has not been met in recent years. That's why this budget restores \$1 million for LCHIP in the first year of the biennium and fully restores the program in the second. This budget also begins restoring funding for our local communities. In fiscal year 2015, this budget provides \$3 million to help pay for delayed and deferred water treatment projects for communities and increases meals and rooms distributions to communities by \$5 million, but as we make this progress, we must continue to reform state government and this budget moves forward with efforts to make state government more innovative and efficient. It continues to consolidate the state's office functions, such as accounts payable, and to centralize some of the human resources process. It remakes the Liquor Commission, moving from a three-member commission to a single commissioner model. It continues the effort to move our services in support of New Hampshire businesses into a centralized online environment through the Business One Stop and it will move all of our boards and commissions to one licensing system, modernizing the system for the agencies and for the public, but we need to think bigger in terms of how we best position state government for the demands of the 21st century. We must always be looking for new ways to innovate in state government in order to cut red tape and save taxpayer dollars and we should harness the expertise of the private sector to come up with new ideas and approaches. To encourage this process, I will soon be issuing an executive order to create a Commission on Government Innovation, Efficiency and Accountability. The commission will be charged with making recommendations to modernize state government for the 21st century and it will include members from the business community and non-profit sector to determine how we can improve services by working together. In addition, this budget creates the Office of Innovation and Efficiency at the Department of Administrative Services, which will lead the effort to implement commission recommendations and work with state agencies on streamlining, implementing recommendations of performance audits and developing transparent performance measurements. Together, these steps will help us increase efficiency and re-position state government for the future, but we cannot balance the budget through efficiencies alone. We must identify sufficient revenue to protect our priorities and help build an innovative economic future. Cutting the cigarette tax in the last budget has put added strain on our state and put the health of our young people at risk. New Hampshire has the highest youth smoking rate in the Northeast, with 19.8 percent of high school students who smoke cigarettes. Cigarette taxes nationwide have proven to be one of the most effective ways to prevent youth smoking and my budget proposes reversing the cigarette tax cut and increasing the tax by an additional 20 cents, which will still keep our cigarette tax below those of our surrounding states. In addition, the elimination of auditors and document processors at the Department of Revenue in the last budget has led to unacceptable delays in the processing of returns and refunds and cost the state millions of dollars. This budget restores some of those important positions. In the last biennium, the legislature also made a number of promises for tax law changes, but pushed off to the next legislature the job of paying for them. Our uncertain fiscal times mean we must further delay some of those changes. This budget suspends the implementation of un-paid for tax law changes, with the exception of the increase in the net-operating-loss-carry-forward, which this budget pays for in fiscal year 15. However, even these steps are not enough to ensure that we can responsibly invest in the priorities that will create jobs, strengthen our communities and ensure a brighter economic future. That's why to fund our most pressing priorities, especially higher education and mental health, my budget includes \$80 million from licensing one high-end, highly regulated casino. I know expanded gambling has been an on-going and difficult debate, but the social costs many are worried about are already here and with Massachusetts moving forward, we can no longer pretend that expanding gambling isn't coming to our communities. It is. The question is, will we allow Massachusetts to take revenue from New Hampshire's residents to fund its needs or will we develop our own plan that will allow us to address social costs and invest in our priorities? I believe we should move forward with one high-end casino, while at the same time protecting New Hampshire's brand as a family-friendly state with a great outdoor economy. The revenue from one casino would mean tens of millions of dollars a year that can be used to strengthen our economy and address our priorities, such as freezing in-state tuition and addressing our mental health crisis, as well as funds to address social costs like substance abuse and gambling addiction. A high-end casino would also bring a significant economic boost, creating

more than an estimated 2,000 jobs during construction and 1,000 long-term jobs, while attracting new businesses and economic development. With the intense competition for casinos in Massachusetts leading to 11 applications for only three licenses, it's clear that there is more than enough room in our region for a New Hampshire casino. Senators D'Allesandro and Morse have introduced a bipartisan bill that serves as a good starting point for the process and so this budget does not include legislative language authorizing a casino. I want to continue working with members of both the House and Senate to develop a final bill that addresses concerns, protects what's special about New Hampshire and invests in our priorities. Though this may be difficult, I ask that you keep an open mind as we all work together to advance the priorities that will help us build a more innovative economic future and to truly seize the promise that innovation presents, we must come together and take on one of our most difficult long-standing challenges, New Hampshire's deteriorating roads and bridges. The American Society of Civil Engineers gives our roads a C minus and the I-93 expansion project remains unfinished. Hundreds of our bridges are on the "red list" of bridges in critical need of repair, risking public safety and our economy. Just three weeks ago, we all saw the price of years of neglect and under-funding of the highway fund when the Department of Transportation was forced to abruptly close the Sarah Mildred Long Bridge. This comes on the heels of the immediate closure of the Memorial Bridge in 2011. With the Memorial Bridge already out of service, we were left with only one way to cross the Piscataqua River into and out of Maine, snarling traffic and impeding the flow of goods that is so critical to our economy. In addition, without being able to lift the Long Bridge, oil tankers were stuck in place. If it weren't for the quick work of our dedicated public employees at the Department of Transportation, work that was extremely dangerous hundreds of feet above open water in bitter cold and high winds, we might have seen a significant spike in energy prices as our oil supply sat idle on the water. Maintaining and repairing our state's roads and bridges and funding transportation projects are crucial for our economy. Creating a solid, modern infrastructure will attract new businesses and industries, while helping our existing businesses grow, transport their goods and create new jobs, but as it stands, we barely have enough to do the very minimum, patching roads and bridges together, plowing our highways and keeping state troopers on the road. Our transportation trust fund faces a \$740 million shortfall over the next ten years. There are no more one-time fixes. We must develop strategies for a long-term solution, for both operations and road construction and we must do it together, working towards a consensus solution. There have already been proposals offered in both chambers and I thank Senator Morse and Representative Campbell for the work they have done. I stand ready to work with any member of either party who is willing to bring constructive, long-term ideas to the table so we can build a consensus solution that will help us begin to improve our roads and bridges and finish I-93. As you can see, though we continue to recover from the worst of the recession, our challenges are not yet over and they cannot be ignored. I know we won't agree on everything and I am ready to work with you to develop a final budget plan, but let me be clear, we must end this process with a balanced budget and I will veto anything else. The fiscally responsible budget I deliver to you today is a difficult budget with difficult choices and shared sacrifice, but it is a balanced budget that relies on conservative revenue growth and responsible decisions. Most importantly, it is a budget that refocuses our state on the priorities that are critical for driving innovation and strengthening our economy, building a strong, highly skilled workforce ready for 21st century jobs, supporting and attracting growing businesses and providing the basic support and services that keep our people safe, healthy and productive. I believe the approach that we have taken puts our state on the right path and will help set the foundation to build a more innovative economy, an economy with more good jobs that can support a growing middle class and an economy where all of our citizens can share in our success and prosperity. We cannot ignore our challenges and hope they go away and we cannot just assume the good jobs of the innovation economy will simply appear if we do not act. I am ready to roll up my sleeves and work with you, because we have the opportunity and the capacity to build a bright economic future for our people. We must lead the way and work together to build a stronger, more innovative New Hampshire. Thank you.

Rep. Shurtleff and Sen. Bradley moved that the Joint Convention arise.

Adopted.

The Joint Convention adjourned.

## HOUSE SESSION

The Speaker reconvened the House session.

**RESOLUTION**

Rep. Shurtleff offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time.  
Adopted.

**RECESS MOTION**

Rep. Shurtleff moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.  
Adopted.

The House recessed at 11:15 a.m.

**RECESS****(Speaker Norelli in the Chair)**

Rep. Kaen moved that the House adjourn.  
Adopted.

## HOUSE JOURNAL No. 8

Wednesday, February 20, 2013

The House assembled at 10:00 a.m. and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

God of peace and hope, we recall today that You are also a God of justice. We recall that in every age You send Your spirit to comfort the afflicted, but that You sometimes need to send us prophets to afflict the comfortable, which, we know, includes us. On this February Wednesday, we recall with gratitude those who have walked before us with the courage to speak truth to power and to question the status quo. We give You thanks for those who have dared to challenge racism and prejudice in all its forms for the sake of a more perfect union. Remind us of the cloud of witnesses who, out of compassion for their fellow human beings, risked and even gave their lives, so that the laws of this country and of this state might actually reflect in truth what our forbears claimed, that we "Hold these truths to be self evident, that all men (and women) are created equal." Help us to listen for their voices and for Yours and to the voices of our neighbors today who are challenging the injustices and prejudices of our own time. May our work reflect to the people of New Hampshire our concern for justice and equality, not for some, but for all. And in so doing, in the words of the great theologian Howard Thurman, "Keep fresh before (us) the moments of (our) high resolve" so that our work today might benefit those whose suffering is the greatest and often the least visible. This we pray in Your liberating name. Amen.

Representative Kris Roberts, member from Keene, led the Pledge of Allegiance.

The National Anthem was sung by Reverend Robert Thompson from Phillips Exeter Academy.

Pastor Renee Rouse of Brookline Community Church sang "America the Beautiful."

### LEAVES OF ABSENCE

Reps. Boisvert, Booras, Hackel, Hansberry, Kopka, McCloskey, Pitre, Reilly, Thompson, Till, Joy Tilton and Carol Williams, the day, illness.

Reps. Richard Eaton, Hinch, Moffett, Pelletier, Rhodes, Shackett, Spainhower, Joe Sweeney and Kenneth Ward, the day, important business.

### INTRODUCTION OF GUESTS

Reverend Andrew Nelson and Reverend Jorge Bedoya, son and guest of Rep. Bill Nelson. George, Molly, Carolyn and Sarah Simpson, son-in-law, daughter and granddaughters of Rep. Lovett. The Honorable Claire Clarke, former member from Boscawen, Stephanie and Andrew Alicea Sr., Leonard Bell and Marsha Snow, mother, daughter, son and guests of Rep. Alicea. Fourth Graders at Derry Village Elementary School, guests of the Derry Delegation. Miranda White, daughter of Rep. Andrew White. The Honorable Jackie Weatherspoon, former member from Exeter, guest of the House. The Honorable Harvey Keye, former member from Nashua, his wife Coralia, daughter Kendra Nickodem and daughter and son-in-law Jada Lynn and Sergio Hebra, guests of the House. Claire and Tim Davis, Braden and Nathan Young, guests of Rep. Emerson. John Healey and James Mossman, guests of Rep. Flanagan.

Andrew Alicea, Jr. of Merrimack Valley High School, Jourdain Bell of Bishop Brady High School and Emily LeRay of Exeter High School, Pages for the day.

### SPECIAL GUESTS

Aleksey Gustov, Ivan Khlebnikov, Aleksandr Selivanov, Vitaliy Yevdokimov and Dmitriy Popov, members of the World Affairs Council, guests through the Open World Program, guests of the House. Valerie Cunningham, historian and principal of the African-American Cultural Center, who established the Portsmouth Black Heritage Trail and the recipient of the National Restore America Award, and Bradley Randolph, son of Valerie Cunningham, guests of the House.

**UNANIMOUS CONSENT**

Rep. Levesque addressed the House.

**DECLARATION****Honoring Henry B. Richardson**

The First New Hampshire Legislator of African-American Descent

**WHEREAS**, Henry B. Richardson was elected to the New Hampshire House in 1974, and for two terms faithfully represented his constituents in Hillsborough District 5, which then comprised the towns of Greenville, Sharon, Temple, Lyndeborough and Wilton; and

**WHEREAS**, during his tenure in the House, Henry B. Richardson was a member of the Education Committee, as well as the Claims, Military & Veterans Affairs Committee, quickly earning the reputation of being an eloquent and gifted speaker; and

**WHEREAS**, originally from Ohio, Henry B. Richardson persevered from humble beginnings to graduate from college and become a faculty member of the Hampton Institute in Virginia; and

**WHEREAS**, Henry B. Richardson, who espoused serving country and community, served in the U.S. Army and proceeded to receive a battle commission where he was the only black officer in an integrated unit; and

**WHEREAS**, after three wars and 31 years in the Army, Henry B. Richardson retired with the rank of Major, having been decorated 24 times; now therefore be it

**DECLARED**, that Henry B. Richardson be celebrated as the first person of African-American descent elected to serve in the New Hampshire House of Representatives, thereby inspiring and paving the way for future legislators of diverse backgrounds; and be it further

**DECLARED**, that the New Hampshire House of Representatives, in recognition of Black History Month, hereby honors Henry B. Richardson for his groundbreaking achievement and reaffirms the significance of his role in New Hampshire history.

Terie Norelli, Speaker of the House

February 20, 2013

**MOTION TO PRINT REMARKS**

Rep. Shurtleff moved that the remarks made by Rep. Levesque be printed in the Permanent Journal. Adopted.

**REMARKS**

**Rep. Levesque:** Madame Speaker, Honorable Colleagues and guests. I rise for unanimous consent to recognize Black History month and pay tribute to past and current members of the Legislature of African American descent. You may ask why celebrate Black History month? It is a way of remembering our past, appreciating our present and imagining the possibilities for the future. Africans were brought to America in chains over 300 years ago. Although they helped to build this country, they endured centuries of being treated as mere property, unable to experience freedom, unable to engage in free enterprise or even be taught to read and write. In 1857, New Hampshire declared that no one shall be denied citizenship on account of African descent and, along with Vermont, repealed laws against the enlistment of blacks in state militia. In 1863, the Emancipation Proclamation freed all slaves and in 1865 the 13th amendment abolished slavery in all states. 110 years later, NH elected the first African American to the NH Statehouse. His name is Henry B. Richardson (R-Greenville). Henry Richardson served in the military for 31 years, served in 3 wars and was decorated 24 times. He achieved the rank of Major when he retired. Henry B. Richardson won the Republican nomination for his party in 1974. He was elected in 1975. That was a year of firsts; the first African American, the first Native American and the first 19 year old. After serving 2 terms in the NH House, The Hon. Henry Richardson ran for State Senate and was even endorsed by the Manchester Union leader. The Hon. Henry B. Richardson paved the way for Representatives of the future, including myself. Elected in 1986, Linda Diane Long (D-Nashua) served for 4 years in the House. Rep. Long was the sponsor of the Martin Luther King Day Bill in 1989. In 1989, the Hon. Juanita Bell from Portsmouth served for 2 terms. That same year the Hon. Lionel Johnson (D-Manchester) began his 12 years of service in the NH House. The Hon. Rogers Johnson (R-Stratham) served 3 terms. The Hon. Jackie Weatherspoon (D- Exeter) served 2 terms, 1997-2002, and remains active today in Exeter and in Washington. The Hon. Harvey Keye (D-Nashua), elected in 1998, also served 2 terms. The Hon. Harvey Keye gave an impassioned speech on the House floor which was instrumental in passing the

Martin Luther King Day Holiday in NH. The Hon. Claire Clarke (D-Boscawen), served for 10 years from 2001-2010. She was a tireless advocate for Education. The Hon. James Lawrence (R-Hudson) served 3 terms. The Hon. Carol Estes (D-Plymouth) served one term and gave a remarkable floor speech that helped pass civil unions. The Hon. Richard Komi (D-Manchester) originally from Nigeria, served in the House from 2009-2010 and also ran for Mayor of Manchester. Our current Representatives are Rep. Jean Jeudy (D-Manchester), originally from Haiti, Rep. Kris Roberts (D-Keene), Rep. Caroletta Alicea, the daughter of the Hon. Claire Clark and Rep. Linda Harriott-Gathright (D-Nashua). Today we recognize these Representatives cited for their achievement, not only for blazing a trail and being role models to what is achievable, but for transcending barriers of race and gender. It is important to note that the NH House is a diverse fellowship of legislators; African American, Irish, English, Native American, Hispanic, French, Italian, German, Greek, Indian, Haitian, Armenian, Japanese, Scandinavian, Russian and Scottish. If I missed any nationalities, please excuse me, but you know what I mean. We have a diverse group and we should be proud because we were all elected based on the content of our character and our willingness to serve. This is Dr. Martin Luther King's Dream. It is our privilege to have the daughter of The Hon. Henry B. Richardson with us today. Pastor Renee Rouse is the Interim Pastor at the Brookline Community Church in Brookline NH. She graced us with her lovely voice singing *America the Beautiful*. We would like to pay tribute to her father's memory by presenting a commendation recognizing her father, Hon. Henry B. Richardson as the 1st African American Legislator in the NH Statehouse.

### COMMUNICATION

February 15, 2013

Attn: Karen Wadsworth

Due to personal and health related issues, I am no longer able to serve in the NH Legislature representing Sullivan County District 4, City of Claremont, Ward 2. Continued success in your work. Thomas E. Donovan, Jr.

### COMMUNICATION

February 14, 2013

Ms. Terie Norelli  
Speaker of the House  
Third Floor, NH State House  
107 North Main Street  
Concord, NH 03301

Dear Madam Speaker:

It is with deep regret that I submit to you my resignation, today, from the NH House of Representatives. My declining health along with my age are the two main factors. This legislative body holds many fine memories that I shall always cherish.

Sincerely,  
Roland H. LaPlante  
Ward 8, Nashua – Hillsboro, Dist. 35

### CONSENT CALENDAR

Rep. Shurtleff moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

**HB 278**, relative to voluntary installation of fire suppression sprinklers, removed by Rep. Kurk.

**HB 344-FN-L**, relative to aid to school districts for the cost of special education, removed by Rep. Carol McGuire.

**HB 471**, establishing a commission to study dual enrollment programs, removed by Rep. Kris Roberts.

**HB 143**, allowing straight ticket voting, removed by Rep. Vaillancourt.

**HB 277**, relative to the oath required of public officers, removed by Rep. Hoell.

**HB 423-L**, relative to amending official ballot warrant articles, removed by Rep. Frederick Rice.

**HB 273-FN-L**, authorizing the commissioner of the department of resources and economic development to enter into contracts for provision of free Wifi Internet access at Hampton Beach state park, removed by Rep. Cushing.

Consent Calendar adopted.

**HB 201**, relative to school district policies on health and sex education. **INEXPEDIENT TO LEGISLATE.**

Rep. Rick M. Ladd for Education: House bills 201 and 161 addressed the issue of district policies affecting opt-out provisions on health and sex education. A house education sub committee merged content from HB 201 into HB 161 with amending language. This bill is no longer needed. Vote 18-0.

**HB 384**, requiring parental consent prior to a mental health examination in public schools. **INEXPEDIENT TO LEGISLATE.**

Rep. Barbara E. Shaw for Education: Parental consent is already required by both federal state special Ed laws. RSA 200:34 clearly states the procedures and process that must be followed. This bill is unnecessary and may cause confusion. Vote 18-0.

**HB 309**, relative to filing for office. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Shawn N. Jasper for Election Law: This bill was filed at the request of the secretary of state to correct an inconsistency in filing requirements. Current law requires that if a person must file for office with the secretary of state and does so on the last day, they must appear in person. The bill as filed was intended to require that any person who files for office with the town or city clerk on the last day of the filing period, must also do so in person. The amendment corrects an error in the bill and fulfills the intent of the sponsor and the secretary of state. Vote 17-0.

**Amendment (0303h)**

Amend the bill by replacing section 1 with the following:

1 Primary Candidate. Amend RSA 655:16 to read as follows:

655:16 Personal Filing. Except for those who must file with a town or city clerk, any person who files on the last day of the filing period must do so in person before the secretary of state; provided, however, that this requirement shall not apply to the filling of vacancies by party committees. *If the person must file with a town or city clerk and is filing on the last day of the filing period, he or she shall do so in person.*

**HB 328-FN**, relative to the sale of pets. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Stephen J. Palmer for Environment and Agriculture: This bill is a cleanup bill as a result of a study committee to RSA 437 with no policy changes. This amendment requires that the animal is free from all visual evidence of any communicable diseases or internal and external parasites. Vote 15-0.

**Amendment (0229h)**

Amend RSA 437:13-a, II as inserted by section 8 of the bill by replacing it with the following:

II. For purposes of this section, an official health certificate means a certificate signed by a licensed veterinarian on a form approved by the state veterinarian, containing the name and address of the person transferring ownership of the *dog, cat, bird, or ferret*, the age, sex, breed and description of the *dog, cat, bird, or ferret*, a list of all types of vaccines or medication administered to the *dog, cat, bird, or ferret*, and the certification of the veterinarian that the *dog, cat, bird, or ferret* is free from visual evidence of any communicable diseases *or internal or external parasites*.

Amend RSA 437:13-a, IV as inserted by section 8 of the bill by replacing it with the following:

IV. All incorporated or chartered humane societies with operating shelters in the state of New Hampshire are exempt from the requirements of this section relative to transferring *dogs, cats, birds, or ferrets* except that all *dogs, cats, birds, or ferrets* transferred out of an animal shelter facility shall have a form of positive identification, including but not limited to a tattoo, collar, microchip, ear tag, or any other permanent form of identification approved by the commissioner of agriculture, markets, and food and *dogs, cats, and ferrets* shall be vaccinated against rabies in accordance with RSA 436[~~;~~and]. *All dogs, cats, birds, or ferrets* shall be accompanied by an official health certificate if the *dog, cat, bird, or ferret* was imported into the state for transfer with or without a fee.

**HB 497**, relative to negligent treatment of animals. **INEXPEDIENT TO LEGISLATE.**

Rep. Christy D. Bartlett for Environment and Agriculture: This bill would have added specific acts of negligence to the animal abuse statute – including underweight animals, ammonia levels, and open sores. While the intent is well-meaning, the testimony overwhelmingly pointed out that not all thin dogs are being starved, and not all open sores are due to mistreatment or neglect. The committee determined that our existing animal cruelty statutes are sufficient to deal with real animal abuse. Vote 16-0.

**HB 547**, establishing a commission to study permanent options for funding the veterinary diagnostic laboratory. **OUGHT TO PASS.**

Rep. Robert H. Haefner for Environment and Agriculture: The bill sets up a short term commission to look at options for permanent funding of the veterinary diagnostic lab at UNH. The lab has been funded historically with one third from the university (college of life science and agriculture), one third by the NH department of agriculture, markets and food and one third from user fees. This has reflected the three customers of the lab. Last term the department of agriculture, markets and food, and UNH cut their funding to the lab because the budgets were cut at both UNH and DAMF. We almost lost the lab until we found some money available in other dedicated funds at DAMF. The lab did make some significant cuts to its operating costs. The question: "Is there a better way to fund this lab?" The VDL is one of two only in all of New England, the other at UCONN. There is also one other in the northeast at Cornell. Our lab does get work sent to it from our neighboring states. There are a couple of national labs in the area that provide service for the pet industry, but not livestock or rabies. The lab is also part of our state emergency management organization and it is a teaching arm of the pre-veterinary program at UNH, one of the country's best programs. This is a public health service as well. Vote 15-0.

**HB 156**, relative to the appointment and duties of the state fire marshal. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jeffrey P. Goley for Executive Departments and Administration: The bill, as amended, corrects some problems created from statutory changes over the years and also makes the language gender neutral. It removes language from RSA 153:7 which deals with the appointment of the state fire marshal as that is now covered in RSA 21-P. The second part of the bill, as amended, removes the reference to RSA 106-A:46 which was repealed in 1987 and correctly substitutes RSA 153. Vote 16-0.

#### Amendment (0058h)

Amend the bill by replacing sections 1 and 2 with the following:

1 State Fire Marshal. Amend RSA 153:7 to read as follows:

153:7 State Fire Marshal. There shall be a state fire marshal who shall be ~~[a citizen of this state and shall be technically qualified by training and experience in the prevention, extinguishing and investigation of fires at the time of his appointment. He shall be appointed by the governor and council from a list of at least 3 nominees submitted by the state advisory board of fire control for an indefinite term, which shall not extend beyond his sixty-fifth birthday]~~ **qualified and appointed by the governor and council in the manner prescribed in RSA 21-P:12.** He ~~or she~~ shall be subject to removal at any time by the governor and council for inefficiency, neglect of duty, or malfeasance in office, after hearing, with reasonable notice in writing of the charges against him ~~or her~~. The office of the state fire marshal shall be located in Concord in suitable quarters provided by the state. ~~[He]~~ **The state fire marshal** shall receive the annual salary prescribed by RSA ~~[94:1-a]~~ **94:1-a**. Such officer shall devote his ~~or her~~ entire time to the duties of the office and ~~[he]~~ shall discharge such duties and responsibilities as are delegated to ~~[him]~~ **the fire marshal** by law.

2 Duties of the State Fire Marshal. Amend RSA 153:4-a, IV to read as follows:

IV. To promote the efficient discharge of his ~~or her~~ lawful duties, the state fire marshal or his ~~or her~~ designee may issue citations for violations of fire safety rules under RSA ~~[106-A:4-b]~~ **153.**

**HB 267**, relative to the board of accountancy. **OUGHT TO PASS.**

Rep. Carol M. McGuire for Executive Departments and Administration: This bill clarifies the board's rulemaking authority and replaces the last "public accountant" on the board with a CPA. Since public accountants are the grandfathered pre-CPA professionals, there are fewer than 25 left in the state, and the board requested their dedicated seat be replaced by a current professional. Vote 16-0.

**HB 376**, relative to the shop licensure requirements for barbers, cosmetologists, manicurists, and estheticians. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter B. Schmidt for Executive Departments and Administration: This bill, as amended, arose from the desire of the trade and their licensing board to allow enterprising practitioners to open their own shops at an earlier point in their careers. There was no opposition to the bill and the committee felt we should not unnecessarily restrict ambitious young business people. Vote 16-0.

#### Amendment (0148h)

Amend the bill by replacing section 1 with the following:

1 Barbers; Shop Licensure; One Year Requirement Removed for Barbers. Amend RSA 313-A:19 to read as follows:

**313-A:19 Shop Licensure.**

I. It shall be a misdemeanor for any person, as owner, manager, or agent, to open, establish, conduct, or maintain a salon, barbershop, or mobile barbershop without first having obtained a shop license from the board. Application for such shop license shall be made to the board in writing and shall state the name and address of the owner of such shop, the shop's address or, in the case of a mobile barbershop, the business mailing address of the owner, and such other information as may be required by the board. Licenses under this section shall be conspicuously posted within the licensed establishment.

II. (a) Any licensed barber, cosmetologist, manicurist, or esthetician ~~[who has completed one year of actual experience in a salon or barbershop]~~ shall, upon written application accompanied by the required fees, receive a license to operate a salon, barbershop, or mobile barbershop in this state, provided that the salon, barbershop, or mobile barbershop meets all requirements established in the rules of the board.

(b) Booths attached to or within a salon or barbershop that are operated independently of the salon or barbershop shall be subject to licensure in the same manner as an independent establishment, except that each independently operated booth shall not be required to have a separate sink or shampoo bowl.

III. In the event of a change of location of any licensed shop and upon notice thereof, the board shall issue a transfer of licensure of such shop to its new location, provided such new location meets the requirements of this section. The board may revoke any shop license upon a finding that such shop fails to comply with this chapter or the rules adopted by the board; provided that, before any such certificate shall be revoked, the holder shall have notice thereof and be granted a proper hearing.

IV. In addition to licenses issued under paragraph II, the board may issue a license to an owner of a salon or barbershop who does not personally engage in cosmetology, barbering, or esthetics, provided the salon or barbershop shall fulfill all requirements set forth in the rules of the board and provided further that the owner has paid the required license fee for such salon or barbershop and employs a licensed cosmetologist, barber, manicurist, or esthetician as manager ~~[who has previously completed one year of actual experience]~~ in ~~[a licensed]~~ the salon or barbershop. However, this section shall not authorize such owner to practice cosmetology, barbering, manicuring, or esthetics unless the owner has a cosmetologist, barber, or esthetician license.

**AMENDED ANALYSIS**

This bill removes the requirement that barbers, cosmetologists, manicurists, and estheticians have one year of experience prior to the granting of a shop license.

**HB 377, relative to archeological investigations on private or public property. INEXPEDIENT TO LEGISLATE.**

Rep. Carol M. McGuire for Executive Departments and Administration: This bill would forbid archeological investigations unless there is "concrete evidence that relics exist at that location," and requires stopping construction if "significant relics" are found. Unfortunately this is totally contrary to the principles of archeology, and creates a new duty for property owners: to look for relics, decide if they are "significant" and notify the state if they are, stopping work while they investigate. Right now there are no state laws or requirements in this area; all the requirements are federal. A preliminary archeological survey is required when getting a federal permit, or a joint federal/state permit, such as a wetlands excavation permit. The process required by this bill is not only clumsy; it is in violation of federal law. Vote 16-0.

**HB 385, relative to licensure of, and the performance of electrical work by, elevator and accessibility lift mechanics. OUGHT TO PASS WITH AMENDMENT.**

Rep. Frank A. Byron for Executive Departments and Administration: This bill, as amended, modifies in RSA 157-B:8-a the requirements for licensure of elevator and accessibility lift mechanics from greater than 5 years to 2 years of documented experience working under a NH licensed elevator or accessibility lift mechanic. The bill also allows for the licensure of elevator or accessibility lift mechanics without an examination who are licensed in other states provided that the licensing requirements of New Hampshire are not greater than those of the other state. These provisions will make it easier for NH mechanics to receive the benefits of other states' reciprocity rules. The bill also

amends RSA 319-C:3 by providing an exception to the requirement to hold an electrician's license for licensed elevator or accessibility lift mechanics working only on electrical wiring originating from a final disconnecting means at the equipment or at equipment disconnects located in the elevator machine room and associated with elevator equipment, elevator hoist way doors and the elevator car for both commercial and residential installations. Committee members believe this provides the best allocation of responsibility, with electricians handling general wiring up to the elevator or lift, and the elevator and lift mechanics handling the specialized wiring for the elevator or lift installation. Vote 15-0.

#### Amendment (0309h)

Amend the bill by replacing all after the enacting clause with the following:

1 Elevator and Accessibility Lifts; License Requirements. Amend RSA 157-B:8-a to read as follows:

157-B:8-a Mechanics. An elevator or accessibility lift mechanic shall pass an examination given by the commissioner *provided the person has at least 2 years of documented experience working directly under a licensed New Hampshire elevator or accessibility lift mechanic*, except in cases in which an elevator or accessibility lift mechanic has proven to the satisfaction of the commissioner *that the person has* experience in excess of 5 years within the state. A license shall be issued to the mechanic for a 2-year period. A fee of \$50 shall be charged for the initial examination and license. A license may be renewed every 2 years upon payment of a fee of \$35. Employees of the department of labor shall not be charged for the issuance or renewal of a license. A person who holds a certificate or license of competency as a mechanic [~~equal to that of this~~] *issued by another state may be issued a license without examination upon payment of a fee of \$35, provided that licensees of this state are not subject to greater requirements for certification or licensure in the other state than those required by this state.* The commissioner may revoke any license for cause shown, after a hearing. The holder of a license under question shall receive 7 days' written notice informing the licensee of the charges and of the time and place of the hearing.

2 New Paragraph; Electricians; Exception for Licensed Elevator and Accessibility Lift Mechanics. Amend RSA 319-C:3 by inserting after paragraph XI the following new paragraph:

XII. An elevator or accessibility lift mechanic licensed by the labor commissioner under RSA 157-B:8-a and rules adopted thereunder (a) for accessibility lifts, at the wiring originating from the final disconnecting means at the equipment; or (b) for elevators, at the equipment disconnects located in the elevator machine room and associated with the elevator equipment, elevator hoistway doors, and elevator car only; in both commercial and residential installations on elevator and accessibility lift controls.

3 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill adds a requirement of 2 years of experience working under a licensed elevator or accessibility lift mechanic in order to be licensed in this state and clarifies the eligibility for licensure by reciprocity. The bill also exempts licensed elevator and accessibility lift mechanics from requirements for licensure as an electrician for work in both commercial and residential installations on elevator and accessibility lift controls.

**HB 637-FN-A**, transferring licensing for retail tobacco sales to the department of revenue administration from the liquor commission. **INEXPEDIENT TO LEGISLATE.**

Rep. Jeffrey P. Goley for Executive Departments and Administration: This bill would transfer the licensing of tobacco sales from the liquor commission to the department of revenue administration. The liquor commission already enforces laws dealing with tobacco products and the committee felt tobacco licensing should remain there, just as liquor and tobacco are with the ATF at a federal level. Currently liquor and tobacco licensing are done on one form and sent to one agency. If this bill passes, businesses will have to file two forms with two different agencies. Both the New Hampshire grocers association and the New England convenience stores association opposed the bill because the current system is working well for them. Vote 16-0.

**HB 656-FN**, requiring state agencies to develop performance measures and to develop budgets for each biennium. **INEXPEDIENT TO LEGISLATE.**

Rep. Howard M. Moffett for Executive Departments and Administration: This bill would require all executive departments to submit biennial budgets to the department of administrative services,

and would require each state agency to adopt a “performance measurement system” for each of its programs. Although the committee supported the idea of performance measurement, it was concerned that: (1) there were too many questions about how performance would be measured; (2) the Finance Committee is working on a comparable bill, and is a better place to work out the details; (3) the proposed oversight committee would require significant additional time from some of the busiest members of the legislature; and (4) because department heads report to the governor rather than the legislature, the bill raises a significant separation of powers issue. Vote 16-0.

**HB 408**, establishing approved titles for articles of the New Hampshire Constitution. **INEXPEDIENT TO LEGISLATE.**

Rep. David Woodbury for Judiciary: The New Hampshire Constitution, as originally enrolled, did not contain titles for the various articles. This bill seeks to supply those missing titles even though, over the years, printers and publishers have supplied their own titles. The Committee did not feel that the legislature had the authority to effectively amend the New Hampshire Constitution through legislation as opposed to a constitutional amendment. Vote 19-0.

**HB 543**, relative to ascertaining damages to abutting landowners. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Joseph M. Hagan for Judiciary: This bill sets procedures determining damages to private lands when changes in grade or drainage are required for town highway maintenance or repair. Examples include changes in drainage structures such as ditches and culverts. The amendment corrects an error in timing. Vote 20-0.

#### **Amendment (0265h)**

Amend RSA 231:75, II as inserted by section 2 of the bill by replacing it with the following:

II. The selectmen shall hear any owner desiring to be heard, either at a hearing noticed under paragraph I, or otherwise within 30 days after receiving a hearing request from an aggrieved owner. If an aggrieved owner applies for damages, the selectmen shall view the premises and assess the damages, if any, within 30 days of said hearing or within 30 days after the completion of the work, whichever is later, and shall file a record of their proceedings in the office of the town clerk. In assessing damages, any benefit which the landowner may receive by such repairs may be set off against the owner's claim. A hearing request made under this paragraph shall be made within 6 months following the completion of the work, and not afterward.

**HB 577-FN**, relative to responsibility for hazardous materials accidents. **INEXPEDIENT TO LEGISLATE.**

Rep. Michael J. Sylvia for Judiciary: This bill unnecessarily alters the party to be held responsible for the costs associated with hazardous materials accidents. This bill would shift the burden from the person “whose act or omission caused” the accident to a natural person or other person who is the owner, custodian, or otherwise is in possession or control of the hazardous materials involved. This would send a chilling economic signal to our state's businesses. Vote 18-0.

**HB 200**, relative to an employer's burden of proof in unemployment compensation hearings. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Michael D. Cahill for Labor, Industrial and Rehabilitative Services: This bill states that the employer, employer's agent or representative shall appear and present proof of alleged employee misconduct at the appeal tribunal. It is the amendment that requires the appearance of the employer or his/her agent at the tribunal. The current process does not require attendance of the employer in the appeal process. We received testimony that employees are being found ineligible for unemployment without the benefit of due process. Vote 15-0.

#### **Amendment (0263h)**

Amend the bill by replacing section 1 with the following:

1 Unemployment Compensation; Procedure During Appeals. Amend RSA 282-A:56 to read as follows:

282-A:56 Procedure. A hearing shall be conducted in such a manner as to ensure a fair and impartial hearing to the interested parties. The appeal tribunal shall hear the appeal de novo and shall not be bound by prior findings or determinations of the department of employment security although the records of said department shall be part of the evidence to be considered by the tribunal.

An appeal shall be filed and presented and the hearing conducted in accordance with rules adopted by the commissioner. Such rules need not conform to common law or statutory rules of evidence or other technical rules of procedure. The place and time of a hearing shall be determined by the commissioner. In no case shall a hearing proceed unless the chairman is present. With the agreement of all the parties the appeal tribunal may, without holding a hearing, remand a determination for redetermination pursuant to RSA 282-A:46 for the purpose of correcting obvious department error. ***If the employer alleges he or she dismissed the employee because of the employee's misconduct, the employer or the employer's agent or representative shall appear and shall present proof of such misconduct.***

#### AMENDED ANALYSIS

This bill requires employers to appear and present proof of misconduct when alleging an employee was dismissed for misconduct.

**HB 359**, relative to mailing of notices and determinations by the department of employment security. **OUGHT TO PASS.**

Rep. Douglas A. Ley for Labor, Industrial and Rehabilitative Services: The bill leaves to the discretion of the Commissioner of the Department of Employment Security the choice to use first class mail rather than certified mail in sending notices of withdrawals of appeals and decisions on requests to reopen appeal tribunal decisions. Cost savings to the state are estimated at \$6000 per annum. In the unlikely event the intended recipient (who requests the mailing) states that s/he did not receive the notice, the department will accept such claim and mail it a second time. Vote 13-0.

**HB 360**, relative to overpayments caused by arbitration awards, back pay awards, settlement agreements, or jury verdicts. **INEXPEDIENT TO LEGISLATE.**

Rep. Michael D. Cahill for Labor, Industrial and Rehabilitative Services: This bill was requested by the department of employment security and would establish joint liability for employers and employees regarding restitution in the event of overpayment in certain situations. After additional consideration and consultation with the department, the sponsor requested the committee find it inexpedient to legislate. Vote 13-0.

**HB 361**, relative to worksharing. **OUGHT TO PASS.**

Rep. Janice E. Schmidt for Labor, Industrial and Rehabilitative Services: This bill brings New Hampshire work sharing requirements into alignment with the federal unemployment tax act. Work sharing allows employers to reduce working hours for an entire group of employees rather than laying off some employees and continuing full employment for others. The plan provides unemployment compensation at a reduced rate. Currently there are 169 employees participating in 15 separate plans. The changes require employers to provide benefits as if the hours had not been reduced, requires a plan presented to the department to include the details of the plan and allows the commissioner to sever any part of the statute that is not approved at the federal level. Vote 14-0.

**HB 268-FN**, establishing a moratorium period for lobbying for certain state officers. **INEXPEDIENT TO LEGISLATE.**

Rep. Joel F. Winters for Legislative Administration: This bill would extend the prohibition on lobbying by certain public officials after leaving office from six months to one year. The committee was not persuaded that there a problem with the current law that needed to be fixed. Vote 11-0.

**HB 602**, establishing a committee to study general court policies and procedures relative to persons with disabilities. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Joel F. Winters for Legislative Administration: This bill would have established a study committee to look at how people with disabilities fare under the policies and procedures in the state house complex. The committee agreed there were issues that should be looked at, such as access to the senate gallery. The amendment changes this to a sunset commission so that public members with interest in the needs of people with disabilities can be appointed. Vote 9-0.

#### Amendment (0319h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission to study general court policies and procedures relative to persons with disabilities.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Commission to Study General Court Policies and Procedures Related to Persons with Disabilities. Amend RSA by inserting after chapter 19-L the following new chapter:

#### CHAPTER 19-M

### COMMISSION TO STUDY GENERAL COURT POLICIES AND PROCEDURES RELATED TO PERSONS WITH DISABILITIES

19-M:1 Commission Established. There is established a commission to study general court policies and procedures related to persons with disabilities.

19-M:2 Membership and Compensation.

I. The members of the commission shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house of representatives.

(b) Two members of the senate, appointed by the president of the senate.

(c) Two members of the public having an interest in the needs of people with disabilities, appointed by the governor.

II. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

19-M:3 Duties. The commission shall study general court policies and procedures related to persons with disabilities. The commission study shall include, but not be limited to, procedures to ensure that legislators and citizens with physical disabilities have full access to general court facilities.

19-M:4 Chairperson. The members of the study commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section.

19-M:5 Report. The commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2013.

2 Repeal. RSA 19-M, relative to the commission to study general court policies and procedures related to persons with disabilities, is repealed.

3 Effective Date.

I. Section 2 of this act shall take effect November 1, 2013.

II. The remainder of this act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill establishes a commission to study general court policies and procedures relative to persons with disabilities.

**HB 122**, relative to limitation of appropriations in official ballot municipalities. **INEXPEDIENT TO LEGISLATE.**

Rep. James Verschuere for Municipal and County Government: The bill sought to permit the recommendations of the budget committee in an official ballot referendum municipality that are revised after the deliberative session, to be used for determining the 10 percent limitation on appropriations. Testimony revealed that the issue ensued from a dispute between selectmen and the budget committee in a particular town. The dispute resulted in the town budget being more limited than it might have been had the dispute been resolved earlier. Additional testimony indicated that the bill offered no improvement on current law. The committee concurred that the issue presented was best left to local resolution and that the bill offered no improvement to current law. Vote 14-0.

**HB 280**, relative to voting requirements in towns that have adopted official ballot voting. **INEXPEDIENT TO LEGISLATE.**

Rep. Bruce L. Tatro for Municipal and County Government: This bill would require a 2/3 vote to amend a petitioned warrant article. The committee felt that a petitioned article should not have greater value than any other article on the warrant. A petitioned article should be able to be amended the same as other articles, by majority vote. Vote 14-0.

**HB 283**, establishing a study committee to review the hearings officer's report with regard to the New Hampshire Local Government Center and to study potential changes to RSA 5-B. **OUGHT TO PASS.** Rep. Tom Lavender for Municipal and County Government: This bill establishes and sets parameters for a study committee to review the report regarding the New Hampshire local government center and to study potential changes to RSA 5-B. Vote 14-0.

**HB 330-FN-L**, allowing counties to adopt a county income tax to be administered by the department of revenue administration. **INEXPEDIENT TO LEGISLATE.**

Rep. Marjorie A. Porter for Municipal and County Government: This bill would allow counties to establish a 1% tax on income as determined by federal IRS tax filings, with the proceeds to be used to fund education. Collection and distribution of the tax would be the responsibility of the DRA. The committee found this bill fraught with difficulties and unwieldy to administer. NH has no way of accessing federal tax information, as we do not have a state income tax. The bill does not specify how the proceeds would be appropriated to schools within the county. DRA does not have the manpower or financial resources to administer the program and an undue burden would be placed on employers, who may have to report their employee's earnings to many different counties. Vote 15-0.

**HB 369**, relative to investment of excess funds by the county treasurer. **INEXPEDIENT TO LEGISLATE.**

Rep. Dorothea D. Hooper for Municipal and County Government: This bill intended to clarify the investment duties of the county treasurer and to repeal a duplicate authority. The committee determined that the bill muddies the role of the county treasurer. In addition it strains the ability of the executive committee to get members to meetings. Vote 13-2.

**HB 438**, relative to the appraisal of residences in an industrial or commercial zone. **INEXPEDIENT TO LEGISLATE.**

Rep. James E. Coffey for Municipal and County Government: This bill extends the practice of using residential assessment values in a commercial district for properties that are occupied by the owner as the person's principal place of abode to properties that are of a mixed residential and commercial use. The bill fails to create a workable state-wide standard and makes the proposed changes optional on a case by case basis. After considerable discussion, including consideration of an amendment, the committee voted to ITL the bill. Vote 16-0.

**HB 446**, relative to the amount of the optional property tax credit for service-connected total disability. **INEXPEDIENT TO LEGISLATE.**

Rep. Kris E. Roberts for Municipal and County Government: This bill would allow towns and cities to increase the optional property tax credit for service-connected total disability veterans from a maximum of \$2000 to an amount which is one-half total annual property tax bill on each veteran's residential property. Currently RSA 72:27-a provides \$701 or up to \$2000 if authorized by local town or city. The committee understands the fiscal and personal hardship that a totally disabled veteran must confront, but the major beneficiaries of HB 446 would be senior retired military officer homeowners who receive both a military pension and an additional 32 thousand dollars tax free VA payment, plus any unearned income. Unfortunately there are numerous totally disabled veterans who were medically retired and are not homeowners. They receive no tax credit. The committee was concerned with the word shall, with ½ of annual property tax bill. It would create an unequal credit across the state. The maximum \$2000 applies to every community. One half would have no maximum, resulting in local taxpayer subsidizing high income homeowners. Vote 16-0.

**HB 425**, relative to bridge aid and highway block grants for class V roads in certain village districts. **INEXPEDIENT TO LEGISLATE.**

Rep. John R. Cloutier for Public Works and Highways: The bill as written on the title page has two sections. The first section would make certain village districts eligible to receive state bridge aid and highway funds. The second section would require the department of transportation's bureau of municipal highways to inventory certain roads annually. The committee especially believes the first section would be a major policy change which could reduce the total amount of municipal bridge and highway aid to at least municipalities that contain three miles or more of Class V (least traveled) municipal public roads. Also, the committee believes that the state highway fund's present constrained fiscal situation precludes any increased municipal bridge and highway aid to municipalities. Vote 20-0.

**HB 441**, making a capital appropriation for the construction of a monument commemorating the 400th anniversary of the discovery of the Isles of Shoals by John Smith. **INEXPEDIENT TO LEGISLATE.**

Rep. David B. Campbell for Public Works and Highways: This bill contemplates the construction of a monument on state-owned land to commemorate one of the few 400th anniversaries to thus far

be celebrated in the United States of America. St. Augustine, Florida and the doomed Jamestown Colony have had 400th celebrations, (the Jamestown event was attended by Queen Elizabeth, II of England) even as the Plimoth Plantation is readying for its 400th in 2020. However, New Hampshire has the opportunity to honor, celebrate and memorialize its own significant 400th anniversary next year in 2014. In 1614, famous explorer Captain John Smith discovered and charted the Isles of Shoals six miles off the New Hampshire coast. He named them "Smyth Iles," a name which did not stick and described them in an English best-selling book, a "Description of New England." However, his "description" of our coastline and his christening this region "New England" (with the permission of King James I), is widely credited for the great excitement in England to colonize what have become, to this day, the six "New England" states. This voyage and the discovery of the Isles of Shoals would be Smith's last to the New World. Previously, Smith was a leader at Jamestown, where he was famously saved from death by the Indian maiden Pocahontas. Prior even to this, by the age of 24, Smith had fought as a mercenary against the Turks in Eastern Europe, (for which he had been knighted in Transylvania), captured and sold into slavery and eventually escaped back to England. To mark the 250th anniversary of Captain John Smith's discovery of the Isles of Shoals, a monument was erected on Star Island on private land in 1864. It was a four-sided marble obelisk topped by three severed, turban-clad Turkish heads, in "tribute" to Smith's earlier life. By the 300th anniversary in 1914, the sea had badly damaged the monument and it was rebuilt with a giant stone and bronze plaque. Over the past century, this monument too, has been greatly worn by the elements. The intent of this bill is to create a state built monument and a tourist attraction on state-owned land (probably on the mainland) in order to honor the 400th anniversary and our great state of New Hampshire. The committee voted unanimously to recommend this bill Inexpedient to Legislate in order to consider it, more properly, in the overall state Capital Budget. Vote 18-0.

**HB 509**, requiring the department of administrative services to provide the New Hampshire Department of American Legion with office space. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John A. Graham for Public Works and Highways: This bill is a simple update of existing chapter law and does not change the relationship of the state of New Hampshire and the American Legion. Chapter 175, the Laws of 1921, requires that the state provide office space free of charge to the American Legion "in the State House." The Legion currently occupies office space in the State House Annex, and working with Administrative Services, is planning to move from there to similar space at the Gallen Office Park. The bill will allow that move to take place without violating existing statutes. The amendment deletes existing chapter law so that there will not be any confusion over which location takes precedence when this bill becomes law. Vote 19-0.

#### **Amendment (0333h)**

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Repeal. 1921, 175, relative to providing permanent headquarters in the state house for the New Hampshire Department of the American Legion, is repealed.

**HB 550**, relative to the disposition of state-owned real estate. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John A. Graham for Public Works and Highways: The bill amends RSA 4:40, the law dealing with the disposal or sale of surplus state real estate. Currently towns, cities or counties have first right of refusal on the purchase of any such property. However, as the RSA now reads it could be interpreted that the municipality has an unlimited amount of time to declare its intentions once the property is placed on the market. The bill establishes a time frame within which the town, city or county must state if it intends to purchase the property or not. The amendment sets this time at 60 days. The bill also allows up to 15 months to complete the transaction, which provides sufficient time for warrant articles, budgets, etc., to be acted on. Secondly, the bill requires that if a city, town or county, after purchasing surplus property from the state, subsequently sells the same property then the state shall have first right of refusal on the real estate. Vote 19-0.

#### **Amendment (0194h)**

Amend RSA 4:40, I as inserted by section 1 of the bill by replacing it with the following:

I. Except as provided in RSA 4:39-c, RSA 228:31-b, and RSA 204-D, upon recommendation of the head of any state department having jurisdiction over the same, all requests for the disposal

or leasing of state-owned properties shall be reviewed and approved by the long range capital planning and utilization committee, with advice from the council on resources and development, prior to submission to the governor and council for approval. Upon determination that the property is no longer needed by the state, the governor and council shall first offer it to the town, city, or county in which the property is located. ***The town, city, or county shall have 60 days from the date of approval by the long range capital planning and utilization committee to accept the offer and 15 months to complete the transaction.*** If the town, city, or county refuses the offer, the governor and council may sell, convey, transfer, or lease the real property.

**HB 607**, relative to construction projects for the adjutant general's department. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Franklin T. Tilton for Public Works and Highways: Currently all construction and/or building renovations costing more than \$25,000 are required to be managed and bid through the bureau of public works design and construction. The departments of fish & game and resources & economic development have an exemption and are allowed to competitively bid construction projects with a value of \$250,000 or less without going through the bureau of public works design and construction. Both these departments have their own engineers and/or architect and oversee small projects at a value of \$250,000 or less. The adjutant general's department now possesses the professional and technical expertise to perform similar services. The state staff is complemented by federal employees including mechanical and civil engineers and an architect. This bill with its clarifying amendment simply adds the adjutant general as a department that may construct or renovate projects costing \$250,000 or less. This will allow New Hampshire to receive federal dollars that have to be used on essential projects within a short timeframe; often these federal dollars had to be rejected in the past and were used by other states. Vote 19-0.

**Amendment (0163h)**

Amend the bill by replacing section 1 with the following:

1 Public Works Design and Construction; Major Projects; Adjutant General's Department Added. Amend RSA 21-I:80, I(b) to read as follows:

(b) Projects for the department of fish and game, ***the adjutant general's department***, and the department of resources and economic development whose estimated total cost is not more than \$250,000. Such projects may be done on a force account basis, by contracts awarded through competitive bidding, by short term rental of construction equipment, or by any combination of these methods. These departments are authorized to rent construction equipment for periods not exceeding 6 months at rates the departments deem competitive through the use of quotes or bids.

**AMENDED ANALYSIS**

This bill establishes an exemption from the competitive bidding requirement for certain public works design and construction projects for the adjutant general's department.

**HB 157**, renaming Blood Pond in the town of Lancaster as Mountain Lake Pond. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jane Cormier for Resources, Recreation and Development: The amendment to this bill replaces the entire bill. It states that the pond known as Blood Pond in the town of Lancaster shall be renamed Evans Pond. Some in the community thought reverting the name back to Evans Pond, as it was once previously known, would be beneficial to the area. The Lancaster Select Board held a public hearing regarding the name change. No opposition was heard. Since Blood Pond is a natural water body larger than 10 acres, the name change must be authorized by the legislature. Vote 17-0.

**Amendment (0307h)**

Amend the title of the bill by replacing it with the following:

AN ACT renaming Blood Pond in the town of Lancaster as Evans Pond.

Amend the bill by replacing section 1 with the following:

1 Renaming Blood Pond. The pond known as Blood Pond in the town of Lancaster shall be renamed as Evans Pond.

**AMENDED ANALYSIS**

This bill renames Blood Pond in the town of Lancaster as Evans Pond.

**HB 233**, relative to the care of war memorials in Franconia Notch state park. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Henry A. L. Parkhurst for Resources, Recreation and Development: The war memorial at Profile Lake in Franconia Notch State Park honors the men and women who have served New Hampshire in times of war. Veterans and their families will pay no fee to visit the war memorial, but will be subject to fees for amenities, amusements and concessions. Volunteers and veterans groups will continue to purchase and install signage and enhance and maintain the memorial site. HB 233 has no fees attached and presumes that the Franconia State Park War Memorial will not be subject to development. The amendment corrects a typographical error to make memorial singular not plural. Vote 17-0.

**Amendment (0137h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to the care of the war memorial in Franconia Notch state park.

Amend the bill by replacing section 1 with the following:

1 New Section; Expansion of State Park System; Franconia Notch State Park; War Memorial. Amend RSA 216-A by inserting after section 6-a the following new section:

216-A:6-b Franconia Notch State Park War Memorial.

I. The war memorial on the eastern shore of Profile Lake in Franconia Notch state park shall be maintained for viewing and visiting by veterans and the public. Signage that recognizes the status of the park as a memorial to the men and women of New Hampshire who have served the nation in times of war as provided for in 1925, 260, and signage that directs people to the memorial site shall be placed in appropriate locations. The state shall not be responsible for the cost of purchasing and installing the signage. The design, construction, installation, and maintenance of any signage authorized under this section shall be approved by the department of resources and economic development or the department of transportation, depending on which agency has jurisdiction under the circumstances. Veterans groups may aid the state in the purchase and placement of signage and enhancing and maintaining the memorial sites through programs such as the Adopt-a-Park program and by other means. Veterans, as defined in RSA 21:50, and members of a veteran's immediate family accompanying them, shall pay no fee to visit the war memorials on the eastern shore of Profile Lake. Fees may be charged for the use of amenities, improvements, amusements, special events, and other enterprise and concession activities.

II. The director of the division of parks and recreation may solicit, accept, and expend any gifts, grants, and donations for the purpose of placement of signage, and enhancing and maintaining the war memorials in accordance with this section.

**AMENDED ANALYSIS**

This bill establishes the standards of care for the war memorial in Franconia Notch state park.

**HB 507-FN**, relative to the maximum permit application fee for certain municipal dredging projects. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Suzanne J. Smith for Resources, Recreation and Development: This bill brings wetland application fees for municipal dredging projects in line with the statutory cap already in place for similar NH department of transportation projects and tidal dredging projects which benefit municipalities. This bill will lower the application fee paid for large municipal dredging projects to an amended maximum of \$10,000 (the original bill asked for \$5,000). DES testified that large scale projects which would qualify for the cap are rare and they offered support for the bill. Vote 17-0.

**Amendment (0241h)**

Amend the bill by replacing section 1 with the following:

1 New Subparagraph; Excavating and Dredging Permit; Maximum Application Fee. Amend RSA 482-A:3, X by inserting after subparagraph (b) the following new subparagraph:

(c) For municipal dredging projects with the primary purpose to restore or reclaim a lake or pond, the maximum application fee for a municipality shall be \$10,000 per application plus provisions for technical or consulting services or a combination of such services as necessary to meet the needs of the department. The department may enter into a memorandum of agreement with a municipality to accept equivalent technical or consulting services or a combination of such services in lieu of a portion of the standard application fees.

Referred to the Committee on Ways and Means.

**HB 212**, relative to charitable gaming. **INEXPEDIENT TO LEGISLATE.**

Rep. Patricia T. Lovejoy for Ways and Means: This bill reduces the payout to charities from charitable gaming. Under this bill the 35 percent payout to the charities would be calculated after taxes rather than before taxes. The committee was against any reduction in the payout to charities. In addition this bill made changes to the remitting requirement which will be addressed in HB 314. Vote 15-2.

**REGULAR CALENDAR****SPECIAL ORDERED**

Without objection, the Speaker made **HB 535**, establishing the white potato as the state vegetable, a special order as the next order of business.

**SPECIAL ORDER**

**HB 535**, establishing the white potato as the state vegetable. **OUGHT TO PASS.**

Rep. John T. O'Connor for Environment and Agriculture: At the request of Derry's Village School fourth Graders and the positive research showing that Derry, New Hampshire is where the first white potato was grown in North America, it has been confirmed that Rev. James MacGregor brought a sack of seed potatoes and planted them in 1719 in an area called Nutfield now known as Derry, New Hampshire. The state of Virginia challenged New Hampshire's first in the country claim after research. The Commissioner of Virginia wrote a letter to our state commissioner stating and I quote "According to the best information that we can find, the Irish potato did not come to Virginia until after your 1719 incorporation. We therefore concede to the Great State of New Hampshire, the honor of introducing to this country one of the great food crops." Because of this reason the committee feels strongly that the white potato deserves to be the state vegetable. Vote 14-1.

Rep. Parison spoke against and yielded to questions.

Rep. O'Connor spoke in favor.

On a division vote, 276 members having voted in the affirmative and 75 in the negative, the committee report was adopted and ordered to third reading.

**REGULAR CALENDAR (CONT'D)**

**CACR 3**, relating to parental rights. Providing that parents have the natural right to control the health, education, and welfare of their children. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Deanna S. Rollo for the Majority of Children and Family Law: The United States and the New Hampshire Supreme Courts have consistently recognized the natural rights of parents to raise their children as they see fit. This constitutional amendment, although it may be well intended, presents unintended consequences. The rights of parents have to be balanced with the best interest of the children. The House has defeated this exact amendment on three previous occasions. Vote 14-6.

Rep. Daniel C. Itse for the Minority of Children and Family Law: This proposed amendment to the constitution of the State of New Hampshire would enable the people to assert their natural right to parent their children, to control the health, education and welfare of their children. This amendment affirms repeated decisions of the supreme courts of the state and United States. It would in no way diminish the legitimate power of the state to intervene in situations where parents have committed some act that amounts to forfeiture, such as abuse or neglect. It would set forth as the standard for statute or enforcement the eventual result should a family have the resources to appeal to the highest courts.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Hoell and Itse spoke against.

Rep. DeSimone spoke in favor and yielded to questions.

Rep. Lambert requested a roll call; sufficiently seconded.

**SULLIVAN**

Rollins, Skip                      Smith, Steven  
and the majority committee report was adopted.

**SPECIAL ORDER**

**HB 303**, establishing a committee to study the teaching of a second language beginning in kindergarten. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.** Rep. Rick M. Ladd for the Majority of Education: The committee majority recognizes benefits associated with teaching a second language in kindergarten and in subsequent grades. Current education rules as approved by the state board of education currently state that a local school board may provide instruction in one or more world languages in an elementary school and later years. The extent of this instruction and the students to whom it is offered shall be determined by local school board policy. This is a local district policy and funding decision. A committee study is therefore, not necessary. Vote 11-7.

Rep. June M. Frazer for the Minority of Education: This bill was a response to a recommendation by the legislative youth advisory council, 19 young people appointed by the governor, the president of the senate, the speaker of the house, or the secretary of state. The commissioner of education was enthusiastic when the youth council talked about it to her. The seven members initially supporting the bill argued that the great advantages of early world language learning, for example – promoting greater language ability in later grades and enriching brain development, would make the research of the proposed study committee a valuable resource to local school districts interested in such a program.

The question being adoption of the majority committee report of Inexpedient to Legislate.  
Rep. Gargasz spoke against.

Rep. Ladd spoke in favor.

On a division vote, 258 members having voted in the affirmative and 97 in the negative, the majority committee report was adopted.

**HB 197**, relative to state representative districts in Hillsborough county. **INEXPEDIENT TO LEGISLATE.**

Rep. Kathleen M. Hoelzel for Election Law: In the New Hampshire Supreme Court case “Petition of Below” in 2004, the Court found that “pursuant to Part II, Articles 9, 11, and 26, the legislature may not reapportion again until its regular session following the next decennial federal census.” In addition, testimony from the Attorney General’s office stated that if this bill passed, the range of deviation would be 11.4% in one Manchester ward. The majority of the committee was sympathetic to the plight of the Pelham voters but did not feel we could constitutionally address it. Vote 13-4.  
Rep. Takesian spoke against.

Rep. Hess spoke in favor and yielded to questions.

Rep. Gary Richardson spoke in favor.

On a division vote, 305 members having voted in the affirmative and 49 in the negative, the committee report was adopted.

**HB 207**, relative to the inspection and regulation of coin-operated amusement rides. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter B. Schmidt for Executive Departments and Administration: This bill resulted from an accident caused by the improper placement of one of the above-referenced amusement rides rather than a defective or faulty machine. Members of the committee visited an amusement facility and viewed a dozen such machines in operation. We concluded that they pose no danger to the public and insurance records showed no accidents or claims over a decade-long period. The proposed regulations would have resulted in the removal of the machines, according to testimony of several business operators, unnecessarily depriving young children "of a little thrill, but not too much," to quote one entrepreneur. Vote 16-0.

Rep. Cali-Pitts spoke against.

Rep. Peter Schmidt spoke in favor and yielded to questions.

Committee report adopted.

**HB 266**, repealing certain agency rulemaking exemptions from the administrative procedures act. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Lucy M. Weber for the Majority of Executive Departments and Administration: The bill, as originally drafted, would have repealed a number of long-standing exemptions from the rule-making process under the administrative procedures act. Included were such differing areas as driveway permits, use of limited access highways, licensing utility poles within public highways, pari-mutuel pools, the housing finance authority and state banking institutions. Testimony before the committee was that the exceptions were for regulations in highly technical areas governed by evolving engineering standards or changing scientific knowledge, or institutions which needed to be responsive to fast-changing financial markets. For these areas, the JLCAR process is too lengthy and burdensome and results in a lack of flexibility. Some of the entities which would be affected do, in fact, provide for rulemaking and public comment, but they do not go through the full JLCAR process. Although an amendment was offered that addressed some of the objections, by allowing some of the exemptions to remain, the majority believe that the bill is unnecessary. Vote 8-7.

Rep. Carol M. McGuire for the Minority of Executive Departments and Administration: This bill deletes a number of old exemptions from the JLCAR process. The agency rules involved will now expire, be reconsidered by the agency and get a public hearing and review by JLCAR at least every ten years. The amendment removes several financing agencies, whose rules are primarily technical details of the bonding process rather than how they interact with the public; these agencies are also separate public companies and the state is not responsible for their debt. In no case does this bill affect the content of any rules; it merely restores them to the normal approval process. Oversight of agency rules – which have the force and effect of law – is one of the inescapable duties of the legislature. DOT's driveway rules were a concern to some, but since DOT had developed these rules years ago, the minority is confident of JLCAR approval.

The question being adoption of the majority committee report of Inexpedient to Legislate.

On a division vote, 199 members having voted in the affirmative and 153 in the negative, the majority committee report was adopted.

**HB 325-FN**, relative to public employee suggestions for cost-saving measures. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Dianne E. Schuett for the Majority of Executive Departments and Administration: This bill proposed changes to the suggestion and extraordinary service award program, creating a two-year test period for rewarding public employees with 10 percent of the savings realized from their cost-saving suggestions. While well intended, the majority of the committee believed that the bill left too many unanswered questions and created a process that was unnecessarily cumbersome and unworkable. The current law already provides monetary awards and recognitions which the majority of the committee believes are working well to encourage creativity and stimulate morale of our public employees. Vote 9-5.

Rep. Carol M. McGuire for the Minority of Executive Departments and Administration: This bill, based on a unanimous ED&A committee amendment from last year, extends the current employee suggestion program to allow awards of up to 10% of the amount saved in the first year. Common in private industry, these awards are an incentive for employees and teams of employees to use their experience and skill to develop innovative ways to be more efficient and effective. A certificate is nice, but cash is a real recognition of extra effort and inventiveness.

The question being adoption of the majority committee report of Inexpedient to Legislate.  
 Rep. Byron spoke against.  
 Rep. Flanagan spoke against and yielded to questions.  
 Rep. Schuett spoke in favor.  
 Rep. Carol McGuire requested a roll call; sufficiently seconded.

### CLERK'S NOTE

The original vote was 178-179. Pursuant to House Rule 5, the Speaker voted "Yea" which created a tie vote. The majority committee report failed.

Rep. Flanagan moved the minority committee report of Ought to Pass.

On a division vote, 199 members having voted in the affirmative and 162 in the negative, the minority committee report was adopted and ordered to third reading.

**HB 296**, relative to assignment of circuit court judges as liaison judges. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Frank H. Heffron for the Majority of Judiciary: This bill would require the administrative judge for the circuit court to designate a judge for each circuit court location to serve as the liaison to the communities served by that location concerning issues related to the administration of justice. The committee agreed with the goal of having a justice acquainted with each local community, but it concluded that passage of the bill would interfere with the administration of the court by the judicial branch. Further, the bill is unnecessary because the courts are now doing what the bill directs. Vote 11-9. Rep. Michael J. Sylvia for the Minority of Judiciary: This bill would by statute, as opposed to court rule, have the administrative judge for the circuit court designate a judge to be liaison to the communities served concerning issues related to the administration of justice. The minority believes that this should be done by statute.

Majority committee report adopted.

**HB 388**, relative to the storage of firearms. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Michael J. Sylvia for the Majority of Judiciary: This bill would grant immunity in civil cases to a firearm owner in the event the stolen firearm is used in the commission of a subsequent crime.

This bill lacks a demonstrated need. Vote 12-6.

Rep. Lenette M. Peterson for the Minority of Judiciary: The minority of the committee agrees with the testimony stating that gun owners should not be victimized twice. This bill would protect the rights of law abiding gun owners. Just as you are protected if your vehicle were stolen and used in a crime, this bill would give the gun owner immunity if their gun/guns were stolen and used in a crime.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Peterson spoke against.

Rep. Berch spoke in favor.

Rep. Dumaine requested a roll call; sufficiently seconded.

and the majority committee report failed.

Rep. Chandler moved the minority committee report of Ought to Pass.

On a division vote, 211 members having voted in the affirmative and 151 in the negative, the minority committee report was adopted and ordered to third reading.

The House recessed at 12:30 p.m.

### RECESS

The House reconvened at 1:35 p.m.

### (Speaker Norelli in the Chair)

### REGULAR CALENDAR (CONT'D)

**HB 403**, establishing a commission to study death with dignity for persons suffering from a terminal condition. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Rick H. Watrous for the Majority of Judiciary: In its existing medical directive law, RSA 137-J, the state of New Hampshire recognizes that "a person has a right, founded in the autonomy and sanctity of the person, to control the decisions relating to the rendering of his or her own medical care." As New Hampshire is rapidly aging and modern medicine becomes both more expensive and intrusive, end of life care should be periodically examined by the legislature so that our citizens maintain control over what medicine and procedures they wish to receive. This bill, as amended, would establish a legislative committee to study end of life decisions. The bill originally sought to establish a commission, but the committee strongly felt that keeping the responsibility of the study within the legislature would

assure a more efficient process in which interested parties of varied perspectives would be welcomed to share information. As amended, the bill mandates that the legislative study committee will report its findings and recommendations by November 1, 2013. Vote 10-7.

Rep. Robert H. Rowe for the Minority of Judiciary: This bill came before the committee to study death with dignity, which the minority believes is euphemism for state sponsored suicide. The title for the bill has been changed to end of life decisions. The bill remains a study bill but offers no direction. The minority does not believe the committee will study subjects such as wills, trusts, estate planning, estate taxes but rather only the original purpose – euthanasia. If a full study of issues involved at end of life is to be undertaken, additional time and experts are necessary unless the parties chosen for the committee will study only the original purpose, euthanasia.

### Majority Amendment (0211h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study end of life decisions.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study end of life decisions.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Five members of the house of representatives, appointed by the speaker of the house of representatives.

(b) Two members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study end of life decisions.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2013.

6 Effective Date. This act shall take effect upon its passage.

### AMENDED ANALYSIS

This bill establishes a committee to study end of life decisions.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Hagan spoke against.

Rep. Watrous spoke in favor and yielded to questions.

Reps. Lambert and Marjorie Smith spoke in favor.

On a division vote, 212 members having voted in the affirmative and 140 in the negative, the majority committee report was adopted and ordered to third reading.

**HB 482-FN**, regarding infestation of bed bugs in rental housing. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Gary S. Hopper for the Majority of Judiciary: This proposed legislation has come forward as the product of the New Hampshire bed bug action committee which has been working diligently for nearly three years to address the multiple challenges faced by landlords, tenants, public health professionals, housing advocates and others upon the discovery of infestations of bed bugs in rental properties. One significant outbreak in Manchester took place in a multi-unit dwelling more than three years ago and left a number of families quite destitute and emotionally devastated when the outbreak occurred and continued recurrence of these pests illustrated just how difficult bed bugs are to eradicate. The legislation provides remedies that have been agreed upon by a wide cross-section of landlords, tenants and others and provides a framework for a comprehensive response to the amelioration of these troublesome insects. Not acting on this bill may have a profound negative effect on tourism if not dealt with promptly. Vote 17-2.

Rep. Lawrence M. Kappler for the Minority of Judiciary: The minority believes this is a "local housing law" and "minimum housing standards" problem that needs to be addressed at the local level, versus creating more government. This investigation work would just increase tenant/landlord tensions. Majority committee report adopted and ordered to third reading.

**HB 590**, relative to the unauthorized practice of law. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. David Woodbury for the Majority of Judiciary: This bill seeks to permit persons of good character to represent parties no more than 10 times in a calendar year. The committee had difficulty understanding how to define "represent." Did it mean to represent each of ten parties any number of times, or only ten appearances even if they were all for one party? The committee also felt that the bill might inadvertently put citizens at risk of being represented by untrained, incompetent, and unregulated individuals. Vote 13-5.

Rep. Michael J. Sylvia for the Minority of Judiciary: This bill attempts to clarify language related to practicing as an attorney whereas courts vary in their interpretation of "No person shall be permitted commonly to practice." This bill would allow people of good character to represent others no more than 10 times per year.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Souza, Lambert and Infantine spoke against and yielded to questions.

Reps. Woodbury and Marjorie Smith spoke in favor and yielded to questions.

Rep. Hoell requested a roll call; sufficiently seconded.

Rep. Groen moved Recommit and spoke in favor.

Rep. Marjorie Smith spoke against and yielded to questions.

Rep. Rowe spoke in favor.

Rep. Nickolas Levasseur requested a roll call; sufficiently seconded.

and the motion failed.

Rep. Peter Sullivan declared a conflict of interest and did not participate.

**LAID ON THE TABLE**

Rep. Tamburello moved that **HB 590**, relative to the unauthorized practice of law, be laid on the table. On a division vote, 277 members having voted in the affirmative and 83 in the negative, the motion was adopted.

Rep. Peter Sullivan declared a conflict of interest and did not participate.

**REGULAR CALENDAR (CONT'D)**

**HB 605**, requiring the supreme court to adopt rules of evidence for the judicial branch family division. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert H. Rowe for Judiciary: The thrust of this bill is for the establishment of rules of evidence for the family court that are uniformly followed. The purpose of the sponsors is well-intended. The family division of the circuit court hears approximately 50,000 cases a year; it is the most active court in New Hampshire. Over the past decades the advocate mix in the family court has changed dramatically; it is not presently all lawyers in court. Now, 70% of the parties are pro-se with few having knowledge of the rules of evidence and some having a limited education or understanding of the English language. As such, developing a firm set of rules of evidence is an impossible task. If rules are too lenient and flexible, it may favor the citizen advocate but result in a free-for-all trial. If rules are too firm, it favors the lawyers but not the lay advocates. It is a difficult, if not impossible mix. With the above being true, the clear language in the bill is a demand that the supreme court develop rules for the family branch that are to be uniformly followed. The majority of the committee is in sympathy with the intent of the sponsors, but believes that the legislative branch can not dictate to another branch in accordance with Article 17, Part 1 of the New Hampshire Constitution. Vote 17-2. Committee report adopted.

**HB 611**, clarifying the equity jurisdiction of the judicial branch family division. **INEXPEDIENT TO LEGISLATE.**

Rep. Marjorie K. Smith for Judiciary: This bill sought to clarify the equity jurisdiction of the judicial branch family division. The provision the bill proposed to amend stems from the superior court statute with its roots in NH law dating from the 1800s. The language was in the original family division pilot project, and continued, unchanged in the family division statute. At one point in the bill the sponsor removed the phrase, "notwithstanding any law to the contrary," but at another point added the phrase, "and where no other special provision has been made by law." The committee concluded that these changes cancelled each other out and that the net result was to confuse rather than clarify the equity jurisdiction of the judicial branch family division. Vote 16-3. Committee report adopted.

**HB 514**, permitting members of the general court to receive ski passes for Cannon Mountain ski area. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Steven J. Briden for the Majority of Legislative Administration: The majority of the committee thought that the legislative perk granted by this bill was too large. A one day lift ticket at Cannon Mountain is \$70.00 for an adult, and this bill would allow for unlimited free access. If you were to use this a half dozen times, you would be receiving perks worth twice as much as our biennial salary. This is much more substantial than the other perks that we receive as legislators. This could also send a poor message to our constituents that we are more worried about personal privilege than we are about making laws to help the people of New Hampshire. Vote 5-4.

Rep. George A. Lambert for the Minority of Legislative Administration: Members of the legislature have open access to state parks, which increase awareness and promotion of these locations. The question is do ski passes for legislatures constitute an ethical challenge. When legislators go to Cannon Mountain, there is virtually no incremental cost but it creates additional analog revenue for the Cannon facility. This has been a long standing tradition of legislature that has encouraged members to experience this part of New Hampshire culture.

Majority committee report adopted.

**HB 622**, establishing a committee to study state house security. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Curtis W. Grace for the Majority of Legislative Administration: The issue of state house security in the house chamber, anteroom and gallery has already been addressed in house rules. Security in the rest of the state house complex is under the jurisdiction of the joint facilities committee. Therefore the committee suggests that security in the state house complex be addressed by the joint facilities committee. Vote 8-1.

Rep. George A. Lambert for the Minority of Legislative Administration: The minority believes that the safety of the members has been affected by present policy under rules. A further discussion of some security officers is in order.

Majority committee report adopted.

**HB 204-FN-L**, relative to the removal of social security and other numbers from registry of deeds documents available on the Internet. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. David J. Danielson for the Majority of Municipal and County Government: Current statute allows county registers of deeds to post documents on the internet, and all but one county does so. Document preparers are prohibited from including social security numbers and financial information on documents to be posted. However, some older documents may include this sensitive information. This bill requires the registers of deeds to remove social security numbers, armed forces service numbers, credit card numbers, and deposit account numbers from documents made available on the internet. Registers currently redact such information if they discover it, or if requested to do so by the individual. However, they simply do not have the manpower to go through all posted documents seeking and redacting. In addition, each redaction costs the county \$50, as per contract with the software providers. Members of the committee are sensitive to the privacy needs of citizens, but felt this bill did not solve the problem, and is an unfunded mandate upon the counties. Vote 11-6.

Rep. Syndi G. White for the Minority of Municipal and County Government: The overriding issue in the minority's position is the citizens' right to privacy and the obligation of the state to refrain from knowingly and willingly violating these rights. Currently, county registries of deeds have the choice to put documents online. Some of these include social security numbers, credit card numbers and deposit account info. The general public is unaware their private information is online, easily accessible to those phishing for such information in order to commit identity theft. This bill would reduce the potential of identity theft and reduce the state's liability for knowingly putting citizens at risk. Since counties charge a fee for online searches, the charges incurred by redacting the information could come out of these fees.

Rep. Porter moved Recommit and spoke in favor.

Adopted.

Recommitted to the Committee on Municipal and County Government.

**HB 298**, prohibiting the publication of the names of persons granted property tax exemptions, credits, or deferrals. **INEXPEDIENT TO LEGISLATE.**

Rep. Kris E. Roberts for Municipal and County Government: This bill would prohibit the publication of the names of persons granted property tax credit or deferrals. The committee believes that it is important that when it comes to taxpayer monies that municipalities be as open as possible. NH veteran homeowners are eligible to receive a tax credit up to \$500 and veterans rated totally and permanently disabled are eligible for up to a \$2000 tax credit. Such tax credits are paid by local property owners. As such, it is an expense. Tax deferrals have an affect on the towns over all tax rate. Again the committee believes any factor affecting the tax rate has to be readily available to the public. Additionally HB 298 states that whoever fails to comply shall be guilty of a violation, a very serious concern for the committee. Vote 12-2.

Committee report adopted.

**HB 347**, authorizing cottage housing development as an innovative land use control. **OUGHT TO PASS.**

Rep. David J. Danielson for Municipal and County Government: This bill provides cities and larger towns the opportunity to consider intensive development in or around the town center by authorizing "cottage housing developments" as an option for local land use boards. The bill sets the parameters for this type of development. "Cottage dwellings" are typically between 800-1200 square feet, and are free-standing. This type of development provides an opportunity for smaller dwellings for those just starting out or those seeking to down-size and who want to live in a detached dwelling. Vote 13-2.

Committee report adopted and ordered to third reading.

**HB 436**, relative to governance of town libraries. **INEXPEDIENT TO LEGISLATE.**

Rep. Dorothea D. Hooper for Municipal and County Government: This bill permits a town to choose, at its regular meeting, whether the town library shall be governed by a board of trustees or by the selectmen. We heard extensive testimony in opposition to this change, from both library trustees and selectmen. Trustees' duties are extensive, and there is a great body of law to learn. Selectmen worried they already had too much to do. The committee felt that allowing the selectmen to run the libraries may serve to politicize libraries. Library trustees are elected by the public vote and should remain independent. If this bill were to pass, selectmen could begin to determine what could be placed in libraries. Vote 15-0.

Committee report adopted.

**SB 39-FN-A**, relative to funding of capital projects of the division of ports and harbors, Pease development authority. **OUGHT TO PASS.**

Rep. Gene G. Chandler for Public Works and Highways: This bill reauthorizes already appropriated bonding authority for the purpose of dredging Hampton Harbor and for reconstructing a severely deteriorated metal bulkhead at Hampton Harbor. The waterway at Hampton Harbor has been maintained at state expense. Commercial traffic has increased to a point where the U.S. Army Corps of Engineers has agreed to take over maintenance of the waterway provided that the State dredges the harbor to a certain depth, and the Corps of Engineers will then dredge the harbor deeper. The committee heard testimony that the metal bulkhead is in very poor condition and, if not replaced, portions of the harbor will be closed. The work is being done at the same time to allow use of dredged material in construction of the bulkhead. The committee also felt this project is essential for jobs and to protect the local fishing economy. The bill is being taken up out of the normal capital appropriation cycle so that work can be completed before it impacts waterway traffic in the summer months. The bill decreases future general fund expenditures because of the transfer of maintenance responsibilities to the Corps of Engineers. The bonded indebtedness impact is minimal because the bill reuses already authorized, but unissued capital authority. While the committee did not want to hold up this important legislation, members expressed concern over the current fee structure charged by the Pease Development Authority for dock spaces and moorings. The committee plans to investigate this over the next several months to ascertain if the State of New Hampshire is getting its fair share. Vote 19-0.

Rep. Chandler spoke in favor.

Committee report adopted and ordered to third reading.

**HB 318-FN**, relative to collection of the education property tax and establishing a program to rebate certain excess property tax payments of eligible taxpayers. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Richard Ames for the Majority of Ways and Means: This bill has appeared before the legislature every term since 2001. The primary intent is to move the collection of the statewide education property tax to the state level, in the hope that so-called donor towns would no longer be identified as such. The secondary purpose is to take the interest now earned by the towns on the money collected and construct an administratively complex low-income property tax subsidy that would better help very low-income people. This interest is likely to remain virtually nil for some years to come. The change to state collection creates a number of expensive administrative issues at state and local level that have not been solved despite six terms of study committees. Vote 9-8.

Rep. Frank V. Sapareto for the Minority of Ways and Means: Short of a constitutional amendment, this bill is the only way to target education aid to the communities and towns that are in the greatest need. It allows the state to collect the state property tax and distribute aid constitutionally without creating disparate tax rates. The bill also provides relief to taxpayers whose homes are lost to overly high property tax burdens. This bill has been vetted and polished for many years, and its main opposition has been the inability of the DRA to upgrade its systems. The minority feels there is a greater good in eliminating the perception of donor/receiver towns. The minority further believes that distributing monies to the communities that need it most is imperative to providing good education policy in our state.

### MOTION TO LAY ON THE TABLE

Rep. Sapareto moved that **HB 318-FN**, relative to collection of the education property tax and establishing a program to rebate certain excess property tax payments of eligible taxpayers, be laid on the table.

Rep. Kelleigh Murphy requested a roll call; not sufficiently seconded.

On a division vote, 158 members having voted in the affirmative and 184 in the negative, the motion failed.

The question now being adoption of the majority committee report of Inexpedient to Legislate.

On a division vote, 215 members having voted in the affirmative and 129 in the negative, the majority committee report was adopted.

(Rep. Kaen in the Chair)

**HB 335-FN-A**, relative to the tobacco tax. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. John D. Kelley for the Majority of Ways and Means: The bill attempts to maintain policy established last term of reducing the tobacco tax in order to increase revenues by repealing the sunset to occur on 8/1/13. The policy has failed the test set by the senate, and the state is on track to lose \$30.5M relative to FY11. Vote 10-7.

Rep. Patrick F. Abrami for the Minority of Ways and Means: The minority feels that the contingent tax rate increase for the tobacco tax on cigarettes and other tobacco products based on reporting of tobacco tax revenues be repealed. The minority feels more time is required for tobacco sales to be recovered which were lost in our border town war when the rate per pack was increased to \$1.78. The reduction to \$1.68 per pack was designed to re-stimulate border sales and thus increase stamp sales; and therefore, revenue to the state. Increasing the tax back up to \$1.78 will only further reduce border sales which will result in harm to many merchants.

The question being adoption of the majority committee report of Inexpedient to Legislate.  
Rep. Baldasaro requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Reps. Russell Ober and Groen did not vote and notified the Clerk that they wished to be recorded against.

Rep. Reed voted Yea and intended to vote Nay.

**HB 354-FN-A**, reducing the rate of the business enterprise tax over a 5-year period and repealing the tax. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. David B. Karrick for the Majority of Ways and Means: Repeal or even phased reduction of the business enterprise tax would create a hard to fill revenue hole of between 75 million and 100 million dollars per year. The range in reduction of revenues is due to the difficulty under past data collection methods to calculate how much business profits tax former business enterprise tax payers would have to pay instead. The reduction in revenues would have a very serious effect on needed state services. Originally, the BET was created to resolve a constitutional complaint by large businesses that they were the only ones paying business taxes. The BET was also created to smooth the problem of the extreme volatility in the BPT alone. The majority believes some reduction in the BET could be in order relative to the BPT if only we had adequate revenues to fund necessary government services but repeal should only occur as part of total tax reform. Vote 11-6.

Rep. Laurie J. Sanborn for the Minority of Ways and Means: The minority believes that reducing the rate of the business enterprise tax over time would substantially help employers in our state who must pay the tax on payroll and interest expenses, even if they are not profitable, and would send a clear message that we want them to succeed, grow and hire in New Hampshire.

The question being adoption of the majority committee report of Inexpedient to Legislate.  
 Rep. Rideout spoke against and yielded to questions.  
 Rep. Carol McGuire spoke against.  
 Rep. Lovejoy spoke in favor and yielded to questions.  
 Rep. Baldasaro requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

### MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Daniel Eaton moved that the House reconsider its actions whereby, on a roll call vote of 192-161, the House adopted the majority committee report of Inexpedient to Legislate on **HB 354-FN-A**, reducing the rate of the business enterprise tax over a 5-year period and repealing the tax.

Rep. Daniel Eaton spoke against.

Motion failed.

### REGULAR CALENDAR (CONT'D)

**HB 370-FN**, repealing the education tax credit program. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Susan W. Almy for the Majority of Ways and Means: The program enacted last year to provide a small public subsidy to parents sending their children to private schools or home-schooling them would be repealed by this bill. The subsidy is provided through a special business tax credit that administratively burdens businesses and two understaffed state agencies. Ironically, it requires vigilance as to whether the children supported are distinct from the donor business and whether they actually moved and stayed moved out of the public system, but purposefully allows no way for the state to determine whether the public money foregone has improved those children's educations, except for the parents' own approval and their voluntary reporting of post-school outcomes. Our public school students and parents are allowed no such leeway. The program forces a choice on the legislature as to whether the cost will come from extremely scarce general fund dollars or by down-shifting to the public schools and local property tax. There is very little expense that a school can cut when it loses a few children per grade. This first term, the legislature chose to put most of that burden on the general fund, a potential loss of \$8-9M over the biennium if the program was successful in attracting business donors and parents, with rapid automatic increases thereafter if

successful. In a later term, given our constrained revenues, the choice might be to down-shift the whole burden. The program is also likely to be declared contrary to the state constitution after a lawsuit the state will have to finance. The majority believes that the time to repeal this program is now, given the lack of accountability, complicated administration, unconstitutionality and fragile state of both state and local revenues. Vote 10-7.

Rep. Laurie J. Sanborn for the Minority of Ways and Means: This bill repeals a recently passed scholarship program for lower income families which enables them choice when their child would perform better in a learning environment different from the one they are obligated to attend due to their zip code. The education tax credit bill was well vetted in extensive subcommittee meetings to ensure its constitutionality and effectiveness in helping those that need it, while maintaining our commitment to excellence in the public school system. Caps were placed on the total financial impact on public schools to 1/3 of one percent of the total education budget. The law was also carefully constructed to hold a school district harmless financially if more students leave than would be typical with regular relocation and attrition. The credit has only been in effect for one month. Just the mere mention of a potential repeal has caused potential business participants to be reluctant to contribute to the scholarship program. The minority believes it is imperative that we give this scholarship program, and the children it is aimed at helping, a chance to succeed and keep our promise to the hundreds of families who have already applied for this assistance.

The question being adoption of the majority committee report of Ought to Pass.

Reps. Hess, Kris Roberts and Ladd spoke against and yielded to questions.

Reps. Gile and Carey spoke in favor and yielded to questions.

Reps. Tucker and Sanborn spoke against.

Reps. Porter, Almy and Vaillancourt spoke in favor.

Rep. Almy requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

**MOTION TO RECONSIDER**

Having voted with the prevailing side, Rep. Daniel Eaton moved that the House reconsider its action whereby, on a roll call vote of 188-151, it adopted the majority committee report of Ought to Pass on **HB 370-FN**, repealing the education tax credit program.

Rep. Daniel Eaton spoke against.

On a division vote, 140 members having voted in the affirmative and 194 in the negative, the motion failed.

**REGULAR CALENDAR(CONT'D)****HB 427**, relative to tobacco tax laws. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Thomas C. Schamberg for Ways and Means: This bill merely adds existing requirements already found in the definitions section to the operational part of the statute and adds tobacco stamps to the tobacco products for which records must be kept. The latter is needed to satisfy the recordkeeping required by the master settlement agreement which brings in over \$40M annually. In moving the former language, it became unclear to premium cigar sellers and manufacturers that they were exempt. The amendment clarifies the exemption. It removes the requirement that premium cigars cost more than \$2 at manufacturers' level but maintains other criteria: must use a humidor, all natural tobacco leaf, hand constructed, hand wrapped, purchased directly from a manufacturer and weighing more than 3 pounds per 1000 cigars. Vote 15-3.

**Amendment (0317h)**

Amend RSA 78:12-a, I-II as inserted by section 1 of the bill by replacing them with the following:

**I.** Manufacturers, wholesalers, and sub-jobbers shall not sell tobacco products to any licensee who does not possess a valid or current license issued by the commissioner or issued by the liquor commission under RSA 178. ~~[Any person who violates the provisions of this section shall be subject to the penalty provisions of RSA 21-J:39.]~~

**II.** *New Hampshire licensed manufacturers engaged in the business of importing, exporting, producing, or manufacturing tobacco products, other than products defined as premium cigars under RSA 78:1, XXI, shall sell the products only to licensed wholesalers.*

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 5:

3 Definitions. Amend RSA 78:1, III to read as follows:

III. "Manufacturer" means any person engaged in the business of importing, exporting, producing, or manufacturing tobacco products, *other than products defined as premium cigars under RSA 78:1, XXI*, who sells his product only to licensed wholesalers.

4 Definitions. Amend RSA 78:1, XXI to read as follows:

XXI. "Premium cigars" means cigars which are made entirely by hand of all natural tobacco leaf, hand constructed and hand wrapped, ~~[wholesaling for \$2 or more;]~~ *purchased directly from a manufacturer* and weighing more than 3 pounds per 1000 cigars. These cigars shall be kept in a humidor at the proper humidity.

**AMENDED ANALYSIS**

This bill clarifies activities which constitute unauthorized sales of tobacco products. The bill also adds records of tobacco stamps sold and tobacco products distributed to required taxpayer records. Rep. Almy moved Recommit and spoke in favor.

Adopted.

Recommitted to the Committee on Ways and Means.

**HB 434-FN-A**, relative to renaming the business enterprise tax, capping the amount an employer is liable to pay under such tax, and annually reducing the rate of the tax. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Gilman C. Shattuck for the Majority of Ways and Means: A bipartisan majority of the committee believes that this tax is a unique part of New Hampshire tax law and its unique name reflects that. Since the tax is a tax on payroll, rent and interest, it is not only an income tax. Capping the tax being paid by each individual in a given year is unconstitutional since it will result in varying rates. The department of revenue administration indicates that it will incur a substantial but undetermined cost to change all forms to reflect a new name and a changing rate every year. Further, this department has stated that revenues will be decreased by \$19.6M in total for fiscal years 2014 and 2015. A sizable reduction of this tax, at this time will have major detrimental effects on the ability of our state to meet its obligations to our citizens and businesses. Vote 13-4.

Rep. Jordan G. Ulery for the Minority of Ways and Means: The bill sought to accurately identify what the BET is, a tax on the revenue or income of a business from any source. That income is accounted for in payroll payout and, believe it or not, the interest paid on loans. The current practice is a disincentive for businesses to organize in New Hampshire. The minority believes that a reduction of taxes in this fragile economic environment will have a positive impact upon the economy of the state. The minority believes this bill acts as a stimulant and is more important than taxing business.

The question being adoption of the majority committee report of Inexpedient to Legislate.  
Rep. William O'Brien requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

**BILLS REMOVED FROM THE CONSENT CALENDAR**

**HB 278**, relative to voluntary installation of fire suppression sprinklers. **OUGHT TO PASS.**

Rep. John B. Hunt for Commerce and Consumer Affairs: This bill responds to unintended concerns arising from the passage of HB 109, Chapter 203, Laws of 2011. HB 109, the language of which is codified in RSA 674:36, IV, prohibits a planning board from requiring the installation of fire suppression sprinkler systems in proposed one- and two-family residences. The present concern relates to whether a planning board is authorized to accept and enforce an applicant's voluntary offer to install sprinklers in new homes. HB 278 was jointly suggested by the state fire marshal's office and the homebuilders and remodelers association to clarify that an offer to install sprinklers can be accepted by a planning board and enforced by a municipality. During the committee's consideration of the bill, the sole reservation related to whether the bill would encourage planning boards to manipulate applicants to elicit an offer of sprinklers. The committee, however, felt that the language in the bill, stating that the ban "shall not prohibit an applicant from offering to install" adequately addressed this reservation and made clear that such an "offer" could only come from the applicant. Vote 18-0.

Rep. Butler moved Recommit and spoke in favor.

Adopted.

Recommitted to the Committee on Commerce and Consumer Affairs.

**HB 344-FN-L**, relative to aid to school districts for the cost of special education. **OUGHT TO PASS.**

Rep. Rick M. Ladd for Education: Catastrophic aid is provided to school districts for the cost of mandated special education programs. In FY 12, total costs for catastrophic aid amounted to \$79,594,759. In accordance with statute, the portion of entitlement funds provided by the state to local school districts amounted to \$30,921,337; however, the actual entitled amount was reduced to a pro-ratio amount of \$21,340,674., or 69%. In addition, current year funding for these special education costs is based upon the preceding year's costs. Combined with shrinking funding from the state (FY 12 69%, FY 11 77%, FY 10 85% and FY 09 91%) and payment based upon the preceding year, districts are forced to borrow, transfer funds from other operating budget accounts, or rely on reserves to meet special education costs. If a district enrolls a high cost student (\$150,000 – 200,000/yr) during the school year, the district is forced to seek funding from one of the options previously mentioned. This bill provides that the amount of entitlement funding for a given year will not drop below 80%. If this provision was in place during FY 12, additional state funding would be \$3,396,394. The intent of catastrophic aid is to fund mandated IEP costs for our most vulnerable students and to do so at 100%. Each year that the state's portion is decreased, the financial burden is increasingly transferred to the local tax payer. This bill has the unanimous support of the education committee. Vote 18-0.

Rep. Carol McGuire spoke against.

Rep. Ladd spoke in favor.

Committee report adopted and referred to the Committee on Finance.

**HB 143**, allowing straight ticket voting. **INEXPEDIENT TO LEGISLATE.**

Rep. Melanie A. Levesque for Election law: In 2007 the New Hampshire legislature voted to repeal straight ticket voting. This bill would reinstate the option. In New Hampshire we have an opportunity to meet candidates for office from president to registrar of deeds. Our citizens are astute and want to know whom they are electing. Many people vote based on who will do the best job regardless of party. In addition, straight ticket voting has caused confusion when voters split their ballot. This can result in an over vote, which invalidates the ballot or make it difficult to determine the intention of the voter. The committee believes current law is adequate. Vote 15-0.

On a division vote, 285 members having voted in the affirmative and 36 in the negative, the committee report was adopted.

### **SPECIAL ORDERED**

Without objection, the Chair ordered the remaining bills on today's calendar to be made Special Orders for the next session day at the end of the Regular Calendar.

### **RESOLUTION**

Rep. Shurtleff offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, February 27, 2013 at 10:00 a.m.

Adopted.

### **LATE SESSION**

#### **Third reading and final passage**

**HB 309**, relative to filing for office.

**HB 328-FN**, relative to the sale of pets.

**HB 547**, establishing a commission to study permanent options for funding the veterinary diagnostic laboratory.

**HB 156**, relative to the appointment and duties of the state fire marshal.

**HB 267**, relative to the board of accountancy.

**HB 376**, relative to the shop licensure requirements for barbers, cosmetologists, manicurists, and estheticians.

**HB 385**, relative to licensure of, and the performance of electrical work by, elevator and accessibility lift mechanics.

**HB 200**, relative to an employer's burden of proof in unemployment compensation hearings.

**HB 359**, relative to mailing of notices and determinations by the department of employment security.

**HB 361**, relative to worksharing.

**HB 602**, establishing a commission to study general court policies and procedures relative to persons with disabilities.

**HB 283**, establishing a study committee to review the hearings officer's report with regard to the New Hampshire Local Government Center and to study potential changes to RSA 5-B.

**HB 509**, requiring the department of administrative services to provide the New Hampshire Department of American Legion with office space.

**HB 550**, relative to the disposition of state-owned real estate.

**HB 607**, relative to construction projects for the adjutant general's department.

**HB 157**, renaming Blood Pond in the town of Lancaster as Evans Pond.

**HB 233**, relative to the care of the war memorial in Franconia Notch state park.

**HB 535**, establishing the white potato as the state vegetable.

**HB 325-FN**, relative to public employee suggestions for cost-saving measures.

**HB 388**, relative to the storage of firearms.

**HB 403**, establishing a committee to study end of life decisions.

**HB 482-FN**, regarding infestation of bed bugs in rental housing.

**HB 347**, authorizing cottage housing development as an innovative land use control.

**SB 39-FN-A**, relative to funding of capital projects of the division of ports and harbors, Pease development authority.

**HB 370-FN**, repealing the education tax credit program.

### RECESS MOTION

Rep. Shurtleff moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.  
Adopted.

The House recessed at 5:35 p.m.

### RECESS

**Wednesday, February 27, 2013**

**(Rep. Shurtleff in the Chair)**

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by Rep. Shurtleff.

In the absence of a quorum, Rep. Hatch moved that the House adjourn.  
Adopted.

The Chair, without objection, stated that the House would continue the recess from February 20<sup>th</sup> for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.

The House adjourned at 10:05 a.m. until Wednesday, March 6, 2013 at 10:00 a.m.

**(Rep. Chandler in the Chair)**

### RESOLUTION

Rep. Jasper offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bill numbered 115 shall be by this resolution read a first and second time by the therein listed title and referred to the therein designated committee.  
Adopted.

### INTRODUCTION OF SENATE BILL

#### First, second reading and referral

**SB 115**, naming a bridge in the town of Whitefield. (Public Works and Highways)

### RECESS

**(Rep. Burt in the Chair)**

### ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly Enrolled Senate Bill numbered 39.

### RECESS

**(Rep. Weber in the Chair)**

### RESOLUTION

Rep. Raymond Gagnon offered the following: **RESOLVED**, that late drafting and introduction having been approved by the Rules Committee, House Bill numbered 682 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee.  
Adopted.

**INTRODUCTION OF HOUSE BILL****First, second reading and referral**

**HB 682-FN**, relative to credit card fees. (Myler, Merr 10; G. Richardson, Merr 10; Arsenault, Belk 9; Huot, Belk 3; Shurtleff, Merr 11; Grassie, Straf 11; Ratzki, Merr 1; French, Merr 6; Tanner, Sull 9; Gile, Merr 27; Larsen, Dist 15: Commerce and Consumer Affairs)

RECESS

**(Rep. French in the Chair)**

**RESOLUTION**

Rep. Ford offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bill numbered 74 shall be by this resolution read a first and second time by the therein listed title and referred to the therein designated committee.  
Adopted.

**INTRODUCTION OF SENATE BILL****First, second reading and referral**

**SB 74**, relative to an exemption for entities that furnish hot water through a district energy system. (Science, Technology and Energy)

RECESS

**(Rep. French in the Chair)**

**RESOLUTION**

Rep. Ford offered the following: RESOLVED, that late drafting and introduction having been approved by the Rules Committee, House Bills numbered 683 and 684 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.  
Adopted.

**INTRODUCTION OF HOUSE BILLS****First, second reading and referral**

**HB 683-FN**, relative to the retirement system status of the director and assistant director of the division of homeland security and emergency management. (Kaen, Straf 5; Jasper, Hills 37; Shurtleff, Merr 11; Weber, Ches 1; Goley, Hills 8; Larsen, Dist 15: Executive Departments and Administration)

**HB 684**, relative to bridge replacement and bridge aid funds. (Rowe, Hills 22; Sanborn, Hills 41; Hansen, Hills 22; S. Chandley, Hills 22; Bragdon, Dist 11: Public Works and Highways)

RECESS

**(Rep. Shurtleff in the Chair)**

**RESOLUTION**

Rep. Wallner offered the following: RESOLVED, that late drafting and introduction having been approved by the Rules Committee, House Bill numbered 685 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee.  
Adopted.

**INTRODUCTION OF HOUSE BILL****First, second reading and referral**

**HB 685**, relative to state agency communications under the right-to-know law. (Leishman, Hills 24; L. Ober, Hills 37; M. Nelson, Hills 35: Judiciary)

RECESS

**(Rep. Kaen in the Chair)**

**RESOLUTION**

Rep. Shurtleff offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bill numbered 57 shall be by this resolution read a first and second time by the therein listed title and referred to the therein designated committee.  
Adopted.

**INTRODUCTION OF SENATE BILL****First, second reading and referral**

**SB 57**, relative to approval of the project proposal by the Town of Alstead for the lower Warren Brook Restoration project, establishing a commission to determine the appropriate use of flood damaged property, and repealing a commission established in 2006 to determine the appropriate use of property damaged in the October 2005 floods. (Resources, Recreation and Development)

RECESS

(Rep. Shurtleff in the Chair)

**RESOLUTION**

Rep. Weber offered the following: **RESOLVED**, that late drafting and introduction having been approved by the Rules Committee, House Bill numbered 686 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee.

Adopted.

**INTRODUCTION OF HOUSE BILL****First, second reading and referral**

**HB 686**, relative to governor and council approval of state contracts. (L. Ober, Hills 37; Leishman, Hills 24; M. Nelson, Hills 35; Rosenwald, Hills 30; Morse, Dist 22; Reagan, Dist 17: Executive Departments and Administration)

RECESS

(Rep. Kaen in the Chair)

**RESOLUTION**

Rep. Norelli offered the following: **RESOLVED**, that late drafting and introduction having been approved by the Rules Committee, House Bills numbered 1 and 2 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.

Adopted.

**INTRODUCTION OF HOUSE BILLS****First, second reading and referral**

**HB 1-A**, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2014 and June 30, 2015. (Wallner, Merr 10: Finance)

**HB 2-FN-A-L**, relative to state fees, funds, revenues, and expenditures. (Wallner, Merr 10: Finance)

RECESS

(Rep. Shurtleff in the Chair)

**RESOLUTION**

Rep. Almy offered the following: **RESOLVED**, that late drafting and introduction having been approved by the Rules Committee, House Bill numbered 25 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee.

Adopted.

**INTRODUCTION OF HOUSE BILL****First, second reading and referral**

**HB 25-FN-A**, making appropriations for capital improvements. (Campbell, Hills 33: Public Works and Highways)

RECESS

**(Rep. Gorman in the Chair)**

**RESOLUTION**

Rep. Cote offered the following: RESOLVED, that introduction having been approved by the Rules Committee, House Resolution numbered 8 shall be by this resolution read a first and second time by the therein listed title.  
Adopted.

**INTRODUCTION OF HOUSE RESOLUTION**

**First, second reading**

**HR 8**, affirming revenue estimates for fiscal years 2013, 2014, and 2015. (Almy, Graf 13)

RECESS

**(Speaker Norelli in the Chair)**

Rep. Kaen moved that the House adjourn.  
Adopted.

**HOUSE JOURNAL No. 9**

Wednesday, March 6, 2013

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Canon Charles LaFond, Canon for Congregational Life of the Episcopal Diocese of New Hampshire.

Most spiritual traditions differentiate between stillness and silence. Silence is simply not speaking. Stillness is of the heart and minds, so I welcome you in a moment of stillness. Let us pray. God of all mercy, companion us in leadership as we take responsibility for enabling others to achieve a shared purpose under conditions of uncertainty. When we try to wiggle out of uncertainty by pretending that we are sure about what we think, forgive us for our pride. Give us the grace and humility to imagine a reality beyond that of which we are so sure so that we might be right even in our perceived power. Finally, help us to be against issues and not against people so that together we may lead not with power but with integrity, the integer of a wholeness of being, balance and bravery. Amen.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Representative Barbara Shaw, member from Manchester, led the Pledge of Allegiance.

The Bow High School Chorus sang the National Anthem.

**LEAVES OF ABSENCE**

Reps. Azarian, Palangas, Tatro and Carol Williams, the day, illness.

Reps. Barry, Richard Eaton, Flanders, Bianca Garcia, Hackel, Kotowski, Nickolas Levasseur, Ley, Nigrello, Oligny, Rokas, Souza, Spainhower and Gerald Ward, the day, important business.

**INTRODUCTION OF GUESTS**

Donald Jean, guest of Rep. Gale. Kristina Eskalona, guest of Rep. Friedrich. Catherine Cavelon, guest of Rep. Jeudy. Elaine Frank, guest of Rep. Sally Kelly. Nancy Kelley, wife of Rep. John Kelley.

**MOTION TO SUSPEND HOUSE RULES**

Reps. Shurtleff and Chandler moved that a section of House Rule 65 be so far suspended as to permit the deadline of the last day to act on House Bills going to a second committee to be moved to March 7, 2013.

Rep. Chandler spoke in favor.

Rep. William O'Brien requested a roll call; sufficiently seconded.

and the motion was adopted by the necessary two-thirds vote.

**MOTION TO SUSPEND HOUSE RULES**

Reps. Shurtleff and Chandler moved that a section of House Rule 65 be so far suspended as to permit the deadline of the last day to act on House Bills not going to a second committee, to be moved to March 28, 2013.

Rep. Shurtleff spoke in favor.

On a division vote, 344 members having voted in the affirmative and 19 in the negative, the motion was adopted by the necessary two-thirds vote.

**MOTION TO SUSPEND HOUSE RULES**

Reps. Shurtleff and Chandler moved that House Rules be so far suspended as to allow the deadline for reporting of **HB 686**, relative to governor and council approval of state contracts, to be moved to March 21, 2013.

Rep. Gary Richardson spoke in favor.

On a division vote, 347 members having voted in the affirmative and 16 in the negative, the motion was adopted by the necessary two-thirds vote.

**COMMUNICATION**

March 6, 2013

Ms. Karen Wadsworth  
Clerk of the House of Representatives  
State House  
Concord, NH 03301

Dear Karen:

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Hillsborough District No. 31 (Nashua Ward -4)

Pamela T. Brown, d, Nashua (2 Clocktower Place, Apt. 209) 03063

Sincerely,

William M. Gardner, Secretary of State

**CONSENT CALENDAR**

Rep. Shurtleff moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

**HB 479-FN-L**, relative to the creation and division of school districts, removed by Rep. Hoell.

**HB 561-FN**, abolishing the department of cultural resources, removed by Rep. Vaillancourt.

Consent Calendar adopted.

Rep. Moffett declared a conflict of interest on **HB 252** and did not participate in the vote on the Consent Calendar.

**HB 327-FN**, relative to payment of attorneys' fees for indigent parents in termination of parental rights cases. **OUGHT TO PASS.**

Rep. Ruth P. Gulick for Children and Family Law: This bill assures that a parent or parents faced with the termination of their parental rights will have representation of counsel. This constitutionally long-held fundamental right will be provided irrespective of the parents' financial, emotional or intellectual capacity. Vote 19-0.

**HB 651-FN-A**, restoring funding and payment of fees by the judicial council for indigent parties. **INEXPEDIENT TO LEGISLATE.**

Rep. Dudley D. Dumaine for Children and Family Law: This bill is identical to HB 671, except this bill includes an appropriation. HB 671 unanimously passed the committee. Thus, the committee felt HB 651 was not required. Vote 19-0.

**HB 253**, eliminating limitations on sales by nano breweries for consumption on the premises. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Joe W. Scarlotto for Commerce and Consumer Affairs: This bill, as introduced, would have repealed the serving size limitations on sale of beer samples by nano breweries for consumption on the premise. The amendment preserves the current sample size restrictions on nano brewery licenses that cost \$240 and provides for an enhanced nano brewery license to allow them to be exempt from the sample limitations. The enhanced license of \$240, for a total cost of \$480, matches an already existing license for establishments that only sell beer and wine but must have food available for sale. Vote 15-1.

#### **Amendment (0358h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to limitations on sales by nano breweries for consumption on the premises.

Amend the bill by replacing section 1 with the following:

I Nano Brewery; On-Premises Licensing. Amend RSA 178:12-a, II(a) to read as follows:

II. (a) The annual fee for each license issued under this section shall be \$240. *The licensee may elect to be licensed as an on-premises nano brewery by paying an additional annual fee of \$240, which shall entitle the licensee to be exempt from the limitations on sales in subparagraph III(e) during such times as the licensee offers food for sale.*

#### **AMENDED ANALYSIS**

This bill allows a nano brewery to obtain a license upgrade exempting the licensee from sales limitations when the licensee is selling food.

**HB 275-FN**, requiring the liquor commission to establish a pilot program for the sale of New Hampshire microbrewery and nano brewery beers at certain state liquor stores. **INEXPEDIENT TO LEGISLATE.**

Rep. John B. Hunt for Commerce and Consumer Affairs: The committee felt putting beer in the highway liquor stores would create more problems, conflicts and headaches for a commission that has enough problems just promoting NH wines. Selling warm beer at roadside liquor stores is just not going to work. Vote 16-1.

**HB 320-FN**, establishing a state bank. **INEXPEDIENT TO LEGISLATE.**

Rep. Jill S. Hammond for Commerce and Consumer Affairs: The intent of this bill was to establish a state bank, to hold public moneys and serve as a development bank. However, this would require substantial capitalization, a difficult undertaking in New Hampshire. Presently, development funding in this state is already handled well through such organizations as the business finance authority, the community development finance authority and the municipal bond bank. The committee learned that the state's banking needs are served quite sufficiently through accounts at several private sector banks, minimizing transaction fees through compensating balance arrangements and in better times, traditional earnings. Vote 19-0.

**HB 333-FN**, relative to advertising of New Hampshire products by the liquor commission. **INEXPEDIENT TO LEGISLATE.**

Rep. Pamela Z. Tucker for Commerce and Consumer Affairs: The purpose of this bill is to direct the liquor commission to spend advertising money on our New Hampshire made liquor and beverages sold in the state liquor stores. While the committee wants to help our local businesses, it is not the legislature's responsibility to manage the liquor commission's advertising dollars. Additionally, the 5% of advertising money suggested in the bill to be allocated is arbitrary with no rationale for the amount. Vote 18-0.

**HB 464**, establishing a procedure for removal of condominium board members. **INEXPEDIENT TO LEGISLATE.**

Rep. Ruth S. Heden for Commerce and Consumer Affairs: The accountability of condominium board members is one of the issues currently under review by the committee to study laws relating to condos and homeowner associations and they identified many interrelated issues. They plan further research before proposing new legislation. Vote 19-0.

**HB 274-FN**, requiring a mandatory minimum sentence for class B burglary. **INEXPEDIENT TO LEGISLATE.**

Rep. Steve Vaillancourt for Criminal Justice and Public Safety: The sponsor of this bill noted that it was filed due to a constituent request. The committee is hesitant to pass anything based on a single episode, especially when the bill would remove judicial discretion and cause longer prison terms (at a cost of approximately \$35,000 a year). The committee does not believe a class B burglary should require an incarceration term of at least three years. Vote 19-0.

**HB 348**, relative to determining the period of license revocation for driving under the influence. **INEXPEDIENT TO LEGISLATE.**

Rep. Mark Warden for Criminal Justice and Public Safety: The committee unanimously decided this legislation was unneeded. Testimony suggested that the bill, if passed, would remove judicial discretion in sentencing. The New Hampshire State Police indicated it might also be difficult to implement without additional changes to its information technology systems. Vote 19-0.

**HB 142**, relative to teacher evaluation systems. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Rick M. Ladd for Education: This bill, as amended, states that school boards shall develop, with involvement of teachers and principals, for adoption, any teacher evaluation and support system to be used in the school district or school for the continued improvement of instruction. Any teacher or evaluation and support system provided by DOE or as approved by the state board may serve as a guide or reference. This is much like the curriculum frameworks that also serve as a guide and reference. Vote 17-1.

#### **Amendment (0462h)**

Amend the bill by replacing section 1 with the following:

1 New Paragraph; School Boards; Duty to Provide Education. Amend RSA 189:1-a by inserting after paragraph II the following new paragraph:

III. The school board shall develop, with the involvement of teachers and principals, for adoption any teacher evaluation and support system to be used in the school district or school for the continual improvement of instruction. Any teacher evaluation and support system that may be provided by the department of education or approved by the state board of education may serve as a guide and reference to the school district or school. In this paragraph, "teacher" shall have the same meaning as provided in RSA 189:14-a, V. Nothing in this paragraph shall supersede collective bargaining rights under RSA 273-A.

#### **AMENDED ANALYSIS**

This bill provides that the school board shall be responsible for the development and adoption of a teacher evaluation system.

**HB 180**, relative to the definitions of "student athlete" and "student sports" for the management of concussion and head injury. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Rick M. Ladd for Education: During the previous biennium, legislation was passed requiring that school districts have policies in place for the management of concussion and head injuries in student sports, grades 9-12. This bill extends the definition of "student athlete" and "student sports" to include students involved in any intramural sports program conducted outside the regular teaching day or in competitive sports programs between schools in grades 4-12. Due to the growing awareness of the potential long term health effects from concussions that occur when a person suffers a jarring hit or fall, this change better serves all student athletes. Vote 18-0.

#### **Amendment (0099h)**

Amend the bill by replacing section 1 with the following:

1 Head Injury Policies for Student Sports; Definitions. Amend RSA 200:52, III-IV to read as follows:

III. "Student-athlete" means a student *involved in any intramural sports program conducted outside the regular teaching day or competitive student sports program between schools* in grades ~~[9-12-involved in student sports]~~ **4-12**.

IV. "Student sports" means ~~[athletic programs]~~ *intramural sports programs conducted outside the regular teaching day for students in grades 4-12 or competitive athletic programs between schools* for students in grades ~~[9-12]~~ *4-12*.

**HB 269-L**, authorizing a city or town to conduct a special meeting necessitated by changes in adequate education funding. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Ralph G. Boehm for Education: This bill puts into law a provision for cities or towns to hold a special meeting, without court approval, if there is a change in the school funding formula. This law also has the budget committee, if one, to be involved in any budget changes. Parts of this provision have been put into the adequacy funding changes in the past. This puts it into law for future changes. The amendment makes it clear that this provision is only effective if the funding formula changes after the school district meeting, and only if the formula change is for that budget year. Vote 17-0.

#### **Amendment (0359h)**

Amend the bill by replacing sections 2 and 3 with the following:

2 New Paragraph; Use of Official Ballot. Amend RSA 40:13 by inserting after paragraph XVII the following new paragraph:

XVIII. In response to statutory changes resulting in reductions or increases in distribution of state revenues for education pursuant to RSA 198:41 to school districts which would take effect after the adoption of a new school district budget and would apply in the fiscal year covered by the new budget, the governing body of a school district which uses the official ballot for voting may, after consultation with the budget committee, call a special meeting of the legislative body to consider a reduction, rescission, or increase of appropriations made at an annual meeting. A special meeting under this paragraph shall not be petitioned under RSA 39:3 and no petitioned warrant articles shall be inserted in the warrant. The governing body's warrant shall specify, in one or more articles, the amounts of appropriations proposed for reduction, rescission, or increase from the operating budget or separate warrant articles, or both, adopted at the annual meeting. The governing body of such school district shall post a notice of the meeting, which shall include the warrant, in at least 2 public places within the political subdivision, one of which shall be on the political subdivision's website, if such exists, at least 7 days prior to the meeting. Additional notice shall be published in a newspaper of local or regional circulation in the political subdivision, provided that if there is no newspaper of local or regional circulation in which notice can be published at least 7 days before the date of the meeting, public notice shall be posted in at least one additional place within the political subdivision. The meeting shall be conducted in accordance with the provisions of this chapter. The most recently updated checklist shall be used. The legislative body, after consultation with the budget committee, may approve or disapprove any proposed reduction, rescission, or increase of appropriations, or may approve lesser reductions, but the legislative body shall not approve greater reductions, or reduce or rescind an appropriation not specified in the warrant, or act on any other business at the meeting. The governing body shall hold a public hearing on the proposed reductions, rescissions, or increase at least 14 days prior to the meeting. Notice of the time, place, and subject of such hearing shall be posted in at least 2 public places within the political subdivision, one of which shall be on the political subdivision's website, if such exists, at least 7 days prior to the hearing. The provisions of the following chapters of the RSAs, as they apply to special meetings of the legislative body of a school district shall not be required for special meetings held pursuant to this paragraph: RSA 32, RSA 39, RSA 49-D, RSA 197, RSA 654, RSA 669, RSA 670, and RSA 671.

3 New Section; Cities and Wards; Special Meeting. Amend RSA 44 by inserting after section 10-a the following new section:

44:10-b Special Meeting. In response to statutory changes resulting in reductions or increases in distribution of state revenues for education pursuant to RSA 198:41 to school districts which would take effect after the adoption of a new school district budget and would apply in the fiscal year covered by the new budget, the governing body of a city may call a special meeting of the legislative body to consider a reduction, rescission, or increase of appropriations made at an annual meeting. The legislative body may approve or disapprove any proposed reduction, rescission, or increase of appropriations, or may approve lesser reductions. The governing body shall provide notice and hold a public hearing on the proposed reductions, rescissions, or increase in accordance with local practices and procedures for notice of public hearings.

## AMENDED ANALYSIS

This bill authorizes a city or town to conduct a special meeting necessitated by changes in adequate education funding.

Referred to the Committee on Finance.

**HB 321-FN-L**, requiring proficiency on the statewide assessment for high school graduation. **INEXPEDIENT TO LEGISLATE.**

Rep. Mel Myler for Education: After considering the merits of the bill, the committee felt the bill was not necessary in lieu of the pending change to the common core curriculum to be implemented throughout the state. The common core provides an aligned curriculum with periodic assessments in a student's educational experience. Research indicates that a single "high stake" test does not adequately demonstrate the total academic achievement of a student. Vote 19-0.

**HB 322-FN-L**, requiring proficiency on the statewide assessment for advancement to grades 4 and 8. **INEXPEDIENT TO LEGISLATE.**

Rep. Mel Myler for Education: After considering the merits of the bill, the committee felt the student testing will be amply covered with the implementation of the common core curriculum. The common core provides an aligned curriculum. Throughout the students' educational experience, there is on-going student academic progress assessment that examines both the achievement of content and skill development. Statewide assessment for advancement to grades 4 and 8 is not necessary due to the continuing assessment of students. Vote 17-1.

**HB 324-FN-L**, relative to the school district budget for kindergarten. **INEXPEDIENT TO LEGISLATE.**

Rep. June M. Frazer for Education: This bill would require that "the school board, if the school district is not controlled by the municipal budget act, shall prepare a separate budget for expenses and revenues related to kindergarten for the annual or any special meeting, which shall not be included in the budget required under RSA 197:5-a." Members of the committee saw no need for this change and members familiar with school district budgeting observed that such a procedure would be so complicated as to be all but impossible. Additionally, it would cost money for both school districts and the department of revenue administration, a representative from that department testified. For all these reasons, the committee unanimously voted to find the bill inexpedient to legislate. Vote 18-0.

**HB 519**, requiring the division of higher education to develop a policy on academic credit for a student's military occupation, military training, coursework, and experience. **OUGHT TO PASS.**

Rep. Mel Myler for Education: After reviewing the merits of the proposal, it was recognized that military personnel go through a rigorous education and training in order to perform their duty. This learning and experience should be credited to future higher education endeavors. Vote 18-0.

**HB 537**, establishing a commission to study the feasibility of developing an industrial cooperative program for science, technology, engineering, and manufacturing programs at the university of New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. Judith T. Spang for Education: This bill proposes an ambitious program based on one overseen by the sponsor in Massachusetts, designed to enhance high tech education and career readiness for UNH students. The dean of UNH Manchester attested to the university's many similar initiatives to wed course work with work experience at high tech companies, with the ambitious goal of graduating twice as many high-tech students by 2025. The committee felt this bill is unnecessary and would divert time and effort from the University for Little Gain. The UNH administration will continue to work with the sponsor for his input on its on-going programs. Vote 18-0.

**HB 563-FN-L**, relative to tuition and transportation payments for students attending a vocational education program. **INEXPEDIENT TO LEGISLATE.**

Rep. James L. Grenier for Education: This bill was drafted to require all funds for vocational tuition and transportation be used exclusively for the vocational education program. It is often the case that regular and vocational programs overlap and costs are shared. Payments are made from general funds for both programs and partitioning vocational revenues from other funds would not be practical. Schools must have the flexibility to expend funds as needed. Vote 18-0.

**HB 626**, prioritizing school building aid funds for a high school in which accreditation is probationary or has been revoked. **INEXPEDIENT TO LEGISLATE.**

Rep. Rick M. Ladd for Education: Accreditation through the New England Association of schools and colleges should not be used to elevate one school over another in terms of school construction funding. Prioritizing school construction or renovation projects is a decision for DOE, the school building authority and the state board based upon state criteria and conditions identified for funding and not those of another organization such as NEASC. Not all high schools in the state are accredited; this is a local decision, however, the recommendations made by a hand-picked accreditation team, invited by the school to be evaluated, should not be used to circumvent the states prioritization process. Vote 16-2.

**HB 642-FN**, establishing a scholarship program for certain New Hampshire residents interested in attending a postsecondary educational institution in the university system of New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. Judith T. Spang for Education: This bill would establish a NH scholars program for students pursuing a degree at the university system of NH who have a grade point average of at least 3.0. There is currently no state-funded scholarship program at the university system. Revenue would come from a cigarette tax in excess of \$1.00 over the current tax rates, which would not be assured. The committee was most concerned that all tobacco tax revenues under RSA 198:39, I (a) would be removed from the general education trust fund. This would further reduce funds going to K-12 education, including adequacy funding, kindergarten and charter schools. Vote 17-0.

**HB 148**, relative to electoral college electors. **INEXPEDIENT TO LEGISLATE.**

Rep. Mary Ann Knowles for Election Law: This bill would adopt the interstate agreement to elect the President of the United States by popular vote. States adopting the agreement pledge to award all of their electoral votes to the presidential candidate who receives the greatest number of popular votes in the country. The committee agreed that, under our federal system of government, we are a sovereign state and our voters value their independence and want each of their votes to count. Entering into this compact could also lessen the importance of New Hampshire's esteemed First in the Nation Primary. Vote 17-0.

**HB 206**, relative to political advertising. **OUGHT TO PASS.**

Rep. Mary Ann Knowles for Election Law: This bill modifies restrictions on removal of political advertising. It clarifies the current statute to specify who may remove advertising from private property and adds the specified period of one week after each primary and general election during which the candidate may retrieve signs that have been collected and retained by town maintenance or law enforcement personnel. Vote 17-0.

**HB 308**, relative to technical changes to election laws. **OUGHT TO PASS.**

Rep. Evelyn M. Connor for Election Law: This bill has three purposes: 1. It authorizes city and town clerks to issue copies of the checklist, in addition to the supervisors of the checklist, which offers the public more hours in which to obtain said copies. 2. It requires the printing of the primary election sample ballot to be on tinted paper. This will make the law consistent for both the primary and general election and is the current practice. 3. It clarifies reporting obligations of political committees, so that when political committee expenditures or receipts exceed \$500, the committee must continue reporting through the remainder of the election cycle. Vote 17-0.

**HB 406**, relative to the availability of contribution information in lobbyist statements on the Internet. **INEXPEDIENT TO LEGISLATE.**

Rep. Shawn N. Jasper for Election Law: While the committee agrees with the goal of the legislation, we recognized that there would be a cost associated with that goal and we are not willing to recommend any additional expenditure at this time. The sponsor of the bill spoke with representatives of the secretary of state's office and is satisfied that as time and advancing technology allow, the information which he would like to see on the secretary of state's web site will be posted. In the meantime, all of the information is available for the public review in the office of the secretary of state. Vote 17-0.

**HB 521**, establishing a committee to study New Hampshire election laws and procedures. **OUGHT TO PASS.**

Rep. Mary L. Till for Election Law: This bill will establish a study committee to review election laws and procedures. There are over 200 pages of instructions regarding how to conduct elections.

Over half of the bills before the committee had to do with the conduct of elections. It has been many years since we have taken a comprehensive look at election procedures. This bill will give us the opportunity to streamline, clear up contradictions and perhaps simplify the procedures. Vote 17-0.

**HB 601**, requiring ballot measures to be in plain English. **INEXPEDIENT TO LEGISLATE.**

Rep. Mary L. Till for Election Law: This bill requires ballot measures to be in plain English. The committee is concerned that there is no simple definition of plain English. Currently every effort is made by the secretary of state to be as clear and concise as the ballot measure itself makes possible. The committee takes the position that this bill adds nothing to existing practices. Vote 17-0.

**HB 612**, requiring a disclosure statement by persons seeking a party's nomination for elective office. **INEXPEDIENT TO LEGISLATE.**

Rep. Shawn N. Jasper for Election Law: While the committee is supportive of full disclosure by candidates and office holders, we believe that the declaration of candidacy form is not the proper venue for the disclosures sought in this bill. The bill is unclear as to whether all the disclosures are mandatory or optional, but the plain reading of the bill and the testimony of the sponsor seems to make them mandatory. The bill would require candidates in a primary election to state that they agree with their party platform or point out the areas with which they disagree, something few of us could likely do on any given day. Among other disclosures, it would require candidates to list the clubs and non-governmental or non-profit organizations with which they are, or are likely to become, affiliated. It would also require candidates to agree that they would not vote or participate in matters in which they have a pecuniary interest, something that goes well beyond the requirements of law or ethics guidelines. Vote 17-0.

**HB 319-FN**, relative to benefits for state employees serving in the armed forces. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Mary S. Nelson for Executive Departments and Administration: This bill, as amended, increases benefits for state employees called to active duty with the New Hampshire National Guard or Navy, Army or Air Force reserve units. It provides that a regular employee of New Hampshire who uses 15 days leave of absence, shall in addition, be entitled to up to 30 days of partial pay as defined in RSA 110-B:37, IV(a)(1) for any additional military drill or training under military authority. It allows a returning service member to use up to 15 days annual leave before returning to work and provides adjustments should inadequate amounts of leave be accrued. The committee was told the associated costs were indeterminable. Vote 18-0.

#### **Amendment (0442h)**

Amend the bill by replacing all after the enacting clause with the following:

1 State Employees. Amend RSA 112:9 to read as follows:

112:9 State Employees.

*I. Any regular employee of the state of New Hampshire who is a member of any reserve component of the armed forces of the United States or of this state shall, upon request, be entitled to not more than 15 days leave of absence with pay in any one training year for the purpose of engaging in military drill, training, or other temporary duty under military or naval authority. The provisions of this section shall not apply to any such employee who has been inducted or has enlisted in active service in the armed forces of the United States.*

*II. Any regular employee of the state of New Hampshire who uses 15 days leave of absence under paragraph I shall, in addition, be entitled to up to 30 days of partial pay, as defined in RSA 110-B:37, IV(a)(1), for any additional military drill or training under military or naval authority.*

2 New Subparagraph; Pay and Allowance. Amend RSA 110-B:37, IV(a) by inserting after subparagraph (3) the following new subparagraph:

(4) Upon the employee's return to New Hampshire after active duty service, he or she may use up to 15 days of annual leave prior to reporting back to work. If an employee does not have adequate annual leave time available, he or she may be charged against future annual leave accruals, or against future compensation, if sufficient leave is not accrued and employment is terminated.

3 Effective Date. This act shall take effect 60 days after its passage.

Referred to the Committee on Finance.

**HB 372**, relative to state agency telecommunications services. **OUGHT TO PASS.**

Rep. Jeffrey P. Goley for Executive Departments and Administration: The state is in the process of moving from the Centrix system of telephone service to a voice over internet protocol or VOIP

system, which will save the state a considerable amount of money. In the transition, the oversight of the new system is going from the department of administrative services to the department of safety. The department of administrative services had been exempt from the rule making process of 541-A in order to write a manual containing comprehensive uniform procedures, practices, instructions and billing processes for the telecommunication service. This bill gives the department of safety the same exemption from 541-A so that it can write a new manual for the new system, as well as revise it from time to time as needed. Vote 16-0.

**HB 395-FN**, relative to the prohibition on the use of state funds to hire lobbyists. **INEXPEDIENT TO LEGISLATE.**

Rep. Frank A. Byron for Executive Departments and Administration: This bill attempts to restrict the recipients of state funds from using the funds, directly or indirectly, to lobby or attempt to influence legislation. Further, the bill would require a 5-year delay in the hiring of any former registered lobbyist. The committee members believed that the bill, as written, was too broad and would potentially impact municipalities' ability to protect their interests and may potentially impact the ability of the governor to make executive appointments. Vote 15-0.

**HB 558**, relative to disclosure of information regarding charitable solicitations. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Romeo Danais for Executive Departments and Administration: This bill has to do with reporting the percentage retained by a solicitor for a charitable trust. The bill requires this information to be disclosed in a website directory maintained by the attorney general's (AG) office and be available to the general public at no cost. This information is already being tracked by the AG's office and will not cause any additional cost to the state. Vote 16-1.

**Amendment (0178h)**

Amend the bill by replacing section 1 with the following:

1 Registration Requirements for Paid Solicitor; Disclosure of Funds Required. Amend RSA 7:28-c, VII to read as follows:

VII. Within 90 days after a solicitation campaign has been completed, and on the anniversary of the commencement of a solicitation campaign lasting more than one year, the paid solicitor and the charitable trust shall file with the attorney general a joint financial report for the campaign, including gross revenue and an itemization of all expenses incurred. The report shall be completed on a form prescribed by the attorney general. The report shall be signed by an authorized official of the paid solicitor and an authorized official from the charitable trust, and they shall certify, under oath, that it is true to the best of their knowledge. *The director of charitable trusts shall prepare and make available in a searchable format on the state website the percentage of contributions retained by or paid to the solicitor and the percentage retained by the charitable trust for each solicitation campaign.*

**AMENDED ANALYSIS**

This bill requires the director of charitable trusts to report on the state website the percentage of contributions retained by the solicitor and the percentage retained by the charitable trust for each solicitation campaign.

**HB 252**, consolidating the property appraisal division and the municipal services division of the department of revenue administration. **OUGHT TO PASS.**

Rep. William A. Hatch for Finance: This bill consolidates the property appraisal division with the municipal division of the department of revenue. The consolidation is part of the department of revenue's efforts to improve the operational efficiency in the various divisions. This allows a reduction in the work force of close to twenty positions which in turn means considerable savings. This bill, as amended by amendment 2013-0094h, was voted Ought to Pass by Executive Departments and Administration with a unanimous vote. Vote 25-0.

**HB 254-FN-A**, abolishing certain positions in the liquor commission. **OUGHT TO PASS.**

Rep. Lynne M. Ober for Finance: This bill makes a technical correction to an amendment included in HB 2, Chapter 144, Laws of 2009. It abolishes three duplicative positions in the state liquor commission. As part of the liquor modernization act (included in HB 2, 2009), the three main department heads were converted from classified "chief" to unclassified "director" positions. Due

to turmoil in the commission, it was not until 2012 that the final establishment of the director positions was completed with SB 234, Chapter 226 and the classified positions were maintained in parallel with the unclassified positions. This bill completes the process by abolishing the classified positions. In 2009, an attempt was made to abolish these three positions in one of the amendments to HB 2, but the language was incorrect and the DAS commissioner testified that she was unable to “abolish” the positions until clarifying language clearly stating “abolish” was passed. This bill passed through the policy committee (ED&A) unanimously and was sent to Finance as a second committee. Vote 25-0.

**HB 394-FN**, relative to transfer of funds by the liquor commission. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Lynne M. Ober for Finance: This bill makes a technical correction to an amendment included in HB 2, Chapter 144, Laws of 2009, which resulted in the liquor modernization act. The amendment corrects a drafting error in the original bill. As amended, this bill makes transfers within the liquor commission consistent with established policy by ensuring that the liquor commission must work within the constraints of RSA 9:17-a and RSA 9:17-c. The bill still allows the liquor commission to transfer up to 5 percent of its budget in order to accomplish its mission. It also clarifies what information needs to be provided to the Fiscal committee about any transfers by stating that the purpose of the transfer must be sent to the Fiscal committee when transfers are reported. Vote 25-0.

**Amendment (0216h)**

Amend the bill by replacing section 1 with the following:

1 Liquor Commission Fund Transfers. Amend RSA 176:16, V to read as follows:

V. The commission may transfer funds totaling up to 5 percent of the *commission's* operating budget in any fiscal year for any specific purposes to funds for other purposes within and among the appropriations for the operation of the commission. The commission shall report annually 60 days after the close of each fiscal year to the fiscal committee of the general court all transfers accomplished under the provisions of this section, *including the purpose of each transfer*. The provisions of this section shall not be subject to RSA 9:16-a, *and shall be subject to* RSA 9:17-a[;] and RSA 9:17-c.

**HB 276**, relative to wildlife resistant solid waste storage and disposal. **INEXPEDIENT TO LEGISLATE.**

Rep. Dennis Reed for Fish and Game and Marine Resources: This bill required owners of solid waste containers, which are attracting nuisance wildlife, to store or dispose of such waste in a wildlife resistant manner and would, if passed, put undue expense on the entire state and container suppliers. Vote 14-0.

**HB 304-FN**, relative to OHRV registration transfer fees, removing the penalty of completion of a training program for certain OHRV and snowmobile violations, and deleting OHRV and snowmobile vanity plates or decals. **OUGHT TO PASS.**

Rep. Dennis Reed for Fish and Game and Marine Resources: This bill corrects the designation of a portion of an OHRV registration and deletes the requirement that persons convicted of violating statutes on speed limit, safe speed or decibel limits on noise successfully complete an OHRV or snowmobile training program. The bill also deletes the authorization for OHRV and snowmobile vanity plates or decals. Vote 14-0.

Referred to the Committee on Ways and Means.

**HB 121-FN**, requiring drug testing of applicants for Temporary Assistance to Needy Families (TANF). **INEXPEDIENT TO LEGISLATE.**

Rep. Susan J. Ticehurst for Health, Human Services and Elderly Affairs: This bill denies benefits to TANF applicants who test positive for drug use. The committee voted Inexpedient to Legislate for a number of reasons. The small savings from reducing payments to disqualified parents would be exceeded by reimbursements to qualified parents for testing costs. Legal expenses would be incurred, as the Fourth Amendment prohibits suspicion-less searches of entire groups of citizens such as TANF beneficiaries, whose rates of drug use and abuse are typically no higher than those found in the general population. Applicants would be required to disclose private medical information, while there is no exemption for legal use of prescription drugs. There is no appeal process for false positive test results. Children would particularly be harmed by the reduction in household

resources for basic essentials such as housing, food and transportation. Costs would be shifted to municipalities as parents turn to them for help. Finally, the bill does not meet its goal of offering assistance to people who may be using drugs, since no support is provided for treatment, which may be inaccessible to impoverished parents. This bill benefits neither families nor the state. Vote 16-1.

**HB 293**, relative to the adverse events reporting system. **OUGHT TO PASS WITH AMENDMENT.** Rep. Thomas M. Sherman for Health, Human Services and Elderly Affairs: The bill would update the adverse events reporting system by which adverse health care events are reported by hospitals and ambulatory care centers to the commissioner of the department of health and human services. The system would use the national quality forum, a national standard for reporting, as its benchmark. HB 293 allows amendments to the national quality forum to be incorporated by reference. In addition, the bill also outlines reporting requirements for events such as the hepatitis C exposure at Exeter Hospital. The amendment clarifies that such reporting will be based on intentional exposure of another person to a blood borne disease rather than only if there is documented transmission of that illness. Vote 17-0.

#### **Amendment (0255h)**

Amend RSA 151:38, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) The exposure of a patient to a non-aerosolized bloodborne pathogen by a health care worker's intentional, unsafe act. An act by hospital or ambulatory surgery center staff resulting in an infection or disease shall be considered to be purposefully unsafe if it meets all of the following criteria:

- (1) There was an intentional act or reckless behavior;
- (2) No reasonable person with similar qualifications, training and experience would have acted the same way under similar circumstances; and
- (3) There were no extenuating circumstances that could justify the act.

**HB 417**, establishing a commission to study creating a New Hampshire plan for Alzheimer's disease. **INEXPEDIENT TO LEGISLATE.**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: The committee strongly supported the establishment of a study committee on dementia and Alzheimer's disease. This condition represents a significant health issue particularly among the elderly. To expedite this study, the committee recommended that the Health and Human Services Oversight Committee appoint a subcommittee to conduct the study. Subsequently, the Oversight Committee did authorize the formation of the dementia and Alzheimer disease subcommittee and has appointed a chair for the subcommittee. Therefore, this legislation is not needed. Vote 20-0.

**HB 432-FN**, relative to health care costs for county and state inmates. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Stephen J. Schmidt for Health, Human Services and Elderly Affairs: Current law establishes reimbursement schedules for hospitals and health care facilities (as defined in the applicable RSA's) providing health inmate care services to a set percentage amount in excess of the standard Medicare reimbursement rate. Presently, most outpatient health care providers are reimbursed at the full rate. This bill allows county and state correction officials to have the opportunity to reduce inmate health care costs by entering into contractual agreements with hospitals and health care providers, as defined. The bill is supported by county and state corrections and unopposed by the NH hospital association. Vote 20-0.

#### **Amendment (0324h)**

Amend the bill by replacing all after the enacting clause with the following:

1 Medical Services for County Prisoners. Amend RSA 623-C:1, I to read as follows:

1.(a) Except as provided in subparagraphs (b) through [(f), no hospital or emergency room shall charge a county or its agent] (g) *the department of corrections or its agent shall pay health care facilities and hospitals at no more than 110 percent of the Medicare allowable rate for inpatient or emergency room care provided for prisoners in county correctional facilities. In this chapter, "health care facilities" mean ambulatory and specialty-medical services centers licensed under RSA 151, and shall include but not be limited to surgical, rehabilitation, long-term care, oncology, radiology/imaging centers, and dialysis centers, and shall also include physician, nurse practitioner, dental, and allied health care practices, and community health care clinics operating under a licensed healthcare facility.*

(b) *Except as provided in subparagraphs (c) through (e), the department of corrections or its agent shall pay the following providers no more than 125 percent of the Medicare allowable rate for care provided for prisoners in county correctional facilities:*

- (1) *Physicians and surgeons licensed pursuant to RSA 329.*
- (2) *Podiatrists licensed pursuant to RSA 315.*
- (3) *Dentists licensed pursuant to RSA 317-A.*
- (4) *Optometrists licensed pursuant to RSA 327.*
- (5) *Advanced practice registered nurses licensed pursuant to RSA 326-B:18.*
- (6) *Physician assistants licensed pursuant to RSA 328-D.*
- (7) *Physical therapists licensed pursuant to RSA 328-A.*
- (8) *Athletic trainers licensed pursuant to RSA 326-G.*
- (9) *Occupational therapists licensed pursuant to RSA 326-C.*
- (10) *Speech and language pathologists licensed pursuant to RSA 326-F.*
- (11) *Respiratory therapists licensed pursuant to RSA 326-E.*
- (12) *Recreational therapists licensed pursuant to RSA 326-J.*
- (13) *Dietitians licensed pursuant to RSA 326-H.*
- (14) *Audiologists licensed pursuant to RSA 137-F.*
- (15) *Pharmacies licensed pursuant to RSA 318.*
- (16) *Durable medical equipment providers.*

(c) Allowances provided by hospitals shall qualify as community benefits under RSA 7:32-d,

III(b).

[(e)] (d) Hospitals reported by the department of health and human services as having a negative operating margin in the most recent year for which hospital-audited financial data is available shall charge no more than 125 percent of the Medicare rate.

[(d)] (e) *Nothing in this section shall preclude the superintendent of a county correctional facility from negotiating and executing medical service rate agreements with hospitals, health care facilities, or other licensed medical providers for the provision of medical or dental services to prisoners at the lowest rate possible, or from utilizing rates in existing agreements.*

(f) The superintendent of a county correctional facility may waive the application of subparagraph (a) if the superintendent determines such action is necessary to ensure prisoner access to medically necessary care.

~~[(e)] The superintendent of a county correctional facility may waive the application of subparagraph (a) if the superintendent determines such action to be necessary for the efficient operations of the county correctional facility.~~

~~[(f)] Nothing in this paragraph shall require a hospital to admit any person]~~

~~(g) The superintendent of a county correctional facility may waive the application of subparagraph (a) if the superintendent determines such action to be necessary for the efficient operations of the county correctional facility.~~

~~(h) The superintendent of a county correctional facility may at any time audit any claim or seek clarification on any payment made pursuant to this section, or both. Upon request by the superintendent, the provider shall furnish information on pricing methodology and shall detail any internal process controls for ensuring accurate pricing of claims processed under this section. Claim information shall be provided in the industry standard format, including but not limited to the application of global surgery provisions, billing for surgical assistants, and bundling.~~

2 Medical Services for State Prisoners. Amend RSA 623-C:2, I to read as follows:

I. (a) Except as provided in subparagraphs (b) through [(d)] (f), the department of corrections or its agent shall pay health care facilities and hospitals *at no more than* 110 percent of the Medicare allowable rate for inpatient, outpatient, or emergency room care provided for prisoners in state correctional facilities. In this chapter, "health care facilities" mean ambulatory and specialty-medical services centers licensed under RSA 151, and shall include but not be limited to surgical, rehabilitation, long term *care*, oncology, *radiology/imaging centers*, and dialysis centers, ~~[but shall not]~~ *and shall also* include physician ~~[practices and community health care clinics]~~, *nurse practitioner, dental, and allied health care practices, and community health care clinics operating under a licensed healthcare facility.*

(b) *Except as provided in subparagraphs (c) through (e), the department of corrections or its agent shall pay the following providers no more than 125 percent of the Medicare allowable rate for care provided for prisoners in state correctional facilities:*

- (1) *Physicians and surgeons licensed pursuant to RSA 329.*
- (2) *Podiatrists licensed pursuant to RSA 315.*
- (3) *Dentists licensed pursuant to RSA 317-A.*
- (4) *Optometrists licensed pursuant to RSA 327.*
- (5) *Advanced practice registered nurses licensed pursuant to RSA 326-B:18.*
- (6) *Physician assistants licensed pursuant to RSA 328-D.*
- (7) *Physical therapists licensed pursuant to RSA 328-A.*
- (8) *Athletic trainers licensed pursuant to RSA 326-G.*
- (9) *Occupational therapists licensed pursuant to RSA 326-C.*
- (10) *Speech and language pathologists licensed pursuant to RSA 326-F.*
- (11) *Respiratory therapists licensed pursuant to RSA 326-E.*
- (12) *Recreational therapists licensed pursuant to RSA 326-J.*
- (13) *Dietitians licensed pursuant to RSA 326-H.*
- (14) *Audiologists licensed pursuant to RSA 137-F.*
- (15) *Pharmacies licensed pursuant to RSA 318.*
- (16) *Durable medical equipment providers.*

(c) Allowances provided by hospitals shall qualify as community benefits under RSA 7:32-d, III(b).

(d) *Hospitals reported by the department of health and human services as having a negative operating margin in the most recent year for which hospital-audited financial data is available shall charge no more than 125 percent of the Medicare rate.*

[(e)] (e) The commissioner of the department of corrections may waive the application of subparagraph (a) if the commissioner determines such action is necessary to ensure prisoner access to medically necessary care.

[(f)] (f) The commissioner of the department of corrections may waive the application of subparagraph (a) if the commissioner determines such action to be necessary for the efficient operations of the state correctional facility.

(g) *The commissioner of the department of corrections may at any time audit any claim or seek clarification on any payment made pursuant to this section, or both. Upon request by the commissioner, the provider shall furnish information on pricing methodology and shall detail any internal process controls for ensuring accurate pricing of claims processed under this section. Claim information shall be provided in the industry standard format, including but not limited to the application of global surgery provisions, billing for surgical assistants, and bundling.*

3 Effective Date. This act shall take effect July 1, 2013.

Referred to the Committee on Finance.

#### **HB 228, relative to insurance fraud. OUGHT TO PASS.**

Rep. Frank H. Heffron for Judiciary: This bill, requested by the insurance department, establishes venue for offenses relating to insurance fraud. It provides that in any prosecution for such offenses, the offense shall be deemed to have been committed in any of six different locations, including the county or judicial district in which any element of the offense was committed, or in which the insurance policy provides coverage, or in which money was received for the fraudulent act. The committee concluded that this is necessary because an offender, for example, may be located in one place and mail fraudulent documents from another place in regard to insured property in yet another. Vote 16-1.

#### **HB 413, making relinquishment or abandonment of leased premises a defense for landlords. OUGHT TO PASS WITH AMENDMENT.**

Rep. David Woodbury for Judiciary: This bill, as amended, gives landlords an alternative to an unnecessary eviction procedure when a tenant relinquishes or abandons a leased premise. If the circumstances of a tenant's departure meet the requirements of this bill, a landlord has a defense to a lawsuit for an illegal eviction if such should be filed by the tenant at a later date. Vote 19-0.

#### **Amendment (0345h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to property abandoned by tenants.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Landlord Defense; Property Relinquished or Abandoned by Tenant. Amend RSA 540-A:4 by inserting after paragraph XI the following new paragraph:

XII. Relinquishment of possession or abandonment of possession shall be an affirmative defense to an action brought pursuant to this chapter.

(a) Relinquishment of possession occurs when the landlord receives a statement signed by each adult tenant of a rented or leased premises stating that the tenant has relinquished possession of the rented or leased premises and has no intent to return.

(b) Abandonment of possession means all tenants have physically vacated the premises without the intent to return. There shall be a rebuttable presumption that the tenants have abandoned the premises if:

(1) The landlord provided all tenants with a written property abandonment notice, by leaving the notice at the rented or leased premises and by sending the notice by certified mail to the last known address of at least one adult tenant. The property abandonment notice shall also comply with subparagraph (d); and

(2) At least 2 of the following conditions were present:

(A) All adult tenants of the rented or leased premises have notified the landlord in writing of their intent to vacate the premises by a certain date and that date has passed, provided that the written notice of one adult tenant who has lawful possession to the premises pursuant to an order under RSA 173-B shall suffice.

(B) All keys to the rented or leased premises have been returned to the landlord, which shall include leaving all keys in the rented or leased premises.

(C) The tenant or tenants have removed from the rented or leased premises all or the majority of their personal property, and the only items remaining in the premises are inconsistent with the intended use of the premises.

(D) The tenant or tenants have failed or neglected to pay rent for the rented or leased premises for a period of more than 91 days, provided that during those 91 days the landlord, if requested to do so, provided ordinary and reasonable verification of rental information to any agency assisting the tenant or tenants, and that the landlord did not refuse to accept payment on behalf of the tenant or tenants by any agency offering assistance.

(c) The defense of abandonment does not abrogate the landlord's duty under RSA 540-A:3, VII to maintain and exercise reasonable care in the storage of the personal property of tenants who have vacated the premises for a period of 7 days after the date upon which such tenants have vacated the rented or leased premises. The 7 days shall begin the day after the landlord serves the written property abandonment notice.

(d) In providing the property abandonment notice required under subparagraph (b), the landlord shall use conspicuous language identifying, with specificity, the reasons the landlord deems the property abandoned. The notice shall also advise the tenant or tenants of their right to retrieve any personal property as well as their right to file an action under RSA 540-A. The notice must be signed by the landlord, or the landlord's agent. The use of the following notice language, in at least 12-point type, shall be deemed sufficient notice language:

#### NOTICE OF PROPERTY ABANDONMENT

This residence, known as \_\_\_\_\_, has been abandoned. I certify that, on this date, the property is believed to have been abandoned for the following circled reasons:

- 1.) You notified me in writing that you intended to vacate the premises;
- 2.) You have returned your keys to the premises;
- 3.) You have removed from the premises all or the majority of your personal property, and the only items remaining in the premises are inconsistent with the intended use of the property;
- 4.) You have failed or neglected to pay rent for the premises for a period of more than 91 days.

Because you have abandoned the premises, we will retake possession of this property and the locks may be changed. We will store your personal property for 7 days, and you have a right to get your personal property during that time.

If you disagree with any action we take, you should notify us immediately. You are also entitled to file what is called a "540-A petition" at your nearest court. You may have other additional legal rights as well.

Signed: \_\_\_\_\_ Date: \_\_\_\_\_

Landlord's or Landlord's Agent's Mailing Address: \_\_\_\_\_

Landlord's or Landlord's Agent's Telephone Number: \_\_\_\_\_

2 New Subparagraph; Prohibited Practices; Remedies; Unlawful Dispossession. Amend RSA 540-A:4, IX by inserting after subparagraph (c) the following new subparagraph:

(d) Landlord damages for any unlawful dispossession or lock-out of a tenant from the premises where the landlord has re-let the premises or has a new tenant in the premises shall not be less than \$3,000. In the event the damages exceed the \$3,000 minimum, the award shall not exceed the amount that would have been awarded pursuant to subparagraph (a).

3 Effective Date. This act shall take effect January 1, 2014.

#### AMENDED ANALYSIS

This bill provides that, under certain circumstances and if the landlord has provided the tenant with a notice of property abandonment, the landlord may assert that tenant has relinquished possession or abandoned the premises.

#### **HB 426**, relative to payment of costs and fees in guardianship cases. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Frank H. Heffron for Judiciary: This bill relates to payment of costs and fees in guardianship cases. The bill, as introduced, provides that in certain cases, fees for counsel for the petitioner, as well as for counsel for the proposed ward, should be borne by the proposed ward. The committee approved an amendment proposed by the court administration providing that fees for counsel for the petitioner should be borne by the proposed ward only if the court has granted the petition to establish a guardianship; the awarding of costs, expenses and fees from the assets of the ward will not cause undue hardship to the ward and the costs, expenses and fees are reasonable and necessary. The committee concluded that the bill, as amended, sets appropriate standards for the award of costs, expenses and counsel fees of the petitioner from the assets of the proposed ward. Vote 18-0.

#### **Amendment (0410h)**

Amend the bill by replacing section 1 with the following:

1 Guardianship Cases; Costs and Fees. RSA 464-A:43, I and II are repealed and reenacted to read as follows:

I. Except in cases in which the petitioner filed the petition in bad faith, the court costs, expenses, and fees for counsel for the proposed ward and any resource person shall be borne by the proposed ward. In cases in which the petitioner acted in bad faith, the petitioner shall bear all such costs, expenses, and fees of the proceeding. The court may allow for payment of the costs, expenses, and fees of counsel for the petitioner from the assets of the ward, provided:

(a) The court has granted the petition to establish the guardianship;

(b) The awarding of costs, expenses, and legal fees from the assets of the ward will not cause undue financial hardship to the ward; and

(c) The costs, expenses, and legal fees incurred are reasonable and were necessary to protect the health, safety, welfare, or other personal; property, or financial interests of the ward or the ward's estate.

II. If the proposed ward is indigent, the costs, expenses, and legal fees for counsel for the proposed ward and any resource person incurred that are related to the petition for guardianship proceeding shall be borne by the state.

#### AMENDED ANALYSIS

This bill establishes criteria for payment of certain fees and court costs in guardianship cases.

#### **HB 440**, relative to new hire reports to the department of employment security. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Kevin P. St. James for Labor, Industrial and Rehabilitative Services: This bill, as amended, is a request of the department of employment security (DES). It brings New Hampshire in compliance with the unemployment compensation integrity act of 2011 by requiring New Hampshire employers to report to the department as "new hires" (1.) Individuals whom they have previously terminated from employment and who have come back to work for them after more than 60 consecutive calendar days; and (2.) individuals with whom they had previously contracted for services for a fee exceeding \$2,500 and with whom they are again contracting for such services after a separation of more than 60 consecutive calendar days. Vote 13-1.

#### **Amendment (0397h)**

Amend the bill by replacing section 2 with the following:

2 New Hire Reports. Amend RSA 282-A:117-a, XV(a)-(e) to read as follows:

(a) ~~Was permanently laid off;~~

(b) ~~Was terminated from employment;~~

(c) ~~Had a break in service of more than 26 consecutive weeks;~~ *Was previously employed by the employing unit but has been separated from prior employment for at least 60 consecutive calendar days.*

~~[(d) Had a break in service due to a seasonal layoff of more than 10 consecutive weeks if, as of the commencement of the break in service, the rehiring employer was under an order to withhold child support from the individual's wages;~~

(e)] (b) Was required to complete a W-4 form due to a previous work separation.

**HB 555**, relative to the content of fiscal notes for bills. **INEXPEDIENT TO LEGISLATE.**

Rep. Joel F. Winters for Legislative Administration: This bill would require the Legislative Budget Assistant to prepare expanded fiscal notes, analyzing the legislation's costs and benefits, effects on businesses and other economic impacts. While the committee appreciated the sponsors' intent in seeking more information for legislation and considered scaled back versions, we ultimately felt it would not be practical to put the additional analysis together in a timely manner. Vote 12-0.

**HB 613-FN**, relative to procedures and authority for the redress of grievances. **INEXPEDIENT TO LEGISLATE.**

Rep. Joel F. Winters for Legislative Administration: This bill would statutorily create a redress of grievances committee in the legislature with a wide range of powers, including overturning actions by government agencies, awarding restitution from the treasury, initiating removal proceedings against judges and attorneys and forcing state agencies to change their policies or even recommending their dissolution. The committee felt this amount of power in the hands of a legislative committee was inappropriate. Vote 12-0.

**HB 667-FN-A**, establishing a temporary surcharge to the road toll to be dedicated to funding the state 10-year transportation improvement plan for rural and town roads. **INEXPEDIENT TO LEGISLATE.**

Rep. John R. Cloutier for Public Works and Highways: The committee is very grateful to the sponsor for his recognition of the need to fix our roads, bridges and his willingness to introduce a bill to address the problem. However, the committee believes that the issue is more comprehensively addressed in House Bill 617. Vote 16-0.

**HB 428**, relative to funds for dam maintenance, removal and improvement. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Suzanne J. Smith for Resources, Recreation and Development: This bill allows municipalities to apply to the dam maintenance revolving loan fund. Presently, only privately owned dams are eligible to apply to the fund for loans. Municipalities own 358 of the active dams in this state and many of these dams are in need of repair or have outlived their purpose. HB 428 provides low-cost loans which can be used to maintain, repair, improve or remove a dam. The amendment assures that if a borrower defaults on the loan that the state is not liable for taking on ownership and responsibility for the dam. Vote 19-1.

#### **Amendment (0401h)**

Amend RSA 482:55-a, II as inserted by section 1 of the bill by replacing it with the following:

II. The department shall establish rules for the fund including the application process, criteria for award, the procedure for making loans, the interest rate to be applied, the maximum loan amount, the time frame for repayment, *actions to be taken in the event of a default on a loan*, and oversight of the administration of the fund. In providing loans, the department shall evaluate the risk posed by the dam, the public benefit of the dam, the private benefit of the dam to lakefront owners, *the ecological impacts of the dam*, [and] the potential for [their contribution] *contributions* to needed maintenance, repair, or reconstruction, the financial resources of the applicant, and the relative cost of maintaining, repairing, or [reconstructing] *improving* the dam as compared to removing or breaching the dam.

**HB 524**, relative to national guard facilities, the national guard scholarship fund, and the state active duty death benefit. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Leon H. Rideout for State-Federal Relations and Veterans Affairs: The major thrust of this bill is to enable the adjutant general to accept federal funds as they become available in order to

improve both state and federal facilities. In the past, money has been returned because the state has not been able to react in a timely manner. This bill also cleans up language in the scholarship program and clarifies not extending pay and benefits to non active duty personnel. Adjutant general supports this bill and there was no opposition testimony heard. Vote 13-0.

#### **Amendment (0475h)**

Amend RSA 110-B:28, IV as inserted by section 1 of the bill by replacing it with the following:

IV. The adjutant general may cooperate with and enter into **contracts or** agreements with the federal government, or any agency thereof, as he or she deems desirable to secure the participation of the United States government, through the allotment of federal funds, in the costs of constructing, enlarging, or altering armories or other [military] facilities. *The adjutant general may authorize the federal government to perform contracting for construction, modifications, or improvements to state owned facilities or land, subject to the approval of the New Hampshire department of justice. The adjutant general may adopt procedures relative to this section to ensure the best interest of the federal and state of New Hampshire governments and the national guard.*

Referred to the Committee on Public Works and Highways.

**HCR 1**, urging Congress to fund the development and implementation of a comprehensive health care delivery system to enhance the level of specialty care for New Hampshire's veterans. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert L. Theberge for State-Federal Relations and Veterans Affairs: A similar resolution was passed by the legislature in 2010 to meet the medical needs of our veterans who deserve a full-fledged VA Hospital and specialty clinics. This legislation ensures that the needs of our veterans are met and recommends that New Hampshire have a pilot program whereby each veteran would be issued a medical card to be used in all hospitals, clinics and any medical facility throughout the state. Vote 10-0.

#### **Amendment (0264h)**

Amend the resolution by replacing the seventh clause after the title with the following:

Whereas, New Hampshire is one of only 2 states in the nation without a full-service hospital, requiring veterans to travel to Vermont, Massachusetts, Maine, and Rhode Island for medical treatment; and

Amend the resolution by replacing the first paragraph after the resolving clause with the following:

That the New Hampshire legislature respectfully urges the Congress of the United States and the Department of Veterans Affairs to fulfill the Department's goal of providing excellence in patient care by increasing the types of and access to specialty care at a full service VA Manchester Medical Center, or by developing a pilot program to utilize a veteran's medical card for use in New Hampshire's medical facilities in order to provide better care to veterans residing in rural areas, or by the establishment of additional community based outpatient clinics, outpatient clinics, or vet centers as justified by veterans' medical and mental health needs along with greater use of mobile clinics, and where cost effective, enter into contract services with the goal of increasing services and reducing travel time to ensure access to health care is available when it is needed;

**HB 282**, relative to mixed use school buses and relative to licensing and criminal records of driver education instructors. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Sherman A. Packard for Transportation: This bill, as amended, adds sport utility vehicles to the definition of mixed school bus use. It also allows the department of safety to require a criminal record check for every applicant of an initial driver education instructor certificate. The amendment states that a condition for employment at the department of safety may be required to submit to a background investigation and a criminal history records check. Vote 14-0.

#### **Amendment (0209h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to mixed use school buses, relative to licensing and criminal records of driver education instructors, and relative to background checks for department of safety employees.

Amend the bill by inserting after section 3 the following and renumbering the original section 4 to read as 5:

4 New Section; Department of Safety; Employee Candidate Background Checks. Amend RSA 21-P by inserting after section 15-b the following new section:

**21-P:15-c Employee Candidate Background Checks.**

I. The commissioner may require a background investigation and a criminal history records check on any candidate for employment or promotion prior to a final offer of employment. The commissioner may request only a state records check or both a federal and state records check, to be conducted through the division of state police. The department may extend a conditional offer of employment to a candidate, with a final offer of employment subject to a successfully completed criminal history records check.

II. A candidate for employment in a position which the commissioner determines requires a background investigation and a criminal history records check shall submit to the department a notarized criminal history records release form, as provided by the division of state police, which authorizes the release of the person's criminal records, if any. The candidate shall submit with the release form a complete set of fingerprints taken by a law enforcement agency as directed by the commissioner. In the event that the first set of fingerprints is invalid due to insufficient pattern and a second set of fingerprints is necessary in order to complete the criminal history records check, the conditional offer of employment shall remain in effect. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the department may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where a candidate has lived during the past 5 years.

III. To obtain a state records check only, the department shall submit a state criminal history records release form to the division of state police. To obtain both the federal and the state records check, the department shall submit the criminal history records release form and applicant fingerprint card to the division of state police, which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the background investigation, the division of state police shall report any criminal conviction information to the commissioner. The department may submit fingerprint information electronically, in accordance with procedures established by the division of state police. The department shall maintain the confidentiality and security of all criminal history records information received pursuant to this paragraph.

IV. In this section, "candidate for employment" shall include candidates for contract positions, volunteers, or interns.

### AMENDED ANALYSIS

This bill modifies the definition of mixed use school bus, requires criminal records checks of driver education instructors, updates references relating to suspending or revoking a school license or driver education certificate, and authorizes background checks on candidates for employment or promotion at the department of safety.

This bill was requested by the department of safety.

**HB 332-FN-A-L**, relative to antique vessel registration. **INEXPEDIENT TO LEGISLATE.**

Rep. Timothy A. Soucy for Transportation: The passage of this bill would negatively impact the federal coast guard recreational boating safety grant that provides almost half the funding for the marine patrol and could jeopardize the eligibility for the grant which brings in more than \$1 million dollars a year. Vote 12-0.

**HB 383**, relative to operation of OHRVs on the traveled portion of public highways, where permitted. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Michael B. O'Brien for Transportation: This bill will require a OHRV operator, who is not licensed to drive, and a youth operator to be in the company of an operator 18 years or older and responsible and liable, according to the law, for the personal injury or property damage to others which may result from such operation by an unlicensed person. The amendment replaces the bill. Vote 14-1.

### Amendment (0380h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; OHRV Operation on Traveled Portion of Public Highway. Amend RSA 215-A:29 by inserting after paragraph I the following new paragraph:

I-a.(a) Any person operating an OHRV along the traveled portion of a public highway, where permitted, shall be required to be licensed to drive as described in subparagraph I(b)(2); or

(b) Any person operating an OHRV along the traveled portion of a public highway, where permitted, who is not licensed to drive as described in subparagraph I(b)(2) shall be accompanied at all times by a person who is licensed to drive as described in subparagraph I(b)(2), who is at least 18 years of age, and who shall be legally responsible and be liable according to the law for personal injury or property damage to others which may result from such operation by an unlicensed person.

(c) This paragraph shall not apply to road crossings or the use of class VI highways designated as trails pursuant to RSA 215-A:6.

2 Effective Date. This act shall take effect 60 days after its passage.

**HB 444**, establishing a committee to study the use of autonomous vehicles in New Hampshire. **OUGHT TO PASS.**

Rep. Tim O'Flaherty for Transportation: Autonomous vehicles have enormous potential to provide transportation for elderly and disabled drivers as well as provide a low cost transportation option for those currently without a vehicle. In addition to these potential benefits, autonomous vehicles may be the single best way to reduce automobile casualties. This bill would form a study committee, at no expense to the state, to examine in what areas the state may assist deployment of autonomous vehicles by defining a legal framework for them to operate in New Hampshire. Vote 14-1.

**HB 500**, requiring the department of safety to maintain a division of motor vehicles driver licensing and registration office in Belknap county. **INEXPEDIENT TO LEGISLATE.**

Rep. Michael B. O'Brien for Transportation: The committee feels it is not appropriate to mandate the department of safety to open an office in Belknap County. However, to provide an office for the area, the committee recommends the finance committee review the matter with the DOS to see if the needs of Belknap County can be met in the budget. Vote 16-0.

**HB 488-FN**, changing the definition of "cigarette" under the tobacco tax to match the definition of "cigarette" under the Master Settlement Agreement. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Thomas C. Schamberg for Ways and Means: This brings the definition of "cigarette" in conformity with RSA 541-C:2, IV, to ensure diligent enforcement of the Master Settlement Agreement RSA 541-C and RSA 541-D and that we will continue to bring in \$42M a year under the MSA. The assistant attorney general stated failure to pass this bill will put annual payments in jeopardy, and agreed to the amendment. Vote 18-0.

**Amendment (0339h)**

Amend the bill by replacing all after the enacting clause with the following:

1 Tobacco Tax; Definition of Cigarette. RSA 78:1, XVII is repealed and reenacted to read as follows:

XVII.(a) In conformity with RSA 451-C:2, IV, "cigarette" means any product that contains nicotine, is intended to be burned or heated under ordinary conditions of use, and consists of or contains:

(1) Any roll of tobacco wrapped in paper or in any substance not containing tobacco; or  
(2) Tobacco, in any form, that is functional in the product, which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette; or

(3) Any roll of tobacco wrapped in any substance containing tobacco which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette described in subparagraph (a)(1).

(b) The term "cigarette" includes "roll-your-own" (i.e., any tobacco which, because of its appearance, type, packaging, or labeling is suitable for use and likely to be offered to, or purchased by, consumers as tobacco for making cigarettes). For purposes of this definition of "cigarette," 0.09 ounces of "roll-your-own" tobacco shall constitute one individual "cigarette."

2 Effective Date. This act shall take effect upon its passage.

**HB 520**, establishing a committee to study implementing Keno in New Hampshire. **OUGHT TO PASS.**

Rep. David W. Hess for Ways and Means: This bill establishes a joint legislative committee to study the implementation of Keno. Keno is a form of gambling which is quite different from the lottery, charitable gambling and casino gambling. It has not been independently analyzed and studied by any

state committee or commission in recent history, if at all. The committee voted to establish the study committee rather than consider the prime sponsor's proposed amendment which would have established Keno without any study. This bill was requested by the state lottery commission. Vote 17-1.

### REGULAR CALENDAR – PART I

**SB 115**, naming a bridge in the town of Whitefield. **OUGHT TO PASS.**

Rep. Gene G. Chandler for Public Works and Highways: This bill names a bridge over the Johns River in Whitefield after the Burns family, a family of long standing in the town of Whitefield. Starting with Major John Burns back in the 1770's, one of the original organizers and most active among the pioneers of the town, through House Speaker and State Senator Harold Burns and other distinguished members of the family. The Burns family has a long history of community service to Whitefield, the North Country and the State of New Hampshire. Vote 17-0.

Rep. Jasper spoke in favor.

Committee report adopted and ordered to third reading.

### MOTION TO PRINT REMARKS

Rep. Gary Richardson moved that the remarks made by Rep. Jasper be printed in the Permanent Journal.

Adopted.

### REMARKS

**Rep. Jasper:** Thank you, Madam Speaker. I rise in support of the bill. I wasn't expecting to speak today and I wished that I had planned to so that I could have a few more of my facts in line here so please bear with me if I speak in error on a few things. Obviously from the blurb, you know that the Burns family has been in Whitefield since about 1770. This bill honors the family, but I think more specifically, the former Speaker of this House, Harold Burns, who I had the distinct pleasure of serving under both as his Assistant Majority Leader and as his Majority Whip. Harold is a true gentleman in every sense of the word. In the time that I served with him, I never saw an indication of partisanship in his role as Speaker. I saw him truly presiding over the House in a manner that was as fair as he could possibly make it. He treated every member with respect. He listened to what every person had to say. As a member of his leadership team, I was very impressed by the fact that when the leadership team got together, the Speaker did not speak to his position first, he listened to what everyone had to say and then after taking that in, made his decision, as a Speaker should. He served three terms as Speaker of this House, but he served many terms representing Whitefield before he came to that position. My coming into his leadership team was really a real surprise to me. I supported Donna Sytek in that race and certainly had no expectation of being part of that team at that time and I bring that all up only to show you that he did in fact include people and that I was brought into that level at that time. There was Caroline Gross as his Majority Leader, the lady whose picture hangs on the wall behind us. So, he has served his community, he served the House as his family has for well over 200 years, which is certainly an impressive record for any family. Harold served as a long-time moderator in the Town of Whitefield and came back after leaving the House to serve as State Senator. Any of you that go down to Eastern State's Exposition are likely to see him serving maple syrup in the NH building. He is a true son of New Hampshire, a true gentleman and he was a true statesman in this House and in the Senate and I would hope that we unanimously pass this bill and show him and his family the recognition that he and the generations of the Burns family so justly deserve.

### IMMEDIATE THIRD READING

Rep. Shurtleff moved that **SB 115**, naming a bridge in the town of Whitefield, be ordered to third reading and final passage at the present time.

Adopted.

### Third reading and final passage

**SB 115**, naming a bridge in the town of Whitefield.

### REGULAR CALENDAR – PART I (CONT'D)

**HB 260-FN**, relative to voluntary services provided by the department of health and human services to children in need. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Patrick T. Long for Children and Family Law: This bill, as amended, addresses the needs expressed by police and school districts throughout the state. It creates a broad voluntary CHINS (children in need) program. It also requires that appropriate voluntary services have been attempted and were unsuccessful prior to the petition being filed. The amendment replaces the entire bill. Vote 19-0.

#### **Amendment (0447h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to voluntary services provided to children in need under RSA 169-D.

Amend the bill by replacing all after the enacting clause with the following:

1 Children in Need of Services; Applicability of Chapter. RSA 169-D:1, IV and V are repealed and reenacted to read as follows:

IV. To protect the integrity of the family by authorizing adjudication and the imposition of dispositional judgment requiring participation in a plan of services only after appropriate voluntary alternatives have been unsuccessful; and

V. When appropriate voluntary service options have been unsuccessful, to provide effective judicial procedures through which family service plans are executed and enforced, and which assure the parties fair hearings at which their constitutional and other rights as citizens are recognized and protected.

2 Definition of Child in Need of Services. RSA 169-D:2, II is repealed and reenacted to read as follows:

II. "Child in need of services" means a child under the age of 18 who is:

(a) Subject to compulsory school attendance, and who is habitually, willfully, and without good and sufficient cause, truant from school; or

(b) A child who habitually runs away from home or who repeatedly disregards the reasonable and lawful commands of his or her parents, guardian, or custodian and places himself or herself or others in unsafe circumstances; or

(c) Is diagnosed with a severe emotional, cognitive, or other mental health issue and engages in aggressive, fire-setting, or sexualized behaviors that pose a danger to the child or others; and

(d) Is expressly found to be in need of care, guidance, counseling, discipline, supervision, treatment, or rehabilitation.

3 New Paragraph; Definition Added. Amend RSA 169-D:2 by inserting after paragraph XIII the following new paragraph:

XIV. "Truant" means a child between the ages of 6 and 18 years who is either not attending school as required by law or who is not participating in an alternative learning plan under RSA 193:1. "Truancy" shall have the same meaning as in RSA 189:35-a.

4 Petition. Amend RSA 169-D:5, I to read as follows:

I. A petition alleging a child is in need of services may~~[-with the consent of the department,]~~ be filed by a parent, legal guardian or custodian, school official, or law enforcement officer with a judge or clerk of the court in the judicial district in which the child is found or resides. The petition shall be in writing and verified under oath. The following notice shall be printed on the front of the petition in bold in no smaller than 14 point font size: "See back for important information and financial obligations." The back of the petition shall include a notice of liability for parents and other individuals chargeable by law for the child's support and necessities.

5 New Paragraph; Petition. Amend RSA 169-D:5 by inserting after paragraph II the following new paragraph:

II-a. Any petition filed shall include language demonstrating that appropriate voluntary services have been attempted, the nature of voluntary services attempted, and the reason court compulsion is necessary. If, upon review of the petition, the court is not satisfied that the petition includes sufficient information to find that appropriate voluntary services were attempted and unsuccessful, the court shall, prior to scheduling the child's initial appearance, refer the petition to the department, which shall proceed pursuant to RSA 169-D:9.

6 New Section; Voluntary Services. Amend RSA 169-D by inserting after section 5-b the following new section:

169-D:5-c Voluntary Services. The department may offer the child and family, on a voluntary basis, any services permitted under RSA 169-D:17.

7 Issuance of Summons and Notice. RSA 169-D:6, I is repealed and reenacted to read as follows:

I.(a) After a legally sufficient petition has been filed, unless the case is referred to the department pursuant to RSA 169-D:5 or a consent order is entered and approved, the court shall schedule an initial appearance and issue a summons, including a copy of the petition, to be served personally upon the person having custody or control of the child or with whom the child may be, requiring that person to appear with the child on the specified date and time. Refusal of the child to participate in the development of a voluntary service plan may constitute sufficient information that voluntary service and support options have been unsuccessful.

(b) If personal service is not possible, service shall occur at the usual place of abode of the person having custody or control of the child or with whom the child may be, requiring that person to appear with the child at a specified place and time which time shall not be less than 24 hours after service. If the person so notified is not the parent or guardian of the child, then a parent or guardian shall be notified, provided they and their residence are known.

8 Diversion and Pre-adjudicatory Procedure. RSA 169-D:9 is repealed and reenacted to read as follows:

169-D:9 Pre-adjudicatory Procedure.

I. Except in emergencies, the department, its agent, or any person or agency it designates shall determine what voluntary service options are available to the child and family. To achieve this purpose, the department may designate a multi-disciplinary team to consider the facts and circumstances of the case, the needs of the child and family, and available diversion programs, services, and resources. This conference shall be attended by the child, if appropriate, his or her parents, legal guardians or custodians, and representatives of any public institution or agency having legal responsibility over the child, and may be attended by parties invited by the family and representatives of any public or private institutions or agencies having discretionary ability to coordinate and/or supply services to the child or family. If the child does not attend a multi-disciplinary conference, an appropriate individual shall be designated to solicit the child's input and help the child understand available service options and supports.

II. If available, a multi-disciplinary conference may be held at any time before or after a petition is filed but shall be held before the child's initial appearance pursuant to RSA 169-D:11.

III. At any time before or after a petition is filed, the child, his or her caretakers, and the department may effect an individualized voluntary family services plan, which shall include:

(a) Identification of the conduct of the child, caretaker, or any family member which is causing harm to the child.

(b) A description of the services that are needed for the child, the child's caretakers, or other family members, the availability of such services within the community, and a plan for ensuring that any such services that are available will be secured and provided.

(c) The name of the person within the affected public service agency who is directly responsible for assuring that the voluntary family services plan is implemented.

(d) An estimate of the time anticipated to be necessary to accomplish the goals set out in the plan.

(e) Any other provisions deemed appropriate by the parties.

IV. A voluntary family services plan shall set forth in writing the terms and conditions agreed to by the child, the child's caretaker, and all parties responsible for implementation of the voluntary services plan. A written copy of the plan shall be submitted to each party or person responsible for implementation of the plan.

V. A voluntary services plan may be amended by agreement of the parties at any time. If a petition has been filed, the amended plan shall be submitted to the court.

VI. If a petition has been filed, the voluntary family services plan shall be submitted to the court. A voluntary services plan shall stay the proceedings for a period not to exceed 90 days from the date of implementation, unless the parties agree, in writing, to an extension for additional periods not to exceed 90 days. If the parties determine services are necessary for longer than 180 days, the department shall submit a report to the court which outlines the progress that has been achieved during the duration of services and explains why continued services are necessary. Such reports shall be filed every 180 days until voluntary services are discontinued. If, upon reviewing the report, the court questions the need for continued services, it shall schedule a show cause hearing, at which the child, if appropriate, the child's parent or caretaker, and the department shall appear.

VII. When the petitioning person or agency, the court, the department, or a member of the multi-disciplinary team suspects that a child has a disability, an administrator at the responsible school district shall be notified. If appropriate, the school district shall refer the child for evaluation to determine if the child is in need of special education and related services.

VIII. A voluntary family services plan shall not be considered an adjudicatory hearing pursuant to RSA 169-B or 169-D, or a criminal trial. Evidence of the existence of such agreement shall not be used against the child over objection in any juvenile adjudicatory hearing or criminal trial.

IX. Any incriminating statement made by the child during discussions or conferences incident to the voluntary family services plan shall not be used against the child, over objection, in adjudicatory hearing pursuant to RSA 169-B or 169-D, or a criminal trial. Any such statement may be reported as the basis for a referral to the department pursuant to RSA 169-C, if there is reasonable basis to believe that a child's physical or mental health or welfare is endangered by abuse or neglect.

X. A voluntary family services plan suspends the proceedings on the petition. If the child satisfies the terms of the voluntary family services plan, he or she shall be discharged from further services or supervision, and the pending complaint or petition shall be dismissed with prejudice.

9 Initial Appearance. Amend RSA 169-D:11, II(c) and (d) to read as follows:

(c) Establish any conditions for release; ~~and~~

(d) Set a hearing date[-]; *and*

(e) *Inquire of the juvenile and a parent or guardian of the juvenile if the juvenile has been:*

(1) *Determined to have an intellectual disability; or*

(2) *Determined to have a mental illness, emotional or behavioral disorder, or another disorder that may impede the child's decision-making abilities; or*

(3) *Identified as eligible for special education services.*

10 New Section; Data Collection. Amend RSA 169-D by inserting after section 30 the following new section:

169-D:31 Data Collection.

I. The department shall establish a system to collect data. The system shall collect information related to:

(a) The person or entity who referred the child for services and/or filed the petition.

(b) The racial and ethnic identity of the child.

(c) The insurance status and coverage of child served.

(d) The length of time a child receives services under this chapter, including the time prior and subsequent to the filing of a petition.

(e) The identity of any public or private organization to whom the department has referred a child or family.

(f) Any other information, including outcome data, that may assist the department and the court in evaluating the availability and effectiveness of services for children who receive assistance under this chapter.

II. The department shall, upon request, make available to members of the public, compilations of the data which do not contain identifying information.

11 Effective Date. This act shall take effect September 1, 2013.

#### AMENDED ANALYSIS

This bill expands the definition of a child in need of services under RSA 169-D and requires consideration of voluntary services before proceeding with a petition under RSA 169-D. The bill also requires the department of health and human services to collect certain data regarding petitions under RSA 169-D.

Amendment adopted.

Committee report adopted and referred to the Committee on Finance.

**HB 625-FN**, relative to oversight of guardians ad litem by the guardian ad litem board. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Kelleigh D. Murphy for the Majority of Children and Family Law: This bill would have created a full-time administrative position to distribute guardian ad litem performance surveys to parties in a divorce case. While the intent is well-meaning and the committee feels that data on guardian ad litem performance is important, the committee had concerns that parties might be inherently biased and that perhaps judges, attorneys and court staff would be the more appropriate parties to survey. Vote 17-2.

Rep. Jeffrey D. Oligny for the Minority of Children and Family Law: The performance of the guardian ad litem system in New Hampshire is not being monitored. No data exists to demonstrate the favorable performance of ongoing chronic problems. Analyzing performance ensuring that the children of New Hampshire are receiving services is in their best interests. Majority committee report adopted.

**HB 671-FN**, restoring state payment of fees for guardians ad litem and attorneys where the parents are indigent. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Cynthia L. Chase for Children and Family Law: This bill restores funding for indigent parents in abuse and neglect cases. This is a critical stage for parents who are in danger of losing their children. The committee believes that parents deserve advice of counsel at this critical stage. The committee voted to support the bill in an effort to insure that a parent's rights to parent their children in these cases is adequately protected. The amendment replaces the bill. The original bill also funded guardians ad litem in marital cases. Vote 19-0.

#### Amendment (0431h)

Amend the title of the bill by replacing it with the following:

AN ACT restoring state payment of fees for attorneys in child abuse and neglect cases where the parents are indigent.

Amend the bill by replacing all after the enacting clause with the following:

1 Child Protection Act; Liability of Expenses. Amend RSA 169-C:27, I(f) to read as follows:

(f) ~~Neither~~ **Notwithstanding any provision of law to the contrary**, the department ~~nor the judicial council~~ shall have ~~authority~~ **no responsibility** for the payment of the cost of assigned counsel for any party under this chapter.

2 Adequate Representation Costs. Amend RSA 604-A:1-a to read as follows:

604-A:1-a Neglected or Abused Children. In cases involving a neglected or abused child, when a guardian ad litem is appointed for the child as provided in RSA 169-C:10, the cost of such appointment shall be paid from funds appropriated for indigent defense pursuant to this chapter. ***In cases involving a neglected or abused child, when an attorney is appointed to represent a parent determined to be indigent pursuant to RSA 169-C:10, II, at the preliminary hearing or a hearing pursuant to RSA 169-C:6-a, III, whichever occurs earlier, the cost of such appointment shall be paid from funds appropriated for indigent defense pursuant to this chapter.***

3 Child Protection Act; Preliminary Hearing. Amend RSA 169-C:15, III(a) to read as follows:

(a) Appoint ~~la CASA or other approved program guardian ad litem or~~ an attorney ~~or other qualified guardian ad litem~~ to represent the child pursuant to RSA 169-C:10.

4 Child Protection Act; Appointment of Counsel. Amend RSA 169-C:10, II(a) to read as follows:

(a) In cases involving a neglected or abused child under this chapter, where the child's expressed interests conflict with the recommendation for dispositional orders of the guardian ad litem, the court may appoint an attorney to represent the interests of the child. ***In any case of neglect or abuse brought pursuant to this chapter, the court shall appoint an attorney to represent an indigent parent alleged to have neglected or abused his or her child. In addition, the court may appoint an attorney to represent an indigent parent not alleged to have neglected or abused his or her child if the parent is a household member and such independent legal representation is necessary to protect the parent's interest. The court shall not appoint an attorney to represent any other persons involved in a case brought under this chapter.***

5 Effective Date. This act shall take effect July 1, 2013.

#### AMENDED ANALYSIS

This bill restores state payment of fees for attorneys in child abuse and neglect cases where the parents are indigent.

Amendment adopted.

Rep. Walz offered floor amendment (0564h).

#### Floor Amendment (0564h)

Amend the bill by replacing section 3 with the following:

3 Child Protection Act; Preliminary Hearing. Amend RSA 169-C:15, III(a) to read as follows:

(a) Appoint a CASA or other approved program guardian ad litem or an attorney ~~or other qualified guardian ad litem~~ to represent the child pursuant to RSA 169-C:10.

Rep. Walz spoke in favor.

Floor amendment (0564h) adopted.

Committee report adopted and referred to the Committee on Finance.

**HB 681**, relative to the membership, duties, and responsibilities of the guardian ad litem board and establishing the Court Appointed Advocates for Children in Divorce (CAACD) Corporation. **INEXPEDIENT TO LEGISLATE.**

Rep. Deanna S. Rollo for Children and Family Law: This bill revises the membership and duties of the guardian ad litem board. It also transfers administration of the guardian ad litem board from the department of administrative services to the joint board of licensure and certification. The committee felt there were technical and structural problems with adding this to the joint board. Furthermore, the joint board said they do not have the resources. Vote 18-1.

Committee report adopted.

**HB 315-FN**, relative to liquor commission discounts. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Jill S. Hammond for the Majority of Commerce and Consumer Affairs: This legislation would eliminate the current distinction in the discount applicable on purchases of wines by off-premise retail license holders from the liquor commission. Those licensees with wine purchases under \$350,000 annually get at least a 15%-20% discount; larger retailers with annual purchases above that amount receive at least a 10% discount. Allowing all retail licensees the larger discount would have resulted in a revenue decrease to the state liquor commission between \$4.7 million and \$5 million annually over the next four fiscal years. Vote 15-3.

Rep. Laura M. Jones for the Minority of Commerce and Consumer Affairs: This bill would have equalized the wholesale discount rate, on wine, for all retailers. Current law gives smaller retailers a greater percentage discount than larger retailers. The New Hampshire Constitution Part 1, Article 1 states that government is instituted for the general good. In other words, legitimate actions of government must benefit all equally at the time they are taken. Therefore, government should not pick winners and losers. The minority believes that there should be a level playing field for all retailers and that government should not interfere with the operation of the free market by setting different rates.

The question being adoption of the majority committee report of Inexpedient to Legislate.

On a division vote, 238 members having voted in the affirmative and 110 in the negative, the majority committee report was adopted.

**HB 382-FN**, reducing the nonresident fee for obtaining a license for a pistol or a revolver. **INEXPEDIENT TO LEGISLATE.**

Rep. Steve Vaillancourt for Criminal Justice and Public Safety: This bill would reduce the fee for out-of-staters to obtain a pistol permit from \$100 (for four years) to \$20. The bill would cost the state, based on current applications, \$428,880 a year. More than 20 states recognize the New Hampshire permit, so in a sense the fee is a bargain for those applying here. If anything, the committee felt the fee could be increased. For that reason, the committee voted Inexpedient to Legislate on this 80 percent decrease. Vote 17-2.

Rep. Vaillancourt spoke in favor and yielded to questions.

Rep. Hoell spoke against and requested a roll call; sufficiently seconded.

**SULLIVAN**

None  
and the committee report was adopted.

**HB 299-FN**, relative to tuition payments for chartered public school pupils. **OUGHT TO PASS.**  
Rep. Ralph G. Boehm for Education: This bill amends RSA 198:42 IV to read the same as it did prior to 2011. This law was changed in 2011 and had the undesired effect to stop future funding of new charter schools. Discussions with the attorney general's office stated that returning the law back to its original language would allow the board of education to remove the moratorium on new charter schools. The current moratorium may also cause the loss of federal grant money for new charter schools. Vote 11-8.  
Committee report adopted and referred to the Committee on Finance.

**HB 570-FN**, relative to school building aid grant eligibility for the White Mountain Regional school district. **OUGHT TO PASS.**

Rep. Rick M. Ladd for Education: White Mountains Regional School District's Career and Technical Center (vocational education) is due to receive state aid in FY 14. Most often, when a CTE renovation project is awarded, it makes sense to do other needed work on the high school portion of the facility at the same time; however, funding for the high school portion of the project involves a separate funding source from school building aid. Originally, the CTE project (75% funding) was scheduled for the 2012 – 2013 biennium. Due to other state CTE projects, the White Mountains Regional Career and Technical Center renovation project was bumped into the 2014 – 2015 biennium. In accordance with HB 2, Chapter 224, 2011 session, adopted legislation directed the commissioner of education not to issue building aid or alternative school building aid for any project approved on or after June 30, 2011 through June 30, 2013. This period of time is commonly known as the school building aid moratorium. The moratorium was enacted due to existing state approved school building aid debt equaling \$540,000,000. During the moratorium period, RSA 198:15 was significantly changed in order to insure that funding for future building aid grants would be appropriated by the general court. Beginning on July 1, 2013, the capped amount is not to exceed \$50M annually. The new procedure also requires school construction and renovation grants to address certain criteria and conditions and grants will be prioritized by a process involving DOE and the state building authority with the state board approving and notifying recipients by January 15, 2014 of this school year. The moratorium period did provide an exception to receive building aid if a building or portion thereof constituted a clear and imminent danger to the life or safety of occupants or other persons, and required remediation prior to July 1, 2013. Although White Mountains Regional High School does have concerns, the district did not submit a renovation grant under this provision. No request was submitted to DOE. Due to the CTE grant falling into the timeframe of the school building aid moratorium and due to the original CTE grant scheduling change, White Mountains Regional High School is requesting an exemption from the moratorium and asking that the school district obtain legislative approval to submit a building aid grant application based upon the "old" funding formula that preceded the moratorium. Under the previous formula, applications were not rated upon the new application conditions, i.e., safety, grounds, educational program support, instructional areas, specialized spaces, administrative spaces, etc. The previous system did not require prioritization, and funding was supported through borrowing and issuing bonds which led to the \$540M debt. The funding process proposed in this bill for White Mountains Regional School District raises policy issues associated with requirements of the new prioritized grant system. There is also the question of the CTE grant being delayed that led the district into the moratorium phase and a subsequent

new building aid prioritization system. The education policy committee requests that this matter be given further consideration for fiscal issues. The education committee discussed the matter that funding for this project may not fall within the remaining \$6.2M available within the \$50M capped amount following the deduction of the \$43.8M payment that must be allocated to obligated debt from past projects. Current statute requires that the available \$6.2M or thereabouts will be used to fund top priority projects (safety), etc., and once awarded, 80% of approved funding will be received by recipients with the remaining 20% project grant received upon project completion. The past alternative funding formula requested by White Mountains School District will revert to the old system of spreading payments over future years, and possibly require a separate appropriation. For these financial decisions, the education policy committee recommended OTP in order to expedite the bill to the proper committee for review of financial considerations. Vote 16-2.

Rep. Lynne Ober spoke against.

Rep. Ladd spoke in favor.

On a division vote, 198 members having voted in the affirmative and 146 in the negative, the committee report was adopted and referred to the Committee on Finance.

Rep. Whittemore declared a conflict of interest and did not participate.

**HB 615-FN-A**, relative to the New Hampshire national guard recruitment and retention scholarship fund and making an appropriation therefor. **OUGHT TO PASS.**

Rep. Mel Myler for Education: In reviewing this bill, the committee recognizes the important and essential service our national guard performs in meeting the needs of our nation. The state national guard performs a vital military function protecting all. To provide a marginal scholarship fund for those who volunteered their lives, is the least the state of New Hampshire can do in recognition of this service. Vote 18-0.

Committee report adopted and referred to the Committee on Finance.

**HB 632-A**, establishing the position of state advisor of the FFA in the department of agriculture, markets, and food. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Tara A. Sad for the Majority of Environment and Agriculture: This bill would appropriate \$20,000 per year over the biennium to the department of agriculture, markets and food for funding of the state FFA (formerly Future Farmers of America) Advisor. For over sixty years, the FFA has been training agricultural professionals and leaders, including the hundreds currently active in the program who will become our state's new generation of farmers. The committee understands that all appropriations for the upcoming biennium need to be addressed in HB1 (the appropriations bill) and not in standalone bills such as this, and therefore reluctantly recommends ITL. However, the committee strongly urges the Finance Committee, during its budget negotiations, to approve this miniscule appropriation request for this essential program that ensures the future of New Hampshire agriculture. Vote 11-7.

Rep. Robert H. Haefner for the Minority of Environment and Agriculture: While the minority of the committee on environment and agriculture understands and even supports the majority, that a bill that adds \$20,000 per year outside of the budget is going nowhere, the minority cannot allow the NH house agriculture committee to ITL a bill that supports a state coordinator for the FFA (formerly the Future Farmers of America) without raising a flag. New Hampshire agriculture is important to this state economically, with 4,166 farms which are responsible for our open space and rural culture. The FFA builds mature, disciplined and confident young adults that are the future of NH agriculture. The statewide coordinator is critically important to the success of the organization – coordinating between the sixteen state chapters and the national organization. Without this position, FFA would be unable to function. This was a funded position for years with the department of education until it was defunded a couple of years ago. If we lose FFA, we have lost a treasure of our state and jeopardize the future of New Hampshire Agriculture.

Majority committee report adopted.

**HB 669-FN-L**, relative to nonpayment of property taxes on current use land. **INEXPEDIENT TO LEGISLATE.**

Rep. Michele S. Peckham for Environment and Agriculture: Although the committee felt that the motivations of the bill's sponsor were well intended, the committee found that the penalty for non-payment of property taxes, which was the loss of current use status for a landowner, was too harsh a penalty and did more harm to towns than benefit. Vote 15-2.

Committee report adopted.

**HB 445-FN-L**, allowing public employers in the state to buy into the state health insurance plan. **INEXPEDIENT TO LEGISLATE.**

Rep. Raymond G. Gagnon for Executive Departments and Administration: While the committee appreciates the intent of the sponsor to broaden the insurance pool, the committee found the bill to be confusing, with potential unintended consequences. The committee's concern was that this bill could dramatically increase administrative costs and overwhelm the department of administrative services. The committee was also concerned about the potential for driving up costs for existing pool members. Vote 15-3.

Committee report adopted.

**HB 654-FN**, relative to licensure and renewal fees. **OUGHT TO PASS.**

Rep. Carol M. McGuire for Executive Departments and Administration: This bill sets in statute, rather than in rules, the licensing fees for a number of small boards and relieves the boards of the obligation to have the fees sum to 125% of their budget. The study committee on fees in rules (2012) learned that boards are reluctant to change their fees often enough to remain at that level and as a result they average over 160% of their budget. HB 654 sets all the licensing fees to \$100, which approximates 125%, and will also make it easier for the soon to be consolidated staff to administer. In the future, these fees can be reviewed as part of the budget cycle and adjusted along with the boards' budgets. Vote 15-3.

Committee report adopted and referred to the Committee on Ways and Means.

**HB 199**, relative to expenditures from the fish and game search and rescue fund. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Jonathan F. Manley for the Majority of Fish and Game and Marine Resources: This bill is overly restrictive to the fish and game department. This bill would have limited fish and game from expending funds from the search and rescue fund to their officers for search and rescue operations. The bill's prime sponsor offered testimony and an amendment to scrap this bill and create an entirely new bill. The committee felt that if the sponsor wished to create an entirely new bill then that could be done for next year. Vote 12-2.

Rep. John A. Burt for the Minority of Fish and Game and Marine Resources: This bill was prompted by an analysis of the quarterly reports of the search and rescue fund. It was noted that there seemed to be a minimum charge against the fund of 125 regular hours of fish and game officers whether there were 3 rescues or 20. If the number of rescues went above 20 then the regular hours increased proportionally. This caused the sponsor to think that there were some inappropriate charges against the fund leading to its deficit. The sponsor, in an attempt to make the search and rescue process more efficient and self supporting, sought to replace the original bill with an amendment that would require fish and game to explore placing a chip in a hiker registration card. This card would not be required but could be purchased voluntarily. The chip would enable fish and game, given the name of the card holder, to pinpoint the hiker's location in the event of a report that the hiker was overdue. This would utilize technology with surveillance satellites or aircraft transponders. The sale of the cards would provide funds to the search and rescue fund. The committee did not consider the amendment. Either concept presented seemed worthy of consideration to deal with the consistent problem of shortages in the search and rescue fund.

Majority committee report adopted.

**HB 259-FN**, relative to special licenses for taking lobster while engaged in recreational scuba diving. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John A. Burt for Fish and Game and Marine Resources: This same bill passed the committee last year unanimously and passed the House on the consent calendar before heading to the Senate. This bill provides license availability, on a 2 year pilot program basis, to certified scuba divers for the taking of legally-sized lobster during the month of September only. The majority of the committee felt that all residents, including divers, should have access to a state resource. The pilot program will allow data to be collected that will prove invaluable to conservation in managing this resource. No testimony was heard that indicated that the diver's limited access would affect the lobster population density in a recognizable fashion. If passed, we would join every other state on the East Coast (except Maine) to allow scuba diving for lobster. Vote 8-6.

#### **Amendment (0386h)**

Amend the bill by replacing all after section 2 with the following:

3 Scuba Diver Lobster License Removed; 2016. Amend RSA 211:18, III(a) to read as follows:

(a) If a person is a resident of this state and does not take lobsters or crabs for the purpose of sale and does not use more than 5 traps, the person may receive a recreational lobster and crab license. ~~[A person receiving a recreational lobster and crab license may not also receive the scuba diver lobster license under paragraph III-c.]~~

4 Repeal; 2016. RSA 211:18, III-c, relative to special scuba diver lobster licenses, is repealed.

5 Effective Date.

I. Sections 3 and 4 of this act shall take effect January 1, 2016.

II. The remainder of this act shall take effect January 1, 2014.

### AMENDED ANALYSIS

This bill allows the fish and game department to issue special scuba diver lobster licenses for noncommercial taking of lobsters while engaged in recreational scuba diving. The authority to issue the special scuba diver lobster licenses is repealed January 1, 2016.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Duarte spoke in favor and yielded to questions.

Rep. Burt requested a roll call; sufficiently seconded.

and the committee report was adopted and referred to the Committee on Ways and Means.

**HB 316-FN**, relative to regulating alkaline hydrolysis for the disposal of human remains. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Richard E. Meaney for Health, Human Services and Elderly Affairs: This bill establishes alkaline hydrolysis as a legal procedure for the disposal of human remains. Alkaline hydrolysis is a procedure whereby human remains are reduced to bone fragments by a solution of water and potassium hydroxide. Alkaline hydrolysis is more energy efficient than cremation, produces less CO<sub>2</sub> than cremation and has no vaporized mercury emissions. Alkaline hydrolysis ensures complete destruction of infectious agents and produces sterile effluent that will not harm the public. This eco-friendly alternative to traditional cremation is less expensive than traditional burial. Passage of this bill provides families with an alternative to the traditional methods of cremation and burial for the disposal of the remains of loved ones. Vote 15-2.

**Amendment (0344h)**

Amend RSA 325-B:1, I as inserted by section 1 of the bill by replacing it with the following:

I. "Alkaline hydrolysis" means the technical process that reduces human remains to bone fragments by use of an American Society of Mechanical Engineers (ASME) certified pressure vessel that operates above atmospheric pressure using the parameters of heat, time, and solution sufficient to achieve complete dissolution of all tissue remains.

Amend RSA 325-B:1, XIV as inserted by section 1 of the bill by replacing it with the following:

XIV. "Leak proof pouch" means a plastic, vinyl, protein-based, or similar material bag that is made specifically for the containment of human remains.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Reps. Bill Nelson, Kappler and LeBrun spoke against.

Rep. Harding spoke in favor.

Rep. Vaillancourt spoke in favor and yielded to questions.

On a division vote, 257 members having voted in the affirmative and 113 in the negative, the committee report was adopted and referred to the Committee on Executive Departments and Administration.

**HB 652-FN**, relative to the judicial branch information technology fund. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Joseph M. Hagan for the Majority of Judiciary: State law authorizes seven percent (7%) of filing fees for the supreme court, family court, superior court, district court and probate court be paid into a special escrow account for the benefit of the state. This bill allows increasing the contribution from this account from 14% to 30% for maintaining judicial branch information technology. This will be paid for by slight increases in fees by the users of court services and not impacting taxpayers at large. Vote 12-6.

Rep. Robert H. Rowe for the Minority of Judiciary: Maintaining the judicial branch technology equipment is important if we desire to move forward with electronic court. We are years behind other states in this regard. However, in supporting this effort the minority believes the increased costs should not be placed on the users. Additional funding should come from the court budget and the general fund rather than paid by user fees and surcharges. If anything, filing fees should be reduced, but the legislature has no control over this; fees are strictly set by court rules. Sooner than later the filing fees and other court imposed charges will discourage the adjudication of disputes by citizens. Sooner or later the user fees will be of a magnitude to be in violation of Part 1, Article 14, of the New Hampshire Constitution.

Majority committee report adopted and referred to the Committee on Ways and Means.

**HJR 2-FN-A**, making restitution to Jeffery Frost for inappropriate prosecution. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter M. Sullivan for Judiciary: The committee takes no stance on the merits of Jeffrey Frost's claim. Our objection to HJR 2 is based on our learning that Mr. Frost chose to initiate litigation in Superior Court. This is the appropriate forum. The House is not equipped to offer findings of fact or rulings of law in a civil tort case. Further, passing HJR 2 would set a dangerous precedent. A flood of aggrieved litigants seeking financial compensation through the legislative process would overwhelm the House staff and undermine the authority of the courts. Vote 19-0. Committee report adopted.

**MOTION TO REMOVE FROM THE TABLE**

Rep. Rowe moved that **HB 590**, relative to the unauthorized practice of law, be removed from the table. Adopted.

Rep. Rowe moved Recommit and spoke in favor.

Rep. Marjorie Smith spoke in favor.

Adopted.

Recommitted to the Committee on Judiciary.

Rep. Peter Sullivan declared a conflict of interest and did not participate.

The House recessed at 12:01 p.m.

RECESS

The House reconvened at 1:05 p.m.

(Speaker Norelli in the Chair)

### ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly Enrolled Senate Bill numbered 115.

Rep. Shurtleff, Sen. Prescott for the Committee

### REGULAR CALENDAR – PART I (CONT'D)

**HB 617-FN-A-L**, increasing the rate of the road toll, increasing the vehicle registration fee, and establishing the New Hampshire state and municipal road and bridge account. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David B. Campbell for Public Works and Highways: New Hampshire's state and municipal roads and bridges are in terrible condition. The problem is getting worse and more expensive each year. The unanimous, bi-partisan 18-0 endorsement of HB 617 by the committee is an acknowledgment that the only way to begin to correct the problem is by properly funding the repairs of our crumbling infrastructure. Only money, not words and not ideology, will fix roads and bridges. For the last 22 years, consecutive Legislatures have neglected this problem by declaring the state and its taxpayers could not afford to raise the road toll. The fact is we can't afford not to. New Hampshire's highway system is its economic life blood, supporting commerce, tourism and our everyday lives. Today, by not properly funding or maintaining NH's roads and bridges, we face an infrastructure crisis, that is on its way to becoming a catastrophe. How big is the crisis?: 1) Interstate 93 widening (the main transportation artery into NH) is \$250 million underfunded. Without new revenue it will not be completed. 2) 1661 miles of state roads are currently rated in poor condition, needing major work, (ballooning from 630 miles of poor roads in 2000), which account for over one-third (36%) of NH's 4500 miles of state roads; ranking NH 9th worst nationally in rural roads. Without new revenue the miles of state roads in poor condition will continue to increase, as will the cost to repair them...exponentially. 3) There are currently 140 red list state bridges, and without new revenue that number will grow to 174 by 2016, and over 200 by 2020. The state's number one red list bridge (Sarah Mildred Long Bridge connecting Portsmouth to Kittery, ME) will cost NH \$85 million and is unfunded. 4) NH's towns & cities are in worse shape with 353 red list bridges and 10-12 being closed per year. Their roads continue to deteriorate and with dwindling state highway and bridge aid, must rely on property taxes to fix problems that are too big for local property taxpayers to bear. HB 617 addresses these problems over a ten year horizon. It raises the road toll (gas tax) by 4 cents per gallon of gasoline in each of the following three fiscal years and 3 cents per gallon in the fourth fiscal year for a total of 15 cents by FY 2017. This user fee was last raised in 1991 to 18 cents/gallon when gasoline was \$1.13 per gallon. During the 4 years Judd Gregg was governor it was raised twice (28%). NH has the lowest gas tax in the Northeast and second lowest across the nation's "Frostbelt." Importantly, it sets up a separate protected fund, within the already constitutionally protected highway fund, to ensure that EVERY PENNY of the increase will be used to fund the maintenance, construction and reconstruction of NH's state and municipal roads and bridges. It increases the road toll for diesel fuel by 2.5 cents per year for 6 years for a total of 15 cents by FY 2019. The committee did this to spread out the cost for the trucking industry, but because heavy trucks do more damage to roads and bridges, and that NH diesel tax is the lowest in the northeast, they too must help to pay to fix the bridges and roads they rely on for their livelihood. This increase in the road toll will raise just under one billion dollars over the next ten years. It will raise almost \$800 million dollars for the NH DOT to finish I-93 and reduce the number of state red list bridges and state roads in poor condition. It will significantly help towns and cities fix their roads and bridges by raising over \$200 million dollars more in municipal aid (a 70% increase). HB 617, as amended: 1) increases municipal block grant Aid by over \$13 million/yr. (46% more), 2) doubles the annual state bridge aid for municipalities from \$6.8 million/yr. to \$13.6 million/yr. to help fix their red list bridges, 3) doubles the annual state highway aid for municipalities from \$1.7 million/yr. to \$3.4 million dollars/yr., and 4) eliminates the one year delay from when municipal block grant aid is raised and sent to municipalities. Once this 15 cent increase is fully phased-in and IF every penny passes through to the consumer (which testimony indicates it will not), the average NH driver (12,000 miles/yr at 22.6 MPG) will pay \$79 more per year. Compare this number to the recent study by TRIP indicating the average NH driver now pays annually \$323 in added automobile

repairs (up from \$259 four years ago). This bill will have a direct economic impact by creating over 1,000 new jobs and means hundreds of millions of dollars of construction within NH and it will put NH back on an 8-10 year repaving cycle, thereby saving taxpayer millions of dollars. The amendment eliminated the increase in the registration fee and spread a 15 cent increase over 4 years for gasoline and 6 years for diesel. It also added weight restricted bridges and unnumbered state highways as priorities to help rural and North Country roads. NH's present and future taxpayers, the driving public, the State's tourism industry and overall economy cannot afford to further delay raising sufficient funds to properly fix the state and municipal roads and bridges. Vote 18-0.

#### Amendment (0489h)

Amend the title of the bill by replacing it with the following:

AN ACT increasing the rate of the road toll and establishing the New Hampshire state and municipal road and bridge account.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Application of Receipts. Amend RSA 6:12, I(b) by inserting after subparagraph (310) the following new subparagraph:

(311) Moneys deposited in the New Hampshire state and municipal road and bridge account established under RSA 260:32-a.

2 Levy of Tolls and Exemptions. Amend the introductory paragraph of RSA 260:32 to read as follows:

260:32 Levy of Tolls and Exemptions. There is hereby imposed a road toll of \$.18 per gallon upon the sale of each gallon of motor fuel sold by distributors thereof. *The road toll on gasoline shall increase to \$.22 per gallon beginning July 1, 2013; to \$.26 per gallon beginning July 1, 2014; to \$.30 per gallon beginning July 1, 2015; and to \$.33 per gallon beginning July 1, 2016. The road toll on special fuel (diesel) shall increase to \$.205 per gallon on July 1, 2013; to \$.23 per gallon on July 1, 2014; to \$.255 per gallon on July 1, 2015; to \$.28 per gallon on July 1, 2016; to \$.305 per gallon on July 1, 2017; and to \$.33 per gallon on July 1, 2018.* The road toll shall be collected by the distributor from the purchaser and remitted to the state in the manner hereinafter set forth. *All amounts collected in excess of \$.18 per gallon shall be deposited on a monthly basis into the New Hampshire state and municipal road and bridge account established in RSA 260:32-a.* Provided, that the road toll shall not apply to:

3 New Section; Account Established. Amend RSA 260 by inserting after section 32 the following new section:

260:32-a Account Established. There is hereby established a separate account in the highway fund called the New Hampshire state and municipal road and bridge account. The account is to be used exclusively for the construction, reconstruction, and maintenance of state and municipal roads and bridges, including weight-restricted bridges and unnumbered roads owned by the state, to improve safe travel for motorists, create jobs, and promote commerce, tourism, and economic growth in the state. The account shall consist of the funds attributable to all road toll revenue collected in excess of \$.18 per gallon, net of any block grant aid apportionment pursuant to RSA 235:23, I. The amount deposited into the New Hampshire road and bridge account is hereby exclusively and continually appropriated to the department of transportation and shall be nonlapsing.

4 Block Grant Aid; Apportionment. Amend RSA 235:23, I to read as follows:

I. Apportionment A. In each fiscal year, the commissioner shall allocate an amount not less than 12 percent of the *estimated* total road toll revenue and motor vehicle fees *to be* collected [~~in the preceding~~] *during the* fiscal year to a local highway aid fund. This fund shall be distributed to each city, town, and unincorporated place on a formula in which 1/2 of the amount is based on the proportion which the mileage of regularly maintained class IV and class V highways in each municipality, as of January 1 of the previous year, bears to the total of such mileage in the state; and 1/2 of the amount is based on the proportion which the office of energy and planning population estimate of each municipality bears to the latest estimate of the total population of the state as of July 1 of the year of the estimate. *Since the payment is based upon estimated revenues to be received during the fiscal year, the following year's payment shall be adjusted for any overpayment or underpayment during the prior year based upon the actual audited total road toll revenues and motor vehicle fees collected.* The aid to be distributed under this paragraph shall be in addition to all other state and federal aid specifically authorized by statute.

5 New Section; State Bridge Aid; State Highway Aid. Amend RSA 234 by inserting after section 4 the following new section:

234:4-a State Bridge Aid. Beginning in fiscal year 2016, the state allocation under this chapter to municipalities for state bridge aid shall be no less than \$13,600,000 per year.

6 New Section; Federal and State Highway Aid; State Highway Aid. Amend RSA 235 by inserting after section 15 the following new section:

235:15-a State Highway Aid. Beginning in fiscal year 2016, the state allocation under this chapter to municipalities for state highway aid shall be no less than \$3,400,000 per year.

7 Effective Date. This act shall take effect July 1, 2013.

### AMENDED ANALYSIS

This bill:

I. Establishes the New Hampshire state and municipal road and bridge account.

II. Increases the road toll for gasoline and diesel fuel.

III. Provides for adjustment in payments by the department of transportation to municipalities for highway construction and reconstruction aid when such payments are based on estimated revenue. Amendment adopted.

### MOTION TO LAY ON THE TABLE

Rep. Itse moved that **HB 617-FN-A-L**, increasing the rate of the road toll and establishing the New Hampshire state and municipal road and bridge account, be laid on the table.

Rep. Carol McGuire requested a roll call; sufficiently seconded.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. William O'Brien offered floor amendment (0696h).

### Floor Amendment (0696h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing the allocation of gross appropriations from the highway fund.

Amend the bill by replacing all after the enacting clause with the following:

1 Allocation of Appropriations from the Highway Fund. Amend RSA 9:9-b to read as follows:

9:9-b Allocation of Gross Appropriations From Highway Fund. For each fiscal year of the biennium, gross highway fund appropriations net of highway block grant aid, shall be allocated in the operating budget as follows:

I. Department of transportation [~~including the office of information technology~~]: Not less than [73] 100 percent.

II. Department of safety: Not to exceed [26] zero percent.

III. Other projects that comply with part 2, article 6-a of the New Hampshire constitution, relative to the use of highway funds: Not to exceed [±] zero percent.

*IV. All revenue in excess of the necessary cost of collection and administration accruing to the state from registration fees, operators' licenses, gasoline road tolls, or any other special charges or taxes with respect to the operation of motor vehicles or the sale or consumption of motor vehicle fuels shall be credited to the highway fund. No expenditure by the department of transportation of funds in the highway fund shall be other than in compliance with part 2, article 6-a of the New Hampshire constitution, relative to the use of highway funds, and otherwise shall be limited exclusively for the construction, reconstruction, and maintenance of public highways within this state, including the payment of the interest and principal of obligations incurred for said purposes; and no part of such revenues shall, by transfer of funds or otherwise, be diverted to any other purpose whatsoever.*

2 Effective Date. This act shall take effect July 1, 2013.

#### AMENDED ANALYSIS

This bill requires that all funds appropriated to the highway fund shall be used by the department of transportation for the construction, reconstruction, and maintenance of public highways within this state.

Reps. Daniel Eaton and Jasper spoke against.

Rep. William O'Brien spoke in favor.

Rep. Baldasaro spoke in favor, yielded to questions and requested a roll call; sufficiently seconded.

and the committee report was adopted and referred to the Committee on Ways and Means.

**(Rep. Kaen in the Chair)**

**SPECIAL ORDER**

**HB 273-FN-L**, authorizing the commissioner of the department of resources and economic development to enter into contracts for provision of free Wifi Internet access at Hampton Beach state park. **INEXPEDIENT TO LEGISLATE.**

Rep. Jane E. Beaulieu for Resources, Recreation and Development: This bill was drafted to authorize the state to enter into contracts with the Hampton Beach Village Precinct to provide free Wifi Internet access to Hampton Beach State Park. The department of resources and economic development (DRED) already has the ability to enter into agreements. In addition, representatives from the departments of information technology, the state's core network and their providers, raised several concerns, including the costs to, liabilities for and expectations of the state. The committee encourages the precinct to continue dialogue with local businesses, DRED and other stakeholders. Vote 17-0. Committee report adopted.

**HB 295**, requiring criminal background checks for volunteers and employees at youth skill camps. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. James D. Aguiar for the Majority of Resources, Recreation and Development: This bill fills a gap in the attempt to protect young people from harm, including sexual and physical abuse, at the hands of those employed at, volunteering for or operating specialized skills camps. For many years, individuals or groups operating recreational camps have been required to conduct background checks on all employees or volunteers at said camps, these include your classic summer camps where boys and girls learn to swim, canoe, hike, start a campfire, etc. In relatively recent history, there has been an explosion of specialized camps where specified "skills" have been the focus, such as basketball, tennis or music, to name a few. Such camps have been exempt from background checks for all staff. This bill requires that any individual or entity operating such a camp certify to the department of environmental services (DES) that it has conducted background checks on all staff and employees whose duties bring them in contact with children at the camp. Since this requirement will demand a significant increase in the workload for DES, a fee of \$25 will be charged to any individual,

group or entity applying for a license to operate such a camp in the State of New Hampshire. This bill also establishes a dedicated fund to cover the costs of verifying, documenting and storing the information associated with said background checks. Vote 17-2.

Rep. Andrew Renzullo for the Minority of Resources, Recreation and Development: While the minority supports the concept of requiring background checks for volunteers and employees at youth skill camps, it cannot support the imposition of a \$25 fee paid to the Department of Environmental Services (DES).

### Majority Amendment (0450h)

Amend the bill by replacing all after the enacting clause with the following:

1 Safety Regulations; Subdivision Heading Amended. Amend the subdivision heading preceding RSA 485-A:23 to read as follows:

#### Safety Regulations *for Camps, Pools, and Bathing Places*

2 Definition of Recreation Camp and Youth Skill Camp. RSA 485-A:23 is repealed and reenacted to read as follows:

485-A:23 Definitions. In this subdivision:

I. "Recreation camp" means any place set apart for recreational purposes for boys and girls. It shall not be construed to apply to private camps owned or leased for individual or family use, or to any camp operated for a period of less than 10 days in a year.

II. "Youth skill camp" means a nonprofit or for-profit program that lasts 8 hours or more that is operated by an entity, other than a municipality, for the purpose of teaching a skill to minors. Such camps include, but are not limited to, the teaching of sports, the arts, and scientific inquiry.

3 Recreation Camp Licensing and Youth Skill Camp Certification; Criminal Background Check Required. Amend RSA 485-A:24 and RSA 485-A:25 to read as follows:

485-A:24 *Recreation Camp* License; [Fee] *Youth Skill Camp Certification of Criminal Background Check*.

*I. No person shall for profit or for charitable purposes operate any recreation camp, as defined in RSA 485-A:23, I, designed or intended as a vacation or recreation resort, without a license issued by the department. Said license is to be conditioned upon the maintenance of clean, healthful sanitary conditions and methods, as determined and approved by said department, good only for the calendar year in which it is issued and subject to suspension or revocation at any time for cause. The fee for such license shall be \$50 [to] which shall be paid into the [state treasury] recreation camp and youth skill camp fund established in RSA 485-A:24-a.*

*II.(a) No person or entity, other than a municipality, shall for profit or for charitable purposes operate any youth skill camp, as defined in RSA 485-A:23, II, without having performed background checks on the camp owners, all employees, and all volunteers at the camp and having certified to the department that no individual has a criminal conviction for any offense involving:*

*(1) Causing or threatening direct physical injury to any individual; or*

*(2) Causing or threatening harm of any nature to any child or children.*

*(b) Any person or entity required to perform background checks and provide certification to the department pursuant to subparagraph (a) shall pay a fee of \$25 to the department. All such fees collected by the department shall be deposited into the recreation camp and youth skill camp fund established in RSA 485-A:24-a.*

*(c) Subparagraphs (a) and (b) shall not apply to any person or entity which owns property used to operate a youth skill camp or any buildings or structures on such property used in the operation of a youth skill camp, provided such person or entity obtains written certification signed by the youth skill camp operator stating that background checks in accordance with this paragraph have been completed.*

485-A:25 Rulemaking.

I. The commissioner shall adopt rules under RSA 541-A relative to:

(a) Issuance of licenses to *recreation* camp operators under RSA 485-A:24, I.

(b) *Requirements for performing criminal background checks at youth skill camps and certifying acceptable results.*

(c) Water quality-related issues for the protection of persons using *recreation* camp facilities regulated under [this subdivision] *RSA 485-A:24, I.*

II. The commissioner, in consultation with the department of health and human services, shall adopt all other necessary rules under RSA 541-A, relative to public health and safety issues for the protection of persons [using camp facilities regulated under this subdivision] *attending recreation camps regulated under RSA 485-A:24, I.*

4 New Section; Water Pollution and Waste Disposal; Fund Established. Amend 485-A by inserting after section 24 the following new section:

485-A:24-a Recreation Camp and Youth Skill Camp Fund. There is established in the office of the state treasurer a nonlapsing fund to be known as the recreation camp and youth skill camp fund to be administered by the commissioner of the department of environmental services, and which shall be kept distinct and separate from all other funds. All moneys in the fund shall be continually appropriated to the commissioner of the department of environmental services for the purpose of paying costs associated with administering the provisions of RSA 485-A:24 and 485-A:25.

5 Safety Regulations; Injunction. Amend RSA 485-A:27 to read as follows:

485-A:27 Injunction. Any person operating or maintaining a [youth] *recreation* camp, *youth skill camp*, [or] public swimming pool, or bathing place without the same having been approved by the department may be enjoined by the superior court or any justice of the court upon petition brought by the attorney general.

6 New Subparagraph; Application of Receipts; Recreation Camp and Youth Skill Camp Fund. Amend RSA 6:12, I(b) by inserting after subparagraph (310) the following new subparagraph:

(311) Moneys deposited into the recreation camp and youth skill camp fund established in RSA 485-A:24-a.

7 Effective Date. This act shall take effect 30 days after its passage.

### AMENDED ANALYSIS

This bill requires youth skill camp operators to certify to the department of environmental services that their employees and volunteers have undergone a criminal background check. The bill also establishes a recreation camp and youth skill camp fund.  
Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Baldasaro requested a roll call; sufficiently seconded.

and the majority committee report was adopted and referred to the Committee on Ways and Means. Rep. Moffett did not vote and notified the Clerk that he wished to be recorded in favor.

**HB 628-FN**, relative to underground storage tank and above ground storage tank certification.  
**MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Shannon E. Chandley for the Majority of Resources, Recreation and Development: The department of environmental services (DES) requires that underground storage tank (UST) and above ground storage tank (AST) contractors be certified by a professional organization (NACE or ICC). Contractors certified by these organizations have demonstrated competence and an appropriate level of knowledge in key areas of design, installation and decommissioning of USTs and ASTs, among other skills. The professional organizations require that contractors be tested every two years to be certified. This bill seeks to prohibit DES from requiring that AST and UST contractors take a repeat examination. In addition, this bill would transfer the responsibility for continuing education and recertification to the DES. The majority of the committee believes that the professional organizations are better able to administer AST and UST training and certification than DES. The bill presumes that the biennial testing in order to be certified is onerous, but that is the requirement of the professional organizations, not of DES. Vote 13-7.

Rep. Andrew Renzullo for the Minority of Resources, Recreation and Development: At present, the department of environmental services (DES) requires installers of underground and above ground storage tanks to be certified by a professional organization that requires they be retested every two years on up to five aspects of the installation process. This requirement is not required by statute, but has been instituted by rule at first voluntarily, now mandatory. This bill would allow DES to institute continuing educational requirements for license renewal, but prohibit a complete retesting for renewal. What other profession requires a complete retesting for the licensee to keep their license? It is the opinion of the minority that this bill is business friendly and decreases expensive and unnecessary regulation without affecting public safety.

The question being adoption of the majority committee report of Inexpedient to Legislate. On a division vote, 207 members having voted in the affirmative and 143 in the negative, the majority committee report was adopted.

**HB 411-FN-A**, repealing a future reduction in vessel registration fees. **OUGHT TO PASS.**

Rep. Sherman A. Packard for Transportation: This bill repeals a reduction in vessel registration fees scheduled to take effect on July 1, 2015. Though many of us would like to reduce fees when possible, it is not realistic that such a reduction would be good for boating safety. Vote 12-2.

Rep. Burt spoke against.

Rep. Michael O'Brien spoke in favor and yielded to questions.

Rep. Flanagan requested a roll call; sufficiently seconded.

and the committee report was adopted and referred to the Committee on Ways and Means.

(Speaker Norelli in the Chair)

**BILLS REMOVED FROM CONSENT CALENDAR OF 2-20-13****SPECIAL ORDER**

**HB 471**, establishing a commission to study dual enrollment programs. **INEXPEDIENT TO LEGISLATE.**

Rep. June M. Frazer for Education: The committee agreed that dual enrollment programs are already widespread in New Hampshire; hence, no legislation is needed to promote this practice. Vote 18-0.  
Rep. Kris Roberts spoke against.

Rep. Frazer spoke in favor.

On a division vote, 299 members having voted in the affirmative and 41 in the negative, the committee report was adopted.

### **SPECIAL ORDER**

**HB 277**, relative to the oath required of public officers. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert J. Perry for Election Law: This bill would require that any person who violates their oath of office shall be removed from said office "by the authority responsible for the original appointment." The committee determined that this bill, if enacted, would be unenforceable as the determination of what constitutes a violation of one's oath is subjective, perhaps arbitrary, absent judicial review. For example, a perceived violation of a police officer's oath might be an officer who tickets one person but not another. Vote 17-0.

Rep. Hoell spoke against.

Rep. Perry spoke in favor.

Committee report adopted.

### **SPECIAL ORDER**

**HB 423-L**, relative to amending official ballot warrant articles. **INEXPEDIENT TO LEGISLATE.**

Rep. James P. Belanger for Municipal and County Government: This bill would prohibit amending a petitioned warrant article at a deliberative session in an official ballot (RSA40) municipality. This would not allow any modifications to the article when new information might change the amount or clarify the intent. If a town meeting has a petitioned article to pave a parking lot for \$30,000 and the intent is to pave only part of the total parking area, the amount might be different based on more recent quotes. This bill would prevent clarification and modifications to correct things. Once a petitioned warrant article is received and "warned" in the original language, it should be treated like any other warrant article at the deliberative session. Tying the hands of voters at deliberative session may reduce the already low attendance because voters will feel ineffective. Warrant articles at deliberative session should not be treated so differently than those at traditional town meetings. Vote 15-0.

Rep. Frederick Rice spoke against and yielded to questions.

Reps. Emerick and Hoell spoke against.

Rep. James Belanger spoke in favor and requested a roll call; sufficiently seconded.

and the committee report was adopted.

**BILLS REMOVED FROM THE CONSENT CALENDAR**

**HB 561-FN**, abolishing the department of cultural resources. **INEXPEDIENT TO LEGISLATE.** Rep. Lucy M. Weber for Executive Departments and Administration: This bill, in addition to abolishing the department of cultural resources, would transfer the division of libraries and the division of historical resources to the department of state and would transfer the film and television commission to the department of resources and economic development. There was overwhelming testimony that the relatively modest amounts expended on the department of cultural resources returns enormous benefits to the state. The department promotes programs which enrich the lives of our individual citizens, make the state a more desirable place to live, help artists and art organizations with marketing and business strategies, encourage tourism, enhance the revenue of other businesses and of the state and attract nearly a million dollars of federal grant money to the state. The secretary of state's office noted that they do not have staff qualified to absorb the two divisions proposed for transfer to them and gave their opinion that any savings would be negligible. The transfer would leave the two divisions without the capacity to attract and manage grants, which would, in turn, impact services. The committee members concluded that the current structure is working well and enhances not only quality of life, but business and state revenues. The state dollars spent are leveraged to provide greatly enhanced returns both to private businesses and through them, to the state as well. The committee members believe that the demonstrated benefits provided by the current structure greatly outweigh any potential short-term savings. Vote 17-0.

Rep. Weber spoke in favor.

Rep. Vaillancourt spoke against and requested a roll call; sufficiently seconded.

and the committee report was adopted.

**HB 479-FN-L**, relative to the creation and division of school districts. **INEXPEDIENT TO LEGISLATE.**

Rep. Beth R. Arsenault for Education: This bill would allow any group of ten residents to create its own school district with no consent from the school district or its residents. It further allows those residents to take their tax dollars with them. The new district could be exempt from state mandates and waive state funding. The committee was concerned that the new district could cherry-pick higher taxed properties to the detriment of the original district and could create uncertainty with school budgeting. Vote 18-0.

Rep. Hoell spoke against.

Rep. Arsenault spoke in favor.

Rep. Sylvia requested a roll call; sufficiently seconded.

 and the committee report was adopted.

**SPECIAL ORDERED**

Without objection, the Speaker made **SB 40-FN-L**, relative to distribution of education funds for fiscal year 2013, a special order as the next order of business.

**SPECIAL ORDER**

**SB 40-FN-L**, relative to distribution of education funds for fiscal year 2013. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Susan M. Ford for the Majority of Finance: This bill applies a fix to address a technical error by the department of education that caused school districts to rely on the wrong set of figures in creating their 2013 budgets. If we don't make this correction, many towns may have to go back and revote on a new budget and in many cases, assess higher taxes on citizens, in addition to the increase expected at town meetings for this year. By making this correction we will prevent confusion, delay, and a possible potential for higher tax bills for citizens in 77 of the towns in the state. Appropriations for adequate education grants were unchanged during the budget process for 2012-2013, so applying a hold harmless provision for 2013 will not require any additional appropriations. Appropriations for adequate grants were level funded for FY 2012 and FY 2013 during the budget process at approximately \$578.2 million. The department of education's current estimate of adequate education grants for FY 2013 is \$574.8 million. Therefore, the \$3.4 million additional cost of the proposed hold harmless grant can be absorbed within the existing appropriation for FY 2013. Vote 22-1.

Rep. Neal M. Kurk for the Minority of Finance: The department of education is responsible for the miscalculation that led to this bill. The miscalculation led districts to vote on their budgets in March assuming a higher amount of state adequacy funding than they will actually receive for the 2012-13 school year. The overall shortfall, some \$3.4 million, is less than one-half of one percent of total state adequacy funding. Seventy-seven districts are affected to a minor degree, although the shortfall is a significant percentage for a very small number of districts. In light of the state's projected general fund \$30 million deficit for the current biennium, and the increased demands for state services in the upcoming biennium, it would be prudent to use this money to minimize significant challenges for other programs in balancing the next budget.

Rep. Wallner requested a roll call; sufficiently seconded.

**HOUSE RESOLUTION 8**

A RESOLUTION affirming revenue estimates for fiscal years 2013, 2014, and 2015.

Whereas, the House Ways and Means Committee has considered what the unrestricted revenue estimates should be for fiscal years 2013, 2014, 2015 and has presented those estimates to the House of Representatives;

Resolved by the House of Representatives:

That the House wishes to go on record as affirming the following revenue estimates for fiscal years 2013, 2014, and 2015.

Committee estimates are based on current rates.

Rep. Almy moved Ought to Pass, spoke in favor and yielded to questions.

Rep. Hess spoke against and yielded to questions.

### LAID ON THE TABLE

Rep. Almy moved that **HR 8**, affirming revenue estimates for fiscal years 2013, 2014, and 2015, be laid on the table.

Adopted.

### RESOLUTION

Rep. Shurtleff offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, March 13, 2013 at 10:00 a.m.

Adopted.

### LATE SESSION

#### Third reading and final passage

**HB 327-FN**, relative to payment of attorneys' fees for indigent parents in termination of parental rights cases.

**HB 253**, relative to limitations on sales by nano breweries for consumption on the premises.

**HB 142**, relative to teacher evaluation systems.

**HB 180**, relative to the definitions of "student athlete" and "student sports" for the management of concussion and head injury.

**HB 519**, requiring the division of higher education to develop a policy on academic credit for a student's military occupation, military training, coursework, and experience.

**HB 206**, relative to political advertising.

**HB 308**, relative to technical changes to election laws.

**HB 521**, establishing a committee to study New Hampshire election laws and procedures.

**HB 372**, relative to state agency telecommunications services.

**HB 558**, relative to disclosure of information regarding charitable solicitations.

**HB 252**, consolidating the property appraisal division and the municipal services division of the department of revenue administration.

**HB 254-FN-A**, abolishing certain positions in the liquor commission.

**HB 394-FN**, relative to transfer of funds by the liquor commission.

**HB 293**, relative to the adverse events reporting system.

**HB 228**, relative to insurance fraud.

**HB 413**, relative to property abandoned by tenants.

**HB 426**, relative to payment of costs and fees in guardianship cases.

**HB 440**, relative to new hire reports to the department of employment security.

**HB 428**, relative to funds for dam maintenance, removal and improvement.

**HCR 1**, urging Congress to fund the development and implementation of a comprehensive health care delivery system to enhance the level of specialty care for New Hampshire's veterans.

**HB 282**, relative to mixed use school buses, relative to licensing and criminal records of driver education instructors, and relative to background checks for department of safety employees.

**HB 383**, relative to operation of OHRVs on the traveled portion of public highways, where permitted.

**HB 444**, establishing a committee to study the use of autonomous vehicles in New Hampshire.

**HB 488-FN**, changing the definition of "cigarette" under the tobacco tax to match the definition of "cigarette" under the Master Settlement Agreement.

**HB 520**, establishing a committee to study implementing Keno in New Hampshire.  
**SB 40-FN-L**, relative to distribution of education funds for fiscal year 2013.

**UNANIMOUS CONSENT**

Reps. Vail and Enman addressed the House.

**SPECIAL ORDERED**

Without objection, the Speaker ordered the remainder of bills on today's calendar to be made Special Orders for the next Session day in their Regular Calendar order.

**RECESS MOTION**

Rep. Shurtleff moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.  
Adopted.

The House recessed at 6:00 p.m.

**RECESS**

**(Speaker Norelli in the Chair)**

Rep. Kaen moved that the House adjourn.  
Adopted.

## HOUSE JOURNAL No. 10

Wednesday, March 13, 2013

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

God of light and truth, as the sun illuminates this city and the longer days lift our spirits, illuminate our work this day. Lift our spirits and raise our hopes. Elevate our trust in the future and in one another. Reveal to us the good and just paths to take and remove all self-interest from us that the collective good might be our greatest concern. Enlighten the places of our fear and mistrust, that we might see one another as You see us; flawed for sure, but filled as well with abiding hopes, unshared talents and worthy dreams. Help us to honor the power You have entrusted to us and to use it wisely and without favor, falsehood or malice. Put our concern for well-being above our concern for wealth, our concern for people above our concern for profits and our concern for the vulnerable above our concern for special interests. May our work today reflect a spirit of justice and generosity and may it be said of us at the end of the day that what we said and decided here made a real and positive difference in helping New Hampshire strive toward a better future for all. Bless every person here, especially those who are ill or suffering. Amen.

Representative Elisabeth Sanders, member from Danville, led the Pledge of Allegiance.

The National Anthem was sung by the member from Alton, Representative Jane Cormier.

### LEAVES OF ABSENCE

Reps. Bishop, Cote, John Kelley, Priestly, Rowe and James Webb, the day, illness.

Reps. Azarian, Burtis, Dobson, Richard Eaton, Garrity, Ketel, Kolodziej, Luther, Menear, Mellow, Mullen, Murotake, Oligny, Palangas, Schlachman, Stephen Schmidt, Kathleen Souza, Tamburello and Watrous, the day, important business.

### INTRODUCTION OF GUESTS

Dante Scarlotto, Dominique Hopkinson and Gary Fujioka, son, daughter and guest of Rep. Scarlotto. Tracy Johnson, daughter of Rep. Jane Johnson. Fourth grade students from Bow Elementary School, guests of the Merrimack District 23 Delegation. Fourth grade students from Donderro Elementary School, guests of the Portsmouth Delegation.

Jeff Brown and Ginger Gates of Pembroke Academy and Jamison Finnamore of Monadnock Regional High School, Pages for the day.

### CONSENT CALENDAR

Rep. Gary Richardson moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

**HB 389**, relative to discovery in misdemeanor and violation cases, removed by Rep. James Belanger.

**HB 679**, relative to renovations to the vocational technical center at Alvirne high school, removed by Rep. Christiansen.

**HB 189**, repealing the commission to study water infrastructure sustainability funding, removed by Rep. Kappler.

**HB 527**, repealing the exotic aquatic weeds and species committee, removed by Rep. Kappler.

**HB 549**, establishing a committee to study a constitutional amendment to prevent dedicated funding for a specific purpose from being diverted from that purpose, removed by Rep. Bixby.

Consent Calendar adopted.

**HB 433**, relative to procedures for juvenile delinquency petitions filed by a school district or school official and establishing a committee to study the children in need of services (CHINS) program.

### OUGHT TO PASS WITH AMENDMENT.

Rep. Patrick T. Long for Children and Family Law: This bill clarifies for school resource officers (SRO's) and school districts their specific responsibilities prior to filing a juvenile delinquency

petition. The bill also clarifies that the child has had the opportunity to resolve their issue through normalized approaches. (Programs designed to help the child without court oversight). The amendment removes the study committee and more clearly defines the petitioner's responsibility. Vote 15-0.

#### **Amendment (0566h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to procedures for juvenile delinquency petitions filed by a school district or school official.

Amend RSA 169-B:6, IV as inserted by section 2 of the bill by replacing it with the following:

IV. When a school official, including school resource officers assigned to a school district pursuant to a contract agreement with the local police department, or a local police department as a result of a report made by a school official or school resource officer, files a petition involving a minor with a disability pursuant to RSA 186-C, upon submission of a juvenile petition, but prior to the child's initial appearance the legally liable school district shall provide assurance that prior to its filing:

(a) It was determined whether or not the child is a child with a disability according to RSA 186-C:2, I.

(b) If the school district has determined that the child is a child with a disability, a manifestation review pursuant to 20 U.S.C. section 1415(k)(1)(E) occurred.

(c) If the child's conduct was determined to be a manifestation of the child's disability, the school district followed the process set forth in 20 U.S.C. section 1415(k)(1)(F).

(d) It has reviewed for appropriateness the minor's current individualized education program (IEP), behavior intervention plan, and placement, and has made modifications where appropriate.

Amend the bill by replacing all after section 2 with the following:

3 Effective Date. This act shall take effect January 1, 2014.

#### **AMENDED ANALYSIS**

This bill provides that, unless an incident presents a serious threat to school safety, the school district shall attempt to resolve the issue through available educational interventions before filing a juvenile delinquency petition.

**HB 470**, establishing a task force to determine the effects of the recession on child and family programs. **INEXPEDIENT TO LEGISLATE.**

Rep. Carolyn M. Gargas for Children and Family Law: This bill would establish yet another task force to study family-related issues. There is a similar narrower bill in the Health and Human Services committee, HB 557. At the suggestion of the Chair of the Health and Humans Services committee, this bill is recommended Inexpedient to Legislate and the issues raised in both bills will be examined by the Health and Human Services Oversight Committee. The committee believes this is a better approach than establishing another body to study over-lapping issues. Vote 16-0.

**HB 604**, relative to alimony. **INEXPEDIENT TO LEGISLATE.**

Rep. Daniel C. Itse for Children and Family Law: The proposed change to RSA 458:9 was based upon one known instance. The committee agreed that while the current statute has not fully achieved its intent, that the proposed change may not either. The appropriate correction, whether legislative or administrative, will likely become apparent after a planned discussion with the judiciary. Vote 16-0.

**HB 278**, relative to voluntary installation of fire suppression sprinklers. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John B. Hunt for Commerce and Consumer Affairs: As amended, if a developer of a subdivision is willing to put in sprinklers in a proposed subdivision, he or she must include sprinklers in their initial proposal to be allowed as a requirement for approval. Hopefully this will insure that sprinklers will not be used as a bargaining chip. Vote 18-0.

#### **Amendment (0790h)**

Amend the bill by replacing sections 1 and 2 with the following:

1 Subdivision of Land; Sprinklers. Amend RSA 674:36, IV to read as follows:

IV. The planning board shall not require, or adopt any regulation requiring, the installation of a fire suppression sprinkler system in proposed one- or 2-family residences as a condition of approval for a local permit. Nothing in this paragraph shall prohibit a duly adopted regulation mandating a

cistern, dry hydrant, fire pond, or other credible water source other than a fire suppression sprinkler system. ***Nothing in this paragraph shall prevent an applicant from including the installation of fire suppression sprinkler systems in proposed one- or 2-family residences and, if the application is otherwise approved, the installation of such systems shall be required and shall be enforceable as a condition of the approval.***

2 Building Code; Sprinklers. Amend RSA 674:51, V to read as follows:

V. No municipality or local land use board as defined in RSA 672:7 shall adopt any ordinance, regulation, code, or administrative practice requiring the installation of automatic fire suppression sprinklers in any new or existing detached one- or 2-family dwelling unit in a structure used only for residential purposes. Notwithstanding any provision of law to the contrary, no municipality or local land use board shall enforce any existing ordinance, regulation, code, or administrative practice requiring the installation or use of automatic fire suppression sprinklers in any manufactured housing unit as defined in RSA 674:31 situated in a manufactured housing park as defined in RSA 205-A:1, II. ***Nothing in this paragraph shall affect the ability of an applicant for a local land use permit to include the installation of fire suppression sprinklers pursuant to RSA 674:36, IV, or affect the validity or enforceability of such inclusion.***

**HB 355**, establishing a committee to study the feasibility of cities and towns transferring insurance under the Patient Protection and Affordable Care Act. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura M. Jones for Commerce and Consumer Affairs: The duties of the committee established by this bill would include determining whether there is an economic benefit to the municipalities to use the insurance under the Act. The committee had two concerns with this bill. First, municipalities are large employers and so the Patient Protection and Affordable Care Act does not apply to them. Second, we have no idea what the plans or premiums will be on the exchange, therefore, at this point in time there is nothing to compare. Maybe in the future this type of study committee would be helpful. Vote 16-1.

**HB 356**, establishing a committee to study the feasibility of the state transferring insurance under the Patient Protection and Affordable Care Act. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura M. Jones for Commerce and Consumer Affairs: The duties of this committee would include determining whether there is an economic benefit to the state to use the insurance covered under the Act. The committee had two concerns with this bill. First, the state is a large employer and so the Patient Protection and Affordable Care Act does not apply to it. Second, we have no idea what the plans or premiums will be on the exchange, therefore, at this point in time there is nothing to compare. Maybe in the future this type of study committee would be helpful. Vote 16-1.

**HB 367**, relative to the municipal bond bank reserve process. **OUGHT TO PASS.**

Rep. Jill S. Hammond for Commerce and Consumer Affairs: This bill clarifies the process for appropriation requests by the New Hampshire municipal bond bank in the event of a shortfall in a bond reserve fund, and also expands the terms under which governmental units may sell their bonds or notes to the New Hampshire municipal bond bank. It brings greater flexibility and timeliness to the bank's functions of aggregating and marketing bonds for local government entities, which it has been doing for over 30 years. This bill is supported by the state treasurer and the municipal association, among others. Vote 17-0.

**HB 386**, establishing a committee to study streamlining inspections and licensing of businesses. **INEXPEDIENT TO LEGISLATE.**

Rep. Donna L. Schlachman for Commerce and Consumer Affairs: The sponsor's expressed desire in filing this bill was to help new and existing businesses navigate the processes involved with business regulation in the state and chose to begin with inspections and licensing. The legislature has taken up similar concerns in the past and the state has made a number of specific changes across all state agencies to increase transparency and streamline processes. Considerable state investment in an effort, known as New Hampshire One-Stop and some of its feature are already available. Other features are being phased in with the goal of small businesses being able to do all their filings and licensing on line. New Hampshire One-Stop is expected to save the state and businesses time and money. In addition, the division of economic development already has a considerable list of on-line resources to help business start-ups navigate the state at different stages of need. Vote 17-0.

**HB 400**, relative to funding agreements issued by life insurance companies. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Kermit R. Williams for Commerce and Consumer Affairs: This bill is a request of the insurance department. HB 400 establishes a new chapter in Title XXXVII, Insurance Statutes, RSA 408-E, that enables life insurers to issue funding agreements. While funding agreements are not a life insurance or annuity product, because life insurers issuing them are subject to the jurisdiction of the insurance department, the department and the industry requested that this insurer business expansion be regulated by the insurance department. Funding agreements enable the accumulation of funds by insurers for payment to the holder not based on morbidity or mortality. The bill delineates permissible holders of funding agreements, the allocation of monies received by the insurer to one or more separate accounts, and the necessary reserve requirements to be maintained by insurers. Vote 17-2.

**Amendment (0574h)**

Amend RSA 408-E:2, I as inserted by section 1 of the bill by replacing it with the following:

I. "Funding agreement" means an agreement issued by a life insurance company, not based on mortality or morbidity, providing for the accumulation of funds by the insurer for the purpose of making one or more payments to the holder, where the initial premium paid is \$1,000,000 or more. Except as provided in this chapter, a "funding agreement" does not constitute life insurance or an annuity and does not constitute a security, as defined by RSA 421-B:2, XX.

Amend the bill by deleting section 2 and renumbering the original section 3 to read as 2.

**HB 401**, relative to property and casualty insurers under the risk-based capital law. **OUGHT TO PASS.**

Rep. Emily C. Sandblade for Commerce and Consumer Affairs: When a property or casualty insurance company's capitalization is below three times its risk-based capital, and if the trend in the company's capital is downward over time, this bill requires the insurance company to file a plan with the state's insurance commissioner detailing how it is going to reverse the trend. The insurance commissioner then monitors the company's progress toward regaining sufficient capitalization and/or intervenes to try to maintain adequate insurer solvency. Vote 17-0.

**HB 457**, establishing a committee to study eliminating and combining liquor licenses. **INEXPEDIENT TO LEGISLATE.**

Rep. John B. Hunt for Commerce and Consumer Affairs: The issues of the varied liquor licenses has been discussed and studied several times in the past few years. Recently we passed legislation to allow the liquor commission to give out licenses without new legislation for every different variation of business that come forward. So at this time, a study committee is not necessary. Vote 18-1.

**HB 489-FN**, relative to the New Hampshire medical malpractice joint underwriting association. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jill S. Hammond for Commerce and Consumer Affairs: This bill, at the request of the insurance department, establishes the New Hampshire medical malpractice joint underwriting association act. The New Hampshire medical malpractice joint underwriting association (the "JUA" as it has been known) was set up about 30 years ago in response to a need for competitively priced malpractice insurance for doctors having trouble finding such in our small state. It has been operating under the insurance department rules structure, and had accumulated a significant reserve fund. When there was an attempt to tap those funds for general fund budget purposes a few years ago, suit was brought that led to a NH supreme court decision that all funds belonged to the JUA, and not the state. The need, which this bill satisfies, is to clearly establish the JUA in statute, as a non-profit organization fulfilling the role of providing medical malpractice insurance to eligible risks (doctors), establishing its board of directors, delineating its powers and duties, and directing how it shall dispose of any future surplus, without adversely affecting the voluntary market. Additionally, the JUA's officials are indemnified by the state against civil action, as are similar state agencies such as the Pease development authority. Vote 18-0.

**Amendment (0670h)**

Amend RSA 404-I:6 as inserted by section 2 of the bill by replacing it with the following:

404-I:6 Board of Directors.

I. The board of directors of the association shall consist of 7 voting representatives as follows:

(a) An insurer which is a member of the New Hampshire Association of Domestic Insurance Companies, appointed by such association with notice to the commissioner.

(b) A health care provider which is a member of the New Hampshire Medical Society, appointed by the society with notice to the commissioner.

(c) A health care provider which is a member of the New Hampshire Hospital Association, appointed by the association with notice to the commissioner.

(d) A member insurer of the association, appointed by the commissioner.

(e) A health care provider who is not a member of the New Hampshire Medical Society or a member of the New Hampshire Hospital Association, appointed by the commissioner.

(f) Two representatives of the public who are not members of any of the groups in (a) through (e), appointed by the commissioner.

II. The board of directors of the association shall continue to consist of the members of the board appointed under administrative rules until the expiration of each board member's term or the resignation of the board member, whichever first occurs. Board members may be appointed for additional terms in accordance with the plan of operation adopted under this chapter.

III. Notwithstanding RSA 91-A or any other law to the contrary, members of the board shall be permitted to participate in meetings by telephone, provided that any board member so participating shall be able to be heard and to hear every other board member participating in the meeting, and unless the board is meeting in nonpublic session pursuant to RSA 91-A:3, shall be able to hear and be heard by all members of the public attending the meeting, and that the meeting is held at a physical location available to the public and identified in the notice of the meeting, and that at least 2 members of the association are physically present at the meeting. Voting members of the board participating by telephone shall be treated as present at the meeting for all purposes, including the establishment of quorum.

Amend RSA 404-I:7, XV as inserted by section 2 of the bill by replacing it with the following:

XV. Reimburse any servicing facility for obligations of the association paid by the facility and for expenses incurred by the facility while adjudicating claims on behalf of the association and pay the other expenses of the association authorized by this chapter.

Amend RSA 404-I:8, VI(k) as inserted by section 2 of the bill by replacing it with the following:

(k) Establish procedures to keep records of all transactions of the association as well as financial reports to be completed in accordance with statutory accounting practices and procedures. Amend the introductory paragraph of RSA 404-I:9, I as inserted by section 2 of the bill by replacing it with the following:

I. Upon a determination by the board that the anticipated liabilities of the association for policies written will exceed the general assets of the association, the board may recommend to the commissioner an assessment upon one, all, or any combination of the following persons:

Amend RSA 404-I:11, I as inserted by section 2 of the bill by replacing it with the following:

I. The association shall be exempt from payment of all taxes levied by this state or any of its subdivisions except taxes levied on real or personal property and is intended to be exempt from federal tax.

Amend RSA 404-I:12 as inserted by section 2 of the bill by replacing it with the following:

404-I:12 Surplus.

I. The board shall have exclusive authority to direct the use of surplus funds of the association in accordance with this chapter, subject only to the commissioner's regulatory authority to ensure the association acts in compliance with this chapter and insurance law. Neither the commissioner, the legislature, nor any other state agency, officer, or official shall have the authority to direct the application of surplus funds of the association as such rights rest solely with the board.

II. At the sole discretion of the board, any surplus shall be applied only in any one or more of the following ways:

(a) Held to reduce future assessments against policyholders, health care providers, and member insurers;

(b) Held to reduce potential future rate increases provided that the application of surplus to reduce rate increases does not result in interference by the association with the voluntary market; or

(c) Used to provide grants in aid to health care providers servicing medically underserved populations.

III. Policyholders shall not have nor shall acquire any vested right or entitlement to the surplus of the association.

Amend RSA 404-I as inserted by section 2 of the bill by inserting after RSA 404-I:15 the following new section:

**404-I:16 Tax Reserve Fund**

I. A reserve fund of \$25,000,000 shall be segregated by the association for the payment of any federal tax liability arising from the excess premiums paid and that has or shall be returned to policyholders in accordance with a court approved plan of allocation in the action in the Merrimack County Superior Court, docket no. 217-2010-CV-00414.

II. The association, the insurance commissioner, or designee, and a representative of the association's policyholders, designated by the president of the New Hampshire Medical Society, shall jointly approach the United States Internal Revenue Service to obtain a closing agreement, or its equivalent, determining whether the association has any federal tax liability arising from the return of premium to policyholders.

III. No later than 30 days after receipt of the closing agreement, or its equivalent, the NHMMJUA shall interplead, into the Merrimack County Superior Court docket no. 217-2010-CV-00414, for the purpose of adjudicating all policyholders' claims in accordance with the approved plan of allocation, any funds remaining in the \$25,000,000 reserve fund after satisfaction of any taxes owed.

IV. Funds that cannot be distributed to a policyholder in the court proceeding docket no. 217-2010-CV-00414, due to the inability to locate the policyholder after reasonable efforts, shall revert to the association to be used to provide grants in aid to health care providers servicing medically underserved populations.

Amend the bill by replacing all after section 2 with the following:

**3 Repeal.** The following are repealed:

I. RSA 404-C:14, relative to the New Hampshire Medical Malpractice Joint Underwriting Association.

II. RSA 404-I:16, relative to the tax reserve fund.

**4 Contingency.** Paragraph II of section 3 of this act shall take effect on the date upon which all moneys in the tax reserve fund have been disbursed in accordance with RSA 404-I:16 as inserted by section 2 of this act, as certified by the insurance commissioner to the secretary of state and the director of legislative services.

**5 Effective Date.**

I. Paragraph II of section 3 of this act shall take effect as provided in section 4 of this act.

II. The remainder of this act shall take effect upon its passage.

**HB 511-FN**, relative to insurance holding companies. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jill S. Hammond for Commerce and Consumer Affairs: This bill updates the law relative to insurance holding companies as necessary for accreditation from the national association insurance commissioners (NAIC), and is at the request of the insurance department. Increasingly in our national market, domestic insurance companies are being bought and held by international insurance holding companies. For state insurance departments to adequately assess the viability of such holding companies, cooperation through the NAIC becomes the best model. The commissioner may participate in supervisory colleges with other regulators, including other state, federal, and international regulatory agencies, to do such assessments. Vote 19-0.

**Amendment (0510h)**

Amend RSA 401-B:1, III as inserted by section 1 of the bill by replacing it with the following:

III. "Control" (including the terms "controlling", "controlled by" and "under common control with") means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or non-management services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, 10 percent or more of the voting securities of any other person. This presumption may be rebutted by a showing made in the manner provided by RSA 401-B:4, XI that control does not exist in fact. The commissioner may determine, after furnishing all persons in interest notice and opportunity to be heard and making specific findings of fact to support such determination, that control exists in fact, notwithstanding the absence of a presumption to that effect. Amend RSA 401-B:5, II-a and III as inserted by section 1 of the bill by renumbering them to read as III and IV.

Amend RSA 401-B:8, I as inserted by section 1 of the bill by replacing it with the following:

I. Documents, materials, or other information in the possession or control of the insurance department that are obtained by or disclosed to the commissioner or any other person in the course of an examination or investigation made pursuant to RSA 401-B:6 and all information reported pursuant to RSA 401-B:3, II(l) and (m), RSA 401-B:4, and RSA 401-B:5, shall be confidential by law and privileged shall not be subject to RSA 91-A, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action. However, the commissioner is authorized to use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as part of the commissioner's official duties. The commissioner shall not otherwise make the documents, materials or other information public without the prior written consent of the insurer to which it pertains unless the commissioner, after giving the insurer and its affiliates who would be affected thereby notice and opportunity to be heard, determines that the interests of policyholders, shareholders, or the public will be served by the publication thereof, in which event the commissioner may publish all or any part in such manner as may be deemed appropriate.

Amend RSA 401-B:8, III(d)(1) as inserted by section 1 of the bill by replacing it with the following:

(1) Specify procedures and protocols regarding the confidentiality and security of information shared with the NAIC and its affiliates and subsidiaries pursuant to this chapter, including procedures and protocols for sharing by the NAIC with other state, federal, or international regulators.

Amend RSA 401-B:8, III(d)(4) as inserted by section 1 of the bill by replacing it with the following:

(4) Require the NAIC and its affiliates and subsidiaries to consent to intervention by an insurer in any judicial or administrative action in which the NAIC and its affiliates and subsidiaries may be required to disclose confidential information about the insurer and shared with the NAIC and its affiliates and subsidiaries pursuant to this chapter.

**HB 526-FN**, relative to a reinsurance mechanism for the individual health insurance market. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Kermit R. Williams for Commerce and Consumer Affairs: New Hampshire currently operates two high-risk insurance pools providing subsidized individual health insurance for residents who have been denied coverage because of pre-existing conditions or other issues that limit their access to private coverage. The federal high-risk pool was created by the US department of health and human services, and is funded by federal grants. The state high-risk pool was created through RSA 404-G, and is funded by assessments on state health insurance companies. Both pools are operated by a non-profit organization, the New Hampshire Health Plan (NHHP). The patient protection and affordable care act, passed by Congress in 2010, requires health insurance companies to accept all applicants and offer the same rates regardless of pre-existing conditions, starting on January 1, 2014. This will allow current NHHP participants to obtain individual health insurance plans under the same rates, rules and subsidies as other New Hampshire residents. Because of these changes in insurance law, the high-risk pools are no longer necessary, and federal subsidies will cease at the end of this year. This bill directs the NHHP to notify participants that they should apply for health insurance under the rules created by the affordable care act, and wind down its operations and terminate its pool coverage by December 31, 2013. Vote 17-0.

**Amendment (0349h)**

Amend the title of the bill by replacing it with the following:

**AN ACT** relative to termination of activities and dissolution of the association created under RSA 404-G.

Amend the bill by replacing all after the enacting clause with the following:

I New Section; Termination of Activities and Dissolution. Amend RSA 404-G by inserting after section 10 the following new section:

404-G:11 Termination of Activities and Dissolution. Notwithstanding the provisions of RSA 404-G:1 – RSA 404-G:7, the association shall undertake the winding down and cessation of the risk sharing subsidy mechanism, the high risk pool and the federally qualified high risk pool, and the dissolution of the association, as follows:

I. The risk sharing subsidy mechanism described in RSA 404-G:5 shall cease. The final subsidies shall be determined based on calendar year 2013 experience and paid to eligible carriers in 2014.

II. The risk adjustment and subsidization established by the commissioner through Ins 1908 with respect to individual health policies to children under age 19 shall cease. The final subsidies shall be determined based on calendar year 2013 experience and disbursed in accordance with the association's disbursement plan as approved by the commissioner.

III. The high risk pool under RSA 404-G:5-b shall cease in accordance with the following:

(a) Health care coverage provided by the pool shall cease at the close of business on December 31, 2013;

(b) On or before November 1, 2013, the association, through the high risk pool administrator, shall notify all individuals currently enrolled in the pool of the year-end termination of coverage;

(c) The association may renew coverage for existing enrollees or enroll new individuals in the high risk pool until December 1, 2013; provided, that at the time of renewal or application, such enrollees are given notice that pool coverage will terminate on December 31, 2013;

(d) Insurance laws and regulations providing for guaranteed renewal and guaranteed premiums for a period of 12-months, and any similar insurance laws or regulations, shall not apply to the high risk pool to the extent that they are inconsistent with this section;

(e) No individual shall be eligible for coverage through the high risk pool on or after January 1, 2014; and

(f) The association may extend the contract of the existing high risk pool administrator without a competitive bidding process through the period of time required to wind down the operations of the high risk pool.

IV. Coverage under the federally qualified high risk pool described in RSA 404-G:5-g shall cease as of the close of business on December 31, 2013, and the pool shall dissolve in accordance with the Act and as directed by, and under the contract of the association with, the Secretary of the United States Department of Health and Human Services.

V. The board of directors of the association shall prepare and submit to the commissioner for approval within 60 days of the effective date of this section, a plan of termination which shall be an amendment to the plans of operation described in RSA 404-G:5 and RSA 404-G:5-a. The plan of termination shall provide for such administrative measures as are necessary or desirable to terminate the risk sharing subsidy mechanism, under 19 subsidy mechanism, high risk pool and federally qualified high risk pool, and such provisions shall not be inconsistent with this section.

VI. Following the cessation of coverage on December 31, 2013, the association shall take such actions as are necessary and desirable to wind down its affairs under this chapter in accordance with the plan of termination. The association shall retain all of its powers and duties, including, but not limited to, its power to establish and collect regular and special assessments under RSA 404-G:5 and RSA 404-G:5-a, and the immunity provided by RSA 404-G:9 and the bylaws of the association. Any excess funds remaining after the satisfaction of all of the association's liabilities shall be returned to the association's members in proportion to their respective liability for the last regular assessments imposed by the association.

VII. When the association has completed the winding down of its affairs under this chapter and satisfied in full all of its liabilities, then it shall submit to the commissioner for approval a plan of dissolution. Upon approval of the plan of dissolution, the association shall file a certificate of dissolution with the secretary of state, whereupon the association shall cease to exist.

2 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill establishes a procedure for the termination of activities and dissolution of the association created pursuant to RSA 404-G for the operation of the high risk pool.

**HB 559**, relative to the general banking laws of the state. **OUGHT TO PASS WITH AMENDMENT.** Rep. Jill S. Hammond for Commerce and Consumer Affairs: This bill, brought at the request of the banking department, defines "qualified institutions" and details how such institutions are to be audited and inspected. It also requires criminal background checks for persons seeking to form a financial institution. A section was removed in the original bill that would have required any federally-chartered financial institution filing a report of a security breach to its federal regulator to also send a copy to the state banking department; it was deemed a conflict of authority and not enforceable. Vote 19-0.

#### Amendment (0587h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Privileges Not Affected by Disclosure. Amend RSA 383 by inserting after section 10-f the following new section:

383:10-g Privileges Not Affected by Disclosure. Notwithstanding the exceptions to confidentiality in RSA 383:10-b, the submission of any information to any federal banking agency, state banking department, or foreign banking authority for any purpose in the course of any supervisory or regulatory process shall not be construed as waiving, destroying, or otherwise affecting any privilege such person may claim with regard to any information under federal or state law as to any person other than such agency, department, or authority.

2 Annual Audits. Amend RSA 384:43 to read as follows:

384:43 Annual Audits.

I. The board of trustees or directors of every financial institution~~[-except credit unions,]~~ under the supervision of the bank commissioner *and subject to the exemptions in RSA 384:43-a*, shall ~~[employ]~~ *engage* a certified public accountant ~~[or public accountant]~~, at least annually, to serve as its auditor. *Each financial institution shall give written notice to the bank commissioner of its engagement of an auditor at the time of its engagement and shall require its auditor to confirm the engagement in writing to the commissioner within 30 days of such engagement. Each financial institution shall give written notice to the bank commissioner of the termination of the engagement of an auditor at the time of such termination and shall require the auditor to confirm the termination in writing to the commissioner within 30 days of such termination.*

II. ~~[The auditors selected in]~~ *Any auditor engaged pursuant to* paragraph I, shall examine the books, accounts, and operating systems of the institution in such a manner as in ~~[their]~~ *his or her* judgment will result in an audit that is in agreement with generally accepted accounting standards.

III. ~~[Institutions subject to this section may satisfy the requirements of paragraphs I and II by:~~

(a) Engaging an independent external accounting firm which renders an audit report and opinion consistent with the duties of the auditor described in paragraph II; or

(b) Employing an internal audit staff which conducts a continuing internal audit program; provided an independent external auditor reviews the internal audit procedures and reports to the board annually; or

(c) Entering into an arrangement with the bank commissioner, approved by the directors by duly recorded vote and by the commissioner in writing, under which the commissioner makes one examination each year of the affairs of the institution. The expense of such examination shall be chargeable to and paid by the institution. The procedure for such payment shall be the same as for payments by institutions for cost of examinations under RSA 383:11. Sums collected under this section shall be payable to the state treasurer as restricted revenue and credited to the appropriation for the bank commissioner. Any such arrangement may be terminated by either party upon at least 30 days notice in writing.

~~IV.]~~ Each financial institution shall direct its auditor to provide, *and the auditor shall provide*, the bank commissioner with a copy of its audit report, within 60 days after each is made available to the financial institution. ~~[Reports on the review of internal audit program shall be submitted in a format prescribed by the commissioner in a rule adopted pursuant to RSA 541-A:.]~~ All such reports, memoranda, and correspondence remain the property of the individual financial institution.

~~[V.]~~ IV. The bank commissioner shall, in the course of his *or her* regular official examination of the institution and at such other times that he *or she* considers advisable, review and analyze the work and reports of such accountants and auditors. *The auditors shall provide the commissioner with such work and reports as the commissioner may reasonably request provided such request is limited to matters that relate to the safety and soundness of the institution.* If the commissioner determines that any audit is inadequate or substantially violates the provisions of this section, he *or she* shall report his *or her* findings with instructions in writing to the trustees or directors, who shall, within 30 days after receiving such report, cause the institution to comply with the report and instructions.

3 New Section; Exemption to Annual Audit Requirement. Amend RSA 384 by inserting after section 43 the following new section:

384:43-a Exemption to Annual Audit Requirement.

I. The commissioner may exempt a financial institution from the annual audit requirement of RSA 384:43 if the institution demonstrates that:

(a) It can maintain its safety and soundness without the audit;

(b) The cost of an audit would be an undue financial burden on the institution; and

(c) It has an alternate audit arrangement in place that will assure the commissioner that its financial statements are true and accurate.

II. The commissioner may revoke any exemption granted if, in his or her judgment, the safety and soundness of the exempt institution requires it.

4 Preliminary Audit. Amend RSA 394-B:41 to read as follows:

394-B:41 Preliminary Audit. *If the commissioner grants a credit union an exemption to the external audit requirement under RSA 354:43-a, the credit union's* supervisory committee shall at least semi-annually conduct or cause to be conducted an audit of the books and records and an examination of the business and affairs of the credit union~~[-or, with the approval of the bank commissioner, the credit union may engage an independent professional auditor to conduct such an audit and examination at least annually]~~. The supervisory committee ~~[or such independent professional auditor]~~ shall conduct a thorough audit of receipts, disbursements, assets, and liabilities. The supervisory committee ~~[or such independent professional auditor]~~ shall conduct verification not less than every 2 years.

5 Election; Oath. Amend RSA 384:5 to read as follows:

384:5 Election; Oath.

I. Officers, directors, ~~[and]~~ trustees, *and managers in the case of a limited liability company* shall be elected *or appointed* as frequently as the charter or bylaws of the bank or savings association may require, but not less than once every 3 years~~[-and they shall hold office until others are elected and qualified]~~.

II. All officers, directors, ~~[and]~~ trustees, *and managers in the case of a limited liability company* upon election *or appointment*, shall be sworn to the faithful discharge of their duties~~[-except that they shall be required to take an oath of office only on the first occasion of their election or appointment and shall not be required to take any such oath thereafter]~~.

6 Organization. Amend RSA 392:14 to read as follows:

392:14 Organization. The organizers shall adopt bylaws which may be incorporated in an operating agreement if the company is a limited liability company, and shall also elect, or cause to be elected, such directors or managers and officers as may be required by the organizational instrument or bylaws. All directors, managers, and officers so elected shall be sworn to the faithful performance of their duties *in accordance with RSA 384:5*. A temporary clerk or secretary shall make and attest a record of the proceedings until the clerk or secretary has been chosen and sworn, including a record of such choice and qualification.

7 Oath. Amend RSA 394-B:30 to read as follows:

394-B:30 Oath. All directors, ~~[and]~~ *all members of the* supervisory ~~[and]~~ *or* credit committees, ~~[as well as]~~ *and* all officers ~~[whom such directors may elect]~~ *upon their election or appointment and at each re-election or re-appointment*, shall be sworn to the faithful performance of their duties. A record of every such qualification shall be filed and preserved with the records of the corporation.

8 Duties; Commissioner. Amend RSA 383:9 to read as follows:

383:9 Duties.

I. The commissioner shall have general supervision of all banks (except national banks), trust companies, building and loan associations, credit unions, Morris plan banks, small loan companies, and other similar institutions in the state. *Except as provided in RSA 383:9-d, he or she* shall examine into the condition and management of all such institutions ~~[at least]~~ every 18 months ~~[with the exception of highly rated institutions provided for in RSA 383:9-d]~~, and more often when necessary in his *or her* judgment or when so directed by the governor. ~~[He]~~ *The commissioner* may regulate the buying or selling of securities by ~~[savings]~~ banks for officers, employees, or customers. He *or she* shall assign to the deputy commissioner and the assistants appointed under RSA 383:7 such of his *or her* duties as he *or she* sees fit. *In accordance with RSA 383:9-d, qualified institutions under RSA 383:9-a may be examined less often, but at no time shall the commissioner examine the condition and management of any institution less than every 36 months.*

II. ~~[The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the duties assigned him by paragraph I.]~~ *The commissioner may conduct an examination at any location of the institution's operations, including any place where assets are located or where records are made, posted, or kept. The commissioner shall have the power to conduct such an examination outside the state of New Hampshire and outside the United States and its territories.*

III. *The commissioner may adopt rules, pursuant to RSA 541-A, relative to the duties assigned to him or her by this section.*

9 Examination of Qualified Institutions; Nondepository Trust Companies. Amend RSA 383:9-d to read as follows:

383:9-d Examination of [~~Highly-Rated~~] *Qualified* Institutions; Nondepository Trust Companies.

I. [~~The bank commissioner may, at his or her discretion, waive one 18-month examination requirement under RSA 383:9 every 6 years for institutions which have consistently been given high ratings in past examinations. The commissioner may also substitute for an 18-month examination once every 6 years a report of a federal institution examining agency whose reports regularly include a report on New Hampshire institutions.~~] Within any 6-year period in which 4 18-month examinations are required under RSA 383:9, the commissioner may for [~~highly-rated~~] institution *qualified under paragraph II*:

(a) Waive one examination;

(b) Substitute for one examination a report of a federal bank examining agency whose reports regularly include a report on New Hampshire banks; and

(c) Perform 2 examinations as required by 383:9.

II. *An institution qualifies for examination treatment under paragraphs I and III if:*

(a) *It has consistently been given high ratings in past exams;*

(b) *It is not currently subject to an enforcement proceeding or order; and*

(c) *The commissioner has deemed it prudent to apply this provision.*

III. The commissioner may, at his or her sole discretion, upon the written request of a [~~highly-rated~~] nondepository trust company *qualified under paragraph II*, satisfy the examination requirement of RSA 383:9, including modifications under paragraph I, for such trust company through an off-premises examination of:

(a) An audit report satisfying the requirements of RSA 384:43, I and II if it is prepared in accordance with RSA 384:43[~~III(a) and (b)~~], and a fiduciary audit conforming to applicable generally accepted auditing standards; and

(b) Such other records and information of the institution as may be required by the commissioner.

10 New Sections; Affiliates of Institutions; Nondepositions; Criminal History Records Check. Amend RSA 383 by inserting after section 9-h the following new sections:

383:9-i Affiliates of Institutions.

I. For purposes of this section, "affiliate" shall have the same meaning as in the Federal Reserve Act, 12 U.S.C. section 371c(b), and the regulations adopted thereunder.

II. In the course of conducting any examination, special examination, investigation, or visitation of any institution under RSA 383:9, the commissioner shall, subject to the limitations of federal law, have the jurisdiction and power to examine any affiliate of such institution. Such an examination is limited to those issues which, in the determination of the commissioner, affect the safe and sound operation of the institution and the relationship between the institution and the affiliate.

383:9-j Nondepository Financial Institutions; Criminal History Records Check.

I. The department may complete a background investigation and criminal history records check on the person or group of persons acting in concert who acquire directly or indirectly 10 percent or more of the beneficial ownership or control of the voting shares of a nondepository financial institution, new officers, and directors and any person in a similar position or performing similar functions. If the acquirer is a subsidiary, the department may complete a background investigation and criminal history records check on the individuals who are the indirect owners, as defined in RSA 397-A:1, VIII-a.

II. If required by the department, the persons described in paragraph I shall submit to the department a notarized criminal history records release form, as provided by the New Hampshire department of safety, division of state police, which authorizes the release of the person's criminal records, if any. The person shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee of the banking department. In the event that the first set of fingerprints is invalid due to insufficient pattern, a second set of fingerprints is necessary in order to complete the criminal history records check. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the department may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where the person has lived during the past 5 years.

III. The department shall submit the criminal history records release form to the division of state police which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the background investigation, the division of

state police shall release copies of the criminal conviction records to the department. The department shall maintain the confidentiality of all criminal history records information received pursuant to this paragraph.

IV. The department may require the incorporators to pay the actual costs of each background investigation and criminal history records check.

11 Reports of Proscribed Activity. Amend RSA 384:36 to read as follows:

384:36 Reports of Proscribed Activity. Institutions subject to this chapter shall file with the bank commissioner copies of reports required by the provisions of section 208.62 of the Federal Reserve Board's Regulation H (12 C.F.R. *section* 208.62), Federal Deposit Insurance Corporation regulations part 353 (12 C.F.R. *section* 353.1 et seq.), ~~and~~ National Credit Union Administration regulations section ~~[Part]~~ 748.1(c) (12 C.F.R. *section* 748.1(c)), *and the Department of the Treasury, Financial Crimes Enforcement Networks' Regulations, (31 C.F.R. chapter X)* as may be amended from time to time. Reports required by this section shall be filed with the bank commissioner at the same time such reports are filed with the institution's federal regulators. A financial institution subject to this section, and any director, officer, employee, or agent of such financial institution, that files a report pursuant to this section shall be protected from liability for any disclosure contained therein. All reports filed with the commissioner under this section shall be confidential and shall not be subject to subpoena or to the requirements of RSA 91-A, except that the commissioner shall provide copies of such reports upon request to the New Hampshire department of justice, criminal bureau.

12 Petition; Trust Companies; Criminal History Records Check. RSA 392:5, III is repealed and reenacted to read as follows:

III.(a) The department may complete a background investigation and criminal history records check on the petitioner's organizers, officers, and directors or managers, and any person in a similar position or performing similar functions. The department may also complete a background investigation and criminal history records check on any person, including an individual, that owns, beneficially owns, has the right to vote, or has the power to sell or direct the sale of 10 percent or more of the petitioner. If the petitioner is a subsidiary, the department may complete a background investigation and criminal history records check on the individuals who are the indirect owners, as defined in RSA 397-A:1, VIII-a.

(b) If required by the department, the persons described in subparagraph (a) shall submit to the department a notarized criminal history records release form, as provided by the New Hampshire department of safety, division of state police, which authorizes the release of the person's criminal records, if any. The person shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee of the banking department. In the event that the first set of fingerprints is invalid due to insufficient pattern, a second set of fingerprints is necessary in order to complete the criminal history records check. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the department may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where the person has lived during the past 5 years.

(c) The department shall submit the criminal history records release form to the division of state police which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the background investigation, the division of state police shall release copies of the criminal conviction records to the department. The department shall maintain the confidentiality of all criminal history records information received pursuant to this paragraph.

(d) The department may require the petitioner to pay the actual costs of each background investigation and criminal history records check.

IV. The failure of a petitioner to furnish required information, data, other material, or the required fee within 30 days after a request may be considered an abandonment of the petition.

13 Petition; Banks' Criminal History Records Check. RSA 386-A:4, II is repealed and reenacted to read as follows:

II.(a) The department may complete a background investigation and criminal history records check on the petitioner's organizers, officers, and directors, trustees, or managers and any person in a similar position or performing similar functions. The department may also complete a background investigation and criminal history records check on any person, including an individual, that owns, beneficially owns, has the right to vote, or has the power to sell or direct the sale of 10 percent or

more of the petitioner. If the petitioner is a subsidiary, the department may complete a background investigation and criminal history records check on the individuals who are the indirect owners, as defined in RSA 397-A:1, VIII-a.

(b) If required by the department, the persons described in subparagraph (a) shall submit to the department a notarized criminal history records release form, as provided by the New Hampshire department of safety, division of state police, which authorizes the release of the person's criminal records, if any. The person shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee of the banking department. In the event that the first set of fingerprints is invalid due to insufficient pattern, a second set of fingerprints is necessary in order to complete the criminal history records check. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the department may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where the person has lived during the past 5 years.

(c) The department shall submit the criminal history records release form to the division of state police which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the background investigation, the division of state police shall release copies of the criminal conviction records to the department. The department shall maintain the confidentiality of all criminal history records information received pursuant to this paragraph.

(d) The department may require the petitioner to pay the actual costs of each background investigation and criminal history records check.

III. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the petition required by paragraph I.

14 New Section; Savings Associations; Criminal History Records Check. Amend RSA 393 by inserting after section 1-b the following new section:

393:1-c Savings Associations; Criminal History Records Check.

I. The department may complete a background investigation and criminal history records check on the incorporators, officers and directors, and any person in a similar position or performing similar functions. The department may also complete a background investigation and criminal history records check on any person, including an individual, that owns, beneficially owns, has the right to vote, or has the power to sell or direct the sale of 10 percent or more of the petitioner. If the petitioner is a subsidiary, the department may complete a background investigation and criminal history records check on the individuals who are the indirect owners, as defined in RSA 397-A:1, VIII-a.

II. If required by the department, the persons described in paragraph I shall submit to the department a notarized criminal history records release form, as provided by the New Hampshire department of safety, division of state police, which authorizes the release of the person's criminal records, if any. The person shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee of the banking department. In the event that the first set of fingerprints is invalid due to insufficient pattern, a second set of fingerprints is necessary in order to complete the criminal history records check. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the department may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where the person has lived during the past 5 years.

III. The department shall submit the criminal history records release form to the division of state police which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the background investigation, the division of state police shall release copies of the criminal conviction records to the department. The department shall maintain the confidentiality of all criminal history records information received pursuant to this paragraph.

IV. The department may require the incorporators to pay the actual costs of each background investigation and criminal history records check.

15 New Section; Credit Unions. Amend RSA 394-B by inserting after section 4 the following new section:

394-B:4-a Credit Unions; Criminal History Records Check.

I. The department may complete a background investigation and criminal history records check on the persons seeking to form a credit union, the proposed officers and directors of the credit union, and any person in a similar position or performing similar functions.

II. If required by the department, the persons described in paragraph I shall submit to the department a notarized criminal history records release form, as provided by the New Hampshire department of safety, division of state police, which authorizes the release of the person's criminal records, if any. The person shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee of the banking department. In the event that the first set of fingerprints is invalid due to insufficient pattern, a second set of fingerprints is necessary in order to complete the criminal history records check. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the department may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where the person has lived during the past 5 years.

III. The department shall submit the criminal history records release form to the division of state police which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the background investigation, the division of state police shall release copies of the criminal conviction records to the department. The department shall maintain the confidentiality of all criminal history records information received pursuant to this paragraph.

IV. The department may require the incorporators to pay the actual costs of each background investigation and criminal history records check.

16 Credit Unions; Use of Funds. Amend RSA 394-B:16, I-II to read as follows:

I. It may deposit its money in any corporate credit union whose shares and deposits are insured by the National Credit Union Administration or other qualified share and deposit insurance fund deemed acceptable by the bank commissioner, and may deposit its money in any cooperative bank, building and loan association, savings bank, trust company, federal savings and loan association, or national bank in New England that is **federally** insured [~~by either the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation~~].

II. It may invest up to the insured amount in any cooperative bank, building and loan association, savings bank, trust company, federal savings and loan association, or national bank in the United States, [~~which~~] **that is federally** insured [~~by either the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation~~].

17 New Section; Merchant Banks; Criminal History Records Check. Amend RSA 392-A by inserting after section 6 the following new section:

392-A:6-a Merchant Bank; Criminal History Records Check.

I. The department may complete a background investigation and criminal history records check on the person or group of persons acting in concert who acquire directly or indirectly 10 percent or more of the beneficial ownership or control of the voting shares, new officers, and directors and any person in a similar position or performing similar functions. If the acquirer is a subsidiary, the department may complete a background investigation and criminal history records check on the individuals who are the indirect owners, as defined in RSA 397-A:1, VIII-a.

II. If required by the department, the persons described in paragraph I shall submit to the department a notarized criminal history records release form, as provided by the New Hampshire department of safety, division of state police, which authorizes the release of the person's criminal records, if any. The person shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee of the banking department. In the event that the first set of fingerprints is invalid due to insufficient pattern, a second set of fingerprints is necessary in order to complete the criminal history records check. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the department may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where the person has lived during the past 5 years.

III. The department shall submit the criminal history records release form to the division of state police which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the background investigation, the division of state police shall release copies of the criminal conviction records to the department. The department shall maintain the confidentiality of all criminal history records information received pursuant to this paragraph.

IV. The department may require the incorporators to pay the actual costs of each background investigation and criminal history records check.

18 Effective Date. This act shall take effect 60 days after its passage.

**HB 560**, repealing the board of trust company incorporation. **OUGHT TO PASS.**

Rep. Frederick C. Rice for Commerce and Consumer Affairs: The board of trust company incorporation is a superfluous body which no longer performs any useful function and meets only because of its legislative requirement to do so. Its duties are being performed by the banking commissioner. Vote 17-0.

**HB 640**, relative to the standard valuation law. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Emily C. Sandblade for Commerce and Consumer Affairs: This bill is a request of the insurance department. The bill readopts with amendment RSA 410 standard valuation with the latest National Association of Insurance Commissioners (NAIC) model language required for insurance department accreditation with the NAIC. The language of the bill modernizes uniform national standards for the valuation of life insurance and annuity policies. The new model language replaces static formulas used to calculate risks with a principles-based approach that allows insurers to calculate statutory reserves and capital using more complex actuarial modeling, simulation and their own experience and data to better quantify those risks and capture the various risks inherent in establishing adequate reserves. The insurance department will continue to evaluate insurer's principles-based approaches to maintain the valuation quality. The bill also contains the adoption of a valuation manual that provides insurers with specific guidance for each product to make sure life insurers are holding the correct amount in reserve to meet their obligations to policyholders. And, the bill amends existing RSA 409-A standard nonforfeiture law for life insurance, to align that law with the new standard valuation criteria. Vote 19-0.

#### **Amendment (0656h)**

Amend RSA 410:3, I(a) as inserted by section 1 of the bill by replacing it with the following:

(a) The insurance commissioner shall annually value, or cause to be valued, the reserve liabilities (hereinafter called reserves) for all outstanding life insurance policies and annuity and pure endowment contracts of every life insurance company doing business in this state, except that in the case of an alien company, such valuation shall be limited to its United States business, issued on or after April 7, 1943 and prior to the operative date of the valuation manual. In calculating reserves, the commissioner may use group methods and approximate averages for fractions of a year or otherwise. In lieu of the valuation of the reserves required of a foreign or alien company, the commissioner may accept any valuation made, or caused to be made, by the insurance supervisory official of any state or other jurisdiction when the valuation complies with the minimum standard provided in this chapter.

Amend the introductory paragraph of RSA 410:5 as inserted by section 1 of the bill by replacing it with the following:

410:5 Computation of Minimum Standards. Except as provided in paragraphs I and II and RSA 410:14, the minimum standard for the valuation of policies and contracts issued prior to April 7, 1943, except group annuity and pure endowment contracts, shall be that provided by the laws in effect immediately prior to that date. Except as provided in RSA 410:6 and RSA 410:7, the minimum standard for the valuation of group annuity and pure endowment contracts issued prior to April 7, 1943, shall be that provided by the laws in effect immediately prior to such date except that the interest rate specified shall be 5 percent per annum for all such contracts. Except as otherwise provided in RSA 410:6, RSA 410:7, and RSA 410:14 the minimum standard for the valuation of all policies and contracts issued on or after April 7, 1943, shall be the commissioners reserve valuation methods defined in RSA 410:8, RSA 410:9, RSA 410:12 and RSA 410:14, 5 percent interest for group annuity and pure endowment contracts and 3 ½ percent interest for all other such policies and contracts, or in the case of life insurance policies and contracts, other than annuity and pure endowment contracts, issued on or after September 1, 1943, 4 percent interest for policies issued prior to August 1, 1979, 5 ½ percent interest for single premium life insurance policies and 4 ½ percent interest for all other policies issued on or after August 1, 1979 and the following tables:

Amend RSA 410:18, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) All documents, materials and other information, including, but not limited to, all working papers, and copies thereof, created, produced or obtained by or disclosed to the commissioner or any other person in the course of an examination made under RSA 410:15, VI; provided, however, that if an examination report or other material prepared in connection with an examination made under RSA 410:15, VI is not held as private and confidential information under RSA 400-A:37, an

examination report or other material prepared in connection with an examination made under RSA 410:15, VI shall not be "confidential information" to the same extent as if such examination report or other material had been prepared under RSA 400-A:37;

Amend RSA 410:18, I(e) as inserted by section 1 of the bill by replacing it with the following:

(e) Any documents, materials, data, and other information submitted by a company under RSA 410:17, collectively, "experience data," and any other documents, materials, data, and other information, including, but not limited to, all working papers, and copies thereof, created or produced in connection with such experience data, in each case that include any potentially company-identifying or personally identifiable information, that is provided to or obtained by the commissioner (together with any "experience data," the "experience materials") and any other documents, materials, data, and other information, including, but not limited to, all working papers, and copies thereof, created, produced or obtained by or disclosed to the commissioner or any other person in connection with such experience materials.

Amend the bill by replacing all after section 1 with the following:

2 New Section; Standard Forfeiture Law for Life Insurance; Definition. Amend RSA 409 by inserting after section 1 the following new section:

409:1-a Definition. In this chapter, "operative date of the valuation manual" means the January 1 of the first calendar year that the valuation manual as defined in RSA 410:2, XII is effective.

3 Standard Forfeiture Law for Life Insurance; Adjusted Premium After Later Dates. Amend RSA 409:5-b, VIII(f) and (g) to read as follows:

(f)(1) *For policies issued prior to the operative date of the valuation manual*, any *commissioner's standard* ordinary mortality tables, adopted after 1980 by the National Association of Insurance Commissioners, that are approved by rule adopted by the commissioner pursuant to RSA 541-A for use in determining the minimum nonforfeiture standard may be substituted for the Commissioner's 1980 Standard Ordinary Mortality Table with or without Ten-Year Select Mortality Factors or for the Commissioner's 1980 Extended Term Insurance Table.

(2) *For policies issued on or after the operative date of the valuation manual*, the *valuation manual shall provide the Standard Ordinary Mortality Table for use in determining the minimum nonforfeiture standard that may be substituted for the Commissioners 1980 Standard Ordinary Mortality Table with or without Ten-Year Select Mortality Factors or for the Commissioners 1980 Extended Term Insurance Table. If the commissioner approves by regulation any Commissioner's Standard Ordinary Mortality Table adopted by the National Association of Insurance Commissioners for use in determining the minimum nonforfeiture standard for policies issued on or after the operative date of the valuation manual then that minimum nonforfeiture standard supersedes the minimum nonforfeiture standard provided by the valuation manual.*

(g)(1) *For policies issued prior to the operative date of the valuation manual*, any *commissioner's standard* industrial mortality tables, adopted after 1980 by the National Association of Insurance Commissioners, that are approved by rule adopted by the commissioner pursuant to RSA 541-A for use in determining the minimum nonforfeiture standard may be substituted for the Commissioner's 1961 Standard Industrial Mortality Table or the Commissioner's 1961 Industrial Extended Term Insurance Table.

(2) *For policies issued on or after the operative date of the valuation manual the valuation manual shall provide the Commissioner's Standard Mortality Table for use in determining the minimum nonforfeiture standard that may be substituted for the Commissioners 1961 Standard Industrial Mortality Table or the Commissioners 1961 Industrial Extended Term Insurance Table. If the commissioner approves by regulation any Commissioner's Standard Industrial Mortality Table adopted by the National Association of Insurance Commissioners for use in determining the minimum nonforfeiture standard for policies issued on or after the operative date of the valuation manual then that minimum nonforfeiture standard supersedes the minimum nonforfeiture standard provided by the valuation manual.*

4 Standard Forfeiture Law for Life Insurance; Adjusted Premium After Later Dates. Amend RSA 409:5-b, IX to read as follows:

IX. *The nonforfeiture interest rate is defined below:*

(1) *For policies issued prior to the operative date of the valuation manual*, the nonforfeiture interest rate per annum for any policy issued in a particular calendar year shall be equal to 125 percent of the calendar year statutory valuation interest rate for such policy as defined in RSA 410 rounded to the nearer 1/4 of one percent.

*(2) For policies issued on or after the operative date of the valuation manual the nonforfeiture interest rate per annum for any policy issued in a particular calendar year shall be provided by the valuation manual.*

5 Effective Date. This act shall take effect January 1, 2014.

**HB 209**, relative to the relinquishment of firearms as a condition of bail. **INEXPEDIENT TO LEGISLATE.**

Rep. Andrew S. O'Hearne for Criminal Justice and Public Safety: This bill was reviewed in a subcommittee which found no compelling arguments to support it. The subcommittee also determined that this bill was an over reach into the judicial discretion of judges. Vote 18-0.

**HB 396**, establishing a committee to study requiring safety training or instruction prior to the purchase or acquisition of a firearm. **INEXPEDIENT TO LEGISLATE.**

Rep. Kyle J. Tasker for Criminal Justice and Public Safety: Although well intentioned, safety instruction for any potentially dangerous device, be it lawn darts or a BB gun, should be provided by parents. It is not within the scope of this committee to study requiring training for non-firearm related items, nor would meaningful legislation come of it. Vote 18-0.

**HB 407**, relative to the penalty for making a false statement in a criminal complaint. **INEXPEDIENT TO LEGISLATE.**

Rep. Delmar D. Burridge for Criminal Justice and Public Safety: This bill will limit prosecutorial discretion in situations of false swearing. It is preferable to allow prosecutors broad discretion in these cases rather than limiting it. Moreover, the charging decision is more appropriately an executive branch function, not one that should be limited by legislation. To the extent that this language putting an officer on notice that a false statement on a complaint may result in criminal prosecution is appropriate. It should remain broad. This bill will make it unnecessarily narrow. It is unclear how this change will make the existing statute any better. Moreover, the existing statute provides that a false statement on a criminal complaint may result in criminal prosecution. There is insufficient reason to specifically restrict the offense to be charged. Therefore, this change is unnecessary and may introduce confusion into the area of law. Vote 18-2.

**HB 431-FN**, relative to witness tampering. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura C. Pantelakos for Criminal Justice and Public Safety: The committee agreed with the sponsors and those who testified that this bill is unworkable. Vote 20-0.

**HB 447**, relative to annulment of criminal records. **INEXPEDIENT TO LEGISLATE.**

Rep. Geoffrey D. Hirsch for Criminal Justice and Public Safety: The bill would require the sentencing court to annul the criminal records of a person convicted of certain offenses without petition or hearing. The committee believes that seeking a petition or hearing to annul a criminal record is an appropriate responsibility to the person. Requiring the court to automatically annul records without a hearing or petition would create an expensive recordkeeping burden on the courts. Further, many on the committee believe that current annulment statutes are sufficient. Vote 17-0.

**HB 450-FN**, relative to the annulment of criminal records. **OUGHT TO PASS.**

Rep. Delmar D. Burridge for Criminal Justice and Public Safety: This bill requires that records of annulled arrests, convictions, and sentences be sealed and requires the state police criminal records unit to remove an annulled criminal record upon payment of the required fee. Testimony in support came from the department of safety and a retired probation supervisor with 30 years experience from Portsmouth, New Hampshire. Vote 17-0.

**HB 502**, relative to protection of persons from domestic violence. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert R. Cushing for Criminal Justice and Public Safety: This bill prohibits a law enforcement officer from arresting an abuser unless the officer witnesses the abuse or the victim goes to the court to file a criminal complaint against their abuser. This bill changes New Hampshire's "presumptive arrest" policy which states that an officer should arrest an abuser in cases where he/she has probable cause to believe that a person has committed abuse. This bill changes "should" to "may." If this bill becomes law, an officer who is called to a scene and sees a victim with visible injuries could not arrest the abuser on the spot. The committee feels this bill would undermine protections for victims of domestic violence and recommends the bill be inexpedient to legislate. This bill was opposed by

victims of domestic violence, the New Hampshire coalition against domestic and sexual violence and its 14 member programs, the attorney general, the department of safety, and many other law enforcement agencies. Vote 20-0.

**HB 503**, relative to arrests for domestic violence. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert R. Cushing for Criminal Justice and Public Safety: This prohibits a law enforcement officer from arresting an abuser unless the victim files (or has previously filed) a criminal complaint. If this bill passes, even if the officer has witnessed the abuse he or she cannot make an arrest without a warrant. In addition, the bill takes away law enforcement's ability to arrest for a violation of a stalking or domestic violence protective order until the victim has filed a criminal complaint with the court. The bill also repeals the current directive to, officers to use all means within reason to prevent further abuse, including but not limited to removing deadly weapons from the possession of the alleged abuser, transporting the victim and their children to a safe place, assisting the victims in removing personal items from the home, and giving the victims notice of the rights and remedies available to them under the law. The committee believes the current law protects victims of domestic violence and should not be changed. This bill was opposed by victims of domestic violence, the New Hampshire coalition against domestic and sexual violence and their 14 member programs, the attorney general, the department of safety, and many other law enforcement agencies. Vote 20-0.

**HB 504**, relative to official oppression. **INEXPEDIENT TO LEGISLATE.**

Rep. Philip E. Ginsburg for Criminal Justice and Public Safety: Existing law makes it a misdemeanor for a public servant to use his office to commit an unauthorized act for his own benefit. (The law uses the masculine pronouns.) This bill would in addition make it a violation for a public servant to commit such an act without benefit to him/her, or to refrain from performing a duty imposed on him/her by law. The committee concluded that the bill mostly duplicates the existing law, and where it does not, would be difficult to prosecute, particularly in proving a negative. In addition the committee heard testimony that the present law, along with complaints to the department of justice office of public integrity, was sufficient to deal with such offenses, rendering the addition needless. And, though they were not decisive, the bill's grammatical problems, while reflecting a laudable attempt at gender neutrality, did not militate in its favor. Vote 19-1.

**HB 609**, relative to possession of a firearm on school property. **INEXPEDIENT TO LEGISLATE.**

Rep. Geoffrey D. Hirsch for Criminal Justice and Public Safety: This bill mandates that school districts submit warrant articles to their districts' legislative body regarding whether or not school employees carry concealed firearms while on school property. This mandate erodes local control as schools already have ways to institute protective measures without legislative mandates. Police chiefs, school boards, principals and teacher associations are all opposed to this bill. The committee unanimously agrees with their concerns. Vote 18-0.

**HB 616-FN**, relative to the enforcement of false swearing and perjury in official matters. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura C. Pantelakos for Criminal Justice and Public Safety: The committee felt this bill was very confusing particularly because it leaves open the question, "Who would arrest who?" The committee believes that there are sufficient laws on the books that cover abuse of prosecutorial discretion. Vote 19-1.

**CACR 6**, relating to education. Providing that the legislature shall have the power to authorize schools. **INEXPEDIENT TO LEGISLATE.**

Rep. Barbara E. Shaw for Education: This bill changes the language of current law that provides that the legislature have the power to authorize political subdivisions to establish schools under their control. However, the legislature would be the sole authority to determine the funding for these subdivisions. These two principals contradict, as the current law created by the legislature determines adequate education rights for each child and its funding. This change would be counter-productive to current law. Vote 16-2.

**HB 300**, requiring postsecondary education institutions to compile and submit reports on remedial education courses. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert F. Willette for Education: This bill mandates post-secondary institutions of education to submit a many-element report regarding their remedial education. After in-depth consideration based on testimony to the committee from state education officials and schools of post-secondary

education regarding HB 300, the committee has determined that to mandate HB 300 would create a burden and a red-tape task for post-secondary schools and the department of education, to provide extraneous data that may not be useful due to information that is already available to secondary schools of education. Vote 18-0.

**HB 317-FN**, relative to verification of school district membership data. **INEXPEDIENT TO LEGISLATE.**

Rep. Mel Myler for Education: This bill would provide for the verification of school district membership (student count). However, on review of the department of education's process for accounting student attendance, the committee felt the process was complete. There are about 200,000 students in our K-12 public schools. Last year, there were 104 students in questionable status. Of those students, 30 were "full time equated" (FTE). The committee felt no further legislation was needed at this time. Vote 19-0.

**HB 553**, establishing New Hampshire anti-bullying day. **INEXPEDIENT TO LEGISLATE.**

Rep. Mary J. Gorman for Education: This bill requires the governor to proclaim the second Wednesday in November as NH Anti-Bullying Day. Strafford Middle School students have established a Kids Against Bullying Club (KAB) and approached their representative to present this bill. The committee supports an ITL motion for the following reasons. Bullying is already a high profile topic. New Hampshire has enacted a strict anti-bullying law and it is working. There is nothing to prevent the KAB Club from reaching out to other schools, organizations and businesses to develop activities, etc. to raise awareness of bullying and its consequences. The legislature cannot mandate the governor to proclaim an Anti-Bullying Day. However, the KAB Club can approach the prime sponsor to request a proclamation from the governor acknowledging their efforts to combat bullying. Vote 18-0.

**HB 629-FN**, relative to designation as a high performance school for the purpose of qualifying for additional school building aid grants. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Rick M. Ladd for Education: This bill, as amended, addresses two changes within the school building aid statute. First, when rewriting the building aid statute in the last session, the following once included language was excluded: "funds received from trusts, bequests, gifts or insurance policies shall not be eligible for computing grants (building aid) hereunder." Proposed language in this bill reinstates the sentence with changes: "Funds received from charitable trusts, bequests, gifts, insurance policies, federal grants or grants from other state programs shall not be eligible for computing grants hereunder." The reason for stating "charitable" trusts is because some school districts do create various expendable trusts with tax money, often from end of year surplus that they use at a later date. It has always been understood that trusts derived from tax dollars are eligible, but it is good to clarify the point. Secondly, the remaining change occurring in this bill inserts another criterion to be considered by the DOE when receiving building aid proposals/ applications, and that change is: "School security design and integration of security systems." Although we do not want new or renovated schools looking like jails, we should consider security design and security systems in all future school construction. Vote 18-1.

**Amendment (0701h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to the criteria for approving and calculating school building aid grants.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; School Building Aid; Amount of Grant. Amend RSA 198:15-b, I(a)(2) by inserting after subparagraph (D) the following new subparagraph:

(E) Funds received from charitable trusts, bequests, gifts, insurance policies, federal grants, or grants from other state programs shall not be considered in computing grants under this paragraph.

2 School Building Aid; Approval of Plans. Amend RSA 198:15-c, II(b)(7) to read as follows:

(7) *School security design and integration of security systems.*

(8) Any other criteria that the state board of education may determine are necessary.

3 Effective Date. This act shall take effect 60 days after its passage.

**AMENDED ANALYSIS**

This bill provides that funds received from charitable trusts, bequests, gifts, insurance policies, federal grants, or grants from other state programs shall not be considered in computing school building aid grants. The bill also adds an additional criterion based on school security for the approval of school building plans.

**HB 631-FN-L**, requiring school boards to establish a policy allowing parents to send their children to an out-of-district school. **INEXPEDIENT TO LEGISLATE.**

Rep. Mary J. Gorman for Education: This bill allows parents to enroll their child in a school outside of the district where the child resides. The parents would also receive 50% of the statewide average cost per public school pupil as calculated by the department of education. This bill violates the tenet of public education as a public good. Public dollars are diverted to private control with no accountability for their use. This is a back door voucher bill which may be used to support religious schools. This breaches the wall of separation of church from state and violates Article 83 of the NH Constitution. Vote 20-0.

**HB 643-FN**, establishing a science, technology, engineering, and mathematics scholars program. **INEXPEDIENT TO LEGISLATE.**

Rep. Andrew R. Schmidt for Education: This bill, while noble in intent, presents some problems. First of all, the scholarships are based upon academic major rather than merit and/or financial need. Second, the bill gives improper preference to one area of study over all others. The committee also felt that our limited resources would be best applied to the university system as a whole rather than to students in a specific area of study. Finally, the bill presents administration problems due to its forfeiture and repayment provisions. Vote 20-0.

**HB 680**, relative to attending a public school or public academy outside of the school district in which the pupil resides. **INEXPEDIENT TO LEGISLATE.**

Rep. Ralph G. Boehm for Education: This bill would allow students to attend schools outside their district. This is already in law. School districts must specify a tuition rate for their schools if an outside district student is accepted. School districts already have policies in place to allow for this. This bill also states that school districts must specify how many seats are available. This is not possible, as for the most part, this is not known until the school years starts. Special education costs may also be a hindrance, as the sending, or resident school district is financially responsible. Vote 19-0.

**HB 183**, relative to processing absentee ballots. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Evelyn M. Connor for Election Law: This bill, as amended, would enable the processing of previously received absentee ballots two hours after the opening of the polls. Current law requires that such processing shall begin at 1:00 p.m. The committee believes that greater flexibility is desirable. Vote 17-0.

#### Amendment (0460h)

Amend the bill by replacing section 1 with the following:

1 Processing Absentee Ballots. Amend RSA 659:49 to read as follows:

659:49 Processing Absentee Ballots.

[E:] Processing of previously received absentee ballots shall **not** begin ~~[at 1:00 p.m.]~~ **earlier than 2 hours after the opening of the polls.** The processing of the absentee ballots shall not unnecessarily interfere with normal voting procedures, nor shall the polls be closed ~~[at any time during the]~~ **for the purpose of** processing of such ballots. Absentee ballots which are received after ~~[1:00 p.m.]~~ **the polls open** and prior to 5:00 p.m. ~~[shall]~~ **may** be processed as soon after receipt as possible. Under no circumstances shall absentee ~~[ballots]~~ **ballot votes** be counted prior to the closing of the polls.

~~[H:] Notwithstanding the provisions of paragraph I, upon the written challenges of 10 or more voters who are present at the polls no later than 1:00 p.m., the moderator shall postpone the processing of all absentee ballots until after the polls close and prior to the counting of all ballots cast in the election.]~~

**HB 248**, establishing a committee to study implementation of early processing of absentee ballots at state elections. **INEXPEDIENT TO LEGISLATE.**

Rep. Mary Ann Knowles for Election Law: This bill would establish a committee to study implementation of early processing of absentee ballots at state elections. The committee has dealt with much of the process in another bill. The committee also has concerns about the provision in this bill that would consider the "feasibility of processing absentee ballots prior to Election Day." Such a provision would open the process to potential unintended consequences, and could result in ballot security issues. Vote 17-0.

**HB 265**, relative to procedures by absentee voters. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Dick Marston for Election Law: This bill, as amended, will allow an absentee voter to authorize a family member or caregiver to deliver their ballot to their city or town clerk.

This is an alternate, common sense procedure requiring completion by the voter of an authorization identifying the family member or caregiver on the back of the return envelope. If the absentee ballot is delivered by a family member or caregiver, the clerk shall refuse to accept the ballot unless the delivery authorization on the return envelope is fully completed. Vote 17-0.

#### Amendment (0437h)

Amend the bill by replacing all after the enacting clause with the following:

1 Absentee Voting Materials; Return Envelope. Amend RSA 657:7, III to read as follows:

III. Return envelopes of size sufficient to contain the preceding envelope addressed to the town and city clerks of the state in which absentee voters shall return their ballots. On the envelopes shall be printed "Enclosed is the ballot of an absentee voter" and, at the top thereof, 4 blank spaces with the words "Name, Voting Address, Ward, Town or City" appropriately printed thereon. ***On the back of the return envelope shall be printed or stamped the following:***

***If you are having a family member or caregiver deliver this envelope to the city or town clerk, you must complete the following:***

***I, \_\_\_\_\_, hereby authorize \_\_\_\_\_, who is my \_\_\_\_\_ (state relationship of voter to person delivering the envelope) to deliver this envelope containing my absentee ballot to the city or town clerk. I understand that I must fully complete this authorization for the delivery of my ballot by such person to be valid and for the ballot so delivered to be counted.***

***(Signature)***

2 Absentee Voting; Procedure by Voter; Procedure by Clerk. Amend RSA 657:17 and RSA 657:18 to read as follows:

657:17 Procedure by Voter. After marking the ballot, the voter or the person assisting a blind voter shall enclose and seal the same in an inner envelope. The voter shall execute the affidavit. The voter or the person assisting the blind voter shall enclose and seal the inner envelope with the affidavit in an outer envelope. The voter shall then endorse on the outer envelope his or her name, address, and voting place and shall mail the envelope, affixing postage, or personally deliver it to the city or town clerk from whom it was sent. ***Alternatively, the voter may authorize a member of his or her family or the voter's caregiver to deliver the envelope to the city or town clerk by completing the authorization on the back of the return envelope.***

657:18 Procedure by Clerk. Upon receipt of an outer envelope purporting to contain an official absentee voting ballot, the clerk of the city or town shall attach thereto the application for an absentee ballot submitted by said voter and record the information pursuant to RSA 657:15. All such envelopes shall be preserved unopened until election day. ***If the absentee ballot is delivered by a family member or caregiver, the clerk shall refuse to accept the ballot unless the delivery authorization on the return envelope is fully completed.***

3 Effective Date. This act shall take effect 60 days after its passage.

#### **HB 352**, relative to sending checklists to the state archives. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Evelyn M. Connor for Election Law: This bill, as amended, extends the deadline for supervisors of the checklist, and the corresponding officers in cities, to get marked checklists to the state archives from 60 days after the election to 90 days, after inputting the information in the statewide centralized voter database. Vote 17-0.

#### Amendment (0087h)

Amend the bill by replacing section 1 with the following:

1 Checklists to Archives. Amend RSA 659:102 to read as follows:

659:102 Preservation of Checklists. ~~[No later than the fourth Friday after]~~ ***Within 90 days of the closing of the polls for*** each regular state general election, and for each presidential primary election, the supervisors of the checklist in the towns, and the corresponding officers in the cities, shall send one of the marked checklists which were used in that election, certified by the officers, to the state archives. In addition, if directed by the secretary of state, they shall send one of the unmarked checklists which were used in the state general election at which a president was elected to the clerk of the federal district court for the district of New Hampshire. One marked copy of every checklist used in any election shall be turned over to the town or city clerk by the supervisors. The clerk shall preserve such checklists in his or her custody for a public record for a period set forth in RSA 33-A:3-a.

**HB 380-FN**, requiring disclosure of gifts and campaign contributions by lobbyists. **INEXPEDIENT TO LEGISLATE.**

Rep. Evelyn M. Connor for Election Law: This bill would require political committees and candidates filing campaign receipt and expenditure reports under RSA 664 to include a separate itemized list of donations from lobbyists. Currently, political candidates and political committees are required to itemize all receipts of contributions over \$25. Any listing which exceeds an individual's aggregate total of \$100 shall be accompanied by the contributor's occupation including official job title, the name of the contributor's employer and the city or town of the contributor's principal place of business. While the committee is fully in favor of transparency it regards such a requirement as a duplication of effort, and questions how such a requirement would work in practice. Vote 15-0.

**HB 412-FN**, relative to absentee voter applicant information. **INEXPEDIENT TO LEGISLATE.**

Rep. Mary Ann Knowles for Election Law: This bill would allow candidates for state or federal elections to obtain voter applicant information from either the secretary of state or the city or town clerk. The committee heard testimony from the New Hampshire City and Town Clerks' Association opposing the bill. They feared that unintended consequences could occur with electronic dissemination of this data. Those voters who request absentee ballots would have no idea about whether or not their names and information would be disseminated indiscriminately, and that they might be targeted for large volumes of calls and mail. The deputy secretary of state testified that there would not be an effective means of policing. Vote 17-0.

**HB 579**, establishing an independent legislative redistricting commission. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary B. Richardson for Election Law: This bill would establish an independent legislative redistricting commission. Although the idea of removing politics from the redistricting process sounds appealing, it is difficult to achieve and the bill has several technical problems. More importantly, Part 2, Article 9 of the New Hampshire constitution grants the legislature authority to "make an apportionment of representatives according to the last general census." Although it could be argued that it would be permissible for the legislature to delegate that authority, the committee felt that such a delegation would amount to abdication of our responsibilities. Based on the evidence presented to the committee, in those states that have adopted redistricting commissions, most, if not all, have done so by constitutional amendment. Vote 17-0.

**HB 234**, relative to occupational and professional boards and commissions procedures concerning military service and occupational experience or training. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Mary S. Nelson for Executive Departments and Administration: The bill, as amended, consolidates existing language contained in several different existing licensing statutes. This consolidation clarifies and facilitates licensing for members of the military and their spouses. Vote 20-0.

**Amendment (0633h)**

Amend the bill by replacing section 1 with the following:

1 Occupations and Professions; Military Training or Experience; Spouses. RSA 332-G:7 is repealed and reenacted to read as follows:

332-G:7 Military Service; Occupational Experience or Training; Spouses.

I. Each of the boards or commissions established in this title shall, upon presentation of satisfactory evidence with an application for licensure, certification, or registration, accept education, training, or service completed by an individual as a member of the armed forces, as defined in defined in RSA 21:50, II, toward the qualifications required to receive the license, certificate, or registration in question.

II. Notwithstanding any general or special law to the contrary, upon the request of a licensee or registration or certificate holder who is a member of any reserve component of the armed forces of the United States or the national guard and is called to active duty, the corresponding board or commission shall place the person's license registration, or certificate on inactive status. The license registration, or certificate may be reactivated within one year of the person's release from active status by payment of the renewal fee and with proof of completion of the most current continuing education requirement, if any, unless still within the renewal period.

III. Notwithstanding any general or special law to the contrary, each of the boards or commissions under this title authorized to conduct licensure, certification, or registration, and examinations

therefor, shall upon the presentation of satisfactory evidence by an applicant before the board or commission, facilitate the issuance of a license or certification for a person: (i) who is certified or licensed in a state other than New Hampshire; (ii) whose spouse is a member of the armed forces in the United States; (iii) whose spouse is the subject of a military transfer to New Hampshire; and (iv) who left employment to accompany a spouse to New Hampshire. The procedure shall include, but not be limited to, facilitating the issuance of a license, certificate, or registration if, in the opinion of the board or commission, the requirements for licensure, certification, or registration of such other state are substantially equivalent to the requirements for licensure, certification, or registration in New Hampshire.

IV. Every board or commission under this title shall adopt rules under RSA 541-A for:

(a) What constitutes military education, training, or service acceptable for the specific regulated occupation or profession, as required under paragraph I.

(b) The procedures and notice required for the inactive status of licenses, certificates, or registrations under paragraph II.

(c) Procedures for facilitating issuance of licenses, certificates, or registrations for a spouse of a member of the armed forces as required in paragraph III.

#### AMENDED ANALYSIS

This bill requires boards and commissions granting licenses, certificates, or registrations to credit acceptable military education, training, or service to grant inactive status of licenses, certificates, or registrations during active military service; and to facilitate the issuance of licenses, certificates, or registrations for a spouse of a member of the armed forces.

**HB 334-FN**, requiring pharmacy interns to register with the pharmacy board. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter B Schmidt for Executive Departments and Administration: This bill recognizes the responsibility of the pharmacy board with regard to maintaining the greatest possible control over access to prescription drugs and to prevent diversion thereof as much as possible. This oversight would be enhanced, the committee believes, by registering pharmacy interns. Vote 20-0.

#### Amendment (0625h)

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 Definition Added; Pharmacy Intern. Amend RSA 318:1, XI-a to read as follows:

XI-a. *"Pharmacy intern" means a person who is registered by the board pursuant to RSA 318:15-b and:*

*(a) Is enrolled in a professional degree program of a school or college of pharmacy that has been approved by the board and is satisfactorily progressing toward meeting the requirements for licensure as a pharmacist starting no earlier than 4 months prior to the third year of study; or*

*(b) Is a graduate of an approved professional degree program of a school or college of pharmacy or is a graduate who has established educational equivalency by obtaining a Foreign Pharmacy Graduate Examination Committee (FPGEC) Certificate, who is currently licensed by the board of pharmacy for the purpose of obtaining practical experience as a requirement for licensure as a pharmacist; or*

*(c) Is a qualified applicant awaiting examination for licensure or meeting board requirements for re-licensure; or*

*(d) Is participating in a residency or fellowship program.*

XI-b. "Pharmacy technician" means a person, other than a pharmacist *or a pharmacy intern*, either registered or certified by the board for the purpose of assisting a pharmacist in the practice of pharmacy.

#### AMENDED ANALYSIS

This bill requires pharmacy interns to register with the pharmacy board and comply with rules concerning the functions of pharmacy interns adopted by the board.

**HB 342-FN**, relative to part-time employment of retired members of the retirement system. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Raymond G. Gagnon for Executive Departments and Administration: The bill, as originally drafted, would have reduced the number of hours that New Hampshire retirement system (NHRS)

retirees could work for employers in the retirement system without penalty from 32 hours per week to 24 hours per week, and from a total of 1300 hours annually to 1000 hours annually. As amended in its entirety into a reporting requirement, it will provide valuable information regarding NHRS retirees. Employers will report the number of hours worked and the compensation earned to the NHRS on a quarterly basis, so NHRS can collect and maintain data that is unavailable now. The bill does not take effect until 120 days after passage to allow time to prepare, and includes a sunset provision in 2018, which allows time for sufficient data to be developed. Vote 18-1.

#### **Amendment (0677h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to reporting of compensation paid to retired members of the retirement system.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Retirement System; Report on Retiree Compensation. Amend RSA 100-A:16 by inserting after paragraph VI the following new paragraph:

VII. Every employer shall report to the retirement system quarterly, in a format provided by the retirement system, all compensation paid by the employer to retired members of the retirement system, including the name of, and the total hours worked, for each retired member of the retirement system.

2 Repeal; 2018. RSA 100-A:16, VII, relative to employer reports on retired member compensation, is repealed.

3 Effective Date.

I. Section 2 of this act shall take effect November 1, 2018.

II. The remainder of this act shall take effect 120 days after its passage.

#### **AMENDED ANALYSIS**

This bill requires retirement system employers to report quarterly to the retirement system all compensation paid to retired members of the retirement system. The requirement is repealed in 2018.

#### **HB 353, relative to the regulation of private investigators and security guards. OUGHT TO PASS WITH AMENDMENT.**

Rep. Mary S. Nelson for Executive Departments and Administration: This bill makes several changes to the statutes covering private investigators, security guards and bail recovery agents. It allows the commissioner or a designee to enforce the chapter. Additionally the commissioner may request the assistance of local or county law enforcement in investigating violations. It adds a licensed security guard to the advisory board created to review complaints. It adds bail recovery agents to the entities already required to obtain agency licenses at a cost of \$150.00 for an agency employing one licensed person. It requires a rifle familiarization course for all security officers, private investigators and bail enforcement agents who have rifles as part of their equipment, and adds shotgun familiarization for private investigators. The amendment removed provisions which would have required licensing for those engaged simply in research rather than active investigation and removed a provision which would have extended licensing to those conducting investigations into character, reputation, or fitness for employment. Vote 20-0.

#### **Amendment (0613h)**

Amend the bill by deleting section 3 and renumbering the original sections 4-7 to read as 3-6, respectively.

#### **AMENDED ANALYSIS**

This bill makes various changes to the licensing and regulation of private investigators, security guard services, and bail recovery agents by the commissioner of safety.

#### **HB 463-FN, requiring property managers to be certified. INEXPEDIENT TO LEGISLATE.**

Rep. Romeo Danais for Executive Departments and Administration: This bill would force certification of property managers through only one named organization to the exclusion of any and all other organizations that render relevant certifications. The committee was not persuaded that mandatory certification was needed. In addition, the committee felt that excluding all other organizations from being able to render certification and forcing managers to be certified only through one agency was incorrect. The committee also noted that the RSA to be amended had been largely superseded over a decade ago. Vote 20-0.

**HB 478-FN**, requiring the department of health and human services to license supervised visitation centers. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter B. Schmidt for Executive Departments and Administration: This bill is a reprise of legislation offered in the last term, unsuccessfully. The bill would require the department of health and human services to license supervised visitation centers, at a cost yet to be determined. This year, no one appeared on either side and the committee felt there was no alternative to ITL. Vote 18-0.

**HB 620-FN-L**, relative to the adjustment of member and employer contribution rates in the retirement system. **INEXPEDIENT TO LEGISLATE.**

Rep. Raymond G. Gagnon for Executive Departments and Administration: Groups representing both employees and employers opposed this bill. The concern was that the bill would increase the financial burden on employees, as well as cause budget increases for municipalities and other employers. An additional concern was that the issue of whether the legislature can increase contribution rates for active members is currently being challenged in Merrimack County Superior Court on constitutional grounds; hence it was felt the legislature should not complicate matters at this time. Vote 18-0.

**HB 313**, relative to the regulation of the compounding of drugs by pharmacists. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Charles E. McMahon for Health, Human Services and Elderly Affairs: In 2012, over 500 New Hampshire citizens were exposed to fungal meningitis due to contaminated medicine from an out of state compounding facility. As a result, there are still 13 currently being monitored for evidence of disease. This tragic event demanded that we review our policies and procedures to ensure this does not happen in our state. To meet that goal, HB 313, as amended, shall strengthen the oversight of New Hampshire compound medication pharmacies and improve quality protections for consumers who utilize compound medications. Further, with the passage of this bill, we shall have an enhanced definition of compounding, strict criteria and processes of compounding facilities based on the United States pharmacopeia standards, and improved labeling regulations to clearly identify compounded medications. Vote 15-0.

#### Amendment (0604h)

Amend the bill by replacing all after the enacting clause with the following:

1 Pharmacists; Definition of Compounding. Amend RSA 318:1, III-a to read as follows:

III-a. "Compounding" means the preparation, mixing, assembling, packaging or labeling of a drug or device as a result of a practitioner's prescription drug order or initiative based on the pharmacist-patient-prescriber relationship in the course of professional practice or, for the purpose of, or as an incident, to research, teaching, or chemical analysis, but not selling or dispensing. "Compounding" also includes the preparation of drugs or devices in anticipation of prescription drug orders based on routine, regularly observed prescribing patterns. ~~[The compound drug product shall bear the label of the pharmacy responsible for compounding and dispensing the product directly to the patient for administration, and the prescription shall be filed at that pharmacy.]~~ **"Compounding" shall not include the reconstitution of powdered formulations before dispensing.**

2 Pharmacists; Definition of Manufacturing. Amend RSA 318:1, VIII to read as follows:

VIII. "Manufacturing" means the production, preparation, propagation, conversion or processing of a drug or device, either directly or indirectly, by large volume extraction from substances of natural origin, or independently by means of chemical or biological synthesis, and includes any packaging or repackaging of a substance or labeling or relabeling of its container, and the promotion and marketing of such drugs and devices **for resale**. ~~["Manufacturing" also includes the preparation and promotion of commercially available products from bulk compounds for resale by pharmacists to anyone other than a patient via a prescription, practitioners, or other persons.]~~ **Manufacturing shall be governed by Good Manufacturing Practices as adopted and enforced by the federal Food and Drug Administration.**

3 Reference Added; Compounding. Amend RSA 318:14 to read as follows:

318:14 Pharmacy. A licensed pharmacist shall have the right to conduct a pharmacy for the compounding, **according to the provisions of RSA 318:14-a**, of medicines upon physicians', dentists', optometrists', podiatrists', veterinarians', advanced practice registered nurses', naturopathic doctors', and physician assistants' prescriptions ~~[and for the manufacture;]~~ **or valid order for the sale[;]** and distribution of drugs, medicines, and poisons.

4 New Section; Compounding. Amend RSA 318 by inserting after section 14 the following new section:

318:14-a Compounding.

I. Products that are not commercially available may be compounded for hospital or office use but shall not be resold or dispensed. Nonprescription items may be compounded upon order by a practitioner for sale as long as the labeling complies with RSA 318:47-a and the product is not a copy of, or similar to, prescription or nonprescription products. All compounding shall be done in compliance with the United States Pharmacopeia as defined by board of pharmacy rules.

II. The compound drug product shall bear the label of the pharmacy responsible for compounding and dispensing the product directly to the patient for administration, and the prescription shall be filed at that pharmacy. Compounded prescription labels shall include a statement similar to "This medication was specifically compounded for you at the request of your practitioner."

III. A pharmacist shall offer a compounded drug product to a practitioner for administration to an individual patient, in limited quantities. The compounded drug products are for practitioner administration only and shall not be re-dispensed. The pharmacist shall maintain records to indicate what compounded drug products were provided to the medical office or practice. Compounding pharmacies may advertise or otherwise promote the fact that they provide prescription compounding services, in accordance with state law and rules of the board, as well as applicable federal laws.

IV. Where a commercial drug shortage exists because a manufacturer is the only entity currently manufacturing a drug product of a specific strength, dosage form, or route of administration for sale in the United States, and the manufacturer cannot supply the drug product to the public or to practitioners for use, a pharmacist may compound a limited quantity using the active pharmaceutical ingredient and sell to a patient with a valid prescription from a valid prescriber. When the compounded drug product is sold to a medical office or practice it is for the practitioner to administer to patients, and shall not be for resale.

V. The board shall adopt rules under RSA 541-A concerning the regulation of compounding.

VI. Labeling requirements pursuant to paragraph II shall not apply when medication is dispensed to institutionalized patients as provided under RSA 318:47-b.

5 Dealing in or Possessing Prescription Drugs. Amend the introductory paragraph of RSA 318:42, II to read as follows:

II. Physicians, dentists, optometrists, podiatrists, veterinarians, advanced practice registered nurses, naturopathic doctors, and physician assistants from possessing, compounding *in accordance with RSA 318:14-a*, personally administering, or distributing prescription drugs to meet the immediate medical needs of their patients. For advanced practice registered nurses and physician assistants, compounding shall be limited according to RSA 318:42, VIII.

6 Prescription Labels; Reference to Compounding Added. Amend RSA 318:47-a to read as follows:

318:47-a Prescription Labels. Whenever a pharmacist dispenses a noncontrolled drug pursuant to a prescription, he shall affix to the container in which such drug is dispensed a label showing at least the name and address of the pharmacy and the name or initials of the dispensing pharmacist or pharmacist-in-charge; the prescription identification number assigned by the pharmacy; the date dispensed; any directions as may be stated on the prescription; the name of the prescribing practitioner; the name of the patient; all pertinent auxiliary labels; and, unless otherwise indicated by the prescribing physician, dentist, veterinarian, or advanced practice registered nurse, the name, strength, and quantity of the drug dispensed. All drugs dispensed to a patient that have been filled using a centralized prescription processing system shall bear a label containing an identifiable code that provides a complete audit trail of the dispensing of the drug and pharmaceutical care activities. No person shall alter, deface, or remove any label so affixed. *A compounded drug product shall also be labeled as provided in RSA 318:14-a, II. The compound drug product shall bear the label of the pharmacy responsible for compounding and dispensing the product directly to the patient for administration, and the prescription shall be filed at that pharmacy. Compounded prescription labels shall include a statement similar to "This medication was specifically compounded for you at the request of your practitioner."*

7 New Paragraph; Controlled Drugs; Labels. Amend RSA 318-B:13 by inserting after paragraph III the following new paragraph:

IV. A compounded drug product shall also be labeled as provided in RSA 318:14-a.

8 Effective Date. This act shall take effect January 1, 2014.

**HB 375**, requiring certain health care organizations to report to the department of health and human services regarding implementation of New Hampshire's 10-year mental health plan. **OUGHT TO PASS.**

Rep. E. Elaine Andrews-Ahearn for Health, Human Services and Elderly Affairs: This bill provides a mechanism by which managed health care organizations/vendors are required to provide quarterly reports to the department of health and human services. This report will document the progress being made toward the benchmarks established for mental health services in the ten year mental health care program. Vote 19-0.

**HB 378**, requiring optometrists to warn parents about the progression of myopia when prescribing distance lenses for children. **INEXPEDIENT TO LEGISLATE.**

Rep. Frank R. Kotowski for Health, Human Services and Elderly Affairs: Requiring optometrists to warn parents about progression of myopia when prescribing distance lenses for children is currently normal practice when deemed necessary by eye-care professionals. Data supporting the need for the legislatures to mandate notification is inconclusive at best. The committee is of the opinion that specifying what, or how, medical professionals must communicate to patients is not in anyone's best interest. Vote 19-0.

**HB 475**, relative to the timing of the release of patients from New Hampshire hospital. **INEXPEDIENT TO LEGISLATE.**

Rep. Stephen J. Schmidt for Health, Human Services and Elderly Affairs: This bill was drafted to address an issue regarding the timely release of patients from New Hampshire hospital. The committee found that the process of patient release was already tightly controlled. Patient rights are protected by strict medical as well as judicial protocols. The committee majority agreed that existing protocols would best protect patients, communities and the State of New Hampshire. Vote 17-1.

**HB 499**, establishing a commission to study funding mechanisms for increasing the number of mental health beds statewide. **INEXPEDIENT TO LEGISLATE.**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: This bill addressed a serious problem regarding the current bed capacity crisis at New Hampshire hospital and the lack of mental health hospital beds statewide. The primary purpose outlined in the bill was to form a committee to study funding mechanisms for mental health hospital beds. This is the responsibility of the Finance Committees of the House and Senate. In addition, the Health and Human Services Joint Oversight Committee has already initiated discussion on mental health hospital beds and the relationship to community mental health services. The sponsor agreed with this approach. Vote 18-0.

**HB 528**, relative to support and care costs for children with disabilities. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Charles E. McMahon for Health, Human Services and Elderly Affairs: The care and maintenance of disabled adults is a responsibility for which family resources are in constant demand. The intent of this bill, as presented, was to require divorced parents who have adult children with disabilities to provide monetary support as a result of a court order in a divorce action. Upon review, the bill was amended to specifically identify the length of court ordered support to end at age 21 and to thereby prevent the unintended consequence of a loss of eligibility for Medicaid disability waiver funding. Further, the bill, as amended, seeks to ensure that eligibility will not be compromised by the mandated requirement of funding from a divorced parent. This would put waiver funding at risk and increase general fund requests for support. Finally, the bill, as amended, ensures funding continues for disabled adults over age 21 via waiver funding for those that qualify. Vote 15-0.

#### **Amendment (0594h)**

Amend the bill by replacing section 1 with the following:

1 Parental Rights and Responsibilities; Duration of Support for Child with Disabilities. Amend RSA 461-A:14, IV to read as follows:

IV. The amount of a child support obligation shall remain as stated in the order until the dependent child for whom support is ordered completes his or her high school education or reaches the age of 18 years, whichever is later, or marries, or becomes a member of the armed services, at which time the child support obligation, including all educational support obligations, terminates without further legal action. ~~[If the order involves a disabled child, the court shall specify the duration~~

*of the order, which may be beyond the time when the child reaches the age of 18.] If the parties have a child with disabilities, the court may initiate or continue the child support obligation after the child reaches the age of 18. No child support order for a child with disabilities may continue after the child reaches age 21.*

### AMENDED ANALYSIS

This bill allows the court to initiate or continue child support beyond the age of 18 for children with disabilities, provided that the order does not continue after the child reaches age 21.

**HB 556**, establishing a committee to study the resolution of barriers to the use of telehealth technology in New Hampshire. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: Advances in information technology and telecommunications have the potential to transform health care in New Hampshire. This bill forms a committee to study the resolution of barriers that are identified including the delivery of services in rural areas. Telehealth can be of particular importance in the delivery of mental health services; a system that is now undergoing a severe crisis. The study will include issues regarding confidentiality, licensing regulations and insurance reimbursement. Vote 16-0.

### Amendment (0735h)

Amend the bill by replacing section 1 with the following:

1 Committee Established. There is established a committee to study the resolution of barriers, including identifying and attempting to resolve such barriers, to the use of telehealth technology in New Hampshire.

Amend the bill by replacing section 3 with the following:

#### 3 Duties.

I. The committee shall study the resolution of barriers, including identifying and attempting to resolve such barriers, to the use of telehealth technology in New Hampshire. The committee's study shall include, but not be limited to:

- (a) Patients lack of high speed Internet service necessary for videoconferencing.
- (b) Cumbersome licensing regulations for health care professionals.
- (c) Inconsistent reimbursement policies.
- (d) Any other matter the committee deems relevant to its study.

Amend the bill by replacing section 4 with the following:

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

**HB 557**, establishing a committee to study the financial assistance program for needy families (FANF) and state supplemental programs (SSP) for the needy blind, permanently and totally disabled, and old age assistance. **INEXPEDIENT TO LEGISLATE.**

Rep. Laurie Harding for Health, Human Services and Elderly Affairs: This bill was introduced in an effort to study the financial assistance programs for needy families (FANF) and the state supplemental programs (SSP) for the needy blind, permanently and totally disabled as a result of budget cuts in the last biennium. Children and Family Law committee had a similar bill. The two committees discussed these bills with the stakeholders and decided to refer the subject matter to a subcommittee of the Health and Human Services Oversight committee. Consequently an ITL motion was made on HB 557. Vote 16-0.

**HB 636**, relative to the waitlist for community mental health services. **OUGHT TO PASS.**

Rep. Laurie Harding for Health, Human Services and Elderly Affairs: This bill extends the sunset of a provision that was passed in spring of 2011 which would allow the behavioral health centers to create a "waiting list" when necessary of those people with mental health disorders who are unable to pay for services but have an emergency situation. Providers can use their clinical judgment as to who needs to be seen emergently and who can wait. Prior law required that all clients be seen immediately which was not possible as the agencies faced shrinking financial resources. Those individuals who are severely mentally ill and in crisis will be seen right away but others will go on a waiting list that will prioritize the order in which they will be seen. This statute will sunset on July 1, 2015 which will give the legislature an opportunity for re-evaluation of this intervention. Vote 16-0.

**HB 127-FN-L**, relative to the state minimum hourly rate. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary M. Coulombe for Labor, Industrial and Rehabilitative Services: There were three bills submitted this session regarding minimum wage: HB 127, HB 241, and HB 501. The committee examined these three bills together and used HB 501 as a vehicle to go forward. Therefore, a recommendation of ITL was made for both HB 127 and HB 241. Vote 19-1.

**HB 241-FN**, establishing a state minimum hourly rate. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary M. Coulombe for Labor, Industrial and Rehabilitative Services: There were three bills submitted this session regarding minimum wage: HB 127, HB 241, and HB 501. The committee examined these three bills together and used HB 501 as a vehicle to go forward. Therefore, a recommendation of ITL was made for both HB 127 and HB 241. Vote 19-1.

**HB 373**, establishing a right of discovery to a carrier's investigation of claims in workers' compensation cases. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Charles F. Weed for Labor, Industrial and Rehabilitative Services: This bill, as amended, requires release of documents requested by an injured worker to be provided to that worker. The committee was unanimous in the belief that all information requested that could be reasonably be calculated to lead to admissible evidence should be provided to a claimant in a workers compensation investigation and subsequent hearing. The claimant bears the burden of proof to demonstrate that he or she was hurt at work; the right of discovery levels the playing field whereas testimony was given that withholding evidence has jeopardized fair hearings in the past. Vote 18-0.

**Amendment (0569h)**

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Materials to be Provided to Claimant Upon Request. Amend RSA 281-A by inserting after section 43 the following new section:

281-A:43-a Materials to be Provided to Claimant Upon Request. A carrier, self-insured, or the employer shall provide to the claimant, upon request, copies of all documents filed by the carrier or employer with the department of labor, copies of all correspondence to any medical personnel relative to the claim, all photographs or video taken, reports by any person or persons whether experts or not concerning the incident, conditions or maintenance of the equipment or machines or area, and copies of all statements obtained from any person and any other information or materials used during the carrier's investigation of whether to admit or deny the claim.

2 Effective Date. This act shall take effect January 1, 2014.

**AMENDED ANALYSIS**

This bill establishes a right of discovery to a carrier's investigation of claims in workers' compensation cases.

**HB 379**, prohibiting an employer from requiring an employee or prospective employee to disclose his or her social media passwords. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary M. Coulombe for Labor, Industrial and Rehabilitative Services: There were two bills submitted this session dealing with the same issue: HB 379 and HB 414. The committee chose to use HB 414 as a vehicle to move the issue forward, thus the committee voted to recommend ITL for HB 379. Vote 20-0.

**HB 414**, relative to privacy in the workplace. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Douglas A. Ley for Labor, Industrial and Rehabilitative Services: This bill closely limits employers from requesting or requiring employees and prospective employees to provide passwords or access to private social media accounts. Emphasizing maximal individual employee privacy, the bill does include specific exceptions. It allows employers to adopt policies governing and monitoring use of employer-owned electronic equipment, and permits employers to conduct certain investigations consistent with state and federal securities and financial laws, rules, and regulations. Vote 19-1.

**Amendment (0636h)**

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Use of Social Media. Amend RSA 275 by inserting after section 70 the following new subdivision:

**Use of Social Media**

275:71 Definitions. In this subdivision:

I. "Social media" means an electronic medium where users may create and view user-generated content, including but not limited to uploading or downloading videos or still photographs, blogs, video blogs, podcasts, or instant messages.

II. "Personal account" means an account, service, or profile on a social networking website that is used by a current or prospective employee primarily for personal communications unrelated to any business purposes of the employer. This definition shall not apply to any account, service, or profile created, maintained, used, or accessed by a current or prospective employee for business purposes of the employer or to engage in business related communications.

**275:72 Use of Social Media.**

I. No employer shall request or require that an employee or prospective employee disclose a user name or password for accessing any personal account or service through an electronic communication device.

II. No employer shall compel an employee or applicant to add anyone, including the employer or the employer's agent, to a list of contacts associated with a personal account or require, request, suggest, or cause an employee or applicant to change the privacy settings associated with any personal account.

III. No employer shall take or threaten to take disciplinary action against any employee for such employee's refusal to provide a user name or password, to add anyone to a list of contracts, or to change a privacy setting.

IV. Nothing in this subdivision shall limit an employer's right to:

(a) Adopt and enforce lawful workplace policies governing the use of the employer's electronic equipment, including policies regarding Internet use, social networking site use, and electronic mail use.

(b) Monitor usage of the employer's electronic equipment and electronic mail.

V. Nothing in this subdivision shall prohibit an employer from obtaining information about an employee or prospective employee that is in the public domain or to prevent an employer from conducting an investigation to ensure compliance with securities or financial laws or other regulatory requirements based on information on an employee's personal website, Internet website, or web-based account or similar account for business purposes, except as proscribed in paragraph I and II.

VI. Nothing in this subdivision shall be construed to prevent an employer from complying with the requirements of state or federal statutes, rules or regulations, case law, or rules of self-regulatory organizations.

**275:73 Penalty.** Any employer violating RSA 275:72 shall be subject to a civil penalty, to be imposed by the labor commissioner in accordance with the procedures established in RSA 273:11-a. An employer aggrieved by the commissioner's assessment of such penalty may appeal in accordance with RSA 273:11-c.

**2 Effective Date.** This act shall take effect 60 days after its passage.

**HB 546**, relative to medical examinations under workers' compensation. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Sally H. Kelly for Labor, Industrial and Rehabilitative Services: This bill, as amended, changes a definition in the workers compensation statute; the term "independent medical examinations" is changed to "to employer required medical examinations" and further provides clarification that the examination is being performed at the request of the employer. The committee listened to testimony on both sides of the issue and it was clear the examinations are not independent but rather for the benefit of the employer, self insured or insurance company. There was no dispute in changing the term to eliminate confusion and make the purpose of the examination clear. Vote 20-0.

**Amendment (0642h)**

Amend the bill by replacing section 1 with the following:

**1 Workers' Compensation; Medical Examinations.** Amend RSA 281-A:38, II to read as follows:

II. Any health care provider conducting [~~independent~~] **employer-required** medical examinations under this chapter shall be certified by the appropriate specialty board as recognized by the American Board of Medical Specialties or obtain the approval of the commissioner for those specialties not recognized by such board. The health care provider shall maintain a current practice in that area of specialty. The [~~independent~~] **employer-required** medical examination shall take place within a 50-mile radius of the residence of the injured employee, unless, within the discretion of the

commissioner, examination outside the 50-mile radius is necessary to obtain the services of a provider who specializes in the evaluation and treatment specific to the nature and extent of the employee's injury. *The injured employee shall be told that the exam is at the request of the employer. The injured employee shall not be required to submit to more than 2 [independent] employer-required medical examinations per year, unless within the discretion of the commissioner, more than 2 examinations are necessary. An injured employee shall have the right to have a witness present during such examination. In the event that a witness is present, including but not limited to a witness taking notes or observing, on behalf of the injured employee, the witness shall not interfere in the examination in any way. The injured employee shall be required to sign an authorization, as prepared by the commissioner, to the effect that he or she understands that his or her medical history and condition or conditions will be discussed during said examination and that he or she waives any right to privacy that he or she may have under the circumstances of voluntarily allowing a witness to be present on his or her behalf.*

#### AMENDED ANALYSIS

This bill clarifies the conduct of independent medical examinations under workers' compensation.

**HB 363**, establishing a committee to study the form of the oath taken by members of the general court. **OUGHT TO PASS.**

Rep. George A. Lambert for Legislative Administration: A study committee on the oaths taken by members of the general court is necessary. As part of the hearing process the committee discovered through an error in the procedures for oaths signed by representatives in the current session. That error was introduced years ago due to an error in the reproduction of the state's Constitution and the forms. The office of the secretary of state agrees that to have a committee review these procedures would be beneficial. Vote 11-0.

**HB 410**, relative to the definition of gift received by an elected official, public official, public employee, or legislative employee. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Gary B. Richardson for Legislative Administration: This bill, as originally drafted, was one of several bills in committee that would have changed the definition of a gift of insignificant value for purposes of legislative ethics and made other changes to our ethics rules. The committee believes that there are sufficient ambiguities and confusion regarding ethics that it would make sense to do a comprehensive review of the rules and procedures of the legislative ethics committee and the laws governing legislative ethics. Accordingly, the committee amendment creates a commission to study and make recommendations for proposed legislation on or before November 1, 2013. Vote 12-0.

#### Amendment (0466h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission to study and update the rules and procedures of the legislative ethics committee under RSA 14-B and the laws governing legislative ethics under RSA 15-B.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Commission Established; Legislative Ethics. Amend RSA 14-B by inserting after section 10 the following new section:

14-B:11 Commission to Study and Update the Rules and Procedures of the Legislative Ethics Committee Under RSA 14-B and the Laws Governing Legislative Ethics Under RSA 15-B.

I. There is hereby established a commission to study and update the rules and procedures of the legislative ethics committee under RSA 14-B and the laws governing legislative ethics under RSA 15-B. The commission shall be composed of the following members:

(a) Four members of the house of representatives, appointed by the speaker of the house.

(b) Two members of the senate, appointed by the president of the senate.

(c) Three public members, each of whom shall be either a former member of the legislative ethics committee or a person otherwise knowledgeable in the field of governmental ethics procedures, appointed jointly by the speaker of the house and the president of the senate.

II. The legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

III. The commission shall study the current laws, rules, and guidelines for legislative ethics under RSA 14-B and RSA 15-B as well as the procedures of the legislative ethics committee under

RSA 14-B and propose updates to the laws, rules, guidelines, and procedures as necessary, in light of the increased significance of statutory legislative ethics provisions since the enactment of RSA 14-B in 1991 and RSA 15-B in 2006.

IV. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. Five members of the commission shall constitute a quorum.

V. The commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2013.

2 Repeal. RSA 14-B:11, relative to the commission to study and update the rules and procedures of the legislative ethics committee under RSA 14-B and the laws governing legislative ethics under RSA 15-B, is repealed.

3 Effective Date.

I. Section 2 of this act shall take effect November 2, 2013.

II. The remainder of this act shall take effect upon its passage.

### AMENDED ANALYSIS

This bill establishes a commission to study and update the rules and procedures of the legislative ethics committee under RSA 14-B and the laws governing legislative ethics under RSA 15-B.

**HB 128**, relative to recording public votes in public records. **INEXPEDIENT TO LEGISLATE.** Rep. James Verschuere for Municipal and County Government: This bill would have required the legislative body of any town, school district, or village district to require that any votes by advisory and governing bodies on budget items, warrant articles or ballot questions be recorded votes and the numerical tally of any such vote be printed in the town, school district, or village district warrant next to the affected warrant article or on the ballot next to the affected ballot question. Current law leaves these provisions to be determined locally by vote of the legislative body of the municipality. The sponsor did not appear to present the bill, leaving the sole testimony to a committee member who introduced the bill in lieu of the sponsor. The committee viewed this as a local issue not in need of further statutory action. Vote 12-2.

**HB 139**, relative to the time towns that have adopted official ballot voting have to approve bonding in solid waste management districts. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Kathleen M. Stroud for Municipal and County Government: This bill extends the amount of time towns have to adopt bonds in solid waste management districts. The new time line facilitates the required meetings and notices. Vote 17-0.

### Amendment (0219h)

Amend the bill by replacing all after section 2 with the following:

3 Solid Waste Management Districts; Corporate Body; Powers. Amend RSA 53-B:7, VI(c) to read as follows:

(c) If, before the ~~[45-day]~~ **120 day** period has passed, the legislative body of any member municipality votes to disapprove of the debt, it shall not be incurred. The provisions of RSA 31:5 shall not apply to actions by special town meetings under this paragraph. ***The provisions of RSA 32 and 33:8-a shall apply to actions by town meetings under this paragraph.*** A legislative body may disapprove the debt only if, under the terms and conditions of the district agreement, the municipality will incur obligations under RSA 53-B:7-c. After ~~[60]~~ **120** days the district committee may again authorize the incurrence of debt which shall be subject to the rejection conditions of subparagraphs (a) and (c). A municipality which votes to reject 2 successive debt incurrences shall be allowed to withdraw from the district in accordance with the provisions of this chapter and the district agreement. If the municipality has not withdrawn within ~~[60]~~ **120** days of the second debt rejection, the committee is authorized to incur the debt over the member municipality's rejection.

4 Solid Waste Management Districts; Corporate Body; Powers. Amend RSA 53-B:7, XX(a) to read as follows:

(a) No long-term contract shall take effect until ~~[45]~~ **120** days after authorization by the district committee to allow for rejection of the proposed long-term contract by member municipalities under subparagraph (c), unless the rejection period and authority have been waived in the district agreement.

5 Solid Waste Management Districts; Corporate Body; Powers. Amend RSA 53-B:7, XX(c) to read as follows:

(c) If, before the ~~[45-day]~~ **120-day** period has passed, the legislative body of any member municipality votes to disapprove of the long-term contract, it shall not be entered into. The provisions of RSA 31:5 shall not apply to action by special town meetings under this paragraph. A legislative body may disapprove the contract only if, under the terms and conditions of the district agreement, the municipality will incur obligations under RSA 53-B:7-c. After ~~[60]~~ **120** days the district committee may again authorize the long-term contract which shall be subject to the rejection conditions of subparagraphs (a) and (c). A municipality which votes to reject 2 successive long-term contracts shall be allowed to withdraw from the district in accordance with the provisions of this chapter and the district agreement. If the municipality has not withdrawn within ~~[60]~~ **120** days of the second contract rejection, the committee is authorized to enter into the long-term contract over the member municipality's rejection.

6 Effective Date. This act shall take effect 60 days after its passage.

**HB 204-FN-L**, relative to the removal of social security and other numbers from registry of deeds documents available on the Internet. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Syndi G. White for Municipal and County Government: The committee recommends that this bill ought to pass with amendment because it is a step to protect the privacy rights of NH citizens. Under current law, the preparer of a document shall not include an individual's social security number, armed forces service numbers in a document that will be recorded in the registry of deeds. However, older documents often do contain these numbers, and the general public may be unaware that their personal information is easily accessible to anyone searching online. The counties who have put their information on line are exposing their residents to the risk of identity theft. This bill, as amended, will require registry staff to redact personal information on the online documents if they discover them during the course of regular business. Counties routinely charge for downloading these documents, and could set user fees to cover any costs incurred in the process of redaction. Vote 20-0.

#### **Amendment (0649h)**

Amend the bill by replacing section 1 with the following:

1 Registers of Deeds; Social Security Numbers and Financial Information. Amend RSA 478:4-b to read as follows:

478:4-b Records; Social Security Numbers and Financial Information.

I. The preparer of a document shall not include an individual's social security number, armed forces service number, credit card number, or deposit account numbers in a document that is prepared and presented for recording in the office of the register of deeds. This paragraph shall not apply to state or federal tax liens[;] ~~and certified copies of death certificates[, and other documents required by law to contain such information that are]~~ filed or recorded in the office of the register of deeds. For the purpose of this section, "preparer" shall mean the person who drafts the documents that are recorded with the register of deeds. Preparer shall not include any person who hires, requires, refers, pays, or requests that the documents be drafted or recorded.

II. If a deed or instrument that includes an individual's social security number, armed forces service number, credit card number, or deposit account numbers, was filed with the register of deeds and is available on the Internet, ~~[the individual may request that the register of deeds]~~ **and if the information is discovered by the register of deeds in the ordinary course of business after the effective date of this section, the register of deeds shall** redact such information from the Internet record. The register of deeds shall **also** establish a procedure by which individuals may request that such information be redacted from its files which are available on the Internet. Upon request, the information shall be redacted.

III. The register of deeds shall comply with an individual's request to redact his or her social security number, armed forces service number, credit card number, or deposit account numbers within 5 business days of the receipt of the request, or sooner, if ordered to do so by a court, for good cause shown.

#### **AMENDED ANALYSIS**

This bill requires the registers of deeds to remove social security numbers, armed forces service numbers, credit card numbers, and deposit account numbers discovered by registers in the ordinary cause of business from documents made available on the Internet.

**HB 429**, relative to service of writs against cities. **OUGHT TO PASS.**

Rep. James Verschueren for Municipal and County Government: This bill permits service of writs against certain cities to be made upon the city manager and city clerk. Current law requires writs to be served to the mayor or one of the aldermen and the city clerk. The change would make for an efficient, transparent process for people who wish to serve writs. This bill parallels duties of city managers under RSA 49-C:16. All testimony was strongly in favor of this bill as it removes an unnecessary impediment to efficient processing when the mayor and/or aldermen do not have day-to-day responsibility for city administration and are therefore not always readily accessible. Vote 16-0.

**HB 460-L**, relative to amending the default budget in towns that use official ballot voting. **INEXPEDIENT TO LEGISLATE.**

Rep. James P. Belanger for Municipal and County Government: Upon the failure to pass the proposed budget at the annual meeting, current statute provides for reverting to a default budget which is clearly defined. The default budget may not be to everyone's liking but it is a known amount when people go to the polls. Allowing the deliberative session, in an official ballot municipality, to not only come up with a proposed budget but to also put forth a default budget gives them the power to zero out or reduce a default budget to the point where the community could not meet its obligations. The current statutes defining a default budget at least allow the municipality to operate at the same level as the prior year when the default was acceptable. Leaving that open to modification at the deliberative session defeats the intent of those voters who wish to revert to the prior year's budget. If the deliberative session is allowed to amend the default budget, it could establish a default budget to be exactly the same as the proposed budget thus removing any options for the voters. Vote 16-0.

**HB 506**, relative to certain time periods for adoption and amendment of town codes and ordinances. **OUGHT TO PASS.**

Rep. James P. Belanger for Municipal and County Government: Holding public hearings in larger towns are not always easy to arrange. The current statute mandates two public hearings for adoption and amendment of town codes and ordinances to be held at least 10 days but not more than 14 days apart. This often puts the governing body in a squeeze. This bill changes the 14 days to 21 days allowing for more flexibility in the holding of the public hearings. NHMA supports this bill as a policy bill. The committee agrees that more time would be a benefit and saw no downside to the extended period. Vote 16-0.

**HB 522**, relative to duties of town treasurers. **OUGHT TO PASS.**

Rep. James E. Coffey for Municipal and County Government: This bill allows for a more efficient method of payment of invoices by a town without any loss of security or accountability. Vote 16-1.

**HB 531**, allowing towns and cities to exempt farm buildings and structures from property taxation. **INEXPEDIENT TO LEGISLATE.**

Rep. James P. Belanger for Municipal and County Government: The committee recognizes the need to support agriculture in our state. Exempting real estate used in one type of business while not in others is discriminatory. It is widely accepted and specified in state statute that equine activity is considered agricultural and this bill might be construed to include horse only barns, riding academies and other non farm buildings. The assessment of buildings in municipalities is a local control issue and assessors already have the authority to make local adjustments as needed. Vote 16-1.

**HB 541**, relative to city charters. **INEXPEDIENT TO LEGISLATE.**

Rep. Dorothea D. Hooper for Municipal and County Government: This bill would require city charters to provide that the city clerk be elected by the elected body of the city and further require the clerk to reside in the city. The committee felt that this might politicize the position. It would also interfere with hiring on the basis of residing rather than qualifications. The clerk would also be serving multiple bosses instead of a city manager. Vote 20-0.

**HB 589**, relative to a selectman serving on the school board. **INEXPEDIENT TO LEGISLATE.**

Rep. David J. Danielson for Municipal and County Government: After considering the proposal of the sponsor and considering the testimony of a number of speakers the committee agreed unanimously that a possible conflict of interest would occur by having a selectman appointed to the board. For municipalities where people may have served as both selectman and a school board member they do so based on a popular vote, thereby maintaining the integrity of the system. Vote 18-0.

**HB 593**, establishing a committee to study extending the due date for final property tax bills. **INEXPEDIENT TO LEGISLATE.**

Rep. Timothy D. Copeland for Municipal and County Government: Currently the state has hundreds of laws that deal with the assessing, billing, abatement, and collection of taxes. Many of these laws have dates and deadlines connected into the final billing date. If the final bill date was extended it would affect these laws and many of them would need to have extensive review and possible changes as well. The changes would not be small and would create a significant amount of work for many to change a system that works well now. Extending a due date for taxes by three months would create a serious hardship for most, if not all, communities in several ways. Most communities in New Hampshire decided years ago to use the "twice annual billing" for property taxes, which means bills are routinely due in July and December. One of the main reasons that most communities chose this semiannual billing process is that it allows communities to collect taxes several months in advance, which provides a community with a stronger cash flow and prevents the need for short term borrowing. As you may recall, prior to the law allowing semiannual tax billing in New Hampshire, many communities needed to borrow short term funds through the sale of Tax Anticipations Notes (TANs), which have an interest cost to them. Furthermore, extending the due date would decrease interest income on investments as well as decrease fees collected on late tax payments. The payback on what is outlined here would be extensive. Vote 18-1.

**HB 634**, relative to water resource management and protection plans in municipal master plans. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David J. Danielson for Municipal and County Government: Water has become a primary concern for many municipalities in the state, particularly how future building will affect supply. The committee felt it is critical that municipalities have the tools to consider water resources management. This simply adds a section to those topics that can be considered in a master plan. It is an option to use if wanted. Vote 19-1.

**Amendment (0598h)**

Amend the bill by replacing section 3 with the following:

3 New Subdivision; Water Resources Management and Protection Plans. Amend RSA 674 by inserting after section 66 the following new subdivision:

**Water Resources Management and Protection Plans**

**674:67 Water Resources Management and Protection Plans.**

I. A municipality may include in its master plan a local water resource management and protection plan to protect the quantity and quality of water resources. A local water resource and management plan may:

(a) Assess the adequacy of water resources by assessing the quality of the resource as compared to state standards, the amount of water available for consumption in a municipality, the amount of water currently being consumed or displaced in the municipality, and future water use needs based on local, regional, and state planning or population projection studies.

(b) Encourage the integration of comprehensive land use planning with planning for the protection and management of surface and groundwater resources.

(c) Provide statistical and scientific data to support proposed municipal ordinances intended to protect and manage water resources.

II. Local water resources management and protection plans shall be implemented through the adoption and enforcement of municipal ordinances consistent with the plan and through such other measures as are appropriate and legally available to municipal government for the furtherance of the objectives set forth in the plan.

III. Nothing in this subdivision shall be construed to allow municipalities to regulate surface or groundwater withdrawals regulated by the department of environmental services pursuant to RSA 485, RSA 485-C, and RSA 485-A:12, III and IV.

IV. Once a local water resources management and protection plan has been adopted, it shall be placed on file with the department of environmental services. The plan shall be made available to the public upon reasonable request and payment for any costs incurred in the duplication of the report.

**HB 655-FN**, relative to the collection of the amount of the property tax deferral for the elderly or disabled upon sale of the property. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David A. Bickford for Municipal and County Government: This bill, as amended, requires towns to begin collection on deferred taxes upon the property's sale or other conveyance. Vote 20-0.

**Amendment (0488h)**

Amend RSA 72:38-a, IV-a as inserted by section 1 of the bill by replacing it with the following:

IV-a. When the owner of a property subject to a tax deferral sells or otherwise conveys the property, the owner or grantee shall pay in full the deferred taxes plus any interest due and the municipality shall provide recorded written release or satisfaction of the notice of tax deferral. If the owner or grantee, who shall be deemed to have notice of and shall take title to the property subject to the notice of tax deferral, does not pay the accrued amount on the property within 9 months of the date of sale or conveyance of the property, the municipality may commit the accrued amount of the deferral to the collector of taxes with a warrant signed by the assessing officials requiring him or her to collect it; and the collector of taxes shall have the same rights and remedies in relation thereto as provided in RSA 76:13 and RSA 80. Prior to holding a tax sale or executing a priority tax lien under RSA 80:59, the collector shall, at least 30 days prior to such tax sale or tax lien execution, send notice by certified or registered mail, to the last known post office address of the current owner, if known, or to the last known address of the taxpayer who received the deferral, and to all mortgagees from whom permission has been sought pursuant to paragraph III of this section. Any person with a legal interest in the property may redeem it, either prior to the tax sale or tax lien execution, or subsequently as set forth in RSA 80:32 or RSA 80:69.

**HB 257-FN**, discontinuing collection of the toll at exit 12 on the Everett turnpike in the town of Merrimack. **INEXPEDIENT TO LEGISLATE.**

Rep. Virginia Irwin for Public Works and Highways: The committee voted Inexpedient to Legislate on this bill due to the fact that there is another bill coming from the Senate to address this issue. The committee believes it should address the toll issues in Merrimack in the context of the overall F.E. Everett Turnpike improvements and in the context of the ten year transportation plan. Vote 19-0.

**HB 393**, relative to effluent limitations with regard to nitrogen and phosphorus. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Adam R. Schroader for Resources, Recreation and Development: This bill, as amended, reduces pollution in state lakes and bays by reducing nitrogen and phosphorus content of fertilizers sold at retail and intended for use on turf. Matching effective product standards recently set in other states, the bill provides consistency to business and a reasonable assurance of tax or rate savings to communities spending on wastewater projects to remove these same pollutants. The amendment allows municipalities and counties the ability to pass ordinances setting their own buffers and setbacks for use of fertilizer. Vote 17-2.

**Amendment (0561h)**

Amend RSA 431:4-c and 431:4-d as inserted by section 5 of the bill by replacing them with the following:

431:4-c Existing Inventories. No provision of RSA 431:4-a or RSA 431:4-b shall restrict the continued sale by retailers of any fertilizer from any existing inventories in stock on December 31, 2013.

431:4-d Preemption of Local Regulation. Except as otherwise specifically provided in this subdivision, no ordinance or regulation of local government, including but not limited to, an action by a local governmental agency or department, a county board of commissioners or a city council, or a local regulation adopted by the use of an initiative measure, may prohibit or in any way attempt to regulate any matter relating to the registration, sale, formulation, or transportation of fertilizer.

**HB 513**, relative to the shoreland protection act. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Sid Lovett for Resources, Recreation and Development: This bill modifies several provisions of the shoreland protection act relative to minimum shoreland protection standards by clarifying definitions which will guide compliance regarding the maintenance of a waterfront buffers, groundcover and limiting impervious surfaces. The amendment defines the terms groundcover and unaltered state. It also indicates that the standards for impervious surface design refer to the ten-year, 24 hour storm, thus making this bill consistent with related law. Finally, the amendment clarifies the process of oversight and enforcement. Vote 17-0.

**Amendment (0590h)**

Amend the bill by replacing sections 1 through 3 with the following:

1 Definition; "Ground Cover." RSA 483-B:4, VII is repealed and reenacted to read as follows:

VII. "Ground cover" means any herbaceous plant or any woody seedling or shrub generally less than 3 feet in height. Ground cover shall not include lawns, landscaped areas, gardens, invasive species as listed by the department of agriculture, markets, and food in accordance with RSA 430:53, III, exotic species as designated by rule of the department of environmental services in accordance with RSA 487:24, VII, imported organic or stone mulches, or other artificial materials.

2 Definition; Unaltered State. Amend RSA 483-B:4, XXIV-b to read as follows:

XXIV-b. "Unaltered state" means *native* vegetation allowed to grow without cutting, limbing, trimming, pruning, mowing, or other similar activities except as needed for ~~[plant health, normal maintenance, and]~~ *renewal or to maintain or improve plant health*.

3 Enforcement by Commissioner. Amend RSA 483-B:5, II to read as follows:

II. The commissioner or his or her designee may, for cause, enter upon any subject land or parcel at any reasonable time ~~[after written notification]~~, *upon presentation of department identification*, to perform oversight and enforcement duties provided for in this chapter.

Amend the bill by replacing section 7 with the following:

7 Impervious Surfaces. Amend RSA 483-B:9, V(g)(1) to read as follows:

(1) No more than 30 percent of the area of a lot located within the protected shoreland shall be composed of impervious surfaces, unless a stormwater management system designed and certified by a professional engineer ~~[that will not concentrate stormwater runoff or contribute to erosion]~~ is implemented. *Such system design shall demonstrate that the post-development volume and peak flow rate based on the 10-year, 24-hour storm event, shall not exceed the pre-development volume and peak flow rate for flow off the property within the protected shoreland.*

**HB 516**, establishing a committee to study the overlap of federal, state, and local regulation relative to environmental issues. **OUGHT TO PASS.**

Rep. Brian Wazlaw for Resources, Recreation and Development: The committee established by this bill will review federal, state and local environmental permitting and regulatory permitting processes and programs common to development projects to determine whether these processes and programs contain duplicative regulation. The committee will review duplicative regulations and evaluate any value gained by redundancy. Vote 17-2.

**SB 57**, relative to approval of the project proposed by the Town of Alstead for the lower Warren Brook Restoration project, establishing a commission to determine the appropriate use of flood damaged property, and repealing a commission established in 2006 to determine the appropriate use of property damaged in the October 2005 floods. **OUGHT TO PASS.**

Rep. Leigh A. Webb for Resources, Recreation and Development: This bill represents the last phase of the clean up and restoration of devastation caused by the 2005 Alstead floods. It will enable a newly-formed commission to give DES the necessary approval to perform final reclamation work on this state-owned land. The federal funds for this project are due to expire in September 2013, thus necessitating the urgency of passage so the work can commence as quickly as possible. Vote 18-0.

**HB 374**, relative to electric utility investment in distributed energy resources. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Ian P. Raymond for Science, Technology and Energy: This bill amends RSA 374: G, in order to better express the original intent of the RSA, which is to stimulate investment in clean renewable distributed energy resources. This bill offers clarification of the current statute, with a more concise description of the statute's purpose, as well as a hierarchical reordering of the criteria used by the public utilities commission when they determine whether a distributed energy resource is in the public interest. The amendment adds a competitive procurement criterion to minimize project costs. Vote 19-0.

**Amendment (0707h)**

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. Amend RSA 374-G:1 to read as follows:

374-G:1 Purpose. Distributed energy resources can increase overall energy efficiency and provide energy *security and* diversity by eliminating, displacing, or better managing *traditional fossil fuel* energy deliveries from the centralized bulk power grid, in keeping with the objectives of RSA 362-F:1.

It is therefore in the public interest to stimulate investment in distributed energy resources in New Hampshire *in diverse ways, including* by encouraging New Hampshire electric public utilities to invest in *renewable and clean* distributed energy resources [~~including clean and renewable generation~~] *at the lowest reasonable cost to taxpayers* benefiting the transmission and distribution system under state regulatory oversight.

2 Rate Filing; Authorization. RSA 374-G:5, I-III are repealed and reenacted to read as follows:

I. A New Hampshire electric public utility may seek rate recovery for its portion of investments in distributed energy resources from the commission by making an appropriate rate filing. At a minimum, such filing shall include the following:

(a) A detailed description and economic and environmental evaluation of the proposed investment.

(b) A discussion of the costs, benefits, and risks of the proposal with specific reference to the factors listed in paragraph II, including an analysis of the costs, benefits, and rate implications to the participating customers, to the company's default service customers, and to the utility's distribution customers.

(c) A description of any equipment or installation specifications, solicitations, and procurements it has or intends to implement.

(d) A showing that the utility has used a competitive bidding process to reasonably minimize the costs of the project to its customers.

(e) A showing that it has made reasonable efforts to involve local businesses in its program.

(f) Evidence of compliance with any applicable emission limitations.

(g) A copy of any customer contracts or agreements to be executed as part of the program.

II. Prior to authorizing a utility's recovery of investments made in distributed energy resources, the commission shall determine that the utility's investment and its recovery in rates, as proposed, are in the public interest. Determination of the public interest under this section shall include giving a balanced consideration and proportional weight to each of the following factors:

(a) The effect on the reliability, safety, and efficiency of electric service.

(b) The efficient and cost-effective realization of the purposes of the renewable portfolio standards of RSA 362-F and the restructuring policy principles of RSA 374-F:3.

(c) The energy security benefits of the investment to the state of New Hampshire.

(d) The environmental benefits of the investment to the state of New Hampshire.

(e) The economic development benefits and liabilities of the investment to the state of New Hampshire.

(f) The effect on competition within the region's electricity markets and the state's energy services market.

(g) The costs and benefits to the utility's customers, including but not limited to a demonstration that the company has exercised competitive processes to reasonably minimize costs of the project to ratepayers and to maximize private investment in the project.

(h) Whether the expected value of the economic benefits of the investment to the utility's ratepayers over the life of the investment outweigh the economic costs to the utility's ratepayers.

(i) The costs and benefits to any participating customer or customers.

III. Authorized and prudently incurred investments shall be recovered under this section in a utility's base distribution rates as a component of rate base, and cost recovery shall include the recovery of depreciation, a return on investment, taxes, and other operating and maintenance expenses directly associated with the investment, net of any offsetting revenues received by the utility directly attributable to the investment. The utility may recover all reasonable costs associated with the filing, whether or not the application is approved by the commission.

3 Effective Date. This act shall take effect 60 days after its passage.

**HB 517**, relative to the incidental combustion of untreated wood at certain municipal transfer stations. **OUGHT TO PASS.**

Rep. Charles L. Townsend for Science, Technology and Energy: Members of the committee find that New Hampshire towns have made provisions for alternate management of construction and demolition waste, largely keeping it out of burn piles and that the incidental combustion of untreated wood at solid waste transfer stations, when burned under the supervision of a solid waste operator, is not an impediment to those provisions. Therefore the committee supports allowing incidental combustion to continue. Vote 16-0.

**HB 192**, relative to street rods. **INEXPEDIENT TO LEGISLATE.**

Rep. Sherman A. Packard for Transportation: This bill would change the definition of a street rod from its original language of pre-1949 to 50 years or older. It would not accomplish the intent of the sponsors' constituent. The national hot rod association representatives opposed the changes this bill would bring about. Vote 15-1.

**HB 245**, relative to the cost of railroad crossings upon the restoration of rail service. **INEXPEDIENT TO LEGISLATE.**

Rep. George E. Sykes for Transportation: This bill would have required any railroad that restores service to an abandoned track to be responsible for the cost of restoring crossing points. Based upon a sub-committee report, the committee felt this bill was only addressing a possible future problem. The New Hampshire department of transportation as an owner of rail also testified in opposition to the bill. The committee felt also that more data was needed. Vote 9-2.

**HB 391-FN**, relative to highway noise and establishing a commission to study options for mitigation of damages associated with highway noise. **OUGHT TO PASS WITH AMENDMENT.**

Rep. George E. Sykes for Transportation: This bill will establish a committee to look into options that might be available to mitigate noise damage from highways. The committee amended the bill to establish a study committee to find answers to the many questions that arose during the public hearing. After the study, further recommendations on legislation may be possible. Vote 11-0.

**Amendment (0449h)**

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study options for mitigation of damages associated with highway noise.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee to Study Options for Mitigation of Damages Associated With Highway Noise.

I. There is established a committee to study options for mitigating damages associated with highway noise.

II. The members of the committee shall be as follows:

(a) Three members of the house of representatives, one of whom shall be a member of the public works and highways committee, appointed by the speaker of the house of representatives.

(b) Two members of the senate, appointed by the president of the senate.

III. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

IV. The committee shall:

(a) Review data regarding the cost and effectiveness of methods of ameliorating road noise including methods used in New Hampshire, methods used in other states, and methods that are currently in development.

(b) Gather and review information on the effects noise levels above 65 decibels have on people whose primary residences abut highways, including testimony from affected individuals.

(c) Investigate options for mitigating damages caused by highway noise including compensation, methods detailed by the department, and any other technology that may exist.

V. The members of the committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

VI. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2013.

2 Effective Date. This act shall take effect upon its passage.

**AMENDED ANALYSIS**

This bill establishes a committee to consider options for mitigating damages associated with highway noise.

**HB 567**, relative to identification of publicly owned vehicles. **INEXPEDIENT TO LEGISLATE.**

Rep. Steven D. Smith for Transportation: This bill would have required local, county, and city

governments as well as some non-profits to apply identifying markings on their vehicles. The committee felt that this was an unfunded mandate. Additionally, the bill refers to “agencies,” but does not define “agency,” making it difficult to enact. Vote 12-0.

**HB 240-FN-A**, repealing the prospective repeal date for the research and development tax credit. **INEXPEDIENT TO LEGISLATE.**

Rep. John D. Kelley for Ways and Means: This bill is no longer needed after the passage of SB 1. The gist of this bill is included in SB 1. Vote 16-2.

**HB 487-FN**, relative to refunds for tobacco tax stamps. **INEXPEDIENT TO LEGISLATE.**

Rep. Richard Ames for Ways and Means: This bill seeks to limit refunds for tobacco tax stamps purchased by wholesalers. Its purpose, in part, is to prevent speculative stamp purchases that might be attempted in advance of proposed or contingent increases in the tobacco tax rate. Closely related to this problem is the question of whether and how to provide for a so-called “floor tax” on tobacco products held by retailers to which tobacco stamps purchased at the prior, lower rate have been affixed by the wholesaler. Retailers testified that the “floor tax” is unduly burdensome to administer and should be avoided or minimized if at all possible. The committee will seek to properly address these problems through an amendment to HB 659, an act increasing the tobacco tax. Therefore, this bill is unnecessary. Vote 17-0.

**HB 581-FN-L**, relative to recovering moneys from a neighboring state for mitigation of flooding. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Thomas C. Schamberg for Ways and Means: This bill was requested by 18 immediate towns affected by the building of multiple federal dams that flooded 20,000 acres of NH lands and impacted revenue lost to these towns. A compact between New Hampshire and the states of Massachusetts and Connecticut, which benefited from the flood control, was entered into for payment of compensation for tax losses. The bill urges the attorney general of NH to expedite pursuit of underpayments owed NH under the compacts. Vote 18-0.

#### **Amendment (0121h)**

Amend the bill by replacing section 1 with the following:

1 Recovery of Flood Moneys. The attorney general is hereby urged to expedite the pursuit of the arrearages owed to New Hampshire by Massachusetts for mitigation of flooding as part of the 1953 and 1957 interstate compacts. The attorney general shall make quarterly reports to the speaker of the house of representatives, the president of the senate, and the governor commencing on November 1, 2013 regarding its efforts to collect the moneys owed.

#### **AMENDED ANALYSIS**

This bill urges the attorney general to expedite the pursuit of moneys owed to New Hampshire by Massachusetts for mitigation of flooding pursuant to 2 interstate compacts.

**HB 598**, relative to the reasonable compensation deduction under the business profits tax. **OUGHT TO PASS.**

Rep. Patricia T. Lovejoy for Ways and Means: This bill raises the safe-harbor recordkeeping threshold for reasonable compensation from \$50,000 to \$75,000. The department of revenue administration anticipates little to no revenue impact of this change. This bill helps small businesses by reducing compliance requirements. Vote 18-0.

**HB 662-FN**, requiring the department of revenue administration to collect and make available data on the amount of meals and rooms tax revenue generated in each municipality. **INEXPEDIENT TO LEGISLATE.**

Rep. Patrick F. Abrami for Ways and Means: This bill calls for the DRA to collect data on the amount of meals and rooms tax revenue by municipality by the tenth day of the following month. The committee unanimously voted to ITL this bill citing four practical reasons. First, revenues for a month are not available in ten days; second, tax confidentiality law prevents the revealing of tax data for municipalities with less than 30 taxpayers; third, many businesses with sites in multiple municipalities file a consolidated return with all revenues being reported in one municipality; fourth, some businesses are seasonal, pushing them above and below the 30 taxpayer threshold potentially creating much work for the DRA. Vote 18-0.

**HB 676-FN-A-L**, extending and expanding the Coos county job creation tax credit. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Patricia T. Lovejoy for Ways and Means: As amended, this bill extends the sunset date of the Coos county tax credit from 2013 to 2018. This credit has been a successful and inexpensive credit for developing jobs in Coos County. Vote 18-0.

**Amendment (0640h)**

Amend the title of the bill by replacing it with the following:

AN ACT extending the Coos county job creation tax credit.

Amend the bill by replacing all after the enacting clause with the following:

1 Business Enterprise Tax; Coos County Job Creation Tax Credit. Amend RSA 77-E:3-c, II to read as follows:

II. The initial job creation tax credit allowed under this paragraph shall not apply to any tax period ending prior to the effective date of this section, or to any tax period ending after December 31, ~~2013~~ **2018**. After being initially granted, the tax credit shall be renewable for 4 consecutive additional years, provided that no additional tax credit shall be granted *under this chapter* for any tax period after December 31, ~~2017~~ **2022**.

2 Effective Date. This act shall take effect July 1, 2013.

**AMENDED ANALYSIS**

This bill extends the Coos county job creation credit for 5 years.

**REGULAR CALENDAR - Part I****SPECIAL ORDER****HB 472**, relative to residential units in rooming houses. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Edward A. Butler for the Majority of Commerce and Consumer Affairs: This bill simply closes a loophole currently being used by some landlords to continue to keep those living in rooming houses from becoming tenants. RSA 540:1-a, IV(a) as it exists states that there is an exemption from tenancy rights for "Rooms in rooming or boarding houses which are rented to transient guests for fewer than 90 consecutive days." Some landlords have been skirting this simply stated expectation by moving rooming house guests to another room before their 90 days expires, effectively preventing them from becoming tenants. The majority believes that it is only right to reinforce the 90 day limitation, to prevent skirting the law, and to allow those living in rooming houses to become tenants, with the rights and responsibilities associated with that status, after 90 days of consecutive residency. Vote 10-7.

Rep. Laura M. Jones for the Minority of Commerce and Consumer Affairs: The minority agrees with the majority that this bill was introduced with good intentions, to improve living conditions for occupants of rooming houses. Currently, occupants can be moved to another room, within the same rooming house, before 90 days have passed, in order to avoid tenancy status. Why would rooming house landlords want their occupants to be exempt from the definition of tenancy? According to one landlord who testified, many occupants have criminal records and/or behavior problems, or they are on a "bad tenants" list and other landlords will not rent to them. In other words, they are the type of occupants that a landlord would prefer to be able to "lock-out," should a problem arise, instead of going through the standard, time-consuming eviction process for evicting a "tenant." This landlord testified that if this legislation becomes law, he will sell his two rooming houses. He said that being a rooming house landlord will not be worth the trouble. According to a report emailed to the committee, by the Economic Justice Project Coordinator of the American Friends Service Committee, and published by Housing Action NH, there is a shortage of 24,000 rental units in the very low income category. Losing more of these units will cause a hardship since without this option; many occupants could end up in homeless shelters at taxpayer expense. Another unintended consequence, caused by this legislation, may be that more occupants will be "locked-out" just before the 90 day time period has passed. This will be very inconvenient for occupants because they will have to move and find another rooming house that will rent to them. Even though advocates for rooming house occupants, who testified before the committee, do not believe this legislation will have a detrimental effect, the minority believes that this legislation may reduce the supply of affordable housing and inconvenience occupants.

The question being adoption of the majority committee report of Ought to Pass.

On a division vote, 189 members having voted in the affirmative and 138 in the negative, the majority committee report was adopted and ordered to third reading.

#### **SPECIAL ORDER**

**HB 153**, prohibiting the designation of industrial hemp as a controlled substance. **OUGHT TO PASS.** Rep. Mark Warden for Criminal Justice and Public Safety: This enabling legislation would allow the growing of industrial hemp in New Hampshire. It specifies that the industrial plant be removed from the controlled substance statute. By removing the prohibition, this bill allows a new agricultural crop to be grown, if a farmer so chooses. The committee saw examples of hemp textiles and hemp food (oil, seeds) products. Vote 17-2.

Committee report adopted and ordered to third reading.

#### **SPECIAL ORDER**

**HB 247-FN**, increasing compensation for wrongful incarceration. **OUGHT TO PASS.**

Rep. Kyle J. Tasker for Criminal Justice and Public Safety: This bill would raise the compensation for the extremely rare case of wrongful incarceration from a maximum of \$20,000 total to \$20,000 for each year of wrongful incarceration. The committee feels because only one case of wrongful conviction was brought to our attention the financial burden will not be significant. The amended dollar figure is much more reasonable and realistic and fair compensation has the potential to forestall potentially disastrous law suits. Vote 10-9.

Committee report adopted and ordered to third reading.

#### **SPECIAL ORDER**

**HB 453**, repealing the prospective repeal of the information and analysis center. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Linda Harriott-Gathright for the Majority of Criminal Justice and Public Safety: In 2010 the legislature established an information and analysis center (IAC) at the department of safety, and enacted RSA Chapter 651-F, which set forth how the center would be operated and the procedures that should be taken to ensure that people's civil rights were not violated by the center. After the 9/11 tragedy, a commission was set up by Congress to study how the nation's intelligence, security, law enforcement and defense agencies missed the fact that the 9/11 terrorists had entered this country on fake credentials, traveled across the country, including New England, and were never discovered by the FBI, CIA, or the military. The commission concluded that federal agencies were not in the best position to gather intelligence on terrorist organizations and terrorists within the country itself, and that local, state and county law enforcement, being closer to the people, should be first line of defense. A robust data collection system can help us identify what and where these places are and to warn us, not only of terrorist or criminal activity, but also such natural disasters as hurricanes and floods. By monitoring the depth and speed of melting of the snow pack in the spring IAC can work with the DES bureau of dams and prevent flooding. We can "lean forward" and proactively place sandbags and other resources in low lying areas in advance of coastal flooding. New Hampshire, unique among the states, set up what we call an "all crimes/all hazards" center, which is our IAC. We don't just gather and share data on terrorism, or on crime, but we look at natural hazards as well and try to prepare the state for them, to prevent them whenever we can and give safety warning to our citizens. Further, an advisory committee, including the attorney generals office and the New Hampshire civil liberties union serve to ensure that our civil rights are not violated. Vote 14-5.

Rep. Mark Warden for the Minority of Criminal Justice and Public Safety: The minority feels the New Hampshire fusion center (officially known as the information and analysis center) is an unnecessary redundancy. The justification for its existence was to improve communications among federal, state and local law enforcement entities. This can be accomplished without a separate bureaucracy. The original legislation for the center included a sunset provision; this bill would repeal that sunset. With limited resources, the money spent on this program, run under the auspices of homeland security, could be used for more pressing state needs.

Majority committee report adopted and ordered to third reading.

Rep. Christopher Andrews declared a conflict of interest and did not participate.

#### **SPECIAL ORDER**

**HB 498**, permitting the use of firearms by military or veterans groups in the compact part of a town for military or veterans events, or national holidays. **INEXPEDIENT TO LEGISLATE.**

Rep. Kyle J. Tasker for Criminal Justice and Public Safety: This bill removes the requirement to alert the local police prior to a discharge of firearm or cannon in connection with a military funeral, national holidays and other military commemorations. Veterans have never been refused permission for these activities. The majority of the committee feels this bill is unnecessary. Vote 13-6.

Rep. Pantelakos moved Recommit and spoke in favor.

Adopted.

Recommitted to the Committee on Criminal Justice and Public Safety.

### **SPECIAL ORDER**

**HB 161**, relative to school district policies on health and sex education. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Ralph G. Boehm for Education: This bill allows parents to opt-out of sex education lessons in the health curriculum for religious objections and personal beliefs. The amendment keeps in the religious objection for health curriculum. This bill puts into law what is policy in a lot of school districts. Current law allows parents to opt-out for only religious reasons for the sex education portion of the health curriculum. Vote 13-5.

#### **Amendment (0321h)**

Amend the bill by replacing section 1 with the following:

1 State Board of Education; Duties. Amend RSA 186:11, IX-b to read as follows:

IX-b. Health and Sex Education. Require school districts to adopt a policy allowing an exception to a particular unit of health ~~[or sex]~~ education instruction based on religious objections *and a policy allowing an exception to a particular unit of sex education instruction based on religious objections or personal beliefs*. Such policy shall include a provision for alternative learning sufficient to enable the child to meet state requirements for health education.

#### **AMENDED ANALYSIS**

This bill requires a school district to adopt a policy allowing an exception to health and sex education based on religious objections, personal beliefs, or both.

Rep. Boehm yielded to questions.

#### **MOTION TO LAY ON THE TABLE**

Rep. French moved that **HB 161**, relative to school district policies on health and sex education, be laid on the table.

Rep. Baldasaro requested a roll call; sufficiently seconded.

Amendment adopted.

On a division vote, 246 members having voted in the affirmative and 106 in the negative, the committee report was adopted and ordered to third reading.

### **SPECIAL ORDER**

**HB 576**, establishing Franklin Pierce Day. **INEXPEDIENT TO LEGISLATE.**

Rep. Carol M. McGuire for Executive Departments and Administration: This bill would have the governor declare November 23 of every year as Franklin Pierce Day. Pierce, the only president from New Hampshire, was a very controversial figure in his time and the controversy is still alive today. As a compromise candidate during the divisive period leading up to the Civil War, Pierce was reviled in New Hampshire for his support of the Kansas-Nebraska Act, which extended slavery to the western territories, and his vigorous enforcement of the Fugitive Slave Act. The committee was unwilling to perpetually honor such a person, and suggests to the sponsors that the governor can proclaim such a day on her own authority. Vote 15-0.

### **LAID ON THE TABLE**

Rep. Vaillancourt moved that **HB 576**, establishing Franklin Pierce Day, be laid on the table.

On a division vote, 221 members having voted in the affirmative and 129 in the negative, the motion was adopted.

### **REGULAR CALENDAR - Part I (CONT'D)**

### **SPECIAL ORDER**

**HB 486-FN-A**, making an appropriation for the purpose of paying residential care providers at the Chase Home for Children. **OUGHT TO PASS.**

Rep. Cindy Rosenwald for Finance: This bill appropriates 2.7 million in general funds to settle a lawsuit on rates for at-risk children's shelter services; the state lost the lawsuit in 2011. This appropriation has been set aside from FY 2012 funds and already accounted for in the 2012 comprehensive annual financial report (CAFR). This appropriation, therefore, does not impact either the current or future budget, but the bill is needed to allow the state to make the payment as directed by the courts. Vote 24-0. Committee report adopted and ordered to third reading.

### **SPECIAL ORDER**

**HB 614-FN**, limiting the authorization for new annual general fund-supported debt. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Bernard L. Benn for the Majority of Finance: The intent of this bill is to limit the amount of general fund supported debt in any biennium to 90% of the debt paid off in the prior biennium. The sponsor proposed an amendment to address some of the concerns expressed at the full committee hearing such as dealing with emergencies, short term borrowing needed by the treasury, and a sunset provision. The Finance committee appreciated the intent of the bill but chose not to develop the proposed amendment. The general sense of the committee was that the bill in any form was not needed at this time since the legislature, under both Republican and Democratic leadership, has shown "backbone," has resisted too much borrowing, and has kept New Hampshire's debt to unrestricted revenue ratios well within the parameters set by the state treasurer and that which is expected by the bond rating agencies. Vote 14-11.

Rep. Neal M. Kurk for the Minority of Finance: The legislature has traditionally had the "backbone" to limit its authorization of capital appropriations to an amount recommended by the state treasurer. However, in recent years, state authorized debt has increased more rapidly than usual, and measures of indebtedness looked at by bond rating agencies, such as debt per capita and debt as a percent of personal income, have risen significantly. This bill would have the state return to more prudent debt levels by limiting the authorization of new debt to no more than 90% of retired debt. Fiscal responsibility suggests the state should not live beyond its means.

The question being adoption of the majority committee report of Inexpedient to Legislate.

On a division vote, 222 members having voted in the affirmative and 127 in the negative, the majority committee report was adopted.

### **SPECIAL ORDER**

**HB 623-FN-A**, appropriating funds to the department of environmental services for the purpose of funding eligible and completed drinking water, wastewater, and landfill closure projects under the state aid grant program. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter R. Leishman for Finance: The prime sponsor and supporters of this bill are to be complimented for bringing this important issue to the forefront of the legislature. As a result of the severe economic downturn during the last two biennia, the funding of approved state drinking water, wastewater and landfill closure projects was deferred. However, as with other appropriations bills, the committee believes that this requested appropriation should be addressed in HB 1, the budget bill. Therefore, as with other stand-alone appropriations bills this session, the committee recommends ITL. The committee will make the restoration of the funding of these projects a top priority during the upcoming budget. Additionally, the governor has included some funding for this important program in her budget. Vote 22-2. Committee report adopted.

**HB 271**, stating that New Hampshire will not accept expanded Medicaid. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Laurie Harding for Majority of Health, Human Services and Elderly Affairs: The primary reason that the committee voted HB 271 inexpedient to legislate was because passage of this bill would close the door on further discussion related to Medicaid expansion. It was clear from the public hearing that those testifying (45-50 people) at the very least expected the legislature to continue to explore Medicaid expansion as an option for not only increasing the number of individuals in New Hampshire with health care coverage but also because it would be a vehicle for bringing hundreds of millions of federal dollars into the state. In fact, the federal law is clear that the federal financing / matching rate is: 100% for calendar years 2014, 2015, and 2016; 95% for calendar year 2017; 94% for 2018; 93% for 2019; and 90% for calendar year 2020 and each year thereafter. Section 1905(y)(1) of the Social Security Act, codified at 42 USC § 1396d(y)(1). The Medicaid expansion and its federal financing / matching rate are enshrined in federal law. Changing either of these federal government obligations would require an Act of Congress. In addition, the expansion is entirely voluntary; states can decide when to come into the expansion and they can decide when to leave. During the hearing, the committee heard from business people, representatives from insurance companies, hospitals, physicians, nurses, those suffering from and providers treating people with substance use disorders, as well as many others supporting Medicaid expansion. The ongoing themes of public testimony were related to: doing what is right by working people who are uninsured and have no regular access to health care, helping business owners who can't afford to offer coverage to their low-income employees, addressing the concerns of health care providers who now receive no compensation for treating people without health coverage and reducing the pressure on insurers to shift these uncompensated care costs onto all who pay for private health insurance premiums. The committee thinks that the conversation about Medicaid expansion is just beginning. An ITL vote on HB 271 allows the dialogue to continue. Vote 13-6.

Rep. Richard Meaney for the Minority of Health, Human Services and Elderly Affairs: This bill is needed to prevent Medicaid expansion in New Hampshire. Medicaid expansion is unaffordable. Medicaid rolls in New Hampshire would swell to include nearly one in every six New Hampshire residents. Even thousands of county and state inmates will be covered under expanded Medicaid, hamstringing current efforts to provide cost-efficient care. Many businesses that now provide private insurance will cease providing such insurance due to expensive federal mandates. The "\$2.5 billion federal dollars between 2014-2019" that would be coming to New Hampshire is a pretense and an expensive one at that. Every federal dollar spent today requires 42 cents of borrowing. "Federal dollars" are taxpayer dollars, many of which come from New Hampshire. New Hampshire residents will pay increased taxes and fees to support expanded Medicaid. The state budget will require at least \$15 million annually from 2014-2019 and subsequently an additional \$50-\$100 million annually to service the Medicaid pretense. If the federal promise to provide 90% of NH's expanded Medicaid costs is fulfilled in a manner similar to the fulfillment of the Special Education promise (feds promised 40%, are delivering 17%), we will see NH's expanded Medicaid costs reach a quarter of a billion dollars per year. In the absence of cost controls and reform, we simply can't put more people into a broken system that doesn't work.

**SPECIAL ORDERED**

Rep. MacKay moved that **HB 271**, stating that New Hampshire will not accept expanded Medicaid, be made a Special Order for the next session day in the Regular Calendar order.

Rep. MacKay spoke in favor.

Adopted.

**REGULAR CALENDAR - Part I (CONT'D)****SPECIAL ORDER**

**HB 452**, relative to Food and Drug Administration approval of medication, equipment, and therapies. **INEXPEDIENT TO LEGISLATE.**

Rep. Laurie Harding for Health, Human Services and Elderly Affairs: This bill was voted ITL because no sponsors were present at the hearing and no witnesses came to testify. The bill was only nine lines long and addressed the complex topic of facilities licensed by New Hampshire being able to dispense medication and use equipment and therapies which have not been approved by the FDA. While some of the committee was interested in pursuing this topic, the majority of the committee recognized that there was a great deal of work to be done on a bill about which the committee knew very little. Vote 11-6.

Committee report adopted.

**SPECIAL ORDER**

**HB 118**, providing legal immunity for 911 calls for drug or alcohol related emergencies. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Michael J. Sylvia for the Majority of Judiciary: More Granite Staters die from overdoses than traffic accidents each year; this bill would encourage them to seek medical help in the event of a drug or alcohol overdose by providing them with immunity from prosecution. New Hampshire would join 11 other states which have implemented Good Samaritan laws. Immunity would only be for a few enumerated crimes; possession, control, or transportation, but not for any other charges, such as distribution or DWI. Further, it does not prohibit law enforcement from investigating offenses not covered by the immunity. Studies show that people are hesitant to report an overdose event for fear of involving law enforcement. Delays in getting treatment for a person suffering an overdose will cause more harm and may result in death; HB 118 will save lives. Vote 11-7.

Rep. Joseph M. Hagan for the Minority of Judiciary: This bill would contradict present law. It was opposed by the New Hampshire Chiefs of Police Association and the department of corrections. This would give "A Get Out of Jail Free" card to drug dealers.

**Majority Amendment (0392h)**

Amend the title of the bill by replacing it with the following:

AN ACT providing immunity from criminal prosecution for seeking medical assistance with an emergency drug or alcohol overdose event.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Criminal Code; General Principles. Amend RSA 626 by inserting after section 8 the following new section:

626:9 Immunity for Persons who Suffer or Report an Emergency Drug or Alcohol Overdose Event.

I. A person who reports an emergency drug or alcohol overdose event shall be immune from criminal prosecution for an offense described in this section if:

(a) The person reports in good faith an emergency drug or alcohol overdose event to a law enforcement officer, the 911 system, or a medical provider;

(b) The person remains at the scene of the event until a law enforcement officer or an emergency medical responder arrives or the person remains at the facilities of the medical provider until a law enforcement officer arrives;

(c) The person identifies himself or herself to, and cooperates with, the law enforcement officer, emergency medical responder, or medical provider; and

(d) The chargeable offense arises from the same course of events from which the emergency drug or alcohol overdose event arose.

II. The immunity described in paragraph I shall also extend to the person who suffered the emergency drug or alcohol overdose event if the chargeable offense arose from the same course of events from which the emergency drug or alcohol overdose event arose.

III. The immunity described in paragraph I shall apply to the following criminal offenses:

(a) Possession, control, or transportation of a controlled drug, controlled drug analog, or any preparation containing a controlled drug, or possession, control, or transportation of any drug paraphernalia under RSA 318-B:2.

(b) Unlawful possession and intoxication under RSA 179:10.

(c) Prohibited sales of alcohol under RSA 179:5.

IV. Nothing in this section shall prohibit the prosecution of any person for an offense other than an offense listed in paragraph III or to limit the ability of a prosecutor or a law enforcement officer to obtain or use evidence obtained from a report, recording, or any other statement provided pursuant to paragraph I to investigate and prosecute an offense other than an offense listed in paragraph III.

V. In this section, "emergency drug or alcohol overdose event" means an acute condition including, but not limited to, physical illness, coma, mania, hysteria, or death resulting from the consumption or use of a controlled substance, or of alcohol, or another substance with which a controlled substance or alcohol was combined, and that a layperson would reasonably believe to be a drug or alcohol overdose that requires medical assistance.

2 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill provides immunity from criminal prosecution for any person who in good faith seeks medical assistance with, or experiences, an emergency drug or alcohol overdose event.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Kappler requested a roll call; not sufficiently seconded.

On a division vote, 245 members having voted in the affirmative and 107 in the negative, the majority committee report was adopted and ordered to third reading.

#### SPECIAL ORDER

**HB 409**, relative to the issuance of a default judgment in landlord-tenant actions. **INEXPEDIENT TO LEGISLATE.**

Rep. Paul S. Berch for Judiciary: Current law allows a tenant to ask the court to vacate a default judgment for good cause shown. This bill would require the tenant to pay all rent as due between date of motion to vacate and the decision by the court. The committee felt the bill lacked proper standards, did not define the amount of rent that would need to be paid nor gave the tenant a chance to contest that amount, and did not say to whom and when rent should be paid. The committee felt there were due process problems with this bill. Vote 15-4.

On a division vote, 240 members having voted in the affirmative and 110 in the negative, the committee report was adopted.

#### SPECIAL ORDER

**HB 483-FN**, relative to information regarding abortion. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Sylvia E. Gale for the Majority of Judiciary: This bill would require that all pregnant women seeking abortion care services be informed at least 24 hours prior to the procedure of certain information regarding that procedure by a treating or referring physician. This requirement would impose ideologically driven obstacles to women seeking this medical service and is both impractical and burdensome and could lead to increased health risks for some patients. No woman facing this most personal and difficult decision has come to the point of seeking to terminate a pregnancy without significant thought, deliberation and discussion with her family, friends and health care professionals. This bill suggests that women do not think carefully about abortion and are unable to make responsible decision without government interference. Any woman considering an abortion, like any patient, should receive full and unbiased information from clinical and medical care providers about the chosen procedure and alternative options. Licensed abortion care service providers are already required, like any other medical and clinical care professionals, to provide patients with full and complete information. This bill is unnecessary and potentially harmful for women seeking legally protected abortion care services in licensed medical practices in New Hampshire. Safe and legal abortion appears to be the only medical procedure in which legislative interference is proposed. Such attempts to impose legislative imperatives between a patient and her professional medical provider are unnecessary and should not be acceptable to this body. Vote 13-6.

Rep. Lenette M. Peterson for the Minority of Judiciary: This is a pro-educational/pro-choice bill. Education is key to make an informed decision. Elective surgery is not performed within a 24-hour notice and there is no reason why an abortion cannot have a 24-hour waiting period. This bill would allow plenty of time to study all options available, before making a life changing decision.

The question being adoption of the majority committee report of Inexpedient to Legislate.  
 Reps. Cormier, Notter, Cebrowski and Birdsell spoke against.  
 Reps. Gale and Peter Sullivan spoke in favor.  
 Rep. Bouchard requested a roll call; sufficiently seconded.

 and the majority committee report was adopted.

### SPECIAL ORDER

**HB 583**, relative to proceedings of medical injury claims screening panels. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Gary S. Hopper for the Majority of Judiciary: Screening panels were instituted as a means to sift through medical malpractice law suits in an effort to reduce the time and expense of medical malpractice suits. Over time they have become mini-trials which include the expense of expert witnesses who may cost thousands of dollars. This bill, as amended, allows written offers of proof as evidence rather than live expert witnesses. This will help to return these panels to their original intent and reduce their costs. Vote 12-6.

Rep. Robert H. Rowe for the Minority of Judiciary: This law was passed over a decade ago in an attempt to reduce or moderate the increase of the high medical malpractice insurance costs that medical practitioners are paying. The law established a law suit screening panel --- a doctor, retired judge and lawyer to screen suits. Before a suit can go to the jury the parties must present the liability issue before the panel. This bill modifies the screening panel procedure. The minority believe that it is untimely to make any changes because the entire law is to be formally evaluated this year and a final report submitted on or before December 1, 2013. The responsible action to take is to wait for the final report.

### Majority Amendment (0458h)

Amend the bill by replacing section 7 with the following:

7 Effective Date. This act shall take effect 60 days after its passage.  
 Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, 201 members having voted in the affirmative and 153 in the negative, the majority committee report was adopted and ordered to third reading.

Rep. Gary Richardson declared a conflict of interest and did not participate.

**SPECIAL ORDER**

**HB 596-FN-L**, relative to service of notice of civil actions. **INEXPEDIENT TO LEGISLATE.**  
Rep. Lenette M. Peterson for Judiciary: The committee believes that this bill is trying to fix a problem that does not exist. By having a sheriff deliver the notice, there is no delay in the tenant receiving the notice. Landlords can be fined each day that the notice is not delivered. Vote 14-1. Committee report adopted.

**SPECIAL ORDER**

**HJR 1**, directing the joint legislative historical committee to acquire and display a portrait of suffragist Marilla Marks Ricker. **OUGHT TO PASS.**

Rep. Marsha L. Pelletier for Legislative Administration: It is our honor to offer the name of Marilla Marks Ricker as an early suffragist who, in 1871, cast the first vote as a woman in United States, in the city of Dover New Hampshire. A portrait will be acquired to be displayed and the cost will be defrayed by the joint historical committee and league of women voters. Vote 9-0.

**SPECIAL ORDERED**

Rep. Gary Richardson moved that **HJR 1**, directing the joint legislative historical committee to acquire and display a portrait of suffragist Marilla Marks Ricker, be Special Ordered to the end of today's Regular Calendar – Part I.

Adopted.

**REGULAR CALENDAR - PART I (CONT'D)****SPECIAL ORDER**

**HB 362**, banning corn-based ethanol as an additive to gasoline sold in New Hampshire. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert A. Backus for Science, Technology and Energy: All members of the committee expressly endorsed the goal of moving New Hampshire away from using corn based ethanol as a component of gasoline in New Hampshire and agreed that using a food crop for transportation fuel is not good public policy. The majority further believes that, as amended, the bill contains sufficient protection against the possibility that New Hampshire, standing alone in this position, might require its own "boutique" gasoline and lack sufficient market power to cause suppliers to offer gasoline which does not include corn-based ethanol at a reasonable price. Ample assurance against this concern is provided by the amendment which conditions any New Hampshire ban on three other New England states (or four out of the six states) joining in the ban or by the air pollution advisory committee certifying the ready availability of a non corn based ethanol gasoline blend in New Hampshire at a reasonable price. Vote 11-6.

**Amendment (0350h)**

Amend the bill by replacing all after section 2 with the following:

3 Contingency. Sections 1 and 2 of this act shall take effect upon the date certified to the secretary of state and the office of legislative services of either of the following:

I. The air pollution advisory committee, established by RSA 125-J:11, determines, in consultation with the department of environmental services, that at least 3 other New England states in addition to New Hampshire have statutorily banned corn-based ethanol as an additive to gasoline; or

II. The air pollution advisory committee determines that a fuel that can be used by a regulated entity to meet their compliance obligation pursuant to the federal Renewable Fuels Standard for either advanced biofuel, as defined in the Clean Air Act, 42 U.S.C. 7545(o)(1)(B) or cellulosic biofuel as defined in the Clean Air Act, 42 U.S.C. 7545 (o)(1)(E) is readily available and in sufficient quantities to replace corn-based ethanol in New Hampshire's gasoline supply such that it will not have a significant impact on the price or supply, or both, of gasoline delivered for use in New Hampshire.

4 Report Required. The department of environmental services shall report to the governor, the speaker of the house, the president of the senate, the science, technology and energy committee, and the air pollution advisory committee no later than September 1 annually on the consideration or adoption, or both, of corn-based ethanol bans in other New England states. The report shall also summarize information available to the department on the potential availability and market for advanced and cellulosic biofuel that could serve as a replacement to corn-based ethanol in New Hampshire's gasoline supply.

5 Effective Date.

I. Sections 1 and 2 of this act shall take effect as provided in section 3 of this act.

II. The remainder of this act shall take effect 60 days after its passage.

Amendment adopted.

Committee report adopted and ordered to third reading.

### **SPECIAL ORDER**

**HR 7**, urging the New Hampshire congressional delegation to sponsor and support a constitutional amendment to re-establish the authority of the states and Congress to regulate campaign spending by entities created by law. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Alfred P. Baldasaro for the Majority of State-Federal Relations and Veterans Affairs: The majority believes that HR 7 should have been presented as an HCR, where the Senate would have a say on the subject matter that involves a voice not just by the House. Laws are already on the books dealing with campaign donations and spending. Vote 6-4.

Rep. Linda Massimilla for the Minority of State-Federal Relations and Veterans Affairs: The purpose of the legislation is to address the supreme court's decision with the 2009 citizens united ruling which allows for the disproportionate influence on campaign spending. Corporations and individual citizens are not equal when it comes to free speech, however they may have similar property rights.

### **LAID ON THE TABLE**

Rep. Theberge moved that **HR 7**, urging the New Hampshire congressional delegation to sponsor and support a constitutional amendment to re-establish the authority of the states and Congress to regulate campaign spending by entities created by law, be laid on the table.

Adopted.

### **REGULAR CALENDAR - PART I (CONT'D)**

### **SPECIAL ORDER**

**HB 146**, increasing the speed limit on a portion of I-93 to 70 miles per hour. **OUGHT TO PASS.**

Rep. Brian D. Rhodes for Transportation: This bill raises the speed limit on Interstate 93 from mile marker 45 (Canterbury between exit 17 and 18) north to the Vermont border. This is a rural section of the interstate that has been constructed to support a speed limit of 70 mph. The current speed limit through Franconia Notch will remain the same as its current posted speed. National statistics have not produced an increase in accident rates due to limits being increased by 5 mph. Vote 10-4. Rep. Vaillancourt offered floor amendment (0577h).

### **Floor Amendment (0577h)**

Amend the title of the bill by replacing it with the following:

AN ACT increasing the speed limit on a portion of I-93 and a portion of I-89 to 70 miles per hour.

Amend the bill by replacing section 1 with the following:

1 Speed Limits Raised. Amend RSA 265:60, II(e) to read as follows:

(e) 65 miles an hour on the interstate system, the central New Hampshire turnpike and the eastern New Hampshire turnpike in locations where said highways are 4-lane divided highways or other divided highways of 4 or more lanes, *except that the speed limit on the portion of I-93 from mile marker 45 to the Vermont border, and the portion of I-89 from mile marker 5 to mile marker 55, shall be 70 miles per hour.*

### **AMENDED ANALYSIS**

This bill increases the speed limit on a portion of I-93 and a portion of I-89 to 70 miles per hour. Rep. Vaillancourt spoke in favor.

Rep. Michael O'Brien spoke against and yielded to questions.

On a division vote, 165 members having voted in the affirmative and 187 in the negative, floor amendment (0577h) failed.

The question now being adoption of the committee report of Ought to Pass.

Rep. Bouchard spoke in favor.

Rep. Bartlett spoke against, yielded to questions and requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

**SPECIAL ORDER**

**HB 242**, relative to child passenger restraint requirements. **OUGHT TO PASS WITH AMENDMENT.** Rep. Elizabeth B. Burtis for Transportation: This bill, as amended, brings the New Hampshire child restraint law closer to the nationally accepted best practice for child safety and changes the height restriction for requiring a child restraint device to 56" and changes the age restriction to six years of age increasing the existing law the age by one year and the height one inch. Medical and safety experts advocated for the passage of this bill. The majority of the committee felt the safety of New Hampshire's children to be the most important consideration when voting on this bill. Vote 12-3.

**Amendment (0454h)**

Amend the bill by replacing section 1 with the following:

1 Rules of the Road; Child Restraint System. Amend RSA 265:107-a, I-b to read as follows:

I-b. No person shall drive a motor vehicle on any way while carrying as a passenger a person less than [6] 7 years of age unless such passenger is properly fastened and secured by a child restraint system which is in accordance with the safety standards approved by the United States Department of Transportation in 49 C.F.R. section 571.213. If the passenger is [55] 56 inches or more in height, the provisions of this paragraph shall not apply.

**AMENDED ANALYSIS**

This bill increases the height exception to the child restraint system requirement for motor vehicle operation and adds 6-year-old children to the requirement.

**SPECIAL ORDERED**

Rep. Bouchard moved that **HB 242**, relative to child passenger restraint requirements, be made a Special Order for the next session day in the Regular Calendar order.

Rep. Bouchard spoke in favor.  
Adopted.

**REGULAR CALENDAR - PART I (CONT'D)****SPECIAL ORDER**

**HB 289-FN**, increasing certain speed limits to 70 miles per hour. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Michael B. O'Brien for the Majority of Transportation: This bill, if passed, would have allowed 70 mph on the interstate system and 65 mph on the central turnpike system. The majority of the committee feels that this increase would press the safety design of the roads to a higher limit,

decreasing safe vehicular traffic. Thus, with road safety in mind, the committee recommends keeping the current speed limits. The committee has agreed in HB 146 to allow the increase in speed in a limited capacity and will continue to monitor its progress. Vote 14-1.

Rep. Tim O'Flaherty for the Minority of Transportation: The outdated low speed limit of 65 mph does little to reduce automobile accidents since most occur due to a differential in speed between vehicles. This bill increases the minimum speed limit to 50 mph to reduce a differential in speed. The department of safety testified it supported increasing the minimum speed limit.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Michael O'Brien spoke in favor.

Rep. Vaillancourt spoke against, yielded to questions and requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Rep. Wazlaw voted Nay and intended to vote Yea.

### SPECIAL ORDER

**HB 291-FN**, increasing certain speed limits to 75 miles per hour. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Michael B. O'Brien for the Majority of Transportation: This bill, if passed, would allow 75 mph on the interstate system and 65 mph on the central turnpike system. It also would have allowed portions of the highway system four lanes or more a speed of 60 mph up from 55 mph. The majority of the committee feels that the increase would have taxed the safe engineered limits of the roads and recommends keeping the current speed limits. The committee has agreed in HB 146 to allow the increase in speed in a limited capacity and will continue to monitor its progress. Vote 14-1.

Rep. Tim O'Flaherty for the Minority of Transportation: The current speed limit of 65 mph is too low and arbitrarily enforced. The law should be in accord with actual practice and is undermined when it promulgates widely unenforceable edicts and when they are enforced or done arbitrarily.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Burt requested a roll call; sufficiently seconded.

**SULLIVAN**

Smith, Steven  
 and the majority committee report was adopted.

**SPECIAL ORDER**

**HB 302**, relative to restrictions on holders of youth operators' licenses. **INEXPEDIENT TO LEGISLATE.**

Rep. Sherman A. Packard for Transportation: A majority of the committee felt that the new restrictions in this bill were too restrictive considering the rural areas of New Hampshire. It restricts the ability to have a passenger during the first six months of driving unless they are family members. Vote 12-3. Committee report adopted.

**SPECIAL ORDERED**

Without objection, the Speaker made **HB 399-FN**, establishing the New Hampshire liberty act, a Special Order as the next order of business.

**SPECIAL ORDER**

**HB 399-FN**, establishing the New Hampshire liberty act. **OUGHT TO PASS WITH AMENDMENT.** Rep. Timothy J. Smith for State-Federal Relations and Veterans Affairs: This bill, as amended, seeks to prevent New Hampshire from cooperation in indefinite detention of persons inside the state. The amendments strengthened the bill, and helped to resolve concerns about the bill's constitutional legality under the supremacy clause. Members felt that the bill, as amended, helps protect people in New Hampshire from indefinite detention, and urges the attorney general to challenge the constitutionality of indefinite detention in federal court should it actually happen. Vote 16-0.

**Amendment (0717h)**

Amend RSA 646-B:1, II as inserted by section 2 of the bill by replacing it with the following:

II. Any person who violates paragraph I shall be prosecuted to the fullest extent of current New Hampshire law related to the applicable crime.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 Lawsuit Challenging the National Defense Authorization Act for Fiscal Year 2012. The general court urges the attorney general to initiate or support any lawsuit challenging the constitutionality of the detainment provisions of the National Defense Authorization Act for Fiscal Year 2012.

**AMENDED ANALYSIS**

This bill establishes the New Hampshire liberty act. The bill prohibits the state from supporting or implementing 2 sections of the National Defense Authorization Act for Fiscal Year 2012, pertaining to the authority of the United States armed services to detain persons suspected of terrorism. The bill also urges the New Hampshire attorney general to challenge the constitutionality of the detainment provisions of the federal law.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Theberge spoke in favor.  
 Rep. Winters requested a roll call; sufficiently seconded.

and the committee report was adopted.

**MOTION TO SUSPEND HOUSE RULES**

Rep. Theberge moved that House Rules be so far suspended as to allow *HB 399-FN*, establishing the New Hampshire liberty act, to be referred to the Committee on Criminal Justice and Public Safety as a 2<sup>nd</sup> Committee past the deadline.

Reps. Theberge and Chandler spoke in favor.

Adopted by the necessary two-thirds vote.

The House recessed at 12:20 p.m.

**RECESS**

The House reconvened at 1:20 p.m.

**(Rep. Kaen in the Chair)**

**REGULAR CALENDAR - PART I (CONT'D)****SPECIAL ORDER**

***HB 345*, repealing the prohibition on tinted glass in motor vehicles. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.****

Rep. Michael B. O'Brien for the Majority of Transportation: This bill, if passed, would have increased the allowed amount of after-market window tinting for vehicles. It also would have allowed the sides of the driver and passenger to be tinted as well as the windshield. The majority of the committee felt that the safety of our troopers and law enforcement officers is paramount and increasing after-market tinting would jeopardize their safety. Persons who require for medical reasons after market tinting on a windshield or on the windows to the left and right of the driver may apply to the department of safety for a special permit waiver. Vote 14-1.

Rep. Tim O'Flaherty for the Minority of Transportation: This bill was given an ITL recommendation based on the sentiment that this would affect officer safety despite any evidence to support the notion that tinted windows would endanger anyone. The current prohibition imposes a cost on some vehicle owners who must remove tinting and denies New Hampshire citizens the right to the full enjoyment of their property.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Winters spoke against.

Rep. Sapareto spoke against and yielded to questions.

Rep. Michael O'Brien spoke in favor.

On a division vote, 242 members having voted in the affirmative and 102 in the negative, the majority committee report was adopted.

### **SPECIAL ORDER**

**HB 314**, raising limits on single wagers in games of chance. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Patricia T. Lovejoy for Ways and Means: This bill, as amended, raises the single wager limit on any game of chance from \$4.00 to \$6.00. The \$6.00 bet limit makes the odds work properly in the table games such as craps. The increased bet limit will increase the payout to charities and is estimated to increase tax revenue to the state by \$608,672. This bill also changes the remitting requirement from every five days – with five checks – to once a month by the 5th day of the following month. This will significantly reduce the recordkeeping of the NH racing and charitable gaming commission and the game operators. Vote 15-2.

#### **Amendment (0311h)**

Amend the bill by replacing all after the enacting clause with the following:

1 Wager Limit. Amend RSA 287-D:3, V to read as follows:

V. No single wager by a player, on any game of chance, shall exceed the amount of [~~\$4~~] **\$6**.

2 Game Operators; Deposit of Funds. Amend RSA 287-D:3, X to read as follows:

X. In games where chips have monetary value, 10 percent of the rake or house winnings and other moneys collected by the game operator that are not paid out as prizes to players, less moneys used by the racing and charitable gaming commission to fund authorized personnel expenses and related costs, shall be paid to the state treasurer for deposit into the general fund. Such payments shall be made [~~within 5 business days of the game date on which the funds were collected~~] **once per month not later than the 5<sup>th</sup> day of the month for the funds collected in the previous month.**

3 Effective Date. This act shall take effect 90 days after its passage.

#### **AMENDED ANALYSIS**

This bill raises limits on single wagers in games of chance. The bill also provides for the deposit of funds by the game operators once a month by the 5<sup>th</sup> day of the month.

Amendment adopted.

Rep. Kurk offered floor amendment (0557h).

#### **Floor Amendment (0557h)**

Amend the title of the bill by replacing it with the following:

**AN ACT** raising limits on single wagers in games of chance and relative to gross revenues received by charitable organizations participating in games of chance.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 New Paragraph; Charitable Organizations; Gross Revenues Received. Amend RSA 287-D:3 by inserting after paragraph X the following new paragraph:

XI. Notwithstanding any provision of law to the contrary, after deducting the pay out of prizes, the total of any fees, any rent under paragraph VII, and any other charges of any kind permitted under this chapter, the charitable organization shall retain no less than 30 percent of the gross revenues from any game of chance on any game date in which game operators licensed under RSA 287-D:2-c are involved in any capacity.

#### **AMENDED ANALYSIS**

This bill:

I. Raises limits on single wagers in games of chance.

II. Provides for the deposit of funds by the game operators once a month by the 5<sup>th</sup> day of the month.

III. Requires charitable organizations to retain no less than 30 percent of the gross revenues from any game of chance minus any prizes paid on any game date in which game operators are involved.

Rep. Kurk spoke in favor.

Rep. Lovejoy spoke against and yielded to questions.

**(Speaker Norelli in the Chair)**

On a division vote, 213 members having voted in the affirmative and 135 in the negative, floor amendment (0557h) was adopted.

Committee report adopted and ordered to third reading.

**SPECIAL ORDER**

**HB 564-FN**, relative to simulcast greyhound races. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Patricia T. Lovejoy for the Majority of Ways and Means: This bill seeks to prohibit simulcast of any dog races in NH if the race took place in a state that does not require reporting of greyhound injuries. Currently, there are three states that meet this definition – Florida, Alabama and Arizona. There are two facilities in NH that simulcast dog races, the Rockingham and Seabrook Parks. The vast majority of greyhound races that are simulcast from these two parks are races that take place in Florida venues. Just over 40 percent of all simulcast betting at Seabrook Park is on greyhound races. The Park has stated, and informed their employees, that due to the significantly reduced income they would be closing both their simulcast operation and their charitable gaming room if this bill becomes law. This would result in the loss of 150 jobs and in the loss of \$700,000 per year to charities that rely on the Seabrook charitable gaming operation. The Racing and Charitable Gaming Commission estimates the loss to state revenue to be \$190,000, with a potential loss of up to \$900,000 if Seabrook Park closes, in addition to the loss of ancillary revenues, of rooms & meals tax and business profit taxes. This bill is meant to send a message to Florida to encourage them to institute injury reporting. No other state has taken this stand. A bi-partisan majority of the committee supports the motion to ITL this bill. We believe it will costs jobs, reduce funds to charities and that it will have a negligible impact on Florida's lawmakers. Vote 11-7.

Rep. Mary R. Cooney for the Minority of Ways and Means: The minority of the committee feels that this bill supports the New Hampshire policy of humane treatment of animals and greyhound dogs in particular. The legislature banned greyhound dog racing in 2010 because of its inherent lack of humane treatment of the dogs involved in the business of greyhound racing. This bill only bans the simulcast signals from the states which do not have the policy of reporting injury records to the state. There are seven states that still have dog racing tracks, three of whom still have no reporting system in place: Florida, Alabama and Arizona. In states that require the reporting of injuries, the tracks are better maintained, adoption rates are higher and injuries are fewer. The amendment allows up to July 1, 2014 for the two tracks to switch their simulcast contracts from Florida and Alabama to states that do have an injury reporting requirement. The wagering on simulcast races, both harness, thoroughbred and dog racing is over \$76M. The minority feels that New Hampshire should require the tracks that hold these New Hampshire simulcast licenses to comply with the previously stated values of humane treatment of greyhound racing dogs.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Vaillancourt, Mulholland, Cooney and Robertson spoke against.

Reps. Kahn and Elliott spoke in favor.

Rep. Lovejoy spoke in favor and yielded to questions.

Rep. DiSilvestro requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

**SPECIAL ORDER**

**HJR 1**, directing the joint legislative historical committee to acquire and display a portrait of suffragist Marilla Marks Ricker. **OUGHT TO PASS.**

Rep. Marsha L. Pelletier for Legislative Administration: It is our honor to offer the name of Marilla Marks Ricker as an early suffragist who, in 1871, cast the first vote as a woman in United States, in the city of Dover New Hampshire. A portrait will be acquired to be displayed and the cost will be defrayed by the joint historical committee and League of Women Voters. Vote 9-0.

Reps. Pelletier and Cushing spoke in favor.

Committee report adopted and ordered to third reading.

**MOTION TO PRINT REMARKS**

Rep. Itse moved that the remarks made by Rep. Pelletier be printed in the Permanent Journal. Adopted.

**REMARKS**

**Rep. Pelletier:** Thank you, Madam Speaker. Members of the House, this bill came through our committee and it was voted 9-0 and we could have put it on Consent, but I thought that we needed to talk about it a little bit before it went through. It is our honor to offer the name of Marilla Marks Ricker as an early suffragist who in 1871 cast the first vote as a woman in the United States and it happened in the City of Dover, New Hampshire. What we are going to try to do is get a portrait that will be displayed and the cost will be defrayed by the Joint Historical Committee and the League of Women Voters. I wanted to say a few words about Marilla Ricker. She was born in New Durham and she graduated from Colby Academy in New London. She was a teacher until she was 23, and I do identify with this lady as a teacher and a representative from Dover. She was teaching until she was 23 and then she got married and the rules were then that if you got married, as a woman, you did not teach. So, she moved with her husband to Dover and I'm sure she took care of the household and supported him and then he died five years into the marriage. Well, he was in real estate and left her property and left her money. Like a good citizen, she went down to the City of Dover to pay her property taxes. She paid those and then she asked to register to vote because it was important that if you have taxes to pay, you want representation. As a matter of fact, we even fought a war over that with England. So, her reasoning was, if laws didn't say a woman could vote, then not necessarily that they couldn't. She voted anyway and they took her ballot out and didn't count the vote. She continued on with her fight for rights every time she went down to pay her taxes each year. She paid under protest because she wasn't allowed to vote. She thought if you were a criminal and the law says "he" does that mean they don't prosecute women and that was not the case. She continued throughout her life speaking out for women's rights. She went and got a law degree. She was the first in Washington D.C., a woman, to receive a law degree. She was the first woman to receive a law degree in New Hampshire. Some of her character traits were that she was frank, generous, open-hearted, guided by persistence; you can see that persistence coming through, the ability to foresee possibilities rather than settle for what is, strength of character, hard work and courage and she changed history to the benefit of New Hampshire citizens and all of the United States. Well, came the year that she was 70 years old, she decided to submit her name on the ballot to be a Governor because it says if you live here for 7 years and you are more than 30, you can. Well, she was more than 30, twice that at least, but anyway, she did submit her name on the Republican side of the ballot, but it was never put on the ballot because it was judged that women still could not vote so therefore she couldn't have her name on the ballot. This continued until the 19<sup>th</sup> Amendment came down and New Hampshire voted for that and the vote through the House at

that time was 212 to 143 and the Senate was 14-10. The 19<sup>th</sup> Amendment, as you know, became part of our Constitution and this happened about two months before she died. So, she did live to see that women had the right to vote and women were citizens just like everyone else. It is with honor that we offer her name and it's especially important because this is the first year we have an all woman U.S. Congressional Delegation. We have a woman Governor. We have a Chief Justice of the Supreme Court that is a woman. We have a woman Speaker of the House. We have a woman Senate Minority Leader. We have a woman State Treasurer and we have many women here in the House as well as those in cities and towns that serve as Selectmen on very many important issues. That is why it is important. Thank you.

## REGULAR CALENDAR - PART II

**SB 1-FN-A**, increasing the research and development tax credit against the business profits tax. **BOUGHT TO PASS WITH AMENDMENT.**

Rep. Susan W. Almy for Ways and Means: The research and development tax credit has been in place now for five years and is doing what it was designed to do: help mostly small businesses improve their products and productivity and grow our economy. New Hampshire cannot afford to compete on tax credits with other states, but our small targeted credit does have an effect. So many companies are applying now that they are getting a quarter of what they qualify for. This increase is to provide a better incentive in that regard. The sunset is also repealed in order to provide long-term certainty. The amendment fixes this repeal and adds text to allow further reporting to the legislature, which has been cleared with the department of resources and economic development. Vote 18-0.

### Amendment (0547h)

Amend the title of the bill by replacing it with the following:

AN ACT increasing the research and development tax credit against the business profits tax and relative to the report of the commissioner of resources and economic development on the research and development tax credit.

Amend the bill by replacing all after section 1 with the following:

2 Research and Development Tax Credit Program. Amend RSA 162-P:1 to read as follows:

162-P:1 Research and Development Tax Credit Program.

I. The commissioner of resources and economic development shall file a report detailing the implementation of the tax credit program under RSA 77-A:5, XIII and the results achieved. The report shall include the following:

(a) Methods and activities used to implement the tax credit program.

(b) The number of companies, including venture capital funds, contacted relative to locating research and development activities in the state.

(c) *Types and sizes of companies using the credit, and the effect on hiring and company growth, to the extent permitted by confidentiality concerns.*

(d) *Size of the credit relative to the federal credit for typical companies.*

(e) Other information as deemed relevant.

II. This report shall be filed with the president of the senate, the speaker of the house of representatives, *the chairmen of the house and senate ways and means committees*, and the governor on or before July 31 of each year, beginning with July 31, 2008.

3 Repeal. 2007, 271:7, I, as amended by 2012, 116:1, relative to the prospective repeal date of the research and development tax credit, is repealed.

4 Effective Date. This act shall take effect 60 days after its passage.

### AMENDED ANALYSIS

This bill increases the research and development tax credit against the business profits tax. The bill repeals the prospective repeal of the research and development tax credit.

The bill also changes the reporting requirements for the commissioner of resources and economic development regarding the research and development tax credit.

Amendment failed.

Rep. Almy offered floor amendment (0708h).

### Floor Amendment (0708h)

Amend the title of the bill by replacing it with the following:

AN ACT increasing the research and development tax credit against the business profits tax and relative to the report of the commissioner of resources and economic development on the research and development tax credit.

Amend the bill by replacing all after section 1 with the following:

2 Research and Development Tax Credit Program. Amend RSA 162-P:1 to read as follows:.

162-P:1 Research and Development Tax Credit Program.

I. The commissioner of resources and economic development shall file a report detailing the implementation of the tax credit program under RSA 77-A:5, XIII and the results achieved. The report shall include the following:

(a) Methods and activities used to implement the tax credit program.

(b) The number of companies, including venture capital funds, contacted relative to locating research and development activities in the state.

(c) *Types and sizes of companies using the credit, and the effect on hiring and company growth, to the extent permitted by confidentiality concerns.*

(d) *Size of the credit relative to the federal credit for typical companies.*

(e) Other information as deemed relevant.

II. This report shall be filed with the president of the senate, the speaker of the house of representatives, *the chairmen of the house and senate ways and means committees*, and the governor on or before July 31 of each year, beginning with July 31, 2008.

3 Repeal. 2007, 271:6 and 2007, 271:7, I, as amended by 2012, 116:1, relative to the prospective repeal date of the research and development tax credit, are repealed.

4 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill increases the research and development tax credit against the business profits tax. The bill repeals the prospective repeal of the research and development tax credit.

The bill also changes the reporting requirements for the commissioner of resources and economic development regarding the research and development tax credit.

Rep. Almy spoke in favor.

Floor amendment (0708h) adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Almy yielded to questions.

Rep. Campbell requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

**HB 405**, establishing a committee to study issues related to children and families. **INEXPEDIENT TO LEGISLATE.**

Rep. Audrey M. Stevens for Children and Family Law: The committee agreed that the intent of this bill is a request for the information that is being researched in other study committees that are already established. The committee felt the other committees were better suited to present future legislation. Vote 15-3.

Committee report adopted.

**HB 539**, relative to enforcement of child support orders. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Kelleigh D. Murphy for the Majority of Children and Family Law: This bill would have required the court to make a finding that the obligor has the ability to pay prior to issuing a finding of contempt or imposing other sanctions. The committee was concerned that the bill was duplicative, given that the present uniform support order requires the court to make a finding of an obligor's ability to pay. The committee further felt that current law properly placed the burden to prove an inability to pay on the obligor, and that this bill would turn that on its head. Vote 16-2.

Rep. Jeffrey D. Oligny for the Minority of Children and Family Law: Evidence continues to come from public members that have been sanctioned by the court for non-payment of child support without a clear finding from the court that they have the ability to pay the current court order. Although the uniform support order form has a checkbox to assure that someone has the ability to pay their child support order, the effectiveness of this remains in question. This bill assures that we sanction persons appropriately for failure to pay child support and do not inappropriately punish parents, further limiting their earnings ability and further harming the family financially.

Majority committee report adopted.

**HB 551**, establishing a commission to study the establishment of a paid family leave insurance program, contingent on the availability of federal funds to be administered through the department of employment security and supported by a payroll deduction or other revenue source. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert L. Nigrello for Children and Family Law: The majority believes a study to determine if a private voluntary paid portion of the family medical leave act (FLMA) would be viable within the state. The paid portion of the leave would come from a voluntary funded insurance plan for employees and employers. The existing task force on work and family will be charged with producing the study with a reduced and amended membership. Committee believes a viable voluntary program could be a competitive advantage to New Hampshire businesses. The amendment adjusts the make up of the task force to eliminate members from organizations that no longer exist and balance it with new members. Vote 15-1.

**Amendment (0718h)**

Amend the title of the bill by replacing it with the following:

**AN ACT** relative to the composition and duties of the task force on work and family.

Amend the bill by replacing all after the enacting clause with the following:

1 Task Force on Work and Family; Membership. RSA 276-B:2, I is repealed and reenacted to read as follows:

I. The members of the task force shall be as follows:

(a) Two members of the house of representatives, appointed by the speaker of the house of representatives.

(b) Two members of the senate, appointed by the president of the senate.

(c) One member appointed by the governor.

(d) The commissioner of the department of employment security, or designee.

(e) The commissioner of labor, or designee.

(f) The commissioner of the department of health and human services, or designee.

(g) The commissioner of the department of education, or designee.

(h) A representative of the Business and Industry Association of New Hampshire, appointed by the association.

(i) A representative of the New Hampshire Small Business Association, appointed by that organization.

(j) A representative of the New Hampshire Small Business Development Center at the university of New Hampshire, appointed by the center.

(k) A representative of a local chamber of commerce, appointed by the governor.

(l) A representative of the Greater New Hampshire Human Resource Association, appointed by the association.

(m) A representative of the university of New Hampshire, Carsey Institute, appointed by the institute.

(n) A representative of the New Hampshire Children's Trust Fund, appointed by that organization.

(o) A representative of the university of New Hampshire cooperative extension, appointed by the extension.

(p) A representative of Child and Family Services, appointed by that organization.

(q) A representative of the New Hampshire Children's Alliance, appointed by that organization.

(r) A member of the New Hampshire AFL-CIO, appointed by the chapter president.

(s) A representative of skilled workers, appointed by the New Hampshire State Building and Construction Trades Council.

(t) A representative of Spark NH, appointed by that organization.

(u) A representative of the Women's Fund of New Hampshire, appointed by that organization.

(v) A representative of the insurance industry appointed by the New Hampshire Association of Domestic Insurance Companies.

2 New Subparagraphs; Task Force on Work and Family; Duties. Amend RSA 276-B:3, I by inserting after subparagraph (e) the following new subparagraphs:

(f) Study the establishment of a paid family leave voluntary insurance program, contingent on the availability of federal funds to be administered through the department of employment security and supported by a payroll deduction or other revenue source.

(g) Seek federal and private funds to complete an actuarial study to determine the costs of sustaining a paid family leave voluntary insurance program.

3 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill changes the composition and duties of the task force on work and family.

Amendment adopted.

Committee report adopted and ordered to third reading.

#### **HB 552**, relative to child support expenditures. **INEXPEDIENT TO LEGISLATE.**

Rep. Caroletta C. Alicea for Children and Family Law: This bill increases the costs that are currently set for child support payments without solving the problem it seeks to address. Merely creating a separate bank account will not eliminate the struggles between mothers and fathers in regards to the child support awards. There are also concerns that persons who currently have divorced and are in volatile situations could possibly be put in harms way. Vote 15-0.

Committee report adopted.

#### **HB 554**, allowing parents to agree on college contributions. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Ruth P. Gulick for Children and Family Law: This bill will allow parents to agree upon college contributions and file such agreement with the court. Under present law, the courts may not enforce such agreements even when both parents agree upon the contributions. This bill would allow such agreements, and would further allow parties to designate such payments as modifiable or non-modifiable. Finally, the amendment adds a requirement for mediation of such agreements prior to court action where a party wishes to deviate from a filed agreement. Vote 18-0.

#### **Amendment (0484h)**

Amend the bill by replacing all after section 1 with the following:

2 New Sections; Agreement on College Expenses. Amend RSA 461-A by inserting after section 20 the following new sections:

461-A:21 Agreement on College Expenses. Parents may agree to contribute to their child's college expenses or other educational expenses beyond the completion of high school as part of a stipulated decree, signed by both parents and approved by the court. The agreed-on contribution may be made by one or both parents. The agreement may provide for contributions to an account to save for college, for the use of an asset, or for payment of educational expenses as incurred. Any such agreement shall specify the amount of the contribution, a percentage, or a formula to determine the amount of the contribution.

461-A:22 Modification of Agreements on College Expenses. Every agreement made under RSA 461-A:21 shall state whether the agreement either is modifiable or is not modifiable. To qualify as not modifiable, the agreement shall state a specific dollar amount to be contributed by either or both parents. If the parents' agreement states that it is modifiable, the legal test for modification shall be a substantial change in circumstances that was not foreseeable when the agreement was signed.

461-A:23 Enforcement of Agreements on College Expenses. The court shall enforce any parental agreement on educational expenses that meets the requirements of RSA 461-A:21.

461-A:24 Mediation of Agreements on College Expenses. Before any court hearing to modify or enforce any agreement to contribute to college expenses, the parties shall participate in mediation, either privately contracted mediation or mediation under RSA 461-A:7.

3 Applicability. The requirements of RSA 461-A:21 as inserted by section 2 of this act shall not apply to parental agreements signed before the effective date of this act.

4 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Committee report adopted and ordered to third reading.

**HB 571**, establishing a task force to study and make recommendations on the judicial branch family court division. **INEXPEDIENT TO LEGISLATE.**

Rep. Kelleigh D. Murphy for Children and Family Law: This bill would have established a 21-member task force to study and make recommendations on the family court division. The committee felt that this bill was overly broad, that there were a number of more narrowly tailored study bills before the committee already, and that testimony showed that there were ample recent studies on the family court division. Vote 16-0.

Committee report adopted.

**HB 664-FN**, relative to the New Hampshire vaccine association. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Kermit R. Williams for Commerce and Consumer Affairs: This bill amends the New Hampshire Vaccine Association Law (RSA 126-Q), a non-profit corporation that collects revenues from assessable entities for the cost of CDC-recommended vaccines provided to children in New Hampshire. The amendment replaces the entire bill after the enacting clause. The bill broadens the class of assessable entities to include third party administrators that are either licensed by or required to register with the Insurance Department, thereby including self-funded coverage. The bill also changes the assessable unit from all lives to child lives. Vote 15-4.

#### Amendment (0686h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Hampshire Vaccine Association; Definitions. RSA 126-Q:1 is repealed and reenacted to read as follows:

126-Q:1 Definitions. In this chapter:

I. "Assessable coverage" means:

(a) Health coverage as defined in RSA 420-G:2, IX;

(b) Stop loss coverage that conforms with RSA 415-H:3, or other group excess loss insurance purchased against the risk that any particular claim, or total liability, will exceed a specified dollar amount; or

(c) Group health plan, as defined by 42 U.S.C. 300gg-91(a).

II. "Assessable entity" means any:

(a) Health maintenance organization, as defined by RSA 420-B:1, VI.

(b) Third party administrator, as defined by RSA 402-H:1, I.

(c) Entity providing administrator services and required to register with the insurance commissioner under RSA 402-H:11-a or RSA 402-H:11-b.

(d) Insurance company licensed pursuant to RSA 401:1, IV.

(e) Health service corporation, as defined by RSA 420-A:1, III.

III. "Assessable lives" means all children under 19 years of age residing in the state who have assessable coverage written or administered by an assessable entity.

IV. "Assessment" means the assessable entity's liability with respect to childhood vaccines determined in accordance with this chapter. For purposes of rate setting and medical loss ratio calculations, all association assessments are considered pharmaceutical or medical benefit costs and not regulatory costs. In the event of any insolvency or similar proceeding affecting any payer, assessments shall be included in the highest priority of obligations to be paid by or on behalf of such payer.

V. "Association" means the New Hampshire vaccine association.

VI. "Board" means the board of directors of the New Hampshire vaccine association.

VII. "Commissioner" means the commissioner of the department of health and human services.

VIII. "Estimated vaccine cost" means the estimated cost to the state over the course of a state fiscal year of the purchase, distribution, and administration of vaccines purchased at the federal discount rate by the department of health and human services.

IX. "Provider" means a person licensed by this state to provide health care services to persons or a partnership or corporation made up of those persons.

X. "Total non-federal program cost" means the estimated vaccine cost less the amount of federal revenue available to the state for the purchase, distribution, and administration of vaccines.

XI. "Vaccine" means any preparations of killed microorganisms, living attenuated organisms, or living fully virulent organisms that are approved by the federal Food and Drug Administration and recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention and have been authorized by the commissioner of the department of health and human services for administration to children of the state of New Hampshire under the age of 19 years for the purposes of producing or artificially increasing immunity to particular life-threatening and disabling diseases.

2 New Hampshire Vaccine Association; Creation. Amend RSA 126-Q:2 to read as follows:

126-Q:2 Creation of Association. There is hereby created a nonprofit corporation to be known as the New Hampshire vaccine association. The association is formed to assess ~~[insurers]~~ **assessable entities** for the cost of vaccines provided to certain children in New Hampshire.

3 New Hampshire Vaccine Association; Powers and Duties. Amend RSA 126-Q:3, I to read as follows:

I. The New Hampshire vaccine association shall be comprised of all ~~[insurers currently writing or maintaining health insurance in New Hampshire]~~ **assessable entities**.

4 New Hampshire Vaccine Association; Powers and Duties. Amend RSA 126-Q:3, III(a) to read as follows:

(a) Three representatives selected from the ~~[insurers]~~ **assessable entities** currently writing ~~[or], maintaining [health insurance in New Hampshire and having the most child covered lives in New Hampshire], or administering assessable coverage through a voting process where votes are based on assessable lives. The plan of operation shall provide details for this selection process.~~

5 New Hampshire Vaccine Association; Powers and Duties. Amend RSA 126-Q:3, V(e)-(n) to read as follows:

(e) On an annual basis, no later than November 1 of each year, establish the amount of the assessment **for the succeeding year**.

(f) Enter into contracts as necessary or proper to collect and disburse the assessment.

(g) Enter into contracts as necessary or proper to administer the plan of operation.

(h) Sue or be sued, including taking any legal action necessary or proper for the recovery of any assessment for, on behalf of, or against members of the association or other participating person.

(i) Appoint from among its directors, committees as necessary to provide technical assistance in the operation of the association, including the hiring of independent consultants as necessary.

(j) ~~[Notify, in writing, each insurer of the insurer's assessment by November 15 of each year].~~  
**Determine an assessment amount and collect payments from assessed entities in accordance with RSA 126-Q:4.**

(k) Submit an annual report to the commissioner of insurance, in a manner and form determined by the commissioner, listing the association membership base, providing a count of ~~[covered]~~ *assessable* lives by ~~[member]~~ *assessable entity*, identifying changes in ~~[association membership and covered]~~ *assessable* lives *by assessable entity*, describing the collection of assessments, listing payment delinquencies, and containing such other related information as the commissioner may require.

(l) Allow each ~~[insurer]~~ *assessable entity* up to 90 days after the notification required by subparagraph (j) to remit its assessment or submit an assessment payment plan, subject to approval by the association and initial payment under an approved assessment payment plan] *45 days after the closing of each calendar quarter to report its assessable lives and remit its corresponding assessment amount as calculated pursuant to RSA 126-Q:4.*

(m) ~~[Deposit annual]~~ *Collect assessments from assessable entities as calculated under RSA 126-Q:4 and deposit said assessments [collected by the association] less the association's administrative costs annually and reserves with the state treasurer to the credit of the vaccine purchase fund established pursuant to RSA 141-C:17-a. At the written request of the association following a majority vote of the board of directors, any funds forwarded to the state treasurer for the vaccine purchase fund remaining unexpended for childhood vaccines, shall promptly be returned to the association.*

(n) *Be authorized to enter into one or more agreements with other applicable authorities in surrounding states to reduce the risk of duplicate assessments and to assure availability of vaccines for children who are residents of this state but who receive vaccination services in other states. Any costs relating to any such agreement shall be considered additional vaccine costs of the program for purposes of determining the association's assessments.*

(o) Perform any other functions as may be necessary or proper to carry out the plan of operation.

*(p) Adopt procedures by which affiliated assessable entities calculate their assessment on an aggregate basis and procedures to ensure that no assessable life is counted more than once. Unless otherwise determined by the board, the assessable entity responsible for the payment of the provider's administrative costs for childhood vaccines shall be the entity responsible for reporting assessable lives and payment of the corresponding assessment.*

6 New Hampshire Vaccine Association; Assessment. RSA 126-Q:4 is repealed and reenacted to read as follows:

#### 126-Q:4 Assessment Determination.

I. The board shall determine an assessment for each assessable entity in accordance with this section. An assessment determination made pursuant to this section is a pharmaceutical cost and not a regulatory cost for purposes of calculating the carrier's medical loss ratio.

II. In determining the assessment amount, the board shall:

(a) Estimate the total non-federal program cost for the succeeding year;

(b) Add its anticipated operating costs for the succeeding year and such additional working capital reserves as may be established by the board from time to time;

(c) Add a reserve of up to 10 percent of the anticipated cost under subparagraph (a) for unanticipated costs associated with providing vaccines to children covered; and

(d) Subtract the amount of any unexpended assessments collected in the preceding year along with any unexpended interest accrued to the fund during the preceding year.

III. The board shall include in its plan of operations, details regarding the timing for assessment collections, and the form and format assessable entities shall use to calculate assessments.

IV. The board shall include in its plan of operation details regarding payment due dates, grace periods, late payment fees, interest, and other details regarding the collection of assessments.

V. The board may determine an interim assessment for new vaccines or unanticipated shortfalls in the association's ability to meet childhood vaccine funding needs. The board shall calculate the interim assessment in accordance with paragraph II, and the interim assessment is payable the calendar quarter that begins no less than 30 days following the establishment of the federal contract price. The board shall not impose more than one interim assessment per year, except in the case of a public health emergency declared in accordance with state or federal law.

VI. In the event that the association discontinues operation for any reason, any unexpended assessments, including unexpended funds from prior assessments in the state vaccine purchase fund, shall be refunded to payees in proportion to the respective assessment payments by payees over the most recent 8 quarters prior to discontinuation of association operations.

7 New Hampshire Vaccine Association; Powers and Duties. Amend RSA 126-Q:5 to read as follows:

126-Q:5 Powers and Duties. In addition to the duties and powers enumerated elsewhere in this chapter:

I. The commissioner of insurance shall ~~[fine any insurer that fails to pay an assessment within 6 months of notification under RSA 126-Q:3, V(j)].~~ The fine shall be at least \$5,000 and no more than 125 percent of the amount of the delinquent assessment. Fines so levied shall be deposited with the state treasurer to the credit of the vaccine purchase fund established pursuant to RSA 141-C:17-a), *after notice from the association, issue a show cause order to any assessable entity that fails to comply with the association's plan of operation. In addition to late fees and other penalties imposed by the association, assessable entities may, after a finding of just cause, be subject to a minimum fine of \$5,000, a maximum fine of 25 percent of the total amount of delinquent assessments, and licensure suspension.*

I-a. The insurance commissioner shall annually review the *assessment* report required under RSA 126-Q:3, V(k) ~~[on association membership, covered lives, and the payment of assessments]~~ to ensure that all ~~[insurers that should be members of the association]~~ *assessable entities* are participating in the association and that all ~~[association members]~~ *assessable entities* have accurately reported ~~[covered]~~ *assessable* lives ~~[and paid the proper assessment]~~. The association shall remedy any problem identified by the commissioner with respect to ~~[membership in the association, reporting of covered lives, or payment of the assessment]~~ *assessable entities and assessable lives.*

II. The commissioner and the commissioner of insurance may adopt rules, pursuant to RSA 541-A, as necessary to carry out the purposes of this chapter.

2 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. On a division vote, 291 members having voted in the affirmative and 53 in the negative, the committee report was adopted and ordered to third reading.

### **HB 668-FN, relative to group and individual health insurance market rules. OUGHT TO PASS WITH AMENDMENT.**

Rep. Chris Muns for Commerce and Consumer Affairs: This bill is a request of the insurance department. HB 668 preserves New Hampshire's state regulatory authority over health insurance. After new market rules under the federal Affordable Care Act (ACA) take effect on January 1, 2014, state insurance laws will be preempted if their enforcement would prevent the application of the federal law. As amended, HB 668 makes the minimal changes required to preserve state regulatory authority, while retaining provisions that do not conflict with the ACA. Specifically, the bill aligns New Hampshire's market rules for the individual and small group markets with those of the ACA by eliminating underwriting and preexisting condition waiting periods and adopting the ACA's allowable rating factors and employee counting rules. As amended, the bill would retain the status quo which prohibits geographic rating, but would require the department to prepare a report highlighting alternative approaches to geographic rating and their likely impacts. The department would also study the possibility of linking availability of a tobacco cessation program to use of the tobacco rating factor in the individual market; this linkage would already be present in the small group market. Vote 16-3.

#### **Amendment (0627h)**

Amend RSA 420-G:2, XII-a as inserted by section 4 of the bill by replacing it with the following:

XII-a. "List billing" means a method of calculating premium rates for small employer groups in which each enrolled employee's rate varies ~~[only]~~ by the enrolled employee's attained age ~~[and]~~, the enrolled employee's family composition, *and tobacco use by the enrolled employee and the employee's covered family.*

Amend the bill by replacing section 6 with the following:

6 Definitions Added. Amend RSA 420-G:2, XV-a to read as follows:

XV-a. "*Qualified health plan*" means a health plan that meets all requirements for certification set forth under 42 U.S.C. section 18021 and any applicable rules or regulations.

XV-b. "Rating period" means the time period for which the premium rate charged by a health carrier to an individual or a small employer for a health benefit plan is in effect.

***XV-c. "SHOP exchange" means the Small Business Health Options Program established for New Hampshire under 42 U.S.C. section 13031(b).***

Amend RSA 420-G:4, I-a(f) as inserted by section 9 of the bill by replacing it with the following:

***(f) For small employers, carriers shall calculate premium rates for employee and dependent coverage on a list bill basis and shall provide the employer with a billing statement that shows premiums on both a list bill and a composite bill basis.***

Amend RSA 420-G:5, I as inserted by section 11 of the bill by replacing it with the following:

***I. Health carriers providing [health] grandfathered coverage [for individuals] may in the individual market only, perform medical underwriting, including the use of health statements or screenings or the use of prior claims history, to the extent necessary to establish or modify premium rates as provided in RSA 420-G:4. Health carriers shall not perform medical underwriting for any other type of coverage in the individual and small group markets. Health carriers providing coverage in the large group market may perform medical underwriting.***

Amend the bill by replacing section 18 with the following:

18 Participation Requirements. Amend RSA 420-G:9, I and II to read as follows:

***I. For coverage purchased outside of the SHOP exchange, a health carrier may not require more than the minimum participation percentage of the employees eligible for health coverage in a small employer group to participate in the health carrier's health coverage plan. The minimum participation percentage shall be 75 percent when the health carrier's plan is the sole health coverage plan being sponsored by the employer group, and 37.5 percent when the health carrier's plan is not the sole health coverage plan being sponsored by the employer group.***

***I-a. For coverage purchased in the SHOP exchange, the exchange shall not require more than the minimum participation percentage of the employees eligible for health coverage in a small employer group to participate in the SHOP exchange, equal to 75 percent. No health carrier shall apply any other participation test.***

***II. For the purpose of calculating whether or not a small employer group's enrollment meets a carrier's minimum participation requirements:***

***(a) Any full-time or part-time employees who are covered as a dependent on another person's health coverage or are enrolled in a governmental plan such as Medicare, Medicaid, or TRICARE shall be excluded from the count.***

***(b) Any full-time or part-time employees who have been found eligible for a premium tax credit and are enrolled in a qualified health plan purchased through an exchange shall be excluded from the count.***

***(c) The total number of full-time employees and part-time employees who are otherwise eligible for health coverage shall be counted.***

Amend the bill by replacing section 20 with the following:

20 Rulemaking. Amend RSA 420-G:14, I to read as follows:

***I.(a) The commissioner [may] shall adopt rules, under RSA 541-A, [necessary to the proper administration of this chapter:] relative to establishing:***

***(1) Uniform age rating levels that are consistent with 45 C.F.R. 147.102.***

***(2) Special enrollment periods designed to allow employees to purchase individual coverage on the exchange during their employer's open enrollment period, even if the employer's open enrollment period does not coincide with the open enrollment period in the individual market.***

***(b) The commissioner may adopt further rules, pursuant to RSA 541-A, necessary to the proper administration of this chapter.***

Amend the bill by replacing all after section 25 with the following:

26 New Section; Prohibition on Lifetime or Annual Limits; Coverage of Preventative Health Services. Amend RSA 420-G by inserting after section 3 the following new section:

420-G:3-a Prohibition on Lifetime or Annual Limits; Coverage of Preventative Health Services.

***I. All health coverage offered by health carriers to individuals, small employers, or large employers shall:***

***(a) Not contain lifetime or annual limits, in accordance with 42 U.S.C. section 300gg-11(a); and***

***(b) Provide coverage for preventative health services, without any cost-sharing requirements, in accordance with 42 U.S.C. section 300gg-13.***

***II. This section shall not apply to grandfathered health coverage.***

27 New Section; Consistency. Amend RSA 420-N by inserting after section 6 the following new section:

420-N:6-a Consistency. In order to prevent a default to federal regulation and to preserve the state's status as the sole regulator of the business of insurance within the state, the oversight committee shall have the authority to find, with respect to any specific provision within Title XXXVII, that the provision is inconsistent with and prevents the application of the Act and to authorize the commissioner, on a provisional basis, to implement a specific provision of the Act. The commissioner's authority to implement this provision shall extend only until such time as the general court can take legislative action to amend Title XXXVII as it deems appropriate.

28 Report Required. The commissioner shall issue a report to the speaker of the house of representatives, the president of the senate, the house and senate committees having jurisdiction over commerce issues, and the governor no later than December 1, 2013 with respect to considerations and possible approaches to the creation of geographic rating areas for the individual and small group markets and with respect to the possibility of requiring that carriers applying a tobacco rating factor in the individual market make available a tobacco cessation wellness program, participation in which would fully offset any increase in premium due to the tobacco rating factor.

29 Repeal. The following are repealed:

- I. RSA 420-G:4-b, relative to New Hampshire HealthFirst.
- II. RSA 420-G:7, IV, relative to alternative method of crediting coverage.

30 Effective Date.

- I. Sections 27 and 28 of this act shall take effect 60 days after its passage.
- II. Section 8 of this act shall take effect January 1, 2016.
- III. The remainder of this act shall take effect January 1, 2014.

Amendment adopted.

Committee report adopted and ordered to third reading.

**HB 337-FN**, legalizing marijuana and cannabis. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Brenda E. Grady for the Majority of Criminal Justice and Public Safety: This bill went through several motions in committee before arriving at the final Inexpedient to Legislate. Of the many points and concerns raised were: a) The "message" being sent to young people that marijuana, being legally available to those over 21, minimized the negative effect on a user under 21. b) Some members had a shared belief that marijuana was indeed the "Gateway Drug" for other illegal drugs. c) The biochemical affects upon the brain, especially when used frequently, have been shown to be psychoactive, influencing memory, thinking and concentration. d) Testimony against this bill was provided by a federal firearms licensee because passing a state law legalizing marijuana will conflict with federal laws that prohibit any person who is an unlawful user of marijuana from shipping, transporting, receiving, or possessing firearms or ammunition. Additionally, federal law makes it unlawful for any person, including federal firearms licensees to dispose of any firearm or ammunition to any person who is an unlawful user of a controlled substance, such as marijuana. Again, this bill is in conflict with federal law. Vote 12-8.

Rep. Mark Warden for the Minority of Criminal Justice and Public Safety: This bill would remove the words "cannabis and marijuana" from RSA section 318-B, the Controlled Drug Act. It repeals the prohibition on this plant in all forms and repeals the illegality of possessing drug paraphernalia such as pipes, bongs and "carburetion tubes and masks." The minority believes that the time has come for a serious discussion about the state's war on marijuana users. Untold costs to the taxpayers, ruined families and careers and misallocation of law enforcement and judicial resources away from prosecuting violent crimes are all good reasons to pass this legislation. Study after study shows that a large percentage of the population supports ending marijuana prohibition. Further, the minority rejects the notion of federal supremacy in this area. The United States and state constitutions guarantee state sovereignty and the state's responsibility to make laws that govern its residents is clear. We proved with Real ID that we can successfully challenge overreach from Washington, DC. Relative to legal products, every thinking person realizes that abuse of tobacco and alcohol are far greater dangers to personal and public health than simple cannabis use. Finally, this legislation turns back the notion that the state must regulate the personal behavior of adults and youths. Parents are the best ones to teach proper conduct and safe habits to their children. Criminal penalties for cannabis possession have the unintended consequence of supplanting parental responsibility, encouraging a father and mother to abdicate their duty to teach right and wrong to their children.

The question being adoption of the majority committee report of Inexpedient to Legislate.  
Rep. Vaillancourt requested a roll call; sufficiently seconded.

and the majority committee report was adopted.  
Reps. Sanborn and Hansen voted Nay and intended to vote Yea.

Grenier, James

Schmidt, Andrew

**HB 442**, prohibiting residency restrictions for registered sex offenders and offenders against children. **OUGHT TO PASS.**

Rep. Brenda E. Grady for Criminal Justice and Public Safety: The majority of the committee felt that this bill would be considered unconstitutional if brought up to the court. Testimony supplied by the department of safety stated that such restrictions force sex offenders "underground" into a non-compliance status. Vote 16-2.

Committee report adopted and ordered to third reading.

**HB 458**, relative to resisting arrest. **INEXPEDIENT TO LEGISLATE.**

Rep. Philip E. Ginsburg for Criminal Justice and Public Safety: Existing law makes it a misdemeanor for a person to physically interfere with an arrest; the act becomes a class B felony if resisting arrest causes serious bodily injury. The bill would confine the offense to cases of "lawful" arrest based on probable cause, eliminating the provision in current law that the offense exists regardless of whether there is a legal basis for the arrest. The committee concluded that the change would encourage many arrestees, believing that they were being arrested improperly, to feel justified in violent resistance, endangering both law enforcement officers and themselves. The committee prefers that, in the interest of public safety, questions of the legality of arrests be decided peacefully, in court. Vote 18-2.

Rep. Dan McGuire spoke against.

Rep. Ginsburg spoke in favor.

Rep. Worsman requested a roll call; sufficiently seconded.

Rollins, Skip  
and the committee report was adopted.

**HB 512**, relative to the power of a peace officer to make an arrest without a warrant. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert R. Cushing for Criminal Justice and Public Safety: This bill is one of a series of bills to come before the committee this year that the bipartisan majority believes would weaken current law protecting victims of domestic violence and make those victims more vulnerable to battering and other abuse. The bill prohibits a law enforcement officer from arresting a batterer without a warrant in any case unless the officer or another police officer witnessed the abuse occurring. If this bill is enacted, a police officer responding to a domestic call who arrived at the scene and found a woman knocked unconscious, with a man the officer had probable cause to believe was the perpetrator standing nearby, the officer would be unable to make an arrest for domestic violence until the victim regained consciousness and could write out a complaint. The bill also repeals the current law that permits an arrest without warrant when a law enforcement officer has probable cause to believe that the person to be arrested has committed a misdemeanor crime and, if not immediately arrested, will not be apprehended, will destroy or conceal evidence of the crime or will cause further personal injury or damage to property. The bill was opposed by victims who had been battered and abused by their domestic partners, by the New Hampshire coalition against domestic and sexual violence and its 14 member programs, as well as the attorney general, the department of safety, and many other law enforcement agencies. The majority believes passing this bill will roll back domestic violence protections that have been in place since the legislature, in 1999, revised the Protection of Persons from Domestic Violence Law. We urge the House to defeat this bill and send a clear message that in the state of New Hampshire domestic abuse is a crime that will not be tolerated or condoned. Vote 18-2.

Committee report adopted.

**HB 619-FN**, prohibiting images of a person's residence to be taken from the air. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Steve Vaillancourt for Criminal Justice and Public Safety: Admittedly, New Hampshire may be the first state to pass a bill of this kind, but by a wide margin, the committee believes that we should be proud in going where no state has gone before. In fact, this bill could well become a model for other states when it comes to regulating drones which, more and more as technology advances, could pose a threat to individual privacy. The amendment is carefully crafted and thorough in defining air space, drones and other items referred to in the body of the bill. The goal is to prevent images of a person's residence to be taken from the air by drones which can be extremely small and are now increasingly available, at a very cheap cost. The committee is alarmed to think that a person could use one of these devices to invade a neighbor's privacy. We delight in being in the forefront of stopping Big Brother from making inroads here. At the same time, wording is careful so as to not ban aerial photos, taken by drones, of properties when no faces are recognizable. While this bill might be difficult to enforce, so too are many other laws we pass, and as publicity spreads on the progress of this bill, the committee expects many positive results, if not in the next month or year, then certainly in the mid and long term. Vote 16-2.

### Amendment (0448h)

Amend the title of the bill by replacing it with the following:

AN ACT regulating the use of drones.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Drones. Amend RSA by inserting after chapter 644 the following new chapter:

CHAPTER 644-A

DRONES

644-A:1 Definitions. In this chapter:

I. "Airspace" means the space above the ground in New Hampshire that is not part of airspace governed by federal law.

II. "Drone" means an unmanned flying machine that is capable of:

(a) Capturing images or sounds of objects or people on the ground, in or about buildings or structures, or in the air;

(b) Intercepting communications on the ground, in or about buildings and structures, or in the air; or

(c) Firing a bullet, LASER-type ray, other projectile or any kind of lethal or non-lethal weapon.

III. "Government" means federal, state and local agencies and departments and any political subdivisions thereof, including employees, agents and contractors.

IV. "Individual" means a living human being.

V. "Information" means any evidence, images, sounds, or data gathered by a drone.

VI. "Person" means individuals, corporations, organizations, for-profit and not-for-profit entities, excluding the government.

VII. "Surveillance" means the act of monitoring, observing, photographing, taking images of, listening to, or making a recording of:

(a) A recognizable individual or a group of individuals or their movements, activities, and communications; or

(b) The interior of a building or structure.

644-A:2 Use of Drones Prohibited; Exceptions.

I.(a) No government shall use a drone in this state; provided, however, that such prohibition shall not apply:

(1) To counter a high risk of a terrorist attack by a specific person if the United States Secretary of Homeland Security determines that credible intelligence indicates there is that risk.

(2) If a government first obtains a search warrant based on probable cause signed by a judge authorizing the use of a drone. The warrant shall be limited to a particular person or location and limited to a particular investigation. The warrant shall be limited to a period of 45 days. Within 10 days after the warrant expires, the law enforcement agency shall serve a copy of the warrant on the person subject to drone surveillance, except that a judge may delay notice upon a showing of reason to believe that the notice would jeopardize an ongoing investigation.

(3) If a government possesses reasonable suspicion that, under particular circumstances, swift action is needed to prevent imminent to harm to life or serious damage to property, or to forestall the imminent escape of a suspect, or the destruction of evidence. The use of a drone under subparagraph (c) shall be limited to a period of 48 hours. Within 24 hours of the initiation of the use of a drone under this subparagraph (c), the government shall report in writing the use of a drone to the attorney general.

(4) If a government obtains the prior, written consent of the person who is the subject of the surveillance and the owner or lessee of the property which is the subject of the surveillance.

(b) If a government uses a drone under this paragraph, it shall within 24 hours permanently destroy all information gathered by the drone other than that relating directly to the purpose for which the warrant was obtained.

(c) Evidence obtained by a government through the use of a drone in violation of this paragraph shall not be admissible in any judicial or administrative proceeding and shall not be used to establish reasonable suspicion or probable cause to believe that an offense has been committed.

II. No person shall use a drone to conduct surveillance without the prior, written consent of each affected individual or other person and each owner or possessor of affected buildings or structures. It shall not be a defense to a charge of violating this chapter that the property, including buildings, structures or land, below the airspace was not marked with a no-trespassing sign or similar notice.

III. No government or person shall own or use a drone that is equipped with a bullet, LASER-ray, other projectile or any kind of lethal or non-lethal weapon.

IV. No person shall use a drone for the purpose of hunting or stalking game.

V. Any government or person that owns, uses, or exercises control over a drone in this state that causes injury to a person or property shall be strictly liable for the injury.

644-A:3 Reporting Requirement. A government that owns or operates one or more drones shall on each July 1st report in writing to the attorney general the number of drones it owns, leases, and uses and the number of times each was used during the prior year.

644-A:4 Penalties.

I. Each individual, including a government employee, agent, and contractor, who violates RSA 644-A:2, I shall be guilty of a class B felony.

II. Each person, including a government employee, agent, and contractor, who violates RSA 644-A:2, III shall be guilty of a class A felony.

III. A government that violates RSA 644-A:2, I or III shall be subject to a civil penalty of up to \$10,000 which shall be deposited in the general fund of the state.

IV. Each person who violates RSA 644-A:2, II shall be guilty of a class A misdemeanor.

V. Each person who violates RSA 644-A:2, IV shall be guilty of a class B misdemeanor.

VI. Any person who suffers injury caused by a drone operated in violation of this chapter shall be entitled to damages from the person or government that committed the violation of not less than \$5,000 and an award of reasonable attorney fees.

VII. In addition to any other remedies allowed by law, a person who gains unauthorized control over a drone shall be liable to the owner of the drone in an amount of not less than \$5,000 and an award of reasonable attorney fees.

2 Effective date. This act shall take effect July 1, 2013.

#### AMENDED ANALYSIS

This bill prohibits, with limited exceptions, the use of drones by state agencies and individuals. It establishes criminal penalties and civil remedies for violations of the law.

#### SPECIAL ORDERED

Rep. Pantelakos moved that **HB 619-FN**, prohibiting images of a person's residence to be taken from the air, be made a Special Order for the next session day in the Regular Calendar order. Rep. Pantelakos spoke in favor.

#### LAIID ON THE TABLE

Rep. Cali-Pitts moved that **HB 619-FN**, prohibiting images of a person's residence to be taken from the air, be laid on the table. Adopted.

#### REGULAR CALENDAR - PART II (CONT'D)

**HB 673-FN**, requiring prosecution of a law enforcement officer for failure to enforce the crime of interference with custody. **INEXPEDIENT TO LEGISLATE.**

Rep. Brenda E. Grady for Criminal Justice and Public Safety: This bill would make it a class B felony for a state, county or local law enforcement officer to knowingly fail to enforce state law on interference with custody as defined in RSA 633:4. The majority of the committee believed that a class B felony was too severe a consequence for a police officer to suffer when dealing with custody arguments. Too many variables may be involved that influence the decision for a parent to withhold a child temporarily from custody. It was also believed that police officers may be pressured to make arrests simply to avoid criminal prosecution themselves. Vote 16-3. Committee report adopted.

**CACR 7**, relating to public education. Providing that the general court shall have the authority to define standards for public education, establish standards of accountability, mitigate local disparities in educational opportunity and fiscal capacity, and have full discretion to determine the amount of state funding for education. **INEXPEDIENT TO LEGISLATE.**

Rep. June M. Frazer for Education: This CACR would provide "that the General Court shall have the authority to define standards for public education, establish standards of accountability, mitigate local disparities in educational opportunity and fiscal capacity, and have full discretion to determine the amount of state funding for education." The committee noted that the contents of the bill had been rejected by the General Court several times in the past, as recently as March 2011. It was

Committee report adopted.

Rep. Gary B. Richardson for the Majority Election Law: This bill amends voter registration procedures. The committee amendment changes the voter registration form to conform to the definition of domicile contained in RSA 654:1. The amendment also removes references to laws relating to motor vehicle registration and licensing from the voter registration form. The amendment includes a provision requested by the minority that acknowledges that registering to vote may cause notification to be sent to the last place where the registrant formerly voted. Finally, the amendment retains language contained in current law acknowledging that knowingly providing false information to vote is a class A misdemeanor with a maximum sentence of imprisonment not to exceed one year and a fine not to exceed \$2,000. Vote 10-8.

Rep. Shawn N. Jasper for the Minority of Election Law: The minority takes exception to the portion of the bill which removes the notification to new voters that by declaring New Hampshire as their domicile they are subject to the laws of the state which apply to all residents, including laws requiring a driver to register a motor vehicle and apply for a New Hampshire driver's license within 60 days of becoming a resident. The committee has been provided with copies of the affidavit, which the Secretary of State has filed with the court in reference to the ongoing case of Hannah Rivers et al. v. State of New Hampshire, in which he reports on specific instances where new voters have experienced problems because they did not realize the consequences of registering to vote and one individual complained that they felt lied to and had they been fully informed they never would have registered; the individual felt "totally taken advantage of." We should not ignore the fact that our laws do require certain things of people who decide to declare New Hampshire as their domicile; they do and potential voters should be informed of the most obvious of them. The minority recognizes that there is confusion about the difference between domicile and residency, but the simple truth is that one cannot claim that they can move their domicile to New Hampshire, but claim residency in another state. In his affidavit the Secretary of State states; "It cannot be that non-residents can somehow claim domicile for voting purposes only and be able to change the foundation of New Hampshire and its government by voting for its lawmakers and proposed constitutional amendments on the ballot." The language the majority wants to remove does nothing to change the underlying law on which the statement is based, but it does allow others to mislead potential voters and cause the type of problems which the Secretary points out.

Amend the bill by replacing all after the enacting clause with the following:

654:7 Voter Registration; Voter Registration Form.

(c) Domiciled in the town or city in which the applicant is registering to vote and not otherwise disqualified to vote.

III. If an applicant is unable to provide the proof of qualifications as required in RSA 654:12, he or she may register by completing the necessary affidavits, pursuant to RSA 654:12, and completing the form in paragraph IV.

IV. A standard registration application form shall be used throughout the state. The registration form shall be no larger than 8 1/2 inches by 11 inches. The secretary of state shall prescribe the form of the voter registration form, which shall be in substantially the following form:

# VOTER REGISTRATION FORM

1. Name	Last	(suffix)	First	Full Middle Name
---------	------	----------	-------	------------------

2. Domicile Address \_\_\_\_\_

Street	Ward Number
Town or City	Zip Code

3. Mailing Address if different than in 2 \_\_\_\_\_

Street	Ward Number
Town or City	Zip Code

4. Place and Date of Birth \_\_\_\_\_

Town or City	State
Date _____	

5. If a naturalized citizen, give name of court where and date when naturalized \_\_\_\_\_

6. Place last registered to vote \_\_\_\_\_

Town or City	Ward Number
Street	Ward Number

7. Name under which previously registered, if different from above \_\_\_\_\_

8. Party Affiliation (if any) \_\_\_\_\_

9. Driver's License Number \_\_\_\_\_ State \_\_\_\_\_

If you do not have a valid driver's license, provide the last four digits of your social security number \_\_\_\_\_

My name is \_\_\_\_\_. I am today registering to vote in the city/town of \_\_\_\_\_, New Hampshire.

I understand that to vote in this city/town, I must be at least 18 years of age, I must be a United States citizen, and I must be domiciled in this city/town.

***A domicile for voting purposes is that one place where a person, more than any other place, has established a physical presence and manifests an intent to maintain a single continuous presence for domestic, social, and civil purposes relevant to participating in democratic self-government. A domicile is that place, to which upon temporary absence, a person has the intention of returning.***

I understand that a person can claim only one state and one city/town as his or her domicile at a time. [A domicile is that place, to which upon temporary absence, a person has the intention of returning:] By registering or voting today, I am acknowledging that I am not domiciled or voting in any other state or any other city/town.

[In declaring New Hampshire as my domicile, I am subject to the laws of the state of New Hampshire which apply to all residents, including laws requiring a driver to register a motor vehicle and apply for a New Hampshire's driver's license within 60 days of becoming a resident.]

In declaring New Hampshire as my domicile, I realize that I am not qualified to vote in the state or federal elections in another state.

If I have any questions as to whether I am entitled to vote in this city/town, I am aware that a supervisor of the checklist is available to address my questions or concerns.]

I acknowledge that I have read and understand the above qualifications for voting and do hereby swear, under the penalties for voting fraud set forth below, that I am qualified to vote in the above-stated city/town, and, if registering on election day, that I have not voted and will not vote at any other polling place this election. ***I acknowledge that by registering to vote in this jurisdiction, notification of this registration may be sent to the city/town where I last registered to vote.***

Date

Signature

In accordance with RSA 659:34, the penalty for knowingly or purposefully providing false information when registering to vote or voting is a class A misdemeanor with a maximum sentence of imprisonment not to exceed one year and a fine not to exceed \$2,000. Fraudulently registering to vote or voting is subject to a civil penalty not to exceed \$5,000.

2 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill modifies the voter registration form.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.  
Rep. Jasper spoke against.  
Rep. Gary Richardson spoke in favor and yielded to questions.  
Rep. Burt requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

**HB 448**, making changes to state representative districts. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary B. Richardson for Election Law: This bill seeks to redistrict Belknap, Hillsborough and Merrimack counties. The NH Supreme Court has ruled in clear and unequivocal language that the legislature may only reapportion once following the last decennial census. "As soon as the legislature has fulfilled its constitutional duty to reapportion once based upon the last federal census, it may not reapportion again until the next federal census," (Petition of Senator Clifton Below, 151 NH 135 (2004) issued June 22, 2004.) Some members of the committee urged that the bill be retained. The majority believes that the law is clear and that retention of the bill would only encourage the false hopes of those aggrieved by the current redistricting plan that some alternative plan can be adopted before the next census. As much as some may object to the current redistricting plan, the Supreme Court found it constitutional. We are a nation of laws and must follow the law even when we disagree with it. Vote 11-6.

Rep. Peter Schmidt spoke against and yielded to questions.

**(Rep. Kaen in the Chair)**

## SULLIVAN

Gottling, Suzanne

and the committee report was adopted.

**HB 599-FN**, relative to establishing a single liquor commissioner. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Lucy M. Weber for Executive Departments and Administration: This bill reduces the number of liquor commissioners from three to one, bringing the liquor commission into line with the structure of most other departments. The amendment made two changes to the original bill. The first broadened the experience required to "significant business and retail experience." The majority believes this provides sufficient flexibility to allow a larger pool of applicants, but makes it clear the degree of experience and professionalism required. The second change clarified that existing language barring any interest in the liquor or beverage business meant any financial interest. Vote 16-2.

**Amendment (0603h)**

Amend the bill by replacing section 1 with the following:

1 Liquor Commission. Amend RSA 176:1 to read as follows:

176:1 Commission. There shall be a state liquor commission ~~[consisting of 3 members]~~ *under the executive direction of a liquor commissioner, who shall also be known as the chairman of the liquor commission*, appointed by the governor with the consent of the council. ~~[Not more than 2 members shall belong to the same political party. Each member]~~ *The commissioner shall have significant business management and retail experience and shall complete a criminal history records check prior to confirmation by the council. The liquor commissioner* shall hold office for a term of 6 years. If a vacancy shall occur ~~[in the commission]~~, it shall be filled for the remainder of the term. ~~[Any or all of the commissioners]~~ *The commissioner* may be removed by the governor and council for cause.

Amend the bill by replacing section 3 with the following:

3 Requirements. Amend RSA 176:4 to read as follows:

176:4 Requirements. The ~~[members of the commission]~~ *commissioner* shall devote ~~[their]~~ *his or her* entire time to the service of the commission. ~~[No member of the commission]~~ *The commissioner* shall ~~[be directly or indirectly interested]~~ *not have any financial interest, direct or indirect*, in the liquor or beverage business. The compensation and expenses of the ~~[commissioners]~~ *commissioner* and the expenses of the administration of this chapter shall be paid by the state on the warrant of the governor with the approval of the council.

Amendment adopted.

Committee report adopted and ordered to third reading.

Rep. Mary Nelson notified the Clerk that she wished to be recorded as opposed to the passage of **HB 599-FN**, as amended.

**HB 610-FN**, relative to attorney's fees and costs in an action against a governmental unit for false arrest. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter M. Sullivan for Judiciary: This bill appears to be an imperfect solution searching for a non-existent problem. Other than a few anecdotal accounts, the committee received no evidence that false arrests are an endemic problem in New Hampshire. This legislation could potentially have the unintended consequences of encouraging litigation and discouraging law enforcement officers from making appropriate arrests. Existing state and federal law contains appropriate remedies for false arrest, and these have served our state well. Vote 15-1.

Committee report adopted.

**HB 670-FN**, relative to marital masters. **INEXPEDIENT TO LEGISLATE.**

Rep. David Woodbury for Judiciary: This bill raises the same concerns in the same language as HB 648. However, this bill contains language mandating the appointment of a new Coos County marital master. Both the committee and the judicial branch felt that this mandate ran afoul of the roles of separate branches of government. The committee received and accepted clear assurances from judicial branch personnel that it is addressing Coos County's concerns. Vote 15-1.

Committee report adopted.

**HB 178-FN-L**, relative to binding arbitration in public labor relations disputes. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Christopher R. Andrews for the Majority of Labor, Industrial and Rehabilitative Services: This bill was an attempt by the sponsor to alleviate the endless cycle of failed negotiations with respect to ratifying a collective bargaining agreement. A subcommittee reviewed the report authored in 2011 as well as heard testimony from stake holders. While it's evident that a concern may exist as we were furnished anecdotal evidence, the subcommittee was in consensus that we heard no evidence with respect to when and or why negotiations do not succeed past the current process which would warrant adoption of the proposal. The subcommittee unanimously agreed to propose that two recommendations from the 2011 report move forward, requiring the PELRB to maintain on their website a training program with respect to NH RSA and Rules governing collective bargaining which would allow all parties to have a clear understanding of process and timeline, further the PELRB would be required to track and maintain a database of the disposition of collective bargaining agreements following the vote track and maintain a database of the disposition of collective bargaining agreements following the vote of the local legislative body. This report would be furnished to the Speaker of the House and Senate President in order to analyze future data to better understand where problems may arise from the current process. It was felt that we do not currently have enough hard evidence to make any substantive changes to current RSA to be of benefit to all parties. Vote 18-2.

Rep. Charles F. Weed for the Minority of Labor, Industrial and Rehabilitative Services: The minority is disappointed that the majority has neglected the original intent of the bill as filed to fix what is broken in the impasse procedure of RSA 273a. The policy of getting more evidence about expired contracts is a notable goal. However, there was lack of evidence of recurring endless negotiations resulting from the impasse procedure that terminates in an unaccepted fact finder report. The "one size fits all" impasse procedure in situations where the final contract does not go to the voters sometimes leads to a negotiating process without an end.

#### Majority Amendment (0623h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to public employer collective bargaining agreements.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Public Employer Labor Relations; Public Employer Labor Relations Board.

Amend RSA 273-A:2 by inserting after paragraph VIII the following new paragraph:

IX. The board shall develop, post, and maintain on its website training to educate negotiating parties as to applicable laws and rules and the skills that contribute to effective collective bargaining.

2 New Paragraph; Records and Reports. Amend RSA 273-A:16 by inserting after paragraph IV the following new paragraph:

V. Within 14 days after a legislative body votes on a collective bargaining agreement or a fact finding report, the result of such vote shall be reported by the public employer to the board, which shall maintain a record of such information and provide an annual summary report to the speaker of the house of representatives and the senate president.

3 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill requires the public employee labor relations board to:

I. Post online training for collective bargaining.

II. Maintain a record how political subdivisions vote on collective bargaining agreements and provide the legislature with an annual report.

Rep. Burrige requested a roll call; not sufficiently seconded.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

#### **HB 501-FN, relative to the minimum wage. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Sally H. Kelly for the Majority of Labor, Industrial and Rehabilitative Services: New Hampshire's original minimum wage statute, enacted in 1949, began a tradition of providing for a state minimum wage. In 2011 legislation was enacted which removed the New Hampshire minimum wage language, automatically defaulting New Hampshire to the federal minimum wage. Some of those voting in the majority struggled with passing language that did not increase the minimum wage; in the end the majority knows restoring the New Hampshire minimum wage at \$7.25 per hour is a positive first step but clearly more work needs to be done to help these low end wage earners. Vote 15-5.

Rep. Gary L. Daniels for the Minority of Labor, Industrial and Rehabilitative Services: The minority consists of those who believe that a business knows better than government what that business can afford to pay someone, and one who wanted an increased minimum wage, which the committee rejected.

### **Majority Amendment (0658h)**

Amend the title of the bill by replacing it with the following:

AN ACT instituting a state minimum hourly rate.

Amend the bill by replacing all after the enacting clause with the following:

1 Minimum Hourly Rate. Amend the introductory paragraph of RSA 279:21 to read as follows:

279:21 Minimum Hourly Rate. Unless otherwise provided by statute, no person, firm, or corporation shall employ any employee at an hourly rate lower than **\$7.25 or** that set forth in the federal minimum wage law, as amended. Tipped employees of a restaurant, hotel, motel, inn or cabin, who customarily and regularly receive more than \$30 a month in tips directly from the customers will receive a base rate from the employer of not less than 45 percent of the applicable minimum wage. If an employee shows to the satisfaction of the commissioner that the actual amount of wages received at the end of each pay period did not equal the minimum wage for all hours worked, the employer shall pay the employee the difference to guarantee the applicable minimum wage. The limitations imposed hereby shall be subject to the following exceptions:

2 Effective Date. This act shall take effect 60 days after its passage.

### **AMENDED ANALYSIS**

This bill establishes a state minimum hourly wage.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Weed offered floor amendment (0824h)

### **Floor Amendment (0824h)**

Amend the bill by replacing all after the enacting clause with the following:

1 Minimum Hourly Rate. Amend the introductory paragraph of RSA 279:21 to read as follows:

279:21 Minimum Hourly Rate. Unless otherwise provided by statute, no person, firm, or corporation shall employ any employee at an hourly rate lower than **\$7.75 or** that set forth in the federal minimum wage law, as amended. Tipped employees of a restaurant, hotel, motel, inn or cabin, who customarily and regularly receive more than \$30 a month in tips directly from the customers will receive a base rate from the employer of not less than 45 percent of the applicable minimum wage. If an employee shows to the satisfaction of the commissioner that the actual amount of wages received at the end of each pay period did not equal the minimum wage for all hours worked, the employer shall pay the employee the difference to guarantee the applicable minimum wage. The limitations imposed hereby shall be subject to the following exceptions:

Reps. Weed, Robertson and Andrew White spoke in favor.

Rep. Cahill spoke in favor and yielded to questions.

Rep. Infantine spoke against, yielded to questions and requested a roll call; sufficiently seconded.

**HB 400**, relative to funding agreements issued by life insurance companies.

**HB 401**, relative to property and casualty insurers under the risk-based capital law.

- HB 489-FN**, relative to the New Hampshire medical malpractice joint underwriting association.
- HB 511-FN**, relative to insurance holding companies.
- HB 526-FN**, relative to termination of activities and dissolution of the association created under RSA 404-G.
- HB 559**, relative to the general banking laws of the state.
- HB 560**, repealing the board of trust company incorporation.
- HB 640**, relative to the standard valuation law.
- HB 450-FN**, relative to the annulment of criminal records.
- HB 629-FN**, relative to the criteria for approving and calculating school building aid grants.
- HB 183**, relative to processing absentee ballots.
- HB 265**, relative to procedures by absentee voters.
- HB 352**, relative to sending checklists to the state archives.
- HB 234**, relative to occupational and professional boards and commissions procedures concerning military service and occupational experience or training.
- HB 334-FN**, requiring pharmacy interns to register with the pharmacy board.
- HB 342-FN**, relative to reporting of compensation paid to retired members of the retirement system.
- HB 353**, relative to the regulation of private investigators and security guards.
- HB 313**, relative to the regulation of the compounding of drugs by pharmacists.
- HB 375**, requiring certain health care organizations to report to the department of health and human services regarding implementation of New Hampshire's 10-year mental health plan.
- HB 528**, relative to support and care costs for children with disabilities.
- HB 556**, establishing a committee to study the resolution of barriers to the use of telehealth technology in New Hampshire.
- HB 636**, relative to the waitlist for community mental health services.
- HB 373**, establishing a right of discovery to a carrier's investigation of claims in workers' compensation cases.
- HB 414**, relative to privacy in the workplace.
- HB 546**, relative to medical examinations under workers' compensation.
- HB 363**, establishing a committee to study the form of the oath taken by members of the general court.
- HB 410**, establishing a commission to study and update the rules and procedures of the legislative ethics committee under RSA 14-B and the laws governing legislative ethics under RSA 15-B.
- HB 139**, relative to the time towns that have adopted official ballot voting have to approve bonding in solid waste management districts.
- HB 204-FN-L**, relative to the removal of social security and other numbers from registry of deeds documents available on the Internet.
- HB 429**, relative to service of writs against cities.
- HB 506**, relative to certain time periods for adoption and amendment of town codes and ordinances.
- HB 522**, relative to duties of town treasurers.
- HB 634**, relative to water resource management and protection plans in municipal master plans.
- HB 655-FN**, relative to the collection of the amount of the property tax deferral for the elderly or disabled upon sale of the property.
- HB 393**, relative to effluent limitations with regard to nitrogen and phosphorus.
- HB 513**, relative to the shoreland protection act.
- HB 516**, establishing a committee to study the overlap of federal, state, and local regulation relative to environmental issues.
- SB 57**, relative to approval of the project proposed by the Town of Alstead for the lower Warren Brook Restoration project, establishing a commission to determine the appropriate use of flood damaged property, and repealing a commission established in 2006 to determine the appropriate use of property damaged in the October 2005 floods.
- HB 374**, relative to electric utility investment in distributed energy resources.
- HB 517**, relative to the incidental combustion of untreated wood at certain municipal transfer stations.
- HB 391-FN**, establishing a committee to study options for mitigation of damages associated with highway noise.
- HB 581-FN-L**, relative to recovering moneys from a neighboring state for mitigation of flooding.
- HB 598**, relative to the reasonable compensation deduction under the business profits tax.
- HB 676-FN-A-L**, extending the Coos county job creation tax credit.
- HB 472**, relative to residential units in rooming houses.

**HB 153**, prohibiting the designation of industrial hemp as a controlled substance.

**HB 247-FN**, increasing compensation for wrongful incarceration.

**HB 453**, repealing the prospective repeal of the information and analysis center.

**HB 161**, relative to school district policies on health and sex education.

**HB 486-FN-A**, making an appropriation for the purpose of paying residential care providers at the Chase Home for Children.

**HB 118**, providing immunity from criminal prosecution for seeking medical assistance with an emergency drug or alcohol overdose event.

**HB 583**, relative to proceedings of medical injury claims screening panels.

**HB 362**, banning corn-based ethanol as an additive to gasoline sold in New Hampshire.

**HB 146**, increasing the speed limit on a portion of I-93 to 70 miles per hour.

**HB 314**, raising limits on single wagers in games of chance and relative to gross revenues received by charitable organizations participating in games of chance.

**HJR 1**, directing the joint legislative historical committee to acquire and display a portrait of suffragist Marilla Marks Ricker.

**SB 1-FN-A**, increasing the research and development tax credit against the business profits tax.

**HB 551**, relative to the composition and duties of the task force on work and family.

**HB 554**, allowing parents to agree on college contributions.

**HB 664-FN**, relative to the New Hampshire vaccine association.

**HB 668-FN**, relative to group and individual health insurance market rules.

**HB 442**, prohibiting residency restrictions for registered sex offenders and offenders against children.

**HB 119**, relative to voter registration.

**HB 599-FN**, relative to establishing a single liquor commissioner.

**HB 178-FN-L**, relative to public employer collective bargaining agreements.

**HB 501-FN**, instituting a state minimum hourly rate.

### RECESS MOTION

Rep. Shurtleff moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.  
Adopted.

The House recessed at 5:28 p.m.

### RECESS

#### (Rep. Weber in the Chair)

### RESOLUTION

**(Rep. Shurtleff in the Chair)**

**ENROLLED BILL AMENDMENT**

**SB 57**, relative to approval of the project proposed by the Town of Alstead for the lower Warren Brook Restoration project, establishing a commission to determine the appropriate use of flood damaged property, and repealing a commission established in 2006 to determine the appropriate use of property damaged in the October 2005 floods. (Amendment printed SJ 3-14-13)  
Adopted.

**SENATE MESSAGE**

**CONCURRENCE WITH AMENDMENT**

**SB 1-FN-A**, increasing the research and development tax credit against the business profits tax and relative to the report of the commissioner of resources and economic development on the research and development tax credit.

**RECESS**

**(Rep. Kaen in the Chair)**

**ENROLLED BILL REPORT**

The Committee on Enrolled Bills has examined and found correctly Enrolled Senate Bill numbered 1.  
Rep. Shurtleff, Sen. Odell for the Committee

**RECESS**

**(Speaker Norelli in the Chair)**

Rep. Kaen moved that the House adjourn.  
Adopted.

## HOUSE JOURNAL No. 11

Wednesday, March 20, 2013

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

God of fresh starts and new beginnings, we praise You for this first day of Spring. Snow and slush may be underfoot, but longer days and the promise of new life lie just beyond the horizon. We gather on this morning as a diversity of ages, tax brackets, educational and faith backgrounds, racial heritages, political philosophies and sexual orientations. But, we gather united in the spirit of hope. Make us channels of that hope for the people of New Hampshire as we gather today to do the work before us. Let our work bring hope to the lives of our children, whose financial and economic futures are more fragile than our own. Let our work bring hope to those who suffer from mental illness or poverty who work but can't pay the mortgage, who live in fear of violence. May we live our truths today without belittling the realities that others express. May our debates today invite creativity and not instill rancor. May what we do today please You and may we leave at the end of this Session with the knowledge that we worked not merely as rivals, but as a team of rivals all committed to one goal. Today, O God we remember and honor the life of a former Representative, the Honorable Ashton Welch of Concord, who died last week. Be, we pray, with his family and friends. Be with those in this Chamber who are ill or who grieve. Be, we pray, with our families and our loved ones and especially with those who know no love. In Your Holy name we pray. Amen.

Representative Joy Tilton, member from Northfield, and Representative William Butynski, member from Hinsdale, led the Pledge of Allegiance.

Representative Mary Griffin, member from Windham, led the singing of the National Anthem.

### LEAVES OF ABSENCE

Reps. Ronald Belanger, Bishop, Lefebvre, Massimilla, Amy Perkins and Carol Williams, the day, illness.

Reps. Azarian, Bailey, Richard Eaton, Hess, Ketel, Lundgren, Mullen, Murotake, Myler, Michael O'Brien, Oligny, Reed, Frederick Rice, Rokas and Kathleen Souza, the day, important business.

Reps. Hayes and Gary Hopper, the day, illness in the family.

### INTRODUCTION OF GUESTS

Christopher Abrami and Susan Denopolis, son and friend of Rep. Abrami. Fourth grade students from Lincoln Street Elementary School, guests of the Exeter Delegation. Nayeli Hernandez, guest of Rep. Crawford. Reece Perkins, guest of Rep. Wright. Honorable Jackie Cilley, guest of the House.

Sophia Adams and Denae Hatch, students at Plymouth Regional High School, Pages for the day.

### CONSENT CALENDAR

Rep. Shurtleff moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

Consent Calendar adopted.

### **HB 202-FN, relative to liquor licenses for inns. OUGHT TO PASS WITH AMENDMENT.**

Rep. Edward A. Butler for Commerce and Consumer Affairs: Liquor licenses for bed and breakfast businesses have not been accessible primarily because of the restriction on the number of rooms. This bill makes a simple change. A lodging establishment of greater than four rooms that serves only to its guests can access a liquor license. Inns that serve alcohol to their guests and the public must still qualify and hold a restaurant license. Vote 19-1.

### **Amendment (0669h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to beverage and liquor licenses for bed and breakfasts.

Amend the bill by replacing all after the enacting clause with the following:

1 Definitions; Bed and Breakfast. Amend RSA 175:1, VI to read as follows:

VI. "Bed and breakfast" means a building or buildings regularly used and kept open as such in a bona fide manner for the feeding and lodging of transient guests. A bed and breakfast shall have at least 4 rentable rooms and an area of dining capable of accommodating the number of registered guests [~~and be housed in the primary residence of the owners or operators~~] and whose posted room rates shall include breakfast.

2 Licenses; Bed and Breakfasts. Amend RSA 178:21, II(c) to read as follows:

(c) Bed and Breakfasts. The commission may issue a license to any bed and breakfast which has **at least** 4 rentable rooms and ~~[full service]~~ a dining area capable of seating the total number of registered guests and shall entitle the licensee to:

(1) Sell liquor and beverages to **registered** guests ~~[with meals in the dining room]~~ **in any approved area** or in the rooms of guests.

(2) Sell liquor and beverages by the bottle which shall be delivered to the rooms of registered guests, provided that the charge for such liquor and beverages is not below cost.

3 Effective Date. This act shall take effect 60 days after its passage.

### AMENDED ANALYSIS

This bill modifies eligibility for a bed and breakfast beverage and liquor license and service restrictions on bed and breakfast licensees.

**HB 339-FN**, relative to consumer credit. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Kermit R. Williams for Commerce and Consumer Affairs: This bill originally defined rules for the practice of debt collection from consumers, including requiring a collector to verify that they were contacting the correct consumer, and that the consumer really owed the debt being collected. The bill specified the documentation required for such verification, and the process that a collector must follow to collect the verified debt while preserving the rights of the debtor. The committee heard testimony from consumers who had problems with collectors, agencies and attorneys who provide assistance to New Hampshire residents with debt collection problems, and representatives of the debt buying and debt collection industry. While we were absolutely convinced that there are serious problems with debt collection that should be addressed by legislation, we felt this bill fell short of the goal of protecting consumers from fraud and abuse while giving legitimate debt collection companies the opportunity to do business. Because the issues involved are significant and complex, the committee created an amendment which redefines the bill to create a study committee for the debt collection industry, which shall recommend appropriate legislation to balance the rights of consumers and the business community. Vote 17-1.

### Amendment (0720h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study existing debt collection laws and practices.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study existing debt collection laws and practices.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Four members of the house of representatives, appointed by the speaker of the house of representatives.

(b) One member of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study existing debt collection laws and practices and determine and recommend any statutory changes needed to balance industry needs and consumer needs.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2013.

6 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill creates a committee to study existing debt collection laws and practices.

**HB 505**, relative to the economic development advisory council. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Keith Murphy for Commerce and Consumer Affairs: This bill changes the term of appointments to the Economic Development Advisory Council from three to two years and allows the governor to replace members upon the request of the Director of Economic Development due to lack of participation. The committee amendment, drafted in consultation with the director, reduces the size of the council from 27 to 16 members, making the body less unwieldy. Several current members of the council appeared in support of the bill and the amendment and there was no opposition. Vote 18-0.

#### Amendment (0572h)

Amend RSA 12-A:22-a, II as inserted by section 1 of the bill by replacing it with the following:

II. The advisory council shall consist of the director of the division of economic development, 3 at-large members who have an interest in economic development, and a representative of each of the following:

- (a) ~~[A chamber of commerce.~~
- ~~(b)]~~ The manufacturing sector.
- ~~[(c)]~~ (b) The field of higher education *or workforce development*.
- ~~[(d)]~~ A venture capital formation expert or specialist.
- ~~(e) A workforce development organization.~~
- ~~(f) The biotechnology sector.~~
- ~~(g) The information technology or software sector.~~
- ~~(h) Commercial real estate or real estate development.]~~
- ~~[(f)]~~ (c) A regional or municipal development official.
- ~~[(j)]~~ The insurance, banking, or financial services sector.]
- ~~[(k)]~~ (d) The retail sector.
- ~~[(h)]~~ (e) The travel and tourism sector.
- ~~[(m)]~~ The forest-based products sector.]
- ~~[(n)]~~ (f) An electric utility or energy-related interest.
- ~~[(o)]~~ (g) An economist.
- ~~[(p)]~~ The telecommunications sector.
- ~~(q) The governor's office.]~~
- ~~(h) The high technology sector.~~
- ~~(i) The entrepreneurial sector.~~
- ~~(j) The financial services or venture capital sector.~~
- ~~[(r)]~~ (k) A senator, appointed by the president of the senate.
- ~~[(s)]~~ (l) A house member, appointed by the speaker of the house of representatives.
- ~~[(t)]~~ One representative of organized labor.
- ~~(u) The residential building community.~~
- ~~(v) A state or local housing agency.]~~

Amend RSA 12-A:22-a, VII as inserted by section 1 of the bill by replacing it with the following:

***VII. The council shall make an annual report no later than the first day of December to the commissioner of the department of resources and economic development, governor, senate president, and speaker of the house of representatives, detailing its activities, results, and any recommendations made to the division of economic development.***

#### AMENDED ANALYSIS

This bill revises the mission of the economic development advisory council, reduces the number of council members, and permits removal from the council for lack of participation.

**HB 594-FN**, relative to the general consumer credit laws of the state. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Richard D. McNamara for Commerce and Consumer Affairs: This bill makes changes to laws regarding mortgage bankers, mortgage brokers and mortgages services. The bill was a cooperative effort of the NH Banking Department and mortgage bankers and brokers. The bill incorporates updates to banking regulations to keep the state in compliance with current industry regulations. Vote 19-0.

### Amendment (0716h)

Amend the bill by replacing all after the enacting clause with the following:

1 Banks and Banking; Fidelity Bond Coverage. Amend RSA 383:14, I to read as follows:

I. Each institution under the supervision of the commissioner *except for institutions supervised under RSA 361-A, RSA 397-A, RSA 397-B, RSA 399-A, RSA 399-D, and RSA 399-G*, shall purchase fidelity bond coverage for protection or indemnity against losses from dishonest or criminal acts of officers, employees, and agents of the institution, and acts such as robbery, burglary, or forgery by persons not associated with the institution.

2 Mortgage Bankers and Brokers; Definitions. Amend RSA 397-A:1, I-a to read as follows:

I-a. "Affiliate" means a relationship between 2 *or more* persons if either person has the power to control the other, or *where* a third person [~~who~~] controls or has the power to control [~~both~~] *such persons*. Affiliates shall include but not limited to:

- (a) Interlocking directorates or ownership; or
- (b) Identity of interests among members of a family.

3 Definition; Mortgage Banker. RSA 397-A:1, XII is repealed and reenacted to read as follows:

XII. "Mortgage banker" means a person not exempt under RSA 397-A:4 who, for compensation or gain, or in the expectation of compensation or gain, whether such compensation or gain is direct or indirect:

- (a) Makes or originates a mortgage loan as payee on the note evidencing the loan;
- (b) Advances, or offers to advance, or makes or offers to make, a commitment to advance a banker's funds for a mortgage loan, or closes a mortgage loan in its own name or with the banker's funds; or

- (c) Otherwise funds or offers to fund a mortgage loan.

4 Definition; Mortgage Broker. Amend RSA 397-A:1, XIII to read as follows:

XIII. "Mortgage broker" means a person not exempt under RSA 397-A:4 who for compensation or gain, or in the expectation of compensation or gain, either directly or indirectly:

- (a) Acts *or offers to act* as an intermediary, finder, or agent of a lender or borrower for the purpose of negotiating, arranging, finding, or procuring mortgage loans, or commitments for mortgage loans.

- (b) Offers to serve as agent for any person in an attempt to obtain a mortgage loan.

- (c) Offers to serve as agent for any person who has money to lend for a mortgage loan.

5 Definition; Originator. Amend the introductory paragraph of RSA 397-A:1, XVII to read as follows:

XVII.(a) "Originator" or "mortgage loan originator" or "mortgage originator" or "loan originator" means an individual who for direct or indirect compensation or gain or in the expectation of direct or indirect compensation or gain, takes a mortgage application or offers, negotiates, solicits, arranges, or finds a mortgage loan or who offers or negotiates terms of a residential mortgage loan. ~~[No individual may act as an originator for more than one mortgage broker, mortgage servicer, or mortgage banker. A sole proprietor licensed as a mortgage broker, mortgage servicer, or mortgage banker shall also obtain a license as a mortgage originator prior to engaging in the activities of a mortgage originator.]~~ Mortgage loan originator does not include:

6 Mortgage Bankers and Brokers; Application of Chapter. Amend RSA 397-A:2, III to read as follows:

III. Persons subject to or licensed under this chapter shall abide by applicable federal laws and regulations, the laws and rules of this state, and the orders of the commissioner. Any violation of such law, regulation, order, or rule is a violation of this chapter. *Such federal laws and regulations include but are not limited to the Bank Secrecy Act (BSA), 31 U.S.C. section 5311 et seq. and 31 C.F.R. Part X et seq. when required by the BSA, and include interpretive orders and similar directives.*

7 License Required. Amend RSA 397-A:3, V to read as follows:

V.(a) ~~[In this paragraph, "governmental entities" means federal, New Hampshire state, and New Hampshire municipal governments, and the agencies, instrumentalities, and corporations thereof.~~

(b)(1) In this paragraph, “exempt nonprofit entities” means nonprofit agencies or persons which have a tax exempt status granted under the provisions of section 501(c)(3) or 501(c)(4) of the Internal Revenue Code; and

(A) exclusively make or issue commitments for mortgage loans on residential property to be financed by a governmental entity with public funds, or negotiate, place, assist in placement of, find, or offer to negotiate, place, assist in placement of, or find mortgage loans on residential property to be financed with public funds exclusively under a contract with a governmental entity; or

(B) make or issue commitments for mortgage loans on residential property and are determined by the commissioner to be organized exclusively for benevolent or charitable purposes for the benefit of New Hampshire consumers.

(2) For purposes of this definition, the making of a mortgage loan includes being named as the lender or mortgagee on the note, mortgage, or other loan documents.

~~[(c) Governmental entities and]~~ (b) Exempt nonprofit entities may not be required to obtain a mortgage banker or mortgage broker license when such entity:

(1) Is authorized to conduct mortgage banker or mortgage broker business in this state by an order of the commissioner or is authorized by New Hampshire statute to do mortgage lending;

(2) Files as an exempt entity on the Nationwide Mortgage Licensing System and Registry;

(3) Conforms to the requirements of the Nationwide Mortgage Licensing System and Registry including but not limited to the reporting requirements;

(4) Files and maintains a bond in accordance with RSA 397-A:5, III(c) to cover the business conducted by its originators; and

(5) Licenses its originators in this state through the Nationwide Mortgage Licensing System and Registry.

~~[VI. Governmental entities, as defined in subparagraph V(a), may not be required to obtain a mortgage banker or mortgage broker license when such entity only provides the funds and the residential mortgage loan is originated and effected exclusively by a New Hampshire licensed mortgage broker and its duly licensed originators.]~~

8 New Section; Mortgage Bankers and Brokers; Prohibitions. Amend RSA 397-A by inserting after section 3 the following new section:

397-A:3-a Prohibitions.

I. No individual may act as an originator for more than one mortgage broker, mortgage servicer, mortgage banker, or other financial institution at the same time, unless the entities are affiliates.

II. A sole proprietor licensed as a mortgage broker, mortgage servicer, or mortgage banker shall also obtain a license as a mortgage originator prior to acting as a mortgage originator.

III. No individual may act as a mortgage banker or broker for more than one mortgage broker, mortgage servicer, mortgage banker, or other financial institution at the same time, unless the entities are affiliates.

9 Mortgage Bankers and Brokers; Exemptions. RSA 397-A:4, VI is repealed and reenacted to read as follows:

VI.(a) A person or an affiliate of the person who is an owner of real property and who, in any 12 consecutive month period, makes no more than 3 mortgage loans to purchasers of the real property, for all or part of the purchase price of the real estate against which the mortgage is secured, provided that the person or affiliate does not make such loans habitually or repeatedly, and in a commercial context.

(b) Subparagraph (a) shall not apply to a person who has constructed, or acted as a contractor for the construction of, a residence on the property in the ordinary course of business.

10 New Paragraph; Exemptions. Amend RSA 397-A:4 by inserting after paragraph VII the following new paragraph:

VIII. Federal, state, or local governmental agencies, instrumentalities, and corporations and the employees of such entities who act as loan originators pursuant to their official duties as employees of the entities provided that, limited to activities that would otherwise be within the scope of this chapter:

(a) Such government entity operates:

(1) To promote affordable housing, housing improvement assistance, or to provide homeownership education, or similar services.

(2) To conduct its activities in a manner that serves public or charitable purposes.

(3) To receive funding and revenues and to charge fees in a manner that does not incentivize the organization or its employees to act other than in the best interests of its clients.

(4) To compensate employees in a manner that does not incentivize employees to act other than in the best interests of its clients.

(5) Absent a commercial context and without a pecuniary interest.

(b) The government employees who act as loan originators as employees of government entities and pursuant to government funded and regulated housing assistance programs do so:

(1) For public or charitable purposes, and not for the profit of another individual or entity.

(2) Not within a commercial context.

11 New Subparagraph; License Application; Requirements; Investigation. Amend RSA 397-A:5, III by inserting after subparagraph (d) the following new subparagraph:

(e) Mortgage bankers shall designate an individual contact person who shall be a control person of their organization to communicate with department personnel on foreclosure workouts and foreclosure avoidance procedures. The contact person shall have authority to facilitate foreclosure workouts, and foreclosure avoidance procedures. The contact person shall be named in the license application and the mortgage banker shall update the department with a new or interim contact person whenever the designated contact person changes, within 7 business days of such change.

12 License Grant. Amend RSA 397-A:6, I to read as follows:

I. If the commissioner determines that the applicant meets the requirements of this chapter, then the commissioner shall forthwith issue a license or licenses permitting the applicant to ~~engage in the business of originating, making, or brokering mortgage loans~~ **act as a mortgage originator, mortgage banker, or mortgage broker** in accordance with the laws of this state. The commissioner may, by order, restrict or impose conditions for a license. Each branch office license and originator license is only in effect when the associated mortgage banker or mortgage broker is licensed in this state. Each branch manager of a location required to be licensed as a branch office under this chapter shall be licensed as a mortgage loan originator. Licensees shall ensure that the Nationwide Mortgage License System and Registry unique identifier of any person originating a residential mortgage loan shall be clearly shown on all residential mortgage loan application forms, solicitations or advertisements, including business cards or websites, and any other documents as established by rule, regulation, or order of the commissioner. Licensees shall be responsible for the supervision of their employees, agents, loan originators, and branch offices. Licensees shall conduct background checks, including checking the list of entities issued by the Office of Foreign Assets Control (OFAC) whose assets were frozen by executive order, on all of their loan originators.

13 License Grant. Amend RSA 397-A:6, IV and V to read as follows:

IV. If a mortgage banker or mortgage broker licensee is a person other than a natural person, the license issued to it shall entitle all officers, directors, members, partners, trustees, agents, originators, and employees of the licensed corporation, partnership, entity, or trust to ~~engage in the business of making or brokering mortgage~~ **make or broker** loans; provided that all individuals who engage in the origination process are licensed as originators and that one officer, director, member, partner, employee, or trustee of such person shall be designated in the license application as the individual to be contacted under the provisions of this chapter.

V. If the mortgage banker or mortgage broker licensee is a natural person, the license shall entitle all employees, agents, and originators of the licensee to ~~engage in the business of making or brokering mortgage~~ **make or broker** loans, provided that all individuals who engage in the origination process are licensed as originators.

14 Record Keeping. Amend RSA 397-A:11, I-IV to read as follows:

I. The licensee shall maintain such records as will enable the department to determine whether the licensee's business is in compliance with the provisions of this chapter and the rules adopted pursuant to it. Such records shall be maintained in a readily accessible location and made available for examination at the licensee's New Hampshire principal office or its New Hampshire branch office location or the office of its New Hampshire agent for a period of at least 3 years after the ~~loan is closed, if the loan is not retained in the licensee's loan portfolio, or 3 years after the loan is paid in full, if the loan is retained in the licensee's loan portfolio. Licensees may maintain photocopies, microfilm, or microfiche copies of original documents~~ **licensee's final transaction on a loan or application file**.

II. Those licensees that maintain their files and business records in another state are required to return such files to their principal or branch New Hampshire office, to the banking department, or to the office of their New Hampshire agent for examination no later than 21 calendar days after being requested to do so by the department. When the commissioner requests a loan list or

other similar summary document from a licensee from which to select particular files for review, the licensee shall ensure that the list is received by the commissioner within 7 calendar days, and [return] **provide** the files selected by the commissioner to the commissioner within 14 calendar days to ensure compliance with the 21-day requirement. Failure to provide files and documents within the time established by this paragraph shall subject a licensee or person to a fine of \$50 per day for each day after 21 days the files and documents are not produced. Failure to provide files and documents within 60 days after being requested to do so by the department shall be sufficient cause for license revocation, suspension, or denial.

III. If the licensee retains a mortgage loan in its loan portfolio or services a loan it originated, an adequate loan payment history for such loan shall be made available to the department upon request.

IV. A licensee shall keep and use business records in such form and at such location as the commissioner shall by rule determine. The records shall enable the commissioner to determine whether the licensee is complying with the provisions of this chapter, any rules adopted under it, and any other law, rule, or regulation applicable to the conduct of the business for which it is licensed under this chapter. The rules may contain provisions for records to be recorded, copied, or reproduced by any process which accurately reproduces or forms a durable medium for reproducing the original record or document, or in any other form or manner authorized by the commissioner. ***For their own business purposes, a licensee may maintain photocopies, microfilm, microfiche, or digital copies of original documents. However,*** nothing in this section shall be construed to permit any licensee to destroy original records or documents. Each licensee shall preserve all such business records for as long a period as the commissioner shall prescribe by rule.

15 Advertising. Amend RSA 397-A:14-a, III to read as follows:

III. Any advertisement, printing, display, publication, distribution, or broadcast offering loans governed by this chapter shall clearly and conspicuously contain the disclosure[;] ***in substantially the following form:*** "Licensed by the New Hampshire banking department." Failure to comply with the provisions of this paragraph shall constitute sufficient cause for license revocation, suspension, or denial.

16 Definition; Mortgage Servicing Company. Amend RSA 397-B:1, III to read as follows:

III. "Mortgage servicing company" ***or "mortgage servicer"*** means an individual, partnership, corporation, association, or other entity however organized and wherever located which, for itself or on behalf of the holder of a mortgage loan, holds the servicing rights or records such payments on its books and records and performs such other administrative functions as may be necessary to properly carry out the mortgage holders obligations under the mortgage agreement including, when applicable, the receipt of funds from the mortgagor to be held in escrow for payment of real estate taxes and insurance premiums and the distribution of such funds to the taxing authority and insurance company.

17 Mortgage Loan Services; Application of Chapter. Amend RSA 397-B:2, II to read as follows:

II. Persons subject to or registered ***or licensed*** under this chapter shall abide by applicable federal laws and regulations, the laws and rules of this state, and the orders of the commissioner. Any violation of such law, regulation, or rule is a violation of this chapter. ***Such federal laws and regulations include but are not limited to the Bank Secrecy Act (BSA), 31 U.S.C. section 5311 et seq. and 31 C.F.R. 103 et seq. when required by the BSA, and include interpretive orders and similar directives.***

18 New Subparagraphs; Mortgage Loan Services; Registration Fees; Term; Renewal. Amend RSA 397-B:4, V by inserting after subparagraph (e) the following new subparagraphs:

(f) Mortgage servicers and mortgage loan originators acting on behalf of mortgage servicers shall abide by the provisions of RSA 397-A and the rules adopted by the department where such provisions and rules apply to mortgage origination and lending activities.

(g) Mortgage servicing companies shall designate an individual contact person, who shall be a control person of the entity, to communicate with department personnel on foreclosure avoidance procedures. The contact person may facilitate foreclosure workouts, and foreclosure avoidance procedures. The license application shall name the contact person and the mortgage banker shall update the department whenever the designated contact person changes within 2 business days of such change.

19 New Section; Record Keeping. Amend RSA 397-B by inserting after section 9-a the following new section:

## 397-B:9-b Record Keeping.

I. The registrant shall maintain records to enable the department to determine whether the registrant's business is in compliance with the provisions of this chapter and the rules adopted by the department. Such records shall be maintained in a readily accessible location and made available for examination at the registrant's New Hampshire principal office or its New Hampshire branch office location or the office of its New Hampshire agent for a period of at least 3 years after the registrant's last transaction on a loan file.

II. Registrants that maintain their files and business records in another state shall return such files to their principal or branch New Hampshire office, to the banking department, or to the office of their New Hampshire agent for examination no later than 21 calendar days after being requested to do so by the department. When the commissioner requests a loan list or other similar summary document from a registrant from which to select particular files for review, the registrant shall ensure that the list or information is received by the commissioner within 7 calendar days, and then shall provide the files and information selected by the commissioner to the commissioner within 14 calendar days to ensure compliance with the 21 day requirement. Failure to provide files and documents within the time established by this paragraph shall subject a registrant or person to a fine of \$50 per day for each day after 21 days the files and documents are not produced. Failure to provide files and documents within 60 days after being requested to do so by the department shall be sufficient cause for registration revocation, suspension, or denial.

III. A registrant shall keep and use business records in such form and at such location as the commissioner shall by rule determine. The records shall enable the commissioner to determine whether the registrant is complying with the provisions of this chapter, any rules adopted under it, and any other law, rule, or regulation applicable to the conduct of the business for which it is registered under this chapter. The rules may contain provisions for records to be recorded, copied, or reproduced by any process which accurately reproduces or forms a durable medium for reproducing the original record or document, or in any other form or manner authorized by the commissioner. For their own business purposes, a registrant may maintain photocopies, microfilm, microfiche, or digital copies of original documents. However, nothing in this section shall be construed to permit any registrant to destroy original records or documents. Each registrant shall preserve all such business records for as long a period as the commissioner shall prescribe by rule.

IV. If the commissioner or examiner finds any records to be inadequate, or kept or posted in a manner not in accordance with generally accepted accounting principles, the commissioner may employ experts to reconstruct, rewrite, post, or balance them at the expense of the person being examined if such person has failed to maintain, complete, or correct such records after the commissioner or examiner has given him or her written notice and a reasonable opportunity to do so.

20 Mortgage Loan Services; Exemption. Amend RSA 397-B:10 to read as follows:

## 397-B:10 Exemption.

I. The provisions of this chapter shall not apply to any bank, trust company, savings and loan association, or cooperative bank, savings bank, or credit union which may be chartered by this state or any other state or by any agency of the United States, or to any other person not within the intent of this chapter as the commissioner may designate by rule or order~~[-not shall the]~~. **No** registration provisions of this chapter **shall** apply to any individual or entity licensed by the banking department as a mortgage banker in accordance with RSA 397-A, ***provided that such mortgage banker abides by the provisions of this chapter and rules adopted by the department.***

***II. A person that funds a mortgage loan while such person is exempt from licensure under RSA 397-A:4, and that retains such mortgage loan in its, his, or her own portfolio, may perform mortgage servicing activities limited to the collection of interest and principal, foreclosure procedures, loan negotiation and modification activity, without obtaining a mortgage servicing registration or mortgage loan originator licensed under this chapter.***

21 New Subparagraph; Small Loans; Applications and Fees. Amend RSA 399-A:3, I by inserting after subparagraph (e) the following new subparagraph:

(f) The department may rely on criminal records checks reported through a national licensing system in lieu of subparagraphs (c) and (d).

22 Small Loans; Consumer Credit Administration License Fund. RSA 399-A:5 is repealed and reenacted to read as follows:

399-A:5 Consumer Credit Administration License Fund. The balance in the consumer credit administration license fund shall be transferred and shall be payable to the state treasurer as restricted

revenue and credited to the appropriation for the commissioner, consumer credit administration division. Sums collected under this chapter shall be payable to the state treasurer as restricted revenue and credited to the appropriation for the commissioner, consumer credit administration division.

23 Definitions; Concessions. Amend RSA 399-D:2, II-a to read as follows:

II-a. ***“Concessions” means assent to repayment of a debt on terms more favorable to an individual than the terms of the contract between the individual and a creditor.***

II-b. ***“Control” means the power, directly or indirectly, to direct the management or policies of a company, whether through ownership of securities, by contract, or otherwise. Any person is presumed to control a company if such person:***

(a) Is a director, general partner, or executive officer;

(b) Directly or indirectly has the right to vote 10 percent or more of a class of a voting security or membership interest, or has the power to sell or direct the sale of 10 percent or more of a class of voting securities or membership interest;

(c) In the case of a limited liability company, is a managing member; or

(d) In the case of a partnership, has the right to receive upon dissolution, or has contributed, 10 percent or more of the capital.

24 New Subparagraph; Definition; Debt Adjuster. Amend RSA 399-D:2, IV by inserting after subparagraph (e) the following new subparagraph:

(f) Any person that serves as an intermediary between a consumer and one or more creditors of the consumer for the purpose of obtaining concessions.

25 Debt Adjuster; Licensee's Duties. Amend RSA 399-D:15, VIII to read as follows:

VIII. Persons subject to or licensed under this chapter shall abide by applicable federal laws, and regulations [~~including the federal Truth in Lending Act~~], and the laws, orders, and rules of this state. Any violation of such law, rule, or order shall be a violation of this chapter.

26 Licensing of Money Transmitters; License Required. RSA 399-G:3 is repealed and reenacted to read as follows:

399-G:3 License Required. Any person not exempt under RSA 399-G:4 that, in its own name or on behalf of other persons, transmits money from this state or to persons within this state, shall obtain a license from the banking department.

27 Licensing of Money Transmitters; Examinations. Amend RSA 399-G:13, II-a to read as follows:

II-a. Licensees shall implement a system of education, training, monitoring, and periodic inspection designed to inform their authorized delegates of their responsibilities, consistent with the Bank Secrecy Act and the requirements to file reports required by federal law. ***Licensees whose authorized delegates are not required to register independently with FinCEN shall ensure that such authorized delegates have adequate written policies and procedures in place to implement effective Bank Secrecy Act and anti-money laundering programs.***

28 Mortgage Bankers and Brokers; Borrowers' Rights. Amend RSA 397-A:15, VIII to read as follows:

VIII. [~~A yield spread premium is prohibited~~] In a reverse mortgage transaction, ***any credit derived from offering an interest rate higher than the par rate shall only be paid to the borrower or used to pay the borrower's costs, and shall not be used as an additional source of compensation.***

29 Mortgage Bankers and Brokers; Borrowers' Rights. Amend RSA 397-A:15, IX(a) to read as follows:

(a) Every field on the United States Department of Housing and Urban Development's Good Faith Estimate (GFE) form shall be completed before it is given to a borrower. The Tradeoff Table on the instruction page of the GFE shall be completed [~~where a yield spread premium is to be paid in connection with a mortgage transaction~~] ***when the originating company is not funding the loan.***

30 Repeal. RSA 397-A:1, XXVI, relative to yield spread premiums, is repealed.

31 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill modifies several provisions of the consumer credit law.

**HB 639**, relative to beverage container and packaging approval. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Keith Murphy for Commerce and Consumer Affairs: This bill specifies that the liquor commission, when considering whether or not to approve new beverages, shall not require actual

samples of the beverage itself in addition to the container, the label, and the certified test report attesting to the product characteristics. The committee heard testimony from brewers that most states do not require samples of the actual product, that this requirement adds significant expense to the application process and that some brewers choose not to bring their product to New Hampshire due to the higher time and expenses. The committee amendment, drafted in consultation with the chief of liquor enforcement, makes the sample unnecessary for beverages less than 6% alcohol content, which would exclude the majority of beverages, unless the commission decides in any given case that a sample should be required. The committee found this to be a reasonable compromise to the competing interests of public safety and easing the burden of doing business in our state. Vote 19-0.

#### **Amendment (0688h)**

Amend the bill by replacing section 1 with the following:

1 Beverage Container and Packaging Approval. Amend RSA 179:33, II to read as follows:

II. Holders of beverage vendor, nano brewery, or beverage manufacturer licenses shall have their packaging or containers specifically approved by the commission and shall be fined \$250 for each packaging or container violation. ***Container and packaging approval shall not require delivery of physical sample of beer under 6 percent alcohol by volume at 60 degrees Fahrenheit unless the commission determines a physical sample is necessary for approval.***

#### **AMENDED ANALYSIS**

This bill states that beverage container and packaging approval shall not require delivery of physical beverage samples of beer under 6 percent alcohol by volume at 60 degrees Fahrenheit unless the commission determines a physical sample is necessary for approval.

**HB 224**, relative to the authority of the superintendent of a county correctional facility. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Steve Vaillancourt for Criminal Justice and Public Safety: This bill will allow superintendents of county correctional facilities to do legally something that some of them may be doing already, release a prisoner after serving at least 14 days (except at the state prison) for the purpose of obtaining and working at gainful employment. The committee was unanimous in support of the idea behind the bill, but disagreement was focused on an amendment which represents an attempt to make sure that the prosecutors and judges involved in the original sentencing are informed. The majority of the committee, conscious of the separation of powers between the judicial branch (courts) and administrative branch (corrections facilities) thought it wise to add a provision that before a prisoner is released, the prosecutor and judge be informed with a ten day window to state an objection. If an objection is raised, the prisoner would be granted a hearing which could lead to release but at the discretion of the sentencing court. The committee, aware that this might slightly delay the release, thought it appropriate, especially after hearing from one county corrections official that disagreements have occurred in as many as four of five planned releases. Vote 16-1.

#### **Amendment (0612h)**

Amend the bill by replacing section 1 with the following:

1 Discretionary Sentences; Release for Certain Purposes. Amend RSA 651:19 to read as follows:  
651:19 Release for Purpose of Gainful Employment, Rehabilitation, or Home Confinement.

**I.** A sentencing court may [~~order~~] **recommend** any person who has been committed to a correctional institution other than state prison under a criminal sentence [~~may~~] **to** be released therefrom for the purpose of obtaining and working at gainful employment, for the performance of uncompensated public service as provided in RSA 651:68-70, under the terms of a day reporting program, provided the correctional facility has a day reporting program, or to serve the sentence under home confinement, provided the correctional facility has a home confinement program.

**II.** If the **court recommends a person for release and the** superintendent determines the person is inappropriate for such release, the court shall be notified and, at the request of the defendant, a hearing may be scheduled.

**III.** **If the court does not recommend a person for release pursuant to paragraph I but at any time during the sentence the superintendent deems such a release to be conducive to the person's rehabilitation, the superintendent may allow the release provided that the sentencing court and the prosecutor of the underlying offense have been notified of the proposed release, and there has been no objection within 10 days of the notice by either the sentencing court or the**

*prosecutor of the underlying offense. If the prosecutor of the underlying offense objects to the proposed release, the prosecutor shall submit in writing to the sentencing court the reasons for objecting. If the sentencing court objects, or receives written notice of the prosecutor's objection, the sentencing court shall, within 10 days of receipt of the original notice or the prosecutor's objection, schedule a hearing on the proposed release. The sentencing court shall then approve or deny the proposed release.*

IV. In any case, the defendant shall first serve 14 consecutive days prior to eligibility for home confinement, or for such other purpose as the court may deem conducive to his or her rehabilitation, for such times or intervals of time and under such terms and conditions as the rules and regulations of the correctional facility may allow or as the court may order. Any part of a day spent in the free community, or in home confinement, under such a release order shall be counted as a full day toward the serving of the sentence unless otherwise provided by the court. If a person violates the terms and conditions laid down for his or her conduct, custody, and employment, he or she shall be returned to the correctional facility. The superintendent may then require that the balance of the person's sentence be spent in actual confinement.

### AMENDED ANALYSIS

This bill establishes a procedure for the superintendent of the county correctional facility to release a prisoner in order to obtain gainful employment, perform uncompensated public service, or serve the sentence under home confinement.

#### **HB 644-FN, relative to parole procedures. OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert R. Cushing for Criminal Justice and Public Safety: The bill, as amended, makes a number of changes in the laws concerning procedures for parole and imposition of sanctions for violations of probation. This bill requires the department of corrections to post notice of parole hearings on the department's websites, and clarifies the process for notification of victims of parole hearings involving the person convicted of their victimization. It amends the procedure for calculating the recommittal period for persons who violate the conditions of parole, and amends the authority of a probation /parole officer to sanction a probationer for violations of probation. This bill was supported by the Adult Parole Board, the Department of Corrections and the office of the Attorney General. Vote 16-0.

#### **Amendment (0738h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to parole procedures and relative to sanctions for violations of probation.

Amend the bill by replacing all after section 5 with the following:

6 Parole of Prisoners; Effect of Recommittal. Amend RSA 651-A:19, III(a) to read as follows:

(a) The prisoner has previously been ~~[recommitted]~~ ***found true*** for a parole violation ***on his or her current sentence or another sentence for which he or she was concurrently serving a term of parole;*** or

7 Parole of Prisoners; Effect of Recommittal. Amend RSA 651-A:19, VII(a) to read as follows:

(a) The prisoner has not been previously ~~[recommitted]~~ ***found true*** for a parole violation ***on his or her current sentence or another sentence for which he or she was concurrently serving a term of parole;***

8 Sentences and Limitations. Amend RSA 651:2, V(i) to read as follows:

(i) The court may include, as a condition of probation for a felony offense, a jail sentence of ~~[one]~~ ***up to [5] 30 days*** that a probation/parole officer may impose in ***segments of one to 7 days over the course of the probation period,*** in response to ~~[a]~~ ***any*** violation of a condition of probation, in lieu of a violation of probation hearing. Such jail sanction shall be served at the county jail facility closest to or in reasonable proximity to where the probationer is under supervision.

9 Probationers and Parolees; Violations of the Terms of Probation or Parole. Amend RSA 504-A:4, III to read as follows:

III. A probation or parole officer may require any probationer, whose sentence includes a ~~[one to 5 day]~~ ***provision for jail [sanction] sanctions*** pursuant to RSA 651:2, V(i), to serve a county house of corrections sanction ~~[or a portion thereof]~~ ***one to 7 days,*** provided that the probationer is advised of and waives his or her right to counsel and to a preliminary hearing under RSA 504-A:5 and violation of probation hearing. If the probation officer intends to impose this sanction, the officer shall advise the offender of the violations alleged, the date or dates of the violation, and

the number of days the offender shall serve. If the offender objects to the imposition of the jail sanction, a violation of probation hearing shall be held. This short jail stay may not be issued for any violation of probation which could warrant an additional, separate felony charge. ***In the event that a probationer commits a fifth violation of probation after having been incarcerated under this section on 4 separate occasions during the term of probation, the probation/parole officer shall file a violation of probation with the court.***

10 Repeal. RSA 651-A:6, I(b), relative to the parole of certain nonviolent offenders, is repealed.

11 Applicability. The provisions of this act shall apply to:

I. Any person who is on parole or eligible for parole, on or after the effective date of this act; and

II. Any person who, on or after the effective date of this act, has violated the conditions of parole after a hearing pursuant to RSA 651-A:17.

12 Effective Date. This act shall take effect July 1, 2013.

### AMENDED ANALYSIS

This bill:

I. Makes various changes to the laws governing parole of prisoners.

II. Requires the department of corrections to post notice of parole hearings on the department's website.

III. Amends the procedure for calculating the recommittal period for persons who violate the conditions of parole.

IV. Amends the authority of a probation/parole officer to sanction a probationer for violations of probation.

**HB 481-FN**, limiting the state's authority to seek reimbursement for public assistance. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Laurie Harding for Health, Human Services and Elderly Affairs: This bill, as amended, will allow NH to join the federal government and the 21 states that have already eliminated the filial support laws. The filial support laws state that children have a duty to provide for parents who cannot do so. RSA 167:2 Liability for Support; Recovery. Assistance rendered under this chapter or RSA to anyone having a father, mother, (stepfather, stepmother, son, daughter) husband or wife, whose weekly income or other resources are more than sufficient to provide a reasonable subsistence compatible with decency and health, may be recovered in an appropriate proceeding in the superior court brought by the commissioner of health and human services, in the name of the state, from either a father, mother, (stepfather, stepmother, son, daughter) husband, or wife, who are declared jointly and severally liable for such assistance. We inherited these laws from the British; the department stated that it has not had the resources to enforce the statute for many years. England did away with these laws in 1948. The bill has been amended to address the ability of the DHHS to still recover funds through FANF with no effect on the amount of services that an applicant or recipient may be eligible for. Vote 15-0.

### Amendment (0778h)

Amend the bill by replacing sections 1 and 2 with the following:

1 Public Assistance to Blind, Aged, or Disabled Persons, and to Dependent Children; Liability for Support. Amend RSA 167:2 to read as follows:

167:2 Liability for Support; Recovery. Assistance rendered under this chapter or RSA 161 to anyone having a father, mother, [~~stepfather, stepmother, son, daughter,~~] husband or wife, whose weekly income or other resources are more than sufficient to provide a reasonable subsistence compatible with decency and health, may be recovered in an appropriate proceeding in the superior court brought by the commissioner of health and human services, in the name of the state, from either a father, mother, [~~stepfather, stepmother, son, daughter,~~] husband, or wife, who are declared jointly and severally liable for such assistance. ***A parent may be liable under this section only for assistance provided to a child under the age of 18, or for so long as the department of health and human services is mandated to recover support under Title IV of the Social Security Act.*** Such action shall be brought by the attorney general or the county attorney for the county in which any such relative resides when so requested by the commissioner of health and human services. ***Nothing in this section shall affect assistance eligibility or the amount of services that an applicant or recipient may be eligible for.***

2 Uniform Civil Liability for Support; Liability. Amend RSA 546-A:2 to read as follows:

546-A:2 Liability. Every person whose income or other resources are more than sufficient to provide for his or her reasonable subsistence compatible with decency or health owes a duty to support or contribute to the support of *the following persons when in need*: his or her wife, husband, ~~or child[, father or mother when in need]~~ *under the age of 18 or for so long as the department of health and human services is mandated to recover support for the child under Title IV of the Social Security Act.*

#### AMENDED ANALYSIS

This bill removes the state's ability under RSA 167:2 to recover public assistance from the recipient's child and stepparent and limits parental liability to children under the age of 18 or for so long as the department of health and human services is mandated to recover support under Title IV of the Social Security Act. The bill also revises RSA 546-A, relative to civil liability for support, by removing a child's obligation to support his or her parents and limiting a parent's liability to support his or her children.

**HB 633**, relative to prescription refills. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Andre A. Martel for Health, Human Services and Elderly Affairs: Schedule III medications include steroids and hallucinogens among other medications. Current law requires that a pharmacist dispense up to 34 days worth of medications which costs consumers more in co-payments due to more frequent refills. HB 566 as amended makes an exception for steroids (of which there is only one in the schedule III category) so that pharmacists may request more than a 34 day supply. Vote 16-0.

#### Amendment (0599h)

Amend RSA 318-B:9, IV as inserted by section 1 of the bill by replacing it with the following:

IV. No prescription shall be filled for more than a 34-day supply upon any single filling for controlled drugs of [schedules] *schedule II or controlled drugs of schedule III, except for schedule III steroids*; provided, however, that for controlled drugs, in schedules II or III, that are commercially packaged for dispensing directly to the patient, such as metered sprays and inhalers, liquids packaged in bottles with calibrated droppers, and certain topical preparations packaged with metered dispensing pumps may be filled for greater than a 34-day supply, but not more than 60 days, utilizing the smallest available product size, in order to maintain the dosing integrity of the commercially packaged containers; and, provided that with regard to amphetamines and methylphenidate hydrochloride, a prescription may be filled for up to a 60-day supply if either such prescription specifies it is being used for the treatment of attention deficit disorder, attention deficit disorder with hyperactivity, or narcolepsy.

**HB 591**, relative to an abusive work environment and the health and safety of public employees. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Janice E. Schmidt for Labor, Industrial and Rehabilitative Services: The bill, as amended, would require state departments and agencies to develop policies to address harassment of state employees in the workplace. The committee received a great deal of oral and written testimony from state employees and others regarding the physical and mental distress caused by harassment in the workplace and the frustration they experience because there is no mechanism to address it. The personal stories of state employees showed that mistreatment in the workplace is indeed happening and is of great concern to the committee. More concerning was the fact testimony indicated there was no current policy prohibiting this type of conduct in the workplace and there is no current avenue which has successfully addressed the issue. The committee received testimony that Counties and other employers have policies prohibiting this type of conduct and believed the best solution was for the executive branch to develop policies and provide employee training and not extensively legislate the matter. Vote 19-0.

#### Amendment (0761h)

Amend the bill by replacing all after the enacting clause with the following:

1 Abusive Work Environment; Purpose Statement. The state of New Hampshire is committed to providing a positive work environment for state employees free from intimidation, ridicule, and harassment. The abuse of employees in the workplace is declared to be against public policy. Such harassment can inflict serious harm upon targeted employees such as increased stress and anxiety, concentration problems, loss of self-confidence and reduced performance, reduced quality

of family life, depression, or a sense of isolation, and in extreme cases, risk of suicide. Abusive work environments can have serious consequences for employers including reduced employee productivity and morale, higher turnover and absenteeism rates, unsafe work environment, and increases in medical and worker compensation claims. If mistreated employees who have been subjected to abusive treatment at work cannot establish that the behavior was motivated by race, creed, color, age, marital status, familial status, physical or mental disability, or national origin, they are unlikely to be protected by the law against such treatment. Protection from abusive work environments should not be limited to behavior grounded in protected class status as that provided by employment discrimination statutes, and there does not exist in New Hampshire law appropriate pathways to provide adequate relief to employees who have been harmed by abusive environments. Therefore, it is necessary to prevent and respond to abusive mistreatment of state employees at work.

2 Abusive Work Environments. Amend the chapter heading of RSA 275-E to read as follows:

#### CHAPTER 275-E

#### WHISTLEBLOWERS' PROTECTION ACT **AND ABUSIVE WORK ENVIRONMENTS**

3 New Subdivision; Abusive Work Environment. Amend RSA 275-E by inserting after section 9 the following new subdivision:

#### Abusive Work Environment

275-E:10 Definitions. In this subdivision:

I. "Abusive conduct" means an ongoing pattern of unreasonable actions of an employee or a group of employees directed towards an employee or group of employees which intimidate, degrade, or humiliate the victim. Such actions may be overt or covert behavior, or both. A single event may qualify as abusive conduct if it is particularly egregious.

II. "Abusive work environment" means an employment condition where any employee or group of employees subjects another employee or a group of employees to abusive conduct so severe that it causes tangible harm.

III. "Employee" shall mean any full or part-time, classified or unclassified officer or employee of any branch, department, commission, bureau, institution, or agency of the state government including employees of the general court, the retirement system, the judicial system, the community college system, and the state college and university system of New Hampshire.

IV. "Employer" shall mean any branch, department, commission, bureau, agency, or agent of the state of New Hampshire, but shall not mean any political subdivisions of the state.

275-E:11 Written Policy. Each employer shall within 6 months after the effective date of this subdivision adopt and communicate to all employees a written policy prohibiting abusive conduct and an abusive work environment. This policy shall include at minimum:

I. A clear policy statement that no employer or employee shall subject another to an abusive work environment.

II. A prohibition of retaliation for any claim of abusive conduct.

III. A requirement to distribute the policy to all new and current employees immediately upon adoption, and training for each employee and supervisor upon hiring or promotion and annually thereafter.

IV. A procedure for employees to obtain trained conflict resolution assistance within the workplace.

V. A procedure permitting an employee to bypass his or her supervisor to report concerns of abusive conduct or abusive work environment.

VI. A written procedure for investigating a report of abusive conduct including:

- (a) Appointment of an impartial investigator.
- (b) A time limit for investigation.
- (c) A provision for confidentiality of the investigation.
- (d) A procedure for reporting investigation conclusions.
- (e) A provision for records retention.

VII. A neutral and timely appeals process to the commissioner of labor or the public employees labor relations board if the complaint involves the department of labor.

VIII. A requirement for all documentation regarding the initial claim and all follow up investigation to be provided to the commissioner of labor, or the public employees labor relations board as appropriate for appealed cases.

IX. A provision outlining remedies available up to and including termination of the offending party.

X. A provision for annual policy review and provision for change if needed.

4 New Paragraph; Powers and Duties of Commissioners. Amend RSA 21-G:9 by inserting after paragraph VI the following new paragraph:

VII. The commissioner shall comply with all requirements of RSA 275-E:11.

5 Effective Date. This act shall take effect 60 days after its passage.

**HB 635**, establishing a committee to study state rest areas. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter E. Ramsey for Public Works and Highways: The committee felt strongly that our state rest areas have a critical mission to encourage and service the state's tourism industry. The operation of the rest areas has been by previous legislation, turned over to DRED, yet the ownership of the rest areas remains with DOT and the Turnpike System. A study committee is necessary to reconcile this transition and to prioritize which rest areas should be reopened. (Currently, four are closed due to lack of funding.) The amendment addresses the funding issue by enabling DRED and DOT to solicit proposals for sponsors or purchase of the naming rights for New Hampshire rest areas, which would require approval of the long range capital planning and utilization committee. Any proceeds would be used to operate existing rest areas. Vote 14-1.

#### Amendment (0787h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study state rest areas and relative to the solicitation of requests for proposals for the naming rights to rest areas.

Amend the bill by replacing all after section 5 with the following:

6 New Paragraph; Rest Areas; Requests for Proposals. Amend RSA 12-A:43-b by inserting after paragraph II the following new paragraph:

III. The department of resources and economic development and the department of transportation may solicit requests for proposals to sponsor or purchase naming rights to any New Hampshire rest area. Any proceeds from this section shall be used to operate existing rest areas. All results of such requests for proposals shall be submitted to the long range capital planning and utilization committee established in RSA 17-M:1 for approval.

7 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill:

I. Establishes a committee to study the staffing of currently closed state rest areas.

II. Permits the department of resources and economic development and the department of transportation to solicit requests for proposals to sponsor or purchase naming rights to rest areas.

**HB 349**, relative to OHRV operation of certain 4-wheel drive vehicles on trails within Jericho Mountain state park. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Christopher J. Ahlgren for Resources, Recreation and Development: This bill authorizes the bureau of trails to develop trails for and to permit the operation of vehicles 65 inches wide and weighing up to 1700 lbs. on specific trails for specific times in Jericho Mountain State Park. These larger vehicles are limited to areas as prescribed in the Jericho Mountain State Park master development plan. The legislation will enable the trails bureau and the local OHRV clubs to work cooperatively to develop trails that will be enjoyable to the users while limiting the environmental impact. The amendment states that this legislation, if enacted, will sunset after three years to assure the legislature's ability to review and evaluate the progress of this use of Jericho Mountain State Park. Vote 17-2.

#### Amendment (0728h)

Amend the bill by replacing all after the enacting clause with the following:

1 Trails on State Lands; Jericho Mountain State Park. Amend RSA 215-A:43, VII(c) to read as follows:

(c) A person may operate an OHRV within Jericho Mountain state park which weighs up to ~~[1,600]~~ **1,700** pounds and is no wider than 65 inches on specifically designated trails within Jericho Mountain state park, ***provided that, in addition, the bureau of trails may permit operation of wider or heavier 4-wheel drive motor vehicles, as referenced in the Jericho Mountain state park master development plan, registered as OHRVs, at specific times and on specific trails.***

2 Trails on State Lands; Jericho Mountain State Park; Version Effective January 1, 2016. RSA 215-A:43, VII(c) is repealed and reenacted to read as follows:

(c) A person may operate an OHRV within Jericho Mountain state park which weighs up to 1,700 pounds and is no wider than 65 inches on specifically designated trails within Jericho Mountain state park.

3 Effective Date.

I. Section 2 of this act shall take effect January 1, 2016.

II. The remainder of this act shall take effect 60 days after its passage.

**HB 416**, shortening the appeals process for a permitting decision under RSA 482-A, relative to fill and dredge in wetlands. **OUGHT TO PASS.**

Rep. Pamela J. Hubbard for Resources, Recreation and Development: This bill shortens the appeal process for permitting decisions relative to fill and dredge in wetlands. The wetlands council is already aligned with the other councils associated with the department and conducts evidentiary hearings in appeals. This bill will eliminate reconsideration at the department level, which is no longer needed, and could shorten the appeals process by up to two months. Vote 17-0.

**HB 510**, relative to backflow prevention valves. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James D. Aguiar for Resources, Recreation and Development: The amendment replaces the bill in its entirety. The bill clarifies the circumstances under which backflow prevention devices are required as well as the frequency of device testing based on the relative hazard. It further outlines the responsibilities of the facility owner regarding testing and maintenance of the devices. Backflow devices prevent unhealthy water from mixing with safe water. Vote 17-0.

#### **Amendment (0404h)**

Amend the bill by replacing section 1 with the following:

1 Backflow Device Requirements and Tests. RSA 485:11 is repealed and reenacted to read as follows:

485:11 Backflow Device Requirements and Tests. There shall be a backflow prevention device installed at every connection to a public water system if the facility connected may pose a hazard to the quality of water supplied by the public water system as determined by the department of environmental services. The facility receiving water from a public water supply shall be responsible for having such backflow prevention devices installed, serviced and tested by individuals qualified by license or certification to perform these activities. Testing of backflow devices shall occur twice annually unless the public water supplier determines the facility poses a low hazard, in which case testing shall be performed on an annual basis. The facility receiving water from a public water supplier is responsible for ensuring that the backflow prevention device is working properly to prevent backflow into the public water system.

#### **AMENDED ANALYSIS**

This bill requires the installation of a backflow device at every connection to a public water system under certain conditions.

This bill also requires testing of such devices under certain conditions.

**HB 515**, relative to requirements for whitewater guides. **INEXPEDIENT TO LEGISLATE.**

Rep. Suzanne J. Smith for Resources, Recreation and Development: This bill requires guides of commercial whitewater rafting enterprises to show proof of having completed safety training. It also establishes a definition for "whitewater craft" and requires the Department of Safety to classify rivers in New Hampshire. There are only four whitewater outfitters in New Hampshire and only one river, the Androscoggin, which is used for whitewater rafting. The committee realizes that safety training for rafting guides is important, but believes that at this time the implementation of this bill would be problematic for enforcement and costly for the state. Vote 17-0.

**HB 574**, increasing the size limitations for OHRVs operating on state-owned trails. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Yvonne D. Thomas for Resources, Recreation and Development: This bill increases the size limitation for OHRVs operating on certain state trails. The amendment specifies that the bill pertains to Coos and Grafton counties. The bill increases the width from 50 inches to 62 inches and the weight from 1,000 pounds to 1700 pounds in order to accommodate the utility-style OHRV market.

Currently, riders of these larger vehicles are prohibited from operating on the state trails. The majority of the committee believes that this legislation will provide an economic enhancement for the north country. Vote 17-2.

#### Amendment (0727h)

Amend the title of the bill by replacing it with the following:

AN ACT increasing the size limitations for OHRVs operating on state-owned trails in Coos and Grafton counties.

Amend the bill by replacing section 1 with the following:

1 ATV and Trail Bike Operation on State Lands; Size Limitations Increased. Amend RSA 215-A:43, IV to read as follows:

IV. No person shall operate an OHRV wider than 50 inches or over 1000 pounds on any state-owned trails, *except that no person shall operate an OHRV wider than 62 inches or over 1,700 pounds on any state-owned trails in Coos or Grafton counties.*

#### AMENDED ANALYSIS

This bill increases the width and weight limitations for OHRVs that operate on state-owned trails in Coos and Grafton counties.

**HB 518**, relative to establishing an individual's status as a veteran and specifying that training for active duty is service for purposes of the veterans' tax credit. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Alfred P. Baldasaro for State-Federal Relations and Veterans Affairs: This bill is a fix on three areas for veterans who do not have a DD 214; one, it adds a DD form for the Air/Army National Guard to register their vehicles with a veteran plate or property taxes. The statement of service is for active duty stationed in New Hampshire to be used for veterans' plates and veterans' property tax credit. The change to Title 10 is a fix for the Air/Army National Guard members' active time to be accounted towards qualifications for veteran benefits. Vote 15-0.

#### Amendment (0794h)

Amend the bill by replacing section 1 with the following:

1 Documents Used to Establish Veteran Status. Amend RSA 21:50, I(b)(21) to read as follows:

(21) *Notarized statement of service letter signed by the individual's commanding officer or administrative officer.*

(22) *Completed DD FORM 4/2, October 2007 from the National Guard.*

(23) Other documents approved by the director, state office of veterans services.

#### AMENDED ANALYSIS

This bill adds a notarized statement of service letter and a completed DD FORM 4/2, October 2007 from the National Guard to the documents accepted to establish an individual's status as a veteran. This bill also specifies that training for active duty shall be included as service for purposes of the veterans' tax credit.

#### MOTION TO SUSPEND HOUSE RULES

Reps. Shurtleff and Chandler moved that House Rules be so far suspended as to allow consideration at the present time, without the required printing of a Committee Report in the House Calendar and, if passed, go to immediate 3<sup>rd</sup> reading, of **SB 199**, authorizing the attorney general to join the settlement of accrued claims relating to the non-participating tobacco manufacturers adjustment disputes for 2003 to 2011 and the 2012 non-participating tobacco manufacturers adjustment. Adopted by the necessary two-thirds vote.

#### CLERK'S NOTE

Although not in the House Calendar, the following statement was available to House members on this bill, **SB 199**, authorizing the attorney general to join the settlement of accrued claims relating to the non-participating tobacco manufacturers adjustment disputes for 2003 to 2011 and the 2012 non-participating tobacco manufacturers adjustment.

#### CONSIDERATION OF SB 199

**SB 199**, authorizing the attorney general to join the settlement of accrued claims relating to the non-participating tobacco manufacturers adjustment disputes for 2003 to 2011 and the 2012 non-participating tobacco manufacturers adjustment. **OUGHT TO PASS.**

Rep. Marjorie K. Smith for Judiciary: In response to a request by the Attorney General, the Republican and Democratic leaders of the House and Senate agreed to sponsor a bill to be heard by the legislature on an expedited basis. The bill seeks to settle a dispute between the tobacco companies and states that participated in the Tobacco Master Settlement Agreement. This settlement must be approved by the legislature by March 20, 2013 and on the governor's desk by March 22 to avoid significant risk of financial loss to the state. As described below, the tobacco companies have sued 35 states, alleging that they failed to adequately collect escrow funds from tobacco companies that did not join in the Master Settlement. This litigation has been going on for years and involves complaints concerning every year since 2003. The DOJ estimates that it has spent 1400 hours of attorney time per year so far and \$350,000 in additional litigation costs, without having started the first of at least ten hearings on the years in question. These litigation costs would likely increase significantly once the actual hearings were to begin. The potential liability to the state should it lose the lawsuit could extend to the complete loss of all funds due the state each year from 2003 until the litigation ended, a sum that could equal or exceed \$450,000,000. In 1998 the State of New Hampshire joined a nationwide lawsuit against the major tobacco manufacturers. That lawsuit was settled with adoption of the Tobacco Master Settlement Agreement (MSA). The MSA has three major components: 1) Participating Manufacturers are required to pay states an annual payment. 2) Non-Participating Manufacturers are required to pay into an escrow account on an annual basis going forward an amount of money based upon the number of cigarettes sold in the state. The escrow funds are not held by the state nor available to the state. 3) To receive their annual payments from the Participating Manufacturers, states are required to enforce the Non-Participating Manufacturers' obligation to pay into the escrow fund. For every year since 2003, the Participating Manufacturers have filed a claim alleging the states were not doing enough to ensure that Non- Participating Manufacturers were contributing to the escrow account. Trials are being held before a three judge arbitration panel for each year, starting with 2003. As part of that legal action the Participating Manufacturers reduced their payments to the states. For New Hampshire, the payment reduction has been roughly \$4 million annually. The states and the Participating Manufacturers have reached a settlement to this legal dispute. If New Hampshire joins the settlement: a) legal claims against the state by the Participating Manufacturers for years 2003 – 2015 will be resolved; b) adjustments will be made to the annual payments to the state over five years. In the first year, NH will receive more than our full annual payment. In the subsequent four years, New Hampshire will receive less than we used to receive under the MSA before this litigation but the deduction will be roughly consistent with what has been withheld by the tobacco companies since 2006. If New Hampshire does not join the settlement or the settlement is not approved: a) legal claims against the state by the Participating Manufacturers will be unresolved, exposing the state to increased legal costs and uncertainty over future MSA payments; b) participating Manufacturers will continue to withhold some of their annual payments. Because this is a settlement of a claim against the state, RSA14:35-b requires that legislation be passed authorizing the settlement. In order for New Hampshire to participate in the settlement, legislation must be passed on or before March 22, 2013. The settlement itself, however, is unlikely to be finalized for a period of time as some of the non-settling states have indicated they will challenge the settlement. This additional litigation could take a number of years. Current assessment indicates that by agreeing to this settlement there will be a significant decrease in future risk to the state along with some small revenue benefit in future years. Vote 13-1.

Rep. Marjorie Smith spoke in favor.

Committee report adopted and ordered to third reading.

### RESOLUTION

Rep. Shurtleff moved that **SB 199**, authorizing the attorney general to join the settlement of accrued claims relating to the non-participating tobacco manufacturers adjustment disputes for 2003 to 2011 and the 2012 non-participating tobacco manufacturers adjustment, be read a third time and passed at the present time.

Adopted.

### Third reading and final passage

**SB 199**, authorizing the attorney general to join the settlement of accrued claims relating to the non-participating tobacco manufacturers adjustment disputes for 2003 to 2011 and the 2012 non-participating tobacco manufacturers adjustment.

**REGULAR CALENDAR - PART I**

**HB 584**, relative to covered prescription drugs. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donald L. LeBrun for Health, Human Services and Elderly Affairs: An insurer issuing or renewing accident and health insurance policies may allow its insured participants to purchase up to a 90 day supply of covered prescription drugs on the covered persons health plan formulary at one time at the pharmacy of the insured's choice provided the insured can demonstrate the drug has been taken by the insured for a period of one year. This drug will not be subject to the health plans' utilization management or prior authorization or pre-certification process. Vote 14-0.

**Amendment (0807h)**

Amend the bill by replacing sections 1 and 2 with the following:

1 Covered Prescription Drugs. Amend RSA 415:6-aa to read as follows:

415:6-aa 90-Day Supply of Covered Prescription Drugs. An insurer issuing or renewing accident and health insurance policies shall allow its insureds to purchase an up-to-90-day supply of covered prescription drugs on the covered person's health plan formulary at one time *at a pharmacy of the insured's choice within the insurer's network*, provided that the insured can demonstrate that such drug has been taken by the insured for a continuous period of one year and provided that such drug is not subject to the health plan's utilization management, prior authorization, or pre-certification requirements. Controlled substances as identified by the United States Drug Enforcement Administration are exempt from this section. Nothing in this section shall be construed to limit the health plan's ability to establish co-payments, coinsurance deductibles, or other member cost shares. A *retail* pharmacy dispensing a 90-day supply of covered prescription drugs under this section ~~[shall]~~ *may* comply with any specified terms, conditions, and ~~[price]~~ *reimbursement rate, with no cost-sharing difference to the patient*, which the plan may require for *mail order* pharmacies that fill 90-day prescriptions.

2 Covered Prescription Drugs; Managed Care. Amend RSA 420:J-7-b, VIII to read as follows:

VIII. Every health benefit plan that provides prescription drug benefits shall allow its covered persons to purchase an up-to-90-day supply of covered prescription drugs on the covered person's health benefit plan formulary at one time *at a pharmacy of the insured's choice within the insurer's network*, provided that the insured can demonstrate that such drug has been taken by the insured for a continuous period of one year and provided that such drug is not subject to the health benefit plan's utilization management, prior authorization, or pre-certification requirements. Controlled substances as identified by the United States Drug Enforcement Administration are exempt from this paragraph. Nothing in this paragraph shall be construed to limit the health benefit plan's ability to establish co-payments, coinsurance deductibles, or other member cost shares. A *retail* pharmacy dispensing a 90-day supply of covered prescription drugs under this paragraph ~~[shall]~~ *may* comply with any specified terms, conditions, and ~~[price]~~ *reimbursement rate, with no cost-sharing difference to the patient*, which the health benefit plan may require for *mail order* pharmacies that fill 90-day prescriptions.

**AMENDED ANALYSIS**

This bill requires insurers to allow covered persons to purchase their 90-day supply of covered prescription drugs at the pharmacy of their choice within the insurer's network.

Rep. James MacKay moved Recommit and spoke in favor.

Adopted.

Recommitted to the Committee on Health, Human Services and Elderly Affairs.

**HB 297**, relative to the management of trust funds and capital reserve funds. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Bruce L. Tatro for the Majority of Municipal and County Government: This bill would change the way trust funds and capital reserve funds are managed. The majority of the committee felt there is no reason to change the present RSA. The committee had concerns about having records to be kept "off site" without defining what "off site" meant. Vote 14-1.

Rep. Kris E. Roberts for the Minority of Municipal and County Government: This bill will allow trustees to hire investment advisors to manage capital reserve funds without having to seek approval of the governing body of the community. Trustees report to the Charitable Trusts Unit, not the governing bodies. Without this bill, the governing body will continue the short-sighted practice of refusing monies for hiring advisors, which causes the capital reserve funds to languish in very low interest rate accounts –to the detriment of the community. The insertion of the words "investment advisor"

in the bill fixes clerical omissions in the implementation of the RSAs when investment advisors were added as allowable persons who could manage trust funds. Brokerage firms differ from investment advisors. Investment advisors are registered with the state of NH or the securities and exchange commission. Brokerage firms are regulated by FINRA. They have different business models. If a CPA firm manages money, the CPA firm must be registered as an investment advisor. Advisor fees are fully disclosed on the trustee's MS-10 annual report. Trustees regularly ask prospective advisors their fee schedule. Fees are disclosed in the trustee's minutes. The advisor contract contains the fee schedule. Most capital reserve funds (90%) carry balances forward each year. Cap reserves funds need to be invested more long term than they are right now. The trustees survey conducted last fall overwhelming supported this bill. A representative of the municipal association and a representative of the AG's office met last summer and helped craft the language of the bill.

Rep. Porter moved Recommit and spoke in favor.

Adopted.

Recommitted to the Committee on Municipal and County Government.

**HB 532**, relative to energy efficiency and clean energy districts. **WITHOUT RECOMMENDATION.**  
**Statement in support of Ought to Pass:** Rep. Marjorie A. Porter.

The ever increasing cost of fuel oil has placed a huge burden on many smaller local businesses as they struggle to heat their older commercial buildings. HB 532 with an amendment would set up a process by which municipalities can assist owners of commercial buildings obtain funding for energy-efficiency improvements. The considered amendment is the result of collaboration between the bill's sponsor and the NH Bankers Association and has the support of both. Committee members in favor of OTP/A feel this is a small business friendly bill, will help keep jobs in our communities, and will help conserve energy.

**Statement in support of Inexpedient to Legislate:** Rep. James E. Coffey.

This bill modifies RSA 53-F:1 which provides for municipal financing for energy conservation and efficiency improvements for privately owned buildings. Major changes include the elimination of a dollar cap and extension of the maximum repayment period from 20 to 30 years. One-half of a bipartisan group of the committee believes that this bill places municipalities in a position of excess risk, or into an activity that is better accomplished by other means.

Rep. Porter moved Recommit and spoke in favor.

Adopted.

Recommitted to the Committee on Municipal and County Government.

## **SPECIAL ORDER**

**HB 465**, repealing New Hampshire's atomic energy policy. **OUGHT TO PASS.**

Rep. Robert A. Backus for Science, Technology and Energy: The New Hampshire Atomic Energy Act, RSA 162-B, was passed in 1955 and no longer serves any practical purpose, since the state's interests with regard to atomic energy are found in various other statutes, including those dealing with nuclear plant decommissioning, transportation of nuclear waste, and radiological health and safety. However, the statute contains language that declares it the policy of New Hampshire to maximize the use of atomic energy. Since it appears that the General Court will be dealing with bills to update the New Hampshire energy policy, the majority found it both inappropriate and inconsistent to maintain a non-functional statute which, in effect, declares that atomic energy should continue to have a top priority when considering future energy options. In addition, in 1955 when the statute was enacted it was thought that nuclear energy would be extremely inexpensive ("too cheap to meter") and that there would be no serious problem with accidents, such as have since occurred at Three Mile Island, Chernobyl or Fukushima, or with safe disposal of high level nuclear waste. The repeal will have no effect on existing nuclear facilities, including the Seabrook nuclear plant. There was no testimony in opposition to the bill. Vote 13-3.

Rep. Borden moved Recommit and spoke in favor.

Adopted.

Recommitted to the Committee on Science, Technology and Energy.

## **SPECIAL ORDER**

**HB 305**, establishing a committee to study the apportionment formula for cooperative school districts for towns with electric generation facilities. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Marjorie A. Porter for Municipal and County Government: This bill, as amended, establishes a committee to study tax obligations and state aid for towns and districts that have electric

generation facilities, including renewable generation facility subject to PILOT (payment in lieu of taxes) payments, and are part of a cooperative or regional school district. There seems to be some inconsistency in current law, and hopefully this committee could discover them and make recommendation for a fair allocation of taxes. Vote 12-4.

#### **Amendment (0471h)**

Amend the bill by replacing section 3 with the following:

3 Duties. The committee shall study tax obligations and state aid for towns and districts that have electric generation facilities, including renewable generation facilities subject to a payment in lieu of taxes under RSA 72:74, sited within the town or district. The committee shall study the laws governing the apportionment formula for cooperative and regional school districts, and may propose changes to remedy disproportionate tax assessments and tax obligations resulting from the electric generation facility. The committee may also study how electrical generation facilities affect the tax bases of surrounding municipalities and how the use of payments in lieu of taxes for renewable energy projects has worked, including whether the provisions in statute to establish them are sufficient to protect property taxpayers and whether they ensure proportionality.

Amendment adopted.

Committee report adopted and ordered to third reading.

Rep. Moffett declared a conflict of interest and did not participate.

#### **SPECIAL ORDER**

**HB 271**, stating that New Hampshire will not accept expanded Medicaid. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Laurie Harding for Majority of Health, Human Services and Elderly Affairs: The primary reason that the committee voted HB 271 inexpedient to legislate was because passage of this bill would close the door on further discussion related to Medicaid expansion. It was clear from the public hearing that those testifying (45-50 people) at the very least expected the legislature to continue to explore Medicaid expansion as an option for not only increasing the number of individuals in New Hampshire with health care coverage but also because it would be a vehicle for bringing hundreds of millions of federal dollars into the state. In fact, the federal law is clear that the federal financing / matching rate is: 100% for calendar years 2014, 2015, and 2016; 95% for calendar year 2017; 94% for 2018; 93% for 2019; and 90% for calendar year 2020 and each year thereafter. Section 1905(y)(1) of the Social Security Act, codified at 42 USC § 1396d(y)(1). The Medicaid expansion and its federal financing/matching rate are enshrined in federal law. Changing either of these federal government obligations would require an Act of Congress. In addition, the expansion is entirely voluntary; states can decide when to come into the expansion and they can decide when to leave. During the hearing, the committee heard from business people, representatives from insurance companies, hospitals, physicians, nurses, those suffering from and providers treating people with substance use disorders, as well as many others supporting Medicaid expansion. The ongoing themes of public testimony were related to: doing what is right by working people who are uninsured and have no regular access to health care, helping business owners who can't afford to offer coverage to their low-income employees, addressing the concerns of health care providers who now receive no compensation for treating people without health coverage and reducing the pressure on insurers to shift these uncompensated care costs onto all who pay for private health insurance premiums. The committee thinks that the conversation about Medicaid expansion is just beginning. An ITL vote on HB 271 allows the dialogue to continue. Vote 13-6.

Rep. Richard Meaney for the Minority of Health, Human Services and Elderly Affairs: This bill is needed to prevent Medicaid expansion in New Hampshire. Medicaid expansion is unaffordable. Medicaid rolls in New Hampshire would swell to include nearly one in every six New Hampshire residents. Even thousands of county and state inmates will be covered under expanded Medicaid, hamstringing current efforts to provide cost-efficient care. Many businesses that now provide private insurance will cease providing such insurance due to expensive federal mandates. The "\$2.5 billion federal dollars between 2014-2019" that would be coming to New Hampshire is a pretense and an expensive one at that. Every federal dollar spent today requires 42 cents of borrowing. "Federal dollars" are taxpayer dollars, many of which come from New Hampshire. New Hampshire residents will pay increased taxes and fees to support expanded Medicaid. The state budget will require at least \$15 million annually from 2014-2019 and subsequently an additional \$50-\$100 million annually to service the Medicaid pretense. If the federal promise to provide 90% of NH's expanded Medicaid

costs is fulfilled in a manner similar to the fulfillment of the Special Education promise (feds promised 40%, are delivering 17%), we will see NH's expanded Medicaid costs reach a quarter of a billion dollars per year. In the absence of cost controls and reform, we simply can't put more people into a broken system that doesn't work.

The question being adoption of the majority committee report of Inexpedient to Legislate. Reps. Dan McGuire and Meaney spoke against.

Rep. Harding spoke in favor.

Rep. William O'Brien spoke against and yielded to questions.

Rep. Sherman spoke in favor and yielded to questions.

Rep. Baldasaro requested a roll call; sufficiently seconded.

### SPECIAL ORDER

**HB 454**, requiring consent prior to the installation of smart meters. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Nickolas J. Levasseur for the Majority of Science, Technology and Energy: This bill would have required utilities to gain consent prior to installing what the bill defined as a "smart meter." Smart meters are electronic metering devices which typically have the ability to transmit metering data electronically. This particular bill sought to specifically address those which transmit using wireless technology and did not address those which use wired technology (both are currently in use in NH today). A smart meter is distinct from another type of device known as a "smart meter gateway device," or simply "gateway." A gateway device is one which, in addition to reading the meter, also has the ability to track individual appliances and devices within the home and, in some cases, activate or deactivate those devices. Gateway devices are covered under current law and consent is required in order to install them. The smart meters targeted in this bill have no such in home monitoring ability and are designed solely for remote meter reading and outage reporting. In New Hampshire all components of a property's service line up to and including the meter are owned by the utility. Therefore, the installation, maintenance, and technology are all the financial and logistical responsibility of the utility. The electrical customer owns everything beyond the meter. The committee heard testimony that these meters presented a plethora of medical conditions, environmental issues, and privacy issues. Opponents of these meters claimed that the information collected by these meters

could be used for nefarious purposes including knowing which rooms and devices an individual is using are even aiding in burglary. The majority committee found these claims to be without basis. The intermittent wireless signals used by these devices are roughly 1/4 of the strength of that of a cell phone and no concrete evidence was provided to verify the health or environmental impacts. The majority of the committee felt that the privacy argument also lacked merit as these devices are only capable of reading usage and would have no specific location information associated with it. The committee felt that having an actual meter reader physically go onto a customer's property each month posed a greater potential security and privacy risk to the customer than these meters doing the job remotely. Ultimately, the committee felt that this issue failed to meet the threshold needed for legislation. As customers, we do not own our meters. Forcing the utilities to provide boutique equipment without sufficient basis is not warranted. Vote 15-3.

Rep. Laurence M. Rappaport for the Minority of Science, Technology and Energy: The minority feels that the current law does not go far enough to protect the privacy of individual rate-payers. It believes that meters which can communicate with the utility headquarters and which may be reprogrammed by the company without knowledge or consent of the user but otherwise cannot control appliances should also be subject to rate-payer approval.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Todd Smith spoke against.

Rep. Nickolas Levasseur spoke in favor and yielded to questions.

Rep. Baldasaro requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

**SPECIAL ORDER****HB 630-FN**, repealing the New Hampshire regional greenhouse gas initiative program. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John E. Mann for Science, Technology and Energy: This bill, as amended, will require that at least 20% of the RGGI proceeds that are not returned to ratepayers, as currently required by law, are allocated for energy efficiency improvements in low-income households. Vote 16-3.

**Amendment (0712h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to the use of proceeds from the regional greenhouse gas initiative program.

Amend the bill by replacing all after the enacting clause with the following:

1 Use of Auction Proceeds. Amend RSA 125-O:23, III to read as follows:

III. All remaining proceeds received by the state from the sale of allowances shall be allocated by the commission as an additional source of funding to electric distribution companies for core energy efficiency programs that are funded by SBC funds. ***In allocating the proceeds, the commission shall first allocate at least 20 percent of the amount of the proceeds to the low-income core energy efficiency program.***

2 Effective Date. This act shall take effect July 1, 2013.

### AMENDED ANALYSIS

This bill requires the public utilities commission to allocate certain proceeds from the energy efficiency fund to the low-income core energy efficiency program.

Rep. Borden spoke in favor.

Rep. Tucker requested a roll call; sufficiently seconded.

and the committee amendment was adopted.

Committee report adopted and ordered to third reading.

Rep. Moffett declared a conflict of interest and did not participate.

### SPECIAL ORDER

**HB 242**, relative to child passenger restraint requirements. **OUGHT TO PASS WITH AMENDMENT.**  
 Rep. Elizabeth B. Burtis for Transportation: This bill, as amended, brings the New Hampshire child restraint law closer to the nationally accepted best practice for child safety and changes the height restriction for requiring a child restraint device to 56" and changes the age restriction to six years of age increasing the existing law the age by one year and the height one inch. Medical and safety experts advocated for the passage of this bill. The majority of the committee felt the safety of New Hampshire's children to be the most important consideration when voting on this bill. Vote 12-3.

### Amendment (0454h)

Amend the bill by replacing section 1 with the following:

1 Rules of the Road; Child Restraint System. Amend RSA 265:107-a, I-b to read as follows:

I-b. No person shall drive a motor vehicle on any way while carrying as a passenger a person less than [6] 7 years of age unless such passenger is properly fastened and secured by a child restraint system which is in accordance with the safety standards approved by the United States Department of Transportation in 49 C.F.R. section 571.213. If the passenger is [55] 56 inches or more in height, the provisions of this paragraph shall not apply.

**AMENDED ANALYSIS**

This bill increases the height exception to the child restraint system requirement for motor vehicle operation and adds 6-year-old children to the requirement.

Amendment adopted.

Rep. James Webb offered floor amendment (0806h).

**Floor Amendment (0806h)**

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 New Paragraph; Child Passenger Restraints; Seating. Amend RSA 265:107-a by inserting after paragraph I-b the following new paragraph:

I-c. No person shall drive a motor vehicle on any way with a passenger who is less than 7 years of age unless such passenger is in the back seat of the vehicle and restrained in accordance with paragraph I or I-b, as applicable. This prohibition shall not apply if the vehicle does not have a back seat or if there are more passengers less than 7 years of age than the back seat can accommodate. If the absence of a back seat or the number of passengers requires the placement of a passenger less than 7 years of age in the front seat, the driver shall, if possible, disable the air bag in front of such passenger.

**AMENDED ANALYSIS**

This bill increases the height exception to the child restraint system requirement for motor vehicle operation and adds 6-year-old children to the requirement. This bill also requires that passengers less than 7 years of age ride in the back seat, unless the vehicle does not have a back seat or cannot accommodate all such passengers.

Rep. James Webb spoke in favor and yielded to questions.

Rep. Sally Kelly spoke against and yielded to questions.

On a division vote, 63 members having voted in the affirmative and 290 in the negative, floor amendment (0806h) failed.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Dan McGuire requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

**SPECIAL ORDER**

**HB 659-FN-A**, increasing the tobacco tax. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Mary R. Cooney for the Majority of Ways and Means: This bill increases the cigarette tax from \$1.68 to \$1.88 for each pack of cigarettes, which restores the ten cent cut and increases it another ten cents. Each ten cent increase increases state revenue by approximately \$10M per year. New Hampshire prices will still be under neighboring states' price by 85 cents to \$2.07 per pack. Additionally, this bill raises the rate of tax on tobacco products other than cigarettes to 53.7 percent from 48 percent which is a comparable increase. The last section of the bill addresses the issue of the inventory or floor tax. This is the tax which is applied when the rate of tax changes to retail inventory. When the tax changes, retail stores have had a great deal of trouble paying the increases up front on behalf of their customers, the ultimate payers. The experiment in reduction of cigarette tax did not include a refund for inventory purchased prior to the reduction. This bill recognizes this fact and will only charge retailers on the second ten cent increase. It also solves a long standing problem by allowing store owners 60 days to collect the tax from customers before remitting it to the state. Vote 11-7.

Rep. Laurie J. Sanborn for the Minority of Ways and Means: This bill, as amended, increases the tax on cigarettes by 20 cents, from \$1.68 to \$1.88 per pack. This puts NH at a real competitive disadvantage in attracting cross border sales, not only in tobacco but also in retail, lottery, restaurants and more. This bill will hurt our state's small businesses and their ability to survive, and will damage our already fragile economy.

**Majority Amendment (0705h)**

Amend the bill by replacing sections 2-3 with the following:

2 Tobacco Products Other Than Cigarettes; Tax Rate Increased. Amend RSA 78:7-c to read as follows:

78:7-c Tax Imposed on Tobacco Products Other Than Cigarettes. A tax upon the retail consumer is hereby imposed on tobacco products other than cigarettes at a rate of [48] 53.7 percent of the wholesale sales price. The tax under this section may be rounded to the nearest cent if the commissioner determines that the amount of tax would not thereby be made materially disproportionate. No such tax is imposed on any transactions, the taxation of which by this state is prohibited by the Constitution of the United States. No such tax shall be imposed on premium cigars.

3 Applicability. Sections 1 and 2 of this act shall apply to all persons licensed under RSA 78:2. Such persons shall inventory all cigarettes and taxable tobacco products other than cigarettes in their possession and file a report of such inventory with the department of revenue administration on a form prescribed by the commissioner within 20 days after the effective date of this act. One-half of the tax rate effective July 1, 2013 shall apply to such inventory and the difference, if any, in the amount paid previously on such inventory and 1/2 of the current effective rate of tax shall be paid within 60 days of the effective date of this act. The inventory form shall be treated as a tax return for the purpose of computing penalties under RSA 21-J.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Abrami spoke against and yielded to questions.

Rep. Almy spoke in favor and yielded to questions.

Rep. Sanborn spoke against.

Rep. Ames spoke in favor.

Rep. Menear requested a roll call; sufficiently seconded

### REGULAR CALENDAR - PART II

#### ***HB 573-FN*, relative to the use of marijuana for medicinal purposes. **OUGHT TO PASS WITH AMENDMENT.****

Rep. Stephen J. Schmidt for Health, Human Services and Elderly Affairs: This bill provides that New Hampshire citizens who are diagnosed with a terminal, severely debilitating or chronic condition as defined in the law may be eligible to obtain therapeutic cannabis to relieve their pain and suffering. The law requires that a prospective patient establish a relationship with a health care provider for a minimum of three months. The health care provider must document that traditional medications have proven to be ineffective and failed to alleviate their pain and suffering. No health care provider will be required to participate in the program nor certify the use of therapeutic cannabis. The bill ensures that the use of therapeutic cannabis will be restricted to New Hampshire patients. Visitors with a valid medical use card from their home state will not be eligible to purchase or cultivate cannabis in New Hampshire. They will be protected from local or state prosecution if the cannabis in their possession does not exceed the amount allowed under New Hampshire law. The therapeutic cannabis program will be administered by the health and human services department (The Department). In addition, the program will be evaluated by the creation of a "therapeutic use of cannabis advisory council." This council will be comprised of members of the New Hampshire House, Senate, health and human services department, patients, health care providers, law enforcement and hospitals. This council will report to the Health and Human Services Oversight Committee and will evaluate all aspects of the bill to ensure that access to and use of cannabis is provided only to persons authorized for such purposes and report out any recommendations or deficiencies for either departmental or legislative correction. Lastly, the council will be required to prepare a report on the 5th year anniversary of the bill's passage opining as to whether the program should be continued or repealed and stating the reasons for their opinion. The committee concluded that the bill as proposed will provide relief to those chronically or terminally ill New Hampshire patients not responding to traditional medications while also providing a high level of control ensuring that therapeutic cannabis is strictly limited to those New Hampshire patients qualified. Vote 14-1.

#### **Amendment (0797h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to the use of cannabis for therapeutic purposes.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Use of Cannabis for Therapeutic Purposes. Amend RSA by inserting after chapter 126-V the following new chapter:

#### CHAPTER 126-W

#### USE OF CANNABIS FOR THERAPEUTIC PURPOSES

126-W:1 Definitions. In this chapter:

I. "Alternative treatment center" means a not-for-profit entity registered under RSA 126-W:7 that acquires, possesses, cultivates, manufactures, delivers, transfers, transports, sells, supplies, and dispenses cannabis, and related supplies and educational materials, to qualifying patients.

II. "Alternative treatment center agent" means a principal officer, board member, employee, manager, or volunteer of an alternative treatment center who is 21 years of age or older and has not been convicted of a felony or any drug-related offense.

III. "Cannabis" means all parts of any plant of the Cannabis genus of plants, whether growing or not; the seeds thereof; the resin extracted from any part of such plant; and every compound, salt, derivative, mixture, or preparation of such plant, its seeds, or resin. Such term shall not include the mature stalks of such plants, fiber produced from such stalks, oil, or cake made from the seeds of such plants, any other compound, salt, derivative, mixture, or preparation of such mature stalks (except the resin extracted therefrom), fiber, oil or cake, or the sterilized seeds of such plants which are incapable of germination.

IV. "Cultivation location" means a locked and enclosed site, under the control of the qualifying patient or designated caregiver who has reported the location of the site to the department, where cannabis is cultivated in accordance with the provisions of this chapter. A cultivation location may be a closet, a room, a greenhouse, a building, or another enclosed area that is secured with one or more locks or other security devices.

V. "Department" means the department of health and human services.

VI. "Designated caregiver" means an individual:

- (a) Who is at least 21 years of age;
- (b) Who has agreed to assist with a qualifying patient's therapeutic use of cannabis;
- (c) Who has never been convicted of a felony or any drug-related offense; and
- (d) Who possesses a valid registry identification card issued pursuant to RSA 126-W:4.

VII.(a) "Provider" means a physician licensed to prescribe drugs to humans under RSA 329 and who possesses certification from the United States Drug Enforcement Administration to prescribe controlled substances. "Provider" shall also mean an advanced practice registered nurse licensed pursuant to RSA 326-B:18.

(b) If the qualifying patient's qualifying medical condition is post-traumatic stress disorder, the provider shall also be a licensed psychiatrist.

(c) For a visiting qualifying patient, "provider" means an individual licensed to prescribe drugs to humans in the state of the patient's residence and who possesses certification from the United States Drug Enforcement Administration to prescribe controlled substances.

VIII. "Provider-patient relationship" means at least a 3-month medical relationship between a licensed provider and a patient that includes an in-person exam, a history, a diagnosis, a treatment plan appropriate for the licensee's medical specialty, and documentation of all prescription drugs including name and dosage.

IX.(a). "Qualifying medical condition" means the presence of:

(1) Cancer, glaucoma, positive status for human immunodeficiency virus, acquired immune deficiency syndrome, hepatitis C currently receiving antiviral treatment, amyotrophic lateral sclerosis, muscular dystrophy, Crohn's disease, agitation of Alzheimer's disease, multiple sclerosis, chronic pancreatitis, or post-traumatic stress disorder; and

(2) A severely debilitating or terminal medical condition or its treatment that produces at least one of the following: cachexia, chemotherapy-induced anorexia, wasting syndrome, severe pain that has not responded to previously prescribed medication or surgical measures for more than 3 months, or for which other treatment options produced serious side effects, constant or severe nausea, moderate to severe vomiting, seizures, or severe, persistent muscle spasms.

(b) The commissioner may include a medical condition which is not listed in subparagraph (a) and which the commissioner determines, on a case by case basis, is severely debilitating or terminal, based upon the written request of a provider who furnishes written certification to the commissioner.

X. "Qualifying patient" means a resident of New Hampshire who has been diagnosed by a provider as having a qualifying medical condition and who possesses a valid registry identification card issued pursuant to RSA 126-W:4.

XI. "Registry identification card" means a document issued by the department pursuant to RSA 126-W:4 that identifies an individual as a qualifying patient or a designated caregiver.

XII. "Seedling" means a cannabis plant that has no flowers and is less than 12 inches in height and less than 12 inches in diameter.

XIII. "Therapeutic use" means the acquisition, possession, cultivation, preparation, use, delivery, transfer, or transportation of cannabis or paraphernalia relating to the administration of cannabis to treat or alleviate a qualifying patient's qualifying medical condition or symptoms or results of treatment associated with the qualifying patient's qualifying medical condition. It does not include:

(a) The use of cannabis by a designated caregiver who is not a qualifying patient; or

(b) Cultivation or purchase by a visiting qualifying patient; or

(c) Cultivation by a designated caregiver or qualifying patient who is not designated as being allowed to cultivate.

XIV. "Unusable cannabis" means any cannabis, other than usable cannabis, including the seeds, stalks, and roots of the plant.

XV. "Usable cannabis" means the dried leaves and flowers of the cannabis plant and any mixture or preparation thereof, but does not include the seeds, stalks, and roots of the plant and does not include the weight of any non-cannabis ingredients combined with cannabis and prepared for consumption as food or drink.

XVI. "Visiting qualifying patient" means a patient with a qualifying medical condition who is not a resident of New Hampshire or who has been a resident of New Hampshire for fewer than 30 days.

XVII. "Written certification" means documentation of a qualifying medical condition by a provider pursuant to rules adopted by the department pursuant to RSA 541-A for the purpose of issuing registry identification cards, after having completed a full assessment of the patient's medical history and current medical condition made in the course of a provider-patient relationship of at least 3 months in duration. The 3-month requirement for the provider-patient relationship required in this paragraph shall not apply if the provider issuing the written certification certifies that the onset of the patient's qualifying medical condition occurred within the past 3 months; and the certifying provider is primarily responsible for the patient's care related to his or her qualifying medical condition. The date of issuance and the patient's qualifying medical condition shall be specified on the written certification.

#### 126-W:2 Therapeutic Use of Cannabis Protections.

I. A qualifying patient shall not be subject to arrest by state or local law enforcement, prosecution or penalty under state or municipal law, or be denied any right or privilege for the therapeutic use of cannabis in accordance with this chapter, if the qualifying patient possesses, cultivates, or possesses and cultivates, an amount of cannabis that does not exceed the following:

(a) If the qualifying patient does not have a designated caregiver, for the possession and cultivation of cannabis that occurs at the cultivation location reported to the department, or while transporting cannabis and cannabis plants and seedlings to a new cultivation location that has been reported to the department within the prior 21 days:

(1) Six ounces of usable cannabis;

(2) Any amount of unusable cannabis; and

(3) Three mature cannabis plants and 12 seedlings, with a total canopy of no more than 50 square feet.

(b) If the qualifying patient is not at a cultivation location reported to the department:

(1) Two ounces of usable cannabis; and

(2) Any amount of unusable cannabis.

II. A designated caregiver shall not be subject to arrest by state or local law enforcement, prosecution or penalty under state or municipal law, or denied any right or privilege for the therapeutic use of cannabis in accordance with this chapter on behalf of a qualifying patient if the designated caregiver possesses or cultivates, or both, an amount of cannabis that does not exceed the following:

(a) If at the cultivation location reported to the department, or while transporting cannabis and cannabis plants and seedlings to a new cultivation location that has been reported to the department within the prior 21 days:

- (1) Six ounces of usable cannabis; and
- (2) Any amount of unusable cannabis; and
- (3) Three mature cannabis plants and 12 seedlings, with a total canopy of no more than

50 square feet.

(b) If not at a cultivation location reported to the department:

- (1) Two ounces of usable cannabis; and
- (2) Any amount of unusable cannabis.

III. A designated caregiver may receive compensation for costs, not including labor, associated with assisting a qualifying patient who has designated the designated caregiver to assist him or her with the therapeutic use of cannabis. Such compensation shall not constitute the sale of controlled substances.

IV. (a) A qualifying patient is presumed to be lawfully engaged in the therapeutic use of cannabis in accordance with this chapter if the qualifying patient possesses a valid registry identification card and possesses an amount of cannabis that does not exceed the amount allowed under this chapter.

(b) A designated caregiver is presumed to be lawfully engaged in assisting with the medical use of cannabis in accordance with this chapter if the designated caregiver possesses a valid registry identification card and possesses an amount of cannabis that does not exceed the amount allowed under this chapter.

(c) The presumptions made in subparagraphs (a) and (b) may be rebutted by evidence that conduct related to cannabis was not for the purpose of treating or alleviating the qualifying patient's qualifying medical condition or symptoms or effects of the treatment associated with the qualifying medical condition, in accordance with this chapter.

V. A valid registry identification card, or its equivalent, that is issued under the laws of another state, district, territory, commonwealth, or insular possession of the United States that allows, in the jurisdiction of issuance, a visiting qualifying patient to possess cannabis for therapeutic purposes, shall have the same force and effect as a valid registry identification card issued by the department in this state, provided that:

(a) The visiting qualifying patient shall also produce a statement from his or her provider stating that the visiting qualifying patient has a qualifying medical condition as defined in RSA 126-W:1, X; and

(b) A visiting qualifying patient shall not cultivate or purchase cannabis in New Hampshire or obtain cannabis from alternative treatment centers.

VI. A person otherwise entitled to custody of, or visitation or parenting time with, a minor shall not be denied such a right solely for conduct allowed under this chapter, and there shall be no presumption of neglect or child endangerment.

VII. For the purposes of medical care, including organ transplants, a qualifying patient's authorized use of cannabis in accordance with this chapter shall be considered the equivalent of the authorized use of any other medication used at the direction of a provider, and shall not constitute the use of an illicit substance.

VIII. A provider shall not be subject to arrest by state or local law enforcement, prosecution or penalty under state or municipal law, or be denied any right or privilege, including but not limited to a civil penalty or disciplinary action by the New Hampshire board of medicine or any other occupational or professional licensing entity, solely for providing written certifications, provided that nothing shall prevent a professional licensing entity from sanctioning a provider for failing to properly evaluate a patient's medical condition.

IX. An alternative treatment center shall not be subject to prosecution under state or municipal law; search or inspection, except by the department pursuant to RSA 126-W:7, XI; seizure; or penalty in any manner under state or municipal law for acting pursuant to this chapter and department rules to:

- (a) Acquire or purchase cannabis seeds, seedlings, plants, or cannabis from other sources;
- (b) Possess, cultivate, manufacture, or transport cannabis and seedlings; or
- (c) Deliver, transfer, supply, sell, or dispense cannabis and related supplies and educational

materials to qualifying patients and visiting qualifying patients who have designated the alternative treatment center to provide for them, to designated caregivers on behalf of the qualifying patients who have designated the alternative treatment center, or to other alternative treatment centers.

X. An alternative treatment center agent shall not be subject to arrest by state or local law enforcement, prosecution or penalty in any manner under state or municipal law, search, or be denied any right or privilege for working for an alternative treatment center pursuant to this chapter and department rules to engage in any of the actions listed in paragraph IX.

XI. Any cannabis, cannabis paraphernalia, licit property, or interest in licit property that is possessed, owned, or used in connection with the therapeutic use of cannabis as allowed under this chapter, or acts incidental to such use, shall not be seized or forfeited if the basis for the seizure or forfeiture is activity related to cannabis that is exempt from state criminal penalties under this chapter.

XII. An individual shall not be subject to arrest by state or local law enforcement, prosecution or penalty under state or municipal law, or be denied any right or privilege, including but not limited to a civil penalty or disciplinary action by a court or occupational or professional licensing entity, simply for being in the presence or vicinity of the therapeutic use of cannabis as allowed under this chapter.

XIII. If a state or local law enforcement agency or agent encounters an alternative treatment center or an individual who the agent or agency knows is an alternative treatment center agent, a designated caregiver, or a qualifying patient, or who credibly asserts he or she is an alternative treatment center agent, a designated caregiver, or a qualifying patient, the law enforcement agency or agent shall not provide any information from any cannabis-related investigation of the individual or entity to any law enforcement agency that does not recognize the protection of this chapter, and any prosecution of the individual or entity for a violation of this chapter shall be conducted pursuant to the laws of this state. This paragraph shall not apply in cases where the state or local law enforcement agency has probable cause to believe the person is distributing cannabis to a person who is not allowed to possess it under this chapter.

XIV. A person who ceases to be a qualifying patient or designated caregiver shall have 10 days after notification by the department to dispose of cannabis in one of the following ways:

(a) If the person was a designated caregiver and the qualifying patient who designated the caregiver is still a qualifying patient, but has designated a new caregiver or will cultivate plants himself or herself, the designated caregiver may transfer cannabis to the new person who will cultivate for the qualifying patient;

(b) The person may notify local law enforcement and request that they dispose of the cannabis; or

(c) The person may dispose of cannabis, after mixing cannabis with other ingredients such as soil to render it unusable.

#### 126-W:3 Prohibitions and Limitations on the Therapeutic Use of Cannabis.

I. A qualifying patient may use cannabis on privately-owned real property only with the permission of the property owner or in the case of leased property with the permission of the tenant in possession of the property, except that a tenant shall not allow a qualifying patient to smoke cannabis on rented property if smoking on the property violates the lease or the lessor's rental policies that apply to all tenants at the property. However, a tenant may permit a qualifying patient to use cannabis on leased property by ingestion or inhalation through vaporization even if smoking is prohibited by the lease or rental policies. For purposes of this chapter, vaporization shall mean the inhalation of cannabis without the combustion of the cannabis.

II. Nothing in this chapter shall exempt any person from arrest or prosecution for:

(a) Being under the influence of cannabis while:

(1) Operating a motor vehicle, commercial vehicle, boat, or vessel, or any other vehicle propelled or drawn by power other than muscular power; or

(2) In his or her place of employment, without the written permission of the employer; or

(3) Operating heavy machinery or handling a dangerous instrumentality.

(b) The use or possession of cannabis by a qualifying patient or designated caregiver for purposes other than for therapeutic use as permitted by this chapter;

(c) The smoking or vaporization of cannabis in any public place, including:

(1) A school bus, public bus, or other public vehicle; or

(2) A place of employment, without the written permission of the employer; or

(3) The grounds of any preschool, elementary, or secondary school; or

(4) Any correctional facility; or

(5) Any public park, public beach, public recreation center, public field, or youth center;

or

(6) Any law enforcement facility.

III. Nothing in this chapter shall be construed to require:

(a) Any health insurance provider, health care plan, or medical assistance program to be liable for any claim for reimbursement for the therapeutic use of cannabis; or

(b) Any individual or entity in lawful possession of property to allow a guest, client, customer, or other visitor to use cannabis on or in that property; or

(c) Any accommodation of the therapeutic use of cannabis on the property or premises of any place of employment or on the property or premises of any jail, correctional facility, or other type of penal institution where prisoners reside or persons under arrest are detained. This chapter shall in no way limit an employer's ability to discipline an employee for ingesting cannabis in the workplace or for working while under the influence of cannabis.

IV. Any person who makes a fraudulent representation to a law enforcement official of any fact or circumstance relating to the therapeutic use of cannabis to avoid arrest or prosecution shall be guilty of a violation and shall be fined \$500, which shall be in addition to any other penalties that may apply for making a false statement or for the use of cannabis other than use undertaken pursuant to this chapter.

V. A qualifying patient or designated caregiver who is found to be in possession of cannabis outside of his or her home and is not in possession of his or her registry identification card may be subject to a \$100 fine.

VI. Any qualifying patient or designated caregiver who sells cannabis to another person who is not a qualifying patient or designated caregiver under this chapter shall be subject to the penalties specified in RSA 318-B:26, IX-a, shall have his or her registry identification card revoked, and shall be subject to other penalties as provided in RSA 318-B:26.

VII. The department may revoke the registry identification card of a qualifying patient or designated caregiver for violation of rules adopted by the department or for violation of any other provision of this chapter, and the qualifying patient or designated caregiver shall be subject to any other penalties established in law for the violation.

#### 126-W:4 Departmental Administration; Registry Identification Cards.

I. Except as provided in paragraph V, the department shall issue a registry identification card to a person applying as a qualifying patient who submits all of the following information:

- (a) Written certification as defined in RSA 126-W:1.
- (b) An application or a renewal application accompanied by the application or renewal fee.
- (c) A recent passport-sized photograph of the applicant's face.
- (d) Name, residential and mailing address, and date of birth of the applicant, except that if the applicant is homeless, no residential address is required.
- (e) Name, address, and telephone number of the applicant's provider.
- (f) Name, address, and date of birth of the applicant's designated caregiver, if any. A qualifying patient shall have only one designated caregiver.
- (g) Name of the alternative treatment center that the qualifying patient designates. A qualifying patient may designate no more than one alternative treatment center at any time.
- (h) Street address of the cultivation location, if any, if the qualifying patient does not have a designated caregiver.

(i) A statement signed by the applicant, pledging not to divert cannabis to anyone who is not allowed to possess cannabis pursuant to this chapter and acknowledging that his or her diversion of cannabis is punishable as a class B felony and revocation of his or her registry identification card, in addition to other penalties for the illegal sale of cannabis.

II.(a) Except as provided in paragraph V, the department shall issue a registry identification card to a person applying as a designated caregiver who submits all of the following information:

- (1) An application or a renewal application.
- (2) A recent passport-sized photograph of the applicant's face.
- (3) Name, residential and mailing address, and date of birth of the applicant.
- (4) Name, residential and mailing address, and date of birth of the qualifying patient for whom the applicant will act as designated caregiver, except that if the qualifying patient is homeless, no residential address is required. A designated caregiver shall act on behalf of only one qualifying patient.

(5) Street address of the cultivation location, except that the designated caregiver may not include a cultivation location if the designated caregiver's qualifying patient has designated an alternative treatment center.

(6) A signed statement from the applicant agreeing to act as the designated caregiver for the qualifying patient named in the application and pledging not to divert cannabis to anyone who

is not allowed to possess cannabis pursuant to this chapter and acknowledging that the diversion of cannabis is punishable as a class B felony and revocation of one's registry identification card, in addition to other penalties for the illegal sale of cannabis.

(7) A person who is applying to be a designated caregiver shall submit the results of a state and federal criminal records check obtained through the department of safety. The department of safety may exchange necessary data including fingerprint data with the Federal Bureau of Investigation without disclosing that the records check is related to the provisions of this chapter and acts permitted by it.

(b) In the case of a designated caregiver applying for a renewal, the applicant shall submit a sworn statement that he or she has not been convicted of a felony or other drug-related offense.

III. The department shall verify the information contained in an application or renewal submitted pursuant to this section. The department shall approve or deny an application or renewal for a qualifying patient within 15 days of receipt of the application. The department shall approve or deny an application or renewal to serve as a designated caregiver within 45 days of receipt of the application. The department may deny an application or renewal only if the applicant did not provide the information required pursuant to this section, or if the applicant previously had a registry identification card revoked for violating the provisions of this chapter or rules adopted by the department, or if the department determines that the information provided was falsified or did not meet the requirements of this chapter or rules adopted by the department. The department shall notify an applicant of the denial of an application. An applicant who is aggrieved by a department decision may request an administrative hearing at the department.

IV. The department shall issue a registry identification card to a person applying as a qualifying patient or designated caregiver within 5 days of approving an application or renewal. Each registry identification card shall expire one year after the date of issuance, unless the provider states in the written certification that the certification should expire at an earlier specified date, then the registry identification card shall expire on that date. Registry identification cards shall contain all of the following:

- (a) Name, mailing address, and date of birth of the qualifying patient or designated caregiver.
- (b) The date of issuance and expiration date of the registry identification card.
- (c) A random 10-digit identification number, containing at least 4 numbers and at least 4 letters, that is unique to the qualifying patient or the designated caregiver.
- (d) A designation that the person is either a "qualifying patient" or a "designated caregiver." If the person is a designated caregiver, the identification card shall include the random 10-digit identification number of the qualifying patient for whom he or she is providing care.
- (e) The registry identification number corresponding with the alternative treatment center the qualifying patient designated, if any.
- (f) A passport-sized photograph of the qualifying patient's or designated caregiver's face.
- (g) A statement that the qualifying patient or designated caregiver is permitted under state law to possess cannabis pursuant to this chapter for the medical use of the qualifying patient.
- (h) A statement noting whether or not the cardholder is exempt from state penalties for cultivating cannabis. The statement shall be determined as follows:

(1) A qualifying patient is exempt from state penalties for cultivating cannabis in accordance with this chapter if he or she does not have a designated caregiver. If a qualifying patient has selected a designated caregiver, he or she is not exempt from state penalties for cultivating cannabis.

(2) A designated caregiver is exempt from state penalties for cultivating cannabis in accordance with this chapter if the designated caregiver's qualifying patient has not also designated an alternative treatment center. If the designated caregiver's qualifying patient has also designated an alternative treatment center, the designated caregiver is not exempt from state penalties for cultivating cannabis.

V. The department shall not issue a registry identification card to an applicant under 18 years of age who is applying as a qualifying patient unless:

- (a) A custodial parent or legal guardian responsible for health care decisions for the qualifying patient submits a written certification from 2 providers, one of whom shall be a pediatrician.
- (b) The applicant's provider has explained the potential risks and benefits of the therapeutic use of cannabis to the custodial parent or legal guardian with responsibility for health care decisions for the applicant; and

(c) The custodial parent or legal guardian with responsibility for health care decisions for the applicant consents in writing to:

(1) Allow the applicant's therapeutic use of cannabis; and

(2) Serve as the applicant's designated caregiver and control the acquisition of the cannabis and the frequency of the therapeutic use of cannabis by the applicant; and

(3) The custodial parent or legal guardian completes an application in accordance with the requirements of paragraph I on behalf of the applicant.

VI. The department shall provide each approved qualifying patient and caregiver a statement with the registry identification card explaining federal law on the possession of cannabis and that possession of a state registry identification card does not protect a person from federal criminal penalties.

VII. The department shall track the number of qualifying patients who have designated each alternative treatment center and issue a monthly written statement to the alternative treatment center identifying the number of qualifying patients who have designated that alternative treatment center along with the registry identification numbers of each patient and each patient's designated caregiver.

VIII. In addition to the monthly reports, the department shall also provide written notice to an alternative treatment center which identifies the names and registration identification numbers of a qualifying patient and his or her designated caregiver whenever any of the following events occur:

(a) A qualifying patient designates the alternative treatment center to serve his or her needs under this chapter;

(b) An existing qualifying patient revokes the designation of the alternative treatment center;

or

(c) A qualifying patient who has designated the alternative treatment center loses his or her status as a qualifying patient under this chapter.

IX.(a) A qualifying patient shall notify the department before changing his or her designated caregiver or alternative treatment center.

(b) A qualifying patient and designated caregiver shall notify the department before changing his or her cultivation location.

(c) A qualifying patient shall notify the department of any change in his or her name or address within 10 days of such change. If the qualifying patient's certifying provider notifies the department in writing that the qualifying patient no longer suffers from a qualifying medical condition or should discontinue using cannabis for another compelling reason, the registry identification card shall become void upon notification by the department to the qualifying patient.

(d) When a qualifying patient or a designated caregiver notifies the department of any change to a name, address, or alternative treatment center, the department shall issue the qualifying patient or designated caregiver a new registry identification card with a new random 10-digit identification number within 20 days of receiving the updated information.

(e) If a qualifying patient notifies the department of a change in his or her designated caregiver and the prospective designated caregiver meets the requirements of this chapter, the department shall issue the designated caregiver a registry identification card with a new random 10-digit identification number within 50 days of receiving the designated caregiver's application.

(f) A qualifying patient or designated caregiver who fails to notify the department of any changes to his or her name, address, designated caregiver, or cultivation location shall be guilty of a violation and may be subject to a fine not to exceed \$150 under rules adopted by the department.

(g) If a qualifying patient or designated caregiver loses his or her registry identification card, he or she shall notify the department within 10 days of losing the card. Within 5 days after such notification, the department shall issue a new registry identification card with a new random 10-digit identification number. The fee for new registry cards shall be established in rules set by the department pursuant to RSA 541-A.

X. Mere possession of, or application for, a registry identification card shall not constitute probable cause or reasonable suspicion, nor shall it be used to support the search of the individual or property of the individual possessing or applying for the registry identification card. The possession of, or application for, a registry identification card shall not preclude the existence of probable cause if probable cause exists on other grounds.

XI.(a) The department shall create and maintain a confidential registry of each individual who has applied for and received a registry identification card as a qualifying patient or a designated caregiver in accordance with the provisions of this chapter. Each entry in the registry shall contain

the qualifying patient's or designated caregiver's name, mailing address, date of birth, date of registry identification card issuance, date of registry identification card expiration, random 10-digit identification number, street address at which the cannabis plants will be cultivated or possessed, effective date of any change of cultivation location, and registry identification number of the qualifying patient's designated alternative treatment center, if any. The confidential registry and the information contained in it shall be exempt from disclosure under RSA 91-A.

(b)(1) Except as specifically provided in this chapter, no person shall have access to any information about qualifying patients or designated caregivers in the department's confidential registry, or any information otherwise maintained by the department about providers and alternative treatment centers, except for authorized employees of the department in the course of their official duties and local and state law enforcement personnel who have detained or arrested an individual who claims to be engaged in the therapeutic use of cannabis.

(2) If a local or state law enforcement officer submits a sworn affidavit to the department affirming that he or she has probable cause to believe cannabis is possessed or cultivated at a specific address, an authorized employee for the department may disclose whether the location is associated with a qualifying patient, designated caregiver, cultivation location, or alternative treatment center location.

(3) If a local or state law enforcement officer submits a sworn affidavit to the department affirming that he or she has probable cause to believe a specific individual possesses or cultivates cannabis, an authorized employee for the department may disclose whether the person is a qualifying patient or a designated caregiver, provided that the law enforcement officer provides the person's name and address or name and date of birth.

(4) Counsel for the department may notify law enforcement officials about falsified or fraudulent information submitted to the department where counsel has made a legal determination that there is probable cause to believe the information is false or falsified.

XII. Within 5 days of learning of the death of a qualifying patient, a surviving family member, caretaker, executor, or the patient's designated caregiver shall notify the department that the qualifying patient has died. Within 5 days of learning of the death of a qualifying patient, the surviving family member, caretaker, executor, or the patient's designated caregiver shall either request that the local law enforcement agency remove any remaining cannabis or shall dispose of the cannabis in a manner that is specified in 126-W:2, XIV.

#### 126-W:5 Affirmative Defense.

I. Except as provided in RSA 126-W:3, it shall be an affirmative defense to any prosecution for an offense involving cannabis or cannabis paraphernalia intended for therapeutic use if:

(a) The defendant is a qualifying patient in possession of a valid registry identification card and at the time of arrest or prosecution was in possession of a quantity of cannabis that was not more than allowed under this chapter, and the qualifying patient was engaged in the therapeutic use of cannabis in accordance with the provisions of this chapter; or

(b)(1) The defendant is a designated caregiver in possession of a valid registry identification card and at the time of arrest or prosecution was in possession of a quantity of cannabis that was not more than allowed under this chapter; and

(2) The designated caregiver was engaged in the therapeutic use of cannabis on behalf of a qualifying patient in accordance with the provisions of this chapter.

If a defendant proves the elements of the affirmative defense listed in subparagraph (I)(a) or (b), the charges shall be dismissed with prejudice.

II. A person who is arrested or cited for possession, cultivation, or transportation of cannabis, or possession of cannabis paraphernalia, may raise as an affirmative defense that he or she is person with a qualifying medical condition who is not yet in possession of a valid registry identification card if:

(a) Prior to the arrest, the person submitted to the department a valid application to become a qualifying patient, complete with a written certification, but the person had not yet received a registry identification card from the department; and

(1) The person does not possess more than 2 ounces of usable cannabis and any amount of unusable cannabis, if the cannabis is not on the person's property; or

(2) If the cannabis is on the person's property, the person does not possess more than 6 ounces of usable cannabis and any amount of unusable cannabis and does not possess or is not cultivating more than 3 mature cannabis plants with a total canopy of no more than 50 square feet, and 12 seedlings, which shall be in a locked and enclosed location on the person's property.

(b) The affirmative defense under this section shall not be available to a person who has violated any of the provisions of RSA 126-W:3, I-IV.

(c) If a defendant proves the elements of the affirmative defense listed in this paragraph, the defendant shall be acquitted of any charge to which the defendant proved the affirmative defense.

III. A person who is arrested or cited for possession, cultivation, or transportation of cannabis, or possession of cannabis paraphernalia, prior to the date on which the department begins accepting registry identification card applications may raise as an affirmative defense that he or she is a person with a qualifying medical condition who is not yet in possession of a valid registry identification card if:

(a) The person produces a written statement signed by a provider stating that in the provider's professional opinion, after having completed a full assessment made in the course of a provider-patient relationship of at least 3 months duration, the person has a qualifying medical condition. The 3-month requirement for the provider-patient relationship required in this paragraph shall not apply if the provider issuing the written certification certifies that the onset of the patient's qualifying medical condition occurred within the past 3 months and the certifying provider is primarily responsible for the patient's care related to his or her qualifying medical condition; and

(1) The person does not possess more than 2 ounces of usable cannabis and any amount of unusable cannabis, if the cannabis is not on the person's property; and

(2) If the cannabis is on the person's property, the person does not possess more than 6 ounces of usable cannabis and any amount of unusable cannabis and does not possess or is not cultivating more than 3 mature cannabis plants with a total canopy of no more than 50 square feet, and 12 seedlings which shall be in a locked and enclosed location.

(b) The affirmative defense under this section shall not be available to a person who has violated any of the provisions of RSA 126-W:3, I-IV.

(c) If a defendant proves the elements of the affirmative defense listed in this paragraph, the defendant shall be acquitted of any charge to which the defendant proved the affirmative defense.

126-W:6 Departmental Rules.

I. Not later than 6 months days after the effective date of this chapter, the department shall adopt rules, pursuant to RSA 541-A, governing:

(a) The form and content of applications for issuance and renewals of registry identification cards for qualifying patients and designated caregivers.

(b) The form and content of providers' written certifications.

(c) Procedures for considering, approving, and denying applications for issuance and renewals of registry identification cards, and for revoking registry identification cards.

(d) Fees, pursuant to RSA 126-W:4, I(b) and paragraph II of this section for applications for registry identification cards, and pursuant to RSA 126-W:4, IX(g) for re-issuance of replacement registry identification cards.

(e) Fines pursuant to RSA 126-W:4, IX(f) for failure of the qualifying patient or designated caregiver to notify the department of any changes to his or her name, address, designated caregiver in the case of a qualifying patient, or cultivation location.

II. The department's rules shall establish application and renewal fees for registry identification cards in accordance with the following:

(a) The fee structure by the department for alternative treatment centers and registry identification cards shall generate revenues sufficient to offset all state expenses of implementing and administering this chapter; however,

(b) The department may accept donations from private sources without the approval of the governor and council in order to reduce the application and renewal fees for qualifying patients.

III.(a) Not later than one year after the effective date of this section, the department shall adopt rules, pursuant to RSA 541-A, governing alternative treatment centers and the manner in which it shall consider applications for registration certificates for alternative treatment centers, including, but not limited to:

(1) The form and content of registration and renewal applications.

(2) Administrative requirements.

(3) Security requirements, which shall include at a minimum, lighting, physical security, video security, alarm requirements, measures to prevent loitering, and on-site parking.

(4) Sanitary requirements.

(5) Electrical safety requirements.

(6) The specification of acceptable forms of picture identification that an alternative treatment center may accept when verifying a sale.

(7) Personnel requirements including how many volunteers an alternative treatment center is permitted to have and requirements for supervision.

(8) Labeling standards.

(9) Procedures for suspending or terminating the registration of alternative treatment centers that violate the provisions of this chapter or the rules adopted pursuant to this chapter, a schedule of fines for such violations, procedures for appealing any enforcement actions, and a schedule of fines.

(10) Procedures for inspections and investigations.

(11) Advertising restrictions, including a prohibition of misrepresentation and unfair practices.

(12) Permissible hours of operation.

(13) The fees for the processing and review of applications for registration as an alternative treatment center and regulation of an alternative treatment center after it has been approved by the department. Such fees shall be established in an amount that covers all costs of the department for the review, registration, and regulation of alternative treatment centers.

(b) The department shall adopt rules with the goal of protecting against diversion and theft, without imposing an undue burden on the alternative treatment centers or compromising the confidentiality of qualifying patients and their designated caregivers.

126-W:7 Departmental Administration, Alternative Treatment Centers.

I. Within 30 days of the adoption of rules pursuant to RSA 126-W:6, the department shall begin accepting applications for the operation of alternative treatment centers.

II. Within 18 months of the effective date of this section, provided that at least 5 applications have been submitted that score sufficiently high to receive a certificate, the department shall issue alternative treatment center registration certificates to the 5 highest-scoring applicants. Each registration certificate shall include a registry number that is unique to the alternative treatment center.

III. Any time an alternative treatment center registration certificate is revoked, relinquished, or expires without a renewal application being submitted, the department shall accept applications for a new alternative treatment center and issue registration certificates to the applicant who scores the highest.

IV. If at any time after one year after the effective date of this section, fewer than 5 alternative treatment centers hold valid registration certificates in New Hampshire, the department shall accept applications for a new alternative treatment center. Except as provided in paragraph V, no more than 5 alternative treatment centers may hold valid registration certificates at one time.

V.(a) An alternative treatment center applicant shall submit a completed department-approved application form with all required documentation and a non-refundable fee in an amount set by department rule. The alternative treatment center application and supporting materials shall include, at a minimum:

(1) The legal name, articles of incorporation, and bylaws of the alternative treatment center.

(2) The proposed physical address of the alternative treatment center, if a precise address has been determined, or, if not, the general location where it would be located. This may include a second location for the cultivation of cannabis.

(3) A description of the enclosed, locked facility that would be used in the cultivation of cannabis by the alternative treatment center.

(4) The name, address, and date of birth of each principal officer and board member of the alternative treatment center. The board of directors for the non-profit shall include at least one physician, nurse, or pharmacist licensed to practice in New Hampshire and at least 3 patients qualified to register as qualifying patients. The majority of board members shall be New Hampshire residents.

(5) Proposed security and safety measures that comply with the rules issued pursuant to RSA 126-W:6, including a description of interior and exterior lighting and security systems.

(6) The distance from any pre-existing private or public school.

(7) A copy of the proposed policy regarding services to qualifying patients who cannot afford to purchase cannabis for therapeutic use.

(8) Information demonstrating the applicant's knowledge of organic growing methods to be used in their growing and cultivation of cannabis.

(9) Steps that will be taken to ensure the quality of the cannabis, including purity and consistency of dose.

(10) A start-up timetable that provides an estimated time from registration of the alternative treatment center to full operation and the assumptions used for the basis of those estimates.

(11) Information showing the applicant's experience running a non-profit or other business.

(12) A description of any additional services that will be available to patients.

(13) The applicant's plans for record keeping and inventory control.

(b) Any time one or more alternative treatment center registration applications are being considered, the department may, in partnership with the local governing body of the town or city where the applicants would be located, solicit input from the qualifying patients, designated caregivers, and the residents of the towns or cities.

(c) Each time an alternative treatment center certificate is granted, the decision shall be based on the overall health needs of qualifying patients and the safety of the public. The department shall evaluate applications for alternative treatment center registration certificates using an impartial and numerically scored competitive bidding process developed by the department in accordance with this chapter. The department shall require applicants to meet a minimum score to be considered. The registration considerations shall include the following criteria:

(1) The suitability of the proposed location or locations, including compliance with any local zoning laws and geographic convenience to patients from throughout the state of New Hampshire to alternative treatment centers if the applicant were approved.

(2) The proposed alternative treatment center's plan for operations and services, whether it has sufficient capital to operate, and ability to provide a steady supply of cannabis to the qualifying patients in the state.

(3) The principal officer and board members' character and relevant experience, including any training or professional licensing related to medicine, pharmaceuticals, natural treatments, botany, or cannabis cultivation and preparation and their experience running a non-profit organization or business.

(4) The applicant's plan for making cannabis available on an affordable basis to qualifying patients enrolled in Medicaid or receiving Supplemental Security Income or Social Security Disability Insurance.

(5) The applicant's plan for safe and accurate packaging and labeling of cannabis, including the applicant's plan for ensuring that all cannabis is free of contaminants.

(6) The sufficiency of the applicant's plans for record keeping and inventory control. Records shall be considered confidential health care information under New Hampshire law and shall be deemed protected health care information for purposes of the federal Health Insurance Portability and Accountability Act of 1996, as amended. Any dispensing records that an alternative treatment center is required to keep shall document transactions according to qualifying patients' and designated caregivers' registry identification numbers, rather than their names, to protect their confidentiality.

(7) The sufficiency of the applicant's plans for safety and security, including proposed location and security devices employed.

(8) Whether the entity possesses or has the right to use sufficient land, buildings, and equipment to properly carry out its duties as an alternative treatment center.

VI. After an alternative treatment center is approved, but before it begins operations, it shall submit the registration and regulation fee paid to the department in accordance with the rules adopted by the department.

VII. Information required to be submitted to the department on an application for an alternative treatment center identifying the locations where cannabis is proposed to be grown, cultivated, harvested, and otherwise prepared for distribution to qualifying patients, designated caregivers, and alternative treatment centers, and any other department records identifying such location, shall be considered to be confidential information and not subject to disclosure pursuant to RSA 91-A, except that:

(a) Such information may be disclosed to a law enforcement agency upon request for purposes of enforcement under this chapter;

(b) The location may be disclosed to towns and cities when seeking input on locations, provided that town and city representatives keep the information confidential; and

(c) The name, address, and phone number of alternative treatment centers may be disclosed to qualifying patients.

VIII. The alternative treatment center's certificate may be revoked at any time it commits a violation of this chapter or rules adopted by the department, including if it negligently or knowingly allows cannabis to be distributed to someone who is not exempt from penalties pursuant to this chapter.

IX. Not more than one year after an alternative treatment center receives its first registry certificate, an alternative treatment center shall pay a fee in an amount determined by the department.

X. Not more than one year after an alternative treatment center receives its first registry certificate, the department shall evaluate an alternative treatment center's operations. A registration certificate may be revoked if the alternative treatment center:

- (a) Committed violations of this act or department rules; or
- (b) Is not operational.

XI. Alternative treatment centers shall be subject to inspection by the department. During an inspection, the department may review the alternative treatment center's records, including its confidential dispensing records, which shall track transactions according to qualifying patients' registry identification numbers to protect their confidentiality.

#### 126-W:8 Alternative Treatment Centers; Requirements.

I. An alternative treatment center shall be operated on a not-for-profit basis for the benefit of its patients. An alternative treatment center need not be recognized as a tax-exempt organization by the Internal Revenue Service.

II. An alternative treatment center shall not be located in a residential district or within 1,000 feet of the property line of a pre-existing public or private elementary or secondary school.

III. An alternative treatment center shall implement appropriate security measures to deter and prevent the unauthorized entrance into areas containing cannabis and the theft of cannabis and shall ensure that each location has an operational security alarm system.

IV.(a) An alternative treatment center shall conduct a state and federal criminal records check for every person seeking to become a principal officer, board member, agent, volunteer, or employee before the person begins working at the alternative treatment center. An alternative treatment center shall not allow any person to be an alternative treatment center agent who:

- (1) Was convicted of a felony or any drug-related offense; or
- (2) Is under 21 years of age.

(b) An alternative treatment center shall create an identification badge for each alternative treatment center agent before the alternative treatment center agent possesses, cultivates, or transports cannabis on behalf of the alternative treatment center. The badges may include the alternative treatment center's registration certificate number and either a unique number for each agent or his or her name.

(c) An alternative treatment center agent shall wear his or her badge at all times when working at an alternative treatment center, including at any cultivation location.

V. No person who has been convicted of a felony or any drug-related offense shall be an alternative treatment center agent. A person who is employed by or is an agent, volunteer, principal officer, or board member of an alternative treatment center who violates this paragraph shall be guilty of a violation punishable by a fine of up to \$1,000. A subsequent violation of this paragraph shall be a misdemeanor.

VI. The operating documents of an alternative treatment center shall include procedures for the oversight of the alternative treatment center and procedures to ensure accurate record keeping.

VII. Each alternative treatment center shall keep the following records, in accordance with a records retention schedule established by the department:

(a) Records of the disposal of cannabis that is not distributed by the alternative treatment center to qualifying patients who have designated the alternative treatment center to cultivate for them.

(b) A record of each transaction, including the amount of cannabis dispensed, the amount of consideration, and the registry identification number of the qualifying patient, designated caregiver, or alternative treatment center.

VIII. Each alternative treatment center shall:

(a) Conduct an initial comprehensive inventory of all cannabis, including usable cannabis available for dispensing and mature cannabis plants at each authorized location on the date the alternative treatment center first dispenses cannabis.

(b) Conduct a monthly comprehensive inventory of all cannabis, including usable cannabis available for dispensing, mature cannabis plants, and seedlings at each authorized location.

IX. An alternative treatment center shall submit a department-approved incident report form on the next business day after it discovers a reportable incident. The report shall indicate the nature of the breach and the corrective actions taken by the alternative treatment center. Reportable incident shall mean:

- (a) Confidential information accessed or disclosed in violation of department rules;
- (b) Loss of inventory by theft or diversion;
- (c) Unauthorized intrusion into the alternative treatment center or the additional location, if any;
- (d) Any known violation of this chapter or department rules by an alternative treatment center agent; or
- (e) Any other incident that the department by rule requires to be reported.

X. Alternative treatment centers shall not use pesticides in cannabis.

XI. No cannabis or paraphernalia at an alternative treatment center shall be visible from outside the property of the alternative treatment center.

XII. An alternative treatment center shall submit an annual report to the department that shall provide information required by the department in order to allow the department to evaluate the effectiveness and operations of the alternative treatment center.

XIII.(a) Each time an alternative treatment center agent dispenses cannabis to a qualifying patient directly or through the qualifying patient's designated caregiver, he or she shall consult the alternative treatment center's records to verify that the records do not indicate that the dispensing of the cannabis would cause the qualifying patient to receive more cannabis than is permitted in a 10-day period. Each time cannabis is dispensed, the alternative treatment center agent shall record the date the cannabis was dispensed and the amount dispensed. All records shall be kept according to the registry identification number of the qualifying patient and designated caregiver, if any.

(b) Except as provided in subparagraph (c), a qualifying patient shall not obtain more than 2 ounces of usable cannabis directly or through the qualifying patient's designated caregiver during a 10-day period.

(c) After providing an opportunity for patients, experts, researchers, and physicians to be heard, the department may issue a rule adjusting the limit specified in subparagraph (a) to an amount that is reasonably necessary for a 10-day supply.

XIV.(a) Except when transporting cannabis in accordance with subparagraphs (b) or (c), an alternative treatment center agent shall only possess and manufacture cannabis at the alternative treatment center location or locations at which the alternative treatment center agents are employed. Volunteers shall only possess and manufacture cannabis at an alternative treatment center location. Volunteers shall not dispense cannabis.

(b) Distributions of cannabis to a qualifying patient or a designated caregiver for use by a qualifying patient shall be labeled with a document to identify the alternative treatment center, the patient's registry number, or the caregiver's number, the amount and form, the time and date of origin, and destination of the product.

(c) An alternative treatment center with an additional growing location shall label the cannabis that is being moved between the additional growing location and the alternative treatment center with a document that identifies the alternative treatment center by registry number, the time, date, origin, and destination of the material being transported, and the amount and form of cannabis and cannabis material that is being transported. Cannabis shall be transported only by an alternative treatment center agent who is not a volunteer.

XV.(a) An alternative treatment center shall not possess or cultivate cannabis in excess of the greater of the following quantities:

(1)(A) 80 cannabis plants, 160 seedlings, and 80 ounces of usable cannabis, or 6 ounces of usable cannabis per qualifying patient; and

(B) Three mature cannabis plants, 12 seedlings, and six ounces for each qualifying patient who has designated the alternative treatment center to provide him or her with cannabis for medical use. An alternative treatment center may also possess cannabis seeds, stalks, and unusable roots.

(b) An alternative treatment center may possess cannabis seeds, stalks, and unusable roots.

(c) An alternative treatment center or alternative treatment center agent shall not dispense, deliver, or otherwise transfer cannabis to a person other than:

- (1) A qualifying patient who has designated the relevant alternative treatment center; or
- (2) Such patient's designated caregiver.

(d) All cultivation of cannabis shall take place in an enclosed, locked facility registered with the department and which can only be accessed by alternative treatment center agents.

XVI.(a) All cannabis dispensed by an alternative treatment center shall include a label specifying the weight of the cannabis and any other information the department requires to appear on the label. The label shall also specify that the cannabis is for therapeutic use and that diversion is a class B felony requiring revocation of one's registry identification card.

(b) An alternative treatment center shall provide educational materials about cannabis to qualifying patients and their registered primary caregivers. Each alternative treatment center shall have an adequate supply of up-to-date educational material available for distribution. Educational materials shall be available for inspection by the department upon request. The educational material shall at least include information about the following:

(1) Strains of cannabis, routes of administration, and their different effects. Alternative treatment centers shall have educational materials available to assist in the selection of prepared cannabis. Alternative treatment centers shall provide tracking sheets to qualifying patients and registered primary caregivers who request them to keep track of the strains used and their effects.

(2) How to achieve proper dosage for different modes of administration. Emphasis shall be on using the smallest amount possible to achieve the desired effect. The impact of potency shall also be explained.

(3) Information on tolerance, dependence, and withdrawal shall be provided.

(4) Information regarding substance abuse signs and symptoms shall be available, as well as referral information.

(5) Information on whether the alternative treatment center's cannabis and associated products meet organic certification standards.

(6) Information about possible side effects from the use of cannabis for medical purposes.

XVII.(a) Each alternative treatment center shall develop, implement, and maintain on the premises employee and agent policies and procedures to address the following requirements:

(1) A job description or employment contract developed for all employees and a volunteer agreement for all volunteers, which includes duties, authority, responsibilities, qualifications, and supervision.

(2) Training in and adherence to confidentiality laws.

(3) The proper use of security measures and controls that have been adopted.

(4) Specific procedural instructions on how to respond to an emergency.

(b) All alternative treatment centers shall prepare training documentation for each employee and have employees sign a statement indicating the date, time, and place the employee received said training and topics discussed, to include name and title of presenters. The alternative treatment center shall maintain documentation of an employee's and a volunteer's training for a period of at least 6 months after termination of an employee's period of employment or the volunteer's period of voluntary service.

(c) Each alternative treatment center shall maintain a personnel record for each alternative treatment center agent that includes an application for employment or to volunteer and a record of any disciplinary action taken.

XVIII. A provider shall not:

(a) Accept, solicit, or offer any form of pecuniary remuneration from or to an alternative treatment center, except if the provider is employed by an alternative treatment center.

(b) Offer a discount or other thing of value to a patient who uses or agrees to use a particular alternative treatment center.

(c) Examine a patient in relation to issuing a written certification at a location where cannabis is sold or distributed.

(d) Hold an economic interest in an alternative treatment center if the provider issues written certifications to patients.

126-W:9 Therapeutic Use of Cannabis Advisory Council.

I. There is hereby established a therapeutic use of cannabis advisory council comprised of:

(a) Two members of the house of representatives, appointed by the speaker of the house of representatives.

(b) One member of the senate, appointed by the senate president.

(c) The commissioner of the department of health and human services, or designee.

(d) The commissioner of the department of safety, or designee.

(e) The attorney general, or designee.

(f) One physician with experience in therapeutic use of cannabis issues, appointed by the New Hampshire Medical Society.

(g) One nurse practitioner, appointed by the New Hampshire Nurse Practitioner Association.

(h) One representative of a community hospital, appointed by the governor.

(i) One representative of the New Hampshire Civil Liberties Union.

(j) One qualifying patient, appointed by the governor.

(k) One member of the public, appointed by the governor.

(l) One member from a hospital in New Hampshire, appointed by the governor.

(m) One member from the board of medicine, appointed by the executive director of the board of medicine.

(n) One member from the board of nursing, appointed by the executive director of the board of nursing.

## II. The advisory council shall:

(a) Assist the department in adopting and revising rules to implement this chapter.

(b) Collect information, including:

(1) Satisfaction of qualifying patients with the therapeutic use of cannabis program.

(2) Any effect the therapeutic use of cannabis law has had on referrals to regulatory boards.

(3) Best practices in other states that allow the therapeutic use of cannabis.

(4) The ability of qualifying patients in all areas of the state to obtain timely access to high-quality cannabis.

(5) Any research studies regarding health effects of cannabis for patients.

(6) The effectiveness of New Hampshire's therapeutic use of cannabis program.

(7) Efforts to educate New Hampshire physicians about research relating to the therapeutic use of cannabis.

(8) The effectiveness of alternative treatment centers, individually and collectively, in serving the needs of qualifying patients, including the provision of educational and support services, the reasonableness of their fees, whether they are generating any complaints or security problems, and the sufficiency of the number operating to serve the registered qualifying patients of New Hampshire.

(9) The sufficiency of the regulatory and security safeguards contained in this chapter and adopted by the department to ensure that access to and use of cannabis cultivated is provided only to persons authorized for such purposes.

(10) Any illegal distribution or diversion of cannabis cultivated pursuant to this chapter to individuals who are not alternative treatment center agents, qualifying patients, visiting qualifying patients, or designated caregivers.

(c) Make recommendations to the legislature and the department for any additions or revisions to the department rules or this chapter.

(d) Five years after the effective date of this chapter, issue a formal opinion on whether the program should be continued or repealed.

III. The advisory council may meet as often as is necessary to effectuate its goals. The first meeting shall be called by the commissioner of the department of health and human services, or designee within 45 days of the effective date of this chapter. At the first meeting, a chairman shall be elected by the members.

IV. On or before January 1 of each year, the advisory council shall provide a report to the department of health and human services and the health and human services oversight committee established under RSA 126-A:13 on its findings.

126-W:10 Annual Report. The commissioner of the department of health and human services shall report annually on the therapeutic use of cannabis program established under this chapter to the health and human services oversight committee established under RSA 126-A:13. The initial report shall be filed with the chairman of the committee no later than December 1, 2014. The commissioner's report shall include the following information:

I. The number of designated caregivers and the number of qualifying patients, by county.

II. Any other issues related to the implementation of the therapeutic use of cannabis permitted under this chapter that the committee shall request.

III. A summary of the report submitted by alternative treatment centers as required under RSA 126-W:8, XII.

126-W:11 Registry Identification Card and Certificate Fund. There is hereby established in the office of the state treasurer a fund to be known as the registry identification card and certificate fund which shall be kept separate and distinct from all other funds. The fund is established to pay for the operational expenses of permitting the therapeutic use of cannabis as established in this chapter. The moneys in this fund shall be nonlapsing and continually appropriated to the department. Interest on fund balances shall accrue to the fund. All fines and other income received by the department and all monetary fees, gifts, grants, and donations received by the department pursuant to this chapter shall be deposited in the fund.

2 New Subparagraph; Application of Receipts; Registry Identification Card and Certificate Fund. Amend RSA 6:12, I(b) by inserting after subparagraph (310) the following new subparagraph:

(311) Moneys deposited in the registry identification card and certificate fund established in RSA 126-W:11.

3 New Paragraph; Controlled Drug Act; Acts Prohibited. Amend RSA 318-B:2 by inserting after paragraph I-a the following new paragraph:

I-b. It shall be unlawful for a qualifying patient or designated caregiver as defined under RSA 126-W:1 to sell cannabis to another person who is not a qualifying patient or designated caregiver. A conviction for the sale of cannabis to a person who is not a qualifying patient or designated caregiver shall not preclude or limit a prosecution or conviction of any person for sale of cannabis or any other offense defined in this chapter.

4 New Paragraph; Controlled Drug Act; Penalties. Amend RSA 318-B:26 by inserting after paragraph IX the following new paragraph:

IX-a. A qualifying patient or designated caregiver as defined in RSA 126-W:1 who is convicted of selling cannabis to a person who is not a qualifying patient or designated caregiver shall be guilty of a class B felony and shall be sentenced to a maximum term of imprisonment of not more than 7 years, a fine of not more than \$300,000, or both.

5 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill authorizes the use of therapeutic cannabis in New Hampshire.  
Amendment adopted.

The question now being adoption of the committee report of Ought to pass with Amendment.

Rep. Cebrowski spoke against.

Rep. Wright spoke in favor.

Rep. Stephen Schmidt spoke in favor and yielded to questions.

Rep. Vaillancourt requested a roll call; sufficiently seconded.

## ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly Enrolled Senate Bill numbered 199.  
Rep. Shurtleff, Sen. Prescott for the Committee

## REGULAR CALENDAR - PART II (CONT'D)

**HR 6**, commemorating the 40<sup>th</sup> anniversary of the *Roe v Wade* Supreme Court decision and affirming support for its holding and principles. **WITHOUT RECOMMENDATION.**

**Statement in support of Ought to Pass:** Rep. James R. MacKay.

This resolution acknowledges the 40th anniversary of *Roe v Wade* and the contribution this Supreme Court decision has made to women's health. This confirmation of constitutional intent has protected a women's ability to make her own personal decision regarding her health care needs without the interference of government. Prior to *Roe*, women's only avenue to abortion was through illegal and often dangerous means. Prior to *Roe*, there was clear evidence that restrictive laws were not ending abortions but instead were resulting in a public health disaster, especially for those women with lower incomes who were unable to access abortion procedures privately. Through the 1960s, 44 states outlawed abortion in almost all situations that did not threaten the life or death of the mother. In 1973, *Roe v Wade* became law and allowed for the first trimester, elective abortions. Abortion rates climbed immediately. But since the 1980s, abortion rates have been declining. Abortion rates were their lowest in 2009. This resolution verifies that women's health policy established by this legislature is based on the principles put forward by *Roe* 40 years ago; the belief that abortion is a deeply personal and often complex decision for a woman and that decisions about whether to choose adoption, end a pregnancy, or raise a child must be left to a woman, her family, and her faith, with the counsel of her doctor or health care provider. Support for HR 6 in the committee was fundamentally based on this premise.

**Statement in support of Inexpedient to Legislate:** Rep. Donald L. LeBrun.

Americans are sharply divided on the issue of abortion. HR 6 will further divide the House of Representatives and citizens of New Hampshire. The resolution serves no end, other than a political one. It will inflict unnecessary emotional stress on those who have chosen to have an abortion and now regret their action. While legal, this resolution in essence, celebrates the destruction of over 500 million pre-born children. It sends a message to our youth, that life is meaningless, and may be terminated when they see no value in life.

Rep. James MacKay moved Ought to Pass.

## LAID ON THE TABLE

Rep. Bartlett moved that **HR 6**, commemorating the 40<sup>th</sup> anniversary of the *Roe v Wade* Supreme Court decision and affirming support for its holding and principles, be laid on the table.

On a division vote, 239 members having voted in the affirmative and 111 in the negative, the motion was adopted.

## REGULAR CALENDAR - PART II (CONT'D)

**HB 648-FN**, permitting current marital masters to remain in office until retirement, resignation, disability, or nonrenewal of appointment. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. David Woodbury for the Majority of Judiciary: This bill continues the process of replacing marital masters who retire, resign, become disabled or non-renewed with full-time judicial officers contingent upon General Court Fiscal Committee approval and the appropriation of sufficient funds. This bill further repeals inconsistent provisions in existing law. The committee heard, and is keenly aware, of concerns over marital master scheduling in Coos County. The committee received and accepted clear assurances from judicial branch personnel that it is taking steps now to address Coos County's concerns as it allocated limited resources across the state. Vote 11-5.

Rep. Lenette M. Peterson for the Minority of Judiciary: Last term the legislature passed the court reform bill, which was requested by the judicial branch merging the district court and family court. This merger allows the judges to hear cases from both courts and eliminates the marital master system. Passage of this bill would extend the marital master program and would delay the start-up of the circuit court.

**Majority Amendment (0529h)**

Amend RSA 490-F:7, III as inserted by section 1 of the bill by replacing it with the following:

III. Upon the retirement, resignation, disability, or nonrenewal of appointment of a marital master, the position shall be converted to a full-time judicial position, provided that the fiscal committee of the general court approves and further provided that sufficient funds have been appropriated for the salary and benefits of the full-time judicial position. Once converted to a full-time judicial vacancy, the governor may nominate and the council may confirm any qualified person pursuant to part 2, article 46 of the New Hampshire constitution.

On a division vote, 199 members having voted in the affirmative and 142 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Baldasaro requested a roll call; sufficiently seconded.

### **HB 357, prohibiting an employer from using credit history in employment decisions. WITHOUT RECOMMENDATION.**

**Statement in support of Ought to Pass:** Rep. Andrew A. White.

This bill is intended to remove a significant barrier to employment by limiting an employers ability to use credit history as a criteria for employment decisions. The bill attempts to balance the needs of industry with the need to put New Hampshire citizens to work without the barrier of an unnecessary, intrusive credit history investigation. Those in favor of the bill know that debt or poor credit ratings accrued in divorce and medical cases are not reflective of an employees trustworthiness or honesty and should not be used against them; it is also commonly known that not all credit reports are accurate and disputed credit reports can take extensive time to resolve, leaving an applicant without a potential job for something he or she cannot control and is not responsible for. Those supporting OTP believe that workers should be hired based on their qualifications to do the job, not their credit history, and that people who want to work should not be excluded on the basis of their credit history.

**Statement in support of Inexpedient to Legislate:** Rep. William Infantine.

The bill prohibits employers from using credit history when hiring, terminating, promoting, etc. however, allows this procedure if an employer has a bona fide purpose for requesting the information. The minority felt this was in effect opening the barn door in the front and opening the back door. There is no penalty for violating this law. Since consent is required by the applicant or employee in order for the employer to get a credit history, the applicant or employee has the ability to deny the request or explain issues that may exist.

Rep. Andrew White moved Ought to Pass.

**MOTION TO LAY ON THE TABLE**

Rep. Elliott moved that **HB 357**, prohibiting an employer from using credit history in employment decisions, be laid on the table.

On a division vote, 130 members having voted in the affirmative and 219 in the negative, the motion failed.

The question now being adoption of the motion of Ought to Pass.

Rep. Andrew White offered floor amendment (0932h).

**Floor Amendment (0932h)**

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Employers' Use of Credit History in Hiring Decisions. Amend RSA 275 by inserting after section 70 the following new subdivision:

**Credit Privacy**

275:71 Definitions. In this subdivision:

I. "Credit history" means any written or other communication of any information about the employee's or prospective employee's credit score, credit account balances, payment history, savings or checking account balances, or savings or checking account numbers by a consumer reporting agency as defined in RSA 359-B:3, VI.

II. "Employer" means an individual or entity that permits one or more individuals to work or that accepts applications for employment or is an agent of such individual or entity. "Employer" does not, however, include:

(a) Any bank holding company, financial holding company, bank, savings bank, savings and loan association, credit union, or trust company, or any subsidiary or affiliate thereof, that is chartered by any state or the United States.

(b) Any state or local government agency which requires use of the employee's or applicant's credit history or credit report.

III. "Substantially related to the employee's current or potential job" means the information contained in the credit history is related to the position for which the employee or prospective employee who is the subject of the report is being evaluated because the position:

(a) Is a managerial position which involves setting the direction or control of a business, division, unit, or agency of a business;

(b) Involves access to customers', employees', or the employer's personal or financial information other than information customarily provided in a retail transaction;

(c) Involves a fiduciary responsibility to the employer, including, but not limited to, the authority to issue payments, collect debts, transfer money, or enter into contracts; or

(d) Provides an expense account or corporate debit or credit card.

275:72 Unlawful Discriminatory Practice. It shall be an unlawful discriminatory practice for any employer, labor organization, or employment agency to use or request information in the credit history of a job applicant or employee in connection with or as a criterion for employment decisions related to hiring, termination, promotion, demotion, discipline, compensation, or the terms, conditions, or privileges of employment unless the employer is required by state or federal law to use individual credit history for employment purposes, or the employer has a bona fide purpose for requesting or using information in the credit history report that is substantially related to the employee's current or potential job and the employer complies with the notice and consent requirements of the Federal Fair Credit Reporting Act, 15 U.S.C. section 1681 et seq.

2 Effective Date. This act shall take effect 60 days after its passage.

Rep. Andrew White spoke in favor.

Floor amendment (0932h) adopted.

The question now being adoption of the motion of Ought to Pass with Amendment.

Rep. Infantine spoke against and yielded to questions.

Rep. Andrew White spoke in favor and yielded to questions.

Rep. Dan McGuire requested a roll call; sufficiently seconded.

### (Speaker Norelli in the Chair)

**HB 477-FN**, relative to differential pay for certain state employees providing direct care to inmates and patients. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.** Rep. Douglas A. Ley for the Majority of Labor, Industrial and Rehabilitative Services: When NH authorized public-sector collective bargaining in 1975, it excluded a small number of pre-existing points or conditions. Among these exclusions were hazardous duty pay in the NH State Prison and NH Hospital, as well as differential pay for specified classes of employees (nurses, pharmacists, security, for example) at particular state facilities. This differential and/or hazardous pay is still locked in by statute, ranging between \$5-\$25 per week. Unchanged since the early 1970s, this hazardous/differential pay is woefully out-of-date, as are some of listed job classifications (especially as new modes of organizing work entail much greater flexibility in tasks and responsibilities). All other employees covered by collective bargaining are empowered to negotiate the "terms and conditions of employment," including wages/pay, and there is no good reason to continue denying a similar right to these small classes of employees and their hazardous/differential pay. This bill will set this right. Pay rates will remain unchanged unless negotiated anew by the state and its employees, and even then, costs may remain unchanged (bargaining entails exchanging increases in one area for concessions elsewhere). Therefore, it is best to eliminate this forty year-old discrimination against certain classes of employees and allow them the same range and ability to negotiate the 'terms and conditions' of their employment. Vote 11-7.

Rep. Gary L. Daniels for the Minority of Labor, Industrial and Rehabilitative Services: This bill would allow pay differentials for hazardous duty, direct care and salary increases for nurses to be determined through collective bargaining rather than through the fixed amount currently specified in statute. In addition, this bill allows overtime for nurses at certain institutions, which is currently set at time and one-half, to be determined through collective bargaining. As it currently stands, the expense of these items can be accurately calculated for budgetary purposes. The fiscal note states that this bill will have an indeterminable impact on state expenditures in FY 2014 and each year thereafter. The minority feels these rates are better controlled, with more consistency, through specified amounts in statute, and cause less budgetary concern with rate increases that are indeterminable.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Daniels spoke against.

Rep. Ley spoke in favor and yielded to questions.

On a division vote, 190 members having voted in the affirmative and 149 in the negative, the majority committee report was adopted and ordered to third reading.

Rep. Peter Sullivan declared a conflict of interest and did not participate.

**HB 647-FN**, relative to appeals from the compensation appeals board. **OUGHT TO PASS.**

Rep. Linda L. Tanner for Labor, Industrial and Rehabilitative Services: This bill allows parties aggrieved by an order or decision of the compensation appeals board to further appeal to issues of law only to the Superior Court as an alternative to the Supreme Court. At the present time such challenges are allowed to the Supreme Court only and are rarely accepted to be heard. The additional option of the Superior Court appeal provides a more accessible venue and a lower cost for these challenges. Vote 12-6.

Rep. Infantine spoke against.

Reps. Tanner and Gary Richardson spoke in favor.

On a division vote, 206 members having voted in the affirmative and 143 in the negative, the committee report was adopted and ordered to third reading.

**HB 215-FN-L**, relative to workforce housing and the definition of community. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Marjorie A. Porter for the Majority of Municipal and County Government: This bill seeks to change the current workforce housing statutes by instituting a quota and by more narrowly defining the term "community." The current statutes are the result of years of study, collaboration, and compromise. Their strength lies in their flexibility which allows for local control. The committee heard lengthy testimony from many groups and organizations, including the Business and Industry Association, chambers of commerce from several cities and towns, the NH Planners Association, and housing advocates. All testimony heard was overwhelmingly in opposition to the bill, imploring us to leave the current workforce housing law the way it is. The BIA was particularly concerned about the negative impact HB 215 would have on business growth in NH. For these reasons, the majority of the committee recommends ITL for this bill. Vote 9-5.

Rep. James P. Belanger for the Minority of Municipal and County Government: Workforce housing is legislation in which housing is available to low income workers at affordable prices. The current law requires towns that have adopted planning regulations to make these developments available and to relax development standards to allow a developer to build such housing profitably. Towns and cities have the burden of proof to show they have adequate amounts of dwellings, which is subjective and not objective. They also need to show that their planning ordinances don't restrict the construction of such housing. This often requires court intervention which is costly and, if found at fault the town is liable to reimburse losses suffered by the developer. HB 215 provides relief for these issues by specifying what "fair share, reasonable or realistic" is, as outlined in the law. Current language in the statute is silent as it relates to the aforementioned. This bill is clear that once a town has provided the possibility to have a MINIMUM of 5% of their dwellings classified as workforce housing, they meet the standards although they can exceed the 5%. Although the current statute states that the deeds of new workforce housing MAY be restricted and continue as a workforce dwelling, this does not guarantee the continued availability of this type housing. HB 215 requires the dwelling to be restricted and available to future low income workers. Finally, HB 215 addresses a court opinion used as the foundation for workforce housing. The court said you must consider your town with others. This bill would make each town its own community.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Flanagan spoke against and yielded to questions.

Rep. Coffey spoke against.

Rep. Syndi White spoke in favor.

On a division vote, 213 members having voted in the affirmative and 125 in the negative, the majority committee report was adopted.

**HB 365**, relative to membership of village districts in regional planning commissions. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Dorothea D. Hooper for the Majority of Municipal and County Government: This bill would allow village districts to join regional planning commissions. The intent was to clarify that a village classifies as a municipality. The committee determined that this bill was unnecessary as it is already in law that a village district is classified as a municipality. Vote 10-6.

Rep. James E. Coffey for the Minority of Municipal and County Government: RSA 36:46 clearly states that any municipality in a planning region, that has a planning board, could with approval of its legislative body become a member of the regional planning commission. This bill addresses the inability of some regional planning commissions to define what constitutes a municipality. This bill simply clarifies that a village district is a municipal government, along with cities and towns.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Coffey spoke against.

Majority committee report adopted.

**HB 588**, extending the instream flow pilot program for 2 years. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Brian Wazlaw for the Majority of Resources, Recreation and Development: The New Hampshire legislature created the instream flow program to gain understanding of flows and to protect flow to best meet the needs of humans and wildlife. This bill extends the instream flow pilot program until December 2015. The two rivers under study are the Lamprey and Souhegan Rivers. The continuation of the program will allow the department to conduct a lake level investigation, to solicit and respond to public comments, to adopt and test water management plans for the two pilot rivers and to present a final water management report to the New Hampshire legislature. Vote 11-7.

Rep. Stephen Holmes for the Minority of Resources, Recreation and Development: While the minority supports the work of the pilot program, a two year extension has previously been granted and has expired. The minority had questions as to the costs, progress and efficient management of the program. It appears that more than \$1.3 million has been spent on the program to date. Research on the project has been ongoing informally since the early 1980's and formally since 2004. It is the opinion of the minority that this program could continue and conclude without the passage of this bill. Majority committee report adopted and ordered to third reading.

**HB 286**, relative to broadband infrastructure. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Charles L. Townsend for the Majority of Science, Technology and Energy: This bill is about making broadband, a key tool for economic development, health care delivery and education, available to all citizens in this state. Many towns throughout the state do not have good internet access. Many businesses and households in these towns have inadequate access for current internet needs such as small business connection, medical monitoring, video conferencing and distance learning. HB 286 provides an opportunity for municipalities to bond for the purpose of building open-access broadband infrastructure. The towns will not provide services: they will lease the infrastructure on an open, competitive basis to any providers of internet services who are interested in taking those services to areas currently underserved. The telecom industry has been reluctant to serve these areas because of the slow rate of recovery of their infrastructure investment. Allowing municipalities to bond to build such infrastructure will remove a major stumbling block for high speed-internet access for our citizens. Vote 11-8.

Rep. Nickolas J. Levasseur for the Minority of Science, Technology and Energy: This bill is intended to allow municipalities to bond in order to build open access broadband infrastructure. Under current law, municipalities are able to bond in order to build out infrastructure in unserved areas. This means that the focus in current law is entirely on unserved "last mile" build out-- those with no broadband access at all. This bill would change that focus. It would move the momentum of development away from the unserved and focus it instead on those who believe they are underserved-- those who have access, but want better speeds. The minority believes that feeding a starving man should take precedence over feeding one who is just kind of hungry. Beyond the philosophical argument that we should remain focused on getting everyone some access before we focus on making existing access better, the bill also has some major technical questions that remain unanswered. Who will be responsible for the bonding debt? Will it only be those who gain service as a result of the bonding? Will all taxpayers, including those who remain unserved or who choose not be served also need to pay? Will municipally owned networks be taxable? If not, will the providers who operate on the open access network be getting a government-funded competitive advantage over traditional, free market providers? If the town cannot make the system profitable and default on the bond, will the state bear any responsibility? There are a myriad of unanswered questions surrounding this issue and, given the abysmal track record of these initiatives in other states the minority believed it was inappropriate to proceed. This bill, as amended, also completely precludes the original intent of the current municipal broadband bonding legislation which was to allow public/ private partnerships with existing carriers as the bill requires that the municipally owned networks are open access. As the traditional carriers use their own networks in their service this bill makes it impossible for a town to contract with an existing provider to meet the last mile goal. The minority finds this especially unfortunate as these public/private partnerships have shown to be successful in last mile build out in other states. In the final analysis, while the minority feels that this bill has laudable goals, the ultimate result would be that individual towns would be spending municipal funds to overbuild existing broadband infrastructure. This puts municipalities in a position to create and subsidize

government-funded entities which would compete with the existing providers. It leaves the unserved hanging in the wind, creates significant road blocks to free market build out, and puts tax payers on the hook for millions of dollars in redundant infrastructure all with no guarantee of success and, in fact, a track record of failure.

### Majority Amendment (0683h)

Amend the bill by replacing section 6 with the following:

6 Broadband Access. Amend RSA 38:38, II to read as follows:

II. *Except for municipally-owned networks which exclusively serve to connect municipal or school offices, or both*, a municipality ~~[may]~~ *shall* use its broadband infrastructure for the purpose of providing an open network ~~[and assuring that third party access is available in accordance with current state and federal regulations]~~ *and shall make use of open network interfaces. No municipality shall be a retail provider of broadband service.*

Rep. Borden moved Recommit and spoke in favor.

Adopted.

Recommitted to the Committee on Science, Technology and Energy.

**HB 306**, establishing a commission to develop an energy policy for the state. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Charles L. Townsend for the Majority of Science, Technology and Energy: This bill, with the committee amendment, allows New Hampshire's Regional Greenhouse Gas Initiative to lower the cap on emissions to assure that there continues to be a market for New Hampshire CO2 allowances. Vote 13-3.

Rep. Nickolas J. Levasseur for the Minority of Science, Technology and Energy: The Regional Greenhouse Gas Initiative, which began in 2009, has completed its required 2012 review. This review has resulted in the implementation of a significant cap reduction from 165 tons to 91 tons. This 45% reduction in the CAP will certainly result in the increase of RGGI allowance prices, energy market prices and customer costs but will not result in an improved environment. The Northeast region has successfully and significantly reduced CO2 emissions well beyond the original RGGI CO2 emissions targets. According to the 2012 RGGI Annual Report of the DES and the PUC (located on the NHPUC website), CO2 emissions in 2011 for the 9 states currently participating in RGGI were 103 tons. This represents over a 37% reduction in CO2 emissions, well above the 10% goal by 2018 originally established by the RGGI program. Based on current market information allowance prices may increase up to \$10 in the not to distant future. Increasing the RGGI allowance 5 fold will significantly increase electric bills. The money received in RGGI auctions is not "free" money. It is paid by each one of us in our electric bills. While these changes to RGGI will certainly perpetuate the program, it will not make it more effective. The minority believes that the program its better left as it is and not unnecessarily increase costs to ratepayers.

### Majority Amendment (0802h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to New Hampshire's regional greenhouse gas initiative.

Amend the bill by replacing all after the enacting clause with the following:

1 Multiple Pollutant Reduction Program; Rulemaking. Amend RSA 125-O:8, I(f) to read as follows:

(f) Defining eligible projects for offset allowances under RSA 125-O:21, V, and establishing criteria to quantify and grant such allowances, including the accreditation of third-party verifiers, *provided that rulemaking under RSA 541-A shall not be required to update offset allowance quantification protocols to newer versions, after the initial incorporation by reference of date-specific quantification protocols.*

2 Definitions; Compliance Period. Amend RSA 125-O:20, IV to read as follows:

IV. "Compliance period" means a 3 calendar year time period~~[- unless extended one calendar year by a stage-2 trigger event]~~. The first compliance period is from January 1, 2009 to December 31, 2011~~[- unless a stage-2 trigger event extends the first compliance period to December 31, 2012]~~. Each subsequent sequential 3 calendar year period is a separate compliance period ~~[subject to a one-year extension if a stage-2 trigger event occurs during the compliance period. The compliance period shall never be longer than 4 calendar years]~~.

3 New Paragraph; Definitions; FCPBA. Amend RSA 125-O:20 by inserting after paragraph VII the following new paragraph:

VII-a. "FCPBA" means "first compliance period banked allowances" which equals all of the 2009, 2010, and 2011 vintage RGGI allowances that are banked by any person, excluding any state participating in the RGGI program, as of January 1, 2014, multiplied by 8,620,460 and divided by the product of 165,184,246 times 7.

4 New Paragraph; Definitions; SCPBA. Amend RSA 125-O:20 by inserting after paragraph XV the following new paragraph:

XV-a. "SCPBA" means "second compliance period banked allowances" which equals all of the 2012 and 2013 vintage RGGI allowances that are banked by any person, excluding any state participating in the RGGI program, as of March 15, 2014, minus the total 2012 & 2013 CO2 emissions from all regional sources subject to RGGI, multiplied by 8,620,460 and divided by the product of 165,184,246 times 6.

5 Definitions; Regional Greenhouse Gas Initiative. Amend RSA 125-O:20, XII to read as follows:

XII. "Regional greenhouse gas initiative" or "RGGI" or "RGGI program" means the program to implement the memorandum of understanding (MOU) between signatory states, dated December 20, 2005, as amended ~~on August 8, 2006 and April 20, 2007~~, and the corresponding model rule *as amended February 11, 2013*, to establish a regional CO2 emissions budget and allowance trading program for emissions from fossil fuel-fired electricity generating units.

6 Carbon Dioxide Emissions Budget Trading Program. RSA 125-O:21, II is repealed and reenacted to read as follows:

II. The program shall include a statewide budget allowance total for each year calculated as follows:

2014	4,749,011 minus FCPBA
2015	4,630,286 minus FCPBA minus SCPBA
2016	4,514,529 minus FCPBA minus SCPBA
2017	4,401,665 minus FCPBA minus SCPBA
2018	4,291,624 minus FCPBA minus SCPBA
2019	4,184,333 minus FCPBA minus SCPBA
2020	4,079,725 minus FCPBA minus SCPBA
2021 and thereafter	4,079,725

7 Unsold Allowances for Cost Containment. Amend RSA 125-O:21, III-a to read as follows:

III-a. Budget allowances that are required to be made available for sale at auction under paragraph III, but remain unsold, shall not be retired by the department, *and may be used for cost containment purposes under RSA 125-O:29.*

8 Carbon Dioxide Emissions Budget Trading Program. Amend the introductory paragraph of RSA 125-O:21, VI to read as follows:

VI. The department and the commission shall report on an annual basis to the air pollution advisory committee under RSA 125-J:11 and the legislative oversight committee on electric utility restructuring under RSA 374-F:5, on the status of the implementation of RGGI in New Hampshire, with emphasis on the prices and availability of RGGI allowances to affected CO2 sources, *consumer protection mechanisms*, and the trends in electric rates for New Hampshire businesses and ratepayers. The report shall include but not be limited to:

9 Carbon Dioxide Emissions Budget Trading Program. Amend RSA 125-O:21, VI(h) to read as follows:

(h) The status of any proposed or adopted federal CO2 cap and trade program, the impact on New Hampshire's RGGI program, and recommendations for any proposed legislation necessary to accommodate the federal program; *and*

(i) *Effectiveness of allowance price control and consumer protection mechanisms, including, but not limited to, offsets, cost containment reserves, cost thresholds, and consumer rebates.*

10 Compliance; Permit Required. Amend RSA 125-O:22, I and II to read as follows:

I. Each affected CO2 source shall obtain and retire a quantity of RGGI allowances equivalent to its CO2 emissions from fossil-fuel fired generation for each compliance period. *Such retirement shall be done in stages. At the end of both the first and second year of the compliance period, RGGI allowances equal to ½ of the affected source's CO2 emissions during each respective year shall be retired. At the end of the third year of the compliance period, the balance of the total allowances due shall be retired. The retirement of allowances at the end of the first and second year shall not apply to the compliance period ending December 31, 2014.*

II. An affected CO2 source may use offset allowances for up to 3.3 percent of its compliance obligation[; ~~except that in a given compliance period:~~

(a) ~~If a stage-one trigger event occurs, an affected CO2 source may use offset allowances for up to 5 percent of its compliance obligation; and~~

(b) ~~If a stage-2 trigger event occurs, the compliance period shall be extended to 4 years and an affected CO2 source may use offset allowances for up to 10 percent of its compliance obligation, including offset allowances or credits permanently retired from eligible international trading programs, as approved by the department].~~

11 Threshold Price Rebate. Amend RSA 125-O:23, II to read as follows:

II. All amounts in excess of the threshold price of \$1 for any allowance sale shall be rebated to all ~~[default service]~~ **retail** electric ratepayers in the state on a per-kilowatt-hour basis, in a timely manner to be determined by the commission.

12 Auction of Budget Allowances. Amend RSA 125-O:26, II to read as follows:

II. Shall include the sale of allowances for current ~~[and future]~~ years **and may include the sale of allowances for future years** to promote transparency and price stability in a manner to be determined by the department in coordination with the regional organization;

13 Review of the New Hampshire RGGI Program. Amend RSA 125-O:27 to read as follows:

125-O:27 Review of the New Hampshire RGGI Program. At the time of the ~~[2012]~~ **2016** comprehensive review by the ~~[signatory states as required in the MOU]~~ **participating states**, the commission and the department shall concurrently review New Hampshire specific elements of the RGGI program, ~~[in particular RSA 125-O:23 and RSA 125-O:25;]~~ and include the results of such review **and any recommendations for revisions to the New Hampshire regional greenhouse gas initiative program under RSA 125-O:19-29, resulting from this review** in the agencies' annual report under RSA 125-O:21, VI.

14 New Section; Allowances Used for Cost Containment. Amend RSA 125-O by inserting after section 28 the following new section:

125-O:29 Cost Containment Allowances in Addition to the Budget.

I. For the purposes of cost containment, the department shall make available for sale at one or more auctions up to 260,935 allowances for 2014 or, for any year thereafter, up to 521,869 allowances, that shall be in addition to the budget allowance total for the given year under RSA 125-O:21, II, if:

- (a) The CO2 allowance auction price equals or exceeds \$4 in 2014;
- (b) The CO2 allowance auction price equals or exceeds \$6 in 2015;
- (c) The CO2 allowance auction price equals or exceeds \$8 in 2016;
- (d) The CO2 allowance auction price equals or exceeds \$10 in 2017;
- (e) The CO2 allowance auction price equals or exceeds \$10.25 in 2018;
- (f) The CO2 allowance auction price equals or exceeds \$10.51 in 2019;
- (g) The CO2 allowance auction price equals or exceeds \$10.77 in 2020; or
- (h) In any year thereafter, the CO2 allowance auction price equals or exceeds 1.025 multiplied

by the auction price at which cost containment allowances were required to be made available in the previous calendar year rounded to the nearest whole cent, until further legislative action.

II. The allowances sold pursuant to paragraph I shall be replenished, such that the full 521,869 allowances, if needed, are available the following calendar year.

15 Repeal. RSA 125-O:20, V, VIII, XVI, and XVII relative to regional greenhouse gas initiative definitions, are repealed.

16 Effective Date. This act shall take effect January 1, 2014.

#### AMENDED ANALYSIS

This bill modifies New Hampshire's regional greenhouse gas initiative.

Rep. Flanagan spoke against and yielded to questions.

Rep. Borden spoke in favor.

Rep. Carol McGuire requested a roll call; sufficiently seconded.

and the majority committee amendment was adopted.

Rep. Moffett declared a conflict of interest and did not participate.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Borden yielded to questions.

On a division vote, 190 members having voted in the affirmative and 156 in the negative, the majority committee report was adopted and ordered to third reading.

Rep. Moffett declared a conflict of interest and did not participate.

**HB 508**, relative to idling by diesel locomotives. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Robert A. Backus for the Majority of Science, Technology and Energy: This bill would prohibit the idling of commuter diesel locomotives, and in certain instances where located near sensitive receptors, other locomotives, for more than 30 minutes, unless a longer idling time is essential for repair. The sponsor brought this bill forward at the request of officials in the Town of Plaistow in anticipation of extension of commuter rail service by the MBTA to New Hampshire. The bill tracks similar limitations on idling in force in other states and is intended to address potential adverse health impacts and nuisance concerns resulting from lengthy idling. Enforcement is left up to the municipalities, which are not to unreasonably limit the operation of locomotives. Vote 12-7.

Rep. Herbert R. Vadney for the Minority of Science, Technology and Energy: The minority feels undefined and difficult to quantify terms make this bill unenforceable with any reasonable level of equity. Narrowly aimed at commuter rail diesel locomotives that idle unnecessarily for longer than 30 minutes, it tasks local law enforcement to apply subjective evaluation to determine violations, and uses subjective phrases such as: "providing that such idling is essential;" "such idling does not cause or contribute to air pollution;" or within 1000 feet of another "sensitive receptor." After such loosely defined criteria it authorizes local law enforcement to enforce the provisions and assess fines of \$500 to \$2,000 to be paid to the clerk of the town or city. It is unlikely local law enforcement people have the skills to fairly enforce such loose definitions. NH department of environmental services (DES) has stated they cannot respond to such situations and cannot provide enforcement.

**Majority Amendment (0424h)**

Amend RSA 125-C:10-d as inserted by section 1 of the bill by replacing it with the following:

125-C:10-d Idling by Diesel Locomotives.

I. For purposes of this section "commuter rail" means urban passenger train service consisting of local short distance travel operating between adjacent cities and towns, or between a central city and adjacent suburbs, using either locomotive hauled or multiple unit railroad passenger cars.

II. No person shall cause or permit the unnecessary and foreseeable idling of a commuter rail diesel locomotive for a continuous period of time longer than 30 minutes. This section shall not apply to commuter rail diesel locomotives being serviced, provided that idling is essential to the proper repair of said locomotive and that such idling does not cause or contribute to a condition of air pollution. Diesel locomotives other than commuter rail shall not be subject to the idling restriction in this section, unless the location where a locomotive idles is less than 1000 feet from any residential area, school, nursing home, day care, hospital, or other sensitive receptor.

III. Local law enforcement may enforce the provisions of this section. Any person who violates any provision of this section shall be guilty of a violation and may be assessed by local law enforcement, after notice and hearing, a fine for the first offense not to exceed \$500 and for each subsequent offense not to exceed \$2000 which shall be paid to the clerk of the town or city where the violation occurred.

IV. Nothing in this section shall be construed to limit the authority of a municipality or the department of health and human services to prevent and remove nuisances and protect public health in accordance with RSA 147, or of a municipality to adopt and enforce land use ordinances and regulations pursuant to RSA 674 and RSA 675 relative to idling of locomotives. A municipality shall not establish quantifiable emission limits, require testing, monitoring, or certification, or specify the types of fuels used. In exercising its authority under this section, a municipality shall not unreasonably limit the operation of locomotives.

V. This section shall not apply to diesel locomotives used for amusement railroads. The term "amusement railroad" shall have the same definition as in RSA 82:1, III.

On a division vote, 208 members having voted in the affirmative and 128 in the negative, the majority committee amendment was adopted.

Rep. Leishman declared a conflict of interest and did not participate.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, 211 members having voted in the affirmative and 128 in the negative, the majority committee report was adopted and ordered to third reading.

Rep. Leishman declared a conflict of interest and did not participate.

**HB 542**, relative to electric renewable portfolio standards. **OUGHT TO PASS WITH AMENDMENT.** Rep. Nickolas J. Leveseur for Science, Technology and Energy: This bill makes changes to the renewable portfolio standard, or RPS. In the last session changes were made to the alternative compliance price (ACP) in an effort to reduce the cost of the program to ratepayers. Ultimately, those changes did not result in any net savings to the ratepayers. They did have the effect of making the RPS program less effective in meeting its overall goal of encouraging renewable energy development. While not every member of the committee agrees on the need for a program such as RPS, the committee uniformly agreed that as long as the program does exist it should be efficient and be able to meet its goals. These changes restore the ACP for the classes altered last session back to what they would have been, accounting for inflation, if they had never been changed. This bill also makes a change to the maximum allowed installation capacity of solar photovoltaic systems under the PV rebate program from 5 kilowatts to less than 10 kilowatts. This change acknowledges the advances in PV technology which allow systems of comparable cost to have much greater output than just a few years ago. The maximum rebate under the program remains unchanged in this bill. The last change allows some flexibility as to what types of renewable projects class II funds could be directed. For example, an RFP that uses both solar and wind components would now be able to qualify for class II funds. This allows for more balance in the overall system and makes RPS better able to meet its goals. Vote 19-0.

#### **Amendment (0634h)**

Amend RSA 362-F:10, II(b) and (c) as inserted by section 2 of the bill by replacing it with the following:

(b) Class II--~~[\$55]~~ **\$171.83.**

(c) Class III--~~[\$31.50]~~ **\$32.08.**

Amend RSA 362-F:10, V as inserted by section 2 of the bill by replacing it with the following:

V. The public utilities commission shall make and administer a one-time incentive payment of \$3 per watt of nominal generation capacity up to a maximum payment of \$6,000, or 50 percent of system costs, whichever is less, per facility to any residential owner of a small renewable generation facility, that would qualify as a Class I or Class II source of electricity, has a total peak generation capacity of ~~less than 5~~ **10** kilowatts ~~or fewer~~, begins operation on or after July 1, 2008, and is located on or at the owner's residence.

Amendment adopted.

Committee report adopted and ordered to third reading.

**HB 638**, recognizing the original Thirteenth Amendment to the United States Constitution. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Timothy J. Smith for the Majority of State-Federal Relations and Veterans Affairs: From a historical perspective, the history of the Thirteenth Amendment is quite interesting. However, this bill contains a widely debunked conspiracy theory which has already been found without merit by the U.S. Federal Courts. Vote 10-5.

Rep. Leon H. Rideout for the Minority of State-Federal Relations and Veterans Affairs: The minority felt that this bill should be retained for further study. The committee members were given a large quantity of information, and many people that had come to testify, including the secretary of state, could not due to the fact that the committee was running very late.

### LAID ON THE TABLE

Rep. Vaillancourt moved that **HB 638**, recognizing the original Thirteenth Amendment to the United States Constitution, be laid on the table.

Rep. Lambert requested a roll call; not sufficiently seconded.

On a division vote, 275 members having voted in the affirmative and 64 in the negative, the motion was adopted.

**HCR 2**, requesting Congress to begin the process for a constitutional amendment establishing that human beings, not corporations, are entitled to constitutional rights. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Robert L. Theberge for the Majority of State-Federal Relations and Veterans Affairs: This resolution urges the New Hampshire Congressional delegation to support and advance an amendment to the U.S. Constitution establishing that human beings, not corporations, are entitled to constitutional rights and that money given to political campaigns, or spent by them, is not a form of constitutionally protected free speech. The requested constitutional amendment will overrule the U.S. Supreme Court's decision in "Citizens United v. FEC" (2010). This resolution also expresses the view that "the Supreme Court is misguided in principle, and wrong on the law, because in a democracy, the people rule." In passing this resolution, New Hampshire joins a growing national movement that already includes eleven other states, more than one quarter of Congress, and nearly 500 cities, states, and counties, including Barnstead, Bradford, Nottingham here in New Hampshire, all of which have called for a constitutional amendment to overturn "Citizens United," with the support of an overwhelming majority of the American public. Vote 9-8.

Rep. Alfred P. Baldasaro for the Minority of State-Federal Relations and Veterans Affairs: The vote when first voted was an OTP 8-5. A week later the committee held the bill for a reconsideration, brought in two new members to exec, a motion to reconsider, then a motion to ITL. The minority supported that there is no need for a constitutional amendment to change the Supreme Court's decision of January 21, 2010 in the citizens united vs. federal election commission, where corporations have the same first amendment rights as human beings. Twenty-four states to date have laws in place prohibiting corporations from making independent expenditures from their general treasury. We believe that congress can make laws pertaining to public corporations and unions, whereas public corporations have to answer to stockholders and unions have to answer to their members when donating millions of dollars to political action committees (PACs) without their approval.

### MOTION TO LAY ON THE TABLE

Rep. Hunt moved that **HCR 2**, requesting Congress to begin the process for a constitutional amendment establishing that human beings, not corporations, are entitled to constitutional rights, be laid on the table.

Rep. Theberge requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

**RESOLUTION**

Rep. Shurtleff offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, March 21, 2013 at 9:00 a.m.

Adopted.

**LATE SESSION****Third reading and final passage**

**HB 202-FN**, relative to beverage and liquor licenses for bed and breakfasts.

**HB 339-FN**, establishing a committee to study existing debt collection laws and practices.

**HB 505**, relative to the economic development advisory council.

**HB 594-FN**, relative to the general consumer credit laws of the state.

**HB 639**, relative to beverage container and packaging approval.

**HB 224**, relative to the authority of the superintendent of a county correctional facility.

**HB 644-FN**, relative to parole procedures and relative to sanctions for violations of probation.

**HB 481-FN**, limiting the state's authority to seek reimbursement for public assistance.

**HB 633**, relative to prescription refills.

**HB 591**, relative to an abusive work environment and the health and safety of public employees.

**HB 635**, establishing a committee to study state rest areas and relative to the solicitation of requests for proposals for the naming rights to rest areas.

**HB 349**, relative to OHRV operation of certain 4-wheel drive vehicles on trails within Jericho Mountain state park.

**HB 416**, shortening the appeals process for a permitting decision under RSA 482-A, relative to fill and dredge in wetlands.

**HB 510**, relative to backflow prevention valves.

**HB 574**, increasing the size limitations for OHRVs operating on state-owned trails in Coos and Grafton counties.

**HB 518**, relative to establishing an individual's status as a veteran and specifying that training for active duty is service for purposes of the veterans' tax credit.

**HB 305**, establishing a committee to study the apportionment formula for cooperative school districts for towns with electric generation facilities.

**HB 630-FN**, relative to the use of proceeds from the regional greenhouse gas initiative program.

**HB 242**, relative to child passenger restraint requirements.

**HB 659-FN-A**, increasing the tobacco tax.

**HB 573-FN**, relative to the use of cannabis for therapeutic purposes.

**HB 648-FN**, permitting current marital masters to remain in office until retirement, resignation, disability, or nonrenewal of appointment.

**HB 357**, prohibiting an employer from using credit history in employment decisions.

**HB 477-FN**, relative to differential pay for certain state employees providing direct care to inmates and patients.

**HB 647-FN**, relative to appeals from the compensation appeals board.

**HB 588**, extending the instream flow pilot program for 2 years.

**HB 306**, relative to New Hampshire's regional greenhouse gas initiative.

**HB 508**, relative to idling by diesel locomotives.

**HB 542**, relative to electric renewable portfolio standards.

**HCR 2**, requesting Congress to begin the process for a constitutional amendment establishing that human beings, not corporations, are entitled to constitutional rights.

### RECESS MOTION

Rep. Shurtleff moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.  
Adopted.

The House recessed at 5:35 p.m.

### RECESS

### (Speaker Norelli in the Chair)

Rep. Kaen moved that the House adjourn.  
Adopted.

## HOUSE JOURNAL No. 12

Thursday, March 21, 2013

The House assembled at 9:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

Go now to your work in a spirit of peace. Be of good courage. Hold fast to that which will serve the greater good. Render no fellow Representative evil for evil. Strengthen the fainthearted. Support the weak. Comfort the afflicted. Collaborate. Though your thoughts be on the technical details, do not lose sight of the loftier things or the grander schemes. When tempted to preach from the party line, teach instead from the heart. Honor one another in words and in deeds as the children of God that each of you are. And, when this Session has ended, may you be able to look at one another in the eye and say, "We were not alone in our work today; God also has been in this place." Amen.

Representative Leigh Webb, member from Franklin, led the Pledge of Allegiance.

The National Anthem was sung by Michael Hayes of Pittsfield, a Doorkeeper for the New Hampshire House of Representatives.

### LEAVES OF ABSENCE

Reps. Bishop, Flanders, Massimilla and Amy Perkins, the day, illness.

Reps. Azarian, Bailey, Beaudoin, Booras, Burdwood, Burtis, Crawford, DeSimone, Richard Eaton, Fink, Friel, Hess, Hinch, Hoell, Holmes, Jane Hunt, Kolodziej, Marston, McMahon, Mullen, Myler, William O'Brien, O'Hearne, Oligny, Peckham, Reed, Rokas, Sapareto, Sweeney, Tucker and Vail, the day, important business.

Reps. Hayes, Gary Hopper, Timothy Soucy and Ulery, the day, illness in the family.

### INTRODUCTION OF GUESTS

Jake Jasinski and Kenneth Weitzman, students at Lebanon High School, Pages for the day.

### REGULAR CALENDAR - PART II (CONT'D FROM 3-20-13)

**HCR 3**, affirming States' powers based on the Constitution for the United States and the Constitution of New Hampshire. **WITHOUT RECOMMENDATION.**

**Statement in support of Ought to Pass:** Rep. Lars Christiansen.

The only jurisdiction the federal government has is in interstate commerce. Any dealing with the Fed is in equity law to receive federal funds which binds you to the contract, and the federal auditors enforce the contract.

**Statement in support of Inexpedient to Legislate:** Rep. Cynthia Sweeney.

This legislation blurs the lines between state and federal authority. As such it brings into question what State rights are with regard to Federal legislation. It is well documented, in the U.S. Constitution, the rights of the individual states and that of the federal government without pushing boundaries. For these reasons a substantial number of the committee wishes to render this bill Inexpedient to Legislate (ITL).

Rep. Baldasaro moved Ought to Pass.

Rep. Itse spoke in favor.

Rep. Timothy Smith spoke against.

### LAIID ON THE TABLE

Rep. Vaillancourt moved that **HCR 3**, affirming States' powers based on the Constitution for the United States and the Constitution of New Hampshire, be laid on the table.

On a division vote, 215 members having voted in the affirmative and 91 in the negative, the motion was adopted.

**REGULAR CALENDAR - PART II (CONT'D)**

**HB 665-FN-A-L**, relative to video lottery and table gaming. **INEXPEDIENT TO LEGISLATE.** Rep. Patricia T. Lovejoy for Ways and Means: This bill contains a number of significant defects. First, the bill would allow two casinos in consideration for a flat licensing fee fixed at the very low, arbitrary amount of \$10M each for a video slot license and \$10M for a table game license. In Massachusetts, which is targeting substantially the same market, the minimum bid must be at least \$85M. There is no competitive bid process as in many other states. This bill specifies where these two casinos must be located, "one in the White Mountains and one in a county bordering Massachusetts." The bill does not define which towns would be included in the definition of "white mountain." The prime sponsor did circulate a map showing the towns he thought should be included. The bill does not specify how many video slot machines and gambling table games are permitted, nor does it require a minimum number of each. The bill does set the state's take at a reasonable competitive rate of 49 percent of net machine income. Although the bill talks in terms of "destination casinos," it requires a minimum capital investment of only \$10M per casino – barely enough to construct or renovate a so-called "slots barn." Timelines in the bill are unreasonable – only 60 days for the Attorney General to conduct all background checks. The Lottery Commission has to issue the licenses for the casinos within 180 days after the application deadline whether or not it has adopted either final or interim rules. There is no specific provision for either regulation of, or law enforcement involvement in, the casino operations – only generic statements to the effect that the lottery commission shall adopt rules relative to "establishing standards." The committee believes the NH House will have further opportunity to discuss and debate the possibility of casinos in New Hampshire later in this session. The minority on the committee was not in favor of ought to pass but wanted to retain the bill. Vote 12-6.

Rep. Weyler spoke against.

Rep. Lovejoy spoke in favor.

Rep. Gionet spoke against, yielded to questions and requested a roll call; sufficiently seconded.

and the committee report was adopted.

Reps. Kurk and Burt voted Nay and intended to vote Yea.

Rep. Jane Johnson did not vote and notified the Clerk that she wished to be recorded in favor.

**HB 678-FN-A-L**, relative to games of chance and establishing a gaming oversight authority and video lottery gaming. **INEXPEDIENT TO LEGISLATE.**

Rep. Patricia T. Lovejoy for Ways and Means: This bill provides for six video slot parlors, limited to no more than one in any county, thereby spreading video slots gaming throughout the state. Four of these facilities shall have 600 video lottery machines and two facilities with 1300 video lottery machines. The State of NH will be the gaming operator. There would be licensees who would provide the space and receive 19 percent of the net machine income as a gross lease payment. These licensees would pay an application fee of \$150,000 upon approval of the license. The licensee could offer charity gaming next door to provide a full casino experience. The committee was concerned about the spread of video slots statewide. The NH House will have additional opportunity to consider a casino later in this session. The minority of the committee was interested in retaining this bill for further study. Vote 12-6.

Rep. Vaillancourt spoke against and yielded to questions.

**LAID ON THE TABLE**

Rep. Kurk moved that **HB 678-FN-A-L**, relative to games of chance and establishing a gaming oversight authority and video lottery gaming, be laid on the table.  
On a division vote, 170 members having voted in the affirmative and 160 in the negative, the motion was adopted.

**REGULAR CALENDAR - PART II (CONT'D)**

**HB 536**, revising the child support guidelines based on foster care reimbursement rates. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Deanna S. Rollo for the Majority of Children and Family Law: This bill provides that the total child support obligation shall be no greater than the applicable foster care rate. Foster care rates do not reflect the actual cost of raising a child because the foster home is already intact. This bill fails to address the varying ability of parents to support their children. It is contrary to the best interest of the child. Vote 14-4.

Rep. Daniel C. Itse for the Minority of Children and Family Law: The minority believes that understanding the effects of the new child support guidelines to take effect on July 1, 2013 combined with the federally mandated fourth year review of our child support guidelines in 2013 justify retaining this bill for the purpose of organizing an effective and timely review by the legislature. Majority committee report adopted.

**HB 538**, relative to the calculation of child support based on residential responsibility. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Kelleigh D. Murphy for the Majority of Children and Family Law: This bill would have prohibited the court from ordering a parent with primary residential responsibility to pay child support to the parent who does not have primary residential responsibility. The majority of the committee was concerned that this bill failed to account for situations where a parent with primary residential responsibility was designated even though both parents had nearly equal parenting time with the children, but where there was a large income disparity between the parties. Vote 14-4.

Rep. Robert L. Nigrello for the Minority of Children and Family Law: The minority believes judges, in setting child support, need to insure the support is appropriate for the parenting plan agreed to by the parents or so ordered by the court. Approval of the bill eliminates child support for a parent without primary residential responsibility. Not ordering support for the parent without primary residential responsibility allows the parent with primary residential responsibility additional funds to insure adequate care for the child. Majority committee report adopted.

**HB 578**, relative to the determination of parental rights based on the best interest of the child. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Mary Beth E. Walz for the Majority of Children and Family Law: This bill would significantly change the standard used in determining parental rights and responsibilities for children. "Best interests of the child" is a nationally-accepted standard for determining a family's future. It ensures that the courts determine what is best for the child rather than base it's determination on the desire of the parents. The bill would effectively eliminate many factors used by the courts to determining parenting time with a child. Gone would be a consideration of the child's relationship with each parent, each parent's ability to provide for and care for the child, and whether contact between the parent and child is likely to harm the child. This bill also fails to incorporate domestic violence considerations into its vision of a "best interest" analyses. There is a long-time national and state-wide consensus that the current "best interests" language is the best standard to be used in determining a child's time with each parent. Testimony suggested that abandoning this language could have disastrous consequences. Vote 12-4.

Rep. Jeffrey D. Oligny for the Minority of Children and Family Law: The bill removes the subjective language which allows the family court to remove children's fit parents from their lives in matters of child custody or divorce. Current law (RSA 46-1-A:6) allows the court to consider "any other additional factors the court deems relevant" in deciding whether or not to remove fit parents from children's lives. Other adequate statutes exist to protect children from bona-fide cases of real abuse or neglect. Removing children's fit and loving parents from their lives is not good public policy and costs the state to provide parenting that is inferior to their actual parent.

**MOTION TO LAY ON THE TABLE**

Rep. Lambert moved that **HB 578**, relative to the determination of parental rights based on the best interest of the child, be laid on the table.

Rep. Lambert requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

**HB 346**, establishing a committee to study low-profit limited liability companies. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Laura M. Jones for Commerce and Consumer Affairs: This bill establishes a study committee to determine the desirability of allowing companies with charitable or educational purposes to register and designate themselves as low-profit limited liability companies. Many believe that this designation is needed because it allows these companies more choice when it comes to financing, and traditional options are not currently meeting their needs. In addition, the bill's prime sponsor testified that the low-profit limited liability company designation, also known as L3C, could provide a tool for communities to use for economic development. Since 2008, nine states have adopted laws allowing this designation, and seven others have introduced legislation this year to permit the formation of

low-profit limited liability companies. The majority believes this is an option we should study, and the amendment merely changes the composition of the members of the study committee to four members of the House of Representatives and one member of the Senate. Vote 14-4.

#### **Amendment (0722h)**

Amend paragraph I of section 2 of the bill by replacing it with the following:

I. The members of the committee shall be as follows:

(a) Four members of the house of representatives, appointed by the speaker of the house of representatives.

(b) One member of the senate, appointed by the president of the senate.

Amend the bill by replacing section 4 with the following:

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

Amendment adopted.

Committee report adopted and ordered to third reading.

#### **HB 390, allowing companion dogs in the outdoor areas of restaurants. OUGHT TO PASS WITH AMENDMENT.**

Rep. Donna L. Schlachman for Commerce and Consumer Affairs: Most state laws are mute on the subject of dogs in outdoor restaurant areas. Currently, some New Hampshire restaurant owners do allow dogs on their patios, and the local code enforcement people choose to turn a blind eye. As amended, this bill enables restaurant owners with outdoor patios to allow a disciplined and leashed companion dog to accompany its owner. There was great concern on the part of committee members that the safety and rights of individuals using service animals not be put at risk just for the sake of people who like to travel with their pets. In an effort to place the rights of service animal users over the convenience of companion animal owners, the bill requires that a sign be prominently displayed at all entrances to an outdoor patio stating that "to preserve the rights of patrons with service animals, patrons with companion dogs shall be asked to move if the presence of that companion dog interferes with the service animals ability to obey commands or assist its handler." Vote 15-3.

#### **Amendment (0729h)**

Amend RSA 466:44, III as inserted by section 1 of the bill by replacing it with the following:

III. A restaurant owner may allow properly disciplined and leashed companion dogs of restaurant patrons onto any outdoor patio areas owned by the restaurant. Such dogs shall not be allowed in food preparation or production areas, and there shall be no more than one dog per patron. The restaurant owner shall prominently display a sign at all outdoor patio entrances advising patrons as follows: "To preserve the rights of patrons with service animals, patrons with companion dogs shall be asked to move if the presence of that companion dog interferes with the service animal's ability to obey commands or assist its handler."

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Jones requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

**HB 467**, relative to purchasing alliances. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Richard D. McNamara for the Majority of Commerce and Consumer Affairs: This bill wanted to reduce the number of enrollees currently permitted by a qualified purchasing alliance from 3000 to 250 enrollees. If this bill were to pass it would make the risk pool too small and lead to adverse selection. Also, in light of changes due to the implementation of the affordable Healthcare Act, this change would not be relevant. Vote 18-1.

Rep. Pamela Z. Tucker for the Minority of Commerce and Consumer Affairs: This bill allows groups such as businesses that are mid-to-large-size to obtain better value in purchasing health insurance by consolidating purchasing responsibilities and resources. Currently very large employers or groups can form a purchasing alliance that not only can shop around for better insurance values, but also lower the administrative cost of health plan contracting, enrollment, premium collection, and payment. Because this bill doesn't require that a group be very large to begin with, it enables far more employers to enter into purchasing alliances that will level the insurance cost playing field for them and their employees. This will often result in lower overall insurance costs for many employees.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Baldasaro requested a roll call; sufficiently seconded.

---------------	---------------

and the majority committee report was adopted.

**HB 468, establishing a committee to study wine purchasing and pricing. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Kenneth N. Gidge for the Majority of Commerce and Consumer Affairs: The sole duty of the study committee "is to include an evaluation of whether the requirement in RSA 176:17 that the liquor commission purchase from manufacturers should be modified to allow wine purchases through brokers." The committee felt that since brokers represent the liquor manufactures and vineyards by contract, there is no need to modify RSA 176:17. The brokers are contracted by the liquor manufactures and vineyards for the purpose of distributing, marketing and delivering the liquor and wine to our warehouse. In some cases, the commission is able to make special buys separately with liquor manufactures and by pass the brokers, but that is usually only for special large purchases and with an agreement between the liquor manufacture and their broker. Since legislators really have no way to evaluate the contractual relationship the brokers have with the liquor manufactures and the vineyards, this study is not appropriate. Vote 16-2.

Rep. Emily C. Sandblade for the Minority of Commerce and Consumer Affairs: The minority believes a study committee is necessary because RSA 176:17 states "the liquor commission shall purchase all liquor, wine, and beverages from primary sources." Testimony in the committee stated that the vast majority of our wine is purchased through brokers, not directly from primary sources. The liquor commission felt using brokers was a cost saver; however, a study committee would confirm this statement and assure if this relationship with brokers provides the best pricing both to the state and ultimately to the consumers.

The question being adoption of the majority committee report of Inexpedient to Legislate. On a division vote, 211 members having voted in the affirmative and 121 in the negative, the majority committee report was adopted.

**HB 530-FN**, relative to annual reporting requirements for business entities. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Ruth S. Heden for the Majority of Commerce and Consumer Affairs: This bill changes the timing for business reporting of financial fiscal information to the secretary of state from annual reporting to every 3 years. The department of state indicated that this bill would decrease its annual returns by 2/3 and would increase customer service calls due to longer intervals. This bill would result in the underfunding of the corporate division by \$1 million and would decrease the state general fund by \$4 million. Vote 15-3.

Rep. Emily C. Sandblade for the Minority of Commerce and Consumer Affairs: This bill reduces the frequency that corporations, LLCs, and consumer co-ops must make a report to the secretary of state. The committee heard some testimony that, in a small number of cases, the primary benefit of reporting is to report a new address if there is one. State law already requires that these entities report a change of address within 60 days, so the extra report just costs everybody more money, and requires thousands of hours of personnel time in the secretary of state's office to process them each year. This bill would cut the state processing time by two-thirds and release those funds for more urgent needs.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Jones requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

**HB 575**, relative to hours of sales of on-premises liquor licensees. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Emily C. Sandblade for the Majority of Commerce and Consumer Affairs: This bill aligns the closing hours of New Hampshire on-premises licensees with the 2 a.m. closing hours in the surrounding states. This will result in larger rooms-and-meals-tax revenues for New Hampshire towns and cities as well as a significant increase in employment in the state. In addition, this bill, as amended, creates a strong incentive for business owners to be more responsible in the operation of their establishments. Those business owners who don't comply with RSA 179:5, which prohibit sales to underage or inebriated people, will not be allowed to remain open for the extra hour of operation if the licensee has a violation within the last three years. The amendment allows cities and towns local control to decide if they wish to allow the extra hour of operation. Vote 11-8.

Rep. Ruth S. Heden for the Minority of Commerce and Consumer Affairs: The minority opposes extending hours to sell beverages or liquor. NH is an alcohol control state but we have been unable to control alcohol consumption by youth in our communities. According to the NH governor's commission on alcohol and drug abuse prevention, intervention, and treatment, NH is 1st in the nation in alcohol use by 12 to 20 year olds (34%) and 3rd in the nation in binge drinking by this age group (22%). We have a problem. College leaders at UNH and Keene State, and Durham police deal with these issues and recommend those hours not be increased. They expressed concerns about higher consumption, the drain on over-stretched services, more arrests or protective custody needs, and the impact on their communities. Keene State College's program to educate and counsel students about alcohol use has seen significant gains and they do not want to see a reversal of these trends. The governor's commission asks NH leaders to increase public awareness of the problem and inform about harm and risks. Research findings indicate that binge pattern alcohol consumption has neural consequences. And with our younger teens, early onset of alcohol use results in a 5x risk of an alcoholic use disorder. Failing to address these needs will result in higher health care costs. We need to work with the commission and college communities to support their efforts. And we need prevention programs for our children and youth. It is the opinion of the minority that NH's ratings for alcohol use by our youth are unacceptable and must not be ignored by this body. Extending hours to sell more alcohol at this time sends the wrong message.

### Majority Amendment (0668h)

Amend the bill by replacing section 1 with the following:

1 Hours of Sales; On-Premises Liquor Licensees. Amend RSA 179:17, II(b) to read as follows:

(b) On-premises licensees may sell from 6:00 a.m. to ~~[1:00]~~ 2:00 a.m., 7 days a week. *If the legislative body of a city or town adopts an ordinance prohibiting sales by on-premises licensees after 1:00 a.m., the licensee shall comply with such ordinance.*

### AMENDED ANALYSIS

This bill allows on-premises liquor licensees to sell beverages or liquor until 2:00 a.m., unless prohibited from selling after 1:00 a.m. by local ordinance.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Heden spoke against.

Rep. Sandblade spoke in favor and yielded to questions.

Rep. Flanagan requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

**HB 606-FN**, relative to community rating. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Edward A. Butler for the Majority of Commerce and Consumer Affairs: This bill would have made significant changes to New Hampshire's market rules as they relate to the small group health insurance market. However, any such changes would be preempted by the new market rules that will take effect as of January 1, 2014 under the federal Affordable Care Act. Thus, pursuing changes to the New Hampshire standards does not make sense at this time. Vote 15-4.

Rep. Pamela Z. Tucker for the Minority of Commerce and Consumer Affairs: This bill increases underwriting in the small group health insurance market. At one time, New Hampshire had a competitive market for health insurance with many insurance companies and some of the lowest rates in the country. Then we instituted severe restrictions, such as community rating and guaranteed issue. Today the number of insurance carriers can be counted on one hand, and our rates are among the highest in the country. HB 606 restores a bit of the free market to health insurance by expanding the community rating ratio to 6 from 3.5, and allowing underwriting on more criteria such as group health status. By increasing flexibility our market will be more attractive to insurance companies, expanding supply, and by allowing underwriting prices will be more attractive to consumers, expanding demand.

The question being adoption of the majority committee report of Inexpedient to Legislate. On a division vote, 236 members having voted in the affirmative and 96 in the negative, the majority committee report was adopted.

**HB 135**, relative to physical force in defense of a person and relative to the definition of non-deadly force. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Steve Vaillancourt for the Majority of Criminal Justice and Public Safety: This bill, which has been a focus of much attention and a lengthy hearing in Reps Hall, came to the committee with three sections. The committee, in an attempt to reach compromise which balances rights of freedom with safety interests of society, always a delicate balance, accepted an amendment which eliminates two of the three sections of the bill. All that remains is section one which repeals what is widely referred to as the stand your ground provision which was passed last year. This bill does not prevent anyone from owning or carrying guns. It simply takes us back to the practice that was in effect for more than three decades (and was never challenged in court) which affirms that a person is not justified in using deadly force on another if he or she can retreat from the encounter. Note that nothing about the bill prevents one from using deadly force if retreat is not deemed possible. Also note that the person is not required to retreat if the incident occurs on his or her private property. Thus, the castle doctrine is left intact. The committee believes a legitimate difference can and should be drawn between actions in defense of one's home and actions in common or public areas. The committee amendment removes the controversial section (two), referred to by some as the "brandishing" section in recognition of the Ward Bird case. In other words, what Ward Bird did in the famous case would still be legal because it was in regard to his own property. The committee, in concurrence with the sponsor, also removed section three which would have repealed a statute relative to civil immunity for the use of force. In other words, civil immunity will remain for those using force. Many reasons were stated for retaining section one of the bill, the most salient being that ours would be a safer society if people are not encouraged to use guns on the street as a first resort. Some committee members thought of times when they ran into problems on the street, problems which were resolved but could well have escalated had they or those around them attempted to draw weapons. The majority understands that some will not be happy with passage of even a single section of this bill, but the amendment should be seen as a compromise that most should be able to live with. Vote 12-6.

Rep. Kyle J. Tasker for the Minority of Criminal Justice and Public Safety: The minority feels this bill has no demonstrable merit and it would be foolish to change the law every two years without giving current law a chance to demonstrate results. This body is not so fickle as to remove a right once granted.

### **Majority Amendment (0341h)**

Amend the bill by deleting sections 2 and 3 and renumbering the original section 4 to read as 2.

### **AMENDED ANALYSIS**

This bill eliminates the provision allowing a person to use deadly force anywhere he or she has a right to be.

### **MOTION TO SPECIAL ORDER**

Rep. Shurtleff moved that **HB 135**, relative to physical force in defense of a person and relative to the definition of non-deadly force, be made a Special Order for the next Session day in its Regular Calendar order.

Reps. Shurtleff and Chandler spoke in favor.

Motion adopted.

**REGULAR CALENDAR – PART II (CONT'D)****(Rep. Kaen in the Chair)****HB 264-FN**, relative to simple assault. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Delmar D. Burridge for the Majority of Criminal Justice and Public Safety: This bill provides that an assault which does not result in harm to another shall be charged as a violation and not a misdemeanor. Representatives from the attorney general's office, the coalition against domestic violence and sexual violence offered compelling testimony against this proposal that decriminalizes an assault by contact such as abuser kicks, shoves, slaps, grabs, or spits in the face of another and does not cause a visible injury to the victim, the perpetrator would only be charged with a violation level offense. The penalty for these acts would be \$100 or just 10-hours community service. These noted behaviors begin the slope towards fear, terror and, if unchecked early on by current law, homicide. Vote 16-4.

Rep. Mark Warden for the Minority of Criminal Justice and Public Safety: This bill would reduce the penalty for purposely causing unprivileged physical contact to another from misdemeanor to violation when there is no harm or injury. The committee heard testimony from witnesses who said there are many crowded places where people bump into each other, and to criminalize incidental contact is an inappropriate penalty. The minority believes this bill would lead to reduced expenditures by the state and local law enforcement.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Sweeney and Tamburello spoke against and yielded to questions.

Rep. Pantelakos spoke in favor.

Rep. Burt requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

**HB 290-FN**, prohibiting unlicensed persons from openly carrying a pistol or revolver in a public building. **INEXPEDIENT TO LEGISLATE.**

Rep. Kyle J. Tasker for Criminal Justice and Public Safety: This bill is ill conceived as it attaches a class B felony to what has always been legal and if concealed without a pistol/revolver license a first offense is only a misdemeanor. On a side note, long guns are not addressed so someone without a pistol/revolver license would be free to carry an AR-15 or shotgun openly or concealed in a public building. Vote 14-4.

Rep. Baldasaro requested a roll call; sufficiently seconded.

and the committee report was adopted.

Rep. Baldasaro voted Nay and intended to vote Yea.

**HB 381**, relative to citizen complaints against a police officer. **INEXPEDIENT TO LEGISLATE.** Rep. Laura C. Pantelakos for Criminal Justice and Public Safety: The committee felt that there are very strong policies in place in police departments throughout the state to take care of citizen's complaints. We had a former police officer testify that officers are fired for telling lies. Vote 15-5. Committee report adopted.

**(Speaker Norelli in the Chair)**

**HB 443-FN**, prohibiting prison privatization. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Laura C. Pantelakos for the Majority of Criminal Justice and Public Safety: The majority of the committee believes that prison privatization is not good for the state because our constitution says that we are supposed to rehabilitate. The committee recognizes that prisoners are not the only ones affected by privatization and those family members also feel the effects. Many reports regarding privatization of prisons show the negative aspects of privatization. The amendment allows the commissioner the flexibility to move inmates in a case of emergency. Vote 13-5.

Rep. Steve Vaillancourt for the Minority of Criminal Justice and Public Safety: The state has spent a great deal of money studying privatization of prisons; in fact the results are not yet in. That's why the minority is bewildered at the rush to pass this bill which would in fact prohibit privatization. The bill is a classic example of putting the cart before the horse; those who oppose privatization should make their case when and if a bill calling for that ever comes forward. What this bill does is allow people to stand on a soap box and sound off before all the results are in. The bill is virtually meaningless because one legislature cannot bind a future legislature with a bill; only a constitutional amendment can be so binding. Thus, whether or not this bill passes, a legislature elected in 2014 could simply ignore it. The minority is perplexed by the certainty with which proponents of this bill state that private prisons are denying rights of prisoners and deny rehabilitation programs. If in fact the state could save millions of dollars with privatization—and again, no decision has yet been made—we would conceivably have more dollars to spend for the very same programs the majority claims to champion. Most disturbing is a statement from a member in the majority who said she would not favor privatization even if the state realized \$20 million in savings. At a time when we are hard pressed to fund necessary programs, such statements send a very bad signal indeed. Other than making some people feel good about demonizing private enterprise, this bill accomplishes nothing and could be harmful indeed. For example, there is no evidence to the majorities' contention that private facilities would absolutely scrimp on food and basic services like heat to prisoners. There is evidence, however, that some corrections officers at state-run prisons make more in benefits than they do in salary, a long-term structural concern that must be addressed. Whether or not privatization is the answer, a ban on even studying the concept is certainly not the answer.

**Majority Amendment (0563h)**

Amend RSA 21-H:8, VII as inserted by section 2 of the bill to read as follows:

VII.(a) The commissioner may order the assignment and transfer of persons committed to his *or her* custody to correctional facilities of the department or *correctional facilities operated by state*

*governments in other jurisdictions, or public facilities under contract with the department. The commissioner shall not enter into a contract with a private or for-profit entity for the custody of state or county inmates.*

*(b) Notwithstanding subparagraph (a), if the governor, upon recommendation of the commissioner, declares by executive order that a corrections emergency exists that requires the commissioner to enter into a temporary contract with a private or for-profit entity to secure provisional housing for displaced inmates, the commissioner may enter into such a contract, pending approval of the governor and the council. Any such contract shall be for no more than 3 months and may be extended, with executive council approval, for no more than 3 months at a time and for no more than 21 months after the governor first determines that the prison emergency exists. Temporary contracts entered into under this section shall not permanently or indefinitely replace New Hampshire department of corrections correctional facilities or contracts with other publicly-operated facilities.*

#### AMENDED ANALYSIS

This bill prohibits the department of corrections from transferring custody of prisoners to a correctional facility operated by a private or for-profit entity, except when the governor, upon recommendation of the commissioner of the department of corrections, declares by executive order that a corrections emergency exists.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Cushing spoke in favor and yielded to questions.

Rep. Dan McGuire spoke against.

#### MOTION TO LAY ON THE TABLE

Rep. Rideout moved that **HB 443-FN**, prohibiting prison privatization, be laid on the table.

Rep. Rideout requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

Rep. Danaïs declared a conflict of interest and did not participate.

The House recessed at 12:15 p.m.

### RECESS

The House reconvened at 1:30 p.m.

### (Rep. Kaen in the Chair)

**HB 451-FN**, repealing the license requirement for carrying a concealed pistol or revolver. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura C. Pantelakos for Criminal Justice and Public Safety: The majority of the committee believes this bill is unnecessary because current law regarding the issuance of concealed carry permits is sufficient. The present system ensures that local police departments do not issue licenses to persons that should not have them. Vote 14-4.

### MOTION TO SPECIAL ORDER

Rep. Itse moved that **HB 451-FN**, repealing the license requirement for carrying a concealed pistol or revolver, be made a Special Order for the next Session day in its Regular Calendar order.

Rep. Itse spoke in favor.

Motion adopted.

### REGULAR CALENDAR – PART II (CONT'D)

**HB 621-FN**, decriminalizing possession of less than one ounce of marijuana. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Linda Harriott-Gathright for the Majority of Criminal Justice and Public Safety: According to the national institute on drug abuse (NIDA), marijuana is an illicit drug, not legally permitted or authorized; unlicensed; unlawful in New Hampshire and most states within the United States. The national institute of health (NIH) says men who use marijuana may increase their risk for developing testicular cancer. Contrary to common belief, marijuana is habit forming, it's downright addictive. Long-time users trying to quit report that withdrawal symptoms such as irritability, sleeplessness, decreased appetite, anxiety and drug craving are experienced. Marijuana seriously impairs judgment and motor coordination and more than doubles a driver's risk of being in an accident. Under this bill, youth under the age of 18, with one ounce (20-30 joints) will be fined \$100.00 and ordered to attend drug rehabilitation training. Those who fail to attend the training will be fined \$1,000-2,000 dollars depending on the classification of A or B misdemeanor charge. Ultimately it's the parent's responsibility to pay the fine. Marijuana is the drug of choice amongst our young people in comparison to alcohol and even cigarettes. Finally, it should not be forgotten or ignored that the federal government continues to list marijuana as an illegal drug. Vote 12-6.

Rep. Steve Vaillancourt for the Minority of Criminal Justice and Public Safety: Although the committee has retained another bill (HB 492) dealing with legalization and regulation of marijuana, the minority believes that the least we should do in the meantime is pass this bill for decriminalization of small amounts (up to an ounce) immediately. Experience has proven the war on drugs has been lost, and we need to refocus our efforts, concentrating on truly harmful drugs and leaving those who possess small amounts of marijuana alone. All studies indicate that marijuana is far less harmful to the individual and to society than the legal substances of alcohol and tobacco. We are wasting millions of taxpayer dollars on both enforcement and incarceration (\$35,000 per person per year),

which could be put to better use elsewhere. Counterintuitively, decriminalization may in fact lead to less usage. Data reveals, for example, that marijuana use in the United States is approximately twice as great (ten versus five percent) as in the Netherlands where the substance is legal and readily available. By margins of 55-45 percent, voters in both Colorado and Washington last November decided to legalize marijuana. These are not opinion polls, but actual votes. Most valid pollsters have found a dramatic increase in support for legalization, from heavily opposed to slightly in favor at this time. The trend is continuing in favor on a regular basis, and while we should never legislate based solely on polling data, we need to be cognizant when mores of society change. Passage of this bill will save the state millions of dollars, and it will stop making criminals of individuals who are otherwise law abiding citizens. While information is being gained this summer regarding legalization, regulation and yes, taxation, we should pass this decriminalization bill today.

The question being adoption of the majority committee report of Inexpedient to Legislate.

**(Speaker Norelli in the Chair)**

Reps. Vaillancourt and Robertson spoke against and yielded to questions.

Rep. Harriott-Gathright spoke in favor.

Rep. Pantelakos requested a roll call; sufficiently seconded.

and the majority committee report failed.

Rep. Winters moved the minority committee report of Ought to Pass and offered floor amendment (1079h).

### Floor Amendment (1079h)

Amend the title of the bill by replacing it with the following:

AN ACT decriminalizing possession of one quarter of an ounce or less of marijuana.

Amend the bill by replacing all after the enacting clause with the following:

I New Section; Controlled Drug Act; Personal Possession of Small Amounts of Marijuana. Amend RSA 318-B by inserting after section 2-b the following new section:

318-B:2-c Personal Possession of Small Amounts of Marijuana.

I. Any person possessing 1/4 ounce or less of marijuana, including any adulterants or dilutants, for personal use, shall be guilty of a violation.

II.(a) Any person 18 years of age or older who is in possession of 1/4 ounce or less of marijuana, including any adulterants or dilutants, and who engages in any conduct prohibited under RSA 318-B:2 shall be guilty of a violation and subject to a fine not to exceed \$200 and forfeiture of the marijuana.

(b) Any person under 18 years of age who is in possession of 1/4 ounce or less of marijuana, including any adulterants or dilutants, and who engages in any conduct prohibited under RSA 318-B:2 shall be guilty of a violation and subject to a fine not to exceed \$200 and forfeiture of the marijuana.

The offender's parents or legal guardians shall be notified of the offense. The court shall order the offender to complete an approved drug awareness program, at the offender's expense, within one year of the date of the offense. Further, the court shall order the offender to participate in community service which shall be completed within one year of the date of the offense. The offender shall furnish the court with evidence of completion of both an approved drug awareness program and community service. An offender who fails to complete either a drug awareness program or community service, or both, shall be subject to a fine of \$1,000.

2 Controlled Drug Act; Penalties. Amend RSA 318-B:26, II(d) to read as follows:

(d) In the case of marijuana *in a quantity of 1/4 ounce or less*, including any adulterants or dilutants~~[-or]~~, ***the person shall be guilty of a violation. In the case of 5 grams or less of hashish,*** the person shall be guilty of a class A misdemeanor.

3 Controlled Drug Act; Penalties. Amend RSA 318-B:26, III(a) to read as follows:

(a) Controls any premises or vehicle where he knows a controlled drug or its analog is illegally kept or deposited, ***provided that this subparagraph shall not apply if the controlled drug is 1/4 ounce or less of marijuana as provided in RSA 318-B:2-c;***

4 Effective Date. This act shall take effect January 1, 2014.

### AMENDED ANALYSIS

This bill provides that any person who possesses 1/4 of an ounce of marijuana or less shall be guilty of a violation and shall be subject to a fine of up to \$200.

Reps. Winters and Vaillancourt spoke in favor.

Rep. Jasper spoke against and yielded to questions.

Rep. Cebrowski requested a roll call; not sufficiently seconded.

On a division vote, 229 members having voted in the affirmative and 100 in the negative, floor amendment (1079h) was adopted.

The question now being adoption of the minority committee report of Ought to Pass with Amendment. On a division vote, 214 members having voted in the affirmative and 115 in the negative, the minority committee report was adopted and ordered to third reading.

### REMOVED FROM THE TABLE

Rep. Pantelakos moved that ***HB 619-FN***, prohibiting images of a person's residence to be taken from the air, be removed from the table.

On a division vote, 187 members having voted in the affirmative and 136 in the negative, the motion was adopted.

### MOTION TO SPECIAL ORDER

Rep. Pantelakos moved that ***HB 619-FN***, prohibiting images of a person's residence to be taken from the air, be made a Special Order for the next Session day in its Regular Calendar order.

Rep. Pantelakos spoke in favor.

Adopted.

### REGULAR CALENDAR – PART II (CONT'D)

***HB 661-FN***, allocating a portion of proceeds from forfeiture of items used in connection with a drug offense to the cold case homicide unit. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Steve Vaillancourt for the Majority of Criminal Justice and Public Safety: While sympathetic with the work of the cold case homicide unit, the majority does not believe this bill represents the proper way to fund it. The bill (and its amendments) represents an end run around the budgetary process by creating special funding for this unit. The committee heard that the governor has in fact allocated funds for this unit in her budget, and thus it will be discussed in the normal budgetary process. The original bill would have deposited ten percent of drug forfeiture funds into a fund for the cold case homicide unit. Aside from the wisdom of earmarking funds by legislation, the committee also heard that such an approach is most likely not possible. The commissioner of the department of safety wrote the committee, "The use of supplanted funds from federally shared forfeitures is not allowed. The funds must be used to increase and not replace agency funding." Various members of the committee have run into similar obstacles when using drug forfeiture funds at the county level.

In fact, Hillsborough County received a legal opinion to that effect last year. An amendment to the bill would have forced the attorney general to transfer \$500,000 from drug forfeiture funds to the cold case unit, an even more questionable tactic. Aside from those concerns, some of the committee believed we should focus our law enforcement dollars on solving or preventing crimes which are currently negatively impacting our citizenry. Thus even if we could transfer these funds, there was no consensus that we should. The Finance Committee is the best place for these arguments as it puts the state budget together in the coming weeks. Vote 14-6.

Rep. Brenda E. Grady for the Minority of Criminal Justice and Public Safety: In 2009 legislation was passed to establish a Cold Case Homicide Unit to try to solve the over 100 unsolved murders in the state. Money to fund the work of this unit for 3 years came from a federal grant. To date no general fund dollars have been used to support this important specialized criminal justice work. HB 661 would use a small portion of the proceeds of the sale of items or property used in connection with a drug offense to investigate unsolved murders that involved the use, possession, sale or distribution of illegal drugs. If enacted, ten percent of the proceeds from the sale of property forfeited under RSA 319-B:17 would be deposited into the Cold Case Homicide Unit Fund established last year by the legislature in HB 138. The Minority recognizes the governor has included money in the budget she submitted to the legislature includes some funding for the Cold Case Homicide Unit and is supportive of that line item. HB 661 seeks to provide a source of money to expand the work of the Cold Case Homicide unit with a focus on drug related murders. The minority acknowledges that some in the Majority do not see the value in spending money pursuing the killers from murders committed years ago, and oppose the Cold Case Homicide Unit. The Minority believes that just as New Hampshire has no statute of limitations on the crime of murder, there should be no time limit on the state trying to bring murderers to justice. Failing to try to solve unsolved killings, including those involving illegal drugs, sends a message that some people can get away with murder and the state of New Hampshire won't care. The Criminal Justice and Public Safety Committee heard testimony in support of HB 661 from family members of unsolved homicides who shared painful details about their experience with murder and feeling abandoned by the state, knowing that the person who killed their loved one remained at large and was able to kill again. The Coalition Against Domestic and Sexual Violence supported HB 661. The Minority urges passage of the bill with the Minority Amendment to signal to the 115 families whose murdered loved one appears on Cold Case Homicide Unit List of Victims that New Hampshire is committed to justice, and to send a clear message to those who kill that the state of New Hampshire is committed to seeing that no one gets away with murder.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Carol Williams and Cushing spoke against.

Rep. Vaillancourt spoke in favor.

Rep. Andrews-Ahern requested a roll call; not sufficiently seconded.

On a division vote, 257 members having voted in the affirmative and 56 in the negative, the majority committee report was adopted.

**HB 603-FN**, relative to the administration of the university system of New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. Barbara E. Shaw for Education: The committee appreciates the spirit of this bill, but the majority deems it unnecessary at this time. A comprehensive study by the Huron consulting firm completed in July 2012 helped the university to identify and develop a number of recommendations supporting a well-coordinated system focused on maximizing efficiencies. The steps are being implemented and efficiencies are being realized. Students, parents and taxpayers would be better served if the university system is allowed to continue to respond itself to the priorities and needs of our state. Vote 13-7.

**MOTION TO LAY ON THE TABLE**

Rep. Cordelli moved that **HB 603-FN**, relative to the administration of the university system of New Hampshire, be laid on the table.

On a division vote, 125 members having voted in the affirmative and 178 in the negative, the motion failed.

The question now being adoption of the committee report of Inexpedient to Legislate.

Rep. Parsons spoke against.

Rep. Shaw spoke in favor and yielded to questions.

Rep. Gile requested a roll call; not sufficiently seconded.

On a division vote, 193 members having voted in the affirmative and 110 in the negative, the committee report was adopted.

**HB 624-FN**, waiving the residency requirement for in-state tuition rates for veterans attending the university system of New Hampshire. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James L. Grenier for Education: This bill, as amended, will waive the residency requirement for veterans and allow them to be eligible for in-state tuition rates when attending the University System of New Hampshire. The original bill required a veteran to establish residency within one year of separation from service. The majority of members of the committee agreed that veterans should be eligible for in-state tuition whenever in their lives they choose to attend this state's university system. Any citizen of this country may move to New Hampshire, establish residency and wait twelve months to be eligible for in-state tuition when attending the university system of New Hampshire. This bill, as amended, gives veterans time; New Hampshire will forgive veterans that twelve month wait. Many have attended programs recognizing the service of our veterans. It is often said, "We will always remember and honor your sacrifice." HB 624 is an opportunity to make certain these words will ring true in New Hampshire by resolve and statute. Vote 17-3.

#### **Amendment (0559h)**

Amend RSA 187-A:20-c as inserted by section 1 of the bill by replacing it with the following:

187-A:20-c **Waver of Residency Requirement for In-State Tuition For Veterans.** A veteran of the armed forces who establishes a residence in New Hampshire shall immediately after establishing such residence be eligible for in-state tuition rates when attending the university system of New Hampshire.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

On a division vote, 281 members having voted in the affirmative and 28 in the negative, the committee report was adopted and ordered to third reading.

**HB 287-FN**, eliminating voter identification requirements. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary B. Richardson for Election Law: This bill would have eliminated a number of voter identification requirements. A majority of the committee preferred the compromise contained in HB 595 that retains current law providing for a range of acceptable photo ID, but does not require election officials to photograph voters or limit the types of identification that is acceptable. The attorney general is reviewing the procedures followed during the last election and additional legislation may or may not be warranted when the results are known. Accordingly, the committee recommends that the bill be found inexpedient to legislate at this time. Vote 12-6.

Rep. Horrigan spoke against and yielded to questions.

Rep. Gary Richardson spoke in favor.

Rep. Tamburello requested a roll call; sufficiently seconded.

and the committee report was adopted.

**HB 595-FN, relative to photo identification of voters. MAJORITY: OUGHT TO PASS. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Gary B. Richardson for the Majority of Election Laws: This bill maintains current law with respect to the photo identification of voters, but eliminates provisions of the law that have not yet gone into effect. As such, it is a compromise between those who would repeal all forms of photo identification and those who would require election officials to photograph voters without a photo ID when they vote and want to significantly limit what would be acceptable proof of identification. This would constitute a governmental intrusion for the great majority of people who vote honestly but do not possess the limited forms of acceptable identification that the new law would allow. The existence of voter fraud is hotly disputed and remains controversial. Although current law calls for an investigation into voters who have been sent letters that have been returned as "undeliverable," a majority of the committee does not believe that the inability to deliver mail proves voter fraud. In addition, the committee received evidence from the secretary of state that purchasing digital cameras would cost the state approximately \$82,000 with maintenance expenditures of over \$60,000 annually to administer. In any event, the majority of the committee believes that it is premature to consider such governmental intrusion until the attorney general's investigation has been conducted and there is real evidence that voter fraud through false impersonation is actually occurring. Vote 11-7.

Rep. Shawn N. Jasper for the Minority of Election Law: The minority agrees with the majority on the issue of allowing the forms of identification that were acceptable in November to continue to be used in future elections. The minority and the majority disagree on the issue of having pictures taken of those who lack photo identification when registering to vote. The claim has been made for years that there is no voter fraud in New Hampshire; the simple fact of the matter is that until now we have never actively looked for it. This past election was the first election in which those individuals using two of the three types of affidavits, when registering to vote, were required to send back cards affirming the information sworn to. At this point we know that the attorney general will have to investigate 1690 individuals who gave addresses for which the letters sent to them were returned as undeliverable. Another 2200 cards have not been returned, as required by law and while the deadline for about 900 of those has not yet passed, it is not likely that the majority of them will be returned, resulting in additional investigations of no less than 1299 and up to a possible 2200. It is clear to the minority that it is too soon to say that there was no voter fraud in 2012; we believe that until the office of the attorney general issues a final report on the investigations we should do nothing to weaken the voter identification law. The minority understands that there is a cost associated with taking pictures of those who have no photo identification; the secretary of state has estimated that it would cost less than \$80,000 to purchase the equipment necessary to carry out the purposes of the bill. The secretary has stated that those funds are available within the unrestricted help America vote act (HAVA) fund. The minority amendment would move the requirement of having a picture taken when requesting a ballot without a picture id to when registering to vote without one. Those who lack a photo id will still be eligible to receive a photo id at no cost. It is unrealistic to think that people who register to vote without an photo id and do not have their picture taken will be easily located, if the affidavit is returned as undeliverable, taking a picture is not only a deterrent to fraud, but may also be the only means of finding an individual.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Jasper offered minority committee amendment (0615h).

**Minority Amendment (0615h)**

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Determining Identity of Voter Registration Applicant; Photograph. Amend RSA 654:12, III to read as follows:

III.(a) To prove the qualifications set forth in paragraphs I and II, an applicant for registration as a voter must prove his or her identity to establish that the evidence used to prove age, citizenship, and domicile relate to the applicant. A person who has in his or her immediate possession a photo identification approved for use by paragraph II must present that identification when applying for registration. A person who does not have an approved photo identification with him or her may establish identity through completion of the qualified voter affidavit, which shall be retained in accordance with RSA 33-A:3-a. Residents of a nursing home or similar facility may prove their identity through verification of identity by the administrator of the facility or by his or her designee.

For the purposes of this section, the application of a person whose identity has been verified by an official of a nursing home or similar facility shall be treated in the same manner as the application of a person who proved his or her identity with a photo identification.

*(b) If the voter executes a qualified voter affidavit to prove his or her identity, the supervisors of the checklist or the town or city clerk shall take a photograph of the voter and immediately print and attach the photograph to, and thus make it a part of, the affidavit form. The photograph shall be 2 inches by 2 inches, or larger, and be in color. The supervisor of the checklist or the town or city clerk who took the photograph and the voter shall then sign the challenged voter affidavit. The supervisor of the checklist or the town or city clerk shall delete the photograph from the camera in the presence of the voter. If a supervisor of the checklist or the town or city clerk is unable to take the voter's photograph due to equipment failure or other cause beyond the supervisor's or clerk's reasonable control, the voter may execute a qualified voter affidavit without a photograph. If the voter objects to the photograph requirement because of religious beliefs, he or she may execute an affidavit of religious exemption, which shall be attested to by an election officer and attached to the challenged voter affidavit. The affidavit of religious exemption shall be in the following form:*

#### **AFFIDAVIT OF RELIGIOUS EXEMPTION**

Name: \_\_\_\_\_

Domicile Address: \_\_\_\_\_

Date of birth: \_\_\_\_\_

*I hereby swear or affirm that because of my religious beliefs, I object to having my photograph taken and that I do not possess a form of identification that meets the requirements of the election laws of this state showing my photograph.*

*I hereby swear or affirm, under the penalties for voting fraud set forth below, that I am the identical person whom I represent myself to be and that to the best of my knowledge and belief the information above is true and correct.*

\_\_\_\_\_  
(Signature of affiant)

*In accordance with RSA 659:34, the penalty for knowingly or purposely providing false information when voting is a class A misdemeanor with a maximum sentence of imprisonment not to exceed one year and a fine not to exceed \$2,000. Fraudulently registering to vote or voting is subject to a civil penalty not to exceed \$5,000.*

*This affidavit was executed before us on the date shown and the person who subscribed his or her name to the foregoing affidavit swore that the facts contained in this affidavit are true to the best of his or her knowledge and belief.*

\_\_\_\_\_  
(Name of Election Officer)

\_\_\_\_\_  
(Date)

\_\_\_\_\_  
(Signature of Election Officer)

*(c) The secretary of state shall provide to each town or city the photography equipment, supplies, and printing device that are necessary to enable it to comply with the photograph provision of subparagraph (b), along with instructions in their use.*

#### **AMENDED ANALYSIS**

This bill repeals changes to laws requiring photo identification of voters scheduled to take effect September 1, 2013. This bill also requires that a person registering to vote be photographed if he or she does not present a photo identification to prove identity.

Rep. Jasper spoke in favor and yielded to questions.

Rep. Gary Richardson spoke against and yielded to questions.

Rep. LeBrun requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

**HB 124-FN**, relative to the determination of gainful occupation for a group II member receiving an accidental disability retirement allowance from the retirement system. **WITHOUT RECOMMENDATION.**

**Statement in support of Ought to Pass:** Rep. Jeffrey P. Goley.

This bill allows a member of Group II who was injured on the job and retired on a disability pension, to earn an income without restriction once years of service combined with years of receiving pension benefits reaches the age and years of service requirements that would have been needed to retire as a Group II member. Currently, the disability payment must be returned dollar for dollar, after a certain cap on earnings is reached. Had the member not been injured on the job, he or she would not have a cap on earnings in addition to the person had they been able to work the necessary time required to retire. The language of this bill was in statute and in effect for 2009 and 2010 until it was repealed by HB 2 during the budget process and without a hearing in 2011. Supporters of the bill believe, as a matter of fundamental fairness, that a Group II member who is retired on disability should not have limitations on the income they earn just as those who have worked until retirement have no limitations on income they earn. Currently, the provision covers at most 13 persons, and there was concern about the treatment of these individuals who had been affected by multiple rules changes.

**Statement in support of Inexpedient to Legislate:** Rep. Carol McGuire.

Limiting outside earnings for individuals receiving disability pensions is normal practice, both in private disability pensions and the NHRS from its inception until 2009. This bill attempts to repeal this limit, completely and in perpetuity, for Group II disability pensioners who could be retired if they had not been disabled. While sensitive to the very few individuals who enjoyed a 2 year reprieve from this limit, opponents of the bill are concerned that having no limit is inappropriate. We need to explore a less than 1 for 1 clawback, limiting the exemption to current retirees, considering a cap on benefits, and other issues involved in disability retirements.

Rep. Goley moved Ought to Pass.

Rep. Carol McGuire spoke against.

Rep. Weyler spoke in favor and yielded to questions.

(Rep. Kaen in the Chair)

**MOTION TO LAY ON THE TABLE**

Rep. Hansen moved that **HB 124-FN**, relative to the determination of gainful occupation for a group II member receiving an accidental disability retirement allowance from the retirement system, be laid on the table.

On a division vote, 93 members having voted in the affirmative and 183 in the negative, the motion failed.

The question now being adoption of the motion of Ought to Pass.

On a division vote, 181 members having voted in the affirmative and 97 in the negative, the motion was adopted and ordered to third reading.

**HB 141**, relative to training for new executive branch commissioners. **INEXPEDIENT TO LEGISLATE.**

Rep. Lucy M. Weber for Executive Departments and Administration: This bill would have instructed the office of the governor to provide orientation and training materials in a number of listed areas to each new executive branch commissioner. The committee was persuaded by testimony that existing commissioners were working with each other and with the new governor to provide necessary training tailored to the needs and experience of each new commissioner. The majority was unpersuaded of the need for a new statutory mandate and was concerned about improper intrusion on the operations of the executive branch. Vote 13-4.

Committee report adopted.

**HB 364**, requiring New Hampshire retirement system employers to notify prospective part-time employees who are retired members of the limitations on part-time employment. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Howard M. Moffett for the Majority of Executive Departments and Administration: This bill is intended to reduce confusion among retired members of the retirement system who work part-time or apply to work part-time for a town or other participating employer, but who may not realize that part-time work in excess of the hourly limitations in RSA 100-A:1, XXXIV (32 hours/week, or up to 1300 hours/year) will jeopardize their existing retirement system benefits under RSA 100-A:7. The bill requires participating employers to provide notice to applicants for part-time employment prior to employment, and to existing part-time employees annually, if they are retired members of the retirement system. The form of the notice is to be provided by the retirement system. Participating employers who provide the required notice may not be held liable for any consequences to an employee resulting from the employee's restoration of service on account of exceeding the hourly limits in RSA 100-A:1, XXXIV. The retirement system itself is also required to provide notice annually to all retired members of the retirement system. Vote 12-7.

Rep. Frank A. Byron for the Minority of Executive Departments and Administration: The majority, by recommending this bill, have placed additional obligations on municipalities to notify New Hampshire Retirement System (NHRA) retirees of their work hours limitations. By creating this municipal obligation there is a potential liability owned by the municipality should a retiree violate the work limit requirements. This municipal liability would not exist without this bill.

### **Majority Amendment (0678h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to notice required concerning employment of a retired member of the New Hampshire retirement system of the limitations on part-time employment.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Retirement System; Part Time Employment; Notices Required. Amend RSA 100-A by inserting after section 7 the following new section:

100-A:7-a Certain Part-time Employment; Notices Required.

I. An employer shall provide written notice of the hourly limitations on part-time employment as defined in RSA 100-A:1, XXXIV and the potential effect that exceeding such hourly limitations could have on the retired member's retirement benefits because of restoration to service as required in RSA 100-A:7, as follows:

(a) Prior to employment and as part of employment documentation, to any prospective employee who is a retired member of the retirement system.

(b) Annually, to each existing part-time employee who is a retired member of the retirement system.

II. The executive director shall provide employers the form of such notices required in paragraph I.

III. An employer who provides the notices required in paragraph I shall not be held liable for any consequences to the employee resulting from the employee's restoration of service due to exceeding the hourly limitations on part-time employment as defined in RSA 100-A:1, XXXIV.

IV. The retirement system shall annually provide written notice to all retired members of the retirement system of the hourly limitations on part-time employment as defined in RSA 100-A:1, XXXIV and the potential effect that exceeding such hourly limitations could have on the retired member's retirement benefits because of restoration to service as required in RSA 100-A:7.

2 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill requires New Hampshire retirement system employers to notify existing and prospective part-time employees, who are retired members in the retirement system, of the annual limitations on hours for part-time employment. The bill also requires the retirement system to provide similar notice to all retired members.

Rep. Moffett spoke in favor and yielded to questions.

#### (Speaker Norelli in the Chair)

On a division vote, 242 members having voted in the affirmative and 38 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Byron offered floor amendment (0898h).

#### Floor Amendment (0898h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to notice required concerning employment of a retired member of the New Hampshire retirement system of the limitations on part-time employment.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Retirement System; Part Time Employment; Notice Required. Amend RSA 100-A by inserting after section 7 the following new section:

100-A:7-a Certain Part-time Employment; Notice Required. The retirement system shall annually provide written notice to all retired members of the retirement system of the hourly limitations on part-time employment as defined in RSA 100-A:1, XXXIV and the potential effect that exceeding such hourly limitations could have on the retired member's retirement benefits because of restoration to service as required in RSA 100-A:7.

2 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill requires the New Hampshire retirement system to annually notify retired members in the retirement system of the annual limitations on hours for part-time employment with retirement system employers.

Rep. Byron spoke in favor and yielded to questions.

Rep. Copeland spoke against.

On a division vote, 120 members having voted in the affirmative and 162 in the negative, floor amendment (8098h) failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Baldasaro requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

### SPECIAL ORDERED

Without objection, the Speaker made the remainder of bills on today's calendar be Special Ordered to the next Session day in their Regular Calendar order.

### RESOLUTION

Rep. Shurtleff offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be

read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, March 27, 2013 at 10:00 a.m.  
Adopted.

### LATE SESSION

#### Third reading and final passage

**HB 346**, establishing a committee to study low-profit limited liability companies.

**HB 390**, allowing companion dogs in the outdoor areas of restaurants.

**HB 575**, relative to hours of sales of on-premises liquor licensees.

**HB 443-FN**, prohibiting prison privatization.

**HB 621-FN**, decriminalizing possession of one quarter of an ounce or less of marijuana.

**HB 624-FN**, waiving the residency requirement for in-state tuition rates for veterans attending the university system of New Hampshire.

**HB 595-FN**, relative to photo identification of voters.

**HB 124-FN**, relative to the determination of gainful occupation for a group II member receiving an accidental disability retirement allowance from the retirement system.

**HB 364**, relative to notice required concerning employment of a retired member of the New Hampshire retirement system of the limitations on part-time employment.

### UNANIMOUS CONSENT

Reps. Schuett and Harding addressed the House.

### MOTION TO PRINT REMARKS

Rep. Gary Richardson moved that the remarks made by Rep. Schuett be printed in the Permanent Journal.

Adopted.

### REMARKS

**Rep. Schuett:** We are here to tell you something nice about someone that we see here every Session day. Someone you all know. Someone who's always telling us to "take our conversations out of the hall" or stopping us from rushing in, in the middle of a Roll Call, but always politely. This person happens to come from Pembroke, the District we represent. This person is John Theuner. Could you step over here? What you don't know about John is that he is the Assistant Fire Chief in Pembroke and he was recognized last Saturday at our Town Meeting for 50 years of service on our Fire Department. He would insist that we tell you that our Chief, Harold Paulsen was also recognized for 50 years of service. That's a total of 100 years of service from 2 great people. Pembroke is very lucky to have the two of them. Frank Davis has a small token of thanks for John and we just wanted you all to know that the folks who work here contribute to our towns and our state in many different ways.

### RECESS MOTION

Rep. Shurtleff moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.  
Adopted.

The House recessed at 4:45 p.m.

### RECESS

#### (Speaker Norelli in the Chair)

Rep. Kaen moved that the House adjourn.  
Adopted.

## HOUSE JOURNAL No. 13

Wednesday, March 27, 2013

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

I began the day with a small ceremony of Footwashing. It's based on the story of Jesus at the Last Supper taking a moment to wash the feet of his disciples. It is one of the pivotal stories of the importance of serving our fellow human beings, and let me tell you, when you're washing someone else's feet, you can't help but draw near to their lives, their journeys, and their pain. I have some good news! I'm not going to ask you to wash one another's feet. I'm just going to ask you to pray with me a prayer that I've put in the first person, remembering your own call to service, and beginning with a moment of silence.

O Holy God, sometimes You reveal Yourself to me in vast displays of ocean, sky, and cosmic motion. At other times, You make Yourself known to me when I draw near enough to someone else to see their calloused feet, or sense their thirst, or feel the weight on their shoulders. Either way, thank You for both. For in both instances, You remind me that there is more to this life than my own concerns, my own needs. Much more. Far more. And I am always made better for the realization. Humble me when it is humbling I need. Teach me to serve with a thankful heart and not a closed one. Open my eyes to the needs of both my friends and my enemies, and teach me again what children at play seem to know; a human being, is a human being, and worthy of our largest smile and our greatest work. In Your Holy name. Amen.

### MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former House Speaker from Whitefield, the Honorable Harold Burns.

Representative Kathleen Hoelzel, member from Raymond, led the Pledge of Allegiance.

Representative Chris Muns, member from Hampton, led the singing of the National Anthem.

### LEAVES OF ABSENCE

Reps. Cote, Jane Hunt, Rokas and Carol Williams, the day, illness.

Reps. Richard Eaton, Kolodziej, Kotowski, Lavender, Lundgren, Moody, Mullen, Pratt, Rhodes and Tremblay, important business.

### INTRODUCTION OF GUESTS

Hunter Taylor, Ruth Larson and Bill Morse, guests of Rep. Burchell. Sheila Peterson and Justin Wood, daughter and guest of Rep. Peterson. Rick Zeller, son-in-law of Rep. Lockwood. Stephen Root, husband of Rep. Ebel.

### CONSENT CALENDAR

Rep. Shurtleff moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

**HB 316-FN**, relative to regulating alkaline hydrolysis for the disposal of human remains, removed by Rep. Kappler.

**HB 344-FN-L**, relative to aid to school districts for the cost of special education, removed by Rep. Ladd. Consent Calendar adopted.

Rep. Whittemore declared a conflict of interest on **HB 570-FN** and did not participate in the vote on the Consent Calendar.

**HB 246**, relative to falsity by employer. **OUGHT TO PASS.**

Rep. Steve Vaillancourt for Criminal Justice and Public Safety: This bill passed the Labor Committee 19-0 and the House on Consent Calendar. It came to Criminal Justice and Public

Safety Committee since a penalty is involved. The committee learned that no change of penalties is involved. A Class A misdemeanor in cases involving less than \$500 by the employer; a Class A felony, if more than \$1,000 is involved, and a Class B felony, if the amount of benefits involved is between \$500 and \$1,000. This is in line with other penalties and the committee has no problems with the bill. Vote 17-0.

**HB 399-FN**, establishing the New Hampshire liberty act. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Steve Vaillancourt for Criminal Justice and Public Safety: After passing the House 337-15, this bill came to the committee since a penalty is involved. Considerable comments arose, many of which were beyond the scope of the committee. As a compromise, the committee voted to remove the two lines dealing with the penalty. They merely stated that violators could be prosecuted to the full extent of New Hampshire law which is the case with all laws and need not be specifically stated here. Vote 11-0.

#### **Amendment (1030h)**

Amend RSA 646-B:1 as inserted by section 2 of the bill by replacing it with the following:

646-B:1 Support of National Defense Authorization Act Prohibited. The state of New Hampshire shall not provide material support or participate in any way with the implementation of Sections 1021 and 1022 of the National Defense Authorization Act for Fiscal Year 2012 within the boundaries of this state. The department of safety is hereby directed to report to the governor and the legislature any attempt by agencies or agents of the United States government to secure the implementation of Sections 1021 and 1022 of the National Defense Authorization Act for Fiscal Year 2012 through the operations of that or any other state department.

**HB 686**, relative to governor and council approval of state contracts. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jeffrey P. Goley for Executive Departments and Administration: The bill, as amended, will require the liquor commission to get lease and contract agreements for stores and warehouses approved by the attorney general and, in the case of a contract, approval by the governor and council as well as the attorney general, before becoming effective. The liquor commission will continue to be exempt from going to governor and council for the purchase of supplies, materials, goods, and services for the purpose of day to day operations. This will allow the liquor commission the flexibility to take advantage of buying opportunities while ensuring that long-term contracts have oversight by the governor and council. Vote 12-0.

#### **Amendment (1029h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to approval of liquor commission contracts.

Amend the bill by replacing all after the enacting clause with the following:

1 Purchase of Supplies; Liquor Commission. Amend RSA 21-I:18, I(b) to read as follows:

(b) The liquor commission is [completely] exempted from the provisions of this chapter, provided that the liquor commission uses competitive bidding when acquiring consumable supplies, materials, goods, and services that are necessary for, incidental to, or related to the operation of the liquor commission.

2 Liquor Commission; State Stores. Amend RSA 177:1 to read as follows:

177:1 State Stores. The commission may lease, purchase, and equip, in the name of the state, such stores, warehouses, supplies, materials, equipment, products, and other marketing and merchandising requirements for the sale or promotion of liquor and related products as are necessary to carry out the provisions of this chapter. The commission may lease, in the name of the state, space in state stores for the purpose of installing automated teller machines. ***Any lease or contract made pursuant to this section shall be approved by the attorney general and, in the case of a contract, by the governor and council as well as the attorney general, before becoming effective.*** No newly established state store shall be operated within 200 feet of any public or private school, church, chapel, or parish house.

3 Effective Date. This act shall take effect upon its passage.

#### **AMENDED ANALYSIS**

This bill requires any lease or contract made by the liquor commission to be approved by the attorney general, and contracts made by the liquor commission to be approved by the governor and council and the attorney general.

**HB 131-FN-L**, relative to payment for medical services for county prisoners. **INEXPEDIENT TO LEGISLATE.**

Rep. Cindy Rosenwald for Finance: The subject matter of this bill is also addressed in HB 432. The committee decided to go forward with HB 432 instead, so HB 131 is not necessary. Vote 22-0.

**HB 269-L**, authorizing a city or town to conduct a special meeting necessitated by changes in adequate education funding. **OUGHT TO PASS.**

Rep. Susan M. Ford for Finance: This bill authorizes a city or town to conduct a special meeting necessitated by changes in adequate education funding. There have been times in the past when towns and cities have finalized budgets only to discover that the adequacy grant number has changed. This bill will help the towns and cities. Vote 22-0.

**HB 570-FN**, relative to school building aid grant eligibility for the White Mountain Regional school district. **INEXPEDIENT TO LEGISLATE.**

Rep. Susan M. Ford for Finance: This bill would exempt the White Mountains Regional School District from the moratorium on school building aid grants. Since the local bond issue to build a new career and technical education center failed, this bill is no longer necessary. Vote 23-0.

**HB 524**, relative to national guard facilities, the national guard scholarship fund, and the state active duty death benefit. **OUGHT TO PASS.**

Rep. Martin L. Jack for Public Works and Highways: The Public Works and Highways committee, as the second committee, considered only section 1 of the bill dealing with construction contracts. Often, federal military construction funding is offered to the adjutant general, and if not accepted immediately, will be offered to another state. Under RSA 21-I:80, the bureau of public works and the capital budget oversight committee must be consulted for oversight and approval of large state construction projects, to ensure compliance with all necessary design and bidding standards. This procedure introduces a delay that often causes funding to be lost. The adjutant general and several other agencies possess equivalent in-house design engineering expertise. Therefore, this bill creates an exemption to allow the adjutant general to authorize construction on state military facilities with federal funds. The bill was previously reported Ought to Pass with Amendment from the State-Federal Relations and Veterans Affairs committee on a unanimous vote, and passed the House on the consent calendar. Vote 20-0.

**HB 184-FN**, relative to the oil discharge cleanup fund. **OUGHT TO PASS.**

Rep. Richard Ames for Ways and Means: This bill addresses two areas. First, it amends RSA 146-F:2, II to define "motor oil storage facility" to mean a location of storage tanks with a combined capacity not to exceed 45,000 gallons. Testimony before Ways and Means confirmed the Resources, Recreation and Development recommendation on this bill. This legislation is needed to ensure that motor oil discharge cleanup funds will only be used to address releases from the smaller storage facilities and not those facilities with a potential for catastrophic release. A catastrophic release from a facility larger than 45,000 gallons would deplete the cleanup fund. Larger companies normally carry insurance to cover such spills and expressed no opposition to this change in the existing law. Vote 18-0.

**HB 259-FN**, relative to special licenses for taking lobster while engaged in recreational scuba diving. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Patrick F. Abrami for Ways and Means: This bill sets the fee for scuba divers, who are residents of NH and take no more than five lobsters per day during the month of September, at \$35. The committee felt that this fee, which is at the same level as a recreational lobster and crab license which limits the number of recreational traps to five, to be reasonable. Vote 18-0.

#### **Amendment (0973h)**

Amend RSA 211:18, III-c (a) as inserted by section 2 of the bill by replacing it with the following:

III-c.(a) For a \$35 fee, a resident who wishes to engage in scuba diving as a recreational activity and not for the purpose of commerce, and who is in compliance with RSA 270:31 through 270:32-a, and has attained 18 years of age, shall be permitted to take lobsters under a special scuba diver lobster license issued by the executive director. The executive director shall make available a number of scuba diver lobster licenses that is equivalent to the number of recreational lobster and crab licenses available each calendar year under subparagraph III(a).

**HB 304-FN**, relative to OHRV registration transfer fees, removing the penalty of completion of a training program for certain OHRV and snowmobile violations, and deleting OHRV and snowmobile vanity plates or decals. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David B. Karrick for Ways and Means: The bill makes technical corrections to existing registration fee structures for OHRV transfer fees, removes the penalty of completion of a training program for certain OHRV and snowmobile violations, and deletes the program issuing vanity plates or decals. The amendment changes the effective date for elimination of vanity plates and decals to July 1, 2013 to correspond with the agency's fiscal year. Vote 18-0.

#### **Amendment (0955h)**

Amend the bill by replacing section 3 with the following:

3 Effective Date.

I. Section 2 of this act shall take effect July 1, 2013.

II. The remainder of this act shall take effect upon its passage.

**HB 507-FN**, relative to the maximum permit application fee for certain municipal dredging projects. **OUGHT TO PASS.**

Rep. Laurie J. Sanborn for Ways and Means: This bill caps the application fee for municipal dredging projects to restore a lake or pond to \$10,000, as it is for similar tidal dredging projects, instead of using a per square foot calculation. The fiscal impact on the state is expected to be negligible. Vote 16-0.

**HB 652-FN**, relative to the judicial branch information technology fund. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Frank W. Davis for Ways and Means: This bill was requested by the Supreme Court to fund the maintenance costs of the e-court project, bringing the court information technology system into the 21st century. It increased the filing fee to the judicial information technology fund account from 14 percent to 30 percent. The committee amendment reduces the percentage of filing fees from court entry fees being paid into the court facilities escrow account from seven percent to six percent. The court will adjust its fees to be revenue neutral, and the reduction to six percent will make this increase smaller. Vote 17-1.

#### **Amendment (1024h)**

Amend the bill by replacing all after section 1 with the following:

2 Supreme Court; Entry Fees. Amend RSA 490:24, I to read as follows:

I. For the benefit of the state, there shall be paid to the clerk for the entry of every reserved case, bill of exceptions, petition, appeal, or other action, for the filing of every motion or other document supplementary to the entered case, and for any service rendered by the clerk, such fees as shall from time to time be established by the court. The clerk shall set aside [7] 6 percent of each entry fee paid into the court for deposit into a special escrow account established under RSA 490:26-c and [~~14~~] 30 percent of each entry fee paid into the court for deposit into the judicial branch information technology fund established under RSA 490:26-h. The proceeds of fees for motions to appear in court pro hac vice shall be paid into the law library revolving fund established in RSA 490:25, III.

3 Judicial Branch Family Division; Entry Fees. Amend RSA 490-D:12, II to read as follows:

II. Fees as established by the supreme court under RSA 490:26-a shall be paid to the clerk of the applicable circuit court established in RSA 490-F for the benefit of the state. The clerk shall set aside [7] 6 percent of each entry fee paid into the court for deposit into a special escrow account established under RSA 490:26-c and [~~14~~] 30 percent of each entry fee paid into the court for deposit into the judicial branch information technology fund established under RSA 490:26-h. The proceeds of fees for motions to appear in court pro hac vice shall be paid into the law library revolving fund established in RSA 490:25, III.

4 Superior Court; Entry Fees. Amend RSA 499:18, II to read as follows:

II. Fees as established by the supreme court under RSA 490:26-a shall be paid to the clerk of the applicable circuit court established in RSA 490-F for the benefit of the state. The clerk shall set aside [7] 6 percent of each entry fee paid into the court for deposit into a special escrow account established under RSA 490:26-c and [~~14~~] 30 percent of each entry fee paid into the court for deposit into the judicial branch information technology fund established under RSA 490:26-h. The proceeds of fees for motions to appear in court pro hac vice shall be paid into the law library revolving fund established in RSA 490:25, III.

5 District Court; Entry Fees. Amend RSA 502-A:28, II to read as follows:

II. The clerk shall set aside [7] **6** percent of each entry fee paid into the court for deposit into a special escrow account established under RSA 490:26-c and [14] **30** percent of each entry fee paid into the court for deposit into the judicial branch information technology fund established under RSA 490:26-h. The proceeds of fees for motions to appear in court pro hac vice shall be paid into the law library revolving fund established in RSA 490:25, III.

6 Probate Court, Entry Fees. Amend RSA 547:27-c, II to read as follows:

II. The clerk shall set aside [7] **6** percent of each entry fee paid into the court for deposit into a special escrow account established under RSA 490:26-c and [14] **30** percent of each entry fee paid into the court for deposit into the judicial branch information technology fund established under RSA 490:26-h. The proceeds of fees for motions to appear in court pro hac vice shall be paid into the law library revolving fund established in RSA 490:25, III.

7 Escrow Fund for Court Facility Improvements; Entry Fees. Amend RSA 490:26-c, I to read as follows:

I. [Seven] **Six** percent of each entry fee collected in the judicial branch family division and in the supreme, district, superior, and probate courts shall be deposited in escrow for court facility improvements. Moneys in the escrow fund shall be used for improvements to existing facilities by the department of administrative services as recommended and approved by the supreme court.

8 Effective Date. This act shall take effect July 1, 2013.

#### AMENDED ANALYSIS

This bill increases the percentage of court filing fees to be deposited in the judicial branch information technology fund and decreases the percentage of such fees to be deposited in the escrow fund for court facility improvements.

#### REGULAR CALENDAR

##### SPECIAL ORDER

**HB 135**, relative to physical force in defense of a person and relative to the definition of non-deadly force. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Steve Vaillancourt for the Majority of Criminal Justice and Public Safety: This bill, which has been a focus of much attention and a lengthy hearing in Reps Hall, came to the committee with three sections. The committee, in an attempt to reach compromise which balances rights of freedom with safety interests of society, always a delicate balance, accepted an amendment which eliminates two of the three sections of the bill. All that remains is section one which repeals what is widely referred to as the stand your ground provision which was passed last year. This bill does not prevent anyone from owning or carrying guns. It simply takes us back to the practice that was in effect for more than three decades (and was never challenged in court) which affirms that a person is not justified in using deadly force on another if he or she can retreat from the encounter. Note that nothing about the bill prevents one from using deadly force if retreat is not deemed possible. Also note that the person is not required to retreat if the incident occurs on his or her private property. Thus, the castle doctrine is left intact. The committee believes a legitimate difference can and should be drawn between actions in defense of one's home and actions in common or public areas. The committee amendment removes the controversial section (two), referred to by some as the "brandishing" section in recognition of the Ward Bird case. In other words, what Ward Bird did in the famous case would still be legal because it was in regard to his own property. The committee, in concurrence with the sponsor, also removed section three which would have repealed a statute relative to civil immunity for the use of force. In other words, civil immunity will remain for those using force. Many reasons were stated for retaining section one of the bill; the most salient being that ours would be a safer society if people are not encouraged to use guns on the street as a first resort. Some committee members thought of times when they ran into problems on the street, problems which were resolved but could well have escalated had they or those around them attempted to draw weapons. The majority understands that some will not be happy with passage of even a single section of this bill, but the amendment should be seen as a compromise that most should be able to live with. Vote 12-6.

Rep. Kyle J. Tasker for the Minority of Criminal Justice and Public Safety: The minority feels this bill has no demonstrable merit and it would be foolish to change the law every two years without giving current law a chance to demonstrate results. This body is not so fickle as to remove a right once granted.

**Majority Amendment (0341h)**

Amend the bill by deleting sections 2 and 3 and renumbering the original section 4 to read as 2.

**AMENDED ANALYSIS**

This bill eliminates the provision allowing a person to use deadly force anywhere he or she has a right to be.

On a division vote, 217 members having voted in the affirmative and 115 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Itse offered floor amendment (1031h).

**Floor Amendment (1031h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to physical force in defense of a person and relative to the state's liability for lost income of any person who is physically injured or killed as a result of retreating or attempting to retreat.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 New Paragraph; Physical Force in Defense of a Person; State Liability for Lost Income. Amend RSA 627:4 by inserting after paragraph III the following new paragraph:

IV. Notwithstanding any law to the contrary, the state shall be liable for all lost income of any person who is physically injured or killed as a result of retreating or attempting to retreat pursuant to paragraph III. The person who is physically injured or such person's legal representative, or the executor or administrator of the decedent's estate, or a family member of the decedent, may bring a civil action against the state in any superior court in the state to recover lost income.

**AMENDED ANALYSIS**

This bill:

I. Eliminates the provision allowing a person to use deadly force anywhere he or she has a right to be.

II. Permits civil suits against the state to recover lost income by any person physically injured or killed as a result of retreating or attempting to retreat.

Rep. Gary Richardson spoke against.

Rep. Itse spoke in favor and requested a roll call; sufficiently seconded.

and floor amendment (1031h) failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Itse offered floor amendment (1033h).

**Floor Amendment (1033h)**

Amend the title of the bill by replacing it with the following:

AN ACT relative to physical force in defense of a person, and relative to the state's liability for attorney's fees and court costs of any person against whom legal action is brought for failing to retreat.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 New Paragraph; Physical Force in Defense of a Person; State Liability for Attorney's Fees and Court Costs. Amend RSA 627:4 by inserting after paragraph III the following new paragraph:

IV. Notwithstanding any law to the contrary, the state shall be liable for all attorney's fees and court costs of any person against whom a civil or criminal action is brought for failing to retreat pursuant to paragraph III and such person is acquitted or found not liable.

**AMENDED ANALYSIS**

This bill:

I. Eliminates the provision allowing a person to use deadly force anywhere he or she has a right to be.

II. Provides that the state shall be liable for all attorney's fees and court costs for any person against whom a civil or criminal action is brought and who is acquitted of, or found not liable for, failing to retreat as required under law.

Rep. Gary Richardson spoke against.

Rep. Itse spoke in favor and requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

### MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Gary Richardson moved that the House reconsider its action whereby, on a roll call vote of 189-184, the House adopted the majority committee report of Ought to Pass with Amendment on **HB 135**, relative to physical force in defense of a person and relative to the definition of non-deadly force.

Rep. Baldasaro requested a roll call; sufficiently seconded.

and the motion failed.

### REGULAR CALENDAR (CONT'D)

#### SPECIAL ORDER

**HB 451-FN**, repealing the license requirement for carrying a concealed pistol or revolver. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura C. Pantelakos for Criminal Justice and Public Safety: The majority of the committee believes this bill is unnecessary because current law regarding the issuance of concealed carry permits is sufficient. The present system ensures that local police departments do not issue licenses to persons that should not have them. Vote 14-4.

Rep. Hoell spoke against.

Reps. Burt and Sylvia spoke against and yielded to questions.

Rep. Cushing spoke in favor.

Rep. Sylvia requested a roll call; sufficiently seconded.

and the committee report was adopted.

**SPECIAL ORDER**

**HB 619-FN**, prohibiting images of a person's residence to be taken from the air. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Steve Vaillancourt for Criminal Justice and Public Safety: Admittedly, New Hampshire may be the first state to pass a bill of this kind, but by a wide margin, the committee believes that we should be proud in going where no state has gone before. In fact, this bill could well become a model for other states when it comes to regulating drones which, more and more as technology advances, could pose a threat to individual privacy. The amendment is carefully crafted and thorough in defining

air space, drones, and other items referred to in the body of the bill. The goal is to prevent images of a person's residence to be taken from the air by drones which can be extremely small and are now increasingly available, at a very cheap cost. The committee is alarmed to think that a person could use one of these devices to invade a neighbor's privacy. We delight in being in the forefront of stopping Big Brother from making inroads here. At the same time, wording is careful so as to not ban aerial photos, taken by drones, of properties when no faces are recognizable. While this bill might be difficult to enforce, so too are many other laws we pass, and as publicity spreads on the progress of this bill, the committee expects many positive results, if not in the next month or year, then certainly in the mid and long term. Vote 16-2.

#### **Amendment (0448h)**

Amend the title of the bill by replacing it with the following:

AN ACT regulating the use of drones.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Drones. Amend RSA by inserting after chapter 644 the following new chapter:

#### **CHAPTER 644-A**

#### **DRONES**

644-A:1 Definitions. In this chapter:

I. "Airspace" means the space above the ground in New Hampshire that is not part of airspace governed by federal law.

II. "Drone" means an unmanned flying machine that is capable of:

(a) Capturing images or sounds of objects or people on the ground, in or about buildings or structures, or in the air;

(b) Intercepting communications on the ground, in or about buildings and structures, or in the air; or

(c) Firing a bullet, LASER-type ray, other projectile or any kind of lethal or non-lethal weapon.

III. "Government" means federal, state and local agencies and departments and any political subdivisions thereof, including employees, agents and contractors.

IV. "Individual" means a living human being.

V. "Information" means any evidence, images, sounds, or data gathered by a drone.

VI. "Person" means individuals, corporations, organizations, for-profit and not-for-profit entities, excluding the government.

VII. "Surveillance" means the act of monitoring, observing, photographing, taking images of, listening to, or making a recording of:

(a) A recognizable individual or a group of individuals or their movements, activities, and communications; or

(b) The interior of a building or structure.

644-A:2 Use of Drones Prohibited; Exceptions.

I.(a) No government shall use a drone in this state; provided, however, that such prohibition shall not apply:

(1) To counter a high risk of a terrorist attack by a specific person if the United States Secretary of Homeland Security determines that credible intelligence indicates there is that risk.

(2) If a government first obtains a search warrant based on probable cause signed by a judge authorizing the use of a drone. The warrant shall be limited to a particular person or location and limited to a particular investigation. The warrant shall be limited to a period of 45 days. Within 10 days after the warrant expires, the law enforcement agency shall serve a copy of the warrant on the person subject to drone surveillance, except that a judge may delay notice upon a showing of reason to believe that the notice would jeopardize an ongoing investigation.

(3) If a government possesses reasonable suspicion that, under particular circumstances, swift action is needed to prevent imminent harm to life or serious damage to property, or to forestall the imminent escape of a suspect, or the destruction of evidence. The use of a drone under subparagraph (c) shall be limited to a period of 48 hours. Within 24 hours of the initiation of the use of a drone under this subparagraph (c), the government shall report in writing the use of a drone to the attorney general.

(4) If a government obtains the prior, written consent of the person who is the subject of the surveillance and the owner or lessee of the property which is the subject of the surveillance.

(b) If a government uses a drone under this paragraph, it shall within 24 hours permanently destroy all information gathered by the drone other than that relating directly to the purpose for which the warrant was obtained.

(c) Evidence obtained by a government through the use of a drone in violation of this paragraph shall not be admissible in any judicial or administrative proceeding and shall not be used to establish reasonable suspicion or probable cause to believe that an offense has been committed.

II. No person shall use a drone to conduct surveillance without the prior, written consent of each affected individual or other person and each owner or possessor of affected buildings or structures. It shall not be a defense to a charge of violating this chapter that the property, including buildings, structures or land, below the airspace was not marked with a no-trespassing sign or similar notice.

III. No government or person shall own or use a drone that is equipped with a bullet, LASER-ray, other projectile or any kind of lethal or non-lethal weapon.

IV. No person shall use a drone for the purpose of hunting or stalking game.

V. Any government or person that owns, uses, or exercises control over a drone in this state that causes injury to a person or property shall be strictly liable for the injury.

644-A:3 Reporting Requirement. A government that owns or operates one or more drones shall on each July 1st report in writing to the attorney general the number of drones it owns, leases, and uses and the number of times each was used during the prior year.

644-A:4 Penalties.

I. Each individual, including a government employee, agent, and contractor, who violates RSA 644-A:2, I shall be guilty of a class B felony.

II. Each person, including a government employee, agent, and contractor, who violates RSA 644-A:2, III shall be guilty of a class A felony.

III. A government that violates RSA 644-A:2, I or III shall be subject to a civil penalty of up to \$10,000 which shall be deposited in the general fund of the state.

IV. Each person who violates RSA 644-A:2, II shall be guilty of a class A misdemeanor.

V. Each person who violates RSA 644-A:2, IV shall be guilty of a class B misdemeanor.

VI. Any person who suffers injury caused by a drone operated in violation of this chapter shall be entitled to damages from the person or government that committed the violation of not less than \$5,000 and an award of reasonable attorney fees.

VII. In addition to any other remedies allowed by law, a person who gains unauthorized control over a drone shall be liable to the owner of the drone in an amount of not less than \$5,000 and an award of reasonable attorney fees.

2 Effective date. This act shall take effect July 1, 2013.

### AMENDED ANALYSIS

This bill prohibits, with limited exceptions, the use of drones by state agencies and individuals. It establishes criminal penalties and civil remedies for violations of the law.

### LAID ON THE TABLE

Rep. Berch moved that **HB 619-FN**, prohibiting images of a person's residence to be taken from the air, be laid on the table.

On a division vote, 278 members having voted in the affirmative and 87 in the negative, the motion was adopted.

### ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled Senate Bill numbered 57.

Rep. Shurtleff, Sen. Prescott for the Committee

The House recessed at 12:33 p.m.

### RECESS

The House reconvened at 1:35 p.m.

(Speaker Norelli in the Chair)

### REGULAR CALENDAR (CONT'D)

**HB 420**, establishing orange, red, and yellow as the state colors. **OUGHT TO PASS.**

Rep. Romeo Danais for Executive Departments and Administration: This bill brings colors officially to New Hampshire. The children of 4th grade class, Freedom Elementary School, presented a very

colorful display of why yellow, orange and red – the colors of our magnificent fall foliage – should be our New Hampshire official colors. The discussion centered around how colorful New Hampshire is for tourists; the rich red colors of our native lobsters, the brilliant range of pumpkins and how important pumpkins are to our fall celebrations, the colors red, yellow and orange play so well in the centerpieces of our fall harvest tables. Indeed, New Hampshire celebrates these colors for all to enjoy, not only natives of New Hampshire but all the far away tourists who come to celebrate all that is New Hampshire in the fall. Vote 12-6.

### LAI D ON THE TABLE

Rep. Andrew White moved that **HB 420**, establishing orange, red, and yellow as the state colors, be laid on the table.

On a division vote, 266 members having voted in the affirmative and 66 in the negative, the motion was adopted.

### REGULAR CALENDAR (CONT'D)

**HB 398-FN**, relative to leave time for certain state employees. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Daniel J. Sullivan for the Majority of Executive Departments and Administration: This bill would change the current law that allows health and human services employees who move from a classified position to an unclassified position to retain their accrued annual leave. The majority does not see a need to change the current practice, as it helps in retaining qualified employees by allowing health and human services to promote from within. Members of the majority recognize that a difference exists between the treatment of health and human services employees and employees of other departments. There was discussion of extending the current practice at health and human services to other departments, but the majority believed that, given current fiscal reality, now was not the time to extend the practice to other departments. Vote 11-9.

Rep. Carol M. McGuire for the Minority of Executive Departments and Administration: This bill, as amended, simply seeks to fix a disparity of benefits between some HHS employees and other state employees. An artifact of the 1995 reorganization of HHS, when many positions were involuntarily converted from classified (union eligible positions) to unclassified (appointed, not covered by normal personnel rules, usually but not always a management position), the law remains that an HHS classified employee taking an unclassified position in HHS can “bank” accumulated leave. State employees in other departments - or HHS employees taking an unclassified position in a different department - lose accumulated leave when they take an unclassified position. The minority believes this differential treatment is unfair, and this section of law should have sunset in 1996. The amendment, unanimously approved by the committee, ensures that employees who transitioned to unclassified positions in the past are not affected by this change. It remains true that classified and unclassified positions have different advantages and disadvantages, and every employee considering making this transition needs to balance the advantages and disadvantages in their particular case.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Lynne Ober and Carol McGuire spoke against.

Rep. Goley spoke in favor and yielded to questions.

On a division vote, 182 members having voted in the affirmative and 177 in the negative, the majority committee report was adopted.

### SPECIAL ORDERED

Without objection, the Speaker made **HB 617-FN-A-L**, increasing the rate of the road toll and establishing the New Hampshire state and municipal road and bridge account, a Special Order as the next order of business.

### SPECIAL ORDER

**HB 617-FN-A-L**, increasing the rate of the road toll and establishing the New Hampshire state and municipal road and bridge account. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Patricia T. Lovejoy for the Majority of Ways and Means: HB 617 was sent to Ways & Means as a second committee. After a four and half hour public hearing and extensive deliberations the committee recommends an amendment to the bill which accomplishes three things: First, it reduces

the proposed increase in the road toll for gasoline and diesel fuel from 15 cents to 12 cents, spreading the gas increase 4 cents per year over 3 years; for diesel the 12 cent increase will be spread out over 6 years -- 2 cents per year. At peak, it will raise \$92 million a year. Second, at the request of the Public Works & Highways Committee, all unrefunded road toll generated from the increased revenue will be deposited into the existing highway and bridge betterment account. This insures that in addition to the constitutional provision safeguarding road toll revenue for "highway purposes" and the NH state and municipal road and bridge account set up in the original HB 617, that ALL money generated from the increased road toll will be spent on state and local roads and bridges. Third, it reinstates the commission to study revenue alternatives to the road toll that was inadvertently terminated by prior legislation. New Hampshire's highway system is its economic lifeblood; supporting commerce, tourism and our everyday lives. A good infrastructure is imperative for NH to compete with other states for new business and new jobs. New Hampshire has an infrastructure crisis. The problem is getting worse and more expensive each year. The last time the gas tax was raised was 1991. During that time period the cost to pave one mile of highway has increased from \$18,000 to \$51,000. NH has the lowest gas tax in the northeast and the second lowest across the nation's "Frostbelt." As a point of information the state that had the lowest gas tax in the Frostbelt was Wyoming; on 2/15/13 Wyoming's Republican Governor signed into law a one-year increase from 14 cents to 24 cents per gallon tax. Today, by not properly investing in our roads and bridges, we face an infrastructure crisis, that is on its way to becoming a catastrophe. There are four major issues: First, the Interstate widening is \$250 million underfunded. Without new revenues that project will not be completed. Second, over 1/3 of our state roads are rated in poor condition (meaning major work is required). This number has almost tripled in just 12 years. NH has the 9th worst rural roads in the nation. Without new revenue the miles of state roads in poor condition will continue to grow, as will the cost to fix the problem. Third, is the condition of our bridges. NH has the 11th worst bridges in the country. There are currently 140 red listed bridges, (a red list bridge is a bridge with at least one structural defect). Without investing in bridges there will be over 200 on the red list by the year 2020. The state's number one red list bridge is the Sarah long bridge, connecting Portsmouth to Kittery, which will cost \$85 million to rebuild. Fourth, our municipalities are struggling with the same problems; roads in poor condition and 353 red listed bridges with 10-12 bridges being closed each year. With dwindling state aid, towns must rely on property taxes to fix problems that are simply too big for local taxpayers to bear. Once the increase is fully phased-in and, if every penny were to pass through to the consumer (which testimony indicates it will not), a NH motorist who drives 12,000 miles/ yr. at 22 MPG would pay about \$65 more per year. Those who drive less, pay less and those who use the roads more, pay more. That is the definition of a true user fee. Out-of-state drivers will contribute by purchasing millions of gallons of gas. Compare this \$65 cost to that in the recent study indicating that the average NH driver now pays \$323 a year in extra auto repairs due to bad roads. This bill saves the ordinary citizen money. It will have a direct positive impact by creating over 800 new jobs, and have an economic ripple effect as hundreds of millions of construction dollars are expended within NH's borders. Vote 11-7.

Rep. Laurie J. Sanborn for the Minority of Ways and Means: Raising the gas tax disproportionately hurts the hard working and lower income families in our state who are already struggling to make ends meet. It also harms small businesses, which must try to absorb these additional costs or pass them on to the consumer. Higher taxes discourage economic growth, not encourage it. While safe roads and bridges are important to the people of NH, we need to do a better job managing the money we already receive. This bill unfairly places the entire burden on our already overburdened taxpayers, at a time when the economy is still fragile and over 40,000 people are still looking for work.

### **Majority Amendment (1035h)**

Amend the title of the bill by replacing it with the following:

AN ACT increasing the rate of the road toll, establishing the New Hampshire state and municipal road and bridge account, and establishing the commission to study revenue alternatives to the road toll.

Amend the bill by replacing section 2 with the following:

2 Levy of Tolls and Exemptions. Amend the introductory paragraph of RSA 260:32 to read as follows:

260:32 Levy of Tolls and Exemptions. There is hereby imposed a road toll of \$.18 per gallon upon the sale of each gallon of motor fuel sold by distributors thereof. *The road toll on gasoline shall*

*increase to \$.22 per gallon beginning July 1, 2013; to \$.26 per gallon beginning July 1, 2014; and to \$.30 per gallon beginning July 1, 2015. The road toll on special fuel (diesel) shall increase to \$.20 per gallon on July 1, 2013; to \$.22 per gallon on July 1, 2014; to \$.24 per gallon on July 1, 2015; to \$.26 per gallon on July 1, 2016; to \$.28 per gallon on July 1, 2017; and to \$.30 per gallon on July 1, 2018. The road toll shall be collected by the distributor from the purchaser and remitted to the state in the manner hereinafter set forth. All amounts collected in excess of \$.18 per gallon shall be deposited on a monthly basis into the New Hampshire state and municipal road and bridge account established in RSA 260:32-a. Provided, that the road toll shall not apply to:*

Amend the bill by replacing all after section 6 with the following:

7 Road Toll; Exception. Amend RSA 260:60 to read as follows:

260:60 Exception.

I. Notwithstanding all other laws and rules to the contrary, annually, on or before June 1, the road toll administrator shall compare the number of gallons on which refunds have been made for the preceding calendar year for motor fuel used in the propulsion of boats on inland public waters of the state, with the number of gallons of such motor fuel sold and delivered directly into the fuel tanks, or supplementary fuel tanks, of boats or outboard motors upon the inland public waters for use in such boats or outboards, based on the number of boats registered in the state at 100 gallons usage per boat, and if there is any balance of unrefunded tolls so collected, the administrator shall report the same to the comptroller who shall, on July 1, next following, *except as provided in paragraph II*, credit 1/2 of said balance to the general fund and credit 1/2 of said balance to the fish and game department. The funds credited to the fish and game department shall be used by said department to carry out its program and be accounted for as the fish and game fund is accounted for. Any funds credited to the fish and game department as above provided shall not lapse at the end of the fiscal year. The department shall pay monthly to the state treasurer all revenue from the aircraft landing area toll.

*II. Unrefunded tolls under paragraph I that resulted from any increase in the road toll over \$.18 per gallon shall be credited to the highway and bridge betterment account established in RSA 235:23-a.*

8 Road Tolls; Credit Provided; Liability Insurance. Amend RSA 260:61, I to read as follows:

I. Annually, on or before June 30, the comptroller shall transfer, from road tolls collected, an amount equal to the number of licensed OHRVs and snowmobiles for the previous year times the average number of gallons consumed per year per OHRV and snowmobile times the gasoline road toll imposed under RSA 260:32, less any amount refunded for OHRV and snowmobile use for the previous year, to the fish and game department and the bureau of trails as follows. The road toll administrator shall report to the comptroller if there is a balance of unrefunded road tolls collected. The administrator shall certify the amount to the comptroller who shall credit 1/2 of such balance to the bureau of trails for use as provided in paragraph I-a, and 1/2 of such balance to the fish and game department, *except that unrefunded tolls that resulted from any increase in the road toll over \$.18 per gallon shall be credited to the highway and bridge betterment account established in RSA 235:23-a.* For the purposes of this section, "the average number of gallons consumed per year per OHRV or snowmobile" is 100.

9 New Subdivision; Commission to Study Revenue Alternatives to the Road Toll. Amend RSA 21-J by inserting after section 47 the following new subdivision:

Commission to Study Revenue Alternatives to the Road Toll

21-J:48 Commission to Study Revenue Alternatives to the Road Toll.

I. There is established a commission to study revenue alternatives to the road toll for the funding of the state's highways and bridges.

II.(a) The members of the commission shall be as follows:

(1) Three members of the house of representatives, appointed by the speaker of the house of representatives.

(2) Two members of the senate, appointed by the president of the senate.

(3) The commissioner of the department of revenue administration, or designee.

(4) The commissioner of the department of safety, or designee.

(5) The commissioner of the department of environmental services, or designee.

(6) The commissioner of the department of transportation, or designee.

(b) Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

III. The commission shall study alternatives to the gas tax, through user taxes or fees, for funding improvements to the state's highways and bridges, ensuring that all motor vehicles contribute their fair share. The committee shall consider the interim report of the commission on the taxation of alternative fuel and electric-powered motor vehicles of November 1, 2012, track the programs developed in other states, and recommend legislation when an appropriate alternative is defined.

IV. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Three members of the commission shall constitute a quorum.

V. The commission shall submit annual reports of its findings and any proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1 of each year.

10 Effective Date.

I. Sections 1-8 of this act shall take effect July 1, 2013.

II. The remainder of this act shall take effect upon its passage.

### AMENDED ANALYSIS

This bill:

I. Establishes the New Hampshire state and municipal road and bridge account.

II. Increases the road toll for gasoline and diesel fuel.

III. Provides for adjustment in payments by the department of transportation to municipalities for highway construction and reconstruction aid when such payments are based on estimated revenue.

IV. Credits the revenue from certain unrefunded tolls resulting from the increase in the road toll to the highway and bridge betterment account.

V. Establishes a commission to study revenue alternatives to the road toll for the funding of the state's highways and bridges.

On a division vote, 243 members having voted in the affirmative and 117 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. William O'Brien offered floor amendment (1127h).

### Floor Amendment (1127h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing the allocation of gross appropriations from the highway fund.

Amend the bill by replacing all after the enacting clause with the following:

1 Allocation of Appropriations from the Highway Fund. Amend RSA 9:9-b to read as follows:

9:9-b Allocation of Gross Appropriations From Highway Fund. For each fiscal year of the biennium, gross highway fund appropriations net of highway block grant aid, shall be allocated in the operating budget as follows:

I. Department of transportation[~~including the office of information technology~~]: Not less than [73] 100 percent, *of which up to one percent shall be used for the supervision of traffic on public highways within this state.*

II. Department of safety: Not to exceed [26] zero percent.

III. Other projects that comply with part 2, article 6-a of the New Hampshire constitution, relative to the use of highway funds: Not to exceed [±] zero percent.

*IV. All revenue in excess of the necessary cost of collection and administration accruing to the state from registration fees, operators' licenses, gasoline road tolls, or any other special charges or taxes with respect to the operation of motor vehicles or the sale or consumption of motor vehicle fuels shall be credited to the highway fund. No expenditure by the department of transportation of funds in the highway fund shall be other than in compliance with part 2, article 6-a of the New Hampshire constitution, relative to the use of highway funds, and otherwise shall be limited exclusively for the construction, reconstruction, and maintenance of public highways within this state, including the supervision of traffic thereon and payment of the interest and principal of obligations incurred for said purposes; and no part of such revenues shall, by transfer of funds or otherwise, be diverted to any other purpose whatsoever.*

2 Effective Date. This act shall take effect July 1, 2013.

**AMENDED ANALYSIS**

This bill requires that all funds appropriated to the highway fund shall be used by the department of transportation for the construction, reconstruction, and maintenance of public highways within this state.

Reps. William O'Brien and Baldasaro spoke in favor.

Rep. Bouchard spoke against and yielded to questions.

Rep. Tucker requested a roll call; sufficiently seconded.
